CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This presentation includes forward-looking statements and projections, made in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The company has made every reasonable effort to ensure that the information and assumptions on which these statements and projections are based are current, reasonable, and complete. However, a variety of factors could cause actual results to differ materially from the projections, anticipated results or other expectations expressed in this presentation, including, without limitation, the successful implementation of the 2003 business plan; the successful implementation of the settlement related to the western energy crisis; actions by credit rating agencies; the successful close of financing transactions including, an extension of our bank facilities; our ability to attract and retain qualified members of the Board of Directors and senior management; our ability to divest of certain non-core assets; material and adverse impacts from our proxy contest with Selim Zilkha/Oscar Wyatt; changes in commodity prices for oil, natural gas, and power; general economic and weather conditions in geographic regions or markets served by El Paso Corporation and its affiliates, or where operations of the company and its affiliates are located; the uncertainties associated with governmental regulation; competition; and other factors described in the company's (and its affiliates') Securities and Exchange Commission filings. While the company makes these statements and projections in good faith, neither the company nor its management can guarantee that anticipated future results will be achieved. Reference must be made to those filings for additional important factors that may affect actual results. The company assumes no obligation to publicly update or revise any forward-looking statements made herein or any other forward-looking statements made by the Company, whether as a result of new information, future events, or otherwise.

ADDITIONAL IMPORTANT INFORMATION

On April 9, 2003, El Paso Corporation filed a preliminary proxy statement relating to its 2003 annual meeting with the Securities and Exchange Commission. Prior to the annual meeting, El Paso will furnish a definitive proxy statement to its shareholders, together with a WHITE proxy card. Shareholders are strongly advised to read El Paso's proxy statement as it contains important information.

Shareholders may obtain a copy of El Paso's preliminary proxy statement, any amendments or supplements to the proxy statement and any other documents filed by El Paso with the Securities and Exchange Commission for free at the Internet website maintained by the Securities and Exchange Commission at www.sec.gov. Copies of the preliminary proxy statement and any amendments and supplements are available for free at El Paso's Internet Web site at www.elpaso.com or by writing to El Paso Corporation, Investor Relations, P.O. Box 2511, Houston, TX 77252. In addition, copies of El Paso's proxy materials may be requested by contacting El Paso's proxy solicitor, MacKenzie Partners, Inc. at (800) 322-2885 Toll-Free or by email at proxy@mackenziepartners.com.

To the extent that individual customers, independent industry researchers, financial analysts, or El Paso commissioned research, are quoted in this document, it is El Paso's policy to use reasonable efforts to verify the source and accuracy of the quote. El Paso has not, however, sought or obtained the consent of the quoted source to the use of such quote as proxy soliciting material. This document may contain expressions of opinion and belief. Except as otherwise expressly attributed to another individual or entity, these opinions and beliefs are the opinions and beliefs of El Paso.

Information regarding the names, affiliation and interests of individuals who may be deemed participants in the solicitation of proxies of El Paso's shareholders is contained in El Paso's preliminary proxy statement.

El Paso has made significant progress on its operational and financial plan

PROGRESS TO DATE

- o Completed or signed asset sales of more than \$1.7 billion; more than \$0% of the company's goal of \$3.4 billion for 2003
- o Substantially reduced capex to \$2.6 billion; 35% decrease from 2002
- o Sold our European natural gas trading book
- o Reached an agreement in principle resolving the principal litigation and claims relating to the sale or delivery of natural gas and/or electricity in the Western U.S.

NEXT STEPS

- o The Board of Directors has formed a long-range planning committee to ensure that El Paso maximizes all opportunities inherent in its core businesses
- O Undertaking top-to-bottom analysis to achieve substantial further cost reductions and design most cost-efficient structure possible for our businesses
- o Targeting at least \$250 MM of additional pre-tax cost savings and business improvements beyond \$150 MM previously announced by the end of 2004

FINANCIAL PROGRESS

- Refinanced both the Clydesdale and Trinity River preferred interests of consolidated subsidiaries and restructured the related cash restrictions
- o Issued \$700 MM in senior unsecured notes at Southern Natural Gas Company and ANR Pipeline Company
- Issued \$1.2 billion 2-year term loan secured by certain of the company's natural gas and oil properties
- o Repaid the \$1 billion Limestone Notes in March

PRODUCTION

El Paso Production Company is the industry leader in deep drilling.

In 2002, El Paso was the most active driller in the United States. Its three core areas are south Texas and the Texas coastal plains,

the deep shelf play in the Gulf of Mexico, and coalbed methane development.

El Paso possesses one of the industry's largest inventories of drilling prospects

SUMMARY

SUMMARY

- - Asset sale program on schedule
 - Significant financing milestones achieved
 - Liquidity much improved
 - Core businesses performing well
- o Longer-term, natural gas fundamentals are compelling
 - El Paso's pipelines will benefit from push for infrastructure development
 - Production company's deep drilling expertise delivering excellent results; successful technology transfers to new areas
 - EPN will be a major participant in Gulf of Mexico infrastructure development

PROXY CONTEST

EL PASO IS NOMINATING A STRONG BOARD

- Process designed to ensure continuity while effecting measured change in composition of our Board of Directors
- O Added four directors with outstanding backgrounds and substantial management expertise in the energy industry
- O Combined expertise of our nominees and the mix of new directors with directors with detailed knowledge of El Paso will create a Board of Directors that is particularly well equipped to help us achieve our long-term goals

- o Three directors are not standing for re-election: Messrs. Allumbaugh, Gibbons, and Wise
- All but one of our nominees are independent

EL PASO IS NOMINATING A STRONG BOARD

- o 11 of our nominees have substantial experience serving on public company boards
- o 5 have extensive management and operating experience in the energy industry
- o 4 are prior Coastal board members and 2 are prior Sonat board members
- o 4 hold or have held the position of Chairman, President, or CEO of a NYSE company
- El Paso's board nominees have operating experience at more than a dozen energy companies, including Conoco, CONSOL, Lone Star Gas, Ocean Energy, Phillips, Shell, Sonat, Texaco, Transocean, Union Texas Petroleum, and United Meridian

CORPORATE GOVERNANCE

El Paso's corporate governance policies meet or exceed all requirements of Sarbanes-Oxley, SEC, and NYSE regulations

BOARD OF DIRECTORS

- o All of the company's non-management Directors (11 out of 12 nominees) meet NYSE independence standards
- o El Paso Directors cannot serve on the boards of more than 4 other public companies
- Directors are required to attend a full day program of continuing board education at least once every 2 years
- o Company has a mandatory age limit that precludes Directors standing for re-election in the year following their 73rd birthday
- o El Paso has adopted minimum stock ownership requirements for Directors and executive officers

LEAD DIRECTOR

- o Since September 2002, El Paso has had a Lead Director to lead executive sessions of the Board of Directors
- o The Board of Directors regularly meets in executive session without

any member of management present--John Bissell recently named as Lead Director Committees

COMMITTEES

- o Audit committee consists solely of Directors who meet the heightened audit committee independence requirements and NYSE's financial literacy standards, and includes a "financial expert"
- o Audit Committee members cannot serve on more than two other public company audit committees
- Company's compensation and governance committees consist solely of independent Directors
- o Compensation committee now consists of Bissell and Wyatt plus new Directors Whitmire, Dunlap, and Talbert
- o Each committee is authorized to engage its own advisors and counsel
- o Company's corporate governance guidelines and the committee charters are publicly available

PRO SHAREHOLDER TAKEOVER PROFILE

- o No staggered Board of Directors
- o No rights plan or "poison pill"
- o El Paso proposes to eliminate its "Fair Price" supermajority charter provision at this year's annual meeting

ZILKHA/WYATT PROXY CONTEST

EL PASO SOUGHT TO AVOID THIS PROXY CONTEST:

- o Consistently sought to engage Mr. Zilkha in dialogues to address his concerns, including meetings with him and his advisors
- O Offered Mr. Zilkha the opportunity to submit candidates for nomination to the Board of Directors
- o Despite these efforts, Mr. Zilkha rejected the company's proposals and chose to launch the Zilkha/Wyatt proxy campaign

ZILKHA/WYATT PROXY CONTEST

- Criticized strategic decisions which he supported while serving as a director or advisory director of the Company
- o During Zilkha's service as a director or advisory director from

October 1999 until June 2002, Zilkha did not vote against, or dissent from, any board decision

o Voluntarily chose to relinquish his role as an advisory director to be free from limitations on his personal sales of El Paso stock

ZILKHA/WYATT PROXY CONTEST

- o Zilkha/Wyatt have not provided a business plan upon which to elect their nominees
- o Zilkha has admitted he does not have the information to develop a detailed business plan or strategy, and that it would be "inappropriate'' for him to do so
- O Zilkha/Wyatt have proposed the unconventional step of having a committee of 4 of their nominees run El Paso on a day-to-day basis until a CEO is hired

ZILKHA/WYATT PROXY CONTEST

- El Paso believes the interests of Oscar Wyatt conflict with the interests of the company's shareholders
- O Oscar Wyatt is working closely with Mr. Zilkha and sharing the costs of the proxy contest
- o Mr. Wyatt is the lead plaintiff in a shareholder suit against El Paso
- o Mr. Wyatt is the defendant in a lawsuit brought by El Paso resulting from his default on payment of a company loan guarantee in the amount of \$2.5 MM plus interest
- o He has formed an energy company, NuCoastal, which has attempted to acquire assets that compete with El Paso, including Enron's Transwestern pipeline; Mr. Wyatt has also bid on El Paso assets

CONCLUSION

- o El Paso's Board of Directors and management are strong and have made excellent progress
- O Current business plan is on track and we are focused on delivering substantial shareholder value
- o Zilkha/Wyatt have offered no alternative business plan
- o We believe that shareholders should reject the Zilkha/Wyatt proposal
