If there is a material increase in the aggregate consideration after the foregoing adjustments, the Company will issue a further announcement and comply with the relevant requirements of the Listing Rules. The aggregate consideration will also be adjusted by reference to changes in future oil prices over an agreed period following the date of the Agreement, subject to a maximum increase or decrease of US\$30 million (HK\$234 million).

7.

LETTER FROM THE BOARD

As at the Effective Date, the balance of Intercompany Loans outstanding, including accrued interest, was approximately US\$335 million (HK\$2,613 million).

The consideration for the Target Companies Shares and the Intercompany Loans was determined based on an arm's length negotiation between the Sellers and the Purchaser and the Company's internal valuation.

Conditions Precedent

The acquisition of the Target Companies Shares and the Intercompany Loans is conditional upon the following conditions precedent being fulfilled or waived on or before 30 September 2002 (or such other date as is agreed by the Sellers and the Purchaser):

- (a) receipt of the approval by the Government of Indonesia and Pertamina (as necessary) to the transfer of the Target Companies Shares to the Purchaser;
- (b) no challenge to the transfer of any of the Target Companies Shares to the Purchaser having been made by any other party to any agreement relating to the assets of the Target Companies, prior to Completion; and
- (c) in the case of the Target Companies Shares and Intercompany Loans in respect of YPF Poleng B.V. only, no current party to the joint operating agreement with Korea Development Co., Ltd., ("Poleng JOA") having indicated an intention to exercise its right to acquire all or any part of the participating interest in the Poleng TAC from YPF Poleng B.V. or the shares of YPF Poleng B.V. within thirty days of the notice to the other current parties to the Poleng JOA sent pursuant to the Agreement.

Edgar Filing: CNOOC LTD - Form 6-K

If the condition precedent in (c) above is not satisfied, the Target Companies Shares and Intercompany Loans of YPF Poleng B.V. will be excluded from the acquisition and the consideration will be reduced accordingly.

Completion shall take place on a date no later than ten business days after satisfaction (or waiver by the Purchaser) of the condition in (a) above and (in the case of YPF Poleng B.V.) the condition in (c) above, but subject to the condition in (b) above being satisfied up to the date of Completion (unless waived by the Purchaser subject to the terms of the Agreement).

Upon Completion, subject to the terms of the Agreement, the Target Companies will become indirectly wholly owned subsidiaries of the Company.

Means of Financing

The consideration is to be funded by internal sources. The Directors believe that the Company has sufficient internal resources to finance the consideration.

8.

LETTER FROM THE BOARD

Co-operation Agreement

On Completion, Repsol Exploration Services Limited and the Purchaser will enter into a co-operation agreement, under which Repsol Exploration Services Limited (an independent third party not connected with the directors, chief executive or substantial shareholders of the Company or any of its subsidiaries or any of their respective associates (as defined in the Listing Rules)) will provide to the Target Companies consulting assistance on arm's length terms for a period of up to six months, in order to achieve a smooth transition of the businesses of the Target Companies to the Purchaser.

REASONS FOR ENTERING INTO THE AGREEMENT

The principal activity of the Group is the exploration, development and production of crude oil and natural gas offshore China. The acquisition of the Target Companies is consistent with the Group's plan to expand its production and reserves. Furthermore, the Directors believe that it represents a unique opportunity to make an acquisition of producing assets that fit with the Group's offshore expertise and experience. The Company estimates that its net working interest proved reserves will increase by approximately 360 million BOE through the acquisition. The acquisition provides additional immediate production otherwise inaccessible to the Group and makes the Group the largest offshore oil producer in Indonesia.

GENERAL

The entering into of the Agreement by the Company and the Purchaser constitutes a discloseable transaction on the part of the Company under the Listing Rules.

Your attention is also drawn to the Appendix to this circular.

Yours faithfully
By order of the Board
Wei Liucheng
Chairman and Chief Executive Officer
