**Grupo Radio Centro Reports Third Quarter
and Nine Months Results for 2004**

Mexico City, October 25, 2004 - Grupo Radio Centro, S.A. de C.V. (NYSE: RC, BMV: RCENTRO-A) (the Company), Mexico's leading radio broadcasting company, announced today its results of operations for the third quarter and nine months ended September 30, 2004. All figures were prepared in accordance with generally accepted accounting principles in Mexico and have been restated in constant pesos as of September 30, 2004.

For the third quarter of 2004, broadcasting revenue was Ps. 133,273,000, representing a decrease of 29.0% compared to Ps. 187,834,000 reported for the same period of 2003. This decrease was mainly due to the loss of revenue attributable in 2003 to the Company's broadcasting of news programs provided by Infored, which the Company ceased receiving after the first quarter of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) during the third quarter of 2004 were Ps. 94,582,000, representing a decrease of 30.4% compared to Ps. 135,886,000 reported for the same period of 2003. This decrease was mainly attributable to lower costs from the production of the former news program, which was produced for the Company until the end of the first quarter of 2004.

For the third quarter ended September 30, 2004, the Company reported broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 38,691,000, representing a decrease of 25.5% compared to a broadcasting income of Ps. 51,948,000 reported for the same period in 2003. This decline was mainly attributable to the decrease in broadcasting revenue.

Depreciation and amortization for the third quarter 2004 amounted to Ps. 24,246,000, an 18.2% decrease compared to Ps. 29,657,000 reported for the same period of 2003. This reduction was mainly due to the goodwill write-off in connection with a Company subsidiary during the third quarter 2003.

Grupo Radio Centro, S.A. de C.V.
Third Quarter and Nine Months Results

For the third quarter of 2004, the Company's corporate, general and administrative expenses were Ps. 2,623,000, compared to Ps. 11,332,000 reported for the same period of 2003. This 76.9% decrease was due to lower fees, since there were no payments made to the former producer of news programming during the third quarter of 2004, as well as a decrease in revenue-based compensation paid to Company executives during the third quarter of 2004.

As a result of the decrease in expenses, which more than offset the decrease in broadcasting revenues, the Company reported operating income of Ps. 11,822,000 during the third quarter of 2004, representing a 7.9% increase compared to operating income of Ps. 10,959,000 reported for the same period of 2003.

The Company's comprehensive financing cost was Ps. 222,000, a decrease of 96.6% compared to a comprehensive financing cost of Ps. 6,447,000 reported for the third quarter of 2003. This favorable change was primarily attributable to a gain in monetary position which rose from

Ps. 144,000 during the third quarter of 2003 to Ps. 5,578,000 for the same period of 2004 as a result of the Company having net monetary liabilities in the third quarter of 2004 related to the recorded provision for the contingent liability in connection with the Infored arbitration proceeding decision, which was announced in March 2004, as well as lower interest expense due to the reduction in our bank debt.

For the third quarter of 2004, other expenses, net, were Ps. 14,303,000, compared to Ps. 18,204,000 reported for the same period in 2003. This 21.4% decrease was mainly attributable to lower legal expenses in 2004 compared to the same period of 2003.

The Company reported a loss before provisions for income tax and employee profit sharing of Ps. 2,703,000 during the third quarter of 2004, compared to a loss before provisions for income tax and employee profit sharing of Ps. 13,692,000 reported for the third quarter of 2003.

The Company recorded provisions for income tax and employee profit sharing for the third quarter of 2004 of Ps. 2,936,000, compared to provisions of Ps. 183,000 for the same period of 2003.

As a result of the foregoing, the Company's net loss for the third quarter 2004 was Ps. 5,639,000, compared to net loss of Ps. 13,875,000 reported for same period of 2003.

Nine Months Results

For the nine months ended September 30, 2004, broadcasting revenue was Ps. 366,573,000, a 43.6% decrease compared to Ps. 650,324,000 reported for the same period of 2003. This decrease was mainly attributable to higher advertising expenditures from political parties during 2003, in connection with the congressional elections held in July 2003, as well as lower broadcasting revenue due to the fact that the Company ceased receiving news services from a third party after the first quarter of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) were Ps. 295,701,000, a 23.8% decrease compared to Ps. 388,147,000 reported for the nine months ended September 30, 2003. This decrease in broadcasting

expenses was primarily attributable to lower costs from the production of news programming, which a third party produced for the Company until the end of the first quarter of 2004.

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) was Ps. 70,872,000, representing a decrease of 73.0% compared to Ps. 262,177,000 reported for the nine months ended September 30, 2003. This decrease was primarily attributable to the decrease in broadcasting revenue mainly from political advertising for 2004 compared to the same period of 2003.

Depreciation and amortization was Ps. 70,848,000, a decrease of 19.0% compared to Ps. 87,454,000 reported for the nine months ended September 30, 2003. This decrease was mainly due to the goodwill write-off in connection with a Company subsidiary during 2003.

The Company's corporate, general and administrative expenses during the first nine months of 2004 were Ps. 14,654,000, a decrease of 64.2% compared to Ps. 40,968,000 reported for the same period of 2003. This decrease was mainly due to lower fees paid to a third party, which ceased production of news programs for the Company at the end of the first quarter of 2004, as well as lower revenue-based compensation paid to Company executives.

As a result of the decrease in broadcasting income, the Company reported an operating loss of Ps. 14,630,000 for the nine months ended September 30, 2004, compared to operating income of Ps. 133,755,000 reported for the same period of 2003.

The Company's comprehensive financing cost was Ps. 18,182,000 a reduction of 32.1% compared to a comprehensive financing cost of Ps. 26,784,000 for the first nine months of 2003. This favorable change is mainly attributable to a gain in monetary position from Ps. 1,556,000 for the first nine months of 2003 to Ps. 6,978,000 for the same period of 2004, a reduction in the foreign exchange loss, net, from Ps. 7,052,000 in 2003 to Ps. 5,462,000 for 2004, and lower interest expense due to a reduction of the Company's bank debt.

3

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

Other expenses, net, for the first nine months of 2004 were Ps. 35,932,000, a 33.5% decrease compared to Ps. 54,047,000 reported for the same period of 2003. This decrease is attributable to severance payments made during the first quarter of 2003 in connection with personnel reductions, lower legal expenses during 2004 compared to the same period of 2003, and lower expenses due to the termination of operations of certain Internet-related Company subsidiaries.

For the first nine months of 2004, the Company reported a loss before provisions for income tax and employee profit sharing of Ps. 68,744,000, compared to income before provisions for income tax and employee profit sharing of Ps. 52,924,000 reported for the same period in 2003. During the first nine months of 2004, the Company recorded provisions for income tax and employee profit sharing of Ps. 198,000 compared to a provision for income tax and employee profit sharing of Ps. 2,321,000 for the same period in 2003.

As a result of the foregoing, the Company had a net loss of Ps. 68,942,000 for the first nine months of 2004, compared to net income of Ps. 50,603,000 for the same period in 2003.
