**Item 1.01 Entry into a Material Definitive Agreement**

**Item 2.01 Completion of Acquisition or Disposition of Assets**

On January 27, 2014, IntriCon Corporation ( IntriCon or the Company ) completed the sale of the security business and certain microphone and receiver businesses of IntriCon Tibbetts Corporation, IntriCon's wholly owned subsidiary based in Camden, Maine, to Sierra Peaks Corporation, pursuant to an Asset Purchase Agreement entered into on January 27, 2014 between Sierra Peaks Corporation, as the buyer, IntriCon Tibbetts Corporation, as the seller.

Pursuant to the Asset Purchase Agreement, Sierra Peaks Corporation paid \$500,000 cash at closing for the assets and assumed certain operating liabilities of the businesses, subject to a working capital adjustment. In addition, the Asset Purchase Agreement provides for earn-out payments of up to a maximum total of \$375,000 if certain revenue targets are met.

The foregoing description of the Asset Purchase Agreement is qualified in its entirety by reference to the complete text of the Asset Purchase Agreement, a copy of which is filed as Exhibit 2.1 to this report and is incorporated into this report by reference.

The press release announcing the completion of the transaction is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

**Item 2.05. Costs Associated with Exit or Disposal Activities.**

As previously reported, on June 13, 2013, the Company announced a global strategic restructuring plan designed to accelerate the Company's future growth by focusing resources on the highest potential growth areas and reduce costs by approximately \$3.0 million annually. The plan was approved by the Company's Board of Directors on June 12, 2013. In connection with its decision to reduce its cost structure and divest the security and certain microphone and receivers businesses, the Company evaluated the resulting asset impairment and, as previously reported, during the second quarter ended June 30, 2013 recorded non-cash impairment charges of \$983,000 to the Company's results from discontinued operations.

Throughout the remainder of 2013 the Company continued to evaluate the remaining assets for further impairment indicators and, with the continued decline in U.S. Government revenues due to the government sequestration and government shut-down, the Company concluded that an additional non-cash impairment charge of approximately \$717,000 was required for accounts receivable, inventory, fixed assets, and other assets. These expected charges will be recorded in the Company's results from discontinued operations for the year ended December 31, 2013. None of these charges are expected to result in future cash expenditures.
