Press Release

April 21, 2008

On April 21, 2008, United Bancshares, Inc. issued the following release:

United Bancshares, Inc. (Nasdaq: UBOH news), a bank holding company headquartered in Columbus Grove, Ohio with consolidated assets of \$574 million, today announced for the three month period ended March 31, 2008 operating results and that the Board of Directors declared a dividend of \$0.15 per share to shareholders of record on May 30, 2008, payable on June 13, 2008.

For the quarter ended March 31, 2008 the Corporation reported net income of \$945,000, or \$0.27 basic earnings per share. This compares to first quarter 2007 net income of \$977,000, or \$0.27 basic earnings per share. Compared with the same period in 2007, first quarter 2008 net income decreased \$32,000 or 3.3%. The \$32,000 decrease for the quarter was primarily the result of a \$218,000 decrease in non-interest income, an increase of \$125,000 in the provision for loan losses and an increase in non-interest expenses of \$72,000, offset by an increase of \$372,000 in net interest income, and a decrease in the provision for income taxes of \$11,000.

For the quarter ended March 31, 2008 non-interest income was \$557,000, compared to \$775,000 for the first quarter of 2007, a \$218,000 (28.1%) decrease. For the three month period ended March 31, 2008, there was a decrease in fair market of mortgage servicing rights of \$251,000 in addition to amortization of mortgage servicing rights of \$80,000, compared to a decrease in fair value of mortgage serving rights of \$67,000 and amortization of mortgage servicing rights of \$82,000 for the first quarter of 2007. The value of mortgage servicing rights decreased during the quarter due to the market's perception of mortgage investment products, and a sluggish national housing market.

For the quarter ended March 31, 2008 non-interest expenses were \$3,633,000, compared to \$3,561,000 for the first quarter of 2007, a \$72,000 (2.0%) increase. Non-interest expenses for the quarter ended March 31, 2008, included a \$104,000 write down on other real estate owned.

Total assets amounted to \$573.8 million at March 31, 2008 compared to \$548.0 million at December 31, 2007, an increase of \$25.8 million, or 4.7%. The increase in assets was the result of an increase of \$29.1 million in gross loans and an increase in total cash and cash equivalents of \$9.4 million offset by a decrease of \$13.0 million in available-for-sale securities. Deposits during this same period increased \$22.1 million (5.6%) and other borrowings (consisting of Federal Home Loan Bank borrowings, securities sold under agreements to repurchase, customer repurchase agreements, and junior subordinated deferrable debentures) increased \$2.0 million (2.0%).

Shareholders' equity increased from \$48.8 million at December 31, 2007 to \$49.9 million at March 31, 2008. This increase was the result of net income (\$945,000), the issuance of 3,723 treasury shares (\$49,000) under the Corporation's Employee Stock Purchase Plan and a \$1,301,000 increase in unrealized securities gains, net of tax, offset

by the payment of dividends (\$516,000), and the repurchase of 50,000 common shares (\$708,000). The increase in unrealized securities gains from January 1, 2008 to March 31, 2008, was the result of customary and expected changes in the bond market. Unrealized gains on securities are reported as accumulated other comprehensive income in the consolidated balance sheet.

Quarterly Report

March 31, 2008

Dear Shareholders, Customers and Employees,

During the first quarter of 2008 the Company increased its total assets, loan portfolio, and shareholders' equity, while controlling non-interest expenses. As compared to December 31, 2007, total assets, loans, and shareholders' equity at March 31, 2008 increased \$25.9 million (4.7%), \$29.1 million (8.1%) and \$1.1 million (2.2%), respectively, while first quarter 2008 non-interest expenses increased by only 2.0% as compared to the same period in 2007.

The Company's earnings per share for the first quarter of 2008 and 2007 were \$0.27 per share. Although the Corporation's net earnings were comparable for both years, the Corporation's core earnings were significantly different. As compared to the same period in 2007, net interest income and core non-interest income increased 9.0% and 6.9%, respectively. These improvements in core earnings were offset by a decrease in non-interest income due to a fair market value adjustment of its mortgage servicing rights (\$251,000 or \$0.05 per share) and an increase in non-interest expenses due to a write down on other real estate owned (\$104,000 or \$0.02 per share). Although they may not be directly related to the Corporation's specific assets, these fair value adjustments were the result of several changes in the Corporation's operating environment including the market's perception of mortgage investment products and a sluggish national housing market.

I believe that despite many challenges in the financial services industry, management has and will continue to work diligently to grow the Corporation and seek additional opportunities to add value to the institution. As always, we appreciate your continued support.

Respectfully,

Daniel W. Schutt
