"Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such filing.

On April 30, 2003, the Company issued a press release and plans to hold a conference call regarding its financial results for the quarter and year ended March 31, 2003. The Company's press release is furnished as Exhibit 99.1 to this report and is incorporated herein by reference.

### Use of Non-GAAP Financial Information

To supplement our condensed consolidated financial statements presented in the press release in accordance with accounting principles generally accepted in the United States ("GAAP"), the Company uses non-GAAP measures of operating results, net loss, net income, net loss per share and net income per share, which are adjusted from results based on GAAP to exclude non-cash acquisition and equity based charges, namely costs associated with the Company's acquisition of NextPoint Networks, Inc. in July 2000 and costs associated with stock based compensation. Management believes these non-GAAP financial measures enhance the user's overall understanding of our current financial performance and our prospects for the future and, additionally, uses these non-GAAP financial measures for the general purpose of analyzing and managing the Company's business. Specifically, we believe the non-GAAP financial measures provide useful information to both management and investors by excluding certain charges that we believe are not indicative of our core operating results. In addition, we believe that the investment community has historically used our non-GAAP financial results to evaluate our financial performance, and we have historically reported both GAAP and non-GAAP results to the investment community. The presentation of this additional information is not meant to be considered superior to, in isolation from or as a substitute for results prepared in accordance with GAAP.
