A: Audit Committee

C: Compensation Committee

CG: Corporate Governance Committee

In fiscal year 2018, no director nominee attended fewer than 75% of the meetings of our Board of Directors, which we sometimes refer to as our Board, or meetings of any Board committee on which he or she served.

Each director nominee is elected annually by a majority of the votes cast by the shares present virtually or represented by proxy and entitled to vote on the election of directors at the Annual Meeting.

Our Board of Directors recommends that you vote "FOR" each of the director nominees named in Proposal No. 1.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

•

As a matter of good corporate governance, we are asking our stockholders to ratify the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2019.

• Ratification of the selection requires the affirmative vote of a majority of the outstanding shares present virtually or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

• Our Board of Directors recommends that you vote "FOR" Proposal No. 2.

PROPOSAL NO. 3

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

We are asking our stockholders to approve, on a non-binding advisory basis, the compensation of our Named Executive Officers, which we sometimes refer to as NEOs, as disclosed in the section of this Proxy Statement titled "Compensation Discussion and Analysis".

Advisory approval of the compensation of our Named Executive Officers requires the affirmative vote of a majority of the outstanding shares present virtually or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Our Board of Directors recommends that you vote "FOR" Proposal No. 3 because it believes our compensation program is effectively designed to achieve our business and strategic objectives as discussed in greater detail below.

OUR BUSINESS AND STRATEGIC OBJECTIVES

We have undertaken a strategic transformation of our business in order to effectively position ourselves to compete in a rapidly-evolving retail environment with the ultimate goal of continuing to drive stockholder value. The key components of our strategic plan are as follows:

- Transform our organization to meet the challenges of a changing global marketplace

- Position our brands for growth and omni-channel success

- Deliver top tier operating profit margins and return on invested capital for stockholders

In particular, we have adopted a long-range strategic plan with a focus on achieving targets of \$2 billion in revenue, operating margins of 13% and return on invested capital above 20% by the end of fiscal year 2020.

OUR COMPENSATION PROGRAM OBJECTIVES

The overarching objective of our executive compensation program is to effectively design our program to foster and encourage the achievement of our business and strategic objectives. In doing so, we routinely consider appropriate changes to our program to reflect our strategic direction and the evolving needs of our business. In addition, to ensure we have the talent necessary to achieve our strategic objectives, the Compensation Committee endeavors to develop a compensation program that is attractive and competitive in the marketplace. Our program also incorporates feedback from our stockholders, as detailed below under the section of this Proxy Statement titled "Stockholder Feedback on Executive Compensation".

Consistent with our strategic objectives for the year, when designing our executive compensation program for fiscal year 2018, the Committee focused on continuing to build and retain our executive team, while providing them with incentives to focus on our key strategic initiatives including enhanced profitability, improved operating margins and the creation of long-term value for stockholders. These and other strategic considerations are clearly reflected in the design of our program, which demonstrates strong pay-for-performance alignment. Please see the section of this Proxy Statement titled "Compensation Discussion and Analysis" for additional information.

KEY CORPORATE GOVERNANCE CHANGES

In furtherance of our strategic objectives, we experienced a number of key changes to our Board and management team during fiscal year 2018, including the following:

In August 2017, Angel R. Martinez resigned as Chairman of our Board of Directors. He continued to serve as a member of our Board until his retirement from that role in October 2017, after serving as a director for 12 years. John M. Gibbons, an independent director, was appointed Chairman in September 2017.

-

Our Corporate Governance Guidelines were revised to remove the role of "Lead Director" and the duties and responsibilities of this role were assigned to the Chairman. The position of Chief Executive Officer and Chairman is currently separated as we believe this is the most appropriate governance structure for us at this time.

In April 2018, John G. Perenchio resigned as a member of our Board of Directors, after serving as a director for 12 years, and William L. McComb was appointed as a member of our Board.

In June 2018, our Board amended our bylaws to increase the size of our Board to ten directors.

Also in June 2018, Karyn O. Barsa resigned as a member of our Board of Directors, after serving as a director for 10 years, and Cindy L. Davis and Brian A. Spaly were appointed as members of our Board.

At the Annual Meeting, stockholders are being asked to elect 10 directors to serve until the next annual meeting of stockholders to be held in 2019. If all nominees are elected, our Board will consist of 10 members, and nine out of 10 members of our Board, and all members of each of its standing committees, will continue to be “independent directors” under applicable SEC and NYSE rules.

iv

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

TO OUR STOCKHOLDERS:

We are pleased to invite you to attend the 2018 Annual Meeting of Stockholders of Deckers Outdoor Corporation, to be held on Friday, September 14, 2018, beginning at 1:00 p.m. Pacific Time.

Proposals to be Voted Upon:

¹ Election of Directors. To elect 10 directors to serve until the annual meeting of stockholders to be held in 2019, or until their successors are duly elected and qualified.

² Ratification of Selection of Accounting Firm. To ratify the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2019, which covers the period from April 1, 2018 to March 31, 2019.

³ Advisory Vote on Executive Compensation. To approve, on a non-binding advisory basis, the compensation of our Named Executive Officers, as disclosed in the section of this Proxy Statement titled "Compensation Discussion and Analysis".

Other Business. To consider and vote upon any other business that may properly come before the Annual Meeting, or at any postponements or adjournments thereof.

Virtual Annual Meeting:

We are excited to embrace the latest technology to provide expanded access, improved communication, and cost savings to our stockholders and our Company. The Annual Meeting will be a completely virtual meeting of stockholders, which will be conducted via a live webcast. We believe hosting a virtual meeting will enable increased stockholder attendance and participation while also reducing the cost of the Annual Meeting. You will be able to attend the Annual Meeting online and submit your questions during the meeting by visiting www.virtualshareholdermeeting.com/DECK. You will also be able to vote your shares electronically at the Annual Meeting.

Board Recommendations:

Our Board of Directors recommends that you vote "FOR" each of the director nominees named in Proposal No. 1 and "FOR" Proposal Nos. 2 and 3.

Voting at the Annual Meeting:

Our Board of Directors has fixed the close of business on July 18, 2018 as the record date for determining which stockholders are entitled to notice of and to vote at the Annual Meeting, or at any postponements or adjournments thereof. Only stockholders as of the close of business on the record date are entitled to notice of, and to vote virtually or by proxy at, the Annual Meeting.

BY ORDER OF THE BOARD OF DIRECTORS

David Powers

Chief Executive Officer and President

Your vote is very important.

Whether or not you plan to attend the virtual Annual Meeting, we encourage you to read this Proxy Statement and submit your proxy or voting instructions as soon as possible. For specific instructions on how to vote your shares, please refer to the instructions on the Notice of Internet Availability of Proxy Materials you received in the mail, the section of this Proxy Statement titled "Questions and Answers about the 2018 Annual Meeting of Stockholders and Voting" or, if you requested to receive printed proxy materials, your enclosed proxy card.

Approximate Date of Mailing of Notice of Internet Availability of Proxy Materials: July 27, 2018

ANNUAL MEETING OF STOCKHOLDERS

Meeting Date: September 14, 2018

PROXY STATEMENT

GENERAL INFORMATION

The enclosed Proxy Statement is solicited on behalf of the Board of Directors of Deckers Outdoor Corporation, which we sometimes refer to as the Company, we, us, or our, for use at our 2018 Annual Meeting of Stockholders, or the Annual Meeting, to be held virtually via a live webcast on Friday, September 14, 2018 at 1:00 p.m. Pacific Time, or at any postponements or adjournments thereof. The virtual Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/DECK, where you will be able to attend the Annual Meeting, submit questions and vote online. The Annual Meeting is being held for the purposes described in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE 2018 ANNUAL MEETING OF STOCKHOLDERS AND VOTING

The following questions and answers are intended to briefly address potential questions that our stockholders may have regarding this Proxy Statement and the Annual Meeting. They are also intended to provide our stockholders with certain information that is required to be provided under the rules and regulations of the Securities and Exchange Commission, or SEC. These questions and answers may not address all of the questions that are important to you as a stockholder. If you have additional questions about this Proxy Statement or the Annual Meeting, please refer to the question titled "Whom should I contact with other questions?" below.

Q: When and where will the Annual Meeting be held?

A: The Annual Meeting will be held on Friday, September 14, 2018, beginning at 1:00 p.m. Pacific Time. The Annual Meeting will be conducted entirely online via a live webcast. Our stockholders may participate in the Annual Meeting by visiting the following website: www.virtualshareholdermeeting.com/DECK. You will need a 16-digit control number to attend and participate in the live webcast of the Annual Meeting. Please refer to the question titled "How can I vote my shares?" for information on obtaining your 16-digit control number.

Q: Why did I receive these proxy materials?

A: We are providing this Proxy Statement in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting, or at any postponements or adjournments thereof. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. You are invited to attend the Annual Meeting virtually to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may vote your shares using one of the other voting methods described in this Proxy Statement.

Whether or not you expect to attend the virtual Annual Meeting, please vote your shares as soon as possible in order to ensure your representation at the Annual Meeting.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials?

A: Instead of mailing printed copies to each of our stockholders, we have elected to provide access to the proxy materials over the Internet under the SEC's "notice and access" rules. These rules allow us to make our stockholders aware of the Annual Meeting and the availability of the proxy materials by sending a Notice of Internet Availability of Proxy Materials, or the Notice, which provides instructions on how to access the full set of proxy materials through the Internet or make a request to have printed proxy materials delivered by mail. Accordingly, on or about July 27, 2018, we mailed the Notice to each of our stockholders. The Notice contains instructions on how to access the proxy materials, including this Proxy Statement and our Annual Report on Form 10-K, or the Annual Report, for the fiscal year ended March 31, 2018, or fiscal year 2018, each of which are available at www.proxyvote.com. The Notice also provides instructions on how to vote your shares through the Internet, by telephone, by mail or virtually at the Annual Meeting.

Q: What is the purpose of complying with the SEC's "notice and access" rules?

A: We believe compliance with the SEC's "notice and access" rules allows us to provide our stockholders with the materials they need to make informed decisions, while lowering the costs of printing and delivering those materials and reducing the environmental impact of the Annual Meeting. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice. If you have previously elected to receive the proxy materials electronically, you will continue to receive these materials electronically unless you elect otherwise.

Q: Who can vote at the Annual Meeting?

A: Only our stockholders at the close of business on July 18, 2018, or the Record Date, will be entitled to attend and vote at the Annual Meeting. On the Record Date, there were 30,368,803 shares of our common stock outstanding and entitled to vote. Each share of common stock issued and outstanding on the Record Date is entitled to one vote on any matter to be voted upon by our stockholders at the Annual Meeting.

Holders of Record - If, on the Record Date, your shares were registered directly in your name with our transfer agent, Computershare, then you are a "holder of record". As a holder of record, you may vote at the virtual Annual Meeting, or you may vote by proxy. Whether or not you plan to attend the Annual Meeting virtually, we urge you to vote your shares using one of the voting methods described in this Proxy Statement and the Notice. If you are a holder of record and you indicate when voting that you wish to vote as recommended by our Board, or if you submit a vote by proxy without giving specific voting

2

Table of Contents

instructions, then the proxyholders will vote your shares as recommended by our Board on all matters described in this Proxy Statement. Thomas Garcia and Steven J. Fasching, the designated proxyholders, are members of our management.

Beneficial Owners - If, on the Record Date, your shares were held in an account at a bank, broker, dealer, or other nominee, then you are the "beneficial owner" of shares held in "street name" and this Proxy Statement is being made available to you by that nominee. The nominee holding your account is considered the holder of record for purposes of voting at the virtual Annual Meeting. As a beneficial owner, you have the right to direct your nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting virtually. However, since you are not the holder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid "legal proxy" or obtain a 16-digit control number from your nominee. Please contact your nominee directly for additional information.

Q: What is the quorum requirement for the Annual Meeting?

A: The presence at the Annual Meeting, virtually (even if not voting) or by proxy, of the holders of a majority of the voting power of all the shares of our common stock entitled to be voted at the Annual Meeting, will constitute a quorum at the Annual Meeting. We will treat shares of common stock represented by a properly voted proxy, including shares for which authority is withheld or that a stockholder abstains from voting, as well as broker non-votes, as present at the Annual Meeting for the purposes of determining the existence of a quorum. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

Q: What proposals am I being asked to vote upon at the Annual Meeting?

A: The proposals to be voted on at the Annual Meeting, and our Board's recommendation with respect to each proposal, are as follows:

PROPOSAL	DESCRIPTION	BOARD VOTING RECOMMENDATION
Proposal No. 1: Election of Directors	Elect 10 director nominees to serve until the annual meeting of stockholders to be held in 2019, or until their successors are duly elected and qualified	"FOR" EACH DIRECTOR NOMINEE
Proposal No. 2: Ratification of Selection of Accounting Firm	Ratify the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2019	"FOR"
Proposal No. 3: Advisory Vote on Executive Compensation	Approve, on a non-binding advisory basis, the compensation of our Named Executive Officers, as disclosed in the section of this Proxy Statement titled "Compensation Discussion and Analysis"	"FOR"

3

Table of Contents

Q: What are the voting requirements to approve the proposals, and what happens if I do not vote?

A: The voting requirements to approve each of the proposals to be voted upon at the Annual Meeting, as well as the effects of abstentions and broker non-votes on each of the proposals are as follows:

PROPOSAL	VOTING REQUIREMENT	EFFECT OF ABSTENTIONS ⁽²⁾	EFFECT OF BROKER NON-VOTES ⁽³⁾
Proposal No. 1: Election of Directors	Each director nominee in an uncontested election ⁽¹⁾ will be elected by a majority of the votes cast by the shares present virtually or represented by proxy and entitled to vote on the election of directors at the Annual Meeting (assuming that a quorum is present).	A "WITHHOLD" vote with respect to a director nominee will not count as a vote cast for that nominee, will not be included in the total number of votes cast, and thus will have no effect on the outcome of the vote on this proposal.	Broker non-votes will not count as votes cast on this proposal and will have no effect on the outcome of the vote on this proposal.
Proposal No. 2: Ratification of Selection of Accounting Firm	A "majority of the votes cast" means that the number of votes "FOR" a nominee for director must exceed 50% of the total votes cast in the election of directors. Requires the affirmative vote of a majority of the outstanding shares present virtually or represented by proxy and entitled to vote on the proposal at the Annual Meeting (assuming that a quorum is present).	An "ABSTAIN" vote will be included in the total number of shares present and entitled to vote on this proposal, and will have the same effect as a vote "AGAINST" this proposal.	Because a bank, broker, dealer or other nominee may generally vote without instructions on this proposal, we do not expect any broker non-votes to result for this proposal.
Proposal No. 3: Advisory Vote on Executive Compensation	Requires the affirmative vote of a majority of the outstanding shares present virtually or represented by proxy and entitled to vote on the proposal at the Annual Meeting (assuming that a quorum is present).	An "ABSTAIN" vote will be included in the total number of shares present and entitled to vote on this proposal, and will have the same effect as a vote "AGAINST" this proposal.	Broker non-votes will not count as shares present and entitled to vote on this proposal and will have no effect on the outcome of the vote on this proposal.

An "uncontested election" is an election in which the number of nominees for director is not greater than the number of directors to be elected. A "contested election" is an election in which the number of nominees for director nominated by (i) our Board of Directors, (ii) any stockholder, or (iii) a combination of our Board of Directors and any stockholder, exceeds the number of directors to be elected. In a contested election, directors will be elected by a plurality of the votes cast by the shares present virtually or represented by proxy and entitled to vote on the election of directors at the Annual Meeting.

You may vote to "WITHHOLD" authority for one or more nominees for director and may "ABSTAIN" from voting on one or more of the other matters described in this Proxy Statement. Shares for which authority is withheld or that a stockholder abstains from voting will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Pursuant to applicable NYSE rules, if you are a beneficial owner of shares held in street name and do not provide the bank, broker, dealer or other nominee that holds your shares with specific voting instructions, the nominee may generally vote in its discretion on “routine” matters (such as Proposal No. 2). However, if the nominee that holds (3) your shares does not receive instructions from you on how to vote your shares on a “non-routine” matter (such as Proposal Nos. 1 and 3), it will be unable to vote your shares on that matter. When this occurs, it is generally referred to as a “broker non-vote”. Broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Q: What happens if a director nominee fails to receive a majority vote in an uncontested election at the Annual Meeting?

A: Each incumbent director standing for reelection at the Annual Meeting has tendered an irrevocable letter of resignation, effective upon such incumbent director not receiving a majority vote at the Annual Meeting and acceptance of such resignation by our Board of Directors. Our Board must accept or reject such resignation within 90 days following certification of the stockholder vote in accordance with the procedures established by our bylaws. If a director’s resignation offer is not accepted by our Board, that director will continue to serve until our annual meeting of stockholders to be held in 2019 and his or her successor is duly elected and qualified, or until the director’s earlier death, resignation, or removal.

Any director nominee who is not an incumbent director and who fails to receive a majority vote in an uncontested election will not be elected as a director, and a vacancy will be left on our Board of Directors. Our Board, in its sole discretion, may either fill a vacancy resulting from a director nominee not receiving a majority vote pursuant to our bylaws or decrease the size of our Board to eliminate the vacancy. All director nominees are incumbent directors standing for reelection at the Annual Meeting.

Q: Could other matters be decided at the Annual Meeting?

A: As of the date of this Proxy Statement, we are not aware of any business to be presented for consideration at the Annual Meeting other than the matters described in this Proxy Statement. If, however, other matters are properly presented at the Annual Meeting, the persons named as proxies will vote in accordance with their discretion with respect to those matters.

Q: How can I vote my shares?

A: Your shares can be voted as follows:

- Holders of Record - Holders of record can vote by proxy or by attending the virtual Annual Meeting where votes can be submitted via live webcast. If you wish to vote by proxy, you can vote by Internet, telephone or by mail as described below. Whether or not you plan to attend the Annual Meeting virtually, we urge you to vote by proxy to ensure that your vote is counted.

To vote at the Annual Meeting virtually by live webcast you will need to visit the following website: www.virtualshareholdermeeting.com/DECK. You will need the 16-digit control number included on the Notice or on your proxy card (if you requested to receive printed proxy materials). The method you use to vote by proxy will not limit your right to attend the Annual Meeting or vote at the Annual Meeting virtually. All shares that have been properly voted and not revoked will be voted at the Annual Meeting. However, even if you plan to attend the Annual Meeting virtually, we recommend that you vote your shares in advance, so that your vote will be counted if you later decide not to attend the Annual Meeting.

To vote by Internet, you will need the 16-digit control number included on the Notice or on your proxy card (if you requested to receive printed proxy materials). Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. EST on September 13, 2018 by visiting www.proxyvote.com and following the instructions.

To vote by telephone, you will need the 16-digit control number included on the Notice or on your proxy card (if you requested to receive printed proxy materials). Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. EST on September 13, 2018 by calling 1-800-690-6903 and following the prompts.

To vote by mail, follow the instructions provided on your proxy card. Simply mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided. In order to be effective, completed proxy cards must be received by 11:59 p.m. EST on September 13, 2018. This option is only available if you requested to receive printed proxy materials.

Beneficial Owners - If you are the beneficial owner of your shares, you should have received the Notice or a proxy card with this Proxy Statement from your bank, broker, dealer or other nominee rather than from us. Simply (i) use the 16-digit control number to vote on the Internet before the Annual Meeting or virtually at the Annual Meeting, or (ii) if you requested to receive printed proxy materials, vote by following the instructions provided on the proxy card which you received from your nominee. Your 16-digit control number may be included in the voting instructions form that accompanied the proxy materials. If your nominee did not provide you with a 16-digit control number in the voting instructions form that accompanied the proxy materials, you may be able to log onto the website of your nominee prior to the start of the Annual Meeting, on which you will need to select the stockholder communications mailbox link through to the Annual Meeting, which will automatically populate your 16-digit control number in the virtual Annual Meeting interface. To vote virtually at the Annual Meeting, you must first obtain a valid "legal proxy" from your bank, broker, dealer or other nominee. Follow the instructions from your bank, broker, dealer or other nominee to request a "legal proxy".

Q: What can I do if I change my mind after I vote my shares?

A: You may change your vote at any time before the polls are closed at the Annual Meeting.

• Holders of Record - If you are a holder of record, you may change your vote by (i) providing written notice of revocation to Deckers Outdoor Corporation, 250 Coromar Drive, Goleta, California 93117, Attention: Corporate Secretary, (ii) executing a subsequent proxy using any of the voting methods discussed above (subject to the deadlines for voting with respect to each method), or (iii) attending the virtual Annual Meeting and voting via live webcast. However, simply attending the virtual Annual Meeting will not, by itself, revoke your proxy.

• Beneficial Owners - If you are a beneficial owner of your shares and you have instructed your bank, broker, dealer or other nominee to vote your shares, you may change your vote by following the directions received from your nominee to change those voting instructions, or by attending the virtual Annual meeting and voting via live webcast, which can be accomplished as described above.

Subject to any revocation, all shares represented by properly executed proxies will be voted in accordance with the instructions on the applicable proxy, or, if no instructions are given, in accordance with the recommendations of our Board of Directors as described above.

Q: Who is paying for the cost of this proxy solicitation?

A: The solicitation of proxies is made on behalf of our Board of Directors and all the expenses of soliciting proxies from stockholders will be borne by our Company. In addition to the solicitation of proxies by use of the mail, our directors, officers and regular employees may communicate with stockholders personally or by email, telephone, or otherwise for the purpose of soliciting such proxies. No additional compensation will be paid to any such persons for such solicitation, although we may reimburse them for reasonable out-of-pocket expenses incurred in connection with such solicitation. We will reimburse banks, brokers, dealers and other nominees for their reasonable out-of-pocket expenses in forwarding solicitation material to beneficial owners of shares held of record by such persons. The total estimated cost of the solicitation of proxies is approximately \$75,000.

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: We have adopted a procedure called "householding", which the SEC has approved. Under this procedure, we are delivering a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report, to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs. Stockholders who participate in householding will continue to be able to access and receive separate proxy materials. Upon written or oral request, we will promptly deliver a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report, to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, this Proxy Statement or the Annual Report, or if you wish to receive separate copies in the future, please contact: Deckers Outdoor Corporation, 250 Coromar Drive, Goleta, California 93117, Attention: Corporate Secretary, Telephone: (805) 967-7611.

In addition, if you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future proxy materials for your household, please contact us using the contact information set forth above. Stockholders who are beneficial owners of shares held in street name may contact their bank, broker, dealer or other nominee to request information about householding.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results with respect to each proposal at the Annual Meeting. In accordance with SEC rules, final voting results will be published in a Current Report on Form 8-K within four business days following the Annual Meeting, unless final results are not known at that time, in which case preliminary voting results will be published within four business days of the Annual Meeting and final voting results will be published once we know them.

Q: Where else can I find these proxy materials?

A: This Proxy Statement and the Annual Report are available at www.deckers.com/investors. Other information contained on or accessed through our website does not constitute part of this Proxy Statement. You should not consider other information contained on or accessed through our website in deciding how to vote your shares. References to our website address in this Proxy Statement are inactive textual references only.

Q: Whom should I contact with other questions?

A: If you have additional questions about this Proxy Statement or the Annual Meeting, or if you would like additional copies of this Proxy Statement, please contact: Deckers Outdoor Corporation, 250 Coromar Drive, Goleta, California 93117, Attention: Corporate Secretary, Telephone: (805) 967-7611.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

Overview

Our bylaws provide for the annual election of directors. Our bylaws also provide that our Board of Directors will consist of not less than one nor more than 10 members. The specific number of members of our Board within this range is established by our Board, and has been fixed at 10.

At the Annual Meeting, stockholders will be asked to elect 10 directors to serve until the next annual meeting of stockholders to be held in 2019, or until their successors are duly elected and qualified. The names and certain information concerning the persons nominated by our Board of Directors to stand for election as directors at the Annual Meeting are set forth in the section of this Proxy Statement titled "Director Nominees" below.

If all nominees for director are elected, then, following the Annual Meeting, our Board will consist of 10 members, and nine out of 10 members of our Board, and all members of each of its standing committees, will continue to be "independent directors" under applicable SEC and NYSE rules.

Agreements and Relationships with Directors

No arrangement or understanding exists between any of our directors, nominees for director or executive officers and any other person pursuant to which any of them were selected as our director, nominee for director or executive officer.

There are no family relationships among any of our directors, nominees for director or executive officers. There are no legal proceedings related to any of our directors, nominees for director or executive officers which are required to be disclosed pursuant to applicable SEC rules.

Director Nominations

The Corporate Governance Committee is responsible for identifying and evaluating nominees for election to our Board of Directors. In addition to the candidates proposed by our Board or identified by the Corporate Governance Committee, the Committee considers candidates for director proposed by stockholders, provided such recommendations are made in accordance with the procedures set forth in our bylaws. Please refer to the question titled "How can stockholders nominate a candidate for election as a director?" above. Stockholder nominations that meet the criteria outlined below will receive the same consideration as nominations made by the Corporate Governance Committee.

Director Qualifications

Directors are responsible for overseeing and monitoring our business consistent with their fiduciary duties to our stockholders. This significant responsibility requires highly-skilled individuals with various qualities, attributes and professional experience. Our Board believes there are both general requirements for service as a member of our Board that are applicable to all directors, and other specialized characteristics that should be represented on our Board as a whole, but not necessarily by each director.

Qualifications for All Directors

Essential criteria for all director candidates considered by the Corporate Governance Committee include the following:

• Personal and professional integrity

• Good business judgment

• Relevant experience and skills

• Ability to effectively serve the long-term interests of our stockholders

• Commitment to devoting sufficient time and energy to diligently performing duties as a director

Board Diversity

The Corporate Governance Committee considers many factors when identifying nominees for director, including diversity with respect to personal characteristics (including race and gender), as well as diversity in the experience and skills that contribute to our Board's performance of its responsibilities in the oversight of our business. However, the

Committee has not adopted a formal policy with respect to the consideration of diversity.

Consent to Serve

Although each of the persons named above has consented to being named in this Proxy Statement and to serve as a director if elected, and our Board of Directors has no reason to believe that any of the nominees will be unable or unwilling to serve as a director, if any nominee withdraws or otherwise becomes unavailable to serve, our Board of Directors may decrease the size of our Board, or the proxies may be voted for the election of such other person as a director as our Board may recommend in place of the nominee.

Required Vote

Because this is an uncontested election, each director nominee will be elected by a majority of the votes cast by the shares present virtually or represented by proxy and entitled to vote on the election of directors at the Annual Meeting (assuming that a quorum is present). A "majority of the votes cast" means that the number of votes "FOR" a nominee for director must exceed 50% of the total votes cast in the election of directors.

BOARD RECOMMENDATION

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE

"FOR"

THE ELECTION OF EACH OF THE DIRECTOR NOMINEES.

Corporate Governance Principles

Pursuant to Delaware law and our bylaws, our business, property and affairs are managed under the direction of our Board of Directors. Thus, our Board is the ultimate decision-making body of our Company, except with respect to those matters reserved for our stockholders.

Our Board selects our Chief Executive Officer, and works together with our Chief Executive Officer to select our senior management team, which is charged with the day-to-day operation of our business. Members of our Board are kept informed about our business through discussions with our Chief Executive Officer and other senior management personnel, including by attending brand sales meetings and industry events, participating in periodic informal telephonic meetings, and reviewing materials provided to them, as well as by attending formal meetings of our Board and its committees. Having selected the senior management team, our Board acts as an adviser and counselor to senior management, monitors its performance and proposes or makes changes to the senior management team when it deems necessary or appropriate.

Table of Contents

Board of Directors Meetings

In fiscal year 2018, each of the directors attended at least 75% of the meetings of our Board and the meetings of the Board committees on which he or she served. Time is scheduled for our independent directors to meet in an executive session at every Board meeting.

Our Corporate Governance Guidelines state that directors are expected to attend each of our annual meetings of stockholders. The majority of the members of the Board (as constituted at the time) attended the annual meeting of stockholders held in December 2017.

Director Independence

Our Corporate Governance Guidelines, as well as applicable NYSE rules, require that our Board be comprised of a majority of directors who satisfy the criteria for independence set forth in the NYSE rules. These guidelines help ensure that the interests of our Board and management are aligned with the interests of our stockholders, that conflicts of interest are avoided and that we are in compliance with applicable securities exchange rules and regulatory requirements. An independent director is one who our Board affirmatively determines has no material relationship with our Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with our Company) and otherwise meets the requirements of the NYSE rules.

Based on the director independence requirements set forth in our Corporate Governance Guidelines, as well as in the applicable NYSE rules, our Board has determined that each of our directors, other than Mr. Powers, is an "independent director". In addition, all members of the Audit Committee, Compensation Committee and Corporate Governance Committee meet the independence standards set forth in applicable SEC and NYSE rules.

Board Leadership Structure

For many years, we employed a leadership structure that combined the positions of Chairman of the Board of Directors and Chief Executive Officer, while also appointing a strong Lead Independent Director. The Board believes it is important to maintain flexibility in the Board leadership structure, depending on the composition of our Board and our business and strategic needs at the time. However, the Board also firmly supports having an "independent director" serve in a Board leadership position at all times.

When David Powers was appointed Chief Executive Officer in 2016, we separated the Chairman of the Board of Directors and Chief Executive Officer roles. Our Board believes this change allows our Chief Executive Officer to focus on the day-to-day operation and management of our Company, while allowing our Chairman to focus on leading the Board in overseeing the interests of our Company and its stockholders. Until his appointment as our Chairman in September 2017, Mr. Gibbons served as our Lead Independent Director.

Board Committees

Our Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance Committee. Each member of each of the committees is an "independent director" for purposes of applicable SEC and NYSE rules. Each of our committees has a written charter that describes its purpose, membership, meeting structure and responsibilities. A copy of each committee's charter is available on our website at www.deckers.com/investors. These charters are reviewed annually by each committee, with any recommended changes approved by our Board. The Audit Committee and Corporate Governance Committee charters were last

amended in September 2014. The Compensation Committee charter was amended in June 2018.

Nominating Procedures and Criteria

Among its functions, the Corporate Governance Committee considers and approves nominees for election to our Board. In addition to the candidates proposed by our Board or identified by the Corporate Governance Committee, the Committee considers candidates for director proposed by our stockholders, provided such recommendations are made in accordance with the procedures set forth in our bylaws. Stockholder nominations that meet the criteria referred to below will receive the same consideration as nominations made by the Corporate Governance Committee.

Essential criteria for all candidates considered by the Corporate Governance Committee are discussed in the section of this Proxy Statement titled "Qualifications for All Directors". In evaluating candidates for certain Board positions, the Committee also evaluates additional criteria, as reflected in the section of this Proxy Statement titled "Specific Qualifications and Skills Represented on our Board".

In selecting nominees for our Board, the Corporate Governance Committee evaluates the general criteria referred to above, identifies the specialized criteria for which the Committee has determined there is a need, and considers the candidate's ability to contribute to the success of our Company. In evaluating an existing director for re-election, in addition to assessing the criteria referred to above, the Corporate Governance Committee considers a variety of factors, including attendance at Board and committee meetings, independence, previous performance, length of service, and contributions made to our Company.

The director nominees for the Annual Meeting have been recommended by the Corporate Governance Committee, as well as by our Board of Directors.

Management Succession and Talent Development

The Corporate Governance Committee, pursuant to its charter, is responsible for overseeing the management continuity planning process. As part of that responsibility, the Corporate Governance Committee reviews and evaluates the development and succession plan relating to our Chief Executive Officer and our other executive officers, including considerations of career paths and attracting and retaining high quality talent. The Corporate Governance Committee works with the Board to assess whether we have the management talent needed to successfully pursue our business objectives. The Corporate Governance Committee also regularly considers the competencies necessary for our Chief Executive Officer to support our strategies for long-term success.

Pursuant to our Corporate Governance Guidelines, the Corporate Governance Committee provides an annual report to our Board of Directors on emergency and expected Chief Executive Officer succession planning. Through this process, the Corporate Governance Committee works with our full Board and management to identify recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

Board Role in Risk Oversight

While risk management is primarily the responsibility of our management, our Board of Directors is responsible for the overall supervision of our business, an important element of which is supervision of our risk management activities. Our Board has delegated many of these functions to the Audit Committee. Under its charter, the Audit Committee is responsible for:

- reviewing and discussing with management, our highest ranking manager of internal audit and the independent registered public accounting firm our financial risk exposures and assessing the policies and processes management has implemented to monitor and control such exposure;
- assisting our Board in fulfilling its oversight responsibilities regarding our policies and processes with respect to risk assessment and risk management, including any significant non-financial risk exposures;
- reviewing our annual disclosures concerning the role of our Board in the risk oversight of our Company, such as how our Board administers its oversight function; and
- overseeing our internal audit function.

Our legal and internal audit executives report directly to the Audit Committee regarding material risks to our business, among other matters, and the Audit Committee meets in executive sessions with our highest ranking manager of internal audit and with representatives of our independent registered public accounting firm. In addition to the Audit Committee's work in overseeing risk management, our full Board of Directors regularly engages in discussions of the most significant risks we face and how these risks are being managed, and our Board receives reports on risk

management from the Chair of the Audit Committee. Every Board meeting agenda provides for a discussion of risk management. In addition to the responsibilities undertaken by the Audit Committee, the other Board committees have oversight of specific risk areas, consistent with the committees' charters and responsibilities. For example, the Compensation Committee oversees the design of our executive compensation program so as to encourage achievement of our strategic objectives and mitigate compensation-related risk. In addition, the Corporate Governance Committee develops our Corporate Governance Guidelines to establish and oversee an appropriate governance framework.

Compensation Committee Interlocks and Insider Participation

As of the date of this Proxy Statement, no member of the Compensation Committee is serving, and during the past year no member of the Compensation Committee has served, as an officer or employee of our Company or any of its subsidiaries. None of our executive officers currently serves, or during the past year has served, as a member of the board of directors or compensation committee (or other committee serving a similar purpose) of any entity that has an executive officer serving on our Board or the Compensation Committee. In addition, none of the Compensation Committee members had any relationship, or participated in any transaction, with our Company during fiscal year 2018 that requires disclosure under SEC rules.

We have entered into indemnification agreements with each of our directors, including each member of the Compensation Committee.

Communications with Directors

Stockholders and other interested parties may communicate with the Chairman of our Board, the Chair of any Board committee, with our independent directors as a group, or with any individual director, by writing to any such person or group. Communications should be sent to the following address:

Deckers Outdoor Corporation

Attn: Corporate Secretary

250 Coromar Drive

Goleta, California 93117

Communications are distributed to our Board of Directors, or to any individual director, depending on the facts and circumstances described in the communication. Our Board has requested that certain items that are unrelated to the duties and responsibilities of our Board should be excluded, including the following: junk mail and mass mailings, product inquiries or complaints, new product suggestions, resumes and other forms of job inquiries, surveys, and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be distributed, except that any communication that is not distributed will be made available to any director upon request.

Code of Ethics and Accounting and Finance Code of Ethics

Our Board has adopted a Code of Ethics to assist our officers, directors and other employees in complying with legal and regulatory requirements and maintaining the highest standards of ethical conduct. All of our officers, directors and employees must carry out their duties in accordance with the policies set forth in the Code of Ethics and with applicable laws and regulations. The Code of Ethics complies with the requirements set forth in applicable NYSE rules.

Our Board has also adopted a separate Accounting and Finance Code of Ethics which focuses on the financial reporting process and applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and Corporate Controller (and other employees serving similar functions). The Accounting and Finance Code of Ethics is intended to qualify as a "code of ethics" under applicable SEC rules and to satisfy the standards of ethics and compliance programs under applicable NYSE rules.

Our Code of Ethics and our Accounting and Finance Code of Ethics are available on our website at www.deckers.com/investors. To the extent required by law, any amendments to or waivers of any provision of the Code of Ethics or the Accounting and Finance Code of Ethics will be promptly disclosed publicly on our website.

Stockholder Engagement

We have consistently demonstrated our commitment to open and interactive dialogue with our stockholders. We believe our stockholders, as the owners of our Company, have important views and insights into our business operations, and we routinely seek to engage with our stockholders to ensure their views are shared with our Board of Directors, and actively considered in discussions of our strategic direction.

While our Board of Directors has a fiduciary responsibility to our stockholders and represents their interests, our management team is primarily responsible for investor relations. In light of the proxy contest during fiscal year 2018, management, including when appropriate the Board of Directors, met and engaged with many of our larger investors. The topics discussed with investors included, among others, our business and strategic objectives, our financial and operational performance, our capital allocation strategy, our corporate governance philosophy, the performance of our stock, and our executive compensation structure and objectives. Our management team provides regular updates to our Board of Directors regarding stockholder feedback on these topics. Please refer to the section of this Proxy Statement titled “Stockholder Feedback on Executive Compensation” for more information on how our stockholders impacted the evolution of our executive compensation program for fiscal year 2018.

Fiscal Year 2018 Highlights:

We delivered strong results in fiscal year 2018 from both financial and operational perspectives, as highlighted by the following:

- Total revenue growth of 6.3% in a retail environment that remains turbulent and continues to undergo significant change, including revenue growth of 3.9% for our UGG brand, and 46.7% for our HOKA ONE ONE brand. Increased non-GAAP operating margin by 320 basis points to 12.4% and grew non-GAAP diluted earnings per share by 50% to \$5.74, highlighting our continued focus on improving margins, reducing costs and delivering improved levels of profitability.

- As of March 31, 2018, we had repurchased \$150 million of our shares thereby returning significant value to our stockholders.

Our Business and Strategic Objectives

We have undertaken a strategic transformation of our business in order to effectively position ourselves to compete in a rapidly-evolving retail environment with the ultimate goal of continuing to grow stockholder value. As we have publicly announced, the key components of our strategic plan are as follows:

- Transform our organization to meet the challenging marketplace by consolidating operations, facilitating collaboration across brands, improving our supply chain and continuing to build our leadership team.

- Position our brands in the marketplace by delivering a premium brand experience, elevating our brands and positioning them for sustained growth and implementing a multi-seasonal product diversification strategy.

- Increase operating profits by improving supply chain processes, leveraging the investments we have made in our business, identifying efficiencies in our overhead and optimizing our retail store fleet.

In particular, we have adopted a long-range strategic plan with a focus on achieving targets of \$2 billion in revenue, operating margins of 13% and return on invested capital above 20% by the end of fiscal year 2020.

Our Compensation Program Objectives

The overarching objective of our executive compensation program is to effectively design our program to foster and encourage the achievement of both our near term and long term business and strategic objectives. As a result, our Compensation Committee, which we refer to as the Committee for purposes of this section, seeks to design our executive compensation program in a manner that reflects direct alignment between the compensation opportunity provided to our executives and the achievement of our strategic objectives. In doing so, we routinely consider appropriate changes to our compensation program to reflect our strategic direction and the evolving needs of our business. In addition, in order to build and retain the talent necessary to achieve our strategic objectives, the Committee endeavors to develop a compensation program that is attractive and competitive in the marketplace, taking into consideration peer group data.

When establishing our executive compensation program each year, the Committee is generally guided by the following four principles that it believes align closely with our compensation objectives:

Table of Contents

• Pay for performance by ensuring that a significant portion of compensation is at-risk and aligns actual compensation with the achievement of specific Company financial goals.

• Align interests of executives with stockholders by tying a significant portion of compensation to Company performance that creates long-term value for our stockholders and is correlated to increases in the value of our stock price.

• Attract and retain executives with the background and experience necessary to lead the organization and achieve our strategic objectives.

• Reward achievement by providing meaningful and appropriate incentives for achieving both short-term and long-term Company financial goals.

Consistent with our strategic objectives, when designing our executive compensation program for fiscal year 2018, the Committee focused on continuing to build and retain our executive team, while providing them with incentives to focus on our key strategic initiatives, including enhanced profitability, improved operating margins and the creation of long-term value for stockholders. These and other strategic considerations are clearly reflected in the design of our program, which demonstrates strong pay-for-performance alignment. In addition, these considerations resulted in a number of important changes to the program for fiscal year 2018, as described in further detail below.

Stockholder Feedback on Executive Compensation

We have consistently demonstrated our commitment to stockholder outreach efforts, which has resulted in meaningful, interactive dialogue with our stockholders on a number of significant topics, including our business and strategic objectives, our financial and operational performance, our capital allocation strategy, our corporate governance philosophy, and the performance of our stock. We have also routinely solicited and incorporated stockholder feedback on the design and effectiveness of our executive compensation program. We believe our proactive engagement and response to stockholder feedback, combined with strong pay-for-performance alignment, has resulted in overwhelming stockholder support for our executive compensation program. Indeed, these efforts resulted in 98.7% of the votes cast being voted "for" our executive compensation program at our annual meeting of stockholders held in 2017.

As part of our stockholder engagement efforts in 2017, we reached out to investors holding over 60% of our shares to discuss their views and any concerns regarding our compensation philosophy and program, and to preview potential changes to our executive compensation program that we were considering for fiscal year 2018. Members of our management team and, in most cases, the Chair of the Compensation Committee, conducted meetings and conference calls with those investors that responded to our outreach efforts, and with representatives of certain proxy advisory groups, in order to understand their perspectives regarding our current compensation practices and solicit specific feedback on current and potential design elements and practices. This process informed the evolution of our executive compensation program for fiscal year 2018, including our adoption of a median pay philosophy and our focus on profitability in selecting performance metrics that align with our strategic objectives. Our fiscal year 2018 executive compensation program, as described in this section, reflects the specific feedback that we received from our stockholders during those outreach efforts.

The Committee believes that ongoing, transparent communication with our stockholders is critical to our long-term success, and that the feedback received through our stockholder engagement efforts will continue to contribute to the evolution and enhancement of our executive compensation program. The Committee considers stockholder engagement to be an important part of its decision-making process and plans to continue proactive outreach efforts going forward.

Compensation Program Highlights

The following table sets forth the key components of our executive compensation program for fiscal year 2018, and the underlying philosophy and considerations that provide the basis for our compensation decisions:

COMPENSATION HIGHLIGHT	UNDERLYING PHILOSOPHY/ADDITIONAL CONSIDERATIONS
------------------------	---

- Strong pay-for-performance alignment.
- We emphasized a strong pay-for-performance alignment by providing a significant portion of the overall compensation opportunity for our NEOs in the form of performance-based compensation that is at risk and directly tied to the achievement of specific Company financial performance objectives.
- Our performance-based compensation is designed to align the interests of our NEOs with those of our stockholders and encourage the achievement of strategic objectives that the Committee believes are critical to our short and long-term success.
- For fiscal year 2018, only 19% of the total compensation opportunity for our President and Chief Executive Officer was guaranteed, and 81% of his total compensation opportunity was directly tied to the achievement of specific performance conditions and therefore at risk.

Table of Contents

- Selecting the appropriate performance metrics for our performance-based awards is critical for achieving our strategic objectives, motivating our executives and advancing our pay-for-performance philosophy.
 - In light of our strategic focus on profitability, improved operating margins and creation of long-term stockholder value, the Committee selected (i) consolidated operating income for all NEOs (and business unit operating income and revenue targets for certain executives) as the performance metrics for our 2018 Annual Cash Incentive Awards, (ii) "earnings per share", or EPS, for fiscal year 2018 as the performance metric for our 2018 Annual PSUs, and (iii) "pre-tax income" for fiscal year 2020 as the performance metric for our 2018 LTIP NQSOs.
 - Performance metrics for fiscal year 2018 reflect a focused shift away from revenue-based metrics to profitability-based metrics in line with our strategic focus, especially for those executives that have the ability to impact Company-wide results.
 - Our performance metrics involve multiple performance conditions over multiple time periods to ensure our compensation program is encouraging healthy and sustained growth
 - No overlap in performance across our business, while eliminating excessive overlap between the goals.
 - This approach further reduces the risk associated with our compensation program as it de-emphasizes the impact of any one performance metric.
 - Consistent with our prior disclosures, we have actively reformulated our executive compensation program to benchmark the target total compensation opportunity for our NEOs at the median compared to our peer group.
 - In adopting this philosophy, the Committee carefully considered a number of factors, including specific feedback received from our stockholders during our stockholder engagement efforts.
 - As part of its commitment to the adoption of a median pay philosophy, the Committee decided not to increase base salaries for our NEOs in fiscal year 2018 as compared to fiscal year 2017.
 - The Committee focused on benchmarking compensation at the 50th percentile compared to our peer group, and did not increase base salaries despite increases in base salaries among our peer group.
 - LTIP awards were designed to align the interests of our executives with those of our stockholders, taking into account challenging industry dynamics and highly variable peer group performance.
 - Options were granted with an exercise price equal to fair market value on the grant date and only have value to the extent the Company's pre-tax income target is met and the value of our stock increases.
 - Vesting was based on the achievement of a long-term profitability metric that aligns closely with our strategic objectives.
 - 100% of the equity awards granted during fiscal year 2018 were subject to long-term vesting in order to promote retention of our executives.
- Clear alignment of performance metrics with strategic objectives.
 - Adoption of a "median" pay philosophy.
 - No increases in base salaries for our NEOs in fiscal year 2018.
 - Use of performance-based stock options for long-term incentive plan, or LTIP, awards.

- Appropriate mix of equity awards with focus on performance-based vesting.
 - We issued equity awards that vest as to 80% of the awards based on the achievement of Company performance conditions to ensure alignment with our pay-for-performance philosophy, and vest as to 20% of the awards based on the achievement of long-term, time-based vesting targets to attract and retain executives.
 - While a portion of the performance-based equity awards incorporate a one-year performance metric, these awards vest over a three-year period assuming performance conditions are met, thereby ensuring the awards still maintain a long-range focus.
 - While we seek to develop our executive compensation program so that it closely aligns with our pay-for-performance philosophy and rewards achievement of performance goals, this objective must complement other important objectives, including the hiring and retention of executives.
 - Continued focus on executive hiring and retention.
 - For fiscal year 2018, we again granted a small portion of equity awards (20%) that vest solely based on the achievement of time-based targets, which promote executive retention because they vest over a long-term service period and are not tied to Company performance conditions.
 - Consistent with its historical practice, the Committee expects a majority of equity awards to continue to have performance-based vesting conditions.

ANNUAL TIME-BASED RESTRICTED STOCK UNITS (2018 Time-Based RSUs)

At-Risk Time-Based (Long-Term) 20% of Equity Compensation

- Balance the level of performance-based pay with time-based pay to more closely align with peer group practices and properly manage our compensation-related risk.
- Awards vest based on continued employment in three equal installments over three years commencing August 15, 2018.
- The value of these awards increases over time as the value of our stock price increases.
- Attract and Retain Executives
- Align Interests with Stockholders
- Provide awards that vest solely based on continued employment to emphasize the retention of our executives.

LONG-TERM PERFORMANCE STOCK OPTIONS (2018 LTIP NQSOs)

At-Risk Performance-Based (Long-Term) 60% of Equity Compensation

- Awards vest based on achievement of long-term Company financial performance level to ensure executives are focused on both short-term and long-term objectives.
- Vesting occurs only if a pre-established "pre-tax income" hurdle for fiscal year 2020 is achieved.
- We believe it is probable that the performance condition for the 2018 LTIP NQSOs will be achieved, and therefore we currently expect these awards will vest.

COMPENSATION PHILOSOPHY AND OBJECTIVES

Compensation Program Objectives

Pursuant to its charter, the Committee has overall responsibility for developing and approving the compensation philosophy and objectives applicable to our executive leadership team, and developing and approving our executive compensation program and policies. The overarching objective of our executive compensation program is to effectively design our program to foster and encourage the achievement of our business and strategic objectives. As a result, the Committee seeks to design our executive compensation program in a manner that achieves strong alignment between the compensation opportunity provided to our executives and the achievement of our strategic objectives, informed by peer group data. In so doing, we routinely consider appropriate changes to our compensation program to reflect changes in our strategic direction and the evolving needs of our business. In addition, in order to build and retain the leadership team necessary to achieve our strategic objectives, the Committee endeavors to develop a compensation program that is attractive and competitive in the marketplace.

Compensation Philosophy

When establishing our executive compensation program each year, the Committee is generally guided by the following four principles that it believes align closely with our compensation objectives:

PAY FOR PERFORMANCE

- Offer a significant portion of the compensation opportunity made available to our executives in the form of performance-based compensation that is at-risk instead of guaranteed.
- Ensure performance-based compensation is directly tied to the achievement of Company financial goals that the Committee believes are important for our short and long-term success.

REWARD ACHIEVEMENT

- Provide meaningful and appropriate incentives for achieving both short-term and long-term Company financial goals that have been established by the Committee.
- Ensure that the financial goals are appropriate for each executive given their respective titles, scope of responsibilities, and ability to impact results.

Pay-for-Performance Philosophy

Our pay-for-performance philosophy demands that we offer performance-based compensation that is directly linked to factors that the Committee believes will lead to the creation of long-term stockholder value. Specifically, we pay for performance by tying a significant portion of our executive compensation opportunity to the achievement of pre-established performance metrics that are reflective of our business and strategic objectives, as well as to increases in our stock price. The Committee believes that choosing the right performance metrics is critical to our ability to properly motivate our executives and advance our pay-for-performance philosophy. In particular, this requires that the performance metrics be reconsidered each year as our business and strategic objectives evolve to ensure they provide the appropriate barometer of our growth and success, and motivate the achievement of our objectives in line with how we currently view the business. The Committee also believes that providing a significant portion of the executive compensation opportunity in the form of equity awards that increase in value as the price of our common stock

ALIGN INTERESTS WITH STOCKHOLDERS

- Align the interests of our executives with those of our stockholders by tying a significant portion of the compensation opportunity to financial performance that the Committee believes will result in the creation of long-term stockholder value.

- Ensure that a significant portion of the compensation opportunity is directly tied to total stockholder return by issuing awards that increase in value only if and as our stock price increases.

ATTRACT AND RETAIN EXECUTIVES

- Attract key executives with the proper background and experience necessary to lead our Company, and provide us the best opportunity to achieve our business and strategic objectives.
- Retain our key executives by offering compensation that is attractive and competitive in the marketplace, taking into consideration peer group data.

increases is critical to aligning the interests of our executives with those of our stockholders.

To this end, for our 2018 Annual Cash Incentive Awards, the Committee chose consolidated operating income for all NEOs (and business unit operating income and revenue targets for certain executives) as the performance metrics given our strategic focus on increased profitability and improved margins. For our 2018 Annual PSUs, the Committee selected EPS as the performance metric as it is an important indicator of both profitability and our ability to create long-term value for our stockholders. For our 2018 LTIP NQSOs, the Committee established "pre-tax income" for fiscal year 2020 as the performance metric, given our focus on long-term profitability, margin improvement and cost savings. The 2018 Annual PSUs and 2018 LTIP NQSOs both reflect equity-based awards the value of which are directly correlated to our stock price.

As a result of our strong commitment to our pay-for-performance philosophy, a substantial portion of our executives' compensation opportunity is performance-based and it is not guaranteed that it will be earned. While we offer certain standard compensation elements that provide guaranteed payments, including base salary and limited employee benefits, our executive compensation mix is heavily weighted toward performance-based compensation, which significantly limits the amount of guaranteed

pay. In reviewing our adherence to our executive compensation philosophy, the Committee annually reviews both the amount of, and the mix between, guaranteed pay and at-risk pay and seeks to establish appropriate performance targets for the at-risk pay so as to ensure our performance targets align with our business and strategic objectives, are appropriately challenging to achieve, and mitigate our overall compensation-related risk.

As an example, for fiscal year 2018, guaranteed pay for our Chief Executive Officer (reflecting the value of base salary and employee benefits) represented only 19% of his targeted compensation opportunity for the year, while at-risk pay represented 81% of his targeted compensation for the year. Of the 81% that reflects at-risk pay, 70% was provided through performance-based awards (reflecting the value of the 2018 Annual Cash Incentive Awards, 2018 Annual PSUs and 2018 LTIP NQSOs) that only vest upon the achievement of pre-established Company performance metrics, while 11% was provided through time-based awards (reflecting the value of the 2018 Time-Based RSUs) that only vest upon the achievement of long-term time-based vesting targets. The Committee considers the 2018 Time-Based RSUs to be at-risk pay given that the vesting of the awards is conditioned upon continued employment over an extended period of time and the value of the awards is subject to fluctuation based on our stock price. We believe the significant focus on performance-based awards, including the relative weighting of the various compensation elements provided to our executives, reflects our strong pay-for-performance alignment. The elements of our executive compensation program are established taking into consideration the advice of our independent compensation consultant, which provides us with peer group data regarding competitive pay practices and trends in our industry.

The graphic below illustrates the amount of targeted at-risk pay vs. guaranteed pay for our Chief Executive Officer for fiscal year 2018 and the breakdown of the various components of the compensation program on a percentage basis.

Governance Practices that Support our Compensation Philosophy

Our executive compensation program has significant governance components that we believe support and strengthen our compensation philosophy and reduce compensation-related risk, including those summarized in the following table:

GOVERNANCE PRACTICE	WHAT WE DO
Independent Directors	<ul style="list-style-type: none"> • All of the members of our Board, other than our President and Chief Executive Officer, are independent directors under applicable SEC and NYSE rules.
Independent Compensation Committee	<ul style="list-style-type: none"> • The Committee consists entirely of independent directors who meet the independence standards set forth in applicable SEC and NYSE rules.
Independent Compensation Consultant	<ul style="list-style-type: none"> • The Committee has retained, and routinely consults with, an independent compensation consultant who assists the Committee in gathering competitive pay data, selecting our peer group, and structuring our executive compensation program. COMPENSATION CONSULTANT AND PEER GROUP

Compensation Consultant

The Committee receives assessments and advice regarding our compensation practices and philosophy from its independent compensation consultant, Frederic W. Cook & Co., Inc., or FWC. FWC provides information on competitive pay practices and trends in our industry, and makes recommendations regarding the formulation of our Peer Group (as defined below), as well as the design and structure of our compensation program. The Committee meets regularly with FWC throughout the year, carefully reviews and assesses the materials provided by FWC, and engages in thorough deliberations with FWC and management regarding our executive compensation program and potential changes.

While our Company is not obligated to retain an independent compensation consultant, the Committee believes that the use of an independent consultant provides additional assurance that our executive compensation program is attractive and competitive in the marketplace, consistent with market conditions, aligned with our business and strategic objectives, and reflective of our compensation philosophy.

In accordance with applicable SEC rules, the Committee took certain factors into consideration when selecting FWC, which it believes may affect the independence of a compensation consultant. In particular, at a meeting of the Committee, the Committee discussed:

- whether any other services had been or were being provided by FWC to our Company;
- the amount of fees paid by our Company to FWC as a percent of FWC's total revenues;
- FWC's policies and procedures designed to prevent conflicts, a copy of which was provided to the Committee prior to the meeting;

- FWC's ownership of our common stock (if any); and

- any business or personal relationships between FWC and any Committee members or any of our executive officers.

Furthermore, FWC does not provide any additional services to us or our management, other than the services that are provided to the Committee in FWC's capacity as our compensation consultant. Following the consideration of these factors, and such additional factors as the Committee deemed appropriate under the circumstances, the Committee made an affirmative determination that FWC is independent and unanimously approved the engagement of FWC.

The decision to engage FWC was made by the Committee, and FWC reports directly to the Committee. While members of our management regularly communicate with representatives of FWC, our management did not recommend the engagement of FWC in any capacity for fiscal year 2018 (or in any prior year) and does not direct or oversee the retention, termination or scope of services of FWC with respect to our executive compensation program.

Peer Group

In making compensation decisions, the Committee compares the aggregate compensation opportunity, as well as each element of compensation, against a peer group of publicly-traded footwear, apparel, accessories and lifestyle brand companies that is recommended by FWC and approved by the Committee. We collectively refer to these companies as our Peer Group. Our Peer Group is generally comprised of companies against which we compete for executive talent and stockholder investment, are in related businesses or industries, and are otherwise similar to us based on a number of characteristics as discussed below. Our Peer Group is reviewed at least annually by the Committee with support from FWC. While no single company in our Peer Group reflects all of our Company's characteristics, taken together the Committee believes that this list offers strong comparative analogs to our overall business model and brand portfolio. Our Peer Group for fiscal year 2018 was unchanged from fiscal year 2017 and consisted of the following 19 companies:

Peer Group Characteristics

The Committee considers a variety of characteristics when it selects the companies which comprise our Peer Group, including the characteristics set forth in the chart below.

Use of Peer Group in Setting Executive Compensation

As part of its efforts to ensure that our executive compensation program is attractive and competitive in the marketplace, the Committee regularly reviews compensation data from our Peer Group provided by FWC. In addition, in order to gain a broader perspective on overall market trends and practices, the Committee regularly reviews data from broader-based compensation surveys. Our Peer Group compensation data is generally used as an initial starting point and guidepost in making compensation decisions for our executives, including with respect to both the target level of compensation and the overall structure of our executive compensation program.

For comparison purposes, FWC typically presents Peer Group data on both individual executive pay levels and program structure. With respect to individual pay levels, FWC provides data on the total compensation opportunity for each executive, as well as for each individual element of compensation. In setting the target compensation opportunity for fiscal year 2018, the Committee was committed to its adoption of a median pay philosophy, pursuant to which it was focused on benchmarking our executives' target compensation opportunity to the 50th percentile compared to our Peer Group, subject to the discretion retained by the Committee to make adjustments as it deems appropriate. Notably, as a result of this change, the Committee decided not to increase base salaries for our NEOS in fiscal year 2018 from fiscal year 2017 levels, despite increases in base salaries among our Peer Group.

While our Peer Group compensation data is a significant factor in the Committee's evaluation of compensation decisions, it also considers a variety of additional factors, including complexity and size of the business, officers' tenure, experience, and level of responsibility, recent and projected Company performance, recent individual performance, and general industry practices and economic conditions.

Target Cash Incentive Amount

The Committee establishes a target amount of annual cash incentive compensation for each NEO, which is expressed as a percentage of base salary. The percentage is determined by the Committee by reference to a number of factors, including the executive's title and responsibilities, our recent and projected financial performance, and a review of our Peer Group data.

The following table provides the current base salary, target percentage of salary, and resulting target bonus for each NEO for fiscal year 2018:

Regardless of the level of performance with respect to the other performance metrics, in order to receive any payments for the 2018 Annual Cash Incentive Awards, a consolidated operating income threshold of at least (1) \$170.0 million was required to be achieved. This threshold was selected by the Committee based on a number of factors, including our long-range strategic plan and our financial performance during the previous fiscal year. The threshold operating income threshold amount was achieved.

(2)

Consistent with the terms of the Management Incentive Plan pursuant to which the 2018 Annual Cash Incentive Awards were granted, and in line with our historical practice, the Committee adjusted our fiscal year 2018 financial results for certain non-recurring items when determining Company achievement relative to the consolidated operating income performance target. For fiscal year 2018, this adjustment resulted in the exclusion of charges in the aggregate amount of \$8.45 million related to (i) our consideration of strategic alternatives, and (ii) our proxy contest defense (including related litigation costs) in which each of our director nominees was selected by our stockholders. The Committee determined this adjustment was appropriate because these items were unanticipated one-time charges that were not (i) related to our core operating results, (ii) indicative of the performance of our ongoing business operations, or (iii) contemplated in the approved fiscal year 2018 budget. As a result, the 2018 consolidated operating income has been adjusted from \$222.58 million to \$231.03 million for purposes of calculating achievement of the 2018 Annual Cash Incentive Awards.

Calculation of Payout of 2018 Annual Cash Incentive Awards

The amount of cash incentive compensation actually earned by each NEO with respect to the 2018 Annual Cash Incentive Awards is calculated by multiplying the target cash incentive amount by the percentage of target earned for each relevant component, and then multiplying the amount by the relative weighting of each component, as illustrated in the table below:

NAME	TARGET PERCENTAGE OF SALARY	COMPONENT	TARGET CASH INCENTIVE AMOUNT	PERCENTAGE OF TARGET EARNED FOR COMPONENT	RELATIVE WEIGHT OF COMPONENT	PAYOUT FOR EACH COMPONENT	TOTAL PAYOUT

EPS is an important indicator of profitability, which is a strategic focus and aligns executives' interests with those of our stockholders. Awards vest based on achievement of threshold and target Company financial performance levels to reward achievement and strike appropriate balance between compensation incentives and risks. The "target" performance condition level is typically in line with the level of Company performance projected for the metric. 	<ul style="list-style-type: none"> Vest subject to achievement of EPS target for fiscal year 2018, the year in which they were granted. If performance conditions are met above the threshold level for the EPS target, the number of 2018 Annual PSUs that will vest will increase up to a maximum of 100% of the underlying shares. No additional payouts for performance beyond 100% of target. If performance conditions are met, awards vest based on continued employment in three equal installments over three years commencing August 15, 2018. When determining Company achievement relative to the performance target, the Committee relied upon our fiscal year 2018 audited financial statements, as adjusted by the Committee for certain non-recurring items. Fiscal year adjusted 2018 EPS was \$5.55⁽¹⁾. Since the fiscal year 2018 EPS threshold level was achieved above the target level based on strong Company performance, the awards were earned as to 100% of the underlying shares. The value of these awards increases over time as the value of our stock price increases.

(1) Consistent with the terms of the 2015 Plan pursuant to which the 2018 Annual PSUs were granted, and in line with our historical practice, the Committee adjusted our fiscal year 2018 financial results for certain non-recurring items when determining Company achievement relative to the EPS performance target. For fiscal year 2018, this adjustment resulted in the exclusion of charges related to (i) our consideration of strategic alternatives, (ii) our proxy contest defense (including related litigation costs) in which each of our director nominees was selected by our stockholders, and (iii) changes in tax laws and the repatriation of cash from international jurisdictions. The Committee determined this adjustment was appropriate because these items were unanticipated one-time charges that were not (i) related to our core operating results, (ii) indicative of the performance of our ongoing business

operations, or (iii) contemplated in the approved fiscal year 2018 budget. As a result, the 2018 EPS has been adjusted from \$3.58 to \$5.55 for purposes of calculating achievement of the 2018 Annual PSUs.

OTHER COMPENSATION CONSIDERATIONS

Role of Executive Officers in Compensation Decisions

At the request of the Committee, our Chief Executive Officer or other senior management personnel may provide performance and compensation information to the Committee to inform its compensation decisions. However, our executives are not permitted to be present during any deliberations and voting regarding their own compensation, or during any executive sessions of the Committee. The Committee considers the information provided by our management, as well as information and advice provided by FWC, when making compensation decisions for our NEOs and other executives. The Committee, which is comprised solely of independent directors under applicable SEC and NYSE rules, thoroughly evaluates and approves all elements of compensation for our NEOs and other executives.

Compensation Risk Considerations

The Committee is responsible for reviewing the rewards that may be derived from our compensation program for all employees, including our NEOs, to assess whether the program encourages excessive or unnecessary risk-taking. The Committee conducts a thorough compensation risk analysis at least annually, but also takes into account compensation-related risks each time it grants compensation awards throughout the fiscal year. In conducting these assessments, the Committee considers a number of factors including the following:

- Our compensation program consists of both guaranteed pay and at-risk pay, and the Committee reviews this mix annually.
- Our Peer Group and industry compensation data is reviewed regularly to ensure that our compensation program is appropriate and competitive.
- We have adopted a median pay philosophy whereby we remain focused on setting our executives' target compensation at the median compared to our Peer Group.
- Performance-based awards are earned based on the achievement of distinct Company and business unit performance goals over multiple time periods. We seek to eliminate overlap in our applicable performance conditions to ensure our compensation program is encouraging healthy and sustained growth across our business.
 - Our performance-based awards are subject to maximum award amounts to cap the potential compensation amount associated with an award.
- Our executive compensation program encourages executive retention through long-term vesting provisions. For fiscal year 2018, all of the equity awards we granted were subject to long-term vesting.
- We have adopted stock ownership guidelines, which encourage executives to have a significant, long-term equity position in our Company.
- Our performance-based awards are subject to clawback provisions.
- Our insider trading policy prohibits our NEOs and other executive officers from hedging the economic interest in our securities, and from pledging our securities.
- Our severance and change of control benefits are designed to attract and retain executives without providing excessive benefits.
- Our equity awards are intended to provide for "double-trigger" vesting upon a change of control. We adopted changes to our equity award agreements in fiscal year 2018 to ensure our awards continue to be viewed as "double-trigger" awards.

The Committee believes that, although the majority of the compensation opportunity provided to our executives is at-risk pay that is determined based upon the achievement of Company performance conditions, our executive compensation program does not encourage excessive or unnecessary risk-taking. The Committee does not believe that our compensation program is reasonably likely to have a material adverse effect on us.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the ratio of the annual total compensation of our principal executive officer to the median of the annual total compensation of all of our employees (excluding our principal executive officer), or our median employee. During fiscal year 2018, our principal executive officer was David Powers, our President and Chief Executive Officer.

Table of Contents

For fiscal year 2018, the annual total compensation of our median employee was \$37,825. After identifying our median employee as described below, we calculated that individual's 2018 total annual compensation in accordance with the requirements of the Summary Compensation Table. The annual total compensation of our President and Chief Executive Officer was \$6,069,497, as reported in the Summary Compensation Table above.

Based on this information, the fiscal year 2018 ratio of the annual total compensation of our Chief Executive Officer to the annual total compensation of our median employee was approximately 160:1.

In accordance with Item 402(u) of Regulation S-K, we identified our median employee as of March 1, 2018 by (i) aggregating for each applicable employee (A) annual base salary for salaried employees (or hourly rate multiplied by estimated work schedule, for hourly, temporary and seasonal employees), (B) overtime paid during the year, and (C) target incentive compensation, and (ii) ranking this compensation measure for our employees from lowest to highest. For non-U.S. employees, we converted such employees' pay to a U.S. dollar equivalent by applying an 11-month average trailing exchange rate methodology for each applicable currency. This calculation was performed for all of our employees, excluding Mr. Powers, except as described below.

Individuals (with corresponding number of employees, representing all employees in that jurisdiction) who were employed in Canada (101), Vietnam (37), Austria (12), and Belgium (12) were excluded from the employee population, for purposes of this disclosure, pursuant to the de minimis exemption set forth in Item 402(u) of Regulation S-K. After taking into consideration the foregoing exemption, on March 1, 2018, we had 1,948 U.S. employees and 1,304 non-U.S. employees. Irrespective of the use of the de minimis exemption, on the same date we had 1,948 U.S. employees and 1,466 non-U.S. employees.

The pay ratio we have reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio we have reported above.

Clawback Policy

Consistent with our executive compensation philosophy, which seeks to reward executive officers for financial performance that creates value for our stockholders, we have adopted a Clawback Policy. Under this policy, we will seek reimbursement with respect to performance-based compensation paid or awarded to our executive officers when the following three factors exist:

the incentive compensation payment or award (or the vesting of such award) was based upon the achievement of financial results, as reported in a Form 10-Q, Form 10-K or other report filed with the SEC, that were subsequently the subject of a restatement to correct an accounting error due to material noncompliance with any financial reporting requirement under the federal securities laws;

a lower payment or award would have been made to such executive officer (or lesser or no vesting would have occurred with respect to such award) based upon the restated financial results; and

the need for the restatement was identified within three years after the date of the first public issuance or filing of the financial results that were subsequently restated.

The reimbursement to be sought by our Company will be equal to the portion of any performance-based compensation paid to or received by such executive officer for or during each of the restated periods that is greater than the amount that would have been paid or received had the financial results been properly reported.

Stock Ownership Guidelines

To further align the interests of our directors and executive officers with those of our stockholders, we have adopted Stock Ownership Guidelines.

The minimum ownership thresholds for our NEOs are determined as a multiple of the NEO's base salary as of the beginning of each calendar year. Absent extraordinary circumstances (e.g., unusual volatility in stock price) it is expected that our NEOs will strive to achieve the applicable level of ownership within five years of the later of the date the guidelines were adopted or the date the person first became subject to the guidelines as an NEO, subject to exceptions that may be granted by the Committee. Unless an NEO reaches the required ownership level, the NEO must retain at least 75% of the shares, after payment of any applicable exercise price and tax withholdings, and 75% of any exercisable options, that are granted or acquired through our equity compensation program.

Table of Contents

Our directors are required to adhere to the stock ownership guidelines that are referenced in our Corporate Governance Guidelines. The minimum ownership threshold for our directors is determined as a multiple of the annual retainer fee and must be achieved within five years of the initial election of the director.

The following table provides a summary of the Stock Ownership Guidelines applicable to our NEOs and directors:

POSITION	STOCK OWNERSHIP GUIDELINES
----------	----------------------------

Chief Executive Officer	6x Annual Base Salary
Other NEOs	3x Annual Base Salary
Directors	5x Annual Board Retainer Fee

Tax and Accounting Considerations

Among the factors it considers when making executive compensation decisions, the Committee considers the anticipated tax and accounting impact to us (and to our executive officers) of various payments, equity awards and other benefits.

The Committee considers the impact of the provisions of Section 162(m) of the Internal Revenue Code, or the Code, as amended by the Tax Cuts and Jobs Act, or TCJA. That section generally limits the deductibility of compensation paid by a publicly-held company to “covered employees” for a taxable year to \$1.0 million. Effective for taxable years beginning on and after January 1, 2018, “covered employees” generally include our Chief Executive Officer, Chief Financial Officer and other highly compensated executive officers. Effective for taxable years beginning prior to January 1, 2018, an exception to this deduction limit applied to “performance-based compensation,” such as cash incentive and stock option awards, that satisfied certain criteria. This exception to the Section 162(m) deduction limit for “performance-based compensation” was repealed by the TCJA. Thus, except for certain “performance-based compensation” payable pursuant to written contracts that were in effect on November 2, 2017 and that are not modified in any material respect on or after that date, effective for taxable years beginning on and after January 1, 2018 our tax deduction with regard to compensation of “covered employees” is limited to \$1.0 million per taxable year with respect to each executive officer. With respect to cash and equity awards that were in effect on November 2, 2017, and that are not modified in any material respect on or after that date, the Committee is mindful of the benefit to us and our stockholders of the full deductibility of compensation and have taken steps so that both the cash incentive and stock option awards that we granted may qualify for deductibility under Section 162(m) of the Code. However, awards that we granted that were intended to qualify as “performance-based compensation” may not necessarily qualify for such status under Section 162(m) of the Code. With respect to cash incentive and equity awards that we may grant in the future, we do not anticipate that the \$1.0 million deduction limitation set forth in Section 162(m) of the Code will have a material impact on our results of operations.

The Committee also considers the impact of Section 409A of the Code, and in general, our executive plans and programs are designed to comply with the requirements of that section so as to avoid possible adverse tax consequences that may result from noncompliance.

We account for equity awards in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718, Stock Compensation.

Our Change of Control and Severance Agreements do not allow for excise tax gross up payments.

(1) The amounts in this column reflect the potential payouts under the 2018 Annual Cash Incentive Awards as of the grant date of such awards. Each of the performance conditions was achieved above the target levels in fiscal year 2018 and the cash incentive payments were made in July 2018. Refer to the section of this Proxy Statement titled "2018 Annual Cash Incentive Awards" for additional information.

(2)

The awards in this column reflect the grant of 2018 Annual PSUs. The performance condition was achieved above the target level in fiscal year 2018 and the awards were earned with respect to 100% of the underlying shares. Following achievement of the performance condition, these awards vest over three years in equal annual installments on August 15, 2018, 2019 and 2020. Refer to the section of this Proxy Statement titled "2018 Annual Performance Stock Units" for additional information.

(3) The awards in this column reflect the grant of 2018 Time-Based RSUs. These awards vest over three years in equal annual installments on August 15, 2018, 2019 and 2020. Refer to the section of this Proxy Statement titled "2018 Time-Based Restricted Stock Units" for additional information.

(4) The awards in this column reflect the grant of 2018 LTIP NQSOs. These awards may vest based upon our achievement of a performance target for fiscal year 2020. We believe it is probable that the performance condition for the 2018 LTIP NQSOs will be achieved, and therefore we currently expect these awards will vest. Refer to the section of this Proxy Statement titled "2018 Long-Term Incentive Plan Performance Non-Qualified Stock Options" for additional information.

(5) The amounts in this column represent the aggregate grant date fair value of the respective awards computed in accordance with FASB ASC Topic 718. For information about the assumptions underlying these computations, please refer to Note 8 to our consolidated financial statements included in our Annual Report on Form 10-K. In accordance with applicable SEC rules, for those awards that are subject to the satisfaction of performance conditions, the amounts reported reflect the value at the grant date based upon the probable outcome of such conditions.

Table of ContentsOUTSTANDING EQUITY AWARDS AT
2018 FISCAL YEAR END

The following table sets forth equity awards granted to our NEOs that remained outstanding as of March 31, 2018. The market value of the awards set forth in the table have been calculated in accordance with the requirements of applicable SEC rules, and do not necessarily reflect the amounts that have actually been paid to, or which may be realized by, our NEOs. The table should be read together with the section of this Proxy Statement titled “Elements of Fiscal Year 2018 Executive Compensation Program”.

FISCAL YEAR 2018 OPTION EXERCISES AND STOCK VESTED

The following table provides information for our NEOs regarding option exercises and stock award vesting during fiscal year 2018, including the number of shares acquired upon exercise or vesting and the value realized as determined based on applicable SEC rules. The value realized does not necessarily reflect the amount that will actually be received by our NEOs upon the sale of the shares.

NONQUALIFIED DEFERRED COMPENSATION

Nonqualified Deferred Compensation Plan

The Compensation Committee has adopted the NQDC Plan, which is an unfunded, nonqualified deferred compensation program sponsored by our Company to provide certain members of our management the opportunity to defer compensation into the NQDC Plan. The NQDC Plan year is from January 1st to December 31st. Participants may defer up to 50% of their annual base salary and up to 85% of any cash incentive bonus under the NQDC Plan. We have the option, but not the obligation, to make discretionary or matching cash contributions to NQDC Plan participants. We have established a rabbi trust as a reserve for the benefits payable under the NQDC Plan. During fiscal year 2018, certain of our NEOs elected to make contributions to the NQDC Plan, and the Compensation Committee elected to match a portion of the contributions under the NQDC Plan.

The amounts reported in this column reflect contributions made by our NEOs under the NQDC Plan during fiscal (1) year 2018. These amounts are separately included in the "Summary Compensation Table" above, and do not reflect amounts in addition to those amounts.

The amounts reported in this column reflect contributions made by us to our NEOs under the NQDC Plan during (2) fiscal year 2018. These amounts are separately included in the "Summary Compensation Table" above, and do not reflect amounts in addition to those amounts.

Deferred Stock Unit Compensation Plan

The Compensation Committee has also adopted a Deferred Stock Unit Compensation Plan. Under the plan, a director or employee who holds unvested restricted stock units may elect to defer settlement of up to 100% of the awards. For each unit of our common stock held pursuant to an award of restricted stock units that is deferred, the participant will receive one Deferred Stock Unit. Amounts deferred will be distributed, as described in the plan, at the time elected by the participant. A participant's Deferred Stock Units will be settled in shares of our common stock, as more specifically described in the plan. None of our NEOs elected to participate in the plan during fiscal year 2018.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

Change of Control and Severance Agreements

We have entered into Change of Control and Severance Agreements, or Severance Agreements, with each of our NEOs. The information below describes compensation and benefits that are payable or earned under the Severance Agreements with our NEOs (which are each referred to therein as an “executive”) upon the occurrence of different termination events:

Termination by our Company for Cause, or by Executive other than for Good Reason

Pursuant to the Severance Agreements with each of our NEOs, if the executive is terminated by our Company for Cause, or the executive terminates his or her employment, other than for Good Reason, then the NEO will receive the following from our Company:

- payment of his or her accrued base salary, accrued vacation, reimbursement for reimbursable expenses, accrued and vested benefits under our plans or programs and other benefits required to be paid by law, accrued but unpaid non-equity incentive bonus for the prior fiscal year (excluding any non-equity incentive bonus for the year of termination); and
- right to exercise all vested equity awards pursuant to the terms of the applicable award agreement.

Termination due to Death or Total Disability

Pursuant to the Severance Agreements with each of our NEOs, if the executive is terminated due to his or her death or Total Disability, then in addition to those benefits provided upon a termination by our Company for Cause or by Executive other than for Good Reason, the NEO will receive:

- pro-rated portion of his or her non-equity incentive bonus for the current fiscal year based on actual length of service during the year of termination and actual achievement by our Company of the performance conditions in respect of such bonus previously established by the Committee.

Termination by our Company without Cause or by Executive for Good Reason

Pursuant to the Severance Agreements with each of our NEOs, if the executive is terminated by our Company without Cause or by Executive for Good Reason, then in addition to those benefits provided upon a termination due to death or Total Disability, the NEO will receive:

- payment of his or her then effective annual base salary for one year following his or her termination, subject to such executive signing a release; and
- receipt of health benefits for a period of one year following his or her termination or his or her attainment of alternative employment that provides health benefits, whichever is earlier.

Termination without Cause or by Executive for Good Reason within Two Years of a Change of Control

Pursuant to the Severance Agreements with each of our NEOs, if the executive is terminated by our Company without Cause or by the executive for Good Reason within two years of a Change of Control, then in addition to those benefits provided upon a termination due to Death or Total Disability, the NEO will receive:

- subject to such executive signing a release, payment of a specified proportion of his or her then effective annual base salary plus the greater of (i) one and one-half times the targeted non-equity incentive bonus immediately prior to the termination or (ii) one and one-half times the average actual non-equity incentive bonus for the previous three years; and;

receipt of health benefits for a specified period of months following his or her termination or his or her attainment of alternative employment that provides health benefits, whichever is earlier.

For purposes of the Severance Agreements, “Cause” means (i) any willful breach of duty by the executive in the course of his or her employment or continued violation of written Company employment policies after written notice of such violation, (ii) violation of our insider trading policies, (iii) conviction of a felony or any crime involving fraud, theft, embezzlement, dishonesty or moral turpitude, (iv) engaging in activities which materially defame our Company, engaging in conduct which is materially injurious

Table of Contents

to our Company or our affiliates, or any of our respective customer or supplier relationships, financially or otherwise, or (v) the executive's gross negligence or continued failure to perform duties or executive's continued incapacity to perform such duties.

"Good Reason" means without the consent of the executive (i) the occurrence of material breach of this agreement by our Company, or (ii) if within two years of a change of control, there is a material reduction of the executive's total compensation, benefits, and perquisites, our Company's relocation is greater than 50 miles from the location where the executive performs services, or a material change in the executive's position or duties; provided, however, no such event shall constitute Good Reason unless the executive shall have given written notice to our Company of the executive's intent to resign for "Good Reason" within 30 days after the executive first becomes aware of the occurrence of any such event (specifying the nature and scope of the event) and such event or occurrence shall not have been cured within 30 days of our receipt of such notice.

"Change of Control" means the occurrence of a merger, consolidation, sale of all or a major portion of the assets of our Company (or a successor organization) or similar transaction or circumstance where any person or group acquires, in one or more transactions, beneficial ownership of more than 50% of the outstanding shares of any class of voting stock of our Company (or a successor organization).

No NEOs will be entitled to gross ups for excise tax penalty on "excess golden parachute payments" as a result of termination following a Change of Control.

A change in a majority of the members of our Board would not constitute a Change of Control under the Severance Agreements.

Equity Award Agreements

Pursuant to the "double-trigger" vesting provisions of the awards outstanding as of the end of fiscal year 2018 under the 2006 Equity Incentive Plan, or 2006 Plan, and 2015 Plan, except as specifically noted below, the vesting of each award will be accelerated in full in the event of a change of control that is approved by a majority of the Continuing Directors (as defined in the award agreements) if the acquiring or successor entity in the change of control provides for the continuance or assumption of the award agreement, or the substitution for the award agreement of a new agreement of comparable value covering shares of a successor corporation, and (i) the recipient is terminated by the acquiring company without Cause or pursuant to a Constructive Termination (as such terms are defined in the relevant award agreements) within either 12 or 24 months of such change of control; or (ii) only in the case of the 2017 LTIP NQSOs and 2018 LTIP NQSOs, the recipient has provided Continuous Service (as defined in the award agreements) through the applicable performance vesting date.

Notwithstanding the foregoing summary, the award agreements governing the grants of the 2018 Annual PSUs only provide for acceleration as described above to the extent that the Committee determines that at least the "threshold" performance conditions associated with the awards have been met unless the change of control occurs prior to the end of the relevant performance period, in which case the unvested PSUs will accelerate in full, regardless of achievement of the performance condition.

In addition, the vesting of each equity award will be accelerated in full if: (i) for certain of the outstanding historical awards, a change of control occurs that has not been approved by a majority of the Continuing Directors; or (ii) the acquiring or successor entity in the change of control does not agree to continue or assume the award agreement, or substitute new awards of comparable value. In the case of the 2018 Annual PSUs, if the change in control occurs after the relevant performance period, only the 2018 Annual PSUs earned based upon the achievement of the relevant performance condition, as determined by the Committee, will accelerate.

Severance and Change of Control Payments

The following table provides information about the payments and benefits that would have been paid or provided to our NEOs in the event that a termination of employment had occurred on March 31, 2018. The amounts reflected in the table are in addition to amounts that would have been payable for accrued but unpaid base salary, accrued paid time off, accrued but unpaid cash incentive compensation, and reimbursement of expenses.

The payments to be made, and the stock and option awards to be vested, in connection with different termination events (including in connection with a change of control) for each of our NEOs have been determined by reference to the terms of the applicable Severance Agreements and equity award agreements. Except as described above, no payments or benefits would be provided to our NEOs in the event of a termination of employment for Cause or by the executive without Good Reason (as defined in the applicable Severance Agreement). Refer to the section of this Proxy Statement titled “Potential Payments upon Termination or Change of Control” for additional information.

For purposes of the table, the value of the stock and option awards has been determined based on the closing price of our common stock on March 31, 2018. In the event of an actual change of control transaction, the value of our common stock may be significantly different than this assumed value, in which case the value realized by our NEOs upon the vesting of the stock and option awards may be significantly different.

(2)The option awards reflect the 2017 LTIP NQSOs and 2018 LTIP NQSOs.

Separation of Employment and Consulting Agreement with Thomas A. George

On July 16, 2018, or the Separation Date, Thomas A. George stepped down as our Chief Financial Officer.

In connection with his departure, we entered into a Consulting Agreement and General Release, or the Consulting Agreement, which replaces in full the Severance Agreement previously entered into with Mr. George. Under the Consulting Agreement, Mr. George has agreed to provide consulting services to us from July 16, 2018 until March 31, 2019, or the Consulting Period, unless earlier terminated pursuant to the terms of the Consulting Agreement..

The Consulting Agreement provides that we will, among other things, pay Mr. George (i) any base salary that has accrued but was not paid as of the Separation Date, (ii) for any accrued by unused vacation days as of the Separation Date, (iii) for expenses reasonably incurred in connection with his employment with us during the period prior to the Separation Date, (iv) any accrued and vested benefits required to be provided by the terms of any Company-sponsored benefit plans or any benefits required to be paid or provided under applicable law, (v) a pro-rated portion of the target amount of the cash incentive bonus payable with respect to the fiscal year ending March 31, 2019, in accordance with the executive compensation policies and programs in effect on the Separation Date, based on his actual length of service to our Company during the fiscal year, (vi)

severance equal to 12 months of his base salary (in effect on the Separation Date), which will be mitigated on a dollar-for-dollar basis for income received by him during the 12 months following the Separation Date (subject to certain exceptions as set forth in the Consulting Agreement), which payments will cease if Mr. George accepts employment or another professional relationship with any of our competitors or breaches a material term of the Consulting Agreement, and (vii) COBRA group health insurance premiums for Mr. George and his eligible dependents until the first anniversary of the Separation Date, unless sooner terminated in accordance with the terms of the Consulting Agreement.

In addition, any equity awards previously granted to Mr. George that were outstanding on the Separation Date, including any restricted stock unit awards or performance stock options, will remain outstanding subject to and consistent with the terms of the 2015 Plan and the agreements granting such awards. During the Consulting Period, Mr. George will continue to perform “Continuous Service” for purposes of the outstanding equity awards.

Mr. George’s receipt of these payments and other benefits is conditioned upon his continued compliance with the confidentiality, non-competition, non-solicitation, non-disparagement and other standard covenants set forth in the Consulting Agreement. In particular, Mr. George has agreed not to accept employment from, or engage in any professional relationship with, any of our competitors, or to otherwise engage in any business activity that is competitive with our Company, until the termination of the Consulting Agreement.

DIRECTOR COMPENSATION

For fiscal year 2018, directors who are not our employees, or our Nonemployee Directors, received an annual cash retainer fee of \$65,000, plus an annual cash retainer of \$15,000 for each Board committee assignment. Nonemployee Directors holding the following positions were entitled to receive additional annual cash retainer fees as follows: \$160,000 for Chairman of our Board; \$40,000 for Chair of the Audit Committee; \$35,000 for Chair of the Compensation Committee; \$20,000 for Chair of the Corporate Governance Committee; and \$100,000 for Lead Independent Director (this role was eliminated in September 2017). All or any portion of the cash retainer fees paid to any of our Nonemployee Directors may, at the election of the director, be paid through the issuance of our common stock.

Each of our Nonemployee Directors is also entitled to receive common stock with a total value of approximately \$125,000 for annual service on our Board. The shares are issued in equal quarterly installments with the number of shares being determined using the rolling average of the closing price of our common stock during the last 10 trading days leading up to, and including, the 15th day of the last month of each quarterly period. Each of these shares is fully vested on the date of issuance.

Nonemployee Directors are reimbursed for any reasonable Board-related expenses. Nonemployee Directors also receive product discounts, which are generally available to our employees and, from time to time, may receive products without charge in order to help expand the directors' knowledge of our products.

Director Compensation Table

The following table sets forth all compensation paid or awarded to our Nonemployee Directors during fiscal year 2018. The amounts set forth in the table have been calculated in accordance with applicable SEC rules, and do not necessarily reflect the amounts that have actually been paid to, or which may be realized by, our Nonemployee Directors.

Name	Fees Earned (\$)	Stock Awards (\$) ⁽¹⁾	Total (\$)
John M. Gibbons	200,000	123,002	323,002
Karyn O. Barsa	95,000	123,002	218,002
Nelson C. Chan	80,000	123,002	203,002
Michael F. Devine, III	135,000	123,002	258,002
John G. Perenchio	95,000	123,002	218,002

Bonita C. Stewart	80,000	123,002	203,002
Angel R. Martinez ⁽²⁾	187,917	72,071	259,988

(1) The amounts in this column represent the aggregate grant date fair value of the awards computed in accordance with FASB ASC Topic 718.

Mr. Martinez resigned as Chairman of our Board in September 2017, and as a member of our Board in October (2) 2017. This amount includes \$83,333 paid to Mr. Martinez for consulting services he provided to us through May 31, 2017.

Stock Ownership Guidelines

Our Board has adopted stock ownership guidelines applicable to our Nonemployee Directors. Nonemployee Directors are required to hold a number of shares of common stock with a value equal to five times the base annual cash retainer fee within five years of joining our Board, subject to exceptions that may be granted by the Compensation Committee.

In addition, each director must hold our common stock within one year of joining our Board. Any shares of common stock held by Nonemployee Directors through our Deferred Stock Unit Compensation Plan is counted as stock ownership under these guidelines.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth information regarding shares of our common stock that were eligible for issuance under our equity compensation plans as of March 31, 2018.

Plan category	Number of securities to be issued upon exercise of outstanding options or settlement of outstanding RSUs ⁽¹⁾⁽²⁾	Weighted-average exercise price of outstanding options ⁽³⁾	Number of securities remaining available for future issuance ⁽⁴⁾
Equity compensation plans approved by security holders	693,175	\$ 65.70	1,508,280
Equity compensation plans not approved by security holders	—	—	—
Total	693,175	\$ 65.70	1,508,280

This amount includes shares underlying all equity awards outstanding pursuant to the 2006 Plan and 2015 Plan as of March 31, 2018. For awards subject to performance-based vesting conditions, the amount reported reflects the number of shares to be issued if the relevant performance conditions are achieved.

(2) There are no stock appreciation rights outstanding pursuant to the 2006 Plan and the 2015 Plan. In addition, there are no outstanding warrants to purchase shares of our common stock.

(3) This amount reflects the weighted-average exercise price of the outstanding 2017 LTIP NQSOs and 2018 LTIP NQSOs, based on the closing price of our common stock on the respective grant dates. This amount does not take into account shares issuable upon the vesting of outstanding time-based and performance-based RSUs, which have no exercise price.

(4) This amount reflects the shares reserved for issuance under the 2015 Plan less the number of shares reported in the first column. This amount is subject to increase depending on our achievement with respect to certain performance conditions as discussed in footnote 1 above, and will increase to reflect any shares that are forfeited or otherwise terminated under the 2006 Plan.

SECTION 16 REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our directors, executive officers and persons who beneficially own more than 10% of our common stock, which we collectively refer to as Section 16 Persons, to file initial reports of ownership and reports of changes in ownership of our common stock with the SEC, as well as to provide copies of those reports to us.

To our knowledge, based solely on a review of the copies of such reports furnished to us by each Section 16 Person, and written representations by each Section 16 Person that no additional reports were required to be filed with respect to fiscal year 2018, all Section 16 filing requirements applicable to the Section 16 Persons were complied with except that:

- David Powers filed a Form 4 on April 3, 2018, which reported one transaction related to shares withheld for taxes in connection with the vesting of RSUs, that was due to be reported on April 2, 2018; and
- Thomas A. George filed a Form 4 on April 3, 2018, which reported one transaction related to shares withheld for taxes in connection with the vesting of RSUs, that was due to be reported on April 2, 2018.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of our Board of Directors is responsible for providing independent, objective oversight of, among other things, our financial reporting functions, our independent registered public accounting firm, our highest ranking manager of internal audit, our system of internal controls, our legal and regulatory compliance, and compliance with our related person transaction policy and Code of Ethics. The Audit Committee is currently composed of three directors, each of whom meets the independence and experience requirements under applicable NYSE rules, as well as the independence requirements applicable to Audit Committee members under applicable SEC rules. In addition, our Board of Directors has determined that the Chair of the Audit Committee qualifies as an “audit committee financial expert” under applicable SEC rules.

Management is responsible for the preparation of our financial statements and financial reporting process, including our system of internal controls. KPMG LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), or the PCAOB, and expressing (i) an opinion on whether our consolidated financial statements present fairly, in all material respects, our financial position and results of operations and cash flows for the periods presented in conformity with US generally accepted accounting principles, and (ii) an opinion on whether we have maintained, in all material respects, effective internal control over financial reporting as of March 31, 2018, based on criteria established in the Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Audit Committee’s responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and KPMG LLP to review and discuss the March 31, 2018 consolidated financial statements and obtained from management their representation that our financial statements have been prepared in accordance with US generally accepted accounting principles. In addition, management represented that, as of March 31, 2018, our Company maintained effective internal control over financial reporting.

The Audit Committee also discussed with KPMG LLP the matters required by Auditing Standard No. 1301, “Communication with Audit Committees” of the PCAOB, which includes, among other items, information regarding the conduct of the audit of our consolidated financial statements. The Audit Committee also received written disclosures from KPMG LLP required by the PCAOB’s Rule 3200: “Auditing Standards”, and the Audit Committee discussed with KPMG LLP its independence from our Company and our management. The Audit Committee has further considered the compatibility of the services provided by KPMG LLP with KPMG LLP’s independence.

The Audit Committee operates under a written charter, which was adopted by our Board of Directors and is assessed annually for adequacy by the Audit Committee. The Audit Committee held seven meetings during fiscal year 2018, including meetings with KPMG LLP and our highest ranking manager of internal audit, both with and without management present. In performing its functions, the Audit Committee acts only in an oversight capacity. It is not the responsibility of the Audit Committee to determine that our financial statements are complete and accurate, are presented in accordance with US generally accepted accounting principles or present fairly our results of operations for the periods presented, or that we maintain appropriate internal controls. Furthermore, the Audit Committee’s oversight responsibilities do not independently assure that the audit of our financial statements has been carried out in accordance with the standards of the PCAOB or that our registered public accounting firm is independent.

Based upon the Audit Committee’s review and discussions with management and KPMG LLP, and subject to the limitations of the Audit Committee’s role and responsibilities referred to above and in the Audit Committee charter, the Audit Committee recommended that our Board of Directors include the audited consolidated financial statements in

our Annual Report on Form 10-K for the year ended March 31, 2018, which was filed with the SEC on May 30, 2018.

RELATED PERSON TRANSACTIONS

Our legal department is primarily responsible for identifying and reviewing relationships and transactions in which our Company and our directors, director nominees, executive officers, principal stockholders, or their respective immediate family members, are participants to determine whether any of these related persons had or will have a direct or indirect material interest in such transactions. In order to identify potential related person transactions, our legal department annually prepares and distributes to all directors, director nominees and executive officers a written questionnaire which includes questions intended to elicit information about any current or proposed related person transactions. In addition, our Code of Ethics addresses conflicts of interest where an individual's personal interests may interfere or conflict with the interests of our Company, including relationships with suppliers, customers or competitors. Conflicts of interest which might impair (or appear to impair) the exercise of judgment solely for the benefit of our Company and our stockholders are prohibited. In general, such conflicts must be approved by our legal department, the employee's supervisor or, in the case of directors, the Audit Committee. Information regarding potential conflicts of interest in violation of our Code of Ethics may be reported to our anonymous reporting hotline, which may be accessed by the Chair of the Audit Committee, the Chairman of our Board and our highest ranking manager of internal audit.

If a related person transaction is identified by our legal department as one which would be required to be reported in our proxy statement pursuant to applicable SEC rules, the Audit Committee is responsible for reviewing and approving or ratifying any such transaction. The Audit Committee may approve a related person transaction when, in its good faith judgment, it determines that the transaction is in the best interests of our Company and our stockholders.

There were no transactions with related persons that required disclosure under applicable SEC rules during fiscal year 2018, and no such transactions are currently proposed.

PROPOSAL NO. 2

RATIFICATION OF THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

For fiscal year 2018, KPMG LLP, or KPMG, provided audit services, which included an examination of the consolidated financial statements included in our Annual Report. A summary of the fees for these services provided by KPMG is below. The Audit Committee has selected KPMG to provide audit services to our Company for fiscal year 2019, which covers the period from April 1, 2018 to March 31, 2019. We are asking that our stockholders ratify this selection at the Annual Meeting.

Although this selection is not required to be submitted to a vote of our stockholders, the Audit Committee believes it is appropriate as a matter of good corporate governance to request that our stockholders ratify the selection. If our stockholders do not ratify the selection, the Audit Committee will consider the selection of another independent registered public accounting firm, but is not required to select a different firm. In addition, even if our stockholders ratify the selection, the Audit Committee will retain the discretion to select a different independent registered public accounting firm in the future if it believes doing so is in the best interests of our Company and stockholders.

A representative of KPMG will attend the virtual Annual Meeting and will have the opportunity to make a statement and/or respond to appropriate questions from stockholders present virtually at the Annual Meeting.

Fees for Services Rendered by Independent Registered Public Accounting Firm

The following table sets forth approximate fees for services rendered by KPMG for the fiscal years ended March 31, 2018 and 2017:

FEES (\$)	FISCAL YEAR 2018	FISCAL YEAR 2017
Audit Fees	2,479,000	2,738,000
Audit-Related Fees	—	—
Tax Fees	11,000	11,000
All Other Fees	—	—
Total Fees	2,490,000	2,749,000

Audit Fees

The audit fees presented above for the fiscal years ended March 31, 2018 and 2017 include fees associated with the audit of our consolidated balance sheets, the related consolidated statements of comprehensive income, stockholders' equity and cash flows, and the audit of internal control over financial reporting, as well as the reviews of our quarterly reports on Form 10-Q, and certain statutory audits required internationally. The higher audit fees for the fiscal year ended March 31, 2017 were primarily the result of fees related to the impairment assessment of the Sanuk brand and restructuring activities.

Audit-Related Fees

Audit-related fees generally consist of fees for assurance and related services that are reasonably related to the performance of the audit of our annual reports on Form 10-K and review of our quarterly reports on Form 10-Q. There were no audit-related fees incurred during the fiscal years ended March 31, 2018 and 2017.

Tax Fees

Tax fees include fees incurred for tax services, including tax compliance, tax advice and tax planning for income taxes and customs matters.

All Other Fees

There were no other fees for services rendered by KPMG incurred during the fiscal years ended March 31, 2018 and 2017 other than those disclosed above.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

In accordance with its policies and procedures, prior to engagement, the Audit Committee pre-approves all independent registered public accounting firm services. Specifically, the Audit Committee administers our engagement of KPMG and pre-approves all of KPMG's audit and permissible non-audit services on a case-by-case basis. In approving non-audit services, the Audit Committee considers whether the engagement could compromise the independence of KPMG, and whether for reasons of efficiency or convenience it is in our best interests to engage KPMG to perform the services. The Audit Committee has determined that the performance by KPMG of the non-audit services listed above as "Tax Fees" did not affect its independence.

During the year, circumstances may arise under which it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires that those services be submitted to the Chair of the Audit Committee for specific pre-approval before we can engage the independent registered public accounting firm to provide such services. The Chair of the Audit Committee is then required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting for its approval.

PROPOSAL NO. 3
ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Background

In accordance with applicable SEC rules, we are providing our stockholders with the opportunity to cast a non-binding advisory Say-on-Pay Vote on the compensation of our Named Executive Officers, as described below. We consider seeking the views of our stockholders on our executive compensation program to be an important part of our decision-making process.

For additional information about our executive compensation program, please refer to the section of this Proxy Statement titled "Compensation Discussion and Analysis" and the related compensation tables and footnotes.

Proposal

Therefore, in accordance with Section 14A of the Exchange Act, we are asking our stockholders to approve the following resolution at the Annual Meeting:

“RESOLVED, that our stockholders approve, on a non-binding advisory basis, the compensation of our Named Executive Officers, as described in the Compensation Discussion and Analysis, the Summary Compensation Table, and the related compensation tables, notes and narrative discussion in the Proxy Statement for our 2018 Annual Meeting of Stockholders.”

Because this vote is advisory only, it will not be binding upon our Board of Directors or the Compensation Committee. However, the Compensation Committee will take the outcome of the vote into account when considering future executive compensation arrangements.

Required Vote

Approval of this proposal requires the affirmative vote of a majority of the outstanding shares present virtually or represented by proxy and entitled to vote on this proposal at the Annual Meeting (assuming that a quorum is present).
