Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Messrs. Boyle and Stump for re-election to new three-year terms. PROPOSAL RATIFICATION OF THE SELECTION OF THE COMPANY'S INDEPENDENT REGISTERED 2: PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2011

On September 20, 2010, Caturano and Company, Inc. (formerly Caturano and Company, P.C.) ("Caturano") resigned as the Company's independent registered public accounting firm as a result of the July 20, 2010 acquisition by McGladrey & Pullen, LLP ("McGladrey") of certain of Caturano's assets. On September 20, the Audit Committee of the Company's Board of Directors appointed McGladrey as the Company's independent registered public accounting firm for the fiscal year ended September 30, 2010 and expects that McGladrey will also serve in that capacity for the fiscal year ending September 30, 2011. The Board of Directors is seeking an advisory stockholder vote ratifying the appointment. McGladrey audited the Company's financial statements for fiscal 2010, and the Audit Committee believes it is well qualified to continue.

Caturano's audit reports on our consolidated financial statements for fiscal 2008 and 2009 did not contain any adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During those fiscal years and through the date hereof, there was no disagreement between us and Caturano on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement, if not resolved to Caturano's satisfaction, would have caused Caturano to make reference to the subject matter of the disagreement in its audit report; and there were no reportable events, as defined in Item 304(a) (1) (v) of SEC Regulation S-K.

Representatives of McGladrey are expected to attend the annual meeting and to be available to respond to appropriate questions. They will also have the opportunity to make a statement if they desire. We do not expect that a representative of Caturano will be present.

- 6 -

The fees billed by Caturano for fiscal 2009 and by McGladrey and Caturano for fiscal 2010 are set out below. They include fees billed by independent members of Baker Tilly International (of which Caturano was a member) in the United Kingdom, France, the Netherlands and Poland relating to the United Kingdom and French subsidiaries of the Company.

	(in thousands)	
	2010	2009
Audit fees	\$ 168	\$ 168
Audit-related fees	6	5
Tax fees	25	25
All other fees	7	24
Total	\$206	\$222

The audit-related fees in fiscal 2010 and fiscal 2009 relate to the audit of the pension plan for the Company's UK subsidiary. The tax fees for both years are for the filing of the Company's tax returns in both the United States and the United Kingdom. The other fees disclosed above are for advice in relation to indirect taxes and Sarbanes Oxley audit work in 2010 and in relation to indirect taxes in 2009.

All of the above fees were approved by the Audit Committee before the respective engagements were undertaken. The Company has not adopted pre-approval policies and procedures relating to non-audit services.

Vote Required

Ratification of the appointment of McGladrey by the stockholders is not required by law or by the Company's by-laws. The Board of Directors is nevertheless submitting this non-binding resolution to the stockholders to ascertain their views. If this proposal is not approved at the annual meeting, the Audit Committee intends to reconsider its recommendation of McGladrey as independent auditors. The Company may retain the firm for fiscal 2011 notwithstanding a negative stockholder vote.

The ratification of the appointment of McGladrey will require the affirmative vote of a majority of the votes cast at the annual meeting. Accordingly, abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends that you vote FOR the ratification of McGladrey's selection
as the Company's independent registered public accounting firm
for the fiscal year ending September 30, 2011.

PROPOSAL ADVISORY VOTE REGARDING THE EXECUTIVE OFFICERS' COMPENSATION

3:

This proposal, commonly known as "Say on Pay," asks the stockholders to approve the compensation of the Company's executive officers as described under "Executive Compensation" on pages 13 to 15 of this proxy statement.

The compensation paid to the Company's executive officers is intended to align their interests with the long-term interests of the Company's stockholders and is based on a pay-for-performance philosophy. It is straightforward, consisting principally of salary, which must be competitive to retain the skills and experience of excellent employees, annual bonus to reward strong performance, and equity compensation to encourage long-term commitment and team performance. Not all elements may be provided every year, depending on the performance of the Company and the

executive. Due to the severe impact of the global recession during fiscal 2008 and 2009, as well as the Company's need to conserve cash, the executive officers accepted a 10% cut in salary for half of fiscal 2009 and through the first quarter of fiscal 2010 and they did not receive bonuses for fiscal 2009 or 2010. In the third quarter of fiscal 2010, base salaries were increased by 17% in recognition of the executives' leadership in taking advantage of opportunities presented by the new developing markets, as well as their strong management of the Company's business and finances despite the challenges of the recession. The Board believes that the executives' compensation met the Company's goals and that it should be approved by the stockholders.

The vote solicited by this proposal is advisory and its outcome will not be binding on the Board nor require the Board to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision of the Board, or creating or implying any additional fiduciary duty of the Board. However, the Board expects to take into account the outcome of this vote when considering future executive compensation arrangements for the Company's executive officers.

The proposal will be considered approved at the annual meeting if more votes are cast in favor than against. Abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends a vote FOR approval of the compensation of the Company's named executive officers.

PROPOSAL ADVISORY VOTE REGARDING THE FREQUENCY OF STOCKHOLDER VOTES TO APPROVE
4: THE EXECUTIVE OFFICERS' COMPENSATION

The Board also seeks the views of the stockholders on how often the Company should ask the stockholders to vote on the compensation of the Company's executive officers: each year, every two years, or every three years. The Company is required by Section 14A of the Securities Exchange Act of 1934 to include a Say on Pay vote, like Proposal 3, in proxy statements for its annual meetings at least once every three years, and also to seek periodic advisory votes on how often there should be a Say on Pay vote.

The Board recognizes the importance of receiving regular input from stockholders on important governance matters. The Board believes that the Say on Pay vote should be held each year because that will permit our stockholders to express their opinion as close in time to the relevant compensation and will be most useful to the Board. You should indicate your preference on the proxy card.

Because the vote solicited by this proposal is advisory, its outcome will not be binding on the Board nor require the Board to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision of the Board or creating or implying any additional fiduciary duty of the Board or restricting. However, the Board expects to take into account the outcome of this vote when considering how frequently to seek a "Say on Pay" vote of stockholders in the future.

Only votes cast at the annual meeting will be taken into account. Abstentions and broker non-votes will not count as votes cast with respect to this proposal.

The Board of Directors recommends a vote in favor of the Company's including a Say on Pay proposal in the proxy statement for its annual meeting each year.

CORPORATE GOVERNANCE

Director Independence

The Board has determined that all directors, other than Mr. Boyle, are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, based on information known to the Company and on the annual questionnaire completed by each director. The Company may from time to time have arms-length commercial dealings with companies of which its directors may be officers and/or directors. To the Company's knowledge, during fiscal 2010, there were no such dealings and none of the independent directors had any other business, financial, family or other type of relationship with the Company or its management other than as a director and stockholder.

Board Leadership Structure

The Company has always had different persons serving in the offices of Chairman of the Board and Chief Executive Officer (CEO), although it has no formal policy requiring that structure, and it is likely that the Board would elect an independent lead director if the Chairman and CEO were the same person. The responsibilities of the Chairman or lead director include chairing the Executive Committee, setting the Board's agenda in collaboration with the CEO, providing guidance to the CEO, acting as a regular communication channel between the Board and CEO, presiding over executive sessions of the Board to review the Company's performance and management effectiveness, coordinating the activities of the independent directors, reviewing the activities and effectiveness of the Board committees, and evaluating the need for any changes. The Board believes that having a separate Chairman or lead director allows the CEO to focus principally on managing the Company, which is important because of the Company's small senior management team, enhances Board involvement and communications among the independent directors, and would ensure consistent Board leadership during any CEO transition.

Board Meetings

During the fiscal year ended September 30, 2010, the Board of Directors held a total of seven meetings. The Board regularly holds meetings at which only independent directors are present. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. All of the Board members attended the annual meeting of stockholders in 2010.

Communications to the Board

Stockholders may communicate with the Board of Directors by mailing a communication to the entire Board or to one or more individual directors, in care of the Corporate Secretary, Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772. All communications from stockholders to Board members (other than communications soliciting the purchase of products and services) will be promptly relayed to the Board members to whom the communications are addressed.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, as applicable. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee operates under a written charter that is available on the Company's web site: www.techopssevcon.com.

Audit Committee

The Audit Committee is composed of four directors. The Board has determined that at least one of the members of the Committee, Mr. Rosenberg, is an "audit committee financial expert," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, and oversees the Company's internal accounting and financial controls. It reviews the audited financial statements and discusses them, as well as the adequacy and quality of the Company's financial reporting principles and procedures, with management and the auditors together and in separate executive sessions. It also reviews and approves related person transactions. The Audit Committee met six times during the fiscal year ended September 30, 2010. The Committee's report appears on pages 12 to 13 below.

Compensation Committee

The Compensation Committee is composed of four directors. Generally all compensation and fringe benefit programs of the Company are subject to review and recommendation by the Committee, which also reviews and recommends the base salary and incentive compensation of the executive officers and a group of senior managers, as well as grants of equity compensation to all employees. The Chief Executive Officer provides a detailed performance assessment and compensation recommendation for each executive officer (other than himself), which the Committee considers in making its decisions. The Compensation Committee usually recommends annual equity grants to executives in its December meeting each year. Other compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Committee are reported to the full Board of Directors, and are subject to the approval of the Board, excluding management directors. The Committee did not use the services of any compensation consultants during the past fiscal year.

The Committee also reviews and makes recommendations to the Board on director compensation and equity awards, on policies and programs for the development of management personnel, as well as management structure and organization. The Compensation Committee met three times during the fiscal year ended September 30, 2010.

Nominating and Governance Committee

The Nominating and Governance Committee is composed of three directors. It considers nominations to the Board and recommends to the Board of Directors' action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer. The Nominating and Governance Committee met once during the fiscal year ended September 30, 2010.

Director Nominations

In identifying potential candidates and selecting nominees for directors, the Nominating and Governance Committee does not foreclose any sources. The Committee reviews candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the Committee or recommended by the Board.

The Nominating and Governance Committee does not rely on a fixed set of qualifications for director nominees. The Committee's primary objective for director nominees is to create a Board with a broad range of skills and attributes that is aligned with the Company's strategic needs.

The minimum qualifications for director nominees are that they:

- be able to dedicate time and resources sufficient for the diligent performance of the duties required of a member of the Board,
- not hold positions or interests that conflict with their responsibilities to the Company, and
- comply with any other minimum qualifications for either individual directors or the Board as a whole mandated by applicable laws or regulations.

Additionally, at least a majority of members of the Board of Directors must qualify as independent directors in accordance with NASDAQ Capital Market independence rules.

The Nominating and Governance Committee's process for evaluating nominees for director, including nominees recommended by stockholders, is to consider their skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria as they may contribute to the Company's success. This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity (principally, of education and backgrounds), age, skills and experience of the Board as a whole.

In order to recommend a candidate for consideration by the Nominating and Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Governance Committee of Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772, Attention: Corporate Secretary. The Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Board's Role in Risk Oversight

The Company's business involves many operational and financial risks, which management and the Board seek to mitigate through careful planning and execution. Assessing and managing risk is primarily the responsibility of the Company's management. However, the Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board of Directors provides oversight by receiving reports from management in Board meetings and conference calls, as well as through periodic management reports. These include reports on the market environment and strategic situation, customer sales results and forecasts, availability of raw materials and components, product development, liquidity, and overall financial performance and forecasts. Board members have the opportunity to provide input and direction to management on managing risks on a current basis, either directly or through the Chairman. In order to ensure that longer term risks are also considered in a timely and consistent matter, each year the full Board reviews and approves a strategic business plan that is used by management throughout the year. The Executive Committee oversees the Company's business activities, including its management of operational risks, between meetings of the Board. The Audit Committee has responsibility for overseeing the Company's internal financial and accounting controls. As such, the Audit Committee regularly discusses with management and the Company's independent registered public accounting firm the Company's major financial and controls-related risk exposures and the steps that management has taken to monitor and control such exposures. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Company believes that Board leadership by an independent chairman enhances the Board's ability to oversee the Company's operational and financial risks.

Director Compensation

In recent years, non-employee directors of the Company have each been paid a retainer of \$18,000 per year. The Chairman of the Board of Directors and each committee chairman received an additional \$3,000 per year for their duties as such. Effective with the second half of fiscal 2010 non-employee directors are each paid a retainer of \$22,000 per year. The Chairmen of the Board of Directors and the Audit Committee each receive an additional \$5,000 per year for their duties as such, while the Chairmen of the Compensation Committee and the Nominating and Governance Committee each receive an additional \$3,500 per year for their duties as such. Each committee member receives an additional \$1,000 for his duties as such. The 2010 change was to realign Board compensation with that of companies of similar size and complexity, and to help attract new candidates when required.

Consistent with past practice, the Compensation Committee granted 2,000 shares of restricted stock to each of the non-employee directors on January 26, 2010. Mr. Wang, a non-employee director, was appointed to the Board on February 17, 2010 and was granted 2,000 shares of restricted stock on May 6, 2010. Such restricted shares will fully vest the day before the 2011 annual meeting of stockholders or, if earlier, upon the recipient's death or disability or upon a change in control of the Company. Restricted shares may not be sold, assigned, transferred, pledged or otherwise disposed of by the recipient until they vest. If the recipient's service as a director of the Company is terminated for any reason other than the recipient's death or disability, any unvested shares will be forfeited and returned to the Company", unless the Committee determines otherwise in its discretion.

Beginning in fiscal 2011, the Compensation Committee expects to determine the number of shares of restricted stock to grant to each non-employee director using a fixed dollar value based on the average share price over the preceding year to determine the number of shares. For fiscal 2011, each non-employee director equity grant will be determined using a fixed value of \$12,000.

The following table shows compensation paid to all non-employee directors who served during fiscal 2010:

Name	Fees Earned or Paid		Total(\$)
	in Cash (\$)	Stock Awards (\$)(1)(2)	
Maarten D. Hemsley	22,942	4,420	27,362

David R.A. Steadman	2,000	-	-
Paul O. Stump	2,000	-	-
Fred Wang	2,000	-	-

(3) Mr. Rosenberg is a participant in the Company's Directors Retirement Plan, which was terminated in 1997. The change in value of his accumulated benefit under the Plan in 2010 was \$3,305.

Stock Ownership Policy

In 2004, the Board adopted Equity Compensation Guidelines in which it established a target level of stock ownership for directors of twice the level of annual cash compensation. Grants of restricted stock will be intended in part to assist in reaching these levels of ownership over time. Shares held by members of a person's immediate family or a trust for his or their sole benefit may be counted towards the ownership requirement. Each director is required to refrain from selling Company stock acquired as restricted stock (other than to make required tax payments related to a grant) if the value, based on current market price, of his Company stock after the sale would be below his designated ownership level. The Compensation Committee has discretion to make exceptions in extraordinary circumstances where not contrary to Company goals, such as cases of significant personal hardship.

AUDIT COMMITTEE REPORT

In the course of its oversight of the Company's financial reporting process, the Audit Committee of the Board of Directors has (i) reviewed and discussed with management the Company's audited financial statements for the fiscal year ended September 30, 2010, (ii) discussed with McGladrey, the Company's independent auditors, the matters required to be discussed by Statement on Accounting Standard No. 61, Communication with Audit Committees, and (iii) received the written disclosures and the letter from McGladrey required by applicable requirements of the Public

Company Accounting Oversight Board regarding McGladrey's communications with the Audit Committee concerning independence, and discussed with McGladrey its independence.

- 12 -

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements for the year ended September 30, 2010 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Tables

The following tables provide information for the last fiscal year concerning the compensation of each of the executive officers of the Company whose total compensation exceeded \$100,000 in the most recent fiscal year.

Fiscal 2010 Summary Compensation Table

Name and Principal Position	Year	Salary (\$)(1)	Bonus (\$)(1)	Stock Awards (\$)(2)	All Other Compensation (\$)(1)	Total (\$)
Matthew Boyle, President and Chief Executive Officer	2010	\$ 245,305	\$ -	-	\$ 18,577	\$ 263,882
Paul N. Farquhar, Vice President and Chief Financial Officer	2010	\$ 154,499	\$ -	-	\$ 10,477	\$ 164,976
	2009	\$ 136,637	\$ -	\$ 20,648	\$ 4,999	\$ 162,284

- (1) Messrs. Boyle and Farquhar are residents of the United Kingdom and receive their cash compensation in British Pounds. The amounts shown in the table were determined using the exchange rates (ranging from \$1.45 to \$1.65 per Pound during fiscal 2010) in force on the respective payment dates. In April 2009, to preserve cash and lower the costs of the business, the executive officers, in line with the rest of the Company workforce, accepted a 10% salary sacrifice, through December 2009. The following table sets out their cash compensation as actually paid in British Pounds (£):

Name	Year	Salary (£)(1)	Bonus (£)(1)	All Other Compensation (£)
Mr. Boyle	2010	£ 157,350	£ -	£ 12,182
	2009	£ 141,550	£ -	£ 6,954
Mr. Farquhar	2010	£ 99,100	£ -	£ 6,870
	2009	£ 89,505	£ -	£ 3,625

- (2) Represents the aggregate grant date fair value of the restricted stock awards received by the executive officer during the year indicated, determined in accordance with FASB ASC Topic 718.

The Company is party to a Services Agreement with each of Messrs. Boyle and Farquhar that sets forth the principal terms of his employment arrangement with the Company, as described below under “Executive Employment Agreements.”

- 13 -

During 2010, the Company amended the outstanding, unvested stock options and restricted stock awards held by each director and officer, including Messrs. Boyle and Farquhar, to provide that a “change in control” resulting in acceleration of vesting would be triggered by an acquisition of a majority of the outstanding shares of the Company’s common stock.

(†) Based on the closing sale price, \$5.19, of the Common Stock on September 30, 2010, the last trading day of the fiscal year.

(1) The shares subject to this option vest at 1,000 shares on November 6 of each year.

(2) The shares subject to this option vest at 2,000 shares on April 30 of each year.

(3) These shares of restricted stock vest on the earlier of December 5, 2010, or the third business day after the Company publicly announces its financial results for fiscal 2010.

(4) These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2010, 2011, 2012, and the earlier of January 26, 2014, or the third business day after the Company publicly announces its financial results for fiscal 2013.

(5) These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2010, 2011, and the earlier of December 3, 2012, or the third business day after the Company publicly announces its financial results for fiscal 2012.

(6) These shares of restricted stock vest as to 2,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2010, 2011, 2012, and the earlier of January 26, 2014, or the third business day after the Company publicly announces its financial results for fiscal 2013.

Pension Benefits

The executive officers participate in the Company’s U.K. Retirement Plan, a defined benefit plan, under which benefits at retirement (normally, age 65) are based upon 1/60th of final U.K. base salary (as defined in the Plan) for each year

of service, subject to a maximum of 2/3rds of final U.K. base salary. The employee contributes 6% of base salary, with the balance of the cost being met by the Company. Benefits under the U.K. Retirement Plan are computed solely on the U.K. base salary of participants, exclusive of bonuses, incentive and other compensation, and are not reduced on account of U.K. Social Security entitlement. The non-equity compensation of Messrs. Boyle and Farquhar is entirely U.K. based. A spouse's pension of 50% of the employee's pension is payable beginning at the death of the employee either before or during retirement. Pension payments escalate by at least 2.5% per year, compounded, and at a higher rate in certain circumstances.

Executive Employment Agreements

We have a Services Agreement with each of Messrs. Boyle and Farquhar that sets forth the principal terms of his employment arrangement with the Company. Each officer is entitled to receive a minimum base salary (Mr. Boyle – £175,000 and Mr. Farquhar – £110,000, or \$275,765 and \$173,338, respectively, at the exchange rate in effect on September 30, 2010), which is subject to increase by the Compensation Committee in its discretion. In addition, each officer is eligible to receive an annual cash incentive bonus as determined by the Compensation Committee in its discretion. Each officer is entitled to participate in the Company's pension plan and to receive family health and life insurance benefits on the terms of the respective plans.

Mr. Boyle's agreement continues until terminated by the Company upon at least 12 months' notice, or by Mr. Boyle upon at least three months' notice. Mr. Farquhar's agreement continues until terminated by the Company upon at least six months' notice, or by Mr. Farquhar upon at least three months' notice. For the first 12 months after a change of control, the notice period for termination by the Company is increased to 18 months for Mr. Boyle and 12 months for Mr. Farquhar. Alternatively, the Company may in its discretion make a payment of salary in lieu of the whole or any part of any unexpired notice period, together with a sum equivalent to the fair value of any other benefits of employment provided under the terms of the Agreement. If we terminate the employment of either officer for cause, the officer would not be entitled to notice or compensation.

In addition, we have a Non-Competition and Non-Solicitation Agreement with each of Messrs. Boyle and Farquhar. These and the Service Agreements prohibit Mr. Boyle, for up to 24 months after his termination, and Mr. Farquhar, for up to 12 months after his termination, from (i) competing with, soliciting or enticing customers and employees away from, or disparaging the Company or any of its subsidiaries, and (ii) interfering with the continuance of supplies and services from the Company's principal suppliers.

Upon a change in control of the Company (whether or not the officer's employment is terminated), these agreements provide that vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. (For this purpose, a "change in control" means a change in control of the Company that would be required by SEC rules to be reported in the Company's proxy statement, including the acquisition by any person of beneficial ownership of securities of the Company representing a majority of the combined voting power of the Company's then outstanding securities.) Similarly, if we terminate an officer's employment other than for cause or disability, vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. Upon a change in control of the Company, the Company also must ensure that the officer continues to be provided with a pension scheme offering benefits equivalent to the benefits provided under the Company's pension scheme in effect on July 1, 2010. The following table sets forth the compensation that would have been due to Messrs. Boyle and Farquhar as a result of a change in control of the Company, and termination of employment where applicable, occurring on September 30, 2010:

Golden Parachute Compensation

Name	Cash\$(1)	Equity\$(2)	Total
Matthew Boyle	\$413,648	\$ 86,050	\$499,698
Paul N. Farquhar	\$173,338	\$ 88,230	\$261,568

(1) Represents the aggregate cash payment that would be due in lieu of notice if the executive's employment was terminated within 12 months after the change in control. Any such payment would be made in British Pounds. The amounts shown in the table were determined using the exchange rate (\$1.5758 per Pound) in force on September 30, 2010.

(2) Represents the aggregate value of restricted stock awards and in-the-money stock options for which vesting would be accelerated, based on the \$5.19 closing sale price of the Company's Common Stock on September 30, 2010. In the case of stock options, the value per share is the difference between this price and the respective exercise price. The actual amount received by the officer on the sale of option stock or previously restricted stock will depend on market values at the time of such transactions. A change in control of the Company will trigger accelerated vesting of the officer's outstanding equity awards, regardless of whether the officer's employment is terminated in connection with the change in control transaction.

In the event of a change in control, it is possible that the compensation arrangements for Messrs. Boyle and Farquhar may be renegotiated by the officers, the Board of Directors and/or the Company's merger or acquisition partner, in which case the amounts payable might differ from those shown above.
