Carlyss, Louisiana

, (February 10, 2004) **Global Industries, Ltd.** (NASDAQ: **GLBL**) reported a net loss of \$55.4 million, or \$0.55 per share for the quarter ended December 31, 2003, compared to a net loss of \$39.8 million, or \$0.40 per share for the

same period last year. The net loss for the year ended December 31, 2003 was \$68.3 million, or \$0.68 per share, compared to a net loss of \$29.4 million, or \$0.30 per share for the year ended December 31, 2002. Earnings for the fourth quarter were negatively impacted by a \$33.5 million provision (pre-tax) related to an adverse ruling in the long-standing litigation between Global and Groupe GTM (now Vinci). This litigation related to the termination of the 1999 Share Purchase Agreement pursuant to which Global was to have acquired ETPM, S.A., a subsidiary of Groupe GTM.

Revenues for the quarter ended December 31, 2003 decreased \$39.6 million, or 38%, to \$63.5 million from \$103.1 million for the quarter ended December 31, 2002. Revenues for the year ended December 31, 2003 decreased \$5.3 million, or 1%, to \$488.7 million from \$494.0 million for the year ended December 31, 2002.

William J. Doré, Global's Chairman and Chief Executive Officer, stated, "Our results for the quarter were marred by the adverse judgment in the Global/GTM litigation. We are currently appealing this verdict in the Cour d'appel de Paris (Paris Court of Appeals). Also, earnings were negatively impacted by inclement weather conditions affecting our Gulf of Mexico operations and productivity losses on one of our West Africa Division projects. During the fourth quarter we booked \$87.8 million in new work resulting in a backlog of \$96.2 million at quarter-end compared to a backlog of \$275.7 million at the end of the same period last year. Although backlog is lower than the same period last year, we have been experiencing a marked increase in bidding activity for near-term and long-term projects and we are expecting a much improved 2004. "

The Company has conformed its segment reporting to changes in its operating management structure and existing business lines that became effective January 1, 2003. The Company's new reportable segments include two divisions, Offshore Construction Division and Global Divers & Marine Contractors, each with five reportable segments. The Global Divers & Marine Contractors Division includes all diving and marine support services worldwide and Gulf of Mexico shallow water pipelay.

A conference call will be held at 9:00 a.m. Central Standard Time on Wednesday, February 11, 2004. Anyone wishing to listen to the conference call may dial (877) 777-1967 or (651) 224-7558 and ask for the Global Industries Fourth Quarter Earnings call. Phone lines will open fifteen minutes prior to the start of the call. The call will also be webcast in real-time on the Company's website at [www.globalind.com](http://www.globalind.com)

, under "Investor Relations," where it will also be archived for anytime reference until February 26, 2004.

All individuals listening to the conference call or the replay are reminded that all conference call material is copyrighted by Global and cannot be recorded or rebroadcast without Global's express written consent.

Global Industries provides pipeline construction, platform installation and removal, diving services, and other marine support to the oil and gas industry in the Gulf of Mexico, West Africa, Asia Pacific, Middle East/India, South America, and Mexico's Bay of Campeche. The Company's shares are traded on the NASDAQ National Market System under the symbol "GLBL."

This press release may contain forward-looking information based on current information and expectations of the Company that involve a number of risks, uncertainties, and assumptions. Among the factors that could cause the actual results to differ materially are: industry conditions, prices of crude oil and natural gas, the Company's ability to obtain and the timing of new projects, changes in competitive factors and the Company's ability to complete projects within its estimates. Additional factors are described in the Company's Annual Report on Form 10-K for the year ended December 31, 2002. Should one or more of these risks or uncertainties materialize, or should the underlying assumptions prove incorrect, actual outcomes could vary materially from those indicated.
