Teva Provides Update on Company Activities

Teva Pharmaceutical Industries Ltd. has resumed manufacturing at its Irvine, California injectable products manufacturing facility. The facility has been under a voluntary manufacturing and distribution hold since April of 2010. The Company believes this is a significant step for improving its product availability for the U.S. injectable market.

The Company has also submitted a complete response to the FDA's January 31, 2011 warning letter relating to its oral solid dose manufacturing facility in Jerusalem, following the implementation of corrective actions.
