Dear Fellow Shareholders,

The stock market made a strong recovery in the first half of 2003. Historically low interest rates, improving corporate earnings and government stimulus in the form of tax cuts gave investors hope that the economy would soon begin to strengthen. Most of the market's move up occurred in the second quarter, and the breadth of the rally was enormous. As a result, the major indexes were able to wipe out their first-quarter losses and post solid gains for the first six months of the year. With technology leading the way, the tech-heavy Nasdaq Composite Index rose 21.51% through June, the Dow Jones Industrial Average was up 9.02% and the Standard & Poor's 500 Index returned 11.75%. With falling interest rates, bonds also did well, continuing their upward trend for a fourth consecutive year. High yield bonds led the pack, returning 18.49% in the first half as measured by the Lehman High Yield Index.

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

After the jarring stock-market losses of the last three years, it's a welcome relief for investors to be reminded that the market is indeed cyclical, and does move up -- not just down. And mutual fund investors will finally like what they see in their second-quarter statements: positive results. With the exception of bear funds, which bet on the market going down, every fund category tracked by Morningstar, Inc. and Lipper, Inc. posted double-digit gains in the quarter.

Whether this rally can be sustained depends in large part on whether the economy actually does rebound, and by how much, and how corporate earnings fare. It will also depend on how soon a lot of the investors still sitting on the sidelines decide to get back into the stock market.

No matter what happens next, the dramatic reversal in the stock market's fortunes, and other economic improvements, could be signals that it's time for investors to review their portfolios with their investment professionals to make sure they are well-positioned to meet their long-term investment objectives.

Sincerely,

/S/ MAUREEN R. FORD

YOUR FUND AT A GLANCE

The Fund seeks to provide high current income, consistent with modest growth of capital, by investing in a diversified portfolio of dividend-paying securities. The Fund will normally invest more than 65% of its total assets in securities of companies in the utilities industry.

Over the last twelve months

- * Preferred stocks performed well as interest rates fell and a dividend-tax cut loomed.
- * Utility common stocks staged a second-half rally as demand strengthened.
- * The Fund benefited from good security selection.

MANAGERS' REPORT

BY GREGORY K. PHELPS AND MARK T. MALONEY, FOR THE PORTFOLIO MANAGEMENT TEAM

John Hancock
Patriot Select Dividend Trust

During the 12 months ended June 30, 2003, preferred stocks -- which make up the bulk of John Hancock Patriot Select Dividend Trust -- performed quite well amid increasingly favorable conditions for the group. Much of the fuel behind the preferred- stock rally was action by the Federal Reserve Board, which lowered interest rates by a half-percentage-point in November 2002, and by a quarter-point in June 2003. Falling interest rates tend to help preferreds because preferred stocks pay dividends at a fixed rate like the interest on a bond. As a result, they tend to rally when interest rates drop, just as bonds do. Also boosting preferred stocks was demand from income-seeking individual investors and income-oriented mutual funds looking for significantly higher yields than what companies paid on their bonds and common stocks. The yields on many preferred stocks, which generally ranged from 6% to 7.5%, continued to outstrip by a fairly wide margin the yields available on Treasury and corporate bonds, as well as the dividends paid on common stocks. Demand also strengthened in response to President Bush's proposed dividend tax-cut package, which was passed in June.

UTILITIES IMPROVE

The performance of utility common stocks, which made up about one-third of the Fund's investments at the end of the period, steadily improved during the year. When the period began, utility stocks remained under

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

pressure, mired in the remnants of the Enron debacle. But by early 2003, utility stocks began an encouraging rally that extended through the end of the period. A return of investor confidence in utilities was set off by a growing sense that the sector had become undervalued relative to the market as a whole and relative to its historic value. Dividend tax relief also helped. Utilities historically have offered consistently high dividends, positioning them to benefit once the tax relief was enacted. Furthermore, investors liked the fact that many utility companies had begun cleaning up their balance sheets, renewing or extending financing and ridding themselves of money-losing unregulated subsidiaries -- such as energy trading -- that caused them pain in the post-Enron environment.

FUND PERFORMANCE

For the 12 months ended June 30, 2003, John Hancock Patriot Select Dividend Trust returned 8.33% at net asset value. By comparison, the average income and preferred stock closed-end fund returned 12.75%, according to Lipper, Inc. In the same 12-month period, the Dow Jones Utility Average, which tracks the performance of 15 electric and natural gas utilities, returned -3.92%, and the broader stock market, as measured by the Standard & Poor's 500 Index, returned 0.25%.

FINANCIALS, UTILITIES PERFORM

Some of the Fund's best performers were preferred stocks issued by financial services companies, which benefited from a combination of positive trends. Banks and other lenders, such as student loan giant SLM Corp., were helped by attractive lending spreads, meaning they could borrow money at relatively low rates and lend it out at higher rates. Brokers, such as Bear Stearns, got a mild boost from the improved equity market, which, in turn, fostered more trading revenues. Bear Stearns also was helped by the fact that it posted better financial results than many of its other broker competitors and by speculation that it is a takeover candidate.

"Some of the Fund's best performers were preferred stocks issued by financial services companies..."

Among utility stocks, we saw winners in both the preferred and common stock categories. Our holdings in the preferred stock of Alabama Power, a wholly owned subsidiary of Southern Company, posted strong gains in response to investors' enthusiasm over the company's "back-to-basics" approach. Likewise, investors cheered Alliant Energy Corp.'s moves to sell some of its non-utility businesses as part of a plan to pay down debt, helping boost our common-stock holdings in that company. The common stock of Chicago-based gas utility Peoples Energy also was among our list of top performers, due in part to strong pricing of oil and gas.

stocks 73% and Common stocks 27%.]

In contrast, AMERCO, the parent company of truck-rental company U-Haul, was a disappointment. The company struggled during the year, in part due to credit-rating downgrades, which in turn led to questions about its management's strategies. Despite these problems, we continued to hold onto our stake in AMERCO because we believe that this well-known franchise is on course to reduce its debt and strengthen its balance sheet -- moves that, if successful, potentially could put the company on firmer footing.

OUTLOOK

For the remainder of 2003, we're fairly optimistic about the outlook for preferred and utility common stocks. Much of our optimism stems from our macroeconomic outlook, which calls for a continually sluggish economy coupled with sustained low interest rates. This could continue to prompt strong demand for relatively high-yielding preferred and utility common stocks. The dividend tax relief enacted in June -- which cut the dividend tax rate from a maximum of 38.6% to 15% -- also could help boost demand for many stocks that pay high dividends. Utility common stocks have other factors going for them as well, including the potential for more stable credit ratings, attractive valuations and the possible elimination of an anachronistic law limiting utility mergers.

"...we're fairly optimistic about the outlook for preferred and utility common stocks."

This commentary reflects the views of the portfolio management team through the end of the Fund's period discussed in this report. The team's statements reflect their own opinions. As such, they are in no way guarantees of future events, and are not intended to be used as investment advice or a recommendation regarding any specific security. They are also subject to change at any time as market and other conditions warrant.

The Fund normally will invest more than 65% of its managed assets in securities of companies in the utilities industry. Such an investment concentration makes the Fund more susceptible to factors adversely affecting the utilities industry than a broader diversified fund. Sector investing is subject to greater risks than the market as a whole.

FINANCIAL HIGHLIGHTS

NOTES TO STATEMENTS

NOTE A

Accounting policies

John Hancock Patriot Select Dividend Trust (the "Fund") is a diversified closed-end management investment company registered under the Investment Company Act of 1940.

Significant accounting policies of the Fund are as follows:

Valuation of investments

Securities in the Fund's portfolio are valued on the basis of market quotations, valuations provided by independent pricing services or at fair value as determined in good faith in accordance with procedures approved by the Trustees. Short-term debt investments maturing within 60 days are valued at amortized cost, which approximates market value. The Fund determines the net asset value of the common shares each business day.

Investment transactions

Investment transactions are recorded as of the date of purchase, sale or maturity. Net realized gains and losses on sales of investments are determined on the identified cost basis.

Federal income taxes

The Fund qualifies as a "regulated investment company" by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required. For federal income tax purposes, the Fund has \$386,472 of a capital loss carryforward available, to the extent provided by regulations, to offset future net realized capital gains. To the extent that such carryforward is used by the Fund, no capital gain distributions will be made. The loss carryforward expires as follows: June 30, 2010 -- \$116, 663 and June 30, 2011 -- \$269, 809.

Expenses

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

The majority of the expenses are directly identifiable to an individual fund. Expenses that are not readily identifiable to a specific fund will be allocated in such a manner as deemed equitable, taking into consideration, among other things, the nature and type of expense and the relative sizes of the funds.

Dividends, interest and distributions

Dividend income on investment securities is recorded on the ex-dividend date or, in the case of some foreign securities, on the date thereafter when the Fund identifies the dividend. Interest income on investment securities is recorded on the accrual basis. Foreign income may be subject to foreign withholding taxes, which are accrued as applicable.

The Fund records distributions to common and preferred shareholders from net investment income and net realized gains on the ex-dividend date. During the year ended June 30, 2003, the tax character of distributions paid was as follows: ordinary income \$11,729,791.

As of June 30, 2003, the components of distributable earnings on a tax basis included \$2,406,537 of undistributed ordinary income. Such distributions and distributable earnings, on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of capital.

Use of estimates

The preparation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, incorporates estimates made by management in determining the reported amount of assets, liabilities, revenues and expenses of the Fund. Actual results could differ from these estimates.

NOTE B

Management fee and transactions with affiliates and others

The Fund has an investment management contract with John Hancock Advisers, LLC (the "Adviser"), a wholly owned subsidiary of The Berkeley Financial Group, LLC. Under the investment management contract, the Fund pays a monthly management fee to the Adviser at an annual rate of 0.80% of the Fund's average weekly net assets plus the value attributable to the AMPS.

The Fund has an administrative agreement with the Adviser under which the Adviser oversees the custodial, auditing, valuation, accounting, legal, stock transfer and dividend disbursing services and maintains Fund communications with shareholders. The Fund pays the Adviser a monthly administration fee at an annual rate of 0.15% of the Fund's average weekly net assets plus the value attributable to the AMPS.

Ms. Maureen R. Ford and Mr. John M. DeCiccio are directors and/or officers of the Adviser and/or its affiliates, as well as Trustees of the Fund. The compensation of unaffiliated Trustees is borne by the Fund. The unaffiliated Trustees may elect to defer for tax purposes their receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan. The Fund makes investments into other John Hancock funds, as applicable, to cover its liability for the deferred compensation. Investments to cover the Fund's deferred compensation liability are recorded on the Fund's books as an other asset. The deferred compensation liability and the related other asset are always equal and are marked to market on a periodic basis to reflect any income

earned by the investment as well as any unrealized gains or losses. The Deferred Compensation Plan investments had no impact on the operations of the Fund.

Auction Market Preferred Shares Series A

The Fund issued 700 shares of Dutch Auction Market Preferred Shares Series A ("AMPS") on August 30, 1990, in a public offering. The underwriting discount was recorded as a reduction of the capital of common shares.

Dividends on the AMPS, which accrue daily, are cumulative at a rate that was established at the offering of the AMPS and has been reset every 49 days thereafter by an auction. Dividend rates on AMPS ranged from 0.99% to 1.65% during the year ended June 30, 2003. Accrued dividends on AMPS are included in the value of AMPS on the Fund's Statement of Assets and Liabilities.

The AMPS are redeemable at the option of the Fund, at a redemption price equal to \$100,000 per share, plus accumulated and unpaid dividends on any dividend payment date. The AMPS are also subject to mandatory redemption at a redemption price equal to \$100,000 per share, plus accumulated and unpaid dividends, if the Fund is in default on its asset coverage requirements with respect to the AMPS, as defined in the Fund's by-laws. If the dividends on the AMPS shall remain unpaid in an amount equal to two full years' dividends, the holders of the AMPS, as a class, have the right to elect a majority of the Board of Trustees. In general, the holders of the AMPS and the common shareholders have equal voting rights of one vote per share, except that the holders of the AMPS, as a class, vote to elect two members of the Board of Trustees, and separate class votes are required on certain matters that affect the respective interests of the AMPS and common shares.

NOTE D

Investment transactions

Purchases and proceeds from sales of securities, other than short-term securities and obligations of the U.S. government, during the year ended June 30, 2003, aggregated \$6,864,445 and \$4,297,905, respectively.

The cost of investments owned on June 30, 2003, including short-term

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

investments, for federal income tax purposes was \$213,939,848. Gross unrealized appreciation and depreciation of investments aggregated \$15,909,732 and \$23,647,700, respectively, resulting in net unrealized depreciation of \$7,737,968. The difference between book basis and tax basis net unrealized depreciation of investments is attributable primarily to the tax deferral of losses on wash sales.

NOTE E

Reclassification of accounts

During the year ended June 30, 2003, the Fund reclassified amounts to reflect a decrease in accumulated net realized loss on investments of \$2,028, an increase in accumulated net investment income of \$91,018 and a decrease in capital paid-in of \$93,046. This represents the amount necessary to report these balances on a tax basis, excluding certain temporary differences as of June 30, 2003. Additional adjustments may be needed in subsequent reporting periods. These reclassifications, which have no impact on the net asset value of the Fund, are primarily attributable to certain differences in the computation of distributable income and capital gains under federal tax rules versus accounting principles generally accepted in the United States of America, and book and tax differences in accounting for deferred compensation and federal excise tax. The calculation of net investment income per share in the Financial Highlights excludes these adjustments.

AUDITORS' REPORT

Report of
Deloitte & Touche
LLP, Independent
Auditors

To The Board of Trustees and Shareholders
of John Hancock Patriot Select Dividend Trust,

We have audited the accompanying statement of assets and liabilities of John Hancock Patriot Select Dividend Trust (the "Fund") including the schedule of investments, as of June 30, 2003, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United State of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned at June 30, 2003, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

referred to above present fairly, in all material respects, the financial position of the John Hancock Patriot Select Dividend Trust as of June 30, 2003, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

TAX INFORMATION

Unaudited

For federal income tax purposes, the following information is furnished with respect to the distributions of the Fund paid during its taxable year ended June 30, 2003.

With respect to the ordinary dividends paid by the Fund for the fiscal year ended June 30, 2003, 100% of the dividends qualify for the corporate dividends-received deduction.

The Fund hereby designates the maximum amount allowable of its net taxable income as qualified dividend income as provided in the Jobs and Growth Tax Relief Reconciliation Act of 2003. This amount will be reflected on Form 1099-DIV for the calendar year 2003.

If the Fund paid dividends during the fiscal year end, shareholders will be mailed a 2003 U.S. Treasury Department Form 1099-DIV in January 2004. This will reflect the total of all distributions that are taxable for calendar year 2003.

INVESTMENT OBJECTIVE AND POLICY

The Fund's investment objective is to provide a high current income, consistent with modest growth of capital. The Fund seeks to achieve its investment objective by investing in preferred stocks that, in the opinion of the Adviser, may be undervalued relative to similar securities in the marketplace.

The Fund's non-fundamental investment policy, with respect to the quality of ratings of its portfolio investments, was changed by a vote of the Fund's Trustees on September 13, 1994. The new policy, which became effective October 15, 1994, stipulates that preferred stocks and debt obligations in which the Fund will invest will be rated investment grade (at least "BBB" by S&P or "Baa" by Moody's) at the time of investment or will be preferred stocks of issuers of investment grade senior debt, some of which may have speculative characteristics, or, if not rated, will be of comparable quality as determined by the Adviser. The Fund will invest in common stocks of issuers whose senior debt is rated investment grade or, in the case of issuers that have no rated senior debt outstanding, whose senior debt is considered by the Adviser to be of comparable quality.

On November 20, 2001, the Fund's Trustees approved the following

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

investment policy investment restriction change, effective December 15, 2001. Under normal circumstances, the Fund will invest at least 80% of its assets in dividend-paying securities. The "Assets" are defined as net assets including the liquidation preference amount of the AMPS plus borrowings for investment purposes. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

DIVIDEND REINVESTMENT PLAN

The Fund offers its shareholders a Dividend Reinvestment Plan (the "Plan"), which offers the opportunity to earn compounded yields. Each holder of common shares will automatically have all distributions of dividends and capital gains reinvested by Mellon Investor Services, as Plan Agent for the common shareholders (the "Plan Agent"), unless an election is made to receive cash. Holders of common shares who elect not to participate in the Plan will receive all distributions in cash, paid by check mailed directly to the shareholder of record (or, if the common shares are held in street or other nominee name, then to the nominee) by the Plan Agent, as dividend disbursing agent. Shareholders whose shares are held in the name of a broker or a nominee should contact the broker or nominee to determine whether and how they may participate in the Plan.

If the Fund declares a dividend payable either in common shares or in cash, non-participants will receive cash and participants in the Plan will receive the equivalent in common shares. If the market price of the common shares on the payment date of the dividend is equal to or exceeds their net asset value as determined on the payment date, participants will be issued common shares (out of authorized but unissued shares) at a value equal to the higher of net asset value or 95% of the market price. If the net asset value exceeds the market price of the common shares at such time, or if the Board of Trustees declares a dividend payable only in cash, the Plan Agent will, as agent for Plan participants, buy shares in the open market, on the New York Stock Exchange or elsewhere, for the participant's accounts. Such purchases will be made promptly after the payable date for such dividend and, in any event, prior to the next ex-dividend date after such date, except where necessary to comply with federal securities laws. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of the common shares, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the common shares, resulting in the acquisition of fewer shares than if the dividend had been paid in shares issued by the Fund.

Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The cost per share of the shares purchased for each participant's account will be the average cost, including brokerage commissions, of any shares purchased on the open market plus the cost of any shares issued by the Fund. There will be no brokerage charges with respect to common shares issued directly by the Fund. There are no other charges to participants for reinvesting dividends or capital gain distributions.

Participants in the Plan may withdraw from the Plan at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.melloninvestor.com. Such withdrawal will be effective immediately if received not less than ten days prior to a dividend record date; otherwise, it will be effective for all subsequent dividend record dates. When a participant withdraws from the Plan or upon termination of the Plan, as provided below, certificates for whole common shares credited to his or her account under the Plan will be

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

issued and a cash payment will be made for any fraction of a share credited to such account.

The Plan Agent maintains each shareholder's account in the Plan and furnishes monthly written confirmations of all transactions in the accounts, including information needed by the shareholders for personal and tax records. The Plan Agent will hold common shares in the account of each Plan participant in non-certificated form in the name of the participant. Proxy material relating to the shareholders' meetings of the Fund will include those shares purchased as well as shares held pursuant to the Plan.

The reinvestment of dividends and distributions will not relieve participants of any federal income tax that may be payable or required to be withheld on such dividends or distributions. Participants under the Plan will receive tax information annually. The amount of dividend to be reported on 1099-DIV should be (1) in the case of shares issued by the Fund, the fair market value of such shares on the dividend payment date and (2) in the case of shares purchased by the Plan Agent in the open market, the amount of cash used by the Plan Agent to purchase shares in the open market, including the amount of cash allocated to brokerage commissions paid on such purchases.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to all shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plan may be amended or terminated by the Plan Agent after at least 90 days' written notice to all shareholders of the Fund. All correspondence or additional information concerning the Plan should be directed to the Plan Agent, Mellon Bank, N.A., c/o Mellon Investor Services, P.O. Box 3338, South Hackensack, NJ 07606-1938 (telephone 1-800-852-0218).

SHAREHOLDER COMMUNICATION AND ASSISTANCE

If your shares are held with a brokerage firm, you should contact that firm, bank or other nominee for assistance.

SHAREHOLDER MEETINGS

In November 2002, the Board of Trustees adopted several amendments to the Fund's by-laws, including provisions relating to the calling of a special meeting and requiring advance notice of shareholder proposals or nominees for Trustee. The advance notice provisions in the by-laws require shareholders to notify the Fund in writing of any proposal which they intend to present at an annual meeting of shareholders, including any nominations for Trustee, between 90 and 120 days prior to the first anniversary of the mailing date of the notice from the prior year's annual meeting of shareholders. The notification must be in the form prescribed by the by-laws. The advance notice provisions provide the

Edgar Filing: HANCOCK JOHN PATRIOT SELECT DIVIDEND TRUST - Form N-CSR

Fund and its Trustees with the opportunity to thoughtfully consider and address the matters proposed before the Fund prepares and mails its proxy statement to shareholders. Other amendments set forth the procedures, which must be followed in order for a shareholder to call a special meeting of shareholders. Please contact the Secretary of the Fund for additional information about the advance notice requirements or the other amendments to the by-laws.

On March 20, 2003, the Annual Meeting of the Fund was held to elect four Trustees and to ratify the actions of the Trustees in selecting independent auditors for the Fund.

Proxies covering 9,467,798 shares of beneficial interest were voted at the meeting. The common shareholders elected the following Trustees to serve until their respective successors are duly elected and qualified, with the votes tabulated as follows:

	FOR	WITHHELD AUTHORITY

Maureen R. Ford	9,358,779	109,019
Charles L. Ladner	9,356,887	110,911
Dr. John Moore	9,355,389	112,409

The preferred shareholders elected Ronald R. Dion to serve until his successor is duly elected and qualified, with the votes tabulated as follows: 402 FOR and 0 WITHHELD AUTHORITY.

The shareholders also ratified the Trustees' selection of Deloitte & Touche LLP as the Fund's independent Auditors for the fiscal year ending June 30, 2003, with the votes tabulated as follows: 9,339,584 FOR, 64,994 AGAINST and 63,622 ABSTAINING.
