### 1. ACCOUNTING POLICIES

In the opinion of Titan International, Inc. (“Titan” or the “Company”), the accompanying unaudited consolidated condensed financial statements contain all adjustments, which are normal and recurring in nature and necessary to present fairly the Company’s financial position as of June 30, 2008, the results of operations for the three and six months ended June 30, 2008 and 2007, and cash flows for the six months ended June 30, 2008 and 2007.

Accounting policies have continued without significant change and are described in the Summary of Significant Accounting Policies contained in the Company’s 2007 Annual Report on Form 10-K. These interim financial statements have been prepared pursuant to the Securities and Exchange Commission’s rules for Form 10-Q’s and, therefore, certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s 2007 Annual Report on Form 10-K. Certain amounts from prior periods have been reclassified to conform to the current period financial presentation.

### 2. ACCOUNTS RECEIVABLE

Accounts receivable consisted of the following (in thousands):

|                                 | June 30,<br>2008 | December<br>31,<br>2007 |
|---------------------------------|------------------|-------------------------|
| Accounts receivable             | \$ 145,281       | \$ 103,652              |
| Allowance for doubtful accounts | (5,843)          | (5,258)                 |
| Accounts receivable, net        | \$ 139,438       | \$ 98,394               |

The Company had net accounts receivable balance of \$139.4 million at June 30, 2008, and \$98.4 million at December 31, 2007. These amounts are net of allowance for doubtful accounts of \$5.8 million at June 30, 2008, and \$5.3 million at December 31, 2007.

## Senior unsecured notes

The Company's \$200 million 8% senior unsecured notes are due 2012.

## Revolving credit facility

The Company's \$250 million revolving credit facility (Credit Facility) with agent LaSalle Bank National Association (a Bank of America company) has an October 2009 termination date and is collateralized by a first priority security interest in certain assets of Titan and its domestic subsidiaries. At June 30, 2008, any borrowings under the Credit Facility would have borne interest at a floating rate of prime rate plus 0% to 1% or LIBOR plus 1% to 2%.

There were no cash borrowings under this Credit Facility at June 30, 2008. Outstanding letters of credit on the facility were \$6.1 million at June 30, 2008, leaving \$243.9 million of unused availability on the revolving credit facility. The facility contains certain financial covenants, restrictions and other customary affirmative and negative covenants. The Company is in compliance with these covenants and restrictions as of June 30, 2008.

## 8. WARRANTY

Changes in the warranty liability consisted of the following (in thousands):

|                                    | 2008     | 2007     |

## 12. NONCASH CONVERTIBLE DEBT CONVERSION CHARGE

In January 2007, the Company filed a registration statement relating to an offer to the holders of its 5.25% senior unsecured convertible notes due 2009 to convert their notes into Titan's common stock at an increased conversion rate (the "Offer"). Per the Offer, each \$1,000 principal amount of notes was convertible into 81.0000 shares of common stock, which is equivalent to a conversion price of approximately \$12.35 per share.

Prior to the Offer, each \$1,000 principal amount of notes was convertible into 74.0741 shares of common stock, which was equivalent to a conversion price of approximately \$13.50 per share. The registration statement relating to the shares of common stock to be offered was declared effective February 2007. In March 2007, the Company announced 100% acceptance of the conversion offer and the \$81.2 million of accepted notes were converted into 6,577,200 shares of Titan common stock.

The Company recognized a noncash charge of \$13.4 million in connection with this exchange in accordance with Statement of Financial Accounting Standards (SFAS) No. 84, "Induced Conversions of Convertible Debt." This charge does not reflect \$1.0 million of interest previously accrued on the notes. The shares issued for the conversion were issued out of treasury shares. The exchange resulted in a decrease in treasury stock of \$59.0 million and an increase to additional paid-in capital of approximately \$35.2 million. Stockholders' equity increased by \$80.9 million in total as a result of this exchange.

| Income tax expense | \$ 8,872                       | \$ 5,515 | \$ 14,294                    | \$ 3,031 |

The Company recorded income tax expense of \$8.9 million and \$14.3 million for the three and six months ended June 30, 2008, respectively, as compared to \$5.5 million and \$3.0 million for the three and six months ended June 30, 2007. The Company's effective income tax rate was 40% and 55% for the six months ended June 30, 2008 and 2007, respectively. The Company's income tax expense and rate for the six months ended June 30, 2007, differs from the amount of income tax determined by applying the U.S. Federal income tax rate to pre-tax income primarily as a result of the \$13.4 million noncash charge taken in connection with the 100% conversion of the Company's convertible

debt. This noncash charge is not deductible for income tax purposes.

The effect of convertible notes has been excluded for the six months ended June 30, 2007, as the effect would have been antidilutive. The weighted average share amount excluded was 2,625,000 shares.

## 17. COMPREHENSIVE INCOME

The Company's quarterly comprehensive income consisted of the following: (i) for the quarter ended June 30, 2008, net income of \$13.3 million, amortization of pension adjustments of \$0.3 million and unrealized gain on the Titan Europe Plc investment of \$5.2 million for a total comprehensive income of \$18.8 million; (ii) for the quarter ended June 30, 2007, net income of \$5.0 million, amortization of pension adjustments of \$0.5 million and unrealized loss on the Titan Europe Plc investment of \$(0.9) million for a total comprehensive income of \$4.6 million.

The Company's year-to-date comprehensive income consisted of the following: (i) for the six months ended June 30, 2008, net income of \$21.4 million, amortization of pension adjustments of \$0.5 million and unrealized gain on the Titan Europe Plc investment of \$4.1 million for a total comprehensive income of \$26.0 million; (ii) for the six months ended June 30, 2007, net income of \$2.5 million, amortization of pension adjustments of \$0.5 million and unrealized loss on the Titan Europe Plc investment of \$(2.1) million for a total comprehensive income of \$0.9 million.

## 18. LITIGATION

The Company is a party to routine legal proceedings arising out of the normal course of business. Although it is not possible to predict with certainty the outcome of these unresolved legal actions or the range of possible loss, the Company believes at this time that none of these actions, individually or in the aggregate, will have a material adverse affect on the consolidated financial condition, results of operations or cash flows of the Company. However, due to the difficult nature of predicting unresolved and future legal claims, the Company cannot anticipate or predict the material adverse effect on its consolidated financial condition, results of operations or cash flows as a result of efforts to comply with or its liabilities pertaining to legal judgments.

### 19. FAIR VALUE MEASUREMENTS

In September 2006, Statement of Financial Accounting Standards (SFAS) No. 157, “Fair Value Measurements,” was issued. This statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements. FASB Staff Position (FSP) 157-2 amended SFAS No. 157 to delay the effective date of SFAS No. 157 for all nonfinancial assets and nonfinancial liabilities to fiscal years beginning after November 15, 2008.

The adoption of SFAS No. 157 for financial assets and financial liabilities, effective January 1, 2008, did not have a material impact on Titan’s consolidated financial position, results of operations or cash flows. The Company is evaluating the effect the adoption of SFAS No. 157 for nonfinancial assets and nonfinancial liabilities will have on its consolidated financial position, results of operations and cash flows.

SFAS No. 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1 – defined as quoted prices in active markets for identical instruments; Level 2 – defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3 – defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities measured at fair value on a recurring basis consisted of the following (in thousands):

|   | Fair Value Measurements as of June 30, 2008 |                  |             |             |

### 20. RECENTLY ISSUED ACCOUNTING STANDARDS

Statement of Financial Accounting Standards Number 141 (revised 2007)

In December 2007, SFAS No. 141 (revised 2007), “Business Combinations,” was issued. This statement requires an acquirer to recognize assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at their fair values on the acquisition date, with goodwill being the excess value over the net identifiable assets acquired. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

Statement of Financial Accounting Standards Number 160

In December 2007, SFAS No. 160, “Noncontrolling Interests in Consolidated Financial Statements,” was issued. This statement establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. This statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

Statement of Financial Accounting Standards Number 161

In March 2008, SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities," was issued. This statement requires enhanced disclosures about an entity's derivative and hedging activities. This statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

## 21. PRELIMINARY PROXY STATEMENT

In April 2008, Titan filed a preliminary proxy statement regarding a special meeting of Titan stockholders. The special meeting would be to approve the issuance of up to 9,000,000 shares of the Company's common stock in connection with a proposed offer to purchase up to all the outstanding ordinary shares of Titan Europe Plc (Titan Europe).

Before the offer may be made, the Company's stockholders would need to approve the issuance of up to 9,000,000 shares of the Company's common stock to acquire Titan Europe. The making of the proposed offer would also be subject to various approvals and pre-conditions. There can be no assurance that all conditions would be met and that the proposed offer would be made, or that it would be successful if made. The proxy statement is preliminary and is subject to approval by the Securities and Exchange Commission before a definitive proxy statement would be issued and the special Titan stockholder meeting arrangements would be made.

In order to hold a special meeting of Titan International, Inc. stockholders to approve the issue of up to 9,000,000 shares of Titan International, Inc.'s common stock, the Company needs a final proxy containing interim data for both Titan International, Inc. and Titan Europe Plc through June 30, 2008. The Titan Europe Plc information must be reconciled with U.S. Generally Accepted Accounting Principles (GAAP). If the information is obtained by the end of July 2008, Titan anticipates it will be able to file a final proxy with the SEC by the end of August. The stockholders meeting will be held 30 days after the filing of the final proxy to vote on the issuance of up to 9,000,000 shares of Titan International, Inc. common stock.

## 22. STOCK SPLIT

In June 2008, Titan's Board of Directors approved a five-for-four stock split with a record date of July 31, 2008, and a payable date of August 15, 2008. The Company will give five shares for every four shares held as of the record date. Stockholders will receive one additional share for every four shares owned as of the record date and will receive cash in lieu of fractional shares.

The following unaudited pro forma earnings per share information gives effect to the five-for-four stock split as if the split had taken place on January 1, 2007. Pro forma earnings per share (EPS) are as follows (amounts in thousands, except per share data):

## 23. SUBSIDIARY GUARANTOR FINANCIAL INFORMATION

The Company's \$200 million 8% senior unsecured notes are guaranteed by each of Titan's current and future wholly owned domestic subsidiaries other than its immaterial subsidiaries (subsidiaries with total assets less than \$250,000 and total revenues less than \$250,000). The note guarantees are full and unconditional, joint and several obligations of the guarantors. Non-guarantors consist primarily of foreign subsidiaries of the Company, which are organized outside the United States of America. The following condensed consolidating financial statements are presented using the equity method of accounting.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis of financial condition and results of operations (MD&A) is designed to provide a reader of these financial statements with a narrative from the perspective of the management of Titan International, Inc. (Titan or the Company) on Titan's financial condition, results of operations, liquidity and other factors which may affect the Company's future results. The MD&A in this quarterly report should be read in conjunction with the MD&A in Titan's 2007 annual report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2008.

FORWARD-LOOKING STATEMENTS

This Form 10-Q contains forward-looking statements, including statements regarding, among other items:

- Anticipated trends in the Company's business
  - Future expenditures for capital projects
- The Company's ability to continue to control costs and maintain quality
  - Ability to meet financial covenants and conditions of loan agreements
- The Company's business strategies, including its intention to introduce new products
- Expectations concerning the performance and success of the Company's existing and new products
  - The Company's intention to consider and pursue acquisitions and divestitures

Readers of this Form 10-Q should understand that these forward-looking statements are based on the Company's expectations and are subject to a number of risks and uncertainties, certain of which are beyond the Company's control.

Actual results could differ materially from these forward-looking statements as a result of certain factors, including:

- Changes in the Company's end-user markets as a result of world economic or regulatory influences
- Changes in the marketplace, including new products and pricing changes by the Company's competitors
  - Availability and price of raw materials
    - Levels of operating efficiencies
  - Actions of domestic and foreign governments
    - Results of investments
  - Fluctuations in currency translations
- Ability to secure financing at reasonable terms

Any changes in such factors could lead to significantly different results. The Company cannot provide any assurance that the assumptions referred to in the forward-looking statements or otherwise are accurate or will prove to transpire. Any assumptions that are inaccurate or do not prove to be correct could have a material adverse effect on the Company's ability to achieve the results as indicated in forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks and uncertainties, there can be no assurance that the forward-looking information contained in this document will in fact transpire.

## OVERVIEW

Titan International, Inc. and its subsidiaries are leading manufacturers of wheels, tires and assemblies for off-highway vehicles used in the agricultural, earthmoving/construction and consumer markets. Titan manufactures both wheels and tires for the majority of these market applications, allowing the Company to provide the value-added service of delivering complete wheel and tire assemblies. The Company offers a broad range of products that are manufactured in relatively short production runs to meet the specifications of original equipment manufacturers (OEMs) and/or the requirements of aftermarket customers.

**Agricultural Market:** Titan's agricultural rims, wheels and tires are manufactured for use on various agricultural and forestry equipment, including tractors, combines, skidders, plows, planters and irrigation equipment, and are sold directly to OEMs and to the aftermarket through independent distributors, equipment dealers and Titan's own distribution centers.

**Earthmoving/Construction Market:** The Company manufactures rims, wheels and tires for various types of off-the-road (OTR) earthmoving, mining, military and construction equipment, including skid steers, aerial lifts, cranes, graders and levelers, scrapers, self-propelled shovel loaders, articulated dump trucks, load transporters, haul trucks and backhoe loaders. The earthmoving/construction market is often referred to as OTR, an acronym for off-the-road.

**Consumer Market:** Titan builds a variety of products for all-terrain vehicles (ATV), turf, golf and trailer applications. Titan's sales in the consumer market include sales to Goodyear, which are under an off-take/mixing agreement. This agreement includes mixed stock, which is a prepared rubber compound used in tire production. The Company provides wheels/tires and assembles brakes, actuators and components for the domestic boat, recreational and utility trailer markets.

The Company's major OEM customers include large manufacturers of off-highway equipment such as AGCO Corporation, Caterpillar Inc., CNH Global N.V., Deere & Company and Kubota Corporation, in addition to many other off-highway equipment manufacturers. The Company distributes products to OEMs, independent and OEM-affiliated dealers, and through a network of distribution facilities.

Year-to-date: The Company recorded sales of \$522.6 million for the six months ended June 30, 2008, as compared to \$436.6 million in 2007. The sales increase was attributed to exceptionally strong demand in the Company's agricultural market, which increased 38% for the six months ended June 30, 2008, as compared to 2007.

Income from operations was \$40.5 million for the six months ended June 30, 2008, as compared to \$27.5 million in 2007. Titan's net income was \$21.4 million for the six months ended June 30, 2008, as compared to \$2.5 million in 2007. Basic earnings per share were \$.78 for the six months ended June 30, 2008, compared to \$.10 in 2007.

#### STOCK SPLIT

In June 2008, Titan's Board of Directors approved a five-for-four stock split with a record date of July 31, 2008, and a payable date of August 15, 2008. The Company will give five shares for every four shares held as of the record date. Stockholders will receive one additional share for every four shares owned as of the record date and will receive cash in lieu of fractional shares.

#### GIANT OTR PROJECT

In May 2007, Titan's Board of Directors approved funding for the Company to increase giant OTR mining tire production capacity to include 57-inch and 63-inch giant radial tires (the "Giant OTR Project"). This funding should allow Titan to produce up to an estimated 6,000 giant radial tires a year. Titan estimates this may increase sales as much as \$240 million on an annual basis. The Company began start-up production of these giant mining tires in July 2008.

#### SENIOR UNSECURED CONVERTIBLE NOTES CONVERSION

In January 2007, the Company filed a registration statement relating to an offer to the holders of its 5.25% senior unsecured convertible notes due 2009 to convert their notes into Titan's common stock at an increased conversion rate (the "Offer"). Per the Offer, each \$1,000 principal amount of notes was convertible into 81.0000 shares of common stock, which is equivalent to a conversion price of approximately \$12.35 per share. Prior to the Offer, each \$1,000 principal amount of notes was convertible into 74.0741 shares of common stock, which was equivalent to a conversion price of approximately \$13.50 per share.

The registration statement relating to the shares of common stock to be offered was declared effective February 2007. In March 2007, the Company announced 100% acceptance of the conversion offer and the \$81,200,000 of accepted notes were converted into 6,577,200 shares of Titan common stock. Titan recognized a noncash charge of \$13.4 million in connection with this exchange in accordance with SFAS No. 84, "Induced Conversions of Convertible Debt."

#### CRITICAL ACCOUNTING ESTIMATES

Preparation of the financial statements and related disclosures in compliance with accounting principles generally accepted in the United States of America requires the application of appropriate technical accounting rules and

guidance, as well as the use of estimates. The Company's application of these policies involves assumptions that require difficult subjective judgments regarding many factors, which, in and of themselves, could materially impact the financial statements and disclosures. A future change in the estimates, assumptions or judgments applied in determining the following matters, among others, could have a material impact on future financial statements and disclosures.

TITAN INTERNATIONAL, INC.  
Management's Discussion and Analysis of  
Financial Condition and Results of Operations

#### Inventories

Inventories are valued at lower of cost or market. Cost is determined using the first-in, first-out (FIFO) method for approximately 66% of inventories and the last-in, first-out (LIFO) method for approximately 34% of inventories. The major rubber material inventory and related work-in-process and their finished goods are accounted for under the FIFO method. The major steel material inventory and related work-in-process and their finished goods are accounted for under the LIFO method. Market value is estimated based on current selling prices. Estimated provisions are established for slow-moving and obsolete inventory, as well as inventory carried above market price based on historical experience. Should experience change, adjustments to estimated provisions would be necessary.

#### Impairment of Goodwill

The Company reviews goodwill to assess recoverability from future operations during the fourth quarter of each annual reporting period, and whenever events and circumstances indicate that the carrying values may not be recoverable. The Company had goodwill of \$11.7 million at June 30, 2008. Significant assumptions relating to future operations must be made when estimating future cash flows in analyzing goodwill for impairment. Should unforeseen events occur or operating trends change significantly, impairment losses could occur.

#### Valuation of Investment Accounted for as Available-for-Sale Security

The Company has an investment in Titan Europe Plc of \$40.8 million as of June 30, 2008, representing a 17.3% ownership position. Titan Europe Plc is publicly traded on the AIM market in London, England. This investment is recorded as "Investment in Titan Europe Plc" on the consolidated balance sheet. In accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," the Company records the Titan Europe Plc investment as an available-for-sale security and reports this investment at fair value, with unrealized gains and losses excluded from earnings and reported in a separate component of stockholders' equity. Should the fair value decline below the cost basis, the Company would be required to determine if this decline is other than temporary. If the decline in fair value were judged to be other than temporary, an impairment charge would be recorded. Should unforeseen events occur or investment trends change significantly, impairment losses could occur. Declared dividends on this investment are recorded in income as a component of other income.

#### Income taxes

Deferred income tax provisions are determined using the liability method whereby deferred tax assets and liabilities are recognized based upon temporary differences between the financial statement and income tax basis of assets and liabilities. The Company assesses the realizability of its deferred tax asset positions in accordance with SFAS No. 109, "Accounting for Income Taxes."

#### Asset and Business Acquisitions

The allocation of purchase price for asset and business acquisitions requires management estimates and judgment as to expectations for future cash flows of the acquired assets and business and the allocation of those cash flows to identifiable intangible assets in determining the estimated fair value for purchase price allocations. If the actual results differ from the estimates and judgments used in determining the purchase price allocations, impairment losses could occur relating to any intangibles recorded in the acquisition. To aid in establishing the value of any intangible assets at the time of acquisition, the Company typically engages a professional appraisal firm.

#### Retirement Benefit Obligations

Pension benefit obligations are based on various assumptions used by third-party actuaries in calculating these amounts. These assumptions include discount rates, expected return on plan assets, mortality rates and other factors. Revisions in assumptions and actual results that differ from the assumptions affect future expenses, cash

funding requirements and obligations. The Company has three frozen defined benefit pension plans and one defined benefit plan that purchased a final annuity settlement in 2002. During the first half of 2008, the Company contributed cash funds of \$0.1 million to its frozen pension plans. Titan expects to contribute approximately \$0.1 million to these frozen defined pension plans during the remainder of 2008. For more information concerning these costs and obligations, see the discussion of the "Pensions" and Note 20 to the Company's financial statements on Form 10-K for the fiscal year ended December 31, 2007.

## Net Sales

Quarter: Net sales for the quarter ended June 30, 2008, were \$269.1 million, compared to \$210.3 million in 2007. The record quarterly sales were attributed to strong demand in the Company's agricultural market, which reported higher sales of approximately 50% for the second quarter of 2008 as compared to the previous year's second quarter. Titan believes it has benefited in the second quarter of 2008 from a preliminary ruling from the U.S. Department of Commerce, affirming that exporters of Chinese-manufactured tires have been selling certain off-the-road tires in the U.S.A. at less than normal value and received subsidies, resulting in duties being imposed on certain imported tires.

Year-to-date: Net sales for the six months ended June 30, 2008, were \$522.6 million, compared to 2007 net sales of \$436.6 million. The record first half sales were attributed to strong demand in the Company's agricultural market, which reported higher sales of approximately 38% for the first half of 2008 as compared to the first half of 2007. Titan believes it has benefited in the first half of 2008 from a preliminary ruling from the U.S. Department of Commerce, affirming that exporters of Chinese-manufactured tires have been selling certain off-the-road tires in the U.S.A. at less than normal value and received subsidies, resulting in duties being imposed on certain imported tires.

## Cost of Sales and Gross Profit

Quarter: Cost of sales were \$227.2 million and \$183.0 million for the three months ended June 30, 2008 and 2007, respectively. The higher cost of sales resulted from increased sales. Costs associated with hiring and training workers to be utilized in giant OTR production were estimated to be approximately \$1 million for the quarter.

Gross profit for the second quarter of 2008 was \$41.9 million, or 15.6%, of net sales, compared to \$27.3 million, or 13.0%, of net sales for the second quarter of 2007. The gross profit margin for the quarter showed an improvement of approximately 2½% as compared to the second quarter of 2007, as the Company improved efficiencies and was successful in aligning sales prices with production cost.

Year-to-date: Cost of sales were \$448.3 million for the six months ended June 30, 2008, compared to \$382.1 million in 2007. The higher cost of sales resulted from increased sales. Costs associated with hiring and training workers to be utilized in giant OTR production were estimated to be approximately \$2 million for the six months ended June 30, 2008.

Gross profit for the six months ended June 30, 2008, was \$74.3 million or 14.2% of net sales, compared to \$54.5 million or 12.5% of net sales in 2007. The gross profit margin for the first half of 2008 showed an improvement of approximately 1½% as compared to the first half of 2007, as the Company improved efficiencies and was successful in aligning sale prices with production cost.

TITAN INTERNATIONAL, INC.  
Management's Discussion and Analysis of  
Financial Condition and Results of Operations

Quarter: Consumer market net sales were \$7.0 million for the three months ended June 30, 2008, as compared to \$13.9 million in 2007. The Goodyear farm tire acquisition agreement included an off-take/mixing agreement for certain product sales to Goodyear. The reduction in consumer market sales is related to lower sales to The Goodyear Tire & Rubber Company of approximately \$5 million quarter over quarter.

Gross profit from the consumer market was \$1.4 million for the three months ended June 30, 2008, as compared to \$1.2 million in 2007. Consumer market income from operations was \$1.2 million for the three months ended June 30, 2008, as compared to \$1.0 million for 2007. Despite the lower sales level, consumer market gross profit and income from operations remained stable with the previous year due to a shift to higher margin consumer products.

Year-to-date: Consumer market net sales were \$13.2 million for the six months ended June 30, 2008, as compared to \$29.8 million in 2007. The reduction in consumer market sales is related to lower sales to The Goodyear Tire & Rubber Company of approximately \$14 million for the six months ended June 30, 2008, as compared to 2007.

Gross profit from the consumer market was \$2.4 million for the six months ended June 30, 2008, as compared to \$2.3 million in 2007. Consumer market income from operations was \$2.1 million for the six months ended June 30, 2008, as compared to \$1.8 million for 2007. Despite the lower sales level, consumer market gross profit and income from operations remained stable with the previous year due to a shift to higher margin consumer products.

Income from operations on a segment basis does not include corporate expenses or depreciation and amortization expense related to property, plant and equipment carried at the corporate level totaling \$23.2 million for the six months ended June 30, 2008, as compared to \$19.1 million for 2007.

Corporate expenses for the six months ended June 30, 2008, were composed of selling and marketing expenses of approximately \$10 million and administrative expenses of approximately \$13 million.

Corporate expenses for the six months ended June 30, 2007, were composed of selling and marketing expenses of approximately \$7 million and administrative expenses of approximately \$12 million.

The higher selling and marketing expenses of approximately \$3 million for the six months ended June 30, 2008, as compared to last year resulted from the record sales levels. Administrative expenses increased as a result of higher professional fees for the first half 2008, as compared to the first half of 2007.

MARKET RISK SENSITIVE INSTRUMENTS

The Company's risks related to foreign currencies, commodity prices and interest rates are consistent with those for 2007. For more information, see the "Market Risk Sensitive Instruments" discussion in the Company's Form 10-K for the fiscal year ended December 31, 2007.

## LIQUIDITY AND CAPITAL RESOURCES

### Cash Flows

As of June 30, 2008, the Company had \$69.4 million of cash balances. This cash balance increased by \$11.1 million from December 31, 2007, due to the following cash flow items.

### Operating cash flows

Summary of cash flows from operating activities (amounts in thousands):

| Cash provided by operating activities | \$ 43,024                    | \$ 43,377 | \$ (353)  |

In the first six months of 2008, operating activities provided cash of \$43.0 million. This cash was primarily provided by net income of \$21.4 million and a higher accounts payable balance of \$27.0 million due to elevated expenses. Included in net income were noncash charges of \$14.4 million of depreciation and amortization and a \$7.4 million deferred income tax provision. Positive cash flows were offset by an increase in the accounts receivable balance of \$41.0 million due to record sales levels.

For the first six months of 2007, positive cash flows from operating activities of \$43.4 million resulted primarily from net income of \$2.5 million, increases of \$17.7 million in accounts payable and \$14.7 million in other current liabilities along with a decrease of \$19.2 million in inventories. Included as a reduction to net income were noncash charges of \$13.4 million for a debt conversion charge and \$14.7 million of depreciation and amortization. Positive cash flows were offset by an increase in accounts receivable balance of \$43.7 million.

Operating cash flows decreased \$0.4 million when comparing the six months ended June 30, 2008, to the six months ended June 30, 2007. The net income in the first six months of 2008 was a \$19.0 million increase from the first six months of 2007. However, the income for the first six months of 2007 included a \$13.4 million noncash charge, which offset the increase in income.

### Investing cash flows

Net cash used for investing activities was \$38.8 million in the first six months of 2008, as compared to \$11.4 million in the first six months of 2007. The Company invested a total of \$38.9 million in capital expenditures in the first six months of 2008, compared to \$11.6 million in 2007. Of the \$38.9 million of capital expenditures in the first six months of 2008, approximately \$30 million relates to the Company's Giant OTR Project. The remaining expenditures represent various equipment purchases and improvements to enhance production capabilities.

The Company estimates that costs related to the Giant OTR Project at this time are approximately \$73 million, of which approximately \$52 million was disbursed from inception of the Giant OTR Project through June 30, 2008. The large increase in cash used for investing activities in the first six months of 2008, as compared to the first six months of 2007, was a result of the capital expenditures on the Giant OTR Project. In addition to the Giant OTR Project, the Company estimates that its capital expenditures for other projects for the remainder of 2008 could be approximately \$9 million.

TITAN INTERNATIONAL, INC.  
Management's Discussion and Analysis of  
Financial Condition and Results of Operations

Financing cash flows

In the first six months of 2008, \$6.9 million of cash was provided by financing activities. This cash was primarily provided by \$3.2 million in proceeds from the exercise of stock options and \$3.9 million of excess tax benefit from stock options exercised.

In the first six months of 2007, cash of \$3.8 million was used for financing activities. This cash use was primarily the result of net debt payment of \$10.2 million offset by \$6.0 million in proceeds from stock option exercises.

Financing cash flows increased \$10.7 million when comparing the first six months of 2008 to the first six months of 2007. This increase resulted primarily from a decrease in the cash used for debt payment.

Debt Covenants

The Company's revolving credit facility contains various covenants and restrictions. The financial covenants in this agreement require that:

- Collateral coverage be equal to or greater than 1.2 times the outstanding revolver balance.
- If the 30-day average of the outstanding revolver balance exceeds \$225 million, the fixed charge coverage ratio be equal to or greater than a 1.0 to 1.0 ratio.

Restrictions include:

- Limits on payments of dividends and repurchases of the Company's stock.
- Restrictions on the ability of the Company to make additional borrowings, or to consolidate, merge or otherwise fundamentally change the ownership of the Company.
- Limitations on investments, dispositions of assets and guarantees of indebtedness.
- Other customary affirmative and negative covenants.

These covenants and restrictions could limit the Company's ability to respond to market conditions, to provide for unanticipated capital investments, to raise additional debt or equity capital, to pay dividends or to take advantage of business opportunities, including future acquisitions. The failure by Titan to meet these covenants could result in the Company ultimately being in default on these loan agreements.

The Company is in compliance with these covenants and restrictions as of June 30, 2008. The collateral coverage was calculated to be approximately 77 times the outstanding revolver balance at June 30, 2008.

The fixed charge coverage ratio did not apply for the quarter ended June 30, 2008. The credit facility usage was \$6.1 million at June 30, 2008, consisting exclusively of letters of credit of \$6.1 million with no cash borrowings.

Other Issues

The Company's business is subject to seasonal variations in sales that affect inventory levels and accounts receivable balances. Historically, Titan tends to experience higher sales demand in the first and second quarters.

Liquidity Outlook

At June 30, 2008, the Company had \$69.4 million of cash and cash equivalents and \$243.9 million of unused availability under the terms of its revolving credit facility (credit facility). The availability under the Company's \$250 million credit facility was reduced by \$6.1 million for outstanding letters of credit. The Company expects to contribute approximately \$0.1 million to its frozen defined benefit pension plans during the remainder of 2008. At December 31, 2007, the Company had a net operating loss carryforward of approximately \$13 million, which is expected to be fully utilized to reduce the Company's income tax payments in 2008.

TITAN INTERNATIONAL, INC.  
Management's Discussion and Analysis of  
Financial Condition and Results of Operations

In May 2007, Titan's Board of Directors approved funding for the Company to increase giant OTR mining tire production capacity to include 57-inch and 63-inch giant radial tires (the "Giant OTR Project"). The Company estimates that current commitments related to the Giant OTR Project at this time are approximately \$73 million, of which approximately \$52 million was disbursed from inception of the Giant OTR Project through June 30, 2008. Additional capital expenditure commitments will be incurred through 2008 as the Giant OTR Project moves to completion. The final cost of these additional OTR capital items have not been finalized at this time.

The Company currently anticipates that cash on hand and anticipated internal cash flows from operations will allow the Company sufficient funds for completion of the Giant OTR Project. In addition to the Giant OTR Project, Titan estimates that its capital expenditures for other projects for remainder of 2008 could be approximately \$9 million.

Cash on hand, anticipated internal cash flows from operations and utilization of remaining available borrowings are expected to provide sufficient liquidity for working capital needs and capital expenditures. If the Company were to exhaust all currently available working capital sources or not meet the financial covenants and conditions of its loan agreements, the Company's ability to secure additional funding may be negatively impacted.

#### PENSIONS

The Company has three frozen defined benefit pension plans and one defined benefit plan that purchased a final annuity settlement in 2002. These plans are described in Note 20 of the Company's Notes to Consolidated Financial Statements in the 2007 Annual Report on Form 10-K.

The Company's recorded liability for pensions is based on a number of assumptions, including discount rates, rates of return on investments, mortality rates and other factors. Certain of these assumptions are determined with the assistance of outside actuaries. Assumptions are based on past experience and anticipated future trends. These assumptions are reviewed on a regular basis and revised when appropriate. Revisions in assumptions and actual results that differ from the assumptions affect future expenses, cash funding requirements and the carrying value of the related obligations. Titan expects to contribute approximately \$0.1 million to these frozen defined pension plans during the remainder of 2008.

#### MARKET CONDITIONS AND OUTLOOK

Titan is experiencing strong demand for the Company's agricultural and earthmoving/construction products. This strong demand is expected to continue through 2008. The strength in the agricultural market is the result of higher commodity prices which have resulted from the continuing use of biofuels. High prices for metals, oil and gas have created a large demand for the Company's earthmoving and mining products.

In May 2007, Titan's Board of Directors approved funding for the Company to increase giant OTR mining tire production capacity to include 57-inch and 63-inch giant radial tires. This funding should allow Titan to produce up to an estimated 6,000 giant radial tires a year. Titan estimates this may increase sales as much as \$240 million on an annual basis. The Company began start-up production of these giant mining tires in July 2008.

Higher energy, raw material and petroleum-based product costs may continue to negatively impact the Company's margins. Many of Titan's overhead expenses are fixed; therefore, lower seasonal trends may cause negative fluctuations in quarterly profit margins and affect the financial condition of the Company.

#### AGRICULTURAL MARKET OUTLOOK

Agricultural market sales are forecasted to remain robust through 2008. The farm economy is being helped by strong commodity prices. However, the farm economy is also affected by high input costs for fuel and fertilizer. The increasing demand for grain-based ethanol and soybean-based biodiesel fuel has increased commodity prices and should support farm income levels in the long-term. Ethanol production is projected to continue to expand sharply through 2009/2010. The increasing demand for biofuels has supported all agricultural commodity prices as acreage has been shifted from other crops to those used in biofuels. In April 2008, Titan signed a three-year agreement to supply farm tires to various John Deere affiliates. Many variables, including weather, grain prices, export markets and future government policies and payments can greatly influence the overall health of the agricultural economy.

TITAN INTERNATIONAL, INC.  
Management's Discussion and Analysis of  
Financial Condition and Results of Operations

**EARTHMOVING/CONSTRUCTION MARKET OUTLOOK**

Sales for the earthmoving/construction market are expected to remain strong in 2008. Metals, oil and gas prices have remained high and at levels that are attractive for continued investment, which will maintain support for earthmoving and mining sales. However, the decline in the United States housing market has caused a decline in equipment used for housing construction. The giant OTR project should begin to add significant capacity for giant mining tires in the second half of 2008. The earthmoving/construction segment is affected by many variables, including commodity prices, road construction, infrastructure, government appropriations and housing starts.

**CONSUMER MARKET OUTLOOK**

The current overall uncertainty in consumer spending resulting from the housing market decline and high energy and food costs makes consumer market projections especially difficult. Titan's sales in the consumer market include sales to Goodyear, which fluctuate significantly based upon their future product requirements, which includes an off-take/mixing agreement. This agreement includes mixed stock, which is a prepared rubber compound used in tire production. The Company's consumer market sales will fluctuate significantly related to sales volumes under the off-take/mixing agreement with Goodyear which have been significantly lower in 2008 as compared to the previous year. The Company expects challenging conditions for the consumer market for the remainder of 2008. Many factors affect the consumer market including weather, competitive pricing, energy prices and consumer attitude.

**NEW ACCOUNTING STANDARDS**

**Statement of Financial Accounting Standards Number 141 (revised 2007)**

In December 2007, SFAS No. 141 (revised 2007), "Business Combinations," was issued. This statement requires an acquirer to recognize assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at their fair values on the acquisition date, with goodwill being the excess value over the net identifiable assets acquired. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

**Statement of Financial Accounting Standards Number 160**

In December 2007, SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements," was issued. This statement establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. This statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

**Statement of Financial Accounting Standards Number 161**

In March 2008, SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities," was issued. This statement requires enhanced disclosures about an entity's derivative and hedging activities. This statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The Company is evaluating the effect the adoption of this standard will have on its consolidated financial position, results of operations and cash flows.

PART I. FINANCIAL INFORMATION

Item 3. Quantitative and Qualitative Disclosures About Market Risk

See the Company's 2007 Annual Report filed on Form 10-K (Item 7A). There has been no material change in this information.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's principal executive officer and principal financial officer believe the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) are effective as of the end of the period covered by this Form 10-Q based on an evaluation of the effectiveness of disclosure controls and procedures.

Changes in Internal Controls

There were no material changes in internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during the first quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Because of its inherent limitations, internal controls over financial reporting may not prevent or detect misstatements. Also, projections of any evaluations of the effectiveness to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company is a party to routine legal proceedings arising out of the normal course of business. Although it is not possible to predict with certainty the outcome of these unresolved legal actions or the range of possible loss, the Company believes at this time that none of these actions, individually or in the aggregate, will have a material adverse affect on the consolidated financial condition, results of operations or cash flows of the Company. However, due to the difficult nature of predicting unresolved and future legal claims, the Company cannot anticipate or predict the material adverse effect on its consolidated financial condition, results of operations or cash flows as a result of efforts to comply with or its liabilities pertaining to legal judgments.

Item 1A. Risk Factors

See the Company's 2007 Annual Report filed on Form 10-K (Item 1A). There has been no material change in this information.
