 Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## Edgar Filing: INTERSTATE POWER & LIGHT CO - Form 8-K

### Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On February 6, 2007, the Compensation and Personnel Committee (the Committee) of the Board of Directors (the Board) of Alliant Energy Corporation (Alliant Energy), Interstate Power and Light Company (IP&L) and Wisconsin Power and Light Company (WP&L, and together with Alliant Energy and IP&L, the Company) exercised its discretion under the Management Incentive Compensation Plan (MICP), which is an annual cash bonus plan, and waived the cash flow performance measure for 2006 and funded the MICP at 150% of target. The only reason the cash flow performance measure was not attained in 2006 was because in December 2006, management used available cash to make discretionary pension plan contributions which would have been required in 2007 through 2009. As a result of the discretionary pension plan contributions, the cash flow performance measure was not met and, without the waiver, the MICP would have been funded at 127.5%. The Committee granted this waiver in recognition of the discretionary pension plan contributions being voluntary and a good use of the cash held by the Company. As a result of the waiver, named executive officers will receive a larger MICP payment than they would have without the waiver. The differences between the waiver MICP payments and non-waiver MICP payments are: for William D. Harvey, \$151,875; for Eliot G. Protsch, \$65,213; for Barbara J. Swan, \$36,872; and for Thomas L. Aller, \$23,625.

On February 6, 2007, the Committee also set the performance goals under the MICP for 2007. In general, the eligible bonus under the MICP will be based on achieving certain financial performance goals, execution goals, and corporate well-being goals. The financial performance goals for all of the named executive officers include: (i) Alliant Energy holding company earnings per share of \$2.52, which is the midpoint of Alliant Energy holding company earnings per share guidance provided in Alliant Energy's earnings release dated February 8, 2007 (the Earnings Release); (ii) utility earnings per share from continuing operations of \$2.32, which is the midpoint of utility earnings per share guidance provided in the Earnings Release; and (iii) cash flow at the utilities and Alliant Energy Corporate Services, Inc. of a specified target. In addition to these financial goals, Mr. Protsch has a goal related to Alliant Energy's announced share repurchase program. Mr. Aller has financial goals regarding non-regulated transportation operations and performance of the Company's Energy Delivery operations in addition to the earnings per share and cash flow goals. The financial performance goals are weighted at 60% for Mr. Harvey and at 50% for each of the other named executive officers in determining the annual bonus.

The execution goals include successful completion of all announced divestiture transactions consistent with our strategic plan, achieving specified regulatory goals and achieving a specified level of cost savings. Mr. Aller's execution goals also include customer service and reliability targets. Execution goals are weighted at 40% for Mr. Protsch and Ms. Swan and at 25% for Mr. Harvey and Mr. Aller. The corporate well-being goals focus on meeting specified diversity benchmarks and specified safety benchmarks and are weighted at 15% for Mr. Harvey, 10% for Mr. Protsch and Ms. Swan and 25% for Mr. Aller.

2

---

Under the MICP, the Company's named executive officers will be eligible to receive a target cash bonus of a stated percentage of annual base salary, with a maximum possible bonus of two times the target bonus. For 2007, the target bonus percentages for the named executive officers are: William D. Harvey, 95% (or \$769,500); Eliot G. Protsch, 70% (or \$333,200); Barbara J. Swan, 55% (or \$198,550); and Thomas L. Aller, 40% (or \$103,000).
