Section 2. Financial Information

Item 2.02. Results of Operations and Financial Condition.

On August 6, 2018, State Auto Financial Corporation (the "Company") issued a press release disclosing the Company's results of operations for the three and six month periods ended June 30, 2018 (the "Release"). The full text of the Release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference. The Release included a non-GAAP financial measure, net income (loss) from operations per diluted share. Net income (loss) from operations differs from GAAP net income (loss) only by the exclusion of net investment gains (losses), net of applicable taxes, on investment activity for the periods being reported. For the three and six month periods ended June 30, 2018 and 2017, GAAP net loss was \$(0.08) per diluted share and net income was \$0.08 per diluted share, respectively, while net loss per share from operations was \$(0.04) per diluted share and \$(0.24) per diluted share for the same respective periods. For the three and six month periods ended June 30, 2018 and 2017, net investment gain (loss) , net of applicable taxes, impacted the GAAP net loss per diluted share by \$0.22 and net income per diluted share by \$0.01, respectively, while net investment gain (loss), net of applicable taxes, impacted the GAAP net loss per diluted share by \$0.24 per diluted share and \$0.37 per diluted share for the same respective periods. Management uses net income (loss) from operations because it believes this calculation better indicates the Company's operating performance than GAAP net income (loss) in that net income (loss) from operations excludes the sometimes volatile realized capital gains/losses, net of applicable federal income taxes, that can produce inconsistent results.
