Forward-Looking Statement

This presentation contains forward-looking statements, including forecasts of market growth, future revenue, benefits of the proposed merger, and expectations that the merger will be accretive to Symantec's results and other matters that involve known and unknown risks, uncertainties and other factors that may cause actual results, levels of activity, performance or achievements to differ materially from results expressed or implied by this presentation. Such risk factors include, among others: difficulties encountered in integrating merged businesses; uncertainties as to the timing of the merger; approval of the transaction by the stockholders of the companies; the satisfaction of closing conditions to the transaction, including the receipt of regulatory approvals; whether certain market segments grow as anticipated; the competitive environment in the software industry and competitive responses to the proposed merger; and whether the companies can successfully develop new products and the degree to which these gain market acceptance. Actual results may differ materially from those contained in the forward-looking statements in this presentation. Additional information concerning these and other risk factors is contained in the Risk Factors sections of Symantec's and VERITAS' most recently filed Forms 10-K and 10-Q. Symantec and VERITAS undertake no obligation and do not intend to update these forward-looking statements to reflect events or circumstances occurring after this announcement.
