Form 10-Q
July 29, 2011

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

Form 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d)
OF THE SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period Ended: June 30, 2011
Commission File No. 1-11530

Taubman Centers, Inc.
(Exact name of registrant as specified in its charter)

Michigan 38-2033632
(State or other jurisdiction of
incorporation or organization) (I.R.S. Employer Identification No.)

200 East Long Lake Road, Suite 300, Bloomfield
Hills, Michigan 48304-2324
(Address of principal executive offices) (Zip code)

(248) 258-6800
(Registrant's telephone number, including area
code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large Accelerated Filer Accelerated Filer Non-Accelerated Filer Smaller Reporting Company
(Do not check if a smaller reporting company)

Edgar Filing: TAUBMAN CENTERS INC - Form 10-Q

Indicate by a check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

As of July 28, 2011, there were outstanding 57,889,825 shares of the Company's common stock, par value \$0.01 per share.

Table of Contents

TAUBMAN CENTERS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 - Interim Financial Statements

General

Taubman Centers, Inc. (the Company or TCO) is a Michigan corporation that operates as a self-administered and self-managed real estate investment trust (REIT). The Taubman Realty Group Limited Partnership (the Operating Partnership or TRG) is a majority-owned partnership subsidiary of TCO that owns direct or indirect interests in all of the company's real estate properties. In this report, the term "Company" refers to TCO, the Operating Partnership, and/or the Operating Partnership's subsidiaries as the context may require. The Company engages in the ownership, management, leasing, acquisition, disposition, development, and expansion of regional and super-regional retail shopping centers and interests therein. The Company's owned portfolio as of June 30, 2011 included 23 urban and suburban shopping centers in ten states.

Taubman Properties Asia LLC and its subsidiaries (Taubman Asia), which is the platform for the Company's expansion into the Asia-Pacific region, is headquartered in Hong Kong.

The unaudited interim financial statements should be read in conjunction with the audited financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the financial statements for the interim periods have been made. The results of interim periods are not necessarily indicative of the results for a full year.

Dollar amounts presented in tables within the notes to the financial statements are stated in thousands, except share data or as otherwise noted. Certain reclassifications have been made to prior year amounts to conform with current year classifications. Expenses for promotion and advertising of shopping centers that were previously classified in Other Operating are now included in Maintenance, Taxes, Utilities and Promotion expense. Amounts for 2010 have been reclassified to conform to the 2011 classification.

Consolidation

The consolidated financial statements of the Company include all accounts of the Company, the Operating Partnership, and its consolidated subsidiaries, including The Taubman Company LLC (the Manager) and Taubman Asia.

Investments in entities not controlled but over which the Company may exercise significant influence (Unconsolidated Joint Ventures or UJVs) are accounted for under the equity method. The Company has evaluated its investments in the Unconsolidated Joint Ventures under guidance for determining whether an entity is a variable interest entity and has concluded that the ventures are not variable interest entities. Accordingly, the Company accounts for its interests in these entities under general accounting standards for investments in real estate ventures (including guidance for determining effective control of a limited partnership or similar entity). The Company's partners or other owners in these Unconsolidated Joint Ventures have substantive participating rights including approval rights over annual operating budgets, capital spending, financing, admission of new partners/members, or sale of the properties and the Company has concluded that the equity method of accounting is appropriate for these interests. Specifically, the Company's 79% investment in Westfarms is through a general partnership in which the other general partners have approval rights over annual operating budgets, capital spending, refinancing, or sale of the property.

Ownership

In addition to the Company's common stock, there are three classes of preferred stock (Series B, G, and H) outstanding as of June 30, 2011. Dividends on the 8% Series G and 7.625% Series H Preferred Stock are cumulative and are paid on the last day of each calendar quarter. The Company owns corresponding Series G and Series H Preferred Equity interests in the Operating Partnership that entitle the Company to income and distributions (in the form of guaranteed payments) in amounts equal to the dividends payable on the Company's Series G and Series H Preferred Stock.

The Company also is obligated to issue to partners in the Operating Partnership other than the Company, upon subscription, one share of nonparticipating Series B Preferred Stock per each Operating Partnership unit. The Series B Preferred Stock entitles its holders to one vote per share on all matters submitted to the Company's shareowners and votes together with the common stock on all matters as a single class. The holders of Series B Preferred Stock are not entitled to dividends or earnings. The Series B Preferred Stock is convertible into the Company's common stock at a ratio of 14,000 shares of Series B Preferred Stock for one share of common stock.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In June 2011, the Company sold 2,012,500 of its common shares. The proceeds were used by the Company to acquire an equal number of Operating Partnership units. The Operating Partnership paid all offering costs. The Operating Partnership used the net proceeds, after offering costs, of \$111.9 million to reduce outstanding borrowings under its lines of credit. See Note 5 "Noncontrolling Interests - Equity Transactions".

Outstanding voting securities of the Company at June 30, 2011 consisted of 25,140,436 shares of Series B Preferred Stock and 57,889,530 shares of Common Stock.

The Operating Partnership

At June 30, 2011, the Operating Partnership's equity included three classes of preferred equity (Series F, G, and H) and the net equity of the partnership unitholders. Net income and distributions of the Operating Partnership are allocable first to the preferred equity interests, and the remaining amounts to the general and limited partners in the Operating Partnership in accordance with their percentage ownership. The Series G and Series H Preferred Equity are owned by the Company and are eliminated in consolidation. The Series F Preferred Equity is owned by an institutional investor and accounted for as a noncontrolling interest of the Company.

The Company's ownership in the Operating Partnership at June 30, 2011 consisted of a 70% managing general partnership interest, as well as the Series G and H Preferred Equity interests. The Company's average ownership percentage in the Operating Partnership for the six months ended June 30, 2011 and 2010 was 69% and 67%, respectively. At June 30, 2011, the Operating Partnership had 83,048,416 partnership units outstanding, of which the Company owned 57,889,530 units.

Note 2 - Income Taxes

In May 2011, the State of Michigan replaced the Michigan Business Tax with a Corporate Income Tax that will be effective on January 1, 2012. Due to the repeal of the Michigan Business Tax, the Company wrote off net deferred tax assets and deferred tax liabilities of approximately \$3.7 million and \$3.9 million, respectively, during the three months ended on June 30, 2011. Under the new law, the Company does not expect to pay any Corporate Income Tax based on estimates of taxable income of the Company's unitary filing group for Michigan tax purposes.

Income Tax Expense

The Company's income tax expense for the three and six months ended June 30, 2011 and 2010 is as follows:

	Three Months Ended		Six Months Ended	
	June 30		June 30	
	2011	2010	2011	2010
State current	\$186	\$219	\$428	\$495
State deferred	(197)	(105)	(246)	(185)
Federal current	18		35	
Federal deferred	(12)		(12)	
Total income tax expense (benefit)	\$(5)	\$114	\$205	\$310

The Company expects to have less than \$0.1 million of federal alternative minimum tax payable in 2011. The Company had no other federal or foreign income tax expense during these periods as a result of net operating losses incurred by the Company's Taxable REIT Subsidiaries.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Deferred Taxes

Deferred tax assets and liabilities as of June 30, 2011 and December 31, 2010 are as follows:

	2011	2010
Deferred tax assets:		
Federal	\$8,082	\$8,589
Foreign	2,160	2,361
State	413	6,786
Total deferred tax assets	\$10,655	\$17,736
Valuation allowances	(6,782)	(10,199)
Net deferred tax assets	\$3,873	\$7,537
Deferred tax liabilities:		
Federal	\$618	\$607
State	239	4,171
Total deferred tax liabilities	\$857	\$4,778

The Company believes that it is more likely than not the results of future operations will generate sufficient taxable income to recognize the net deferred tax assets. These future operations are primarily dependent upon the Manager's profitability, the timing and amounts of gains on land sales, the profitability of the Company's Asia-Pacific operations, and other factors affecting the results of operations of the Taxable REIT Subsidiaries. The valuation allowances relate to net operating loss carryforwards and tax basis differences where there is uncertainty regarding their realizability.

Note 3 - Investments in Unconsolidated Joint Ventures

General Information

The Company owns beneficial interests in joint ventures that own shopping centers. The Operating Partnership is the direct or indirect managing general partner or managing member of these Unconsolidated Joint Ventures, except for the ventures that own Arizona Mills, The Mall at Millenia, and Waterside Shops.

Shopping Center	Ownership as of June 30, 2011 and December 31, 2010
Arizona Mills	50%
Fair Oaks	50
The Mall at Millenia	50
Stamford Town Center	50
Sunvalley	50
Waterside Shops	25
Westfarms	79

The Company's carrying value of its Investment in Unconsolidated Joint Ventures differs from its share of the partnership or members' equity reported in the combined balance sheet of the Unconsolidated Joint Ventures due to (i) the Company's cost of its investment in excess of the historical net book values of the Unconsolidated Joint Ventures and (ii) the Operating Partnership's adjustments to the book basis, including intercompany profits on sales of services

that are capitalized by the Unconsolidated Joint Ventures. The Company's additional basis allocated to depreciable assets is recognized on a straight-line basis over 40 years. The Operating Partnership's differences in bases are amortized over the useful lives of the related assets.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In its Consolidated Balance Sheet, the Company separately reports its investment in Unconsolidated Joint Ventures for which accumulated distributions have exceeded investments in and net income of the Unconsolidated Joint Ventures. The net equity of certain joint ventures is less than zero because distributions are usually greater than net income, as net income includes non-cash charges for depreciation and amortization. In addition, distributions related to refinancing of the centers will further decrease the net equity of the centers.

Combined Financial Information

Combined balance sheet and results of operations information is presented in the following table for the Unconsolidated Joint Ventures, followed by the Operating Partnership's beneficial interest in the combined operations information. Beneficial interest is calculated based on the Operating Partnership's ownership interest in each of the Unconsolidated Joint Ventures.

	June 30 2011	December 31 2010
Assets:		
Properties	\$1,097,724	\$1,092,916
Accumulated depreciation and amortization	(432,423)	(417,712)

Equity in income of Unconsolidated Joint Ventures	\$10,886	\$9,505	\$21,032	\$19,240

The estimated fair value of the Unconsolidated Joint Ventures' notes payable was \$1.2 billion at June 30, 2011 and December 31, 2010.

Note 4 - Beneficial Interest in Debt and Interest Expense

The Operating Partnership's beneficial interest in the debt, capitalized interest, and interest expense of its consolidated subsidiaries and its Unconsolidated Joint Ventures is summarized in the following table. The Operating Partnership's beneficial interest in the consolidated subsidiaries excludes debt and interest related to the noncontrolling interests in Cherry Creek Shopping Center (50%), International Plaza (49.9%), The Pier Shops at Caesars (The Pier Shops) (see Notes 1 and 2 below), The Mall at Wellington Green (10%), and MacArthur Center (MacArthur) (5%).

The Pier Shops is included at 100%. See "MD&A – Results of Operations – The Pier Shops and Regency Square

(2) Reconciliations of Net Operating Income to Net Income," regarding a change in the presentation of beneficial interest in The Pier Shops' operations in 2011.

Debt Covenants and Guarantees

Certain loan agreements contain various restrictive covenants, including a minimum net worth requirement, a maximum payout ratio on distributions, a minimum debt yield ratio, a maximum leverage ratio, minimum interest coverage ratios, and a minimum fixed charges coverage ratio, the latter being the most restrictive. This covenant requires that the Company maintain a minimum fixed charges coverage ratio of more than 1.5 over a trailing 12-month period. As of June 30, 2011, the Company's trailing 12-month fixed charges coverage ratio was 2.2. Other than The Pier Shops' and Regency Square loans, which are in default, the Company is in compliance with all of its covenants and loan obligations as of June 30, 2011. The default on these loans did not trigger any cross defaults on our other indebtedness. The maximum payout ratio on distributions covenant limits the payment of distributions generally to 95% of funds from operations, as defined in the loan agreements, except as required to maintain our tax status, pay preferred distributions, and for distributions related to the sale of certain assets.

Payments of principal and interest on the loans in the following table are guaranteed by the Operating Partnership as of June 30, 2011.

Center	Loan Balance as of 6/30/11 (in millions)	TRG's Beneficial Interest in Loan Balance as of 6/30/11	Amount of Loan Balance Guaranteed by TRG as of 6/30/11	% of Loan Balance Guaranteed by TRG	% of Interest Guaranteed by TRG
Dolphin Mall	—	—	—	100	% 100
Fairlane Town Center	\$20.0	\$20.0	\$20.0	100	100
Twelve Oaks Mall	—	—	—	100	100

The Company is required to escrow cash balances for specific uses stipulated by certain of its lenders. As of June 30, 2011 and December 31, 2010, the Company's cash balances restricted for these uses were \$6.9 million and \$7.6 million, respectively. Such amounts are included within Deferred Charges and Other Assets in the Company's Consolidated Balance Sheet.

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2011 Financings

In April 2011, the maturity date on the \$250 million loan on Fair Oaks, a 50% owned unconsolidated joint venture, was extended to April 2012. The rate on the loan had been fixed at 4.22% due to an interest rate swap that also matured in April 2011. The loan then reverted to a floating rate at LIBOR plus 1.40%. See "Note 11 - Subsequent Events" for information related to the refinancing of Fair Oaks in July 2011.

In February 2011, the maturity date on the Company's \$550 million primary line of credit was extended to February 2012. In March 2011, the maturity date on the Company's secondary line of credit was extended through April 2012. In addition, the maximum amount available under this facility was increased to \$65 million from the prior \$40 million maximum for the \$25 million letter of credit required by the lessor of the City Creek Center project. The availability under the line will revert to \$40 million when the obligation under the letter of credit is extinguished. See "Note 11 - Subsequent Events" for information related to the refinancing of the Company's primary line of credit in July 2011.

In January 2011, the International Plaza loan was extended to a maturity of January 2012. The principal balance on the loan was required to be paid down by \$52.6 million. The Company funded its \$26.4 million beneficial share of the paydown using its revolving line of credit. The principal on the loan is now \$272.4 million at 100%, and \$136.5 million at the Company's beneficial share. The rate on the loan had been fixed at 5.01% due to an interest rate swap that also matured in January 2011. The loan has now reverted to a floating rate at LIBOR plus 1.15%. The extended loan is prepayable at any time and has an additional one-year extension option.

Regency Square and The Pier Shops Loan Defaults

In June 2011, the \$72.2 million non-recourse loan encumbering Regency Square went into default. Under the terms of the loan agreement, interest accrues at the original stated rate of 6.75% plus a 4% default rate. The book value of the investment in Regency Square as of June 30, 2011 was approximately \$29 million.

The \$135 million non-recourse loan encumbering The Pier Shops is also in default. Under the terms of the loan agreement, interest accrues at the original stated rate of 6.01% plus a 4% default rate. The book value of the investment in The Pier Shops as of June 30, 2011 was approximately \$41 million. See Note 8 for more information on related litigation.

Regarding both Regency Square and The Pier Shops, a non-cash accounting gain will be recognized for each center when its loan obligation is extinguished upon transfer of title of the respective center. The gain will represent the difference between the book value of the debt, interest payable and other obligations extinguished over the net book value of the property and any other assets transferred. The administration of the loans has been turned over to the special servicers. The transition processes are not in the Company's control and the timing of transfer of title for each of the centers is uncertain. The Company will continue to record the operations of the centers and interest on the loans in its results until ownership of the centers has been transferred.

Note 5 - Noncontrolling Interests

Redeemable Noncontrolling Interests

In 2010, the Company's president of Taubman Asia (the Asia President) obtained an ownership interest in Taubman Asia, a consolidated subsidiary. The Asia President is entitled to 10% of Taubman Asia's dividends, with 85% of his

dividends being withheld as contributions to capital. Taubman Asia has the ability to call, and the Asia President has the ability to put, the Asia President's ownership interest, subject to certain conditions including the termination of the Asia President's employment and the expiration of certain required holding periods. The Company has determined that the Asia President's ownership interest in Taubman Asia qualifies as an equity award, considering its specific redemption provisions, and accounts for it as a contingently redeemable noncontrolling interest. At June 30, 2011, the interest had an immaterial redemption value. Adjustments to the redemption value are recorded through equity.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Also in 2010, the Company formed a joint venture that is focusing on developing and owning outlet shopping centers. The Company owns a 90% controlling interest and consolidates the venture, while the joint venture partner owns a 10% interest. At any time after June 2012, the Company will have the right to purchase the joint venture partner's entire interest and the joint venture partner will have the right to require the Company to purchase the joint venture partner's entire interest. Additionally, the parties each have a one-time put and/or call on the joint venture partner's interest in any stabilized centers, while still maintaining the ongoing joint venture relationship. Considering the redemption provisions, the Company accounts for the joint venture partner's interest as a contingently redeemable noncontrolling interest. At June 30, 2011, the interest had an immaterial redemption value. Adjustments to the redemption value are recorded through equity.

	\$17,595	\$13,521

Equity Transactions

The following schedule presents the effects of changes in Taubman Centers, Inc.'s ownership interest in consolidated subsidiaries on Taubman Centers, Inc.'s equity for the six months ended June 30, 2011 and June 30, 2010:

	2011	2010
Net income attributable to Taubman Centers, Inc. common shareowners	\$19,060	\$13,736
Transfers (to) from the noncontrolling interest –		
Decrease in Taubman Centers, Inc.'s paid-in capital for the adjustments of noncontrolling interest ⁽¹⁾	(40,762) (623
Net transfers (to) from noncontrolling interests	(40,762) (623
Change from net income attributable to Taubman Centers, Inc. and transfers (to) from noncontrolling interests	\$(21,702) \$13,113

In 2011 and 2010, adjustments of the noncontrolling interest were made as a result of changes in the Company's ownership of the Operating Partnership in connection with the Company's issuance of common stock (Note 1), share-based compensation under employee and director benefit plans (Note 7), and issuances of stock pursuant to the Continuing Offer (Note 8).

Finite Life Entities

Accounting Standards Codification Topic 480, "Distinguishing Liabilities from Equity" establishes standards for classifying and measuring as liabilities certain financial instruments that embody obligations of the issuer and have characteristics of both liabilities and equity. At June 30, 2011, the Company held controlling interests in consolidated entities with specified termination dates in 2081 and 2083. The noncontrolling owners' interests in these entities are to be settled upon termination by distribution or transfer of either cash or specific assets of the underlying entity. The estimated fair value of these noncontrolling interests was approximately \$208 million at June 30, 2011, compared to a book value of \$(71.5) million that is classified in Noncontrolling Interests in the Company's Consolidated Balance Sheet.

Note 6 - Derivative and Hedging Activities

Risk Management Objective and Strategies for Using Derivatives

The Company uses derivative instruments, such as interest rate swaps and interest rate caps, primarily to manage exposure to interest rate risks inherent in variable rate debt and refinancings. The Company may also enter into forward starting swaps or treasury lock agreements to set the effective interest rate on a planned fixed-rate financing. The Company's interest rate swaps involve the receipt of variable-rate amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount. Interest rate caps involve the receipt of variable-rate amounts from a counterparty if interest rates rise above the strike rate on the contract in exchange for an up-front premium. In a forward starting swap or treasury lock agreement that the Company cash settles in anticipation of a fixed rate financing or refinancing, the Company will receive or pay an amount equal to the present value of future cash flow payments based on the difference between the contract rate and market rate on the settlement date.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company does not use derivatives for trading or speculative purposes and currently does not have any derivatives that are not designated as hedging instruments under the accounting requirements for derivatives and hedging, except for two immaterial out-of-the-money interest rate caps, which mature in January 2012 and April 2012.

As of June 30, 2011, the Company had the following outstanding interest rate derivatives that were designated and are expected to be effective as cash flow hedges of the interest payments on the associated debt.

Instrument Type	Ownership	Notional Amount	Swap Rate	Credit Spread on Loan	Total Swapped Rate on Loan	Maturity Date
Consolidated Subsidiaries:						
Receive variable (LIBOR) /pay-fixed swap ⁽¹⁾	95	% \$131,000	2.64	% 2.35	% 4.99	% September 2020
Unconsolidated Joint Ventures:						
Receive variable (LIBOR) /pay-fixed swap	50	30,000	5.05	0.90	5.95	November 2012

(1) The notional amount of the swap is equal to the outstanding principal balance on the loan, which begins amortizing in September 2012.

Cash Flow Hedges of Interest Rate Risk

For derivative instruments that are designated and qualify as a cash flow hedge, the effective portion of the unrealized gain or loss on the derivative is reported as a component of Other Comprehensive Income (OCI). The ineffective portion of the change in fair value is recognized directly in earnings. Net realized gains or losses resulting from derivatives that were settled in conjunction with planned fixed-rate financings or refinancings continue to be included in Accumulated Other Comprehensive Income (Loss) (AOCI) during the term of the hedged debt transaction.

Amounts reported in AOCI related to currently outstanding derivatives are recognized as an adjustment to income as interest payments are made on the Company's variable-rate debt. Realized gains or losses on settled derivative instruments included in AOCI are recognized as an adjustment to income over the term of the hedged debt transaction.

The Company expects that approximately \$4.7 million of the AOCI of Taubman Centers, Inc. and the noncontrolling interests will be reclassified from AOCI and recognized as a reduction of income in the following 12 months.

As of June 30, 2011, the Company had \$1.9 million of net realized losses included in AOCI resulting from settled derivative instruments, which were designated as cash flow hedges that are being recognized as a reduction of income over the term of the hedged debt.

The following tables present the effect of derivative instruments on the Company's Consolidated Statement of Operations and Comprehensive Income for the three and six months ended June 30, 2011 and June 30, 2010. The tables include the location and amount of unrealized gains and losses on outstanding derivative instruments in cash flow hedging relationships and the location and amount of realized losses reclassified from AOCI into income resulting from settled derivative instruments associated with hedged debt.

Interest rate contracts – UJVs	Investment in UJVs	\$(920)	(1,964)
Total liabilities designated as hedging instruments		\$(920)	\$(2,255)

Contingent Features

Certain of the Company's outstanding derivatives contain provisions that state if the hedged entity defaults on any of its indebtedness in excess of \$1 million, then the derivative obligation could also be declared in default. As of June 30, 2011, the Company is not in default on any debt obligations that would trigger a credit risk related default on its current outstanding derivatives.

As of June 30, 2011 and December 31, 2010, the fair value of derivative instruments with credit-risk-related contingent features that are in a liability position was \$0.9 million and \$2.3 million, respectively. As of June 30, 2011 and December 31, 2010, the Company was not required to post any collateral related to these agreements. If the Company breached any of these provisions it would be required to settle its obligations under the agreements at their fair value. See Note 10 for fair value information on derivatives.

Note 7 - Share-Based Compensation

The Taubman Company 2008 Omnibus Long-Term Incentive Plan (2008 Omnibus Plan), as amended, which is shareowner approved, provides for the award to directors, officers, employees, and other service providers of the Company of restricted shares, restricted units of limited partnership in the Operating Partnership, options to purchase shares or Operating Partnership units, unrestricted shares or Operating Partnership units, and other awards to acquire up to an aggregate of 8.5 million Company common shares or Operating Partnership units. In addition, non-employee directors have the option to defer their compensation, other than their meeting fees, under a deferred compensation plan.

Non-option awards granted after an amendment of the 2008 Omnibus Plan in 2010 are deducted at a ratio of 1.85 Company common shares or Operating Partnership units, while non-option awards granted prior to the amendment continue to be deducted at a ratio of 2.85. Options are deducted on a one-for-one basis. The amount available for future grants is adjusted when the number of contingently issuable shares or units are settled, for grants that are

forfeited, and for options that expire without being exercised.

Prior to the adoption of the 2008 Omnibus Plan, the Company provided share-based compensation through an incentive option plan, a long-term incentive plan, and non-employee directors' stock grant and deferred compensation plans.

The compensation cost charged to income for the Company's share-based compensation plans was \$2.2 million and \$4.6 million for the three and six months ended June 30, 2011, respectively. The compensation cost charged to income for the Company's share-based compensation plans was \$2.4 million and \$3.9 million for the three and six months ended June 30, 2010, respectively. Compensation cost capitalized as part of properties and deferred leasing costs was approximately \$0.1 million and \$0.2 million for the three months and six months ended June 30, 2011, respectively, and approximately \$0.1 million and \$0.2 million for the three months and six months ended June 30, 2010, respectively.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company currently recognizes no tax benefits from the recognition of compensation cost or tax deductions incurred upon the exercise or vesting of share-based awards. Allocations of compensation cost or deduction to the Company's corporate taxable REIT subsidiaries from the Company's Manager, which is treated as a partnership for federal income tax purposes, have not resulted in the recognition of tax benefits due to the Company's current income tax position (Note 2).

The Company estimated the grant-date fair values of options, performance share units, and restricted share units using the methods discussed in the separate sections below for each type of grant. Expected volatility and dividend yields are based on historical volatility and yields of the Company's common stock, respectively, as well as other factors. The risk-free interest rates used are based on the U.S. Treasury yield curves in effect at the times of grants. The Company assumes no forfeitures of options or performance share units due to the small number of participants and low turnover rate.

Options

A summary of option activity for the six months ended June 30, 2011 is presented below:

	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (in years)	Range of Exercise Prices	
Outstanding at January 1, 2011	1,452,781	\$37.00	5.7	\$13.83	-\$55.90
Outstanding at June 30, 2011	1,452,781	\$37.00	5.2	\$13.83	-\$55.90
Fully vested options at June 30, 2011	1,244,452	\$38.00	5.4		

There were 0.1 million options that vested during the six months ended June 30, 2011.

The aggregate intrinsic value (the difference between the period end stock price and the option exercise price) of in-the-money options outstanding and in-the-money fully vested options as of June 30, 2011 was \$32.2 million and \$26.4 million, respectively.

No options were exercised during the six months ended June 30, 2011. The total intrinsic value of options exercised during the six months ended June 30, 2010 was \$3.9 million. Cash received from option exercises for the six months ended June 30, 2010 was \$3.1 million.

As of June 30, 2011, there were 0.2 million nonvested options outstanding, and \$0.1 million of total unrecognized compensation cost related to nonvested options. The remaining cost is expected to be recognized within one year.

Under both the prior option plan and the 2008 Omnibus Plan, vested unit options can be exercised by tendering mature units with a market value equal to the exercise price of the unit options. In 2002, Robert S. Taubman, the Company's chief executive officer, exercised options for 3.0 million units by tendering 2.1 million mature units and deferring receipt of 0.9 million units under the unit option deferral election. As the Operating Partnership pays distributions, the deferred option units receive their proportionate share of the distributions in the form of cash payments. Under an amendment executed in January 2011, beginning in December 2017 (unless Mr. Taubman retires

earlier), the deferred partnership units will be issued in ten annual installments. The deferred units are accounted for as participating securities of the Operating Partnership.

Performance Share Units

In March 2011, the Company granted Performance Share Units (PSU) under the 2008 Omnibus Plan. Each PSU represents the right to receive, upon vesting, shares of the Company's common stock ranging from 0-300% of the PSU based on the Company's market performance relative to that of a peer group. The vesting date is three years from the grant date, if continuous service has been provided, or upon retirement or certain other events if earlier. No dividends accumulate during the vesting period.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company estimated the value of the PSU granted in March 2011 using a Monte Carlo simulation, considering the Company's common stock price at the grant date less the present value of the expected dividends during the vesting period, historical returns of the Company and the peer group of companies, a risk-free interest rate of 1.18%, and a measurement period of 3 years. The resulting weighted average grant-date fair value was \$85.40 per PSU.

A summary of PSU activity for the six months ended June 30, 2011 is presented below:

	Number of Performance Stock Units	Weighted Average Grant Date Fair Value
Outstanding at January 1, 2011	272,356	\$28.88
Granted	53,795	\$85.40
Outstanding at June 30, 2011	326,151	\$38.20

None of the PSU outstanding at June 30, 2011 were vested. As of June 30, 2011, there was \$7.4 million of total unrecognized compensation cost related to nonvested PSU outstanding. This cost is expected to be recognized over an average period of 2.1 years.

Restricted Share Units

In March 2011 and June 2011, restricted share units (RSU) were issued under the 2008 Omnibus Plan and represent the right to receive upon vesting one share of the Company's common stock. The units vest in March 2014, if continuous service has been provided through that period, or upon retirement or certain other events if earlier. No dividends accumulate during the vesting period.

The Company estimated the value of the RSU grants in March 2011 and June 2011 using the Company's common stock at the grant date deducting the present value of expected dividends during the vesting period using risk-free rates of 1.18% and 0.78%, respectively. The result of the Company's valuation was a weighted average grant-date fair value of \$47.98 per RSU granted in March 2011, and \$53.65 per RSU granted in June 2011.

A summary of Restricted Share Units (RSU) activity for the six months ended June 30, 2011 is presented below:

	Number of Restricted Stock Units	Weighted Average Grant Date Fair Value
Outstanding at January 1, 2011	617,884	\$22.72
Redeemed	(113,684) 50.21
Granted March 2011	105,391	47.98
Granted June 2011	1,972	53.65
Forfeited	(1,484) 18.76
Outstanding at June 30, 2011	610,079	\$22.07

All of the RSU outstanding at June 30, 2011 were nonvested. As of June 30, 2011, there was \$7.4 million of total unrecognized compensation cost related to nonvested RSU outstanding. This cost is expected to be recognized over an average period of 2.1 years.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 8 - Commitments and Contingencies

Cash Tender

At the time of the Company's initial public offering and acquisition of its partnership interest in the Operating Partnership in 1992, the Company entered into an agreement (the Cash Tender Agreement) with A. Alfred Taubman, who owns an interest in the Operating Partnership, whereby he has the annual right to tender to the Company partnership units in the Operating Partnership (provided that the aggregate value is at least \$50 million) and cause the Company to purchase the tendered interests at a purchase price based on a market valuation of the Company on the trading date immediately preceding the date of the tender. At A. Alfred Taubman's election, his family may participate in tenders. The Company will have the option to pay for these interests from available cash, borrowed funds, or from the proceeds of an offering of the Company's common stock. Generally, the Company expects to finance these purchases through the sale of new shares of its stock. The tendering partner will bear all market risk if the market price at closing is less than the purchase price and will bear the costs of sale. Any proceeds of the offering in excess of the purchase price will be for the sole benefit of the Company. The Company accounts for the Cash Tender Agreement between the Company and Mr. Taubman as a freestanding written put option. As the option put price is defined by the current market price of the Company's stock at the time of tender, the fair value of the written option defined by the Cash Tender Agreement is considered to be zero.

Based on a market value at June 30, 2011 of \$59.20 per common share, the aggregate value of interests in the Operating Partnership that may be tendered under the Cash Tender Agreement was approximately \$1.4 billion. The purchase of these interests at June 30, 2011 would have resulted in the Company owning an additional 29% interest in the Operating Partnership.

Continuing Offer

The Company has made a continuing, irrevocable offer to all present holders (other than certain excluded holders, including A. Alfred Taubman), permitted assignees of all present holders, those future holders of partnership interests in the Operating Partnership as the Company may, in its sole discretion, agree to include in the continuing offer, all existing optionees under the previous option plan, and all existing and future optionees under the 2008 Omnibus Plan to exchange shares of common stock for partnership interests in the Operating Partnership (the Continuing Offer). Under the Continuing Offer agreement, one unit of the Operating Partnership interest is exchangeable for one share of the Company's common stock. Upon a tender of Operating Partnership units, the corresponding shares of Series B Preferred Stock, if any, will automatically be converted into the Company's common stock at a rate of 14,000 shares of Series B Preferred Stock for one common share.

Litigation

In April 2009, two restaurant owners, their two restaurants, and their principal filed a lawsuit in United States District Court for the Eastern District of Pennsylvania (Case No. CV01619) against Atlantic Pier Associates LLC ("APA", the owner of the leasehold interest in The Pier Shops), the Operating Partnership, Taubman Centers, Inc., the Manager, the owners of APA and certain affiliates of such owners, and a former employee of one of such affiliates. The plaintiffs are alleging the defendants misrepresented and concealed the status of certain tenant leases at The Pier Shops and that such status was relied upon by the plaintiffs in making decisions about their own leases. The plaintiffs are seeking damages exceeding \$20 million, rescission of their leases, exemplary or punitive damages, costs and

expenses, attorney's fees, return of certain rent, and other relief as the court may determine. The lawsuit is in the discovery phase and the defendants are vigorously defending it. The outcome of this lawsuit cannot be predicted with any certainty and management is currently unable to estimate an amount or range of potential loss that could result if an unfavorable outcome occurs. While management does not believe that an adverse outcome in this lawsuit would have a material adverse effect on the Company's financial condition, there can be no assurance that an adverse outcome would not have a material effect on the Company's results of operations for any particular period.

In April 2010, the holder of the loan on The Pier Shops filed a mortgage foreclosure complaint in the United States District Court for the District of New Jersey (Case No. CV01755) against APA. The plaintiff seeks to establish the amounts due under The Pier Shops' mortgage loan agreement, foreclose all right, title, and lien which APA has in The Pier Shops' leasehold interest, obtain possession of the property, and order a foreclosure sale of the property to satisfy the amounts due under the loan. In March 2011, a consent judgment of foreclosure was entered by the Court. The completion of the foreclosure process is not in the Company's control and the timing of transfer of title is uncertain. Upon completion of the foreclosure sale, the ownership of The Pier Shops will be transferred in satisfaction of the obligations under the debt.

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

See Note 4 for the Operating Partnership's guarantees of certain notes payable, Note 5 for contingent features relating to certain joint venture agreements, Note 6 for contingent features relating to derivative instruments, and Note 7 for obligations under existing share-based compensation plans.

Note 9 - Earnings Per Share

Basic earnings per share amounts are based on the weighted average of common shares outstanding for the respective periods. Diluted earnings per share amounts are based on the weighted average of common shares outstanding plus the dilutive effect of potential common stock. Potential common stock includes outstanding partnership units exchangeable for common shares under the Continuing Offer (Note 8), outstanding options for partnership units, PSU, RSU, deferred shares under the Non-Employee Directors' Deferred Compensation Plan, and unissued partnership units under a unit option deferral election (Note 7). In computing the potentially dilutive effect of potential common stock, partnership units are assumed to be exchanged for common shares under the Continuing Offer, increasing the weighted average number of shares outstanding. The potentially dilutive effects of partnership units outstanding and/or issuable under the unit option deferral elections are calculated using the if-converted method, while the effects of other potential common stock are calculated using the treasury method. Contingently issuable shares are included in diluted EPS based on the number of shares, if any, that would be issuable if the end of the reporting period were the end of the contingency period.

As of June 30, 2011, there were 7.4 million partnership units outstanding and 0.9 million unissued partnership units under unit option deferral elections that may be exchanged for common shares of the Company under the Continuing Offer. These outstanding partnership units and unissued units were excluded from the computation of diluted earnings per share as they were anti-dilutive in all periods presented. Also, there were out-of-the-money options for 15 thousand and 0.2 million shares for the three and six months ended June 30, 2011, respectively, and 0.5 million and 0.6 million shares for the three and six months ended June 30, 2010, respectively, that were excluded from the computation of diluted EPS because they were anti-dilutive.

	Three Months Ended June 30		Six Months Ended June 30	
	2011	2010	2011	2010
Net income attributable to Taubman Centers, Inc. common shareowners (Numerator):				
Basic	\$8,344	\$7,453	\$19,060	\$13,736
Impact of additional ownership of TRG	86	57	184	104
Diluted	\$8,430	\$7,510	\$19,244	\$13,840
Shares (Denominator) – basic	56,186,216	54,550,964	55,875,329	54,454,579
Effect of dilutive securities	1,583,249	1,060,923	1,501,547	1,036,356
Shares (Denominator) – diluted	57,769,465	55,611,887	57,376,876	55,490,935
Earnings per common share – basic	\$0.15	\$0.14	\$0.34	\$0.25
Earnings per common share – diluted	\$0.15	\$0.14	\$0.34	\$0.25

Note 10 - Fair Value Disclosures

This note contains required fair value disclosures for assets and liabilities remeasured at fair value on a recurring basis and financial instruments carried at other than fair value, as well as assumptions employed in deriving these fair values.

21

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Recurring Valuations

Derivative Instruments

The fair value of interest rate hedging instruments is the amount that the Company would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the reporting date. The Company's valuations of its derivative instruments are determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative, and therefore fall into Level 2 of the fair value hierarchy. The valuations reflect the contractual terms of the derivatives, including the period to maturity, and use observable market-based inputs, including forward curves. The fair values of interest rate hedging instruments also incorporate credit valuation adjustments to appropriately reflect both the Company's own nonperformance risk and the respective counterparty's nonperformance risk.

Marketable Securities

The Company's valuations of marketable securities, which are considered to be available-for-sale, and an insurance deposit utilize unadjusted quoted prices determined by active markets for the specific securities the Company has invested in, and therefore fall into Level 1 of the fair value hierarchy.

For assets and liabilities measured at fair value on a recurring basis, quantitative disclosure of the fair value for each major category of assets and liabilities is presented below:

Description	Fair Value Measurements as of June 30, 2011 Using		Fair Value Measurements as of December 31, 2010 Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Available-for-sale securities	\$2,233		\$2,061	
Derivative interest rate contract		\$3,012		\$4,856
Insurance deposit	10,900		10,135	
Total assets	\$13,133	\$3,012	\$12,196	\$4,856
Derivative interest rate contract				\$(291)
Total liabilities				\$(291)

The insurance deposit shown above represents an escrow account maintained in connection with a property and casualty insurance arrangement for the Company's shopping centers, and is classified within Deferred Charges and Other Assets. Corresponding deferred revenue relating to amounts billed to tenants for this arrangement has been classified within Accounts Payable and Other Liabilities.

The available-for-sale securities shown above consist of marketable securities that represent shares in a Vanguard REIT fund that were purchased to facilitate a tax efficient structure for the 2005 disposition of Woodland mall and is classified within Deferred Charges and Other Assets.

Table of Contents

TAUBMAN CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Financial Instruments Carried at Other Than Fair Values

Community Development District Obligation

The owner of one shopping center pays annual special assessment levies of a Community Development District (CDD), which provided certain infrastructure assets and improvements. As the amount and period of the special assessments were determinable, the Company capitalized the infrastructure assets and improvements and recognized an obligation for the future special assessments to be levied. At June 30, 2011 and December 31, 2010, the book value of the infrastructure assets and improvements, net of depreciation, was \$42.6 million and \$43.6 million, respectively. The related obligation is classified within Accounts Payable and Accrued Liabilities and had a balance of \$62.6 million at June 30, 2011 and December 31, 2010. The fair value of this obligation, derived from quoted market prices, was \$57.1 million at June 30, 2011 and \$56.8 million at December 31, 2010.

Notes Payable

The fair value of notes payable is estimated based on quoted market prices, if available. If no quoted market prices are available, the fair value of notes payable are estimated using cash flows discounted at current market rates. When selecting discount rates for purposes of estimating the fair value of notes payable at June 30, 2011 and December 31, 2010, the Company employed the credit spreads at which the debt was originally issued. Excluding 2010 refinancings, an additional 1.25% credit spread was added to the discount rate at June 30, 2011 and 1.50% credit spread at December 31, 2010, to attempt to account for current market conditions. This additional spread is an estimate and is not necessarily indicative of what the Company could obtain in the market at the reporting date. The Company does not believe that the use of different interest rate assumptions would have resulted in a materially different fair value of notes payable as of June 30, 2011 or December 31, 2010. To further assist financial statement users, the Company has included with its fair value disclosures an analysis of interest rate sensitivity. The fair values of the loans on The Pier Shops and Regency Square, at June 30, 2011 and December 31, 2010, have been estimated at the fair value of the centers, which are collateral for the loans (Note 4).

The estimated fair values of notes payable at June 30, 2011 and December 31, 2010 are as follows:

	2011		2010	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Notes payable	\$2,504,342	\$2,501,310	\$2,656,560	\$2,616,986

The fair values of the notes payable are dependent on the interest rates used in estimating the values. An overall 1% increase in rates employed in making these estimates would have decreased the fair values of the debt shown above at June 30, 2011 by \$71.2 million or 2.8%.

See Note 3 regarding the fair value of the Unconsolidated Joint Ventures' notes payable, and Note 6 regarding additional information on derivatives.

Note 11 - Subsequent Events

In July 2011, the Company refinanced its primary line of credit. The new line of credit increased the borrowing capacity to \$650 million, and matures in January 2015 with a 1-year extension option. The borrowing rate on the facility is LIBOR plus 1.75%, up from LIBOR plus 0.7%.

In July 2011, a \$275 million non-recourse refinancing was completed on Fair Oaks, which bears interest at one-month LIBOR plus 1.70% and matures in July 2018. The rate on the loan has been swapped to an all-in fixed rate of 4.27% through April 2018. The loan is interest only until August 2014, and then the loan payments are based on amortizing principal over 25 years. The existing \$250 million floating rate loan was paid off and the Company's \$11.1 million beneficial share of excess proceeds was used to pay down its lines of credit.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Management's Discussion and Analysis of Financial Condition and Results of Operations contains various "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements represent our expectations or beliefs concerning future events, including the following: statements regarding future developments and joint ventures, rents, returns, and earnings; statements regarding the continuation of trends; and any statements regarding the sufficiency of our cash balances and cash generated from operating, investing, and financing activities for our future liquidity and capital resource needs. We caution that although forward-looking statements reflect our good faith beliefs and reasonable judgment based upon current information, these statements are qualified by important factors that could cause actual results to differ materially from those in the forward-looking statements, because of risks, uncertainties, and factors including, but not limited to, the continuing impacts of the U.S. recession and global credit environment, other changes in general economic and real estate conditions, changes in the interest rate environment and the availability of financing, and adverse changes in the retail industry. The forward-looking statements included in this report are made as of the date hereof. Except as required by law, we assume no obligation to update these forward-looking statements, even if new information becomes available in the future. Other risks and uncertainties are detailed from time to time in reports filed with the SEC, and in particular those set forth under "Risk Factors" in our most recent Annual Report on Form 10-K. The following discussion should be read in conjunction with the accompanying consolidated financial statements of Taubman Centers, Inc. and the notes thereto.

General Background and Performance Measurement

Taubman Centers, Inc. (TCO) is a Michigan corporation that operates as a self-administered and self-managed real estate investment trust (REIT). The Taubman Realty Group Limited Partnership (the Operating Partnership or TRG) is a majority-owned partnership subsidiary of TCO, which owns direct or indirect interests in all of our real estate properties. In this report, the terms "we", "us", and "our" refer to TCO, the Operating Partnership, and/or the Operating Partnership's subsidiaries as the context may require. We own, manage, lease, acquire, dispose of, develop, and expand regional and super-regional shopping centers. The Consolidated Businesses consist of shopping centers and entities that are controlled by ownership or contractual agreements, The Taubman Company LLC (Manager), and Taubman Properties Asia LLC and its subsidiaries (Taubman Asia). Shopping centers owned through joint ventures that are not controlled by us but over which we have significant influence (Unconsolidated Joint Ventures) are accounted for under the equity method.

References in this discussion to "beneficial interest" refer to our ownership or pro-rata share of the item being discussed. Also, the operations of the shopping centers are often best understood by measuring their performance as a whole, without regard to our ownership interest. Consequently, in addition to the discussion of the operations of the Consolidated Businesses, the operations of the Unconsolidated Joint Ventures are presented and discussed as a whole. All operating statistics provided exclude The Pier Shops at Caesars (The Pier Shops) and Regency Square. See "Results of Operations – The Pier Shops and Regency Square" and "The Pier Shops and Regency Square Reconciliations of Net Operating Income to Net Income" for background and information on operations of these centers.

Use of Non-GAAP Measures

We use Net Operating Income (NOI) as an alternative measure to evaluate the operating performance of centers, both on individual and stabilized portfolio bases. We define NOI as property-level operating revenues (includes rental income excluding straightline adjustments of minimum rent) less maintenance, taxes, utilities, promotion, ground rent (including straightline adjustments), and other property operating expenses. Since NOI excludes general and administrative expenses, pre-development charges, interest income and expense, depreciation and amortization, and also impairment charges, restructuring charges, and gains from land and property dispositions, if any, it provides a

performance measure that, when compared period over period, reflects the revenues and expenses most directly associated with owning and operating rental properties, as well as the impact on their operations from trends in tenant sales, occupancy and rental rates, and operating costs. We also use NOI excluding lease cancellation income as an alternative measure because this income may vary significantly from period to period, which can affect comparability and trend analysis. We generally provide separate projections for expected NOI growth and our lease cancellation income.

The operating results in “Results of Operations” include the supplemental earnings measures of Beneficial Interest in EBITDA and Funds from Operations (FFO). Beneficial Interest in EBITDA represents our share of the earnings before interest, income taxes, and depreciation and amortization of our consolidated and unconsolidated businesses. We believe Beneficial Interest in EBITDA provides a useful indicator of operating performance, as it is customary in the real estate and shopping center business to evaluate the performance of properties on a basis unaffected by capital structure.

Table of Contents

The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as net income (computed in accordance with Generally Accepted Accounting Principles (GAAP)), excluding gains from extraordinary items and sales of properties, plus real estate related depreciation and after adjustments for unconsolidated partnerships and joint ventures. We believe that FFO is a useful supplemental measure of operating performance for REITs. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, we and most industry investors and analysts have considered presentations of operating results that exclude historical cost depreciation to be useful in evaluating the operating performance of REITs.

We primarily use FFO in measuring performance and in formulating corporate goals and compensation. We may also present adjusted versions of NOI, Beneficial Interest in EBITDA, and FFO when used by management to evaluate our operating performance when certain significant items have impacted our results that affect comparability with prior or future periods due to the nature or amounts of these items.

Our presentations of NOI, Beneficial Interest in EBITDA, FFO, and also adjusted versions of these measures, if any, are not necessarily comparable to the similarly titled measures of other REITs due to the fact that not all REITs use the same definitions. These measures should not be considered alternatives to net income or as an indicator of our operating performance. Additionally, these measures do not represent cash flows from operating, investing or financing activities as defined by GAAP. Reconciliations of Net Income Attributable to Taubman Centers, Inc. Common Shareowners to Funds from Operations, Net Income to Beneficial Interest in EBITDA, and Net Income to Net Operating Income are presented following the Comparison of the Six Months Ended June 30, 2011 to the Six Months Ended June 30, 2010.

Current Operating Trends

We continue to see positive signs of stabilization in the economy and capital markets. The retail environment has shown improvement and retailers are becoming more optimistic with their expansion plans and capital allocation decisions. Our tenant sales continue to be strong and the momentum which gained strength throughout 2010 has clearly continued into 2011.

Our mall tenants reported a 14.1% increase in sales per square foot in the second quarter of 2011 from the same period in 2010. This increase is on top of an over 12% increase in the second quarter of 2010. For the twelve month period ended June 30, 2011, mall tenant sales were \$600 per square foot, which is a significant milestone for our company. We have had six quarters of double digit mall tenant sales per square foot growth. Overall this positive sales environment has helped us make excellent progress in our leasing for 2011.

Tenant sales and sales per square foot information are operating statistics used in measuring the productivity of the portfolio and are based on reports of sales furnished by mall tenants. Sales are the most important measure of a portfolio's overall strength and the best predictor of the leasing environment ahead. Over the long term, the level of mall tenant sales is the single most important determinant of revenues of the shopping centers because mall tenants provide approximately 90% of these revenues and mall tenant sales determine the amount of rent, percentage rent, and recoverable expenses (together, total occupancy costs) that mall tenants can afford to pay. However, levels of mall tenant sales can be considerably more volatile in the short run than total occupancy costs, and may be impacted significantly, either positively or negatively, by the success or lack of success of a small number of tenants or even a single tenant.

Sales directly impact the amount of percentage rents certain tenants and anchors pay. The effects of increases or declines in sales on our operations are moderated by the relatively minor share of total rents that percentage rents

represent of total rents.

While sales are critical over the long term, the high quality regional mall business has been a very stable business model with its diversity of income from thousands of tenants, its staggered lease maturities, and high proportion of fixed rent. However, a sustained trend in sales does impact, either negatively or positively, our ability to lease vacancies and negotiate rents at advantageous rates.

In the second quarter of 2011, ending occupancy was 88.2% compared to 88.0% in the second quarter of 2010. We now expect occupancy to end the year up less than 0.5% over 2010. Temporary tenants, defined as those with lease terms less than or equal to a year, are not included in occupancy or leased space statistics. Temporary tenant leasing continues to be strong and as of June 30, 2011, approximately 3.6% of mall tenant space was occupied by temporary tenants, compared to 3.4% in the second quarter of 2010. See "Seasonality" for occupancy and leased space statistics.

25

Table of Contents

Leased space was 90.9% at June 30, 2011 and June 30, 2010. The difference between leased space and occupancy is that leased space includes spaces where leases have been signed but the tenants are not yet open. Neither statistic includes temporary tenants. We view occupancy as more relevant to operating results as it represents those spaces upon which we are currently collecting rent from permanent tenants. Finally, the spread between leased space and occupied space, at 2.7% this quarter, is consistent with our history of 2% to 3% in the second quarter.

As leases have expired in the centers, we have generally been able to rent the available space, either to the existing tenant or a new tenant, at rental rates that are higher than those of the expired leases. Generally, center revenues have increased as older leases rolled over or were terminated early and replaced with new leases negotiated at current rental rates that were usually higher than the average rates for existing leases. In periods of increasing sales, as we are experiencing now, rents on new leases will generally tend to rise. In periods of slower growth or declining sales, rents on new leases will grow more slowly or will decline for the opposite reason, as tenants' expectations of future growth become less optimistic.

Rent per square foot statistics are computed using contractual rentals per the tenant lease agreements, which reflect any lease modifications, including those for rental concessions. Rent per square foot information for our Consolidated Businesses and Unconsolidated Joint Ventures follows:

	Three Months Ended June 30		Six Months Ended June 30	
	2011	2010	2011	2010
Average rent per square foot:				
Consolidated Businesses	\$45.44	\$43.64	\$45.36	\$43.64
Unconsolidated Joint Ventures	45.20	43.64	45.14	43.72
Combined	45.36	43.64	45.30	43.66
			Trailing 12 Months Ended June 30	
			2011 (1)	2010 (1)
Opening base rent per square foot:				
Consolidated Businesses			\$56.64	\$49.68
Unconsolidated Joint Ventures			49.78	43.41
Combined			55.09	47.66
Square feet of GLA opened:				
Consolidated Businesses			778,386	522,316
Unconsolidated Joint Ventures			226,149	248,778
Combined			1,004,535	771,094
Closing base rent per square foot:				
Consolidated Businesses			\$49.02	\$45.50
Unconsolidated Joint Ventures			47.71	48.27
Combined			48.71	46.28
Square feet of GLA closed:				
Consolidated Businesses			844,689	641,927
Unconsolidated Joint Ventures			268,348	250,531
Combined			1,113,037	892,458
Releasing spread per square foot:				
Consolidated Businesses			\$7.62	\$4.18
Unconsolidated Joint Ventures			2.07	(4.86)
Combined			6.38	1.38

(1) Opening and closing statistics exclude spaces greater than or equal to 10,000 square feet.

26

Table of Contents

Average rent per square foot across our portfolio, including both consolidated and unconsolidated properties, was up 3.9% for this quarter and up 3.8% for the six month period. We expect the increase in total average rent per square foot for the year to be slightly above 3% for 2011. The spread between opening and closing rents may not be indicative of future periods, as this statistic is not computed on comparable tenant spaces, and can vary significantly from period to period depending on the total amount, location, and average size of tenant space opening and closing in the period. Opening rent per square foot for the trailing 12 months was up 15.6% as of June 30, 2011. We expect the year to moderate from this percentage to a rate likely in the high single digits.

Seasonality

The regional shopping center industry is seasonal in nature, with mall tenant sales highest in the fourth quarter due to the Christmas season, and with lesser, though still significant, sales fluctuations associated with the Easter holiday and back-to-school period. While minimum rents and recoveries are generally not subject to seasonal factors, most leases are scheduled to expire in the first quarter, and the majority of new stores open in the second half of the year in anticipation of the Christmas selling season. Additionally, most percentage rents are recorded in the fourth quarter. Accordingly, revenues and occupancy levels are generally highest in the fourth quarter. Gains on sales of peripheral land and lease cancellation income may vary significantly from quarter to quarter.

	2 nd Quarter 2011	1 st Quarter 2011	Total 2010	4 th Quarter 2010	3 rd Quarter 2010	2 nd Quarter 2010	1 st Quarter 2010
(in thousands, except occupancy and leased space data)							
Mall tenant sales ⁽¹⁾	\$ 1,182,236	\$ 1,114,951	\$ 4,619,896	\$ 1,487,634	\$ 1,085,195	\$ 1,052,274	\$ 994,793
Revenues and gains on land sales and other nonoperating income:							
Consolidated Businesses	156,046	155,647	657,360	195,036	155,454	155,232	151,638
Unconsolidated Joint Ventures	62,923	63,364	270,393	77,553	65,777	63,711	63,352
Occupancy and leased space:							
Ending occupancy	88.2	% 87.9	% 90.1	% 90.1	% 88.6	% 88.0	% 88.2
Average occupancy	88.2	88.2	88.8	89.9	88.4	88.2	88.5
Leased space	90.9	90.5	92.0	92.0	91.8	90.9	91.3

(1)Based on reports of sales furnished by mall tenants.

Because the seasonality of sales contrasts with the generally fixed nature of minimum rents and recoveries, mall tenant occupancy costs (the sum of minimum rents, percentage rents, and expense recoveries) as a percentage of sales are considerably higher in the first three quarters than they are in the fourth quarter.

Results of Operations

In addition to the trends in our operations disclosed in the preceding sections, the following sections discuss certain transactions that affected operations in the three and six month periods ended June 30, 2011 and June 30, 2010, or are expected to impact operations in the future.

The Pier Shops and Regency Square

The non-recourse loans on The Pier Shops and Regency Square are in default. Under the terms of the loan agreements, interest accrues at the original stated rate of 6.01% plus a 4% default rate for The Pier Shops and 6.75% plus a 4% default rate for Regency Square. Although we are no longer funding any cash shortfalls, we continue to record the operations of the centers and interest on the loans in our results until titles for the centers have been transferred and our obligations for the loans are extinguished. The transition processes for both loans are not in our control and the timing of transfers of titles is uncertain. We expect the non-cash impact of owning The Pier Shops and Regency Square to result in earnings charges in 2011 of about \$(23) million and \$(5.5) million, respectively. The impact excluding depreciation and amortization is expected to be about \$(17) million and \$(3) million for The Pier Shops and Regency Square, respectively. In addition, significant non-cash accounting gains, representing the difference between the book value of the debt, interest payable and other obligations extinguished over the net book value of the property and any other assets transferred, will be recognized when the loan obligations are extinguished upon transfer of title of The Pier Shops and Regency Square. The book value of the investments in The Pier Shops and Regency Square as of June 30, 2011 was approximately \$41 million and \$29 million, respectively.

Center Operations

The NOI of our centers in the second quarter of 2011 was up 4.8% over the same period in 2010, excluding lease cancellation income, primarily due to increased rents and recoveries. For the six months ended June 30, 2011, NOI excluding lease cancellation income was up 4.9% from the comparable period in 2010. The variance relating to

recoveries was due primarily to a change in our methodology for allocating the revenue from our fixed CAM tenants over the year, as further described below. We expect that NOI of our centers, excluding lease cancellation income, will be up about 2% for the full year 2011. Given our NOI growth to date, we therefore are expecting the second half of the year to be about flat. We now estimate lease cancellation income to be about \$4 million to \$5 million for 2011. See “General Background and Performance Measurement – Use of Non-GAAP Measures” for the definition and discussion of NOI and see “Reconciliation of Net Income to NOI.”

Table of Contents

Prior to 2011, quarterly CAM recovery revenue was recognized based on an anticipated overall recovery rate, applied to recoverable CAM expenses incurred. Now with the increasing number of fixed CAM tenants, there is less relationship between such recoveries and expenses. Effective January 1, 2011, we are recognizing the fixed CAM revenue when billable under tenant leases, generally as fixed monthly amounts over the lease year, while continuing the overall recovery rate methodology for triple-net tenants. This caused a favorable impact during first and second quarters of 2011 and we expect a positive impact in the third quarter as well, with an offsetting unfavorable impact expected in the fourth quarter. However, this change in interim revenue recognition only impacts seasonality and will not affect the annual recoveries ratio for the full year. We expect the recoveries ratio to be slightly down from 2010. CAM capital will be somewhat down for the year, most significantly in the fourth quarter which was unusually high in the fourth quarter of 2010. With the increased number of fixed CAM leases, we do expect increased volatility in our quarterly net recoveries revenue, as the income from fixed CAM tenants will be recognized evenly over the year, while expenses can vary significantly from quarter to quarter.

Equity and Debt Transactions

In June 2011, we sold 2,012,500 of our common shares. The proceeds were used to acquire an equal number of Operating Partnership units. The Operating Partnership paid all offering costs. The Operating Partnership used the net proceeds, after offering costs, of \$111.9 million to reduce outstanding borrowings under our lines of credit. In April 2011, the maturity date on the \$250 million loan on Fair Oaks, a 50% owned unconsolidated joint venture, was extended to April 2012. The rate on the loan had been fixed at 4.22% due to an interest rate swap that also matured in April 2011. The loan then reverted to a floating rate at LIBOR plus 1.40%. In July 2011, a \$275 million non-recourse refinancing was completed on Fair Oaks, which bears interest at one-month LIBOR plus 1.70% and matures in July 2018. The rate on the loan has been swapped to an all-in fixed rate of 4.27% through April 2018. The loan is interest only until August 2014, and then the loan payments are based on amortizing principal over 25 years. The existing floating rate loan was paid off and our \$11.1 million beneficial share of excess proceeds was used to pay down our lines of credit.

In January 2011, the International Plaza loan was extended to a maturity of January 2012. The principal balance on the loan was required to be paid down by \$52.6 million. We funded our \$26.4 million beneficial share of the paydown with funds from our revolving lines of credit. The principal on the loan is now \$272.4 million at 100%, and \$136.5 million at our beneficial share. The rate on the loan had been fixed at 5.01% due to an interest rate swap that also matured in January 2011. The loan has now reverted to a floating rate at LIBOR plus 1.15%. The extended loan is prepayable at any time and has an additional one-year extension option. Because of the current favorable rate environment, we expect to refinance the International Plaza loan in the fourth quarter of 2011. We expect to receive proceeds that are as much as the loan balance prior to the paydown of \$52.6 million. At the current treasury rate, we would be able to refinance this property for 10 years at a rate under 5 percent.

With the exception of the Supplemental Information, amounts include 100% of the Unconsolidated Joint Ventures. Amounts are net of intercompany transactions. The Unconsolidated Joint Ventures are presented at 100% in order (1) to allow for measurement of their performance as a whole, without regard to our ownership interest. In our consolidated financial statements, we account for investments in the Unconsolidated Joint Ventures under the equity method.

Promotion expenses, which were previously classified in Other Operating expense, are now included in (2) Maintenance, Taxes, Utilities and Promotion expense. Amounts for 2010 have been reclassified to conform to the 2011 classification.

Amortization of our additional basis in the Operating Partnership included in depreciation and amortization (3) was \$1.2 million in both 2011 and 2010. Also, amortization of our additional basis included in equity in income of Unconsolidated Joint Ventures was \$0.5 million in both 2011 and 2010.

(4) See “General Background and Performance Measurement – Use of Non-GAAP Measures” for the definition and discussion of EBITDA and FFO.

(5) Amounts in this table may not add due to rounding.

Table of Contents

Consolidated Businesses

Total revenues for the quarter ended June 30, 2011 were \$155.4 million, a \$1.3 million or 0.8% increase from the comparable period in 2010. Minimum rents increased by \$2.8 million primarily due to an increase in rent per square foot. Other income decreased primarily due to lower lease cancellation revenue.

Total expenses were \$146.6 million, a \$0.5 million or 0.3% increase from the comparable period in 2010. Other operating expense increased primarily due to increases in pre-development expense, including costs relating to the outlet joint venture formed in 2010, as well as increased bad debt expense. General and administrative expense increased primarily due to increased travel and bonus expense. We continue to expect the full year to be consistent with 2010. Interest expense decreased primarily due to the change in interest rate on the International Plaza loan to a floating rate when it was extended, and the refinancing of the MacArthur loan to a lower rate. These were partially offset by the refinancing of the Partridge Creek loan at a higher rate and increased default interest on The Pier Shops and Regency Square loans.

Unconsolidated Joint Ventures

Total revenues for the three months ended June 30, 2011 were \$62.9 million, down \$0.8 million over the comparable period in 2010. Expense recoveries decreased due to lower expenses and adjustments in 2011 and 2010 from prior estimated recoveries at certain centers.

Total expenses decreased by \$3.9 million or 8.3%, to \$43.1 million for the three months ended June 30, 2011. Maintenance, taxes, utilities and promotion expense decreased due to decreased property taxes and maintenance costs at certain centers and a reduction in costs relating to marketing and promotion services. Interest expense decreased primarily due to the change in interest rate on the Fair Oaks loan to a floating rate when it was extended in April 2011.

As a result of the foregoing, income of the Unconsolidated Joint Ventures increased by \$3.1 million or 18.6% to \$19.8 million for the three months ended June 30, 2011. Our equity in income of the Unconsolidated Joint Ventures was \$10.9 million, a \$1.4 million or 14.7% increase from the comparable period in 2010.

Net Income

Our net income was \$20.3 million for the three months ended June 30, 2011, compared to \$18.5 million for the three months ended June 30, 2010. After allocation of income to noncontrolling, preferred, and participating interests, the net income attributable to Taubman Centers, Inc. common shareowners for the three months ended June 30, 2011 was \$8.3 million compared to \$7.5 million in the comparable period in 2010.

FFO and FFO per Share

Our FFO was \$51.2 million for the three months ended June 30, 2011 compared to \$50.1 million for the three months ended June 30, 2010. FFO per diluted share was \$0.61 in 2011 and 2010. See "General Background and Performance Measurement – Use of Non-GAAP Measures" for the definition of FFO and "Reconciliation of Net Income Attributable to Taubman Centers, Inc. Common Shareowners to Funds from Operations."

Table of Contents

Consolidated Businesses

Total revenues for the six months ended June 30, 2011 were \$310.9 million, a \$5.3 million or 1.7% increase from the comparable period in 2010. Minimum rents increased by \$5.4 million primarily due to an increase in rent per square foot. Percentage rents increased primarily due to higher tenant sales. Expense recoveries increased due to increased CAM capital expenditures, partially offset by lower expenses. The increase was also due to a change in our methodology for allocating revenue from our fixed CAM tenants over the year (see “Results of Operations – Center Operations”). Management, leasing, and development revenue increased primarily from a one-time collection of past due development fees for services provided in 2010 on the Riverstone project in Songdo International Business District, Incheon, South Korea. In addition revenue from the IFC mall contracts in, Yeouido, Seoul, South Korea increased over the comparable period in 2010 along with revenue from our Salt Lake City project. We expect our margin on management, leasing, and development to be about \$10 million to \$11 million in 2011. Other income decreased primarily due to lower lease cancellation revenue.

Total expenses were \$287.8 million, a \$2.7 million or 0.9% decrease from the comparable period in 2010. Maintenance, taxes, utilities, and promotion expense decreased due to lower maintenance costs, reduced marketing and promotion expense, and decreased property taxes at certain centers. Other operating expense increased primarily due to increases in pre-development costs including costs related to the outlet joint venture formed in 2010, increased bad debt expense, and increased property management costs. We now expect pre-development expense to be about \$20 million for 2011. Interest expense decreased primarily due to the change in interest rate on the International Plaza loan to a floating rate when it was extended, and the refinancing of the MacArthur loan to a lower rate. These were partially offset by the refinancing of the Partridge Creek loan at a higher rate and higher default interest on The Pier Shops and Regency Square loans. Depreciation expense was higher in 2010 primarily due to shortened useful lives of certain assets at one center in 2010, as part of a construction project to build a new theater. Depreciation expense was also impacted by changes in depreciable lives of tenant allowances in connection with early terminations.

Unconsolidated Joint Ventures

Total revenues for the six months ended June 30, 2011 were \$126.3 million, down \$0.8 million over the comparable period in 2010. Minimum rents increased due to increases in rent per square foot. Expense recoveries decreased primarily due to lower expenses and adjustments in 2011 and 2010 from prior estimated recoveries at certain centers. Other income decreased due to lower lease cancellation revenue.

Total expenses decreased by \$4.8 million or 5.2%, to \$88.0 million for the six months ended June 30, 2011. Maintenance, taxes, utilities, and promotion expense decreased due to reduced maintenance costs, marketing and promotion expense, and property taxes at certain centers. Interest expense decreased primarily due to the change in interest rate on the Fair Oaks loan to a floating rate when it was extended in April 2011.

As a result of the foregoing, income of the Unconsolidated Joint Ventures increased by \$4.0 million to \$38.3 million for the six months ended June 30, 2011. Our equity in income of the Unconsolidated Joint Ventures was \$21.0 million, a \$1.8 million increase from the comparable period in 2010.

Net Income

Our net income was \$44.7 million for the six months ended June 30, 2011, compared to \$35.3 million for the six months ended June 30, 2010. After allocation of income to noncontrolling, preferred, and participating interests, the net income attributable to Taubman Centers, Inc. common shareowners for the six months ended June 30, 2011 was \$19.1 million compared to \$13.7 million in the comparable period in 2010.

FFO and FFO per Share

Our FFO was \$104.0 million for the six months ended June 30, 2011 compared to \$99.9 million for the six months ended June 30, 2010. FFO per diluted share was \$1.24 in 2011, compared to \$1.21 in the comparable period in 2010. See “General Background and Performance Measurement – Use of Non-GAAP Measures” for the definition of FFO and “Reconciliation of Net Income Attributable to Taubman Centers, Inc. Common Shareowners to Funds from Operations.”

The Pier Shops and Regency Square Reconciliations of Net Operating Income to Net Income

	Three Months Ended June 30 (in millions)				Six Months Ended June 30 (in millions)			
	2011	2010	TRG%	Outside Partner's Share	2011	2010	TRG%	Outside Partner's Share
The Pier Shops ^{(1), (2)} :								
NOI	\$—	\$1.2	\$0.3	\$0.8	\$(0.1)	\$2.3	\$0.7	\$1.6
Interest expense	(4.1)	(3.7)	(2.8)	(0.8)	(8.0)	(7.2)	(5.6)	(1.6)
FFO	\$(4.1)	\$(2.5)	\$(2.5)		\$(8.1)	\$(4.9)	\$(4.9)	
Depreciation and amortization	(1.5)	(1.5)	(1.5)		(2.6)	(3.0)	(3.0)	
Net loss	\$(5.6)	\$(4.0)	\$(4.0)		\$(10.7)	\$(7.9)	\$(7.9)	
Regency Square ⁽²⁾ :								
NOI	\$1.1	\$1.0			\$2.1	\$1.9		
Interest expense	(1.7)	(1.3)			(3.0)	(2.7)		
FFO	\$(0.6)	\$(0.3)			\$(0.9)	\$(0.8)		
Depreciation and amortization	(0.4)	(0.5)			(1.0)	(1.0)		
Net loss	\$(1.0)	\$(0.8)			\$(2.0)	\$(1.7)		

We have a controlling, 77.5% ownership interest in The Pier Shops. However, we allocate 100% of the losses and negative FFO impact of The Pier Shops' operations to TRG's unitholders in order to maintain the equity balance of The Pier Shops' 22.5% outside partner at zero. Prior to 2011, our presentation of these results included an allocation of 22.5% of The Pier Shops' interest expense and an equal amount of NOI to the outside partner (effectively, a net zero allocation of the net loss and negative FFO impact). Beginning in 2011, the presentation has been simplified to allocate all components of net loss to TRG's unitholders.

Although we are no longer funding cash shortfalls of The Pier Shops or Regency Square, we will continue to record the operations of these centers until title for each has been transferred and the loan obligations have been extinguished.

Table of Contents

Liquidity and Capital Resources

Our internally generated funds and distributions from operating centers and other investing activities, augmented by use of our existing lines of credit, provide resources to maintain our current operations and assets and pay dividends. Generally, our need to access the capital markets is limited to refinancing debt obligations at or near maturity and funding major capital investments. See “Capital Spending” for more details. Market conditions may limit our sources of funds for these financing activities and our ability to refinance our debt obligations at present principal amounts, interest rates, and other terms.

We are financed with property-specific secured debt and we have two unencumbered center properties (Willow Bend and Stamford Town Center, a 50% owned Unconsolidated Joint Venture property). As of June 30, 2011, we had a consolidated cash balance of \$16.8 million. We also have secured lines of credit of \$550 million and \$65 million, as of June 30, 2011. The availability under these facilities as of June 30, 2011, after considering current loan balances and outstanding letters of credit, was \$565.3 million. In February 2011, the maturity date on our \$550 million primary line of credit was extended to February 2012. In March 2011, the maturity date on our secondary line of credit was extended through April 2012. In addition, the maximum amount available under this facility was increased to \$65 million from the prior \$40 million maximum for the \$25 million letter of credit required by the lessor of the City Creek Center project (see “Capital Spending – City Creek Center” for more details). The availability under the line will revert to \$40 million when the obligation under the letter of credit is extinguished.

In July 2011, we refinanced our primary line of credit. The new line of credit increased the borrowing capacity to \$650 million, and matures in January 2015 with a 1-year extension option. The borrowing rate on the facility is LIBOR plus 1.75%, up from LIBOR plus 0.7%.

In July 2011, a 7-year, \$275 million non-recourse refinancing was completed on Fair Oaks a 50% owned unconsolidated joint venture. See “Results of Operations – Equity and Debt Transactions” for information on 2011 transactions.

Our \$135 million loan at The Pier Shops and \$72.2 million loan at Regency Square are currently in default. We will continue to accrue the results of operations of these centers until the titles are transferred in satisfaction of the obligations under the debt agreements. However, there is no cash impact as we are not obligated to fund cash shortfalls of the centers (see “Results of Operations – The Pier Shops and Regency Square”).

Summaries of Capital Activities and Transactions for the Six Months Ended June 30, 2011 and 2010

Operating Activities

Our net cash provided by operating activities was \$124.6 million in 2011, compared to \$108.9 million in 2010. See also “Results of Operations” for descriptions of 2011 and 2010 transactions affecting operating cash flow.

Investing Activities

Net cash used in investing activities was \$25.3 million in 2011, compared to \$32.1 million in 2010. Additions to properties in 2011 related primarily to the purchase of the space vacated by Saks Fifth Avenue at Cherry Creek Shopping Center, tenant improvements at existing centers, and other capital items. Additions to properties in 2010 related primarily to tenant improvements at existing centers and other capital items. A tabular presentation of 2011 capital spending is shown in “Capital Spending.” Net proceeds from sales of peripheral land were \$3.7 million and \$1.6 million in 2011 and 2010, respectively. The timing of land sales is variable and proceeds from land sales can vary significantly from period to period. During 2010, we issued \$2.9 million in notes receivable and in 2011 and 2010

received \$0.8 million and \$0.7 million in repayments, respectively. Contributions to Unconsolidated Joint Ventures in 2010 included \$3.6 million to fund our share of the litigation settlement at Westfarms.

Sources of cash used in funding these investing activities other than cash flows from operating activities included distributions from Unconsolidated Joint Ventures. Distributions in excess of income from Unconsolidated Joint Ventures provided \$7.6 million in 2011, compared to \$7.5 million in 2010.

Table of Contents

Financing Activities

Net cash used in financing activities was \$101.9 million in 2011 compared to \$83.7 million in 2010. Payments of debt and issuance costs were \$152.5 million in 2011. Payments of debt and issuance costs, net of proceeds from the issuance of debt, were \$1.8 million in 2010. In 2011, \$111.9 million was received from issuing new shares of common stock, net of offering costs. In 2011, \$2.0 million was paid in connection with incentive plans, compared to \$1.9 million of proceeds received in 2010. Contributions from noncontrolling interests were \$31.7 million in 2011, which included contributions to fund the paydown of the International Plaza refinancing (see “Results of Operations – Equity and Debt Transactions” for more information) and the purchase of the space vacated by Saks Fifth Avenue at Cherry Creek. Total dividends and distributions paid were \$91.0 million and \$83.7 million in 2011 and 2010, respectively.

Beneficial Interest in Debt

At June 30, 2011, the Operating Partnership's debt and its beneficial interest in the debt of its Consolidated Businesses and Unconsolidated Joint Ventures totaled \$2,743.1 million, with an average interest rate of 5.39% excluding amortization of debt issuance costs and interest rate hedging costs. These costs are reported as interest expense in the results of operations. Beneficial interest in debt includes debt used to fund development and expansion costs. Beneficial interest in construction work in progress totaled \$72.6 million as of June 30, 2011, which includes \$15.1 million of assets on which interest is being capitalized. The following table presents information about our beneficial interest in debt as of June 30, 2011:

	Amount (in millions)		Interest Rate Including Spread	
Fixed rate debt, excluding The Pier Shops and Regency Square	\$2,143.8		5.53	% ⁽¹⁾
Floating rate debt:				
Swapped through October 2012	15.0		5.95	%
Swapped through August 2020	124.5		4.99	%
	\$ 139.5		5.09	% ⁽¹⁾
Floating month to month	283.0		1.42	% ⁽¹⁾
Total floating rate debt	\$422.5		2.63	% ⁽¹⁾
Beneficial interest in debt excluding The Pier Shops and Regency Square	\$2,566.3		5.05	% ⁽¹⁾
The Pier Shops	104.6	(2)	10.01	% ⁽²⁾
Regency Square	72.2	(3)	10.75	% ⁽³⁾
Total beneficial interest in debt	\$2,743.1		5.39	% ⁽⁵⁾
Amortization of financing costs ⁽⁴⁾			0.24	%
Average all-in rate			5.63	%

(1) Represents weighted average interest rate before amortization of financing costs.

The Pier Shops' loan is in default. Interest is accruing at the default rate of 10.01% rather than the original stated rate of 6.01% and is accumulating in interest payable. At 100%, accrued interest and late fees total \$24.0 million as of June 30, 2011. Including the impact of compounding default interest and late fees, the effective rate on the loan is 11.94% and 11.79%, respectively, for the three and six months ended June 30, 2011.

(3) The Regency Square loan went into default in June 2011. Interest is accruing at the default rate of 10.75% rather than the original stated rate of 6.75% and is accumulating in interest payable. Accrued interest and late fees total

\$1.1 million as of June 30, 2011.

(4) Financing costs include debt issuance costs and costs related to interest rate agreements of certain fixed rate debt. Amortization of these costs excluding The Pier Shops and Regency Square is 0.22%.

The weighted rate is calculated using TRG's 77.5% beneficial interest in The Pier Shops' debt. See "Results of Operations - The Pier Shops and Regency Square Reconciliations of Net Operating Income to Net Income" regarding a change in the presentation of beneficial interest in The Pier Shops' operations in 2011.

(6) Amounts in table may not add due to rounding.

Table of Contents

Sensitivity Analysis

We have exposure to interest rate risk on our debt obligations and interest rate instruments. We use derivative instruments primarily to manage exposure to interest rate risks inherent in variable rate debt and refinancings. We routinely use cap, swap, and treasury lock agreements to meet these objectives. Based on the Operating Partnership's beneficial interest in floating rate debt in effect at June 30, 2011, a one percent increase or decrease in interest rates on this floating rate debt would decrease or increase cash flows and annual earnings by approximately \$2.8 million, respectively. Based on our consolidated debt and interest rates in effect at June 30, 2011, a one percent increase in interest rates would decrease the fair value of debt by approximately \$71.2 million, while a one percent decrease in interest rates would increase the fair value of debt by approximately \$74.3 million.

Loan Commitments and Guarantees

Certain loan agreements contain various restrictive covenants, including a minimum net worth requirement, a maximum payout ratio on distributions, a minimum debt yield ratio, a maximum leverage ratio, minimum interest coverage ratios, and a minimum fixed charges coverage ratio, the latter being the most restrictive. This covenant requires that we maintain a minimum fixed charges coverage ratio of more than 1.5 over a trailing 12-month period. As of June 30, 2011, our trailing 12-month fixed charges coverage ratio was 2.2. Other than The Pier Shops' and Regency Square loans, which are in default, we are in compliance with all of our covenants and loan obligations as of June 30, 2011. The default on these loans did not trigger any cross defaults on our other indebtedness. The maximum payout ratio on distributions covenant limits the payment of distributions generally to 95% of funds from operations, as defined in the loan agreements, except as required to maintain our tax status, pay preferred distributions, and for distributions related to the sale of certain assets. See "Note 4 – Beneficial Interest in Debt and Interest Expense – Debt Covenants and Guarantees" to our consolidated financial statements for more details on loan guarantees.

Cash Tender Agreement

A. Alfred Taubman has the annual right to tender units of partnership interest in the Operating Partnership and cause us to purchase the tendered interests at a purchase price based on a market valuation of TCO on the trading date immediately preceding the date of the tender. See "Note 8 – Commitments and Contingencies – Cash Tender" to our consolidated financial statements for more details.

Capital Spending

City Creek Center

City Creek Center, a mixed-use project in Salt Lake City, Utah, will include a 0.7 million square foot retail component anchored by Macy's and Nordstrom. We are currently providing development and leasing services and will be the manager for the retail space, which we will own under a long-term participating lease. City Creek Reserve, Inc. (CCRI), an affiliate of the LDS Church, is the participating lessor and is providing all of the construction financing. We own 100% of the leasehold interest in the retail buildings and property. CCRI has an option to purchase our interest at fair value at various points in time over the term of the lease. We expect an approximately 11% to 12% return on our approximately \$76 million investment, of which \$75 million will be paid to CCRI upon opening of the retail center. As required, we have issued to CCRI a \$25 million letter of credit, which will remain in place until the \$75 million is paid. As of June 30, 2011, the capitalized cost of this project was approximately \$1 million. Construction is progressing for a March 2012 opening. Leasing of retail tenant space is about 85% committed.

2011 Capital Spending

Capital spending for routine maintenance of the shopping centers is generally recovered from tenants. Capital spending through June 30, 2011 is summarized in the following table:

41

Table of Contents

	2011 ⁽¹⁾			
	Consolidated Businesses	Beneficial Interest in Consolidated Businesses	Unconsolidated Joint Ventures	Beneficial Interest in Unconsolidated Joint Ventures
	(in millions)			
Existing centers:

Asset replacement costs reimbursable by tenants	11.5	10.6	3.7	2.1
Corporate office improvements, technology, equipment, and other	2.0	2.0		
Total	\$ 82.4	\$ 74.2	\$ 16.3	\$ 8.7

- (1) Costs are net of intercompany profits and are computed on an accrual basis.
- (2) Includes the cost to acquire the building that was vacated by Saks Fifth Avenue at Cherry Creek in March 2011.
- (3) Excludes initial lease-up costs.
- (4) Amounts in this table may not add due to rounding.

Table of Contents

Estimates of future capital spending include only projects approved by our Board of Directors and, consequently, estimates will change as new projects are approved.

Disclosures regarding planned capital spending, including estimates regarding timing of openings, capital expenditures, occupancy, and returns on new developments are forward-looking statements and certain significant factors could cause the actual results to differ materially, including but not limited to (1) actual results of negotiations with anchors, tenants, and contractors, (2) timing and outcome of litigation and entitlement processes, (3) changes in the scope, number, and valuation of projects, (4) cost overruns, (5) timing of expenditures, (6) availability of and cost of financing and other financing considerations, (7) actual time to start construction and complete projects, (8) changes in economic climate, (9) competition from others attracting tenants and customers, (10) increases in operating costs, (11) timing of tenant openings, and (12) early lease terminations and bankruptcies.

Dividends

We pay regular quarterly dividends to our common and preferred shareowners. Dividends to our common shareowners are at the discretion of the Board of Directors and depend on the cash available to us, our financial condition, capital and other requirements, and such other factors as the Board of Directors deems relevant. To qualify as a REIT, we must distribute at least 90% of our REIT taxable income prior to net capital gains to our shareowners, as well as meet certain other requirements. We must pay these distributions in the taxable year the income is recognized, or in the following taxable year if they are declared during the last three months of the taxable year, payable to shareowners of record on a specified date during such period and paid during January of the following year. Such distributions are treated as paid by us and received by our shareowners on December 31 of the year in which they are declared. In addition, at our election, a distribution for a taxable year may be declared in the following taxable year if it is declared before we timely file our tax return for such year and if paid on or before the first regular dividend payment after such declaration. These distributions qualify as dividends paid for the 90% REIT distribution test for the previous year and are taxable to holders of our capital stock in the year in which paid. Preferred dividends accrue regardless of whether earnings, cash availability, or contractual obligations were to prohibit the current payment of dividends.

The annual determination of our common dividends is based on anticipated Funds from Operations available after preferred dividends and our REIT taxable income, as well as assessments of annual capital spending, financing considerations, and other appropriate factors.

Any inability of the Operating Partnership or its Joint Ventures to secure financing as required to fund maturing debts, capital expenditures and changes in working capital, including development activities and expansions, may require the utilization of cash to satisfy such obligations, thereby possibly reducing distributions to partners of the Operating Partnership and funds available to us for the payment of dividends.

On June 2, 2011, we declared a quarterly dividend of \$0.4375 per common share, \$0.50 per share on our 8% Series G Preferred Stock, and \$0.4765625 on our 7.625% Series H Preferred Stock, all of which were paid on June 30, 2011 to shareowners of record on June 15, 2011.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The information required by this item is included in this report at Item 2 under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources – Sensitivity Analysis.”

Item 4. Controls and Procedures

As of the end of the period covered by this quarterly report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2011, our disclosure controls and procedures were effective to ensure the information required to be disclosed by us in reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the time periods prescribed by the SEC, and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the quarter ended June 30, 2011 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II
OTHER INFORMATION

Item 1. Legal Proceedings

Refer to “Note 8 – Commitments and Contingencies” to our consolidated financial statements relating to The Pier Shops mortgage foreclosure, and the restaurant owners at The Pier Shops litigation. There were no material developments regarding these matters during the quarter ended June 30, 2011.

Item 1 A. Risk Factors

There were no material changes in our risk factors previously disclosed in Part I, Item 1A. of our Form 10-K for the year ended December 31, 2010.
