Report to Shareowners:
June 30, 2006

With the world in an uproar and many political uncertainties, the stock market treaded water for the most part during the first half of the year. Oil prices continued at a high level and interest rates were increased on a regular basis. Even after the end of June, there were more upheavals in the Mideast with violence erupting between Israel and Lebanon. None of these events were positive signs for the stock market.

Additions to the portfolio included 11,000 Biomet bringing the total to 28,000 shares; 8,000 Jack Henry & Associates (30,000); 5,000 Johnson & Johnson (20,000); 3,000 Medtronic (17,000); 4,000 McCormick (24,000), 10,000 Sysco (30,000) and 1,000 Washington Mutual (15,000).

Sales reduced the number of stocks in the portfolio with Carlisle, ConAgra Foods, Diebold, Donaldson, First Industrial Real Estate, H.J. Heinz and Merck being sold in their entirety. There were also partial sales of 2,000 Johnson Controls and 10,000 O'Reilly Automotive, although we continue to hold 10,000 Johnson Controls and 30,000 O'Reilly Automotive.

The result of the sales enabled the Board of Directors to declare a 50 cent per share capital gain distribution to shareowners that was payable on July 6, 2006. Directors believe the shareholders should reap the benefits of a portion of our Fund's capital gains.

We would also like to inform you that James M. Lane has recently retired from the Board of Directors. We greatly appreciate his many years of service to the Fund and wish him well. Mr. Robert M. Bilkie, Jr., 45, was appointed to serve the remainder of Mr. Lane's term on the Board and on the audit committee. During the past twenty-two years, Mr. Bilkie has been the President and CEO of Sigma Investment Counselors, Inc. (provides investment advisory services to high net worth individuals).

The Board of Directors has authorized the repurchase on the open market of up to 100,000 of the Fund's outstanding shares of common stock. Based on current market prices we believe our shares are undervalued and the repurchase program is a good investment of available funds. The shares authorized to be repurchased are to be purchased from time to time as market and business conditions warrant.

NAIC Growth Fund, Inc.
Notes to Financial Statements

(1) ORGANIZATION

The NAIC Growth Fund, Inc. (the "Fund") was organized under Maryland law on April 11, 1989 as a diversified closed-end investment company under the Investment Company Act of 1940. The Fund commenced operations on July 2, 1990.

(2) SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the notes to financial statements:

Dividends and Distributions - Dividends from the Fund's net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually. Shareowners may elect to participate in the Dividend Reinvestment and Cash Purchase Plan (see Note 4).

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSRS

Investments - Investments in equity securities are stated at market value, which is determined based on quoted market prices or dealer quotes. If no such prices are available on the valuation date, the Board of Directors has determined the most recent market prices be used. Pursuant to Rule 2a-7 of the Investment Company Act of 1940, the Fund utilizes the amortized cost method to determine the carrying value of short-term debt obligations. Under this method, investment securities are valued for both financial reporting and Federal tax purposes at amortized cost, which approximates fair value. Any discount or premium is amortized from the date of acquisition to maturity. Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the united states requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal Income Taxes - The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies. The Fund intends to distribute at least 90% of its taxable income, including net long-term capital gains, to its shareowners. In order to avoid imposition of the excise tax applicable to regulated investment companies, it is also the Fund's intention to declare as dividends in each calendar year at least 98% of its net investment income and 98% of its net realized capital gains plus undistributed amounts from prior years.

page 11

The following information is based upon Federal income tax cost of portfolio investments as of June 30, 2006:

Gross unrealized appreciation	\$	10,569,590
Gross unrealized depreciation		(52,574)

Net unrealized appreciation	\$	10,517,016
Federal income tax cost	\$	13,516,654

Expenses - The Fund's service contractors bear all expenses in connection with the performance of their services. The Fund bears all expenses incurred in connection with its operations including, but not limited to, management fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareowner reporting and other related costs. Such expenses will be charged to expense daily as a percentage of net assets. The Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first Ten Million Dollars of the Fund's average net assets, one and

Edgar Filing: NAIC GROWTH FUND INC - Form N-CSRS

one-half percent (1 1/2%) of the next Twenty Million Dollars of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses shall be the responsibility of the Investment Adviser, and the pro rata portion of the estimated annual excess expenses will be offset against the Investment Adviser's monthly fee.

(3) MANAGEMENT ARRANGEMENTS

Investment Adviser - Growth Fund Advisor, Inc., serves as the Fund's Investment Adviser subject to the Investment Advisory Agreement, and is responsible for the management of the Fund's portfolio, subject to review by the board of directors of the Fund. For the services provided under the Investment Advisory Agreement, the Investment Adviser receives a monthly fee at an annual rate of three-quarters of one percent (0.75%) of the average weekly net asset value of the Fund, during the times when the average weekly net asset value is at least \$3,800,000. The Investment Adviser will not be entitled to any compensation for a week in which the average weekly net asset value falls below \$3,800,000.

Custodian and Plan Agent - LaSalle Bank, NA (LB) serves as the Fund's custodian pursuant to the Custodian Agreement. As the Fund's custodian, LB receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge, annual security fee, security transaction fee and statement of inventory fee. American Stock Transfer and Trust Company serves as the Fund's transfer agent and dividend disbursing agent pursuant to Transfer Agency and Dividend Disbursement Agreements. page 12

(4) DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

The Fund has a Dividend Reinvestment and Cash Purchase Plan (the "Plan") which allows shareowners to reinvest dividends paid and make additional contributions. Under the Plan, cash dividends and voluntary cash payments will be invested in shares purchased in the open market. In the event the Plan agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following receipt of the cash dividends from the Fund, any remaining funds will be returned to the participants on pro rata basis. In the event the Plan agent is unable to complete its acquisition of shares to be purchased from additional contributions on the open market by the end of the twentieth (20th) day following the Investment Date, any remaining funds will be returned to the participants on a pro rata basis. The number of shares credited to each shareowner participant's account will be based upon the average purchase price for all shares purchased.

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the years presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The Total Investment Return based on market value assumes that shareowners bought into the Fund at the bid price and sold out of the Fund at the bid price.
