value \$25/48 per share ("Common Stock"), of Hercules Incorporated (the "Company"). Capitalized terms used herein and not defined herein have the meanings ascribed thereto in the Schedule 13D, as previously amended.

ITEM 4. PURPOSE OF TRANSACTION

On February 28, 2001, Samuel J. Heyman, Chairman of the Board of ISP, sent the following letter to Mr. Thomas Gossage, Chairman, CEO and President of the Company:

Mr. Thomas Gossage
Chairman, CEO and President
Hercules Incorporated
Hercules Plaza
1313 North Market Street
Wilmington, Delaware 19894-0001

Dear Tom:

I was disappointed in your February 23rd letter and your Board's decision to reject ISP's compromise proposal. Contrary to your apparent belief, there is nothing inconsistent in our view with a shareholder being permitted to underscore its confidence in the underlying values of the Company by making an additional investment on the one hand and your "on going sale process" on the other.

We are concerned with what seems to us Hercules' narrow, one-dimensional approach to maximizing shareholder values. If Hercules is unable to sell the Company on an advantageous basis, it will have needlessly deprived Hercules shareholders of the opportunity to decide for themselves whether to accept our previously proposed \$17 1/2 tender offer or, under our compromise approach, sell their shares in the open market to ISP or any other shareholder wishing to acquire up to 20% of the Company's shares. This position is especially surprising given the multitude of takeover defenses the Company has erected and the fact that we have always been willing to address any of your legitimate concerns in the form of reasonable conditions with respect to our ownership position.

With respect to your reference to the withdrawal of our proposed tender offer, as you know, the October offer expired by its own terms on account of the fact that your Board had refused to exempt it from its poison pill and related Delaware statutory provisions. That is why we put forward the compromise proposal to permit ISP to acquire up to 20% of Hercules' shares rather than 35%. While we can only assume that if your Board is unwilling to permit our acquisition of up to 20% of Hercules shares, it would not have gone

5

along with our 35% proposal either - but if we are missing something in this regard, please let us know.

With regard to the last point in your letter, your claim that ISP's actions/statements are a hindrance to your efforts is sheer nonsense, as in point of fact we have been very patient and constructive shareholders for some time now. As you will recall, it was ISP who first encouraged Hercules to abandon its flawed restructuring strategy and sell the Company. While it took Hercules quite some time to adopt this strategy, we not only applauded the decision but have provided assurances, whether we were a 10%, 20%, or 35% owner, that we would support the sale of the Company at a fair price. In fact, despite your invitation, we have refrained from taking part in the auction process in

Edgar Filing: HERCULES INC - Form DFAN14A

large measure because we view our Hercules stake as an investment and so that there could be no claim that our participation, as the Company's major shareholder, would have a chilling effect on other interested bidders.

Tom, you know that we have a high conviction concerning the way in which Hercules has conducted the Company's affairs in recent years. In this connection, we intend to bring these matters to the attention of Hercules shareholders at the Company's upcoming Annual Meeting. Moreover, as owners of more than 10.7 million Hercules shares, we will be seeking to elect a slate of directors, with a strong ownership orientation committed to the interests of Hercules shareholders, to replace the four incumbent directors up for re-election this year, who we understand (as of the last public filing) own in the aggregate less than 50,000 shares.

Sincerely,

/s/ Samuel J. Heyman
