EXPLANATORY NOTE

This Form 10-K/A (this Amendment) amends the Annual Report on Form 10-K of Interpool, Inc. (the Company) for the year ended December 31, 2006, as originally filed with the Securities and Exchange Commission (the Commission) on March 9, 2007 (the Original Filing). The Company is filing this Amendment to include the information required by Part III that was not included in the Original Filing. No changes have been made to Part I or Part II of the Form 10-K as included in the Original Filing.

As reported in the Company's Current Report on Form 8-K filed with the Commission on April 23, 2007, on April 20, 2007, the Company entered into an Agreement and Plan of Merger (the Merger Agreement) with Chariot Acquisition Holding LLC, a Delaware limited liability company (the Purchaser), and Chariot Acquisition Sub Inc., a Delaware corporation and wholly-owned subsidiary of the Purchaser (Merger Sub). The Merger Agreement provides that, pursuant to the terms and subject to the conditions set forth in the Merger Agreement, Merger Sub will merge with and into the Company, with the Company continuing as a wholly-owned subsidiary of Purchaser (the Merger). As a result of the Merger, each holder of Company common stock will be entitled to receive \$27.10 in cash for each share of Company common stock held by such holder. The Company will be preparing and filing with the Commission, and mailing to Company stockholders, a proxy statement in connection with a special meeting of stockholders to be called to consider the Merger Agreement and the proposed Merger. The Purchaser is a newly-formed entity owned by certain private equity funds managed by affiliates of Fortress Investment Group LLC.

In light of the execution of the Merger Agreement, the Company's Board of Directors has decided to postpone the Company's 2007 Annual Meeting of Stockholders. Accordingly, instead of incorporating portions of the Company's

definitive proxy statement for the 2007 Annual Meeting of Stockholders in Part III of its Annual Report on Form 10-K for the year ended December 31, 2006, the Company is filing this Amendment to include Items 10, 11, 12, 13, and 14 in the Form 10-K.

In connection with the filing of this Amendment and pursuant to the rules of the Securities and Exchange Commission, the Company is including with this Amendment certain currently dated certifications. Accordingly, Item 15 of Part IV has also been amended to reflect the filing of these currently dated certifications.

The Form 10-K continues to speak as of the date of the Original Filing, and the Company has not updated the disclosures contained therein or herein to reflect the Merger, the Merger Agreement or any other events which occurred subsequent to the date of the Original Filing. For information regarding the Merger and the Merger Agreement, please refer to the above-referenced Current Report on Form 8-K. Additional information about events subsequent to the date of the Original Filing will be included in the Company's Quarterly Report on Form 10-Q for the three months ended March 31, 2007 to be filed in May 2007.

In this Amendment, unless the context indicates otherwise, the terms Company, we, us, and our refer to Interpool, Inc. and its subsidiaries.

Board Committees

The Board of Directors currently has four standing committees: an Audit Committee, a Compensation Committee, a Corporate Governance Committee and a Special Committee. Our Board of Directors may establish other committees from time to time to facilitate the management of the Company's business and affairs.

Audit Committee

The Audit Committee's function is to monitor the integrity of the Company's financial statements and its financial reporting and disclosure practices. The Audit Committee also reviews management's maintenance of systems of internal control (including compliance with Section 404 of the Sarbanes-Oxley Act of 2002) and the application of U.S. generally accepted accounting principles. In addition, the Audit Committee reviews the scope of the services of our independent registered public accounting firm and recommends the independent registered public accounting firm for appointment by the Board of Directors. The Audit Committee met 11 times in 2006. The members of the Audit Committee for 2006 were originally Messrs. Maloney (Chairman), Mathews and Whalen and former director Peter Halstead, who resigned in October 2007. Mr. Workman was appointed to the Audit Committee in June 2006. The members of the Audit Committee for 2007 are Messrs. Maloney (Chairman), Matthews, Whalen and Workman.

Compensation Committee

The Compensation Committee's functions are to review the Company's general compensation strategy, establish salaries for senior executives, review benefit programs, approve certain employment contracts and administer the Company's 2004 Stock Option Plan For Key Employees and Directors and the 1993 stock option plans. The Compensation Committee met eight times in fiscal 2006. The members of the Compensation Committee for 2006 originally were former Director Peter Halstead (Chairman) and Messrs. Shea and Serenbetz. Mr. Workman was appointed to the Committee in June 2006. Upon Mr. Halstead's resignation in October 2006, Mr. Serenbetz was appointed Chairman of the Committee. The members of the Compensation Committee for 2007 are Messrs. Serenbetz (Chairman), Shea and Workman.

Corporate Governance Committee

The Corporate Governance Committee is responsible for developing, recommending to the Board and assessing corporate governance policies and practices. The Corporate Governance Committee also acts as a nominating committee for Board membership. The Corporate Governance Committee met one time in 2006. The members of the Corporate Governance Committee for 2006 were Messrs. Mathews (Chairman), Whalen, Maloney and Serenbetz. The composition of the Corporate Governance Committee for 2007 is unchanged.

The Corporate Governance Committee considers nominee recommendations from a variety of sources, including nominees recommended by stockholders. The Board has no stated specific, minimum qualifications that must be met by a candidate for a position on our Board. It does, however, require that at least one member of the Board meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board meet the definition of independent director within the meaning of applicable stock exchange listing standards. Each candidate should be prepared to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board, and not have other personal or professional commitments that would, in the Board's judgment, interfere with or limit such candidate's ability to do so. Each candidate should also be prepared to represent the best interests of all of the Company's stockholders and not just one particular constituency. Additionally, in determining whether to recommend a director for re-election, the Board also considers the director's past attendance at Board and Committee meetings and participation in and contributions to the activities of the Board.

Special Committee

During 2006, the Board created a Special Committee comprised of independent directors for the purchase of reviewing, considering, evaluating, seeking alternatives and participating in negotiations concerning and making a recommendation to the Board regarding potential acquisitions or mergers of the Company. The Special Committee engaged independent legal counsel and independent financial advisors to assist it with its work. The members of the Special Committee are Messrs. Mathews (Chairman), Maloney and Workman.

The Charters of the Company's Audit, Compensation and Corporate Governance Committees are available on our website at www.interpool.com. Printed copies are also available to any shareholder upon request.

Board Independence

The Board of Directors of the Company has determined that a majority of the members of the Company's Board of Directors as a whole, and each member of the Audit Committee, the Compensation Committee, the Corporate Governance Committee and the Special Committee, has no material relationship with the Company and therefore would qualify as independent within the meaning of the New York Stock Exchange's director independence standards. Messrs. Maloney, Mathews, Serenbetz, Shea and Whalen are considered to be independent directors. Messrs. Tuchman and Burns, who are executive officers of the Company, are not considered to be independent.

Executive Sessions

The non-management directors of the Company meet in executive session of the Board without management at many regular board meetings and at each meeting of the Audit Committee, Compensation Committee, Corporate Governance Committee and Special Committee. In view of the relatively small size of the Board of Directors, the Board has not appointed a lead director to preside at executive sessions of the Board. However, the Chairmen of each of the Audit Committee, the Compensation Committee, the Corporate Governance Committee and the Special Committee preside at the executive sessions of their respective committees.

Communications with the Board

Stockholders may communicate with the Board in writing by submitting a letter addressed to the Board of Directors or to any of the directors by name in care of the General Counsel of the Company at the corporate headquarters at 211 College Road East, Princeton, New Jersey 08540. The communication should indicate the name(s) of any specific director(s) for whom it is intended, or the Board of Directors as a whole.

Code of Ethics

The Company has adopted a Code of Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. The purpose of the Code of Ethics is to promote the highest standards of integrity among Interpool officers and employees in their dealings with and on behalf of Interpool, including dealings with our stockholders, investors and with others from whom we obtain financing. The Code of Ethics may be viewed at our website at www.interpool.com.

Compliance and Ethics Hotline

We have established procedures to receive, retain and address employee complaints received by the Company. These procedures include a confidential hotline to answer employees' ethics questions and to report employees' ethical concerns and incidents including, without limitation, concerns about accounting, internal controls or auditing matters. This hotline is available 24 hours a day, seven days a week, and callers may choose to remain anonymous.

Directors' Attendance at Board Meetings

The Company's Board of Directors met eight times during 2006. All actions of the Board during 2006 that were not taken at Board meetings were approved by unanimous written consent in lieu of formal meeting. Each current director attended at least 75% of all meetings of the Board of Directors and committees to which he was assigned that were held during 2006.

Section 16(a) Beneficial Ownership Reporting Compliance

During 2006, Mr. Tuchman failed to file a timely report on Form 4 in compliance with the prescribed requirements as set forth under Section 16(a) of the Securities Exchange Act of 1934. The required report was subsequently filed. In making this disclosure, we have relied solely on written representations of our directors, officers and more than 10% holders and on a review of copies of reports that have been filed with the Securities and Exchange Commission in connection with a distribution from an exchange fund into which he had previously delivered Company shares.

ITEM 11 EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Compensation Committee Members and the Compensation Committee Charter

Our Compensation Committee is responsible for determining the components of compensation paid to our Chief Executive Officer, approving the level of compensation paid to the Company's other senior executive officers, determining awards under, and administering, our equity incentive plans and reviewing and establishing any and all other executive compensation plans adopted from time to time by the Company.

Our current Compensation Committee consists of Messrs. Warren L. Serenbetz, Jr. (Chairman), William Shea and Robert Workman. Each member of the Compensation Committee is an independent director under applicable NYSE listing standards, an outside director as defined in Section 162(m) of the Internal Revenue Code and a non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934. We monitor the independence of members of the Compensation Committee through the use of questionnaires and a requirement that committee members inform the Company of any changes or developments during the year that may have a bearing on their independence.

Although we do not require members of the Compensation Committee to be experts in compensation, we do expect each member of the committee to be knowledgeable about current compensation arrangements and issues.

The principal duties of the Compensation Committee are:

- to ensure the Company's executive officers are compensated effectively in a manner consistent with the Company's stated compensation strategy, internal equity considerations, competitive practice, and the requirements of the appropriate regulatory bodies; and

- to communicate to stockholders the Company's compensation policies and the reasoning behind such policies.

The Board of Directors amended and re-adopted a charter for the Compensation Committee in November 2004. A copy of that charter is available on our website at www.interpool.com. The Compensation Committee generally reviews and reassesses the Compensation Committee Charter annually and recommends to the Board of Directors any changes it considers necessary or desirable.

The Chairman of the Compensation Committee schedules the meetings of the Compensation Committee and sets the agenda for each meeting. Although the Compensation Committee Charter allows the Compensation Committee to delegate some or all of its duties to sub-committees comprised of one or more of its members, the Compensation Committee has never exercised this power. All actions of the Compensation Committee have been taken by the full Compensation Committee.

Compensation Consultant

Pursuant to its charter, the Compensation Committee is vested with the authority to retain advisors and to approve any such advisor's fees and terms. During 2006, the Compensation Committee retained Delves Group to provide advice to the Compensation Committee. Representatives of Delves Group consulted directly with, and reported directly to, the Compensation Committee. No other compensation consultants were retained by the Compensation Committee, the Board of Directors or management during 2006.

Delves Group was retained principally to evaluate the Company's current compensation programs and to make recommendations regarding potential changes. Delves Group provided the Compensation Committee with competitive data and business and technical considerations. Delves Group did not provide specific advice with respect to the compensation to be paid to our named executive officers for 2006. The Compensation Committee has discussed the recommendation of Delves Group that the Company consider making equity awards and other long-term incentives more significant components of the Company's overall compensation programs but to date has not made any decision to do so.

Role of Executives in Establishing Compensation

The Compensation Committee often invites members of management to attend part of its meetings to provide information and feedback concerning compensation issues. However, members of management do not attend

executive sessions of the Compensation Committee. Martin Tuchman, our Chief Executive Officer, provides input directly to the Compensation Committee regarding the compensation to be paid to other officers, including all the other executive officers, of the Company. In addition, the Company's General Counsel and other members of the legal department assist the Compensation Committee in setting agendas, gathering information and materials and drafting proposals, plans, memoranda and employment agreements.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during 2006 was an officer or employee of the Company or any of its subsidiaries, was formerly an officer of the Company or any of its subsidiaries or had any relationships requiring disclosure in this proxy statement under the heading "Certain Relationships and Related Transactions," except for Warren Serenbetz, Jr., who, as an executive officer and shareholder of Radcliff Group, Inc., has an indirect interest in the preferred stock of our subsidiary, Chassis Holdings I LLC. None of the Company's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as member(s) of the Company's board of directors or compensation committee.

As noted above, Mr. Tuchman, our Chief Executive Officer, provides input on executive officer compensation, other than his own, to the Compensation Committee. However, Mr. Tuchman does not participate in the Committee's deliberations during executive sessions.

Compensation Committee Activity

In 2006, there were seven meetings of the Compensation Committee. All members of the Compensation Committee attended all of the meetings. At each of the meetings, the Compensation Committee meet in executive session, at which no members of management were present, for at least part of the meeting.

Throughout 2006, the Compensation Committee continually reviewed the compensation being paid to the named executive officers, including the individual components of each person's total pay package. The Compensation Committee considered the contractual obligations owed to certain of the Company's executive officers, specifically Messrs. Burns, Walsh, Gross and Mertz, under their existing employment agreements. The Compensation Committee determined that increases in the aggregate compensation paid to each named executive officer were appropriate in light of the Company's overall performance and the individual performance of each such officer. The base salary and certain bonus components are fixed under the terms of our Chief Executive Officer's Employment Agreement.

All grants of stock options are approved by our Compensation Committee, which administers the 2004 Stock Option Plan for Key Employees and Directors, the 1993 Stock Option Plan for Executive Officers and Directors and the 1993 Non-Qualified Stock Option Plan for Non-Employee, Non-Consultant Directors. The Compensation Committee awards grants from time to time based on a number of criteria, including the relative rank of the executive within our company and his or her specific contributions to the success of the Company for the prior year based on subjective criteria. We believe occasional grants of stock options serve to enhance stockholder value by aligning the interests of our executives with those of the stockholders and also by acting to retain our executives through the vesting of the options. The Company's 2004 stock option plan does not specify when options are granted.

Objectives of the Company's Compensation Programs

Compensation Philosophy

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive pay and the creation of stockholder value, while at the same time attracting, motivating and retaining key employees. To achieve this goal, the Company's named executive officers are offered compensation opportunities that are linked to the Company's financial performance and to individual performance and contributions to the Company's

success.

To achieve this goal, the Compensation Committee focuses on the following considerations:

An emphasis on rewarding our named executive officers with total compensation (including cash, incentive and discretionary bonuses and, in certain cases, stock options) at competitive market levels, based on each executive's experience, skills and individual performance;

An appropriate mix of short-term (salary and cash bonuses) and, on occasion, long-term compensation (stock options and other equity-based compensation), which facilitates retention of talented executives and balances short-term and long-term financial goals and behaviors within the Company;

Recognition that as an executive's level of responsibility increases, a greater portion of the total compensation opportunity should be based upon performance incentives; and

The use of both time-based and performance-based equity with long-term vesting requirements in order to retain key executive officers.

The primary components of the Company's executive compensation program for its named executive officers have been: (a) base salaries and certain guaranteed bonuses, (b) annual performance-based cash bonuses, and (c) in certain cases, long-term incentive opportunities in the form of stock options. Our executive compensation program is intended to provide our named executive officers with overall levels of compensation opportunity that are competitive within the intermodal transportation industry, as well as within a broader spectrum of companies of comparable size and complexity.

The Company's Compensation Committee reviews executive compensation arrangements at least annually to ensure market competitiveness, and to ensure the Company meets its objective of providing executive pay packages with appropriate short and long-term incentives, including annual bonuses and, when warranted, equity compensation tied to individual and Company performance.

The Compensation Committee calculates and approves the compensation for the Chief Executive Officer and other named executive officers in accordance with the provisions of their respective employment agreements and, in the case of the Chief Executive Officer, a bonus policy adopted by the Compensation Committee in 2000. The Compensation Committee also determines the amount of additional discretionary bonuses to be awarded.

The Company evaluates whether its compensation programs achieve their goals in a number of ways. First, the Company reviews whether its pay packages have achieved the result of retaining talented executives. Second, the Company evaluates its success in attracting new executives to the Company. Third, the Company reviews its performance in relation to the compensation packages. The Compensation Committee believes that, with respect to each of the Company's executive officers, the levels of compensation are commensurate with the Company's performance and the outstanding stock option grants provide the executives with adequate incentives to focus on long-term results.

Benchmarking

The Company does not employ a formal benchmarking process. However, the Company continually monitors compensation programs of other intermodal transportation companies as well as a broader spectrum of companies of comparable size and complexity. The Compensation Committee expects that the Company's compensation programs will be revised from time to time to be competitive within the industry. In addition, during 2006, Delves Group analyzed comparable companies as part of their recommendations to the Compensation Committee.

Compensation Components

For 2006, the Company primarily used two types of compensation in paying its key executives: base salaries and performance-based annual cash bonuses. Although the Company did not grant long-term incentive awards to any of its named executive officers during 2006, all these executive officers held stock options previously granted under the Company's stock option plans.

Base Salary

The base salary for the Company's Chief Executive Officer, Mr. Tuchman, is determined pursuant to a formula set forth in his employment agreement. The base salaries for the Company's other four named executive officers, Messrs. Burns, Walsh, Gross and Mertz, are set by the Board of Directors in accordance with their employment contracts. In setting base pay for the Company's key executives, the Compensation Committee or the Chief Executive Officer reviews the following quantitative and qualitative factors: Company performance, the executive's individual performance and scope of responsibility, competitive market pay information and practices, internal equity and other considerations.

The Compensation Committee believes that an executive's base salary should be targeted at market competitive levels while rewarding outstanding performance with above-average total compensation. Base salaries for those executives whose salary levels are not fixed under long-term employment agreements are reviewed annually, and are adjusted from time to time based on a review of market data and individual executive performance.

Annual Bonuses

Annual target performance based goals serve both to motivate executives as well as to increase stockholder returns by focusing executive performance on the attainment of those annual goals identified as having a positive impact on the Company's business results. Certain bonus components are fixed under the terms of the Chief Executive Officer's employment agreement and under a bonus policy for the Chief Executive Officer adopted in 2000. The employment agreements for the Company's other named executive officers provide for annual target bonuses. Additional discretionary bonuses may be awarded by the Compensation Committee.

Long-term Incentives

Stock-based compensation has also been an element of the Company's compensation program for its key executives. The Company's 2004 Stock Option Plan was adopted by the Board and approved by stockholders in order to allow the Company to grant options to purchase shares of the Company's Common Stock. The Compensation Committee determines in its sole discretion, subject to the terms and conditions of the option plan, the size of a particular award based upon its subjective assessment of an individual's performance, responsibility and functions and how this performance may have contributed, or is expected to contribute, to the Company's performance.

We believe awards pursuant to the Company's stock option plan align the interests of management with those of the Company's stockholders by emphasizing long-term stock ownership and increases in stockholder value. Management will benefit under such plan only if the other stockholders of the Company also benefit. The purpose of the option plan is to encourage executives and others to acquire a proprietary interest in the Company, thereby further stimulating their active interest in the development and financial success of the Company.

Compensation Paid in 2006

During 2006, the Compensation Committee reviewed the compensation being paid to the named executive officers, including the individual components of each person's total pay package. The Compensation Committee considered the contractual obligations owed to certain of the named executive officers, specifically Messrs. Burns, Walsh, Gross and

Mertz, under their existing employment agreements. At year end, the Compensation Committee determined that the discretionary bonuses to be paid to these four named executive officers for 2006 were appropriate in light of the Company's overall performance and the individual performance of each such officer. The base salary and certain bonus components for the Company's Chief Executive Officer, Mr. Tuchman, are fixed under the terms of his employment agreement and the bonus policy adopted by the Compensation Committee in 2000.

For 2006, Martin Tuchman, the Company's Chief Executive Officer, received a salary of \$1,039,464 and a bonus of \$7,599,000 in accordance with the terms of his employment agreement and the bonus policy, as more fully described below; Arthur Burns, Executive Vice President and General Counsel, received a salary of \$400,000 and a bonus of \$300,000; James F. Walsh, Chief Financial Officer, received a salary of \$325,000 and a bonus of \$275,000; Richard W. Gross, Executive Vice President and Chief Operating Officer of the Company's subsidiary Interpool Limited, received a salary of \$325,000 and a bonus of \$175,000; and Herbert Mertz, Executive Vice President and Chief Operating Officer of the Company's subsidiary Trac Lease, Inc., received a salary of \$300,000 and a bonus of \$200,000. Several of these named executive officers also received reimbursement for living expenses or other cash compensation as set forth below in the Summary Compensation Table.

Although the Company did not grant any stock options during 2006, all of the named executive officers hold stock options that were granted in prior years. During 2006, Mr. Tuchman, the Chief Executive Officer, exercised all of his outstanding stock options and Mr. Burns, the Company's Executive Vice President and General Counsel, exercised a significant portion of his outstanding stock options, as described below.

Post-Termination Compensation

In addition to base salary, bonus and compensation under the Company's 401(k) plan and stock option plans, the Company has employment agreements with its most highly compensated executive officers that provide for severance compensation in the event of termination other than for cause during the term of the agreement and/or following a change in control during the term of the agreement. Information regarding these arrangements is provided below under **Post-Termination Compensation** and **Employment Agreements with Named Executive Officers**.

Impact of Regulatory Requirements on Compensation

The Internal Revenue Code of 1986, as amended, prohibits publicly held corporations such as the Company from deducting compensation in excess of \$1,000,000 per individual, other than performance-based compensation. The Compensation Committee continually evaluates maximizing the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate our executive officers.

The Compensation Committee continues to monitor the implementation of the rules and regulations pursuant to Section 409A of the Internal Revenue Code, which, among other things, could cause certain types of deferred payments to be subject to additional taxes and penalties. While the Company believes that its current employment arrangements and agreements do not give rise to any negative consequences under Section 409A, it is the Company's current intention to structure any new employment arrangements or agreements, or if need be amend existing employment arrangements or agreements, to reduce or eliminate any adverse effects of Section 409A.

Inter-Relationships Among Elements of Compensation Packages

There is no significant interplay of the various elements of total compensation between each other. If options that are granted in one year become under water, the amount of the bonus amount or compensation to be paid the executive officer for the next year is generally not impacted. Similarly, if options become extremely valuable, the amount of compensation or bonus to be award for the next year is not affected. While the Compensation Committee has discretion to make exceptions to any compensation or bonus payouts under existing plans, it has not approved any exceptions to the plans with regard to any executive officers.

Other Information

The input from the Company's Chief Executive Officer is carefully considered by the Compensation Committee regarding the criteria to be used to determine base salary, annual bonuses and other benefits for executive officers other than the Chief Executive Officer. Although input from the Chief Executive Officer is considered by the Compensation Committee and the Board, it is not given disproportionate weight. The Compensation Committee and the Board have the final authority on compensation matters.

Compensation Committee Report

The Compensation Committee members have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

Narrative to Summary Compensation Table

Base Salary

During 2006, our Chief Executive Officer and our other named executive officers were employed pursuant to employment agreements with us. Each employment agreement sets forth, among other things, the executive's base salary for the initial year of the agreement and provides for annual increases in the base salary as determined by the Compensation Committee or the Board, provided that the executive's base salary for any year may not be less than his base salary for the preceding year. The Chief Executive Officer's base salary under his employment agreement increases by a minimum of 5% each year. For descriptions of these employment agreements, see Employment Agreements below. The salary amounts shown in the Summary Compensation Table represent these executives' base salaries under their employment agreements.

Bonus

For 2006, each of our named executive officers was awarded a cash bonus in accordance with the terms of his employment agreement, which provides for either a guaranteed bonus or a targeted bonus, and, in the case of our Chief Executive Officer, a bonus plan for the Chief Executive Officer. The named executive officers other than the Chief Executive Officer also received discretionary cash bonuses. The bonus amounts shown in the table above were earned with respect to the year indicated and paid either in the year indicated or in the following year.

Chief Executive Officer Bonus

As described below, Mr. Tuchman is entitled, under the terms of his employment agreement and under a bonus plan approved by our Compensation Committee in 2000, to receive a performance bonus each year based upon several factors, including the amount of any increase in our net income over the previous year's net income and, if applicable, for any increase over the highest net income previously reported by the Company. Mr. Tuchman received bonuses for 2006, 2005 and 2004 in amounts totaling \$7,599,000, \$1,810,550, and \$406,467, respectively.

Under his employment agreement, Mr. Tuchman is entitled to receive a bonus for each year in an amount equal to 2% of any increase in net income over that of the preceding year. Because our net income for 2006 exceeded that of 2005 by \$75,453,000, Mr. Tuchman received a bonus of \$1,511,000 under this provision.

In addition, the bonus plan approved by the Compensation Committee in 2000 establishes three additional measures of incentive bonus performance for Mr. Tuchman: (1) increase in net income over the highest previous year; (2) increase in stock price; and (3) maintaining an investment grade debt rating.

Increase in Net Income: To the extent that our net income exceeds that of the highest previous year, a bonus equal to 10% of the increase is to be paid to Mr. Tuchman. Because our 2006 net income exceeded the highest previous year by \$59,770,000, Mr. Tuchman received a bonus for 2006 in respect of this performance measure in the amount of \$5,977,000. No bonus was paid to Mr. Tuchman in respect of this performance measure for 2005 or 2004.

Investment Grade Rating: Mr. Tuchman is entitled to a bonus of \$100,000 for each year in which we maintain an investment grade debt rating by either Moody's or Standard and Poor's at year-end. No bonus under this performance measure was awarded in 2006, 2005 or 2004.

Increased Stock Price: To the extent our average stock price for a year exceeds the highest average stock price for any prior year, Mr. Tuchman is entitled to receive a bonus in the amount of 1.5% of the increase in our average aggregate market capitalization (the product of the increase in the average stock price times the weighted average of outstanding shares plus the dilutive effect of options). In the event of a Change in Control the share price paid by the acquiring entity will be used to calculate the amount to be paid under this performance measure. Our 2006 average market capitalization, calculated as described, exceeded that of 2005; accordingly, Mr. Tuchman was awarded \$111,000 under this performance measure for 2006. Because our 2005 average market capitalization exceeded the previous high water mark, a bonus in the amount of \$1,810,550 was awarded to Mr. Tuchman for 2005 under this performance measure. Because our 2004 average market capitalization exceeded the previous high water mark, a bonus in the amount of \$406,467 was awarded to Mr. Tuchman for 2004 under this performance measure.

Mr. Tuchman is also eligible for discretionary bonuses awarded by the Compensation Committee. He did not receive any discretionary bonus for 2006 or 2005. With respect to 2004, because, as noted above, our 2004 net income was lower than our net income in 2003, Mr. Tuchman did not earn a bonus for 2004 under his bonus plan based upon these measures. The Compensation Committee noted, however, that our 2004 net income was adversely affected by a non-cash expense in the amount of \$49,222,339 resulting from an increase during the fourth quarter of 2004 in the fair value of our common stock purchase warrants issued in September 2004, and that without this expense our 2004 net income would have been \$57,650,843, representing the highest net income ever reported by the Company. It also noted that, when all accounting conditions are met by the Company, the valuation of these warrants would be reclassified to equity without affecting net income, the measurement used to compensate Mr. Tuchman under the plans discussed above. Although this expense was required by generally accepted accounting principles, the members of the Compensation Committee concluded that Mr. Tuchman should receive a discretionary bonus reflecting Interpool's profitable operations and other accomplishments during 2004, notwithstanding the adverse effect on net income of the non-cash expense relating to the warrants. Accordingly, the Compensation Committee agreed to pay Mr. Tuchman a discretionary bonus for 2004 in the amount of \$1,861,025, which represented the amount of the additional bonuses to which Mr. Tuchman would have been entitled under the terms of his employment agreement and under his bonus plan if our 2004 net income had not been adversely affected by the warrant expense. This discretionary bonus, together with a bonus in the amount of \$406,467 which Mr. Tuchman earned for 2004 under the terms of the bonus plan based upon increases in the market price of Interpool's common stock during 2004, was paid to Mr. Tuchman in cash during the first quarter of 2005. The Compensation Committee and Mr. Tuchman also agreed that Mr. Tuchman's eligibility in 2005 and thereafter for bonuses based on any future increases in our net income would be measured against adjusted net income for 2004 of \$57,650,843. In addition, because no bonus had been paid to Mr. Tuchman for 2003, during 2004 the Compensation Committee awarded Mr. Tuchman an additional discretionary bonus of \$350,000 in recognition of Mr. Tuchman's efforts on the Company's behalf during 2003 and

2004.

Equity Awards

During 2006, the Compensation Committee did not award any stock option grants pursuant to our 2004 Stock Option Plan.

In 2005, Stock Appreciation Rights ("SARS") were granted to Messrs. Burns, Walsh and Gross pursuant to which the recipient would have been entitled to receive an amount equal to the amount of any appreciation in the value of our common stock value above \$14.05 per share, which was the market price of our common stock at the time the SARS had been granted in 2004. The fair value of these SARS at the grant date for Messrs. Burns, Walsh and Gross were \$1,156,345, \$192,706 and \$770,823, respectively. In 2004, these SARS were cancelled and replaced with stock options with a exercise price of \$18.77 per share. In connection with the cancellation of the SARS, Messrs. Burns, Walsh and Gross received cash payments during 2005 in the amount of \$708,000, \$118,000 and \$472,000 respectively.

Other Compensation

During 2006, 2005 and 2004, Mr. Tuchman received payment in the amount of \$99,940, \$76,145 and \$108,778, respectively, for vacation that had accrued but had not been taken. In 2006, Mr. Burns and Mr. Gross also received payment in the amount of \$23,075 and \$17,498, respectively, for accrued but unused vacation. In 2005, Mr. Walsh and Mr. Gross received \$4,846 and \$19,383, respectively.

During 2006, 2005 and 2004, the Company reimbursed Mr. Burns and Mr. Walsh for living expenses and related taxes in the aggregate amounts of \$24,093, \$88,516 and \$93,006, respectively, for Mr. Burns and \$54,283, \$55,235 and \$105,147, respectively, for Mr. Walsh, pursuant to the terms of their employment agreements.

For 2005, Messrs. Burns, Walsh and Gross received cash payments in the amounts of \$708,000, \$118,000 and \$472,000, respectively, in connection with the termination of their SARS and the grant of replacement stock options, to compensate them for the value of the SARS being terminated.

Other compensation for 2004 for each of Messrs. Walsh, Gross and Mertz included a stock bonus of 25 shares of the Company which had a fair market value on the day it was awarded of \$551.

The amounts listed in the table above under **All Other Compensation** for 2006 also include the following items:

Name	Life Insurance Premiums	401(k) Matching Contributions	Medical Insurance	Auto Allowance
Martin Tuchman	470	15,000	12,925	(1)

Information Regarding Plan-Based Equity Awards

We grant stock options under our 2004 Stock Option Plan for Executive Officers. Previously, options were granted under our 1993 Stock Option Plan for Executive Officers (the 1993 Plan). A total of 160,000 options granted under the 1993 Plan and not exercised are still outstanding, but no new options may be granted under the 1993 Plan.

We believe that our long-term interests are best advanced by our stock option plans by aligning the interest of our executive officers with the interests of our shareholders. Options under our 2004 Stock Option Plan are granted at the then-current market price at the time the option is granted. The options have a three-year vesting period and with certain exceptions, expire at the end of ten years from the date of grant, or six months after retirement. Options granted under our 2004 Stock Option Plan are either incentive stock options or non-qualified stock options as defined under the Internal Revenue Code as explained below. Options are granted by our Compensation Committee, which administers the Plans.

The Compensation Committee determines which executives will be awarded options based on a number of criteria including the relative rank of the executive within our company and his or her subjective contributions to the success of the company for the prior year. We believe the options serve to enhance shareholder value by aligning the interest of our executives with those of the shareholders and also by acting to retain our executives through the vesting of the options.

An optionee generally recognizes no taxable income as the result of the grant of a nonqualified stock option. Upon the exercise of a nonqualified stock option, the optionee normally recognizes ordinary income equal to the difference between the stock option exercise price and the fair market value of the shares on the exercise date. Such ordinary income is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonqualified stock option, any subsequent gain or loss, generally based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. A capital gain or loss will be long-term if the optionee's holding period is more than twelve months. We recognize expense for the grant-date fair value of the stock options over the vesting period of the options. We will receive a tax deduction when the tax benefit realized exceeds the compensation amount expensed for financial reporting purposes, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code. Option grants are accounted for under FAS 123R as described in Note 14 of the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006.

Option Exercises and Stock Vested For Year Ended December 31, 2006

The following table provides information with respect to 2006 for our named executive officers regarding options exercised under the Company's stock option plans and regarding stock awards which became vested and were issued under the Company's former Deferred Bonus Plan.

Name	Option Awards		Stock Awards
	Number of Shares Acquired on Exercise (#)	Value Realized On Exercise (\$) (1)	Number of Shares Acquired on Vesting (#)
Martin Tuchman	2,280,000	33,128,400	---
James F. Walsh	---	---	---
Arthur L. Burns	96,563	1,403,060	---
Richard Gross	---	---	331
Herbert Mertz	---	---	---

- (1) The value realized is the difference between the closing price of the Common Stock of the Company at the time of exercise and the option exercise price (adjusted for stock dividends), times the number of shares acquired on

exercise.

- (2) Determined by multiplying the number of shares of common stock that vested by the market value of the underlying stock on the vesting date.

On November 13, 2006, Mr. Tuchman, the Company's Chairman and Chief Executive Officer, and Mr. Burns, the Company's Executive Vice President and General Counsel, exercised stock options for 2,280,000 and 96,563 shares, respectively, under the terms of the 1993 Stock Option Plan. The options exercised, which were scheduled to expire in 2008 if not exercised, had an exercise price of \$10.25 per share and the market value at the date they were exercised was \$24.78 per share.

In order to exercise his options, Mr. Tuchman paid the aggregate exercise price of \$23,370,000 by returning 943,099 shares which he previously owned to the Company and had the Company withhold 619,653 shares from the shares being issued in connection with the exercise of the option in order to meet his minimum tax withholdings. Mr. Burns asked that both the aggregate exercise price of \$990,000 and his minimum withholdings be satisfied by having 64,742 shares withheld by the Company from the shares being issued in connection with the options being exercised. All share amounts were valued at their fair market value based on the market price of the common stock at the date of exercise. Mr. Tuchman and Mr. Burns continue to own the shares that they acquired upon exercise of the stock options. The 1,627,494 shares delivered to or withheld by the Company in connection with the exercise of these stock options by Messrs. Tuchman and Burns had an aggregate market value of \$40,329,000. The exercise resulted in the issuance of 1,660,347 shares to Messrs. Tuchman and 31,791 shares to Mr. Burns.

Post-Termination Compensation

The Company's five named executive officers have post-termination provisions as part of their employment agreements. Each employment agreement provides that in the event of termination by (1) the Company due to the executive's death or disability or cause, or (2) by the executive other than for good reason, the executive will be entitled to receive: (a) base salary up to and including the effective date of termination, prorated on a daily basis; (b) payment for any accrued, unused vacation as of the effective date of termination; (c) in the event of termination due to the executive's death or disability, any performance-based bonus previously earned but not paid; and (d) any other benefits (if any) payable upon the executive's death or disability.

Further, each agreement (other than Mr. Tuchman's) provides that, in the event of termination (1) by the Company other than due to the executive's death or disability or cause, or (2) by the executive for good reason, the executive will also be entitled to receive payment, either as a lump sum or in monthly installments over the severance period, of an amount equal to his base salary for a specified number of months. The base salary is calculated at the rate in effect at the date of such termination. These salary, target bonus and continued medical benefit continuation periods are as follows: Mr. Burns, three years; Mr. Walsh, two years; Mr. Gross, two years; and Mr. Mertz, two years.

In the case of Mr. Tuchman, upon termination, his employment agreement would entitle him to continuation of his salary for the remainder of the seven-year term of his employment agreement and reimbursement of medical expenses for an additional five year period thereafter.

Notwithstanding the provisions described above, if the executive's employment is terminated by the Company, other than due to the executive's death or disability or cause, or by the executive for good reason, in either case, upon or within six months following a change in control, then (1) all stock options, restricted awards or other types of equity-based compensation then held by the executive that were not previously exercised will become fully vested and exercisable; (2) any performance-based bonus previously earned but unpaid will become fully vested and will be paid as soon as practicable; and (3) the executive shall be entitled to receive a lump sum payment of an amount equal to three times the annual amount of the executive's base salary, target bonus and medical benefits calculated at the then current rate in the case of Mr. Burns and two years in the case of Messrs. Walsh, Gross and Mertz.

As defined in the employment agreements for our named executive officers, other than Mr. Tuchman, a **Change in Control** will be deemed to have occurred if the event described in any one of the following paragraphs shall have occurred:

- (i) any Person is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its affiliates) representing 50% or more of the combined voting power of the Company's then outstanding securities, excluding any Person who becomes such a Beneficial Owner in connection with a transaction described in clause (A) of paragraph (iii) below; or
- (ii) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on the date hereof, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's stockholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on the date hereof or whose appointment, election or nomination for election was previously so approved or recommended; or
- (iii) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than (A) a merger or consolidation immediately following which the individuals who comprise the Board immediately prior thereto constitute at least a majority of the board of directors of the Company, the entity surviving such merger or consolidation or any parent thereof (or a majority plus one member where such board comprises an odd number of members), or (b) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities Beneficially Owned by such Person any securities acquired directly from the Company or its Affiliates) representing 50% or more of the combined voting power of the Company's then outstanding securities; or
- (iv) there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 51% of the combined voting power of the voting securities of which are owned by stockholders of the Company in substantially the same proportions as their ownership of the Company immediately prior to such sale, or the stockholders of the Company approve a plan of complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, a **Change in Control** shall not be deemed to have occurred by virtue of the consummation of any transaction or series or integrated transactions immediately following which the record holders of the common stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions.

The post-severance payments due to the Company's named executive officers pursuant to the arrangements described above are as follows:

Description of Equity Compensation and Incentive Plans

2004 Stock Option Plan

Our 2004 Stock Option Plan for Key Employees and Directors (the 2004 Stock Option Plan) was adopted by our Board of Directors on November 3, 2004 and approved by our stockholders at our 2004 Annual Meeting. A total of 1.5 million shares of common stock have been reserved for issuance under the 2004 Stock Option Plan. Options may be granted under the 2004 Stock Option Plan, in the discretion of the Compensation Committee of the Board of Directors, to key employees and directors (whether or not they are employees) of Interpool, Inc. and its subsidiaries. The number of shares that may be the subject of options granted during any calendar year to any one individual cannot exceed 250,000 shares.

The 2004 Stock Option Plan is administered by the Compensation Committee, which consists solely of independent directors. The Compensation Committee has the authority, within limitations as set forth in the 2004 Stock Option Plan, to establish rules and regulations concerning the 2004 Stock Option Plan, and to determine the persons to whom options may be granted, the number of shares of common stock to be covered by each option and the terms and provisions of the option to be granted. The Compensation Committee has the right to cancel any outstanding options and to issue new options on the terms and upon the conditions as may be consented to by the optionee affected. In addition, the Compensation Committee has the authority, subject to the terms of the 2004 Stock Option Plan, to determine the appropriate adjustments in the terms of each outstanding option in the event of a change in the common stock or our capital structure.

Options are exercisable by the holder subject to terms fixed by the Compensation Committee. An option will be exercisable immediately upon the occurrence of any of the following (but in no event subsequent to the expiration of the term of an option):

1. the holder's retirement on or after attainment of age 65;
2. the holder's disability or death; or
3. special circumstances or events as the Compensation Committee determines merits special consideration.

Under the 2004 Stock Option Plan, a holder may pay the exercise price in cash, by check, by delivery to us of shares of common stock already owned by the holder for at least six months by a cashless method in accordance with procedures that may be established by the Compensation Committee or by such other method as the Compensation Committee may permit from time to time.

Options granted under the 2004 Stock Option Plan are not transferable except by will or the laws of descent and distribution. However, the Compensation Committee may, in its discretion, authorize a transfer of any option (other than an incentive stock option), by the initial holder to (i) the family members of the initial holder, (ii) a trust or trusts for the exclusive benefit of such family members, (iii) a corporation or partnership in which such family members and/or the initial holder are the only shareholders or partners, or (iv) such other persons or entities which the Compensation Committee may permit; provided, however, that subsequent transfers of such option shall be prohibited except by will or the laws of descent and distribution. If an option holder terminates employment with us and all subsidiaries or service as a director of Interpool or a subsidiary while holding an unexercised option, the option will terminate immediately, but the option holder will have until the end of the tenth business day following his termination of employment or service to exercise the option.

However, all options held by an option holder will terminate immediately if the termination is for cause, including but not limited to violation of the holder's duties. If cessation of employment or service is due to retirement on or after

attainment of age 65, disability or death, the option holder or the holder's successor-in-interest, as the case may be, is permitted to exercise any option within three months of retirement or within six months of disability or twelve months of death. Shares subject to options granted under the 2004 Stock Option Plan which expire, terminate or are cancelled without having been exercised in full become available again for option grants.

The 2004 Stock Option Plan may be terminated and may be modified or amended by the Compensation Committee or the Board of Directors at any time; provided, however, that (1) no modification or amendment increasing the aggregate number of shares which may be issued under the 2004 Stock Option Plan or under options granted to any individual during any calendar year, or changing the class of persons who are eligible to receive options will be effective without stockholder approval within one year of the adoption of the amendment and (2) no such termination, modification or amendment of the 2004 Stock Option Plan will alter or affect the terms of any then outstanding options without the consent of the holders thereof (except as described below). The Compensation Committee may cancel or terminate an outstanding option with the consent of the holder and grant an option for the same number of shares to the individual based on the then fair market value of the common stock, which may be higher or lower than the exercise price of the canceled option. In addition, the Compensation Committee or the Board of Directors may amend the 2004 Stock Option Plan and the terms of outstanding options, without the consent of the holders thereof, in connection with any tax law changes which are not consistent with the purpose and intended tax treatment of the 2004 Stock Option Plan and the options as previously in effect.

As of December 31, 2006, a total of 350,000 options, 316,667 of which are exercisable, were held by 5 persons under the 2004 Stock Option Plan.

Previously, we maintained a 1993 Stock Option Plan for Executive Officers and Directors (the 1993 Stock Option Plan), which is discussed below.

1993 Stock Option Plan

No options may be granted under the 1993 Stock Option Plan which expired in March 2003. Our 1993 Stock Option Plan for Executive Officers and Directors was adopted by our Board of Directors and approved by the stockholders in March 1993. A total of 6,000,000 shares of common stock were reserved for issuance under the 1993 Stock Option Plan. Options could have been granted under the 1993 Stock Option Plan to executive officers and Directors of Interpool or a subsidiary (including any executive consultant of Interpool and its subsidiaries), whether or not they were employees. As of December 31, 2006, 286,500 options were issued and outstanding under the 1993 Stock Option Plan, all of which are exercisable by 13 persons.

Effective January 1, 2004 the Compensation Committee began to administer the 1993 Stock Option Plan which had previously been administered by a Stock Option Committee.

The 1993 Stock Option Plan does not require that the members of the Compensation Committee be disinterested persons within the meaning of Rule 16b-3, as from time to time amended, under the Securities Exchange Act of 1934. The Compensation Committee has the authority, within limitations as set forth in the 1993 Stock Option Plan, to establish rules and regulations concerning the 1993 Stock Option Plan. In addition, the Compensation Committee has the authority, subject to the terms of the 1993 Stock Option Plan, to determine the appropriate adjustments in the terms of each outstanding option in the event of a change in the common stock or our capital structure.

Options are exercisable by the holder subject to terms fixed by the Compensation Committee. No option can be exercised until at least six months after the date of grant. However, an option will be exercisable immediately upon the occurrence of any of the following (but in no event during the six-month period following the date of grant or subsequent to the expiration of the term of an option):

1. the holder's retirement on or after attainment of age 65;

2. the holder's disability or death; or
3. special circumstances or events as the Compensation Committee determines merits special consideration.

Under the 1993 Stock Option Plan, a holder may pay the exercise price in cash, by check, by delivery to us of shares of common stock already owned by the holder, or, with respect to non-qualified stock options and subject to approval by the Compensation Committee, in shares issuable in connection with the option, or by such other method as the Compensation Committee may permit from time to time.

Options granted under the 1993 Stock Option Plan are non-transferable and non-assignable; provided, however, that the estate of a deceased holder may exercise any options held by the decedent. If an option holder terminates employment with us and all subsidiaries or service as a director of Interpool or a subsidiary while holding an unexercised option, the option will terminate immediately, but the option holder will have until the end of the tenth business day following his termination of employment or service to exercise the option. However, all options held by an option holder will terminate immediately if the termination is for cause, including but not limited to a result of a violation of the holder's duties. If cessation of employment or service is due to retirement on or after attainment of age 65, disability or death, the option holder or the holder's successor-in-interest, as the case may be, is permitted to exercise any option within three months of retirement or disability or within six months of death.

The 1993 Stock Option Plan may be modified or amended by the Compensation Committee or the Board of Directors at any time; provided, however, that (1) no modification or amendment increasing the aggregate number of shares which may be issued under options, increasing materially the benefits accruing to participants under the 1993 Stock Option Plan, or materially modifying the requirements as to eligibility to receive options will be effective without stockholder approval within one year of the adoption of the amendment and (2) no such modification or amendment of the 1993 Stock Option Plan will alter or affect the terms of any then outstanding options without the consent of the holders thereof. The Compensation Committee may cancel or terminate an outstanding option with the consent of the holder.

In November 2006, the Company filed a Registration Statement on Form S-8 with the Securities and Exchange Commission to register a total of 4,458,063 shares of common stock, \$0.001 par value per share, of the Company (plus any additional shares of common stock that may be issued pursuant to the adjustment provisions of the Company's stock option plans) that may be issued under the Company's 2004 Stock Option Plan for Key Employees and Directors, the 2004 Nonqualified Stock Option Plan for Non-Employee, Non-Officer Directors, the 1993 Stock Option Plan for Executive Officers and Directors and the 1993 Stock Option Plan for Non-Employee, Non-Consultant Directors and 45,512 shares of common stock issued or issuable pursuant to awards granted under the Interpool, Inc. Deferred Bonus Plan described below.

401(k) Plan

We maintain a deferred savings plan for employees that is intended to qualify under Section 401(k) of the Internal Revenue Code. All our employees who are based in the United States are eligible to participate in the 401(k) Plan. Each participant may elect to contribute up to 6% of such participant's compensation on a pre-tax basis for which the Company makes matching contributions equal to 75% of the participant's contribution. In addition, participants can elect to make additional unmatched contributions to the 401(k) Plan up to an additional 9% of the participant's compensation. Such salary deferral contributions are 100% vested at all times. Amounts credited to a participant's account are distributed to the participant at the earliest of (1) the termination of his or her employment with us, (2) a requested withdrawal after age 59 1/2 or upon evidence of disability or (3) a requested withdrawal due to financial hardship. The 401(k) Plan administrator may authorize loans from the 401(k) Plan to participants in a manner which is uniform and nondiscriminatory. Under the Code, salary deferral contributions are not taxable to the employee until the

amounts are distributed to the employee, and all matching contributions are tax deductible to us. The 401(k) Plan provides for the making by us of any matching or profit sharing contributions to the 401(k) Plan, in the form of shares of common stock of Interpool.

Deferred Bonus Plan

In November 2002, our Board of Directors approved a Deferred Bonus Plan (the "Deferred Bonus Plan") under which employees of Interpool and our affiliates who received discretionary year-end bonuses of greater than \$50,000 received such bonuses partly in cash and partly in the form of an award of Interpool common stock. Bonus stock awards under this plan vest in equal installments over a five-year period, unless the recipient elected to have the award vest over a ten-year period or the Board of Directors specified another period. The unvested portion of any bonus stock award will vest immediately if a change in control of Interpool occurs, if the employee is terminated without cause, if the employee resigns for a good reason, if the employee dies or becomes permanently disabled, or in any other circumstance deemed appropriate by the Board of Directors. If a recipient resigns voluntarily without a good reason or is terminated for cause, the employee would forfeit any unvested portion of any bonus stock award. The number of shares covered by any bonus stock award was determined based upon a 10% discount from the market price of Interpool common stock at year-end, except that the discount was 30% for any bonus stock awards that vest over ten years. Under the Plan, each employee granted a bonus stock award has the right to require us to purchase from the employee a total number of shares equal to the number covered by the bonus stock award.

On January 2, 2003, the Company granted to 12 eligible employees 139,067 shares of restricted stock that had a fair value of \$16.83 per share at the grant date, 4,641 of which vest over a five year period, 74,019 vest over a ten year period and 60,407 were forfeited. During the fourth quarter 2003, in accordance with the terms of the separation agreement with the Company's previous President and Chief Operating Officer, 60,407 unvested shares were forfeited.

On January 2, 2004, the Company granted to 17 eligible employees 27,259 shares of restricted stock that had a fair value of \$13.60 per share at the grant date, 7,301 of which vest over a five year period and 19,958 vest over a ten year period.

During the first quarter of 2004, our Chief Executive Officer elected to voluntarily relinquish his entire 2002 bonus, including 60,407 unvested shares of restricted stock.

In September 2004, the Board of Directors terminated the Deferred Bonus Plan. All stock previously issued under the Deferred Bonus Plan will continue to be subject to the terms of the Deferred Bonus Plan. However, future bonuses will not be subject to the terms of the Deferred Bonus Plan.

Additional Equity Compensation Plan Information

The following presents certain equity compensation plan information as of December 31, 2006. This table does not include shares issuable under the Deferred Bonus Plan as outlined in Note 16 to the Consolidated Financial Statements. In September 2004, the Board of Directors terminated the Bonus Plan. All stock previously granted under the Deferred Bonus Plan will continue to be subject to the terms of the Deferred Bonus Plan.

Employment Agreements With Named Executive Officers

Martin Tuchman

We have an employment agreement with Martin Tuchman which currently expires on December 31, 2013, except that on each January 1, the expiration date is automatically extended for an additional year unless we or Mr. Tuchman give written notice of an election not to extend beyond the end of the then current seven-year term. Notice of any election not to extend the expiration date must be delivered not less than six months prior to the next occurring January 1.

As compensation for the services to be rendered under his employment agreement, Mr. Tuchman will be paid an annual base salary of \$1,091,438 in 2007. The base salary under the employment agreement increases by a minimum of 5% each year. In addition, under the terms of his employment agreement, Mr. Tuchman is entitled to receive an annual bonus equal to 2% of the amount of any increase in our net income during the year from our net income during the preceding year. As described above, Mr. Tuchman is also eligible to receive bonuses under a bonus plan for the Chief Executive Officer adopted by our Compensation Committee in 2000. Mr. Tuchman may also be entitled to receive discretionary bonuses as determined by our Compensation Committee.

Mr. Tuchman's employment agreement (1) includes a non-competition provision; (2) provides that, in the event of Mr. Tuchman's death, Mr. Tuchman's base salary will continue to be paid to his beneficiary for two additional years and, in the event of termination of Mr. Tuchman without cause, Mr. Tuchman will continue to receive his base salary for the entire remaining term then in effect under the employment agreement; (3) provides for reimbursement to Mr. Tuchman, for both the employee and his spouse, of all health related costs and expenses that are not advanced or reimbursed to Mr. Tuchman pursuant to our medical and dental insurance plans, which additional reimbursement continues for a period of five years after expiration of the employment agreement and (4) entitles Mr. Tuchman to the use of a Company-provided automobile.

Arthur L. Burns

We have an employment agreement with Arthur L. Burns, Executive Vice President, General Counsel and Director of the Company. Mr. Burns's employment agreement with the Company became effective on July 1, 2004 and currently expires on October 16, 2009, except that on October 17, 2009 and on each three year anniversary of such date, the term shall be automatically extended for an additional three year period, unless the Company or Mr. Burns gives written notice of intention not to renew at least 180 days prior to the expiration of the then-current term. During 2007, Mr. Burns will be paid an annual base salary of \$416,000, will be eligible to participate in all Company fringe benefits programs, and will be entitled to receive a target bonus in the amount of \$125,000 upon the successful completion of

performance objectives as determined from time to time. Additional discretionary bonuses may be paid in such amounts as shall be determined at the sole discretion of the Compensation Committee. On each January 1, Mr. Burns's salary and target bonus shall be either maintained or adjusted upwards as determined in the sole discretion of the Compensation Committee. In addition, Mr. Burns is entitled to be reimbursed for up to \$100,000 in transition expenses and related taxes incurred after June 30, 2005 should he elect not to sell his residence in Massachusetts and relocate permanently to New York. In the event that the Company terminates the employment agreement during the term for any reason other than cause or disability or elects not to renew Mr. Burns's employment agreement or if Mr. Burns terminates the employment agreement for good reason (which, as defined in his employment agreement, would include a change of control of the Company), Mr. Burns will be entitled to receive severance (either in a lump sum or in monthly installments, as he may elect) in an amount equal to three years of his then-current base salary and target bonus, as well as continued paid participation for three years in all health, life and disability insurance programs offered by the Company to all employees. In the event of a change of control, the obligations of the Company under the employment agreement, including severance obligations, shall expire no earlier than 36 months following the change of control. If a change of control occurs, Mr. Burns's unvested options will vest immediately. Upon the termination of the employment agreement and payment of the severance payment, Mr. Burns has agreed not to compete with the Company, directly or indirectly, for a period of one year.

In 2004, the Company granted Mr. Burns stock appreciation rights to 150,000 shares of common stock at a price of \$14.05 per share, pursuant to which Mr. Burns would have been entitled to receive an amount equal to any appreciation in the Company's common stock market value. The stock appreciation rights vested as of January 15, 2005. In November 2005 the Company exercised its right to substitute common stock options under the same terms and conditions of the stock appreciation rights and agreed to pay Mr. Burns an amount equal to the difference between the common stock closing price on November 18, 2005 and the grant price of the stock appreciation rights. The common stock options are exercisable by Mr. Burns at any time prior to the expiration of the earlier of 10 days following the termination of Mr. Burns (except that the ten day period shall not apply in the event of a termination by the Company without cause, executive disability or termination by Mr. Burns for good reason) or June 30, 2014.

James F. Walsh

We have an employment agreement with James F. Walsh, Executive Vice President and Chief Financial Officer of the Company. Mr. Walsh's employment agreement with the Company became effective on July 1, 2004, was amended in July 2005, and currently expires on November 16, 2007, except that the term is automatically extended for additional one year periods unless either the Company or Mr. Walsh gives written notice of intention not to renew 180 days prior to the expiration of the then-current term. During 2007, Mr. Walsh will be paid an annual base salary of \$338,000, will be eligible to participate in all Company related fringe benefit programs, and will be entitled to receive a target bonus in the amount of \$165,000 upon the successful completion of performance objectives as determined from time to time. Additional discretionary bonuses may be paid in such amounts as shall be determined at the sole discretion of the Compensation Committee. On each subsequent January 1, Mr. Walsh's salary and target bonus shall either be maintained or adjusted upwards as determined in the sole discretion of the Compensation Committee. In addition, Mr. Walsh is reimbursed for all commuting expenses from his home in Richmond, Virginia and living expenses in the Princeton, New Jersey area, along with related taxes. In the event that the employment agreement is terminated during the term either by the Company for any reason other than cause or disability or by Mr. Walsh for good reason, Mr. Walsh will be entitled to severance (either in a lump sum or in monthly installments, as he may elect) in an amount equal to two years of his then-current salary and target bonus, as well as continued paid participation in all Company health, disability and life insurance programs for two years. In the event of a change of control, the obligations of the Company under the employment agreement, including severance obligations, shall expire no earlier than two years following the change of control. If the Company does not renew Mr. Walsh's employment agreement following a change in control, Mr. Walsh is entitled to a severance payment equal to his then current base salary and target bonus. Upon the termination of the employment agreement and payment of the severance payment, Mr. Walsh has agreed not to compete with the Company, directly or indirectly, for a period of one year.

In 2004, the Company granted Mr. Walsh stock appreciation rights to 25,000 shares of common stock at a price of \$14.05 per share, pursuant to which Mr. Walsh would have been entitled to receive an amount equal to any appreciation in the Company's common stock market value. In November 2005 the Company exercised its right to substitute common stock options under the same terms and conditions of the stock appreciation rights and agreed to pay Mr. Walsh an amount equal to the difference between the common stock closing price on November 18, 2005 and the grant price of the stock appreciation rights. The common stock options, are vested, and are exercisable by Mr. Walsh at any time prior to the expiration of the earlier of 10 days following the termination of Mr. Walsh (except that the ten day period shall not apply in the event of a termination by the Company without cause, executive disability or termination by Mr. Walsh for good reason) or June 30, 2014.

During 2007, Mr. Gross will be paid an annual base salary of \$338,000, will be eligible to participate in all Company related fringe benefit programs, and will be entitled to receive a target bonus in the amount of \$160,000 upon the successful completion of performance objectives as determined from time to time. Additional discretionary bonuses may be paid in such amounts as shall be determined at the sole discretion of the Compensation Committee. On each subsequent January 1, Mr. Gross's salary and target bonus shall either be maintained or adjusted upwards in the sole discretion of the Compensation Committee. In the event of a change of control, the obligations of the Company under the employment agreement, including severance obligations, shall expire no earlier than two years following the change of control. If the Company does not renew Mr. Gross's employment agreement following a change in control, Mr. Gross is entitled to a severance payment equal to his then current salary and target bonus. Stock Option Plans for Outside Directors

2004 Directors Plan

Our 2004 Nonqualified Stock Option Plan for Non-Employee, Non-Officer Directors (the 2004 Directors Plan) was adopted by our Board of Directors on November 3, 2004 and approved by our stockholders at our 2004 Annual Meeting. A total of 250,000 shares of common stock have been reserved for issuance under the 2004 Directors Plan. The exercise price per share is the fair market value of our common stock on the grant date. The options granted pursuant to the 2004 Directors Plan may be exercised at the rate of one-third of the shares on the first anniversary of the options grant date, one-third of the shares on the second anniversary of the options grant date and one-third of the shares on the third anniversary of the options grant date, subject to applicable, holding periods required under rules of the Securities and Exchange Commission. Options granted pursuant to the 2004 Directors Plan expire ten years from their grant date. In the event of disability or death of a director, the option must be exercised prior to the expiration of the term of the option and within six months of the option holder's disability or within twelve months of the option holder's death. In the event of resignation of a director, the option must be exercised within ten days of the date of resignation.

The 2004 Directors Plan provides for the automatic grant of nonqualified options to non-employee non-officer directors. Under the 2004 Directors Plan, each person who becomes a non-employee, non-officer director automatically receives a grant of options for 15,000 shares on the first business day after becoming a director. The 2004 Directors Plan also provides for additional automatic grants of options for 5,000 shares on an annual basis to each continuing director, other than an employee or officer, on the first business day following each future annual meeting, which commenced with the annual meeting held in 2005.

Under the 2004 Directors Plan, a holder may pay the exercise price in cash, by check, by delivery to us of shares of common stock already owned by the holder for at least six months, by a cashless method through a registered

broker-dealer or by such other method as the Board of Directors may permit from time to time.

The 2004 Directors Plan is administered by the Board of Directors. Options granted under the 2004 Directors Plan are not transferable except by will or the laws of descent and distribution. However, the Board of Directors may, in its discretion, authorize a transfer of any option, by the initial holder to (i) the family members of the initial holder, (ii) a trust or trusts for the exclusive benefit of such family members, (iii) a company or partnership in which such family members and/or the initial holder are the only shareholders or partners, or (iv) such other persons or entities which the Board of Directors may permit; provided, however, that subsequent transfers of such Option shall be prohibited except by will or the laws of descent and distribution. If an option holder terminates service as a director of Interpool or a subsidiary while holding an unexercised option, the option holder will have until the end of the tenth business day following his termination of service to exercise the option.

The 2004 Directors Plan may be terminated and may be modified or amended by the Board of Directors at any time; provided, however, that any amendment by the Board of Directors which would require stockholder approval (pursuant to the rules of any exchange on which the shares are traded) shall be subject to such stockholder approval. The Board of Directors may amend the 2004 Directors Plan and the terms of outstanding options, without the consent of the holders thereof, in connection with any tax law changes which are not consistent with the purpose and intended tax treatment of the 2004 Directors Plan and options previously in effect.

As of December 31, 2006, a total of 145,000 options, 63,335 of which are exercisable, were held by 7 persons under the 2004 Directors Plan.

Previously, we maintained the 1993 Non-Qualified Stock Option Plan for Non-Employee, Non-Consultant Directors, which is discussed below.

1993 Directors Plan

Our Non-Qualified Stock Option Plan for Non-Employee, Non-Consultant Directors expired in March 2003. The 1993 Directors Plan provided for the automatic grant of 15,000 non-qualified options to non-employee, non-consultant directors at the time the director first joined the Board. The 1993 Directors Plan authorized grants of options up to an aggregate of 150,000 shares of common stock. The exercise price per share was the fair market value of our common stock on the grant date. The options granted pursuant to the 1993 Directors Plan may be exercised at the rate of one-third of the shares on the first anniversary of the options grant date, one-third of the shares on the second anniversary of the options grant date and one-third of the shares on the third anniversary of the options grant date, subject to applicable holding periods required under rules of the Securities and Exchange Commission. Options granted pursuant to the 1993 Directors Plan expire ten years from their grant date except that in the event of the death of a director, the option must be exercised within six months of the date of death or, in the event of resignation of a director, the option must be exercised within ten days of the date of resignation.

Under the 1993 Directors Plan, a holder may pay the exercise price in cash, by check, by delivery to us of shares of common stock already owned by the holder, or, subject to approval by the Compensation Committee, in shares issuable in connection with the option, or by such other method as the Compensation Committee may permit from time to time.

Effective January 1, 2004, the Stock Option Plan formerly administered by the Stock Option Committee, began to be administered by the Compensation Committee.

Pursuant to the 1993 Directors Plan, an option to purchase 15,000 shares of common stock was granted to each of Peter D. Halstead in June 1994, Joseph J. Whalen in April 1996 and Clifton H.W. Maloney in February 2000. On September 16, 1998, pursuant to an option repricing program, 15,000 options held by each of Messrs. Halstead and Whalen were cancelled and replaced with newly issued options with an exercise price equal to the closing market

price on September 16, 1998, the grant date, which vested six months from the grant date and expire ten years from the grant date. All other terms and conditions of the newly issued options are the same as those of the cancelled options.

As of December 31, 2006, a total of 45,000 options were issued and outstanding under the 1993 Directors Plan. These options were held by three directors and all are exercisable.

Rule 10b5-1 Trading Plans

In March 2005, Mr. Tuchman, our Chief Executive Officer, adopted a personal trading plan as part of a long-term strategy for asset diversification and liquidity, in accordance with the Securities and Exchange Commission's Rule 10b5-1. Under the plan, up to 153,000 shares of common stock owned by Mr. Tuchman were eligible for sale systematically at market prices on sale dates beginning April 18, 2005 in daily amounts predetermined by the plan. Under the plan, which terminated on April 20, 2006, Mr. Tuchman sold an aggregate of 72,200 shares.

Rule 10b5-1 allows officers and directors, at a time when they are not in possession of material non-public information, to adopt written plans to sell shares on a regular basis under pre-arranged terms, regardless of any subsequent non-public information they may receive. Sales of shares by Mr. Tuchman pursuant to the terms of the plan have been disclosed publicly through Form 144 and Form 4 filings with the Securities and Exchange Commission.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Chassis Holding I, LLC

The Ivy Group, which is a New Jersey general partnership composed directly or indirectly of Mr. Tuchman, Radcliff Group, Inc., Raoul J. Witteveen, Thomas P. Birnie, President of Trac Lease and Graham K. Owen, Senior Vice President of Trac Lease has previously leased chassis to Trac Lease. As of December 31, 2000, pursuant to various equipment lease agreements, Trac Lease leased 6,047 chassis from The Ivy Group and its principals for an aggregate annual lease payment of approximately \$2.9 million. On January 1, 2001, the various leases for the 6,047 units were combined into a single lease pursuant to which The Ivy Group and its principals were paid an aggregate lease payment of approximately \$2.6 million through June 30, 2001.

Effective as of July 1, 2001, we restructured our relationship with The Ivy Group and its principals to provide us with managerial control over these 6,047 chassis. As a result of the restructuring, the partners of The Ivy Group contributed these 6,047 chassis and certain other assets and liabilities to our newly formed subsidiary, Chassis Holdings I, LLC, in exchange for \$26.0 million face value of preferred membership units and 10% of the common membership units, and Trac Lease contributed 902 chassis and two thousand dollars in cash to Chassis Holdings in exchange for \$3.0 million face value of preferred membership units and 90% of the common membership units. The preferred membership units are entitled to receive a preferred return prior to the receipt of any distributions by the holders of the common membership units. The value of the contributed chassis was determined by taking the arithmetic average of the results of independent appraisals performed by three nationally recognized appraisal firms that were engaged by us in connection with our establishment of a chassis securitization facility in July 2000. As the managing member of Chassis Holdings, Trac Lease exercises sole managerial control over the entity's operations. Chassis Holdings leases all of its chassis to Trac Lease at a rental rate equal to the then current Trac Lease fleet average per diem. Chassis Holdings and the holders of the preferred membership units are party to a Put/Call Agreement, which provides that the holders of preferred units may put such units to Chassis Holdings under certain circumstances and Chassis Holdings has the right to redeem such units under certain circumstances. Chassis Holdings will be required to make certain option payments to the holders of the preferred membership units in order to preserve its right to redeem such units. Dividends paid on the common units and distributions on the preferred units totaled \$3.1 million, \$3.1 million, and \$3.1 million for 2006, 2005 and 2004, respectively, are included in minority interest expense in the accompanying consolidated statement of income.

During 1992 through 1996, The Ivy Group borrowed \$13.4 million from us. The loan bore interest at LIBOR plus 1.75% repayable on an interest only basis, subject to maintenance of fixed loan to collateral value ratios, and will

mature in 2013. In connection with this loan, The Ivy Group executed a Chattel Mortgage Security Agreement and Assignment under which we were granted a security interest in 4,364 chassis owned by The Ivy Group and we were granted an assignment of all rights to receive rental payments and proceeds related to the lease of these chassis. This Ivy Group collateral was contributed, subject to this debt to us of \$13.4 million, to Chassis Holdings as part of our July 1, 2001 restructuring with The Ivy Group.

At the time of the restructuring in 2001, the members of the Board of Directors unanimously determined that the terms of all arrangements between The Ivy Group and Trac Lease, including the formation of Chassis Holdings, were beneficial and fair to Interpool.

Eurochassis L.P. Transactions

Eurochassis L.P., a New Jersey limited partnership in which Raoul J. Witteveen, our former President and a major stockholder, is one of the limited partners and the general partner, leases 100 chassis to Trac Lease, a subsidiary of Interpool. Annual lease expense amounted to \$78,000, \$78,000 and \$86,000 for the years ended December 31, 2006, 2005 and 2004, respectively. The annual lease term renews automatically unless cancelled or renewed upon renegotiated lease rate terms by either party prior to the first day of the renewal period. The members of the Board of Directors have unanimously determined that the terms of all arrangements between Eurochassis L.P. and Trac Lease are beneficial and fair to the Company.

Radcliff Consultation Services Agreement

We entered into a Consultation Services Agreement with Radcliff Group, Inc. dated as of January 1, 1992 pursuant to which Radcliff Group appointed Warren L. Serenbetz, a stockholder and director of the Company through December 15, 2004, as Executive Consultant. The Consultation Services Agreement was terminated as of January 1, 1995. In accordance with the terms of the Consultation Services Agreement, following such termination Radcliff Group remained entitled to receive its full annual consultation services fee in the amount of \$492,000 through December 31, 2002 and reimbursement to both the designated Executive Consultant and his spouse of all health related costs and expenses that were not advanced or reimbursed to the Executive Consultant pursuant to our medical and dental insurance plans through December 2007.
