## ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On October 18, 2012, Boston Scientific Corporation issued a press release announcing financial results for the third quarter ended September 30, 2012. A copy of the release is furnished with this report as Exhibit 99.1.

The information contained in Item 2.02 of this Current Report on Form 8-K and Exhibit 99.1 shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation language in such filing.

## ITEM 2.06. MATERIAL IMPAIRMENTS

On October 15, 2012, Boston Scientific Corporation concluded that it was required to record a goodwill impairment charge associated with its U.S. CRM reporting unit. Consequently, Boston Scientific Corporation recorded a non-cash \$809 million (pre and post-tax) estimated goodwill impairment charge associated with that reporting unit for the quarter ended September 30, 2012, primarily driven by the reduction in the estimated size of the U.S. CRM market and related adjustments to the business, and other competitive factors, which led to lower projected U.S. CRM results compared to prior forecasts. The amount of the goodwill impairment charge is subject to finalization and is expected to be in a range of \$700 million to \$900 million.
