

BofA Finance LLC
Form 424B2
August 07, 2017

This pricing supplement, which is not complete and may be changed, relates to an effective Registration Statement under the Securities Act of 1933. This pricing supplement and the accompanying product supplement, prospectus supplement and prospectus are not an offer to sell these notes in any country or jurisdiction where such an offer would not be permitted.

Preliminary Pricing Supplement - Subject to Completion
(To Prospectus dated November 4, 2016, Series A

Prospectus Supplement dated November 4, 2016 and Filed Pursuant to Rule 424(b)(2)

Product Supplement STOCK-1 dated November 30, 2016) Registration Statement No. 333-213265

August 4, 2017

BofA Finance LLC

Contingent Income Auto-Callable Notes Linked to the Common Stock of Advanced Micro Devices, Inc., due August 26, 2019

Fully and Unconditionally Guaranteed by Bank of America Corporation

The CUSIP number for the notes is **09709TAY7**.

The notes are unsecured senior notes issued by BofA Finance LLC (“BofA Finance”), a direct, wholly-owned subsidiary of Bank of America Corporation (“BAC” or the “Guarantor”), which are fully and unconditionally guaranteed by the Guarantor. Any payments due on the notes, including any repayment of principal, will be subject to the credit risk of BofA Finance, as issuer of the notes, and the credit risk of Bank of America Corporation, as guarantor of the notes.

The notes do not guarantee a full return of your principal at maturity, and you could lose up to 100% of your principal.

The notes are expected to price on August 21, 2017 (the “pricing date”).

The notes are expected to mature on August 26, 2019, unless previously called.

The payments on the notes will depend on the performance of the common stock of Advanced Micro Devices, Inc. (the “Underlying Stock”).

If, on any quarterly Observation Date, the Observation Value of the Underlying Stock is greater than or equal to the Threshold Value, we will pay a Contingent Coupon Payment of [\$36.25] per \$1,000 in principal amount ([3.625%] of the principal amount) on the applicable Contingent Payment Date (each as defined below). The actual Contingent Coupon Payment will be determined on the pricing date.

Prior to the maturity date, if the Observation Value of the Underlying Stock is greater than or equal to the Starting Value on any Observation Date, the notes will be automatically redeemed, in whole but not in part, at 100% of the principal amount, together with the Contingent Coupon Payment with respect to that Observation Date. No further amounts will be payable following an early redemption.

At maturity, the amount you will be entitled to receive per \$1,000 in principal amount of the notes (the “Redemption Amount”) will depend on the performance of the Underlying Stock. If the notes are not automatically redeemed prior to maturity, the Redemption Amount will be determined as follows:

If the Ending Value of the Underlying Stock is greater than or equal to the Threshold Value, the Redemption Amount will equal the principal amount plus the Contingent Coupon Payment with respect to the final Observation Date. If the Ending Value of the Underlying Stock is less than the Threshold Value, we will deliver to you a number of shares of the Underlying Stock equal to the product of the Exchange Ratio multiplied by the Price Multiplier as of the final Observation Date (each as defined below), or at our option, the cash value of those shares. In this case, the Redemption Amount, as of the final Observation Date, will be worth less than 60% of the principal amount and could be zero, and you will not receive the final Contingent Coupon Payment.

The “Threshold Value” will be 60% of the Starting Value.

The “Observation Dates” will be November 22, 2017, February 22, 2018, May 23, 2018, August 22, 2018, November 21, 2018, February 21, 2019, May 22, 2019 and August 21, 2019, subject to postponement as described in “Description of the Notes—Certain Terms of the Notes—Events Relating to Observation Dates” of product supplement STOCK-1.

The “Contingent Payment Date” will be the third business day following the relevant Observation Date, as set forth below.

The notes will be issued in denominations of \$1,000 and whole multiples of \$1,000.

The notes will not be listed on any securities exchange.

The initial estimated value of the notes will be less than the public offering price. The initial estimated value of the notes as of the pricing date is expected to be between \$910 and \$940 per \$1,000 in principal amount. See “Summary” beginning on page PS-3 of this pricing supplement, “Risk Factors” beginning on page PS-8 of this pricing supplement and “Structuring the Notes” on page PS-18 of this pricing supplement for additional information. The actual value of your notes at any time will reflect many factors and cannot be predicted with accuracy.

The notes and the related guarantee:

Are Not FDIC Insured Are Not Bank Guaranteed May Lose Value

	Per Note	Total
Public Offering Price	100.00%	\$
Underwriting Discount	K.60%	\$
Proceeds (before expenses) to BofA Finance	96.40%	\$

* We or one of our affiliates may pay varying selling concessions of up to 3.60% in connection with the distribution of the notes to other registered broker-dealers.

*The notes and the related guarantee of the notes by the Guarantor are unsecured and are not savings accounts, deposits, or other obligations of a bank. The notes are not guaranteed by Bank of America, N.A. or any other bank, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency and involve investment risks. Potential purchasers of the notes should consider the information in “Risk Factors” beginning on page PS-8 of this pricing supplement, page PS-5 of the accompanying product supplement, page S-4 of the accompanying prospectus supplement, and page 7 of the accompanying prospectus. **You may lose some or all of your principal amount in the notes.** None of the Securities and Exchange Commission (the “SEC”), any state securities commission, or any other regulatory body has approved or disapproved of these notes or the guarantee, or passed upon the adequacy or accuracy of this pricing supplement, or the accompanying product supplement, prospectus supplement or prospectus. Any representation to the contrary is a criminal offense.*

We will deliver the notes in book-entry form only through The Depository Trust Company on or about August 24, 2017 against payment in immediately available funds.

SUMMARY

The Contingent Income Auto-Callable Notes Linked to the Common Stock of Advanced Micro Devices, Inc., due August 26, 2019 (the “notes”) are our senior debt securities. Any payments on the notes are fully and unconditionally guaranteed by BAC. The notes and the related guarantee are not insured by the Federal Deposit Insurance Corporation or secured by collateral. **The notes will rank equally with all of our other unsecured senior debt, and the related guarantee will rank equally with all of BAC’s other unsecured and unsubordinated debt. Any payments due on the notes, including any repayment of the principal amount, will be subject to the credit risk of BofA Finance, as issuer, and BAC, as guarantor.** Unless earlier called, the notes will mature on August 26, 2019.

If, on any quarterly Observation Date, the Observation Value is greater than or equal to the Threshold Value, we will pay a Contingent Coupon Payment of [\$36.25] per \$1,000 in principal amount of the notes ([3.625%] of the principal amount) on the applicable Contingent Payment Date, as set forth below. The actual Contingent Coupon Payment will be determined on the pricing date. The notes will be automatically called on the relevant Observation Date if the Observation Value is greater than or equal to the Starting Value on that Observation Date, at an amount equal to the sum of the principal amount plus the Contingent Coupon Payment with respect to that Observation Date. If the notes are not called prior to maturity, and if the Ending Value is greater than or equal to the Threshold Value, we will pay to you at maturity the principal amount plus the final Contingent Coupon Payment. If the Ending Value of is less than the Threshold Value, we will deliver to you a number of shares of the Underlying Stock equal to the product of the Exchange Ratio multiplied by the Price Multiplier as of the final Observation Date, or at our option, the cash value of those shares. In that case, you will not receive the final Contingent Coupon Payment. The notes are not traditional debt securities and it is possible that the notes will not pay any Contingent Coupon Payments, and you may lose some or all of your principal amount at maturity.

Payments on the notes, including any Contingent Coupon Payments, depend on the credit risk of BofA Finance and BAC and on the performance of the Underlying Stock. The economic terms of the notes are based on BAC’s internal funding rate, which is the rate it would pay to borrow funds through the issuance of market-linked notes and the economic terms of certain related hedging arrangements it enters into. BAC’s internal funding rate is typically lower than the rate it would pay when it issues conventional fixed or floating rate debt securities. This difference in funding rate, as well as the underwriting discount and the hedging related charges described below, will reduce the economic terms of the notes to you and the initial estimated value of the notes. Due to these factors, the public offering price you pay to purchase the notes will be greater than the initial estimated value of the notes as of the pricing date.

On the cover page of this pricing supplement, we have provided the initial estimated value range for the notes. The final pricing supplement will set forth the initial estimated value of the notes as of the pricing date. For more information about the initial estimated value and the structuring of the notes, see “Risk Factors” beginning on page PS-8 and “Structuring the Notes” on page PS-18.

Issuer: BofA Finance LLC (“BofA Finance”)
Guarantor: Bank of America Corporation (“BAC”)
Term: Two years, if not previously called.
Issue Date: August 24, 2017
Maturity Date: August 26, 2019
Underlying Stock: The common stock of Advanced Micro Devices, Inc. (Bloomberg symbol: AMD). See the section entitled “The Underlying Stock” beginning on page PS-15 of this pricing supplement.
Automatic Call: All (but not less than all) of the notes will be automatically called if the Observation Value is greater than or equal to the Starting Value on any quarterly Observation Date. If the notes are automatically called, the Early Redemption

Payment will be paid on the applicable Contingent Payment Date.

Early Redemption Payment:

The sum of the principal amount plus the Contingent Coupon Payment with respect to the applicable Observation Date.

Contingent Coupon Payment:

If, on any Observation Date, the Observation Value is greater than or equal to the Threshold Value, we will pay a Contingent Coupon Payment of [\$36.25] per \$1,000 in principal amount ([3.625%] of the principal amount) on the applicable Contingent Payment Date. Accordingly, the maximum return on the notes will be equal to [14.50%] per annum. The actual Contingent Coupon Payment will be determined on the pricing date.

If the notes have not been automatically called, the Redemption Amount per note will be:

Redemption Amount:

- if the Ending Value is greater than or equal to the Threshold Value, the principal amount plus the Contingent Coupon Payment with respect to the final Observation Date.

- if the Ending Value is less than the Threshold Value, the number of shares equal to the product of the Exchange Ratio multiplied by the Price Multiplier as of the final Observation Date, or at our option, the Cash Delivery Amount. If we elect to deliver shares of the Underlying Stock, fractional shares will be paid in cash.

Starting Value: Observation Value:

The Starting Value of the Underlying Stock will be the Closing Market Price on the pricing date.

The Closing Market Price of the Underlying Stock on the applicable Observation Date, multiplied by the Price Multiplier as of that day.

Ending Value:

The Closing Market Price of the Underlying Stock on the final Observation Date, multiplied by the Price Multiplier as of that day.

Threshold Value:

60% of the Starting Value.

Exchange Ratio:

The principal amount of \$1,000 per note divided by the Starting Value.

Price Multiplier:

1, subject to adjustment for certain corporate events relating to the Underlying Stock described in the product supplement under “Description of the Notes—Anti-Dilution Adjustments.”

Cash Delivery Amount:

The product of the Exchange Ratio multiplied by the Ending Value.

Observation Dates:

November 22, 2017, February 22, 2018, May 23, 2018, August 22, 2018, November 21, 2018, February 21, 2019, May 22, 2019 and August 21, 2019, subject to postponement as set forth in the product supplement, in the section “Description of the Notes—Certain Terms of the Notes—Events Relating to Observation Dates.”

Contingent Payment Dates:

November 28, 2017, February 27, 2018, May 29, 2018, August 27, 2018, November 27, 2018, February 26, 2019, May 28, 2019 and the maturity date, subject to postponement if the applicable Observation Date is postponed as described above, or if a scheduled Contingent Payment Date is not a business day, as described in the prospectus.

Calculation Agent: Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”), an affiliate of BofA Finance.

Selling Agent: MLPF&S

The pricing date, issue date and other dates set forth above are subject to change, and will be set forth in the final pricing supplement relating to the notes.

You should read carefully this entire pricing supplement, product supplement, prospectus supplement, and prospectus to understand fully the terms of the notes, as well as the tax and other considerations important to you in making a decision about whether to invest in the notes. In particular, you should review carefully the section in this pricing supplement entitled “Risk Factors,” which highlights a number of risks of an investment in the notes, to determine whether an investment in the notes is appropriate for you. If information in this pricing supplement is inconsistent with the product supplement, prospectus supplement or prospectus, this pricing supplement will supersede those documents. You are urged to consult with your own attorneys and business and tax advisors before making a decision to purchase any of the notes.

The information in this “Summary” section is qualified in its entirety by the more detailed explanation set forth elsewhere in this pricing supplement and the accompanying product supplement, prospectus supplement and prospectus. You should rely only on the information contained in this pricing supplement and the accompanying product supplement, prospectus supplement and prospectus. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. None of us, the Guarantor or any selling agent is making an offer to sell these notes in any jurisdiction where the offer or sale is not permitted. You should assume that the information in this pricing supplement, the accompanying product supplement, prospectus supplement, and prospectus is accurate only as of the date on their respective front covers.

Capitalized terms used but not defined in this pricing supplement have the meanings set forth in the accompanying product supplement, prospectus supplement and prospectus. Unless otherwise indicated or unless the context requires otherwise, all references in this pricing supplement to “we,” “us,” “our,” or similar references are to BofA Finance, and not to BAC (or any other affiliate of BofA Finance).

PS-5

Hypothetical Payments on the Notes

The table below illustrates hypothetical payments on the notes at maturity based on a \$1,000 investment in the notes for a range of Ending Values of the Underlying Stock.

The table is based on a hypothetical Contingent Coupon Payment of \$36.25 per note, a hypothetical Starting Value of \$100, a hypothetical Threshold Value of \$60 (60% of the Underlying Stock's hypothetical Starting Value) and assumes that the Price Multiplier of 1 will not change during the term of the notes. The actual Contingent Coupon Payment, Starting Value and Threshold Value will be determined on the pricing date.

For recent actual prices of the Underlying, see "The Underlying Stock" section below.

The hypothetical payments set forth below are for illustrative purposes only and may not be the actual payments applicable to the notes.

Ending Value	Underlying Stock Return	Redemption Amount per Note⁽¹⁾	Total Rate of Return on the Notes (Excluding Any Contingent Coupon Payments Paid Prior to Maturity)
\$0.00	-100.00%	10 shares or \$0.00	-100.00%
\$20.00	-80.00%	10 shares or \$200.00	-80.00%
\$40.00	-60.00%	10 shares or \$400.00	-60.00%
\$50.00	-50.00%	10 shares or \$500.00	-50.00%
\$60.00⁽²⁾	-40.00%	\$1,036.25	3.625%
\$75.00	-25.00%	\$1,036.25	3.625%
\$85.00	-15.00%	\$1,036.25	3.625%
\$95.00	-5.00%	\$1,036.25	3.625%
\$100.00⁽³⁾	0.00%	\$1,036.25	3.625%
\$110.00	10.00%	\$1,036.25	3.625%
\$120.00	20.00%	\$1,036.25	3.625%
\$140.00	40.00%	\$1,036.25	3.625%
\$160.00	60.00%	\$1,036.25	3.625%
\$180.00	80.00%	\$1,036.25	3.625%
\$200.00	100.00%	\$1,036.25	3.625%

If the Ending Value is less than the Threshold Value, you will receive a number of shares of the Underlying Stock equal to the Exchange Ratio (10 shares per \$1,000 in principal), or at our option, the Cash Delivery Amount. If we deliver shares of the Reference Stock at maturity, the value of these shares may decrease between the final

(1) Observation Date and the maturity date. See "Risk Factors—If shares of the Underlying Stock will be paid on the notes, you will be subject to the price fluctuation of the Underlying Stock from the final Observation Date to the maturity date."

(2) This is the **hypothetical** Threshold Value.

(3) The **hypothetical** Starting Value of 100 used in the table above has been chosen for illustrative purposes only, and does not represent a likely actual Starting Value for the Underlying Stock.

Total Contingent Coupon Payments

The table below illustrates the hypothetical total Contingent Coupon Payments per \$1,000 in principal amount over the term of the notes, based on a hypothetical Contingent Coupon Payment of \$36.25 per note, depending on how many Contingent Coupon Payments are payable prior to early redemption or maturity. The actual Contingent Coupon Payment will be determined on the pricing date. Depending on the performance of the Underlying Stock, you may not receive any Contingent Coupon Payments during the term of the notes.

Number of Contingent Coupon Payments	Total Contingent Coupon Payments
8	\$290.00
7	\$253.75
6	\$217.50
5	\$181.25
4	\$145.00
3	\$108.75
2	\$72.50
1	\$36.25
0	\$0.00

PS-7

risk factors

Your investment in the notes entails significant risks, many of which differ from those of a conventional debt security. Your decision to purchase the notes should be made only after carefully considering the risks of an investment in the notes, including those discussed below, with your advisors in light of your particular circumstances. The notes are not an appropriate investment for you if you are not knowledgeable about significant elements of the notes or financial matters in general.

Your investment may result in a loss; there is no guaranteed return of principal. The notes are not principal protected. There is no fixed repayment amount of principal on the notes at maturity. If the notes are not called and the Ending Value is below the Threshold Value, we will deliver to you a number of shares of the Underlying Stock equal to the product of the Exchange Ratio multiplied by the Price Multiplier as of the final Observation Date, or at our option, the Cash Delivery Amount. In this case, the Redemption Amount, as of the final Observation Date, will be worth less than 60% of the principal amount and could be zero. As a result, depending on the performance of the Underlying Stock, you may lose all or a substantial portion of your principal.

Your return on the notes is limited to the return represented by the Contingent Coupon Payments, if any, over the term of the notes. Your return on the notes is limited to the contingent payments paid over the term of the notes, regardless of the extent to which the Ending Value exceeds the Threshold Value or the Starting Value. Similarly, the Redemption Amount payable at maturity or the Early Redemption Payment payable upon an automatic call will never exceed the sum of the principal amount and the applicable Contingent Coupon Payment, regardless of the extent to which the Observation Value exceeds the Starting Value or Threshold Value.

In contrast, a direct investment in the Underlying Stock would allow you to receive the benefit of any appreciation in its value. Thus, any return on the notes will not reflect the return you would realize if you actually owned shares of the Underlying Stock and received the dividends paid or distributions made on them.

The notes are subject to a potential automatic early redemption, which would limit your ability to receive the Contingent Coupon Payments over the full term of the notes. The notes are subject to a potential automatic early redemption. Prior to maturity, the notes will be automatically called on any Observation Date if the Observation Value is greater than or equal to the Starting Value. If the notes are redeemed prior to the maturity date, you will be entitled to receive the Early Redemption Payment. In this case, you will lose the opportunity to continue to receive Contingent Coupon Payment after the date of early redemption. If the notes are redeemed prior to the maturity date, you may be unable to invest in other securities with a similar level of risk that could provide a return that is similar to the notes.

You may not receive any Contingent Coupon Payments. The terms of the notes differ from those of ordinary debt securities in that they do not provide for the regular periodic payments of interest. Instead, investors in the notes will not necessarily receive Contingent Coupon Payments on the notes. If an Observation Value is less than the Threshold Value on an Observation Date, you will not receive the Contingent Coupon Payment applicable to that Observation Date. If the Observation Value is less than the Threshold Value on all the Observation Dates during the term of the notes, you will not receive any Contingent Coupon Payment during the term of the notes, and will not receive a positive return on the notes.

If shares of the Underlying Stock will be paid on the notes, you will be subject to the price fluctuation of the Underlying Stock from the final Observation Date to the maturity date. If we choose to pay the Redemption Amount in shares of the Underlying Stock, you will not receive those shares until maturity. If the price of the Underlying Stock decreases from the final Observation Date to the maturity date, you will suffer a further loss on your investment in the notes.

Your return on the notes may be less than the yield on a conventional debt security of comparable maturity.

Any return that you receive on the notes, which could be negative, may be less than the return you would earn if you purchased a conventional debt security with the same maturity date. As a result, your investment in the notes may not reflect the full opportunity cost to you when you consider factors, such as inflation, that affect the time value of money.

PS-8

Payments on the notes are subject to our credit risk and the credit risk of the Guarantor, and actual or perceived changes in our or the Guarantor's creditworthiness are expected to affect the value of the notes. The notes are our senior unsecured debt securities. Any payments on the notes will be fully and unconditionally guaranteed by the Guarantor. The notes are not guaranteed by any entity other than the Guarantor. As a result, your receipt of all payments on the notes will be dependent upon our ability and the ability of the Guarantor to repay our obligations under the notes on the applicable payment dates, regardless of how the Underlying Stock performs. No assurance can be given as to what our financial condition or the financial condition of the Guarantor will be at any time during the term of the notes. If we and the Guarantor become unable to meet our respective financial obligations as they become due, you may not receive the amounts payable under the terms of the notes.

In addition, our credit ratings and the credit ratings of the Guarantor are assessments by ratings agencies of our respective abilities to pay our obligations. Consequently, our or the Guarantor's perceived creditworthiness and actual or anticipated decreases in our or the Guarantor's credit ratings or increases in the spread between the yield on our respective securities and the yield on U.S. Treasury securities (the "credit spread") prior to the maturity date may adversely affect the market value of the notes. However, because your return on the notes depends upon factors in addition to our ability and the ability of the Guarantor to pay our respective obligations, such as the price of the Underlying Stock, an improvement in our or the Guarantor's credit ratings will not reduce the other investment risks related to the notes.

We are a finance subsidiary and, as such, will have limited assets and operations. We are a finance subsidiary of BAC and will have no assets, operations or revenues other than those related to the issuance, administration and repayment of our debt securities that are guaranteed by BAC. As a finance subsidiary, to meet our obligations under the notes, we are dependent upon payment or contribution of funds and/or repayment of outstanding loans from BAC and/or its other subsidiaries. Therefore, our ability to make payments on the notes may be limited. In addition, we will have no independent assets available for distributions to holders of the notes if they make claims in respect of the notes in a bankruptcy, resolution or similar proceeding. Accordingly, any recoveries by such holders may be limited to those available under the related guarantee by BAC, and that guarantee will rank equally with all other unsecured senior obligations of BAC.

The public offering price you pay for the notes will exceed the initial estimated value. The range of estimated values that is provided on the cover page of this preliminary pricing supplement, and the estimated value as of the pricing date that will be provided in the final pricing supplement, are each estimates only, determined as of a particular point in time by reference to our and our affiliates' pricing models. These pricing models consider certain assumptions and variables, including our credit spreads and those of the Guarantor, the Guarantor's internal funding rate, mid-market terms on hedging transactions, expectations on interest rates, dividends and volatility, price-sensitivity analysis, and the expected term of the notes. These pricing models rely in part on certain forecasts about future events, which may prove to be incorrect.

The initial estimated value does not represent a minimum or maximum price at which we, the Guarantor, MLPF&S or any of our other affiliates would be willing to purchase your notes in any secondary market (if any exists) at any time. The value of your notes at any time after the pricing date will vary based on many factors that cannot be predicted with accuracy, including our and the Guarantor's creditworthiness and changes in market conditions.

If you attempt to sell the notes prior to maturity, their market value may be lower than the price you paid for them and lower than their initial estimated value. This is due to, among other things, changes in the price of the Underlying Stock, the Guarantor's internal funding rate, and the inclusion in the public offering price of the underwriting discount and the hedging related charges, all as further described in "Structuring the Notes" below. These factors, together with various credit, market and economic factors over the term of the notes, are expected to reduce the price at which you may be able to sell the notes in any secondary market and will affect the value of the notes in complex and unpredictable ways.

We cannot assure you that a trading market for your notes will ever develop or be maintained. We will not list the notes on any securities exchange. We cannot predict how the notes will trade in any secondary market or whether that market will be liquid or illiquid.

PS-9

The development of a trading market for the notes will depend on the Guarantor's financial performance and other factors, including changes in the price of the Underlying Stock. The number of potential buyers of your notes in any secondary market may be limited. We anticipate that the selling agent will act as a market-maker for the notes, but none of us, the Guarantor or any selling agent is required to do so. There is no assurance that any party will be willing to purchase your notes at any price in any secondary market. The selling agent may discontinue its market-making activities as to the notes at any time. To the extent that the selling agent engages in any market-making activities, it may bid for or offer the notes. Any price at which the selling agent may bid for, offer, purchase, or sell any notes may differ from the values determined by pricing models that it may use, whether as a result of dealer discounts, mark-ups, or other transaction costs. These bids, offers, or completed transactions may affect the prices, if any, at which the notes might otherwise trade in the market.

In addition, if at any time the selling agent were to cease acting as a market-maker as to the notes, it is likely that there would be significantly less liquidity in the secondary market. In such a case, the price at which the notes could be sold likely would be lower than if an active market existed.

The payments on the notes will not reflect changes in the price of the Underlying Stock other than on the Observation Dates. Changes in the price of the Underlying Stock during the term of the notes other than on the Observation Dates will not affect the amount of payments on the notes or whether the notes will be called. The calculation agent will determine whether each Contingent Coupon Payment is payable, or whether the notes will be called, and calculate the Redemption Amount, by comparing only the Starting Value or the Threshold Value to the Observation Value or the Ending Value. No other price of the Underlying Stock will be taken into account. As a result, if the notes are not called prior to maturity, you will receive less than the principal amount at maturity even if the price of the Underlying Stock has increased at certain times during the term of the notes before decreasing to a value that is less than the Threshold Value as of the final Observation Date.

Trading and hedging activities by us, the Guarantor and any of our other affiliates may affect your return on the notes and their market value. We, the Guarantor and our other affiliates, including the selling agents, may buy or sell shares of the Underlying Stock, or futures or options contracts on the Underlying Stock, or other listed or over-the-counter derivative instruments linked to the Underlying Stock. We, the Guarantor and any of our other affiliates, including the selling agents, may execute such purchases or sales for our own or their own accounts, for business reasons, or in connection with hedging our obligations under the notes. These transactions could affect the value of the Underlying Stock in a manner that could be adverse to your investment in the notes. On or before the pricing date, any purchases or sales by us, the Guarantor or our other affiliates, including the selling agents or others on their behalf (including for the purpose of hedging anticipated exposures), may affect the value of the Underlying Stock. Consequently, the value of the Underlying Stock may change subsequent to the pricing date, adversely affecting the market value of the notes.

We, the Guarantor or one or more of our other affiliates, including the selling agents, may also engage in hedging activities that could affect the value of the Underlying Stock on the pricing date. In addition, these activities may decrease the market value of your notes prior to maturity, and may affect the amounts to be paid on the notes. We, the Guarantor or one or more of our other affiliates, including the selling agents, may purchase or otherwise acquire a long or short position in the notes and may hold or resell the notes. For example, the selling agents may enter into these transactions in connection with any market making activities in which they engage. We cannot assure you that these activities will not adversely affect the value of the Underlying Stock, the market value of your notes prior to maturity or the amounts payable on the notes.

Our trading, hedging and other business activities may create conflicts of interest with you. We, the Guarantor or one or more of our other affiliates, including the selling agents, may engage in trading activities related to the Underlying Stock that are not for your account or on your behalf. We, the Guarantor or one or more of our other affiliates, including the selling agents, also may issue or underwrite other financial instruments with returns based

upon the Underlying Stock. These trading and other business activities may present a conflict of interest between your interest in the notes and the interests we, the Guarantor and our other affiliates, including the selling agents, may have in our proprietary accounts, in facilitating transactions, including block trades, for our or their other customers, and in accounts under our or their management. These trading and other business activities, if they influence the value of the Underlying Stock or secondary trading in your notes, could be adverse to your interests as a beneficial owner of the notes.

PS-10

We expect to enter into arrangements or adjust or close out existing transactions to hedge our obligations under the notes. We, the Guarantor or our other affiliates also may enter into hedging transactions relating to other notes or instruments, some of which may have returns calculated in a manner related to that of the notes offered hereby. We may enter into such hedging arrangements with one of our affiliates. Our affiliates may enter into additional hedging transactions with other parties relating to the notes and the Underlying Stock. This hedging activity is expected to result in a profit to those engaging in the hedging activity, which could be more or less than initially expected, or the hedging activity could also result in a loss. We and our affiliates will price these hedging transactions with the intent to realize a profit, regardless of whether the value of the notes increases or decreases. Any profit in connection with such hedging activities will be in addition to any other compensation that we, the Guarantor and our other affiliates, including the selling agents, receive for the sale of the notes, which creates an additional incentive to sell the notes to you.

There may be potential conflicts of interest involving the calculation agent, which is an affiliate of ours. We have the right to appoint and remove the calculation agent. One of our affiliates will be the calculation agent for the notes and, as such, will make a variety of determinations relating to the notes, including the amounts that will be paid on the notes. Under some circumstances, these duties could result in a conflict of interest between its status as our affiliate and its responsibilities as calculation agent. These conflicts could occur, for instance, in connection with the calculation agent's determination as to whether a Market Disruption Event (as defined below) has occurred, or in connection with judgments that it would be required to make if certain corporate events occur as to the Underlying Stock. The calculation agent will be required to carry out its duties in good faith and use its reasonable judgment. However, because we expect that the Guarantor will control the calculation agent, potential conflicts of interest could arise.

The U.S. federal income tax consequences of an investment in the notes are uncertain, and may be adverse to a holder of the notes. No statutory, judicial, or administrative authority directly addresses the characterization of the notes or securities similar to the notes for U.S. federal income tax purposes. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the notes are not certain. Under the terms of the notes, you will have agreed with us to treat the notes as contingent income-bearing single financial contracts, as described under "U.S. Federal Income Tax Summary—General." If the Internal Revenue Service (the "IRS") were successful in asserting an alternative characterization for the notes, the timing and character of income, gain or loss with respect to the notes may differ. No ruling will be requested from the IRS with respect to the notes and no assurance can be given that the IRS will agree with the statements made in the section entitled "U.S. Federal Income Tax Summary."

You are urged to consult with your own tax advisor regarding all aspects of the U.S. federal income tax consequences of investing in the notes.

* * *

Investors in the notes should review the additional risk factors set forth beginning on page PS-5 of the product supplement prior to making an investment decision.

DESCRIPTION OF THE NOTES

General

The notes will be part of a series of medium-term notes entitled “Senior Medium-Term Notes, Series A” issued under the senior indenture, as amended and supplemented from time to time, among us, the Guarantor and The Bank of New York Mellon Trust Company N.A., as trustee. The senior indenture is more fully described in the prospectus supplement and prospectus. The following description of the notes supplements the description of the general terms and provisions of the notes and debt securities set forth under the headings “Description of the Notes” in the prospectus supplement and “Description of Debt Securities” in the prospectus. These documents should be read in connection with this pricing supplement.

Our payment obligations on the notes are fully and unconditionally guaranteed by the Guarantor. The notes will rank equally with all of our other unsecured senior debt from time to time outstanding. The guarantee of the notes will rank equally with all other unsecured senior obligations of the Guarantor. Any payments due on the notes, including any repayment of principal, are subject to our credit risk, as issuer, and the credit risk of BAC, as guarantor.

The notes will be issued in denominations of \$1,000 and whole multiples of \$1,000. You may transfer the notes only in whole multiples of \$1,000.

Prior to maturity, the notes are not repayable at your option or at our option. The notes may be automatically called prior to maturity as described under “—Automatic Early Redemption.”

If any payment on the notes is due on a day that is not a business day, the payment will be postponed to the next business day, and no interest will be payable as a result of that postponement.

Contingent Coupon Payment

If, on any Observation Date, the Observation Value is greater than or equal to the Threshold Value, we will pay the Contingent Coupon Payment on the applicable Contingent Payment Date.

The “Contingent Coupon Payment” will be [\$36.25] per note ([3.625%] of the principal amount). The actual Contingent Coupon Payment will be determined on the pricing date.

The “Threshold Value” will be 60% of the Starting Value.

The “Observation Dates” will be November 22, 2017, February 22, 2018, May 23, 2018, August 22, 2018, November 21, 2018, February 21, 2019, May 22, 2019 and August 21, 2019, subject to postponement as described in “Description of the Notes—Certain Terms of the Notes—Events Relating to Observation Dates” of product supplement STOCK-1.

The “Contingent Payment Dates” will be November 28, 2017, February 27, 2018, May 29, 2018, August 27, 2018, November 27, 2018, February 26, 2019, May 28, 2019 and the maturity date.

For so long as the notes are held in book-entry only form, we will pay the Contingent Coupon Payment to the persons in whose names the notes are registered at the close of business one business day prior to each Contingent Payment Date. If the notes are not held in book-entry only form, the record dates will be the fifteenth calendar day preceding the applicable payment date, whether or not that date is a business day.

Notwithstanding the foregoing, the Redemption Amount, including the final Contingent Coupon Payment with respect to the final Observation Date, if payable, will be paid to the persons in whose names the notes are registered on the

maturity date.

PS-12

Automatic Early Redemption

The notes will be automatically called in whole, but not in part, prior to maturity if the Observation Value on any Observation Date is greater than or equal to the Starting Value. Upon an early redemption, you will receive the Early Redemption Payment on the applicable Contingent Payment Date. You will not receive any additional payments on the notes after the early redemption date.

The “Early Redemption Payment” will be the principal amount of your notes, plus the Contingent Coupon Payment with respect to the applicable Observation Date.

Redemption Amount

If your notes are not automatically called prior to maturity, then at maturity, subject to our credit risk as issuer of the notes and the credit risk of the Guarantor as guarantor of the notes, you will receive the Redemption Amount per note that you hold, denominated in U.S. dollars. The Redemption Amount per note will be calculated as follows:

If the Ending Value is greater than or equal to the Threshold Value, the Redemption Amount will equal the principal amount plus the Contingent Coupon Payment with respect to the final Observation Date.

If the Ending Value is less than the Threshold Value, we will deliver to you a number of shares of the Underlying Stock equal to the product of the Exchange Ratio multiplied by the Price Multiplier as of the final Observation Date, or at our option, the Cash Delivery Amount. If we elect to deliver shares of the Underlying Stock, fractional shares will be paid in cash. In this case, the Redemption Amount, as of the final Observation Date, will be worth less than 60% of the principal amount and could be zero.

The “Exchange Ratio” will be equal to the principal amount of \$1,000 per note divided by the Starting Value.

The “Price Multiplier” will be 1, subject to adjustment for certain corporate events relating to the Underlying Stock described in the product supplement under “Description of the Notes—Anti-Dilution Adjustments.”

The “Cash Delivery Amount” will be equal to the product of the Exchange Ratio multiplied by the Ending Value.

Determining the Starting Value, the Observation Value and the Ending Value

The “Starting Value” will be the Closing Market Price on the pricing date.

The “Observation Value” will be the Closing Market Price on the applicable Observation Date, multiplied by the Price Multiplier as of that day.

The “Ending Value” will be the Closing Market Price on the final Observation Date, multiplied by the Price Multiplier as of that day.

The Observation Dates are subject to postponement as set forth in the product supplement, in the section “Description of the Notes—Certain Terms of the Notes—Events Relating to Observation Dates.”

Events of Default and Acceleration

If an Event of Default, as defined in the Senior Indenture and in the section entitled “Description of Debt Securities — Events of Default and Rights of Acceleration” beginning on page 35 of the accompanying prospectus, with respect to the notes occurs and is continuing, the amount payable to a holder of the notes upon any acceleration permitted under the Senior Indenture will be equal to the amount described under the caption “—Redemption Amount,” calculated as though the date of acceleration were the maturity date of the notes and as though the final Observation Date were the

third

PS-13

trading day prior to the date of acceleration. We will also determine whether the final Contingent Coupon Payment is payable based upon the price of the Underlying Stock on that day; any such final Contingent Coupon Payment may be prorated by the calculation agent to reflect the length of the final contingent payment period. In case of a default in the payment of the notes, whether at their maturity or upon acceleration, the notes will not bear a default interest rate.

PS-14

THE UNDERLYING STOCK

We have derived the following information from publicly available documents. None of us, the Guarantor, MLPF&S or any of our other affiliates has independently verified the accuracy or completeness of the following information.

Because the Underlying Stock is registered under the Securities Exchange Act of 1934, the company issuing the Underlying Stock (the “Underlying Company”) is required to file periodically certain financial and other information specified by the SEC. Information provided to or filed with the SEC by the Underlying Company can be located at the Public Reference Section of the SEC, 100 F Street, N.E., Room 1580, Washington, D.C. 20549 or through the SEC’s web site at <http://www.sec.gov> by reference to the applicable CIK number set forth below.

This document relates only to the notes and does not relate to the Underlying Stock or to any other securities of the Underlying Company. None of us, the Guarantor, MLPF&S or any of our other affiliates has participated or will participate in the preparation of the Underlying Company’s publicly available documents. None of us, the Guarantor, MLPF&S or any of our other affiliates has made any due diligence inquiry with respect to the Underlying Company in connection with the offering of the notes. None of us, the Guarantor, MLPF&S or any of our other affiliates makes any representation that the publicly available documents or any other publicly available information regarding the Underlying Company are accurate or complete. Furthermore, there can be no assurance that all events occurring prior to the date of this document, including events that would affect the accuracy or completeness of these publicly available documents that would affect the trading price of the Underlying Stock, have been or will be publicly disclosed. Subsequent disclosure of any events or the disclosure or failure to disclose material future events concerning an Underlying Company could affect the value of the Underlying Stock and therefore could affect your return on the notes. The selection of the Underlying Stock is not a recommendation to buy or sell the Underlying Stock.

Advanced Micro Devices, Inc.

Advanced Micro Devices, Inc. manufactures semiconductor products, including microprocessors, embedded microprocessors, chipsets, graphics, video and multimedia products. The Underlying Stock trades on the NASDAQ Capital Market under the symbol “AMD”.

PS-15

The following table shows the quarterly high and low Closing Market Prices of the shares of the Underlying Stock on its primary exchange from the first quarter of 2012 through August 2, 2017. We obtained this historical data from Bloomberg L.P. We have not independently verified the accuracy or completeness of the information obtained from Bloomberg L.P. These historical trading prices may have been adjusted to reflect certain corporate actions, such as stock splits and reverse stock splits.

PS-16

Supplement to the Plan of Distribution; Role of MLPF&S

and Conflicts of Interest

MLPF&S, a broker-dealer affiliate of ours, is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”) and will participate as selling agent in the distribution of the notes. Accordingly, the offering of the notes will conform to the requirements of FINRA Rule 5121. MLPF&S may not make sales in this offering to any of its discretionary accounts without the prior written approval of the account holder.

MLPF&S will sell the notes to other broker-dealers that will participate in the offering and that are not affiliated with us, at an agreed discount to the principal amount. Each of those broker-dealers may sell the notes to one or more additional broker-dealers. MLPF&S has informed us that these discounts may vary from dealer to dealer and that not all dealers will purchase or repurchase the notes at the same discount.

MLPF&S and any of our other broker-dealer affiliates, may use this pricing supplement, and the accompanying product supplement, prospectus supplement and prospectus for offers and sales in secondary market transactions and market-making transactions in the notes. However, they are not obligated to engage in such secondary market transactions and/or market-making transactions. The selling agent may act as principal or agent in these transactions, and any such sales will be made at prices related to prevailing market conditions at the time of the sale.

At MLPF&S’s discretion, for a short, undetermined initial period after the issuance of the notes, MLPF&S may offer to buy the notes in the secondary market at a price that may exceed the initial estimated value of the notes. Any price offered by MLPF&S for the notes will be based on then-prevailing market conditions and other considerations, including the performance of the Underlying Stock and the remaining term of the notes. However, none of us, the Guarantor, MLPF&S or any of our other affiliates is obligated to purchase your notes at any price or at any time, and we cannot assure you that any party will purchase your notes at a price that equals or exceeds the initial estimated value of the notes.

Any price that MLPF&S may pay to repurchase the notes will depend upon then prevailing market conditions, the creditworthiness of us and the Guarantor, and transaction costs. At certain times, this price may be higher than or lower than the initial estimated value of the notes.

PS-17

STRUCTURING THE NOTES

The notes are our debt securities, the return on which is linked to the performance of the Underlying Stock. The related guarantees are BAC's obligations. As is the case for all of our and BAC's respective debt securities, including our market-linked notes, the economic terms of the notes are described in the following table.

Recently Adopted Accounting Pronouncements (continued) On January 1, 2009, CBIZ adopted the provisions of SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities (SFAS No. 161) as an amendment to SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities . SFAS No. 161 requires that objectives for using derivative instruments be disclosed in terms of underlying risk and accounting designation. See Note 7 for disclosures required by SFAS No. 161. On January 1, 2009, CBIZ adopted the provisions of SFAS No. 141 (revised 2007) Business Combinations (SFAS No. 141R), as amended. SFAS No. 141R establishes principles and requirements for how a reporting entity recognizes and measures the assets acquired, the liabilities assumed, and any non-controlling interest in the acquiree, as well as determines what information to disclose. SFAS No. 141R also requires acquisition costs that were previously capitalized be expensed as incurred. See Note 12 for further discussion of acquisitions and the impact of SFAS No. 141R. On January 1, 2009, CBIZ adopted the provisions of FSP No. FAS 142-3, Determination of the Useful Life of Intangible Assets (FSP No. FAS 142-3). FSP No. FAS 142-3 amends the factors that should be

Table of Contents

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

considered in the determination of the useful life of a recognized intangible asset under FASB Statement No. 142, Goodwill and Other Intangible Assets and is intended to improve consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS No. 141R. The adoption of FSP No. FAS 142-3 did not have a material impact on CBIZ's consolidated financial statements.

As of April 1, 2009, CBIZ adopted the provisions of FSP No. FAS 115-2 and FAS 124-2, Recognition and Presentation of Other-Than-Temporary Impairments (FSP No. FAS 115-2). FSP No. FAS 115-2 changes (1) the trigger for determining whether an other-than-temporary impairment exists and (2) the amount of an impairment charge to be recorded in earnings. To determine whether an other-than-temporary impairment exists, an entity is required to assess the likelihood of selling a security prior to recovering its cost basis as opposed to whether it has the intent and ability to hold a security to recovery or maturity. This FSP also expands and increases the frequency of existing disclosure about other-than-temporary impairments and requires new disclosures of the significant inputs used in determining a credit loss, as well as a rollforward of the credit loss each period. See Note 7 for disclosures required by FSP No. FAS 115-2.

During the three months ended June 30, 2009, CBIZ adopted the provisions of FSP No. FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (FSP No. FAS 157-4). FSP No. FAS 157-4 provides additional guidance to highlight and expand on the factors that should be considered in estimating fair value when there has been a significant decrease in market activity for a financial asset. This FSP also requires new disclosures relating to fair value measurement inputs and valuation techniques (including changes in inputs and valuation techniques). The adoption of FSP No. FAS 157-4 did not have a material impact on CBIZ's consolidated financial statements.

During the three months ended June 30, 2009, CBIZ adopted the provisions of FSP No. FAS 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments (FSP No. FAS 107-1), which increases the frequency of fair value disclosures from annual to quarterly to provide financial statement users with more timely information about the effects of current market conditions on their financial instruments. The adoption of FSP No. FAS 107-1 did not have a material impact on CBIZ's consolidated financial statements.

During the three months ended June 30, 2009, CBIZ adopted the provisions of SFAS No. 165, Subsequent Events (SFAS No. 165). SFAS No. 165 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. SFAS No. 165 requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. SFAS No. 165 applies to both interim financial statements and annual financial statements after June 15, 2009. See Note 15 for further disclosures required by SFAS No. 165.

---	----------	----------	-----------	----------

10

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)****5. Borrowing Arrangements***Convertible Senior Subordinated Notes*

On May 30, 2006, CBIZ sold and issued \$100.0 million in Notes. The Notes are direct, unsecured, senior subordinated obligations of CBIZ and rank (i) junior in right of payment to all of CBIZ's existing and future senior indebtedness, (ii) equal in right of payment with any other future senior subordinated indebtedness, and (iii) senior in right of payment to all subordinated indebtedness. The terms of the Notes are governed by the Indenture dated as of May 30, 2006, with U.S. Bank National Association as trustee. The Notes and Indenture are further described in CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008.

The Notes bear interest at a rate of 3.125% per annum, payable in cash semi-annually in arrears on each June 1 and December 1. The Notes mature on June 1, 2026 and may be redeemed by CBIZ in whole or in part anytime after June 6, 2011. The Notes are convertible into CBIZ common stock at a rate equal to 94.1035 shares per \$1,000 principal amount of the Notes (equal to an initial conversion price of approximately \$10.63 per share), subject to adjustment as described in the Indenture. Upon conversion, CBIZ will deliver for each \$1,000 principal amount of Notes, an amount consisting of cash equal to the lesser of \$1,000 or the conversion value (as defined in the Indenture) and, to the extent that the conversion value exceeds \$1,000, at CBIZ's election, cash or shares of CBIZ common stock in respect of the remainder.

As required by FSP APB 14-1, CBIZ separately accounts for the debt and equity components of the Notes. The carrying amount of the debt and equity components at June 30, 2009 and December 31, 2008 were as follows (in thousands):

	2009	2008
Principal amount of notes	\$ 100,000	\$ 100,000
Unamortized discount	(8,171)	(10,113)
Net carrying amount	\$ 91,829	\$ 89,887
Additional paid-in-capital	\$ 11,425	\$ 11,425

The discount on the liability component of the Notes is being amortized using the effective interest method based upon an annual effective rate of 7.8%, which represents the market rate for similar debt without a conversion option at the issuance date. The discount is being amortized over five years from the date of issuance, which coincides with the first date that holders can require CBIZ to repurchase the Notes. At June 30, 2009, the unamortized discount had a remaining amortization period of approximately 23 months.

During the three and six months ended June 30, 2009 and 2008, CBIZ recognized interest expense on the Notes as follows (in thousands):

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Contractual coupon interest	\$ 781	\$ 781	\$ 1,562	\$ 1,562
Amortization of discount.	978	906	1,942	1,800

Total interest expense	\$ 1,759	\$ 1,687	\$ 3,504	\$ 3,362
------------------------	----------	----------	----------	----------

Bank Debt

CBIZ maintains a \$214.0 million unsecured credit facility (credit facility) with Bank of America as agent bank for a group of six participating banks. The credit facility has a letter of credit sub-facility and matures in November 2012. CBIZ had \$116.3 million and \$125.0 million of outstanding borrowings

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

under its credit facility at June 30, 2009 and December 31, 2008, respectively. Rates for the six months ended June 30, 2009 and 2008 were as follows:

	2009	2008
Weighted average rates	4.06%	4.87%
Range of effective rates	2.78% - 6.40%	3.60% - 7.25%

CBIZ had approximately \$67.8 million of available funds under the credit facility at June 30, 2009. Available funds under the credit facility are reduced by letters of credit and obligations determined to be other indebtedness in accordance with the terms of the credit facility.

The credit facility provides CBIZ operating flexibility and funding to support seasonal working capital needs and other strategic initiatives such as acquisitions and share repurchases. Under the credit facility, loans are charged an interest rate consisting of a base rate or Eurodollar rate plus an applicable margin, letters of credit are charged based on the same applicable margin, and a commitment fee of 40.0 to 50.0 basis points is charged on the unused portion of the facility.

The credit facility is subject to certain financial covenants that may limit CBIZ's ability to borrow up to the total commitment amount. Covenants require CBIZ to meet certain requirements with respect to (i) minimum net worth; (ii) maximum leverage ratio; and (iii) a minimum fixed charge coverage ratio. The credit facility also places restrictions on CBIZ's ability to create liens or other encumbrances, to make certain payments, investments, loans and guarantees and to sell or otherwise dispose of a substantial portion of assets, or to merge or consolidate with an unaffiliated entity. According to the terms of the credit facility, CBIZ is not permitted to declare or make any dividend payments, other than dividend payments made by one of its wholly owned subsidiaries to the parent company. The credit facility contains a provision that, in the event of a defined change in control, the credit facility may be terminated.

There are no limitations on CBIZ's ability to acquire businesses or repurchase CBIZ common stock provided that the Leverage Ratio is less than 2.0. The Leverage Ratio is calculated as total debt (excluding the Notes) compared to EBITDA as defined by the credit facility. As of June 30, 2009, the Leverage Ratio as defined by the credit facility was 1.46.

6. Commitments and Contingencies*Acquisitions*

The purchase price that CBIZ pays for businesses and client lists has historically consisted of two components: an up-front, non-contingent portion, and a portion which is contingent upon the acquired businesses or client lists actual future performance. Shares of CBIZ common stock that are issued in connection with acquisitions may be contractually restricted from sale for periods up to two years. Acquisitions are further discussed in Note 12.

Indemnifications

CBIZ has various agreements in which it may be obligated to indemnify the other party with respect to certain matters. Generally, these indemnification clauses are included in contracts arising in the normal course of business under which the Company customarily agrees to hold the other party harmless against losses arising from a breach

of representations, warranties, covenants or agreements, related to matters such as title to assets sold and certain tax matters. Payment by CBIZ under such indemnification clauses are generally conditioned upon the other party making a claim. Such claims are typically subject to challenge by CBIZ and to dispute resolution procedures specified in the particular contract. Further, CBIZ's obligations under these agreements may be limited in terms of time and/or amount and, in some instances, CBIZ may have recourse against third parties for certain payments

Table of Contents

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

made by CBIZ. It is not possible to predict the maximum potential amount of future payments under these indemnification agreements due to the conditional nature of CBIZ's obligations and the unique facts of each particular agreement. Historically, CBIZ has not made any payments under these agreements that have been material individually or in the aggregate. As of June 30, 2009, CBIZ was not aware of any material obligations arising under indemnification agreements that would require payments.

Employment Agreements

CBIZ maintains severance and employment agreements with certain of its executive officers, whereby such officers may be entitled to payment in the event of termination of their employment. CBIZ also has arrangements with certain non-executive employees which may include severance and other employment provisions. CBIZ accrues for amounts payable under these contracts and arrangements as triggering events occur and obligations become known. During the six months ended June 30, 2009 and 2008, payments regarding such contracts and arrangements were not material.

Letters of Credit and Guarantees

CBIZ provides letters of credit to lessors (landlords) of certain leased premises in lieu of cash security deposits which totaled \$3.6 million and \$4.6 million as of June 30, 2009 and December 31, 2008, respectively. In addition, CBIZ provides license bonds to various state agencies to meet certain licensing requirements. The amount of license bonds outstanding at June 30, 2009 and December 31, 2008 was \$1.5 million and \$1.7 million, respectively.

CBIZ acted as guarantor on various letters of credit for a CPA firm with which it has an affiliation, which totaled \$1.2 million as of June 30, 2009 and December 31, 2008. In accordance with FASB Interpretation No. 45,

Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, as amended, CBIZ has recognized a liability for the fair value of the obligations undertaken in issuing these guarantees, which is recorded as other current liabilities in the accompanying consolidated balance sheets. Management does not expect any material changes to result from these instruments as performance under the guarantees is not expected to be required.

Self-Funded Health Insurance

CBIZ maintains a self-funded comprehensive health benefit plan. Total expenses under this program are limited by stop-loss coverages on individually large claims. A third party administrator processes claims and payments, but does not assume liability for benefits payable under this plan. CBIZ assumes responsibility for funding the plan benefits out of general assets, however, employees contribute to the costs of covered benefits through premium charges, deductibles and co-pays.

The third party administrator provides the Company with reports and other information which provides a basis for the estimate of the liability at the end of each reporting period. Although management believes that it uses the best available information to determine the amount of the liability, unforeseen health claims could result in adjustments and higher costs incurred if circumstances differ from the assumptions used in estimating the liability. The liability for the self-funded health insurance plan is included in other current liabilities in the consolidated balance sheets and was \$4.4 million and \$4.1 million at June 30, 2009 and December 31, 2008, respectively. CBIZ's net healthcare costs include health claims, premiums for stop-loss coverages and administration fees to third-party administrators.

Legal Proceedings

CBIZ is from time to time subject to claims and suits arising in the ordinary course of business. Although the ultimate disposition of such proceedings is not presently determinable, management does not believe that the ultimate resolution of these matters will have a material adverse effect on the consolidated financial condition, results of operations or cash flows of CBIZ.

Table of Contents

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

7. Financial Instruments

Concentrations of Credit Risk

Financial instruments that may subject CBIZ to concentration of credit risk consist primarily of cash and cash equivalents and accounts receivable. CBIZ places its cash and cash equivalents with highly-rated financial institutions, limiting the amount of credit exposure with any one financial institution. CBIZ's client base consists of large numbers of geographically diverse customers dispersed throughout the United States; thus, concentration of credit risk with respect to accounts receivable is not considered significant.

Corporate Bonds

As part of the Company's effort to invest the funds held for clients, CBIZ purchased two corporate bonds with par values totaling \$6.0 million during June, 2009. Both bonds are investment grade and are classified as available for sale. One corporate bond matures in October, 2010 and the other matures in January, 2011. These investments are included in Funds held for clients' current on the consolidated balance sheets. During the three months ended June 30, 2009, CBIZ recognized a temporary impairment on these bonds totaling \$14,000, which is recorded in other comprehensive loss.

Auction Rate Securities (ARS)

During the three months ended June 30, 2009, CBIZ adopted the provisions of FSP No. FAS 115-2, which resulted in a change in the recognition of other-than-temporary impairments on the Company's ARS investments. FSP No. FAS 115-2 pertains to debt securities that are other-than-temporarily impaired. The impairment must be bifurcated into an amount related to the credit loss and an amount related to all other factors. Credit loss is defined as the difference between the present value of cash flows expected to be collected and the amortized cost basis of the investment. Credit losses related to other-than-temporary impairments are recorded in earnings and all other impairments are recorded in accumulated other comprehensive loss (AOCL). To record the cumulative impact of adopting FSP No. FAS 115-2, CBIZ recorded a pre-tax adjustment of \$372,000 to increase beginning retained earnings and decrease AOCL.

At June 30, 2009, CBIZ held three investments in ARS with par values totaling \$13.4 million and fair values totaling \$10.8 million. The difference between par value and fair value for two of the ARS are currently considered to be temporary and are therefore recorded as unrealized losses in AOCL, net of tax benefits. The decline in fair value of the remaining ARS was previously determined to be other-than-temporary, thus losses associated with this ARS are accounted for in accordance with FSP No. FAS 115-2. See Note 8 for further discussion regarding the ARS and related fair values.

Due to the failed auctions and the uncertainty regarding the liquidity of these securities, CBIZ classifies its investments in auction-rate securities as funds held for clients' non-current in the consolidated balance sheets. The maturity dates for these ARS investments range from October, 2037 through February, 2042.

CBIZ has sufficient liquidity in its client fund assets to fund client obligations and the Company does not anticipate that the current lack of liquidity of these investments will affect its ability to conduct business. CBIZ has the ability and intent to hold the two ARS investments that are temporarily impaired until anticipated recovery in value occurs.

Interest Rate Swaps

CBIZ uses interest rate swaps to manage interest rate risk exposure. CBIZ's interest rate swaps effectively modify the Company's exposure to interest rate risk, primarily through converting portions of floating rate debt under the credit facility, to a fixed rate basis. These agreements involve the receipt or

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

payment of floating rate amounts in exchange for fixed rate interest payments over the life of the agreements without an exchange of the underlying principal amounts. CBIZ does not enter into derivative instruments for trading or speculative purposes.

Each of CBIZ's interest rate swaps has been designated as a cash flow hedge. CBIZ accounts for the interest rate swaps in accordance with the provisions of SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS No. 133) and related amendments and interpretations. Accordingly, the interest rate swaps are recorded as either assets or liabilities in the consolidated balance sheets at fair value. Changes in fair value are recorded as a component of AOCL, net of tax, to the extent the swaps are effective. Amounts recorded to AOCL are reclassified to interest expense as interest on the underlying debt is recognized. Net amounts due related to the swaps are recorded as adjustments to interest expense when incurred or payable.

At inception, the critical terms of the interest rate swaps matched the underlying risks being hedged, and as such the interest rate swaps are expected to be highly effective in offsetting fluctuations in the designated interest payments resulting from changes in the benchmark interest rate. The interest rate swaps are assessed for effectiveness and continued qualification for hedge accounting on a quarterly basis. If an interest rate swap were to be de-designated as a hedge it would be accounted for as a financial instrument used for trading and any changes in fair value would be recorded in the consolidated statements of operations.

As a result of the use of derivative instruments, CBIZ is exposed to risk that the counterparties will fail to meet their contractual obligations. To mitigate the counterparty credit risk, CBIZ only enters into contracts with carefully selected major financial institutions based upon their credit ratings and other factors, and continually assess the creditworthiness of counterparties. At June 30, 2009, all of the counterparties to CBIZ's interest rate swaps had investment grade ratings. To date, all counterparties have performed in accordance with their contractual obligations. There are no credit risk-related contingent features in CBIZ's interest rate swaps nor do the swaps contain provisions under which the Company has, or would be required, to post collateral.

At June 30, 2009, each of the interest rate swaps was classified as a liability derivative. The following table summarizes CBIZ's outstanding interest rate swaps and their effects on the consolidated balance sheets at June 30, 2009 and December 31, 2008 (in thousands).

	June 30, 2009		
	Notional Value	Fair Value (c)	Balance Sheet Location
Interest rate swap (a)	\$ 10,000	\$ 176	Other current liabilities
Interest rate swaps (b)	20,000	107	Other non-current liabilities
Total interest rate swaps	\$ 30,000	\$ 283	
	December 31, 2008		
	Notional Value	Fair Value (c)	Balance Sheet Location
Interest rate swap (a)	\$ 10,000	\$ 328	Other non-current liabilities
Total interest rate swap	\$ 10,000	\$ 328	

- (a) Represents one interest rate swap with an initial term of two years expiring January, 2010. Under the terms of the interest rate swap, CBIZ pays interest at a fixed rate of 3.9% plus applicable margin under the credit agreement, and receives or pays interest that varies with one-month LIBOR. Interest is calculated by reference to the \$10.0 million notional amount of the interest rate swap and payments are exchanged each month.

Table of Contents

CBIZ, INC. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

- (b) Represents two interest rate swaps, each with a notional value of \$10.0 million and terms of two years expiring in January, 2011. Under the terms of the interest rate swaps, CBIZ pays interest at a fixed rate of 1.55% and 1.59%, respectively, plus applicable margin under the credit agreement, and receives or pays interest that varies with three-month LIBOR. Interest is calculated by reference to the respective \$10.0 million notional amount of the interest rate swap and payments are exchanged every three months.

- (c) See additional disclosures regarding fair value measurements in Note 8.

The following table summarizes the effects of interest rate swaps on CBIZ's consolidated statements of operations for the three and six months ended June 30, 2009 and 2008 (in thousands). All swaps were deemed to be effective for the three and six months ended June 30, 2009 and 2008.

	Gain (Loss) Recognized in AOCL Three Months Ended June 30,		Gain (Loss) Reclassified from AOCL into Expense Three Months Ended June 30,		Location
	2009	2008	2009	2008	
Interest rate swaps	\$32	\$106	\$113	\$31	Interest expense

	Six Months Ended June 30,		Six Months Ended June 30,		Location
	2009	2008	2009	2008	
Interest rate swaps	\$28	\$(79)	\$212	\$37	Interest expense

8. Fair Value Measurements

SFAS No. 157, Fair Value Measurements (SFAS No. 157), establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy categorizes assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. The three levels are defined as follows:

Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Effective January 1, 2009, CBIZ adopted SFAS No. 157, for all nonfinancial assets and liabilities that are measured at fair value on a non-recurring basis, such as goodwill and identifiable intangible assets. The adoption of SFAS No. 157 for nonfinancial assets and liabilities that are measured at fair value on a non-recurring basis did not impact CBIZ's financial position or results of operations for the three and six months ended June 30, 2009. In June 2009, CBIZ adopted the provisions of FSP No. FAS 157-4, which provides additional guidance in estimating the fair value when there has been a significant decrease in market activity for a financial asset.

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

The following table summarizes CBIZ's assets and liabilities at June 30, 2009 that are measured at fair value on a recurring basis subsequent to initial recognition, and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value (in thousands):

	Portion of Carrying Value Measured at Fair Value June 30, 2009	Fair Value Measurements at June 30, 2009 with		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Deferred compensation plan assets	\$ 23,549	\$23,549	\$	\$
Auction rate securities	\$ 10,406	\$	\$	\$ 10,406
Corporate bonds	\$ 6,165	\$ 6,165	\$	\$
Interest rate swaps	\$ (283)	\$	\$ (283)	\$

The following table summarizes the change in fair values of the Company's assets and liabilities identified as Level 3 for the six months ended June 30, 2009 (pre-tax basis) (in thousands):

	Auction Rate Securities
Beginning balance December 31, 2008	\$ 10,024
Unrealized gains included in accumulated other comprehensive loss, net	382
Ending balance June 30, 2009	\$ 10,406

Due to liquidity issues in the ARS market and because quoted prices from broker-dealers were unavailable for CBIZ's ARS, the investments in ARS were classified as Level 3. Accordingly, a fair value assessment of these securities was performed in accordance with SFAS No. 157. The assessment was performed on each security based on a discounted cash flow model utilizing various assumptions that included maximum interest rates for each issue, probabilities of successful auctions, failed auctions or default, the timing of cash flows, the quality and level of collateral of the securities, and the rate of recovery from bond insurers in the event of default.

For the one ARS investment that was determined in 2008 to be unlikely to recover its par value, CBIZ applied the provisions of FSP No. FAS 115-2 and bifurcated the other-than-temporary impairment into credit loss and other impairment. For the three months ended June 30, 2009, the credit loss portion of the impairment decreased, which resulted in no adjustment to earnings as subsequent recoveries in fair value related to credit loss are not recognized until realized.

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

As previously mentioned, one of ARS investments was determined to be other-than-temporarily impaired (OTTI) as a result of both credit losses and other factors. The following table provides a rollforward of the credit losses, pre-tax, recognized in earnings related to this ARS for the six months ended June 30, 2009 for which a portion of the OTTI was recognized in other comprehensive income (in thousands):

	Accumulated Credit Losses June 30, 2009
Balance at January 1, 2009	\$ 2,251
Cumulative adjustment to retained earnings at adoption of to FSP No. FAS 115-2	(372)
Balance at April 1, 2009	\$ 1,879
Additions related to OTTI losses not previously recognized	
Reductions due to sales	
Reductions due to change in intent or likelihood of sale	
Additions due to increases in previously recognized OTTI losses	
Reductions due to increases in expected cash flows	
Balance at June 30, 2009	\$ 1,879

For the remaining two ARS investments, both of which were determined to be temporarily impaired, the current fair value analysis resulted in an unrealized gain of \$328,000 and \$399,000 for the three and six months ended June 30, 2009, respectively. The prior unrealized losses were recorded to AOCL in the consolidated balance sheets, thus the unrealized gain was recorded to offset the prior recorded loss. For both of these ARS issues, CBIZ has determined that the impairment is temporary due to dislocation in the credit markets, the quality of the investments and their underlying collateral, and the probability of a passed auction or redemption in the future, considering the issuers ability to refinance if necessary.

For the six months ended June 30, 2008, pre-tax losses of \$0.3 million relating to these two ARS were recorded in AOCL.

The following table provides additional information with regards to the ARS with temporary impairments, aggregated by the length of time that the securities have been in a continuous unrealized loss position (in thousands):

Description of Security	June 30, 2009					
	Less Than 12 Months		12 Months or Greater		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
Auction rate securities	\$	\$	\$7,674	\$ 706	\$7,674	\$ 706

Description of Security	December 31, 2008					
	Less Than 12 Months		12 Months or Greater		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses

Auction rate securities	\$7,275	\$1,105	\$	\$	\$7,275	\$1,105
-------------------------	---------	---------	----	----	---------	---------

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

The following table presents financial instruments that are not carried at fair value but which require fair value disclosure as of June 30, 2009 and December 31, 2008 (in thousands):

	June 30, 2009		December 31, 2008	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Convertible notes	\$91,829	\$90,247	\$89,887	\$87,800

Although the trading of CBIZ's Notes is limited, the fair value of the Notes was determined based upon their most recent quoted market price. The Notes are carried at face value less any unamortized debt discount in accordance with FSP APB 14-1.

The carrying value of CBIZ's cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short maturity of these instruments. The carrying value of bank debt approximates fair value, as the interest rate on the bank debt is variable and approximates current market rates.

9. Other Comprehensive Income

Other comprehensive income is reflected as an increase to stockholders' equity and is not reflected in CBIZ's results of operations. Other comprehensive income for the three and six months ended June 30, 2009 and 2008, net of tax, was as follows (in thousands):

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Net income	\$ 6,796	\$ 6,744	\$ 24,977	\$ 22,990
Net unrealized gain (loss) on available-for-sale securities, net of income taxes (1)	179	277	220	(975)
Net unrealized gain (loss) on interest rate swaps, net of income taxes (2)	32	106	28	(79)
Foreign currency translation	(19)	(12)	(41)	(28)
Total other comprehensive income	\$ 6,988	\$ 7,115	\$ 25,184	\$ 21,908

(1) Net of income tax expense of \$119 and \$185 for the three months ended June 30, 2009 and 2008, respectively, and net of income tax expense

(benefit) of
\$147 and \$(650)
for the six
months ended
June 30, 2009
and 2008,
respectively.

- (2) Net of income
tax expense of
\$19 and \$63 for
the three months
ended June 30,
2009 and 2008,
respectively,
and net of
income tax
expense
(benefit) of \$16
and \$(46) for
the six months
ended June 30,
2009 and 2008,
respectively.

Accumulated other comprehensive loss, net of tax, was approximately \$1.1 million and \$1.0 million at June 30, 2009 and December 31, 2008, respectively. Accumulated other comprehensive loss consisted of adjustments, net of tax, to unrealized gains and losses on available-for-sale securities and interest rate swaps, and foreign currency translation.

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)****10. Employer Share Plans**

CBIZ has granted various stock-based awards under its 2002 Stock Incentive Plan, which is described in further detail in CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008. The terms and vesting schedules for stock-based awards vary by type and date of grant. In accordance with SFAS No. 123 (revised 2004), Share-Based Payment, compensation expense for stock-based awards recognized during the three and six months ended June 30, 2009 and 2008 was as follows (in thousands):

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Stock options	\$ 680	\$ 751	\$ 1,247	\$ 1,160
Restricted stock awards	555	402	933	664
Total stock-based compensation expense	\$ 1,235	\$ 1,153	\$ 2,180	\$ 1,824

Stock award activity during the six months ended June 30, 2009 was as follows (in thousands, except per share data):

	Stock Options		Restricted Stock Awards	
	Number of Options	Weighted Average Exercise Price Per Share	Number of Shares	Weighted Average Grant-Date Fair Value (1)
Outstanding at beginning of year	3,696	\$6.93	631	\$ 7.42
Granted	1,356	\$7.70	385	\$ 7.59
Exercised or released	(206)	\$3.24	(263)	\$ 7.02
Expired or canceled	(26)	\$6.83		\$
Outstanding at June 30, 2009	4,820	\$7.31	753	\$ 7.65
Exercisable at June 30, 2009	1,881	\$6.63		

(1) Represents weighted average market value of the shares; awards are granted at no cost to the recipients.

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)****11. Earnings Per Share**

The following table sets forth the computation of basic and diluted earnings per share for the three and six months ended June 30, 2009 and 2008 (in thousands, except per share data).

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Numerator:				
Income from continuing operations	\$ 6,639	\$ 6,931	\$ 24,691	\$ 23,624
Denominator:				
Basic				
Weighted average common shares outstanding	61,436	61,830	61,366	62,544
Diluted				
Stock options (1)	247	484	275	609
Restricted stock awards	77	120	141	163
Contingent shares (2)	110	6	109	4
Diluted weighted average common shares outstanding	61,870	62,440	61,891	63,320
Basic earnings per share from continuing operations	\$ 0.11	\$ 0.11	\$ 0.40	\$ 0.38
Diluted earnings per share from continuing operations	\$ 0.11	\$ 0.11	\$ 0.40	\$ 0.37

(1) A total of 3.9 million and 3.5 million options were excluded from the calculation of diluted earnings per share for the three and six months ended June 30, 2009, respectively, and a total of

2.2 million and 1.6 million options were excluded from the calculation of diluted earnings per share for the three and six months ended June 30, 2008, respectively, as their exercise prices would render them anti-dilutive.

- (2) Contingent shares represent additional shares to be issued for purchase price earned by former owners of businesses acquired by CBIZ once future conditions have been met.

12. Acquisitions

On January 1, 2009, CBIZ adopted the provisions of SFAS No. 141R. CBIZ did not acquire any businesses during the six months ended June 30, 2009. However, CBIZ purchased two client lists, one of which is reported in the Financial Services practice group and the other is reported in the Employee Services practice group. Aggregate consideration for these client lists consisted of \$0.1 million cash paid at closing and up to an additional \$0.4 million in cash which is contingent upon future financial performance of the client lists. In addition, CBIZ paid \$4.3 million in cash and issued approximately 131,600 shares of common stock during the six months ended June 30, 2009 as contingent proceeds and payments against notes payable for previous acquisitions. During the six months ended June 30, 2008, CBIZ acquired a payroll business, an insurance agency and a national executive search firm, all three of which are reported in the Employee Services practice group. The payroll business is located in Palm Desert, California and provides payroll processing services to a large number of clients primarily in California and Arizona. The insurance business is located in Frederick, Maryland and is a broker of innkeepers insurance programs. The national executive search firm is headquartered in Overland Park, Kansas and provides services to commercial and industrial companies, development-stage organizations and non-profit organizations. In addition, CBIZ acquired two client lists during the six months ended June 30, 2008, one of which is reported in the Financial Services practice group and the other is reported in the Employee Services practice

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

group. Aggregate consideration for these acquisitions consisted of approximately \$9.5 million in cash and approximately 23,600 shares of common stock paid at closing, and up to an additional \$7.9 million in cash and approximately 25,900 shares of common stock which is contingent upon future financial performance of the acquired businesses and client lists. In addition, CBIZ paid approximately \$11.1 million in cash and issued approximately 80,500 shares of common stock during the first six months of 2008 as contingent proceeds for previous acquisitions.

The operating results of these businesses are included in the accompanying consolidated financial statements since the dates of acquisition. Client lists and non-compete agreements are recorded at fair value at the time of acquisition. The excess of purchase price over the fair value of net assets acquired, (including client lists and non-compete agreements) is allocated to goodwill.

Additions to goodwill, client lists and other intangible assets resulting from acquisitions and contingent consideration earned during the six months ended June 30, 2009 and 2008 were as follows (in thousands):

	2009	2008
Goodwill	\$ 5,564	\$ 11,445
Client lists	\$ 440	\$ 5,702
Other intangible assets	\$	\$ 114

CBIZ acquired Mahoney Cohen & Company and Tofias PC on December 31, 2008, the results of which were included in CBIZ's operating results beginning January 1, 2009. The following table provides pro forma results of operations for these two businesses for the comparative period in 2008 assuming both businesses were acquired on January 1, 2008. The pro forma results of operations are presented for illustrative purposes only and are not necessarily indicative of the results of operations that would have been obtained had these businesses actually been acquired at January 1, 2008, nor are they intended to be a projection of future results of operations.

	Six Months Ended June 30, 2008		
	Consolidated As Reported	Pro Forma Adjustments	Pro Forma Consolidated
Revenue	\$ 372,554	\$ 51,139	\$ 423,693
Net income	\$ 22,990	\$ 5,128	\$ 28,118
Net income per share:			
Basic	\$ 0.37	\$ 0.08	\$ 0.45
Diluted	\$ 0.36	\$ 0.08	\$ 0.44
Weighted average shares outstanding:			
Basic	62,544	1,081	63,625
Diluted	63,320	1,081	64,401

13. Discontinued Operations and Divestitures

From time to time, CBIZ divests (through sale or closure) business operations that do not contribute to the Company's long-term objectives for growth, or that are not complementary to its target service offerings and

markets. Divestitures are classified as discontinued operations provided they meet the criteria as provided in SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and EITF No. 03-13, Applying the Conditions in Paragraph 42 of FASB Statement No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets in Determining Whether to Report Discontinued Operations .

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)****Discontinued Operations**

Gains or losses from the sale of discontinued operations are recorded as gain (loss) on disposal of discontinued operations, net of tax, in the accompanying consolidated statements of operations. Additionally, proceeds that are contingent upon a divested operation's actual future performance are recorded as gain on sale of discontinued operations in the period they are earned. During the six months ended June 30, 2009, CBIZ did not sell any operations. Gains recorded for the six months ended June 30, 2009 related to contingent proceeds for a Financial Services operation that was sold during 2007 and an adjustment to reserves established for an operation that was closed in 2008.

During the six months ended June 30, 2008, CBIZ sold an operation from the Financial Services practice group, closed an operation from National Practice group and received contingent proceeds from a Financial Services operation that was sold in the third quarter of 2007. CBIZ received cash proceeds totaling \$1.6 million and recognized pre-tax losses totaling \$0.4 million as the result of these divestitures.

For those businesses that qualified for treatment as discontinued operations, the assets, liabilities and results of operations are reported separately in the accompanying consolidated financial statements. Revenue and results from operations of discontinued operations for the three and six months ended June 30, 2009 and 2008 are separately reported as income from operations of discontinued operations, net of tax in the consolidated statements of operations and were as follows (in thousands):

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Revenue	\$	\$ 118	\$	\$ 505
Income (loss) from discontinued operations, before income tax	\$ 22	\$ (310)	\$ 215	\$ (304)
Income tax (expense) benefit	(9)	114	(80)	110
Income (loss) from discontinued operations, net of tax	\$ 13	\$ (196)	\$ 135	\$ (194)

Gain (loss) on the disposal of discontinued operations for the three and six months ended June 30, 2008 and 2007 were as follows (in thousands):

	THREE MONTHS ENDED JUNE 30,		SIX MONTHS ENDED JUNE 30,	
	2009	2008	2009	2008
Gain (loss) on disposal of discontinued operations, before income tax	\$ 229	\$ 13	\$ 240	\$ (365)
Income tax expense	85	4	89	75
Gain (loss) on disposal of discontinued operations, net of tax	\$ 144	\$ 9	\$ 151	\$ (440)

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

At June 30, 2009 and December 31, 2008, the assets and liabilities of businesses classified as discontinued operations consisted of the following (in thousands):

	June 30, 2009	December 31, 2008
Assets:		
Accounts receivable, net	\$ 210	\$ 203
Other current assets	44	46
Assets of discontinued operations	\$ 254	\$ 249
Liabilities:		
Accounts payable	\$ 83	\$ 97
Accrued personnel costs		10
Other current liabilities	399	662
Liabilities of discontinued operations	\$ 482	\$ 769

Divestitures

CBIZ sold certain assets and client lists in prior periods which did not qualify for treatment as discontinued operations. The gain on sale of certain client lists has been deferred and the deferred gains are recorded as other non-current liabilities in the accompanying consolidated balance sheets. The gain on these sales is being recorded as Gain on sale of operations, net as cash payments are received. Additionally, CBIZ may earn additional proceeds on the sale of certain client lists (sold in previous years), which are contingent upon future revenue generated by the client lists. CBIZ records these proceeds as other income when they are earned.

14. Segment Disclosures

CBIZ's business units have been aggregated into four practice groups: Financial Services, Employee Services, Medical Management Professionals (MMP), and National Practices. The business units have been aggregated based on the following factors: similarity of the products and services provided to clients; similarity of the regulatory environment in which they operate; and similarity of economic conditions affecting long-term performance. The business units are managed along these segment lines.

A general description of services provided by practice group, is provided in the following table.

Corporate and Other. Included in Corporate and Other are operating expenses that are not directly allocated to the individual business units. These expenses are primarily comprised of gains or losses

Table of Contents**CBIZ, INC. AND SUBSIDIARIES****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)**

attributable to assets held in the Company's deferred compensation plan, stock-based compensation, certain health care costs, consolidation and integration charges, and certain advertising costs.

Accounting policies of the practice groups are the same as those described in Note 1 to the Annual Report on Form 10-K for the year ended December 31, 2008. Upon consolidation, all intercompany accounts and transactions are eliminated; thus inter-segment revenue is not included in the measure of profit or loss for the practice groups. Performance of the practice groups is evaluated on operating income excluding the costs of certain infrastructure functions (such as information systems, finance and accounting, human resources, legal and marketing), which are reported in the Corporate and Other segment.

Segment information for the three and six months ended June 30, 2009 and 2008 was as follows (in thousands):

	THREE MONTHS ENDED JUNE 30, 2009					
	Financial Services	Employee Services	MMP	National Practices	Corporate and Other	Total

15. Subsequent Events

In accordance with SFAS No. 165 Subsequent Events , CBIZ has evaluated those events and transactions that occurred from July 1, 2009 through August 10, 2009, the date of issuance of these consolidated financial statements. No material events or transactions have occurred during this period which would render these financial statements to be misleading.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Unless the context otherwise requires, references in this Quarterly Report on Form 10-Q to CBIZ or the Company shall mean CBIZ, Inc., a Delaware corporation, and its operating subsidiaries.

The following discussion is intended to assist in the understanding of CBIZ's financial position at June 30, 2009 and December 31, 2008, results of operations for the three and six months ended June 30, 2009 and 2008, and cash flows for the six months ended June 30, 2009 and 2008, and should be read in conjunction with the consolidated financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and with the Company's Annual Report on Form 10-K for the year ended December 31, 2008. This discussion and analysis contains forward-looking statements and should also be read in conjunction with the disclosures and information contained in Uncertainty of Forward-Looking Statements included elsewhere in this Quarterly Report on Form 10-Q and in Risk Factors included in the Annual Report on Form 10-K for the year ended December 31, 2008.

Overview

CBIZ provides professional business services that help clients manage their finances, employees and technology. These services are provided to businesses of various sizes, as well as individuals, governmental entities and not-for-profit enterprises throughout the United States and parts of Canada. CBIZ delivers its integrated services through four practice groups. A general description of services provided by practice group is provided in the following table:

See the Annual Report on Form 10-K for the year ended December 31, 2008 for further discussion of external relationships and regulatory factors that currently impact CBIZ's operations.

Executive Summary

Revenue for the six months ended June 30, 2009 grew by \$36.7 million, or 9.8%, versus the comparable period in 2008. Revenue from newly acquired operations, net of divestitures, contributed \$49.4 million, or 13.3% to the growth in revenue, while same-unit revenue declined by 3.4%, or \$12.7 million. Earnings per share from continuing operations increased 8.1% to \$0.40 per diluted share for the six months ended June 30, 2009 from \$0.37 per diluted share for the comparable period in 2008.

Effective January 1, 2009, CBIZ adopted the provisions of Financial Accounting Standards Board (FASB) Staff Position (FSP) No. APB 14-1, Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement) (FSP APB 14-1), which impacted the accounting associated with CBIZ's \$100.0 million convertible senior subordinated notes (Notes). The 2008 results have been restated to reflect this change. The impact to CBIZ of adopting FSP APB 14-1 is described in Notes 1 and 5 to the accompanying consolidated financial statements.

CBIZ acquired Mahoney Cohen & Company and Tofias PC on December 31, 2008. While these units have not been immune to the economic pressures facing all professional services firms, their performance is generally in line with management's expectations.

Table of Contents

The Company has instituted several programs to control and reduce expenses. These programs include appropriately matching staffing resources to expected revenue. During the six months ended June 30, 2009, the Company incurred \$1.2 million of severance related costs as it has adjusted its workforce, which represents an increase of \$1.1 million from the comparable period in 2008.

Results of Operations Continuing Operations

Same-unit revenue represents total revenue adjusted to reflect comparable periods of activity for acquisitions and divestitures. For example, for a business acquired on June 1, 2008, revenue for the month of June would be included in same-unit revenue for both years; revenue for the period January 1, 2009 through May 31, 2009 would be reported as revenue from acquired businesses. Divested operations represents operations that were sold or closed and did not meet the criteria for treatment as discontinued operations.

Three Months Ended June 30, 2009 and 2008

Revenue The following table summarizes total revenue for the three months ended June 30, 2009 and 2008 (in thousands, except percentages).

	THREE MONTHS ENDED JUNE 30,					
	2009	% of Total	2008	% of Total	\$ Change	% Change
<i>Same-unit revenue</i>						
Financial Services	\$ 70,578	37.3%	\$ 75,157	42.9%	\$ (4,579)	(6.1)%
Employee Services	42,515	22.5%	46,356	26.4%	(3,841)	(8.3)%
MMP	41,874	22.1%	41,899	23.9%	(25)	(0.1)%
National Practices	10,545	5.6%	11,028	6.3%	(483)	(4.4)%
Total same-unit revenue	165,512	87.5%	174,440	99.5%	(8,928)	(5.1)%
Acquired businesses	23,560	12.5%			23,560	
Divested operations			951	0.5%	(951)	
Total revenue	\$ 189,072	100.0%	\$ 175,391	100.0%	\$ 13,681	7.8%

A detailed discussion of revenue by practice group is included under *Operating Practice Groups*.

Gross margin and operating expenses Operating expenses for the three months ended June 30, 2009 increased by \$15.1 million versus the comparable period in 2008. As a result of the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC, CBIZ incurred additional operating expenses of \$20.3 million. The primary components of operating expenses for the three months ended June 30, 2009 and 2008 are illustrated in the following table:

	2009		2008		Change in % of Revenue
	% of Operating Expense	% of Revenue	% of Operating Expense	% of Revenue	
Personnel costs	73.2%	65.7%	72.7%	64.1%	1.6%
Occupancy costs	6.8%	6.1%	6.6%	5.8%	0.3%
Depreciation and amortization	2.9%	2.6%	2.3%	2.0%	0.6%
Other (1)	17.1%	15.3%	18.4%	16.2%	(0.9)%
Total operating expenses		89.7%		88.1%	1.6%

Gross margin	10.3%	11.9%	(1.6)%
--------------	-------	-------	--------

(1) Other operating expenses include office expenses, travel and related expenses, equipment costs, professional fees, bad debt and other expenses, none of which are individually significant as a percentage of total operating expenses.

Table of Contents

The increase in personnel costs as a percentage of revenue consisted of a 1.3% increase related to salaries and benefits, including the impact of the previously mentioned December 31, 2008 acquisitions and certain severance costs, and a 1.2% increase related to gains on assets held in CBIZ's deferred compensation plan during the second quarter of 2009 compared to a loss on assets for the second quarter of 2008. These increases were offset by a reduction in same-store compensation as a result of reduced staffing levels at certain locations. The increase in occupancy costs and depreciation and amortization expense as a percentage of revenue was the result of the previously mentioned acquisitions. The decline in other operating expenses as a percentage of revenue for the three months ended June 30, 2009 versus the comparable period in 2008 occurred as a result of the Company's cost-control efforts, and primarily related to declines in travel and recruiting fees. Personnel and other operating expenses are discussed in further detail under Operating Practice Groups.

Corporate general and administrative expenses Corporate general and administrative (G&A) expenses decreased by \$0.1 million to \$7.7 million for the three months ended June 30, 2009, from \$7.8 million for the comparable period of 2008, and declined as a percentage of revenue to 4.1% from 4.4% for the three months ended June 30, 2009 and 2008, respectively. The primary components of G&A expenses for the three months ended June 30, 2009 and 2008 are illustrated in the following table:

	2009		2008		Change in % of Revenue
	% of G&A Expense	% of Revenue	% of G&A Expense	% of Revenue	
Personnel costs	53.9%	2.2%	53.3%	2.4%	(0.2)%
Depreciation and amortization	2.3%	0.1%	3.9%	0.2%	(0.1)%
Professional services	13.1%	0.5%	17.1%	0.8%	(0.3)%
Other (1)	30.7%	1.3%	25.7%	1.0%	0.3%
Total G&A expenses		4.1%		4.4%	(0.3)%

(1) Other G&A expenses include occupancy costs, office expenses, equipment and computer costs, insurance expense and other expenses, none of which are individually significant as a percentage of total G&A expenses.

Interest expense Interest expense increased by \$0.7 million to \$3.5 million for the three months ended June 30, 2009 from \$2.8 million for the comparable period in 2008. The increase in interest expense relates to higher average debt

outstanding under the credit facility for the three months ended June 30, 2009 versus the comparable period in 2008, partially offset by a decrease in average interest rates. Average debt outstanding under the facility was \$139.3 million and \$71.2 million and weighted average interest rates were 4.0% and 4.7% for the three months ended June 30, 2009 and 2008, respectively. The increase in average debt for the three months ended June 30, 2009 versus the comparable period in 2008 was largely attributable to the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC which were financed through CBIZ's credit facility.

Although the Notes carry a 3.125% coupon payment rate, interest expense for the three months ended June 30, 2009 increased by approximately \$0.1 million versus the three months ended June 30, 2008. As required by FSP APB 14-1, CBIZ accounts for the liability and equity components of the Notes in a manner that reflects the convertible debt borrowing rate, absent the conversion feature, when interest expense is recognized over subsequent periods. The effective interest rate on the Notes is 7.8%, and interest expense above the 3.125% coupon rate represents a non-cash charge. CBIZ's Notes and the impact of adopting FSP APB 14-1 are further disclosed in Notes 1 and 5 of the accompanying consolidated financial statements.

Other income (expense), net Other income (expense), net is primarily comprised of interest income and adjustments to the fair value of investments held in a rabbi trust related to the deferred compensation plan. Adjustments to the fair value of investments related to the deferred compensation contributed \$2.6 million to the increase in other income (expense), net for the three months ended June 30, 2009 versus the comparable period in 2008. These adjustments did not impact CBIZ's net income as they were offset by the corresponding increase to compensation expense which was recorded as operating and G&A expenses in the consolidated statements of operations.

Table of Contents

Income tax expense CBIZ recorded income tax expense from continuing operations of \$4.5 million and \$3.9 million for the three months ended June 30, 2009 and 2008, respectively. The effective tax rate for the three months ended June 30, 2009 was 40.1%, compared to an effective rate of 36.1% for the comparable period in 2008. The increase in the effective tax rate primarily relates to the favorable settlement of a portion of an IRS audit in 2008 and the reversal of certain tax reserves related to the audit in 2008. There were no reversals of estimated tax reserves in the second quarter of 2009.

Operating Practice Groups

CBIZ delivers its integrated services through four practice groups: Financial Services, Employee Services, Medical Management Professionals (MMP) and National Practices. A brief description of these groups' operating results and factors affecting their businesses is provided below.

Financial Services

	THREE MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Revenue				
Same-unit	\$ 70,578	\$ 75,157	\$ (4,579)	(6.1)%
Acquired businesses	23,560		23,560	
Total revenue	\$ 94,138	\$ 75,157	\$ 18,981	25.3%
Operating expenses	83,436	65,884	17,552	26.6%
Gross margin	\$ 10,702	\$ 9,273	\$ 1,429	15.4%
Gross margin percent	11.4%	12.3%		

The increase in total revenue was primarily attributable to the acquisitions of Mahoney Cohen & Company and Tofias PC on December 31, 2008. These firms offer accounting, tax and financial advisory services to privately-held and public companies as well as high net worth individuals. Although the Financial Services group increased the rates realized for services, same-unit revenue for the three months ended June 30, 2009 declined versus the comparable period in 2008 due to a reduction in client demand which resulted in a decrease in aggregate hours charged to clients. CBIZ provides a range of services to affiliated CPA firms under joint referral and administrative service agreements (ASAs), including, but not limited to: administrative functions such as office management, bookkeeping, and accounting; preparing marketing and promotion materials; providing office space, computer equipment, and systems support; and leasing administrative and professional staff. Services are performed in exchange for a fee. Fees earned by CBIZ under the ASAs are recorded as revenue in the accompanying consolidated statements of operations and were approximately \$21.9 million and \$20.7 million for the three months ended June 30, 2009, and 2008, respectively, a majority of which is related to services rendered to privately-held clients. Typically, in the event that accounts receivable and unbilled work in process become uncollectible by the CPA firms, the service fee due to CBIZ is reduced on a pro rata basis. The ASAs have terms ranging up to eighteen years, are renewable upon agreement by both parties, and have certain rights of extension and termination.

The largest components of operating expenses for the Financial Services group are personnel costs, occupancy costs, and travel related expenses which represented 87.4% and 89.3% of total operating expenses for the three months ended June 30, 2009 and 2008, respectively. Personnel costs increased \$12.9 million for the three months ended June 30, 2009 compared to the same period in the prior year. The overall increase was driven by a \$15.3 million increase in costs associated with the December 31, 2008 acquisitions, and was partially offset by same-unit personnel

cost reductions of \$2.4 million. Those reductions were attributable to reduced staffing levels in some locations that experienced reduced client demands, partially offset by higher severance costs of \$0.8 million. Occupancy costs increased by \$1.7 million to 6.3% of revenue for the three months ended June 30, 2009 versus 5.6% of revenue for the comparable period in 2008. The increase in occupancy costs related

Table of Contents

to the acquired businesses and several office relocations which were completed subsequent to the second quarter of 2008. Travel related expenses decreased to 2.4% of revenue for the three months ended June 30, 2009 from 3.6% of revenue for the comparable period of 2008, primarily as a result of CBIZ's cost-control efforts.

The decline in gross margin percentage was primarily attributable to an increase in amortization expense related to intangible assets associated with the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC. In addition, bad debt expense increased to 2.2% of revenue for the three months ended June 30, 2009 from 1.5% of revenue for the comparable period in 2008. The increase in bad debt expense was not related to an overall deterioration in the collectability of accounts receivable, but rather related to specific client receivables.

Employee Services

Gross margin	\$ 7,157	\$ 8,318	\$ (1,161)	(14.0)%
Gross margin percent	16.8%	17.6%		

The decrease in same-unit revenue was primarily caused by three factors: (1) reductions in revenue of approximately \$1.2 million in the retirement and advisory businesses whose revenues are aligned with the underlying asset valuations; (2) a decrease of approximately \$0.3 million in same-unit payroll revenue primarily as a result of the decline in interest rates which negatively affected the investment income earned on payroll funds held on behalf of clients; and (3) a decrease of approximately \$1.2 million in same-unit human resources revenue due to lower client demand for recruiting and other consulting services. In addition, group health and property and casualty same-unit revenues declined for the three months ended June 30, 2009. Group health revenue for the three months ended June 30, 2009 declined approximately 1.7% versus the comparable period in 2008 due the impact of higher rates of unemployment. Property and casualty revenue decreased 3.0% for the three months ended June 30, 2009 versus the comparable period in 2008 due to soft market conditions in pricing. The decline in revenue from divested businesses relates to the sale of a specialty retirement investment advisory operation in Atlanta, Georgia which occurred in the third quarter of 2008.

The largest components of operating expenses for the Employee Services group are personnel costs, including commissions paid to third party brokers, and occupancy costs, representing 83.1% and 82.4% of total operating expenses for the second quarter of 2009 and 2008, respectively. Personnel costs decreased \$2.6 million, but increased as a percentage of revenue to 63.6% for the second quarter of 2009 from 62.6% for the comparable period in 2008. Approximately \$0.5 million of the decline related to the divestiture of the aforementioned business. The increase in personnel costs as a percentage of revenue was primarily attributable to annual merit increases coupled with a decline in revenues at the aforementioned businesses which have a predominantly fixed compensation structure. Occupancy costs are relatively fixed in nature and decreased \$0.1 million for the second quarter of 2009 versus the same period in 2008.

The decline in gross margin was primarily attributable to lower asset values and interest rates which resulted in the previously mentioned revenue decline. As asset based and investment revenues do not have related direct costs, changes in those revenue sources can have a significant impact on gross margin.

Table of Contents*Medical Management Professionals*

	THREE MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Same-unit revenue	\$ 41,874	\$ 41,899	\$ (25)	(0.1)%
Operating expenses	35,271	36,368	(1,097)	(3.0)%
Gross margin	\$ 6,603	\$ 5,531	\$ 1,072	19.4%
Gross margin percent	15.8%	13.2%		

Same-unit revenue decreased 0.1% for the second quarter of 2009 versus the comparable period in 2008 due to an approximate 2.3% increase attributable to existing clients offset by a 2.4% decline in revenue attributable to client terminations, net of new business sold. Revenue from existing clients grew by approximately 4.6% as a result of an increase in volume, mix of medical specialties and reimbursement rates. The growth was offset by a decline in pricing on existing clients of approximately 2.3% resulting in a net increase in existing client revenue of approximately 2.3%. The decline in revenue from client terminations, net of new business sold, relates to an increase in lost business attributable to various reasons, including physician groups losing their hospital contracts and hospital consolidations. The largest components of operating expenses for MMP are personnel costs, professional service fees (primarily fees related to outside services for off-shore and electronic claims processing), occupancy costs and office expenses (primarily postage related to statement mailing services), representing 87.2% and 86.1% of total operating expenses for the second quarters of 2009 and 2008, respectively. Personnel costs decreased \$0.6 million to 54.6% of revenue for the second quarter of 2009 from 55.9% of revenue for the comparable period in 2008, but was partially offset by an increase in professional service fees of \$0.4 million. MMP has reduced headcount and related personnel costs with their expanded utilization of off-shore processing. The reductions in headcount and personnel costs in billing operations were partially offset by annual merit increases and some increases in internal support personnel necessary to manage process improvements and centralization efforts. Office expenses decreased to 7.9% of revenue for the second quarter of 2009 versus 8.3% for the comparable period of 2008, primarily as the result of a change in the frequency of statement mailing. Occupancy costs decreased \$0.2 million to 6.3% of revenue in the second quarter of 2009 from 6.6% of revenue in the second quarter of 2008 primarily due to lower office rent costs due to office consolidations.

MMP has taken various actions to maintain gross margin, including the utilization of off-shore processing and other cost-control measures. These cost-control measures have resulted in declines in various expenses for the second quarter of 2009 versus the comparable period in 2008, including postage and travel. However, the Company expects that margins for the full year 2009 will be comparable to those reported for the full year 2008.

Table of Contents*National Practices*

	THREE MONTHS ENDED JUNE 30,			
	2009	2008	\$	%
	Change			
	(In thousands, except percentages)			
Same-unit revenue	\$ 10,545	\$ 11,028	\$ (483)	(4.4)%
Operating expenses	10,128	10,262	(134)	(1.3)%
Gross margin	\$ 417	\$ 766	\$ (349)	(45.6)%
Gross margin percent	4.0%	6.9%		

The decrease in revenue was primarily due to lower service and service agreement fees of approximately \$0.7 million, offset by an increase in product revenues of approximately \$0.3 million. Most of the decrease in the service related fees occurred in the technology businesses as clients have deferred capital investments in systems projects due to the current economic environment. The increase in product revenues resulted from a few large sales of hardware equipment that closed during the quarter.

The largest components of operating expenses for the National Practices group are personnel costs, direct costs and occupancy costs, which collectively represented 93.3% and 92.9% of total operating expenses for the three months ended June 30, 2009 and 2008, respectively. Personnel costs remained at 71.4% of revenue for the three months ended June 30, 2009 and 2008, but decreased \$0.3 million for the three months ended June 30, 2009 versus the comparable period in 2008. The decrease in personnel costs relates to a reduction in staffing during the three months ended June 30, 2009 compared to the three months ended June 30, 2008. Direct costs relating to the technology businesses consist of product costs, sales commissions and third party labor. Direct costs increased as a percentage of revenue by 3.1%, primarily due to a change in revenue mix more heavily weighted with product sales during the three months ended June 30, 2009 versus the comparable period in 2008. Occupancy costs are relatively fixed in nature and were \$0.3 million for the three months ended June 30, 2009 and 2008.

The decline in gross margin relates to the Company's decision to maintain the majority of its technology workforce infrastructure and the shift in revenue mix for the technology units with this quarter having higher product sales, which typically provide lower margins than service revenue.

Six Months Ended June 30, 2009 and 2008

Revenue The following table summarizes total revenue for the six months ended June 30, 2009 and 2008 (in thousands, except percentages).

	SIX MONTHS ENDED JUNE 30,					
	2009	% of	2008	% of	\$	%
	Total

A detailed discussion of revenue by practice group is included under Operating Practice Groups .

33

Table of Contents

Gross margin and operating expenses Operating expenses for the six months ended June 30, 2009 increased by \$35.3 million versus the comparable period in 2008. As a result of the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC, CBIZ incurred additional operating expenses of \$40.9 million. The primary components of operating expenses for the six months ended June 30, 2009 and 2008 are illustrated in the following table:

	2009		2008		Change in % of Revenue
	% of Operating Expense	% of Revenue	% of Operating Expense	% of Revenue	
Personnel costs	74.0%	62.9%	73.3%	61.5%	1.4%
Occupancy costs	6.7%	5.7%	6.4%	5.4%	0.3%
Depreciation and amortization	2.8%	2.4%	2.2%	1.9%	0.5%
Other(1)	16.5%	14.0%	18.1%	15.1%	(1.1)%
Total operating expenses		85.0%		83.9%	1.1%
Gross margin		15.0%		16.1%	(1.1)%

(1) Other operating expenses include office expenses, travel and related expenses, equipment costs, professional fees, bad debt and other expenses, none of which are individually significant as a percentage of total operating expenses.

The increase in personnel costs as a percentage of revenue consisted of a 1.5% increase related to salaries and benefits, including the impact of the previously mentioned December 31, 2008 acquisitions and certain severance costs, and a 0.8% increase related to gains on assets held in CBIZ's deferred compensation plan for the six months ended June 30, 2009 compared to a loss on assets for the comparable period in 2008. These increases were offset by a reduction in same-store compensation as a result of reduced staffing levels at certain locations. The increase in occupancy costs and depreciation and amortization expense as a percentage of revenue was the result of the previously mentioned acquisitions. The decline in other operating expenses as a percentage of revenue for the six months ended June 30, 2009 versus the comparable period in 2008 occurred as a result of the Company's cost-control efforts, and primarily related to declines in travel and recruiting fees, partially offset by an increase in bad debt expense. Personnel

and other operating expenses are discussed in further detail under Operating Practice Groups .

Corporate general and administrative expenses Corporate general and administrative (G&A) expenses increased by \$0.4 million to \$15.4 million for the six months ended June 30, 2009, from \$15.0 million for the comparable period of 2008, however, declined as a percentage of revenue to 3.8% from 4.1% for the six months ended June 30, 2009 and 2008, respectively. The primary components of G&A expenses for the six months ended June 30, 2009 and 2008 are illustrated in the following table:

	2009		2008		Change in % of Revenue
	% of G&A Expense	% of Revenue	% of G&A Expense	% of Revenue	
Personnel costs	58.4%	2.2%	57.0%	2.3%	(0.1)%
Depreciation and amortization	2.3%	0.1%	4.5%	0.2%	(0.1)%
Professional services	11.9%	0.4%	13.2%	0.5%	(0.1)%
Other(1)	27.4%	1.1%	25.3%	1.1%	
Total G&A expenses		3.8%		4.1%	(0.3)%

(1) Other G&A expenses include occupancy costs, office expenses, equipment and computer costs, insurance expense and other expenses, none of which are individually significant as a percentage of total G&A expenses.

Interest expense Interest expense increased by \$1.7 million to \$7.0 million for the six months ended June 30, 2009 from \$5.3 million for the comparable period in 2008. The increase in interest expense relates to higher average debt outstanding under the credit facility during the six months ended June 30, 2009

Table of Contents

versus the comparable period in 2008, partially offset by a decrease in average interest rates. Average debt outstanding under the facility was \$138.9 million and \$61.3 million and weighted average interest rates were 4.1% and 4.9% for the six months ended June 30, 2009 and 2008, respectively. The increase in average debt for the six months ended June 30, 2009 versus the comparable period in 2008 was largely attributable to the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC which were financed through CBIZ's credit facility.

Although the Notes carry a 3.125% coupon payment rate, interest expense for the six months ended June 30, 2009 increased by approximately \$0.1 million versus the comparable period of 2008. As required by FSP APB 14-1, CBIZ accounts for the liability and equity components of the Notes in a manner that reflects the convertible debt borrowing rate, absent the conversion feature, when interest expense is recognized over subsequent periods. The effective interest rate on the Notes is 7.8%, and interest expense above the 3.125% coupon rate represents a non-cash charge. CBIZ's Notes and the impact of adopting FSP APB 14-1 are further disclosed in Notes 1 and 5 of the accompanying consolidated financial statements.

Other income (expense), net Other income (expense), net is primarily comprised of interest income and adjustments to the fair value of investments held in a rabbi trust related to the deferred compensation plan. Adjustments to the fair value of investments related to the deferred compensation contributed \$3.6 million to the increase in other income (expense), net for the six months ended June 30, 2009 versus the comparable period in 2008. These adjustments do not impact CBIZ's net income as they are offset by the corresponding increase to compensation expense which is recorded as operating and G&A expenses in the consolidated statements of operations.

Income tax expense CBIZ recorded income tax expense from continuing operations of \$16.6 million and \$15.1 million for the six months ended June 30, 2009 and 2008, respectively. The effective tax rate for the six months ended June 30, 2009 was 40.2%, compared to an effective rate of 39.0% for the comparable period in 2008. The increase in the effective tax rate primarily relates to the favorable settlement of a portion of an IRS audit in 2008 and the reversal of certain estimated tax reserves related to the audit in 2008. There were no reversals of estimated tax reserves in 2009.

Operating Practice Groups

CBIZ delivers its integrated services through four practice groups: Financial Services, Employee Services, Medical Management Professionals and National Practices. A brief description of these groups' operating results and factors affecting their businesses is provided below.

Financial Services

	SIX MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Revenue				
Same-unit	\$ 167,761	\$ 174,148	\$ (6,387)	(3.7)%
Acquired businesses	51,070		51,070	
Total revenue	\$ 218,831	\$ 174,148	\$ 44,683	25.7%
Operating expenses	176,574	137,620	38,954	28.3%
Gross margin	\$ 42,257	\$ 36,528	\$ 5,729	15.7%
Gross margin percent	19.3%	21.0%		

The increase in total revenue was primarily attributable to the acquisitions of Mahoney Cohen & Company and Tofias PC on December 31, 2008. Although the Financial Services group increased the rates realized for services, same-unit

revenue for the six months ended June 30, 2009 declined versus the comparable period in 2008 due to a reduction in client demand which resulted in a decrease in aggregate hours charged to clients. Fees earned by CBIZ under its ASAs are recorded as revenue in the accompanying

Table of Contents

consolidated statements of operations and were approximately \$55.3 million and \$49.6 million for the six months ended June 30, 2009 and 2008, respectively, a majority of which is related to services rendered to privately-held clients.

The largest components of operating expenses for the Financial Services group are personnel costs, occupancy costs, and travel related expenses which represented 88.0% and 89.0% of total operating expenses for the six months ended June 30, 2009 and 2008, respectively. Personnel costs increased \$29.7 million for the six months ended June 30, 2009 compared to the same period in the prior year. The overall increase was driven by a \$31.3 million increase in costs associated with the December 31, 2008 acquisitions, and was partially offset by same-unit personnel cost reductions of \$1.6 million. Those reductions were attributable to reduced staffing levels in some locations that experienced reduced client demands, partially offset by severance costs of \$0.8 million. Occupancy costs increased by \$3.6 million to 5.5% of revenue for the six months ended June 30, 2009 versus 4.8% of revenue for the comparable period in 2008. The increase in occupancy costs relates to the acquired businesses and several office relocations which were completed subsequent to the second quarter of 2008. Travel related expenses decreased to 2.0% of revenue for the six months ended June 30, 2009 from 2.7% of revenue for the comparable period of 2008, primarily as a result of CBIZ's cost-control efforts.

The decline in gross margin percentage was primarily attributable to an increase in amortization expense related to intangible assets associated with the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC. In addition, bad debt expense increased to 1.7% of revenue for the six months ended June 30, 2009 from 1.2% of revenue for the comparable period of 2008. The increase in bad debt expense was not related to an overall deterioration in the collectability of accounts receivable, but related to specific client receivables.

Employee Services

	SIX MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Revenue				
Same-unit	\$ 87,292	\$ 92,240	\$ (4,948)	(5.4)%
Acquired businesses	681		681	
Divested operations	5	2,322	(2,317)	
Total revenue	\$ 87,978	\$ 94,562	\$ (6,584)	(7.0)%
Operating expenses	72,784	77,747	(4,963)	(6.4)%
Gross margin	\$ 15,194	\$ 16,815	\$ (1,621)	(9.6)%
Gross margin percent	17.3%	17.8%		

The decrease in same-unit revenue was primarily caused by three factors: (1) reductions in revenue of approximately \$1.6 million in the retirement and advisory businesses whose revenues are aligned with the underlying asset valuations; (2) a decrease of approximately \$1.0 million in same-unit payroll revenue primarily as a result of the decline in interest rates which negatively affected the investment income earned on payroll funds held on behalf of clients; and (3) a decrease of approximately \$1.9 million in same-unit human resources revenue due to lower client demand for recruiting and other consulting services. In addition, group health and property and casualty same-unit revenues declined for the six months ended June 30, 2009. Group health revenue for the six months ended June 30, 2009 declined approximately 1.3% versus the comparable period in 2008 due the impact of higher rates of unemployment. Property and casualty revenue decreased 2.2% for the six months ended June 30, 2009 versus the

comparable period in 2008 due to soft market conditions in pricing. The growth in revenue from acquired businesses was provided by a property and casualty business in Frederick, Maryland and a specialty recruiting business headquartered in Overland Park, Kansas, both of which were acquired during 2008. The decline in revenue from divested businesses relates to the sale of a specialty retirement investment advisory operation in Atlanta, Georgia which occurred in the third quarter of 2008.

Table of Contents

The largest components of operating expenses for the Employee Services group are personnel costs, including commissions paid to third party brokers, and occupancy costs, representing 83.8% and 82.8% of total operating expenses for the six months ended June 30, 2009 and 2008, respectively. Personnel costs decreased \$3.2 million, but increased as a percentage of revenue to 63.8% for the six months ended June 30, 2009 from 62.8% for the comparable period in 2008. Approximately \$1.1 million of the decline related to the divestiture of the aforementioned business. The increase in personnel costs as a percentage of revenue was primarily attributable to annual merit increases and a decline in revenues at the aforementioned businesses which have a predominantly fixed compensation structure. Occupancy costs are relatively fixed in nature and decreased \$0.1 million for the six months ended June 30, 2009 versus the same period in 2008.

The decline in gross margin was primarily attributable to lower asset values and interest rates which resulted in the previously mentioned revenue declines. As investment revenue does not have related direct costs, changes in investment revenues has a significant impact on gross margin.

Medical Management Professionals

	SIX MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Same-unit revenue	\$ 81,754	\$ 82,665	\$ (911)	(1.1)%
Operating expenses	70,439	72,514	(2,075)	(2.9)%
Gross margin	\$ 11,315	\$ 10,151	\$ 1,164	11.5%
Gross margin percent	13.8%	12.3%		

Same-unit revenue decreased 1.1% for the six months ended June 30, 2009 versus the comparable period in 2008 due to an approximate 1.5% increase attributable to existing clients offset by a 2.6% decline attributable to client terminations, net of new business sold. Revenue from existing clients grew by approximately 4.1% as a result of an increase in volume, mix of medical specialties and reimbursement rates. The growth was offset by a decline in pricing on existing clients of approximately 2.6% resulting in a net increase in existing client revenue of approximately 1.5%. The decline in revenue from client terminations, net of new business sold, relates to an increase in lost business attributable to various reasons, including physician groups losing their hospital contracts and hospital consolidations. The largest components of operating expenses for MMP are personnel costs, professional service fees (primarily fees related to outside services for off-shore and electronic claims processing), occupancy costs and office expenses (primarily postage related to statement mailing services), representing 87.2% and 86.2% of total operating expenses for the six months ended June 30, 2009 and June 30, 2008, respectively. Personnel costs decreased \$1.2 million to 56.3% of revenue year to date through June 30, 2009 from 57.1% of revenue for the comparable period in 2008, but were partially offset by an increase in professional service fees of \$0.6 million. MMP has reduced headcount and related personnel costs with their expanded utilization of off-shore processing. The reductions in headcount and personnel costs in billing operations were partially offset by annual merit increases and some increases in internal support personnel necessary to manage process improvements and centralization efforts. Office expenses decreased to 7.8% of revenue for the first six months of 2009 versus 8.2% for the comparable period of 2008, primarily as the result of a change in the frequency of statement mailing. Occupancy costs decreased \$0.1 million to 6.5% of revenue in the first six months of 2009 from 6.6% of revenue for the first six months of 2008 primarily due to lower office rent costs due to office consolidations.

MMP has taken various actions to maintain gross margin, including the utilization of off-shore processing and other cost-control measures. These cost-control measures have resulted in declines in various expenses for the first half of 2009 versus the comparable period in 2008, including postage and travel. However, the Company expects that margins for the full year 2009 will be comparable to those reported for the full year 2008.

Table of Contents*National Practices*

	SIX MONTHS ENDED JUNE 30,			
	2009	2008	\$ Change	% Change
	(In thousands, except percentages)			
Same-unit revenue	\$ 20,686	\$ 21,179	\$ (493)	(2.3)%
Operating expenses	20,175	20,271	(96)	(0.5)%
Gross margin	\$ 511	\$ 908	\$ (397)	(43.7)%
Gross margin percent	2.5%	4.3%		

Throughout 2008 and continuing through the first half of 2009, the non-recurring revenue and project-based revenue has been negatively impacted by clients deferring investment decisions in response to the current economic environment. For the six months ended June 30, 2009 versus the comparable period in 2008, the decrease in same-unit revenue was primarily due to lower service and service agreement fees of approximately \$0.7 million, partially offset by an increase in product revenues of \$0.3 million. The increase in product revenues resulted from a few large sales of hardware equipment that occurred during 2009.

The largest components of operating expenses for the National Practices group are personnel costs, direct costs and occupancy costs, which represented 94.6% and 92.6% of total operating expenses for the six months ended June 30, 2009 and 2008, respectively. Personnel costs decreased \$0.2 million but increased as a percentage of revenue to 74.3% for the six months ended June 30, 2009 from 73.4% versus the comparable period in 2008. The decrease in personnel costs relates to a reduction in staffing during the six months ended June 30, 2009 compared to the six months ended June 30, 2008. As a percentage of revenue, personnel costs increased as a result of the Company's decision to maintain the majority of its technology workforce infrastructure in anticipation of some larger projects that are expected to close in the latter part of 2009. Direct costs relating to the technology businesses consist of product costs, sales commissions and third party labor. Direct costs increased as a percentage of revenue by 2.8%, primarily due to a change in revenue mix more heavily weighted with product sales during the six months ended June 30, 2009 versus the comparable period in 2008. Occupancy costs are relatively fixed in nature and were \$0.6 million and \$0.7 million for the six months ended June 30, 2009 and 2008, respectively.

The decline in gross margin relates to the Company's decision to maintain the majority of its technology workforce infrastructure and the shift in revenue mix for the technology units having higher product sales, which typically provide lower margins than service revenue. To offset the impact of the lower margin product sales, the National Practices group has reduced its travel and other operating expenses as a result of continued cost-control efforts.

Financial Condition

Cash and cash equivalents increased by \$0.5 million to \$10.1 million at June 30, 2009 from December 31, 2008. Restricted cash was \$12.4 million at June 30, 2009, a decrease of \$3.4 million from December 31, 2008. Restricted cash represents those funds held in connection with CBIZ's FINRA regulated operations and funds held in connection with the pass-through of insurance premiums to various carriers. Cash and restricted cash fluctuate during the year based on the timing of cash receipts and related payments.

Accounts receivable, net were \$149.7 million at June 30, 2009, an increase of \$20.5 million from December 31, 2008, and days sales outstanding (DSO) from continuing operations was 69 days, 67 days and 69 days at June 30, 2009, December 31, 2008 and June 30, 2008, respectively. DSO represents accounts receivable (before the allowance for doubtful accounts) and unbilled revenue (net of realization

Table of Contents

adjustments) at the end of the period, divided by trailing twelve month daily revenue. CBIZ provides DSO data because such data is commonly used as a performance measure by analysts and investors and as a measure of the Company's ability to collect on receivables in a timely manner. The calculations of DSO at June 30, 2009 and December 31, 2008 exclude accounts receivable, unbilled revenue and daily revenue for the two businesses that were acquired on December 31, 2008.

Other current assets were \$11.8 million and \$11.5 million at June 30, 2009 and December 31, 2008, respectively. Other current assets are primarily comprised of prepaid assets. Balances may fluctuate during the year based upon the timing of cash payments and amortization of prepaid expenses.

Funds held for clients (current and non-current) and client fund obligations relate to CBIZ's payroll services business. The balance in these accounts fluctuates with the timing of cash receipts and the related cash payments. Client funds obligations differ from funds held for clients due to changes in the market value of the underlying investments. Notes receivable, net (current and non-current) decreased by \$1.0 million at June 30, 2009 versus December 31, 2008. The decrease in notes receivable, net relates solely to payments received, as there were no new additions to notes receivable during 2009.

Goodwill and other intangible assets, net of accumulated amortization, decreased by \$1.7 million at June 30, 2009 from December 31, 2008, of which \$3.3 million is related to intangible assets, partially offset by an increase to goodwill of \$1.6 million. The increase in goodwill consisted of \$5.6 million additional purchase price earned by previous acquisitions, partially offset by a decrease of \$4.0 million attributable to purchase price allocations. The decrease in goodwill attributable to purchase price allocations occurred as additional information became available related to the December 31, 2008 acquisitions of Mahoney Cohen & Company and Tofias PC, and was offset by a \$2.4 million increase in other intangible assets and \$1.5 million reduction in other liabilities. In addition, intangible assets increased by \$0.4 million due to the acquisitions of two client lists during 2009. Total additions of \$2.8 million to intangible assets were more than offset by amortization expense of \$6.1 million for the six months ended June 30, 2009.

Assets of the deferred compensation plan represent participant deferral accounts and are directly offset by deferred compensation plan obligations. Assets of the deferred compensation plan were \$23.5 million and \$19.7 million at June 30, 2009 and December 31, 2008, respectively. The increase in assets of the deferred compensation plan of \$3.8 million consisted of net participant contributions and an increase in the fair value of the investments of \$1.7 million for the six months ended June 30, 2009. The plan is described in further detail in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

The accounts payable balance of \$28.9 million at June 30, 2009 reflects amounts due to suppliers and vendors; balances fluctuate during the year based on the timing of cash payments. Accrued personnel costs were \$33.6 million at June 30, 2009 and represent amounts due for payroll, payroll taxes, employee benefits and incentive compensation. Balances fluctuate during the year based on the timing of payments and the estimate of incentive compensation costs. Notes payable - current increased by \$1.8 million to \$2.9 million at June 30, 2009 from \$1.1 million at December 31, 2008 due to the increase in contingent proceeds earned by acquired businesses of approximately \$5.9 million, offset by payments of contingent proceeds related to acquired businesses of approximately \$4.1 million.

Other liabilities (current and non-current) decreased by \$3.7 million at June 30, 2009 from December 31, 2008. The decrease is primarily attributable to approximately \$1.2 million of contingent proceeds earned by acquired businesses, \$0.8 million of unearned revenue being recognized, and \$1.5 million due to the change in purchase price allocation related to the December 31, 2008 acquisition of Mahoney Cohen & Company.

Income taxes payable - current was \$4.1 million at June 30, 2009 versus income taxes refundable of \$3.3 million at December 31, 2008. The income taxes refundable balance at December 31, 2008 occurred as CBIZ made estimated tax payments that exceeded the tax liabilities CBIZ expected to incur with its 2008 income tax filings. Income taxes payable at June 30, 2009 primarily represents the provision for current

Table of Contents

income taxes less estimated tax payments and tax benefits related to the exercise of stock options. Income taxes payable non-current at June 30, 2009 and December 31, 2008 was \$6.9 million and \$6.8 million, respectively, and represents the accrual for uncertain tax positions in accordance with FIN 48.

As required by FSP APB 14-1, CBIZ's \$100.0 million Notes are carried at face value less any unamortized discount. The \$1.9 million increase in the carrying value of the Notes at June 30, 2009 versus December 31, 2008 represents amortization of the discount which is recognized as interest expense in the consolidated statements of operations. The Notes and the impact of adopting FSP APB 14-1 are further disclosed in Notes 1 and 5 of the accompanying consolidated financial statements.

Bank debt for amounts due on CBIZ's credit facility decreased by \$8.7 million at June 30, 2009 from December 31, 2008. Payments on the credit facility were made using the excess cash from operating activities offset by approximately \$12.4 million used to fund strategic initiatives, including payments for acquisitions and share repurchases (as described under Sources and Uses of Cash below).

Stockholders' equity increased by \$22.2 million to \$263.8 million at June 30, 2009 from \$241.6 million at December 31, 2008. The increase in stockholders' equity was primarily attributable to net income of \$25.0 million, \$3.2 million related to CBIZ's stock award programs and the issuance of \$1.0 million in common shares related to business acquisitions. These increases were partially offset by share repurchase activity of approximately 0.9 million shares at a cost of \$7.1 million.

Liquidity and Capital Resources

CBIZ's principal source of net operating cash is derived from the collection of fees and commissions for professional services and products rendered to its clients. CBIZ supplements net operating cash with an unsecured credit facility and with \$100.0 million in Notes. The Notes were sold to qualified institutional buyers on May 30, 2006, mature on June 1, 2026, and may be redeemed by CBIZ in whole or in part anytime after June 6, 2011. In addition, holders of the Notes can require CBIZ to repurchase for cash all or a portion of their Notes on June 1, 2011, June 1, 2016 and June 1, 2021.

CBIZ maintains a \$214.0 million unsecured credit facility with Bank of America as agent bank for a group of six participating banks. The credit facility has a letter of credit sub-facility and matures in November 2012. At June 30, 2009, CBIZ had \$116.3 million outstanding under its credit facility and had letters of credit and performance guarantees totaling \$4.7 million. Available funds under the credit facility, based on the terms of the commitment, were approximately \$67.8 million at June 30, 2009. Management believes that cash generated from operations, combined with the available funds from the credit facility, provides CBIZ the financial resources needed to meet business requirements for the foreseeable future, including capital expenditures, working capital requirements, and strategic acquisitions.

The credit facility also allows for the allocation of funds for strategic initiatives, including acquisitions and the repurchase of CBIZ common stock. Under the credit facility, CBIZ is required to meet certain financial covenants with respect to (i) minimum net worth; (ii) maximum leverage ratio; and (iii) a minimum fixed charge coverage ratio. CBIZ believes it is in compliance with its covenants as of June 30, 2009.

CBIZ may also obtain funding by offering securities or debt, through public or private markets. CBIZ currently has a shelf registration under which it can offer such securities. See CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008 for a description of the shelf registration statement.

Table of Contents**Sources and Uses of Cash**

The following table summarizes CBIZ's cash flows from operating, investing and financing activities for the six months ended June 30, 2009 and 2008 (in thousands):

	2009	2008
Total cash provided by (used in):		
Operating activities	\$ 21,310	\$ 19,528
Investing activities	(5,822)	(21,733)
Financing activities	(15,036)	1,683
Increase (decrease) in cash and cash equivalents	\$ 452	\$ (522)

Cash flows from operating activities represent net income adjusted for certain non-cash items and changes in assets and liabilities. CBIZ typically experiences a net use of cash from operations during the first quarter of its fiscal year, as accounts receivable balances grow in response to the seasonal increase in first quarter revenue generated by the Financial Services practice group (primarily for accounting and tax services). This net use of cash is followed by strong operating cash flow during the second and third quarters, as a significant amount of revenue generated by the Financial Services practice group during the first four months of the year are billed and collected in subsequent quarters. During the six months ended June 30, 2009, net cash provided by operating activities was \$21.3 million compared to \$19.5 million for the comparable period in 2008. The \$1.8 million increase in net cash provided by operating activities was primarily attributable to a decrease in restricted cash and an increase in income taxes payable, which contributed \$6.3 million and \$2.0 million of the increase, respectively. Those sources were partially offset by an increase in the accounts receivable and a decrease in other liabilities. The increase of \$5.4 million related to accounts receivable for the six months ended June 30, 2009 versus the comparable period in 2008 was largely due to the businesses that were acquired on December 31, 2008. CBIZ experienced an increase of cash attributable to other liabilities during the six months ended June 30, 2008 due to a change in the timing of disbursements related to the conversion from a fully-insured health care plan to a self-funded program effective January 1, 2008.

CBIZ's investing activities typically result in a net use of cash, and generally consist of: payments towards business acquisitions, purchase of intangible assets and capital items, proceeds received from sales of divestitures and discontinued operations, and activity related to notes receivable. CBIZ used \$5.8 million in net cash for investing activities during the six months ended June 30, 2009 compared to \$21.7 million during the comparable period in 2008. Investing uses of cash during the six months ended June 30, 2009 primarily consisted of \$2.5 million for capital assets (net of disposals) and \$4.4 million of net cash used towards business acquisitions, offset by \$0.3 million in proceeds received from the sale of various operations and \$0.7 million in payments received on notes receivable. Investing uses of cash during the six months ended June 30, 2008 primarily consisted of \$21.4 million of net cash used towards business acquisitions and other intangible assets, and \$2.6 million for capital expenditures (net of disposals), offset by \$2.3 million in proceeds received from the sale of various operations. Capital expenditures primarily consisted of investments in technology, leasehold improvements and purchases of furniture and equipment.

CBIZ's financing cash flows typically consist of net borrowing and payment activity from the credit facility, repurchases of CBIZ common stock, and proceeds from the exercise of stock options. Net cash used in financing activities during the six months ended June 30, 2009 was \$15.0 million compared to net cash provided by financing activities of \$1.7 million for the comparable period in 2008. Financing uses of cash during the six months ended June 30, 2009 included \$8.7 million in net payments on the credit facility, \$7.1 million in cash used to repurchase shares of CBIZ common stock, offset by \$1.0 million in proceeds from the exercise of stock options (including tax benefits). Financing sources of cash during the six months ended June 30, 2008 included \$30.0 million in net proceeds from the credit facility and \$5.1 million in proceeds from the exercise of stock options (including tax benefits), offset by \$33.0 million in cash used to repurchase shares of CBIZ common stock.

Table of Contents**Obligations and Commitments**

CBIZ's aggregate amount of future obligations at June 30, 2009 for the next five years and thereafter is set forth below (in thousands):

	Total	2009(1)	2010	2011	2012	2013	Thereafter
Convertible notes (2)	\$ 100,000	\$	\$	\$	\$	\$	\$ 100,000
Interest on convertible notes	53,126	1,563	3,125	3,125	3,125	3,125	39,063
Credit facility (3)	116,300				116,300		
Income taxes payable (4)	4,120	4,120					
Notes payable	2,854	2,531	323				
Capitalized leases	268	114	154				
Restructuring lease obligations (5)	10,487	1,332	2,010	1,888	1,767	1,178	2,312
Non-cancelable operating lease obligations (5)	174,524	17,835	32,450	27,767	23,690	18,647	54,135
Letters of credit in lieu of cash security deposits	3,551		1,921	200		45	1,385
Performance guarantees for non-consolidated affiliates	1,160		1,160				
License bonds and other letters of credit	1,479	491	934	54			
Total	\$ 467,869	\$ 27,986	\$ 42,077	\$ 33,034	\$ 144,882	\$ 22,995	\$ 196,895

(1) Represents contractual obligations from July 1, 2009 to December 31, 2009.

(2) Convertible notes mature on June 1, 2026, but may be redeemed

anytime after
June 6, 2011.

- (3) Interest on the credit facility is not included as the amount is not determinable due to the revolving nature of the credit facility and the variability of the related interest rate.
- (4) Does not reflect \$6.3 million of unrecognized tax benefits, which the Company has accrued for uncertain tax positions in accordance with FIN 48, as CBIZ is unable to determine a reasonably reliable estimate of the timing of the future payments.
- (5) Excludes cash expected to be received under subleases.

Off-Balance Sheet Arrangements

CBIZ maintains administrative service agreements with independent CPA firms (as described more fully in the Annual Report on Form 10-K for the year ended December 31, 2008), which qualify as variable interest entities under FASB Interpretation No. 46, Consolidation of Variable Interest Entities, as amended. The impact to CBIZ of this accounting pronouncement is not material to the financial condition, results of operations, or cash flows of CBIZ. CBIZ provides guarantees of performance obligations for a CPA firm with which CBIZ maintains an administrative service agreement. Potential obligations under the guarantees totaled \$1.2 million at June 30, 2009 and December 31, 2008. In accordance with FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, as amended, CBIZ has recognized a liability for the fair value of the obligations undertaken in issuing these guarantees. The liability is recorded as other current liabilities in the accompanying consolidated balance sheets. CBIZ does not expect it will be required to make

payments under these guarantees.

CBIZ provides letters of credit to landlords (lessors) of its leased premises in lieu of cash security deposits, which totaled \$3.6 million and \$4.6 million at June 30, 2009 and December 31, 2008, respectively. In addition, CBIZ provides license bonds to various state agencies to meet certain licensing requirements. The amount of license bonds outstanding at June 30, 2009 and December 31, 2008 totaled \$1.5 million and \$1.7 million, respectively.

CBIZ has various agreements under which it may be obligated to indemnify the other party with respect to certain matters. Generally, these indemnification clauses are included in contracts arising in the normal course of business under which the Company customarily agrees to hold the other party harmless against losses arising from a breach of representations, warranties, covenants or agreements, related to matters

Table of Contents

such as title to assets sold and certain tax matters. Payment by CBIZ under such indemnification clauses are generally conditioned upon the other party making a claim. Such claims are typically subject to challenge by CBIZ and to dispute resolution procedures specified in the particular contract. Further, CBIZ's obligations under these agreements may be limited in terms of time and/or amount and, in some instances, CBIZ may have recourse against third parties for certain payments made by CBIZ. It is not possible to predict the maximum potential amount of future payments under these indemnification agreements due to the conditional nature of CBIZ's obligations and the unique facts of each particular agreement. Historically, CBIZ has not made any payments under these agreements that have been material individually or in the aggregate. As of June 30, 2009, CBIZ was not aware of any material obligations arising under indemnification agreements that would require payments.

Interest Rate Risk Management

CBIZ uses interest rate swaps to manage interest rate risk exposure. The interest rate swaps effectively modify CBIZ's exposure to interest rate risk, primarily through converting portions of the floating rate debt under the credit facility, to a fixed rate basis. These agreements involve the receipt or payment of floating rate amounts in exchange for fixed rate interest payments over the life of the agreements without an exchange of the underlying principal amounts. At June 30, 2009, CBIZ had a total of \$30.0 million notional amount of interest rate swaps outstanding, of which \$10.0 million expire in January 2010 and \$20.0 million expire in January 2011. Management will continue to evaluate the potential use of interest rate swaps as it deems appropriate under certain operating and market conditions. CBIZ does not enter into derivative instruments for trading or speculative purposes.

CBIZ carries \$100.0 million in Notes bearing a fixed interest rate of 3.125%. The Notes mature on June 1, 2026 and have call protection such that they may not be redeemed until June 6, 2011 at the Company's option. CBIZ believes the fixed nature of this borrowing mitigates its interest rate risk.

In connection with payroll services provided to clients, CBIZ collects funds from its clients' accounts in advance of paying these client obligations. These funds held for clients are segregated and invested in short-term investments. In accordance with the Company's investment policy, all investments carry an investment grade rating at the time of initial investment. The interest income on these short-term investments mitigates the interest rate risk for the borrowing costs of CBIZ's credit facility, as the rates on both the investments and the outstanding borrowings against the credit facility are based on market conditions.

Critical Accounting Policies

The Securities and Exchange Commission (SEC) defines critical accounting policies as those that are most important to the portrayal of a company's financial condition and results and that require management's most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. There have been no material changes to CBIZ's critical accounting policies from the information provided in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, under the heading Critical Accounting Policies in the Annual Report on Form 10-K for the year ended December 31, 2008.

Valuation of Goodwill

In accordance with the provisions of Statement of Financial Accounting Standards (SFAS) No. 142, Goodwill and Other Intangible Assets, goodwill is not amortized, but rather tested for impairment annually, and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. A further description of assumptions used in the Company's annual impairment testing are provided in CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008. There was no goodwill impairment during the year ended December 31, 2008 or during the six months ended June 30, 2009.

Because of the continued uncertainty in the financial markets and overall economic conditions during the six months ended June 30, 2009, CBIZ reviewed the significant assumptions included in its goodwill

Table of Contents

impairment analysis to determine if it was more likely than not that the fair value of each reporting unit was less than its carrying value. The analyses focused on management's current expectations of future cash flows, as well as current market conditions that impact various economic indicators that are utilized in assessing fair value. Based on these analyses, it was determined that the Company did not have any triggering events requiring it to perform a goodwill assessment during the six months ended June 30, 2009. However, if continued or significant deterioration of business conditions have an adverse effect on the estimates of discounted future cash flows or future annual growth rates, CBIZ may test for goodwill impairment, which could result in a charge against earnings, prior to the annual test in the fourth quarter of 2009.

Despite the fact that CBIZ's market capitalization has declined since the end of 2008, the Company has experienced consistently strong earnings and a strong balance sheet. The decline in market capitalization aligns with performance of the market peer group. Accordingly, CBIZ believes no sufficient indicators of impairment exist to warrant an interim goodwill impairment analysis. However, future declines in revenue, operating income, CBIZ's stock price, changes in comparable transaction multiples, or other changes in CBIZ's business or the market for its services, could result in impairment of goodwill and other intangible assets.

New Accounting Pronouncements***Recently Issued Accounting Pronouncements***

In June 2009, the FASB issued SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* a replacement of FASB Statement No. 162. Under SFAS No. 168, *The FASB Accounting Standards Codification* (*Codification*) will become the source of authoritative U.S. generally accepted accounting principles (*GAAP*) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the SEC under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. On the effective date of this Statement, the Codification will supersede all then-existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the Codification will become non-authoritative. SFAS No. 168 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The impact of SFAS No. 168 is not expected to have a material impact on CBIZ's consolidated financial statements.

In June 2009, the FASB issued SFAS No. 167, *Amendments to FASB Interpretation No. 46(R)*, (*SFAS No. 167*). SFAS No. 167 eliminates exceptions to consolidating qualifying special-purpose entities, changes the approach to determining the primary beneficiary of a variable interest entity (*VIE*) and requires companies to more frequently assess whether they must consolidate VIEs. SFAS No. 167 is effective for annual periods beginning after November 15, 2009. CBIZ is currently evaluating the impact, if any, of adopting the requirements of SFAS No. 167 on its consolidated financial statements.

Recently Adopted Accounting Pronouncements

On January 1, 2009, CBIZ adopted the provisions of the FASB Staff Position (*FSP*) No. APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)* (*FSP APB 14-1*). FSP APB 14-1 requires issuers of convertible debt that may be settled wholly or partially in cash, to separately account for the liability and equity components of the instruments in a manner that reflects the convertible debt borrowing rate, absent the conversion feature, when interest expense is recognized in subsequent periods. FSP APB 14-1 is effective for fiscal years beginning after December 15, 2008 and must be applied retrospectively to all periods presented. See Notes 1 and 5 of the accompanying consolidated financial statements for further discussion of FSP APB 14-1.

On January 1, 2009, CBIZ adopted the provisions of Statement of Financial Accounting Standards (*SFAS*) No. 161, *Disclosures about Derivative Instruments and Hedging Activities* (*SFAS No. 161*) as an amendment to SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. SFAS No. 161 requires that objectives for using derivative instruments be disclosed in terms of underlying risk and accounting designation. See Note 7 of the accompanying consolidated financial statements for disclosures required by SFAS No. 161.

Table of Contents

On January 1, 2009, CBIZ adopted the provisions of SFAS No. 141 (revised 2007) Business Combinations (SFAS No. 141R), as amended. SFAS No. 141R establishes principles and requirements for how a reporting entity recognizes and measures the assets acquired, the liabilities assumed, and any non-controlling interest in the acquiree, as well as determines what information to disclose. SFAS No. 141R also requires acquisition costs that were previously capitalized be expensed as incurred. CBIZ did not acquire any businesses during the six month period ended June 30, 2009.

On January 1, 2009, CBIZ adopted the provisions of FSP No. 142-3, Determination of the Useful Life of Intangible Assets (FSP No. FAS 142-3). FSP No. FAS 142-3 amends the factors that should be considered in the determination of the useful life of a recognized intangible asset under FASB Statement No. 142, Goodwill and Other Intangible Assets (SFAS No. 142) and is intended to improve consistency between the useful life of a recognized intangible asset under SFAS No. 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS No. 141. The adoption of FSP No. FAS 142-3 did not have a material impact on CBIZ s consolidated financial statements.

As of April 1, 2009, CBIZ adopted the provisions of FSP No. FAS 115-2 and FAS 124-2, Recognition and Presentation of Other-Than-Temporary Impairments (FSP No. FAS 115-2). FSP No. 115-2 changes (1) the trigger for determining whether an other-than-temporary impairment exists and (2) the amount of an impairment charge to be recorded in earnings. To determine whether an other-than-temporary impairment exists, an entity is required to assess the likelihood of selling a security prior to recovering its cost basis as opposed to whether it has the intent and ability to hold a security to recovery or maturity. This FSP also expands and increases the frequency of existing disclosure about other-than-temporary impairments and requires new disclosures of the significant inputs used in determining a credit loss, as well as a rollforward of the credit loss each period. See Note 7 of the accompanying consolidated financial statements for disclosures required by FSP No. FAS 115-2.

During the three months ended June 30, 2009, CBIZ adopted the provisions of FSP No. FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (FSP No. FAS 157-4). FSP No. FAS 157-4 provides additional guidance to highlight and expand on the factors that should be considered in estimating fair value when there has been a significant decrease in market activity for a financial asset. This FSP also requires new disclosures relating to fair value measurement inputs and valuation techniques (including changes in inputs and valuation techniques). The adoption of FSP No. FAS 157-4 did not have a material impact on CBIZ s consolidated financial statements.

During the three months ended June 30, 2009, CBIZ adopted the provisions of FSP No. FAS 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments (FSP No. FAS 107-1), which increases the frequency of fair value disclosures from annual to quarterly to provide financial statement users with more timely information about the effects of current market conditions on their financial instruments. The adoption of FSP No. 107-1 did not have a material impact on CBIZ s consolidated financial statements.

During the three months ended June 30, 2009, CBIZ adopted the provisions of SFAS No. 165, Subsequent Events (SFAS No. 165). SFAS No. 165 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. SFAS No. 165 requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. SFAS No. 165 applies to both interim financial statements and annual financial statements after June 15, 2009. See Note 15 of the accompanying consolidated financial statements for further disclosure.

Table of Contents**Forward-Looking Statements**

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements other than statements of historical fact included in this Quarterly Report, including without limitation, Management's Discussion and Analysis of Financial Condition and Results of Operations regarding CBIZ's financial position, business strategy and plans and objectives for future performance are forward-looking statements. You can identify these statements by the fact that they do not relate strictly to historical or current facts. Forward-looking statements are commonly identified by the use of such terms and phrases as intends, believes, estimates, expects, projects, anticipates, foresees, seeks, and words or phrases of similar import in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance or results of current and anticipated services, sales efforts, expenses, and financial results. From time to time, the Company also may provide oral or written forward-looking statements in other materials released to the public. Any or all forward-looking statements in this Quarterly Report on Form 10-Q and in any other public statements that the Company makes, are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected. Such forward-looking statements can be affected by inaccurate assumptions that the Company may make or by known or unknown risks and uncertainties. Should one or more of these risks or assumptions materialize, or should the underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. Such risks and uncertainties include, but are not limited to: CBIZ's ability to adequately manage its growth; CBIZ's dependence on the services of its CEO and other key employees; competitive pricing pressures; general business and economic conditions; changes in governmental regulation and tax laws affecting its operations; reversal or decline in the current trend of outsourcing business services; revenue seasonality or fluctuations in and collectibility of receivables; liability for errors and omissions of the Company's businesses; regulatory investigations and future regulatory activity (including without limitation inquiries into compensation arrangements within the insurance brokerage industry); and reliance on information processing systems and availability of software licenses. Consequently, no forward-looking statement can be guaranteed.

A more detailed discussion of risk factors may be found in CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008. Except as required by the federal securities laws, CBIZ undertakes no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures the Company makes on related subjects in the quarterly, periodic and annual reports the Company files with the SEC. This discussion is provided as permitted by the Private Securities Litigation Reform Act of 1995.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

CBIZ's floating rate debt under its credit facility exposes the Company to interest rate risk. Interest rate risk results when the maturity or repricing intervals of interest-earning assets and interest-bearing liabilities are different. A change in the Federal Funds Rate, or the reference rate set by Bank of America, N.A., would affect the rate at which CBIZ could borrow funds under its credit facility. CBIZ's balance outstanding under its credit facility at June 30, 2009 was \$116.3 million. If market rates were to increase or decrease 100 basis points from the levels at June 30, 2009, interest expense would increase or decrease approximately \$0.9 million annually.

CBIZ does not engage in trading market risk sensitive instruments. CBIZ uses interest rate swaps to manage interest rate risk exposure. The interest rate swaps effectively modify the Company's exposure to interest rate risk, primarily through converting portions of its floating rate debt under the credit facility to a fixed rate basis. These agreements involve the receipt or payment of floating rate amounts in exchange for fixed rate interest payments over the life of the agreements without an exchange of the underlying principal amounts. At June 30, 2009, CBIZ had a total notional amount of \$30.0 million related to its interest rate swaps outstanding, of which \$10.0 million expire in January 2010 and \$20.0 million expire in January 2011. Management will continue to evaluate the potential use of interest rate swaps as it deems appropriate under certain operating and market conditions.

Table of Contents

In connection with CBIZ's payroll business, funds held for clients are segregated and invested in short-term investments which included ARS prior to the dislocation of this market. ARS are variable debt instruments with longer stated maturities whose interest rates are reset at pre-determined short-term intervals through a Dutch auction system. In accordance with the Company's investment policy, all investments carry an investment grade rating at the time of the initial investment.

Since the first quarter of 2008, conditions in the global credit markets have resulted in the failure of auctions for the ARS that CBIZ holds because the amount of securities submitted for sale exceed the amount of bids. A failed auction does not necessarily represent a default by the issuer of the underlying security. To date, CBIZ has collected all interest on all of its auction-rate securities when due and expects to continue to do so in the future. The principal associated with failed auctions will not be accessible until successful auctions resume, a buyer is found outside of the auction process, or issuers use a different form of financing to replace these securities. CBIZ understands that issuers and financial markets are working on alternatives that may improve liquidity, although it is not yet clear when or to what extent such efforts will be successful. While CBIZ continues to earn and receive interest on these investments at the contractual rates, the estimated fair value of its investment in ARS no longer approximates face value. See Notes 7 and 8 to the accompanying consolidated financial statements for further discussion regarding ARS and the related asset impairments.

Despite the failed auctions with regards to ARS, CBIZ believes it has adequate liquidity to operate and settle client obligations as the majority of CBIZ's client funds are invested in highly-liquid short-term money market funds.

Item 4. Controls and Procedures**(a) Disclosure Controls and Procedures*****Evaluation of Disclosure Controls and Procedures***

Management has evaluated the effectiveness of the Company's disclosure controls and procedures (Disclosure Controls) as of the end of the period covered by this report. This evaluation (Controls Evaluation) was done with the participation of CBIZ's Chairman and Chief Executive Officer (CEO) and Chief Financial Officer (CFO). Disclosure Controls are controls and other procedures that are designed to ensure that information required to be disclosed by the Company in the reports that CBIZ files or submits under the Securities Exchange Act of 1934 (Exchange Act) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure Controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by CBIZ in the reports that it files under the Exchange Act is accumulated and communicated to management, including the CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Controls

Management, including the Company's CEO and CFO, does not expect that its Disclosure Controls or its internal control over financial reporting (Internal Controls) will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, but not absolute, assurance that the objectives of a control system are met. Further, any control system reflects limitations on resources, and the benefits of a control system must be considered relative to its costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within CBIZ have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of a control. A design of a control system is also based upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of

Table of Contents

compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected.

Conclusions

The Company's Disclosure Controls are designed to provide reasonable assurance of achieving their objectives and, based upon the Controls Evaluation, the Company's CEO and CFO have concluded that CBIZ's Disclosure Controls were effective at that reasonable assurance level.

(b) Internal Control over Financial Reporting

There were no changes in the Company's Internal Controls that occurred during the quarter ended June 30, 2009 that have materially affected, or are reasonably likely to materially affect, the Company's Internal Controls.

Table of Contents**PART II OTHER INFORMATION****Item 1. Legal Proceedings**

CBIZ is from time to time subject to claims and suits arising in the ordinary course of business. Although the ultimate disposition of such proceedings is not presently determinable, management does not believe that the ultimate resolution of these matters will have a material adverse effect on the financial condition, results of operations or cash flows of CBIZ.

Item 1A. Risk Factors

In addition to the other information set forth in this Quarterly Report, you should carefully consider the factors discussed under Risk Factors in CBIZ's Annual Report on Form 10-K for the year ended December 31, 2008. These risks could materially and adversely affect the Company's business, financial condition and results of operations. The risks and uncertainties in CBIZ's Form 10-K are not the only ones facing the Company. Additional risks and uncertainties not presently known or that the Company currently believes to be immaterial may also adversely affect CBIZ's business.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) During the three months ended June 30, 2009, approximately 104,900 shares of CBIZ common stock became issuable as contingent consideration owed to former owners of businesses that were acquired by CBIZ. The above referenced shares were issued in transactions not involving a public offering in reliance on the exemption from registration afforded by Section 4(2) of the Securities Act of 1933. The persons to whom the shares were issued had access to full information about CBIZ and represented that they acquired the shares for their own account and not for the purpose of distribution. The certificates for the shares contain a restrictive legend advising that the shares may not be offered for sale, sold, or otherwise transferred without having first been registered under the Securities Act or pursuant to an exemption from the Securities Act.

(c) Periodically, CBIZ's Board of Directors authorizes a Share Repurchase Plan which allows the Company to purchase shares of its common stock in the open market or in a privately negotiated transaction according to SEC rules. On February 19, 2009 and February 7, 2008, CBIZ's Board of Directors authorized Share Repurchase Plans, each of which authorized the purchase of up to 5.0 million shares of CBIZ common stock. Each Share Repurchase Plan is effective beginning April 1 of the respective plan year, and each expires one year from the respective effective date. The repurchase plans do not obligate CBIZ to acquire any specific number of shares and may be suspended at any time.

Stock repurchase activity during the three months ended June 30, 2009 (reported on a trade-date basis) is summarized in the table below (in thousands, except per share data).

Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased	Average Price Paid Per Share (1)	Total Number of Shares Purchased as Part of Publicly Announced Plans	Maximum Number of Shares That May Yet Be Purchased Under the Plans
April 1 - April 30, 2009 (2)	1	\$ 6.75	1	4,999
May 1 - May 31, 2009		\$		4,999
June 1 - June 30, 2009		\$		4,999
Total second quarter purchases (3)	1	\$ 6.75	1	

- (1) Average price paid per share includes fees and commissions.
- (2) Open market purchases.

Table of Contents

(3) The Company utilized, and may utilize in the future, a Rule 10b5-1 trading plan to allow for repurchases by the Company during periods when it would not normally be active in the trading market due to regulatory restrictions. Under the Rule 10b5-1 trading plan, a broker is granted discretion to repurchase shares on the Company's behalf, and the broker is unable to repurchase shares above a pre-determined price per share. Additionally, the maximum number of shares that may be purchased by the Company each day is governed by Rule 10b-18.

According to the terms of CBIZ's credit facility, CBIZ is not permitted to declare or make any dividend payments, other than dividend payments made by one of its wholly owned subsidiaries to the parent company. See Note 5 to the accompanying consolidated financial statements for a description of working capital restrictions and limitations upon the payment of dividends.

Item 4. Submission of Matters to a Vote of Security Holders

Listed below are the results of matters that were submitted to vote at the Annual Meeting of Stockholders held on May 14, 2009:

1)

Election of the following individuals to the Board of Directors to serve until the 2012 Annual Meeting of Stockholders:

	Authority Granted	Authority Withheld
Michael H. DeGroot	52,890,890	2,289,218
Todd J. Slotkin	46,770,285	8,409,823

The terms of office as directors of each of Rick L. Burdick, Steven L. Gerard, Benaree Pratt Wiley, Joseph S. DiMartino, Richard C. Rochon and Donald V. Weir continued following the Annual Meeting.

2) Ratification of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009:

For	53,366,380
Against	1,793,496
Abstain	20,229

Item 6. Exhibits

31.1 Certification of Chief Executive Officer Pursuant to Section 302 of the Sarbanes Oxley Act of 2002.

*

31.2 Certification of Chief Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

*

32.1 Certification of Chief Executive Officer Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

*

32.2 Certification of Chief Financial Officer Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

*

* Indicates documents filed herewith.
