ITEM 1. BUSINESS

GENERAL AND BUSINESS DEVELOPMENT

SHC Corp. (the "Company"), f/k/a VictorMaxx Technologies, Inc. ("VictorMaxx"), was incorporated as an Illinois corporation on March 22, 1994. Prior to the

Edgar Filing: SHC CORP - Form 10KSB

Company's initial public offering (the "Public Offering"), the Company financed its operations primarily through the private sales of equity securities, which raised net proceeds of \$663,732; borrowings from its stockholders, which raised net proceeds of \$93,900; bridge loan financings, which raised net proceeds of \$3,051,763; and the issuance of short term debt, which raised an aggregate of \$300,000. The Company completed its Public Offering on August 10, 1995, which raised net proceeds of approximately \$14,839,708. On September 29, 1995, the underwriter exercised a portion of its over-allotment option, which raised net proceeds of approximately \$81,619.

VictorMaxx initially designed, developed and sold virtual reality products for home use. These efforts focused on hardware products but were expanded in September 1995 to include development of a virtual reality software system and applications. VictorMaxx achieved only limited revenues since its inception. After marketing efforts failed to stimulate sales, the Company's management ceased marketing virtual reality hardware products and subsequently liquidated its remaining inventory. On October 31, 1996, VictorMaxx vacated its office facilities and suspended its operations indefinitely. From that date through December 1997, management conducted its business from a variety of their personal residences. VictorMaxx did not generate any revenues for the year ended December 31, 1997.

On January 8, 1998, VictorMaxx closed on an Agreement and Plan of Reorganization (the "Reorganization Agreement") to acquire all of the outstanding capital stock of Sonoma Holding Corporation, a diversified holding company ("Sonoma"). At the time of the Reorganization Agreement, Sonoma was a diversified holding company whose wholly-owned subsidiaries included U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., Sonoma Management Co. and an eighty percent (80%) equity interest in Payday Check Advance, Inc. Subsequent to the Reorganization Agreement, the Company established new offices in West Dundee and Schaumburg, Illinois, and changed its name to SHC Corp. The transaction has been accounted for as a reverse acquisition ("Acquisition") of VictorMaxx by Sonoma using the purchase method of accounting. No goodwill was recognized in connection with the acquisition. In connection with the Acquisition, the Company issued 12,108,558 shares of VictorMaxx common stock and 100,000 shares of its convertible preferred stock ("Preferred Stock") to the shareholders of Sonoma. Each share of Preferred Stock was convertible into 300 shares of common stock. In June 1998, 70,000 shares of Preferred Stock were converted into 21,000,000 shares of common stock. In July 1998, 30,000 shares of Preferred Stock were converted into 9,000,000 shares of common stock. Additionally, the Company has issued 1,550,000 shares of its common stock to certain creditors of the Company, which include certain former executive officers and a director of the Company. In addition, the Company issued 615,000 shares of its common stock to a group of individuals as a settlement of various employment claims and as compensation for assisting in the consummation of the transaction.

On June 18, 1998, the Company sold all of its interest in its wholly-owned subsidiaries, U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., and Sonoma Management Co. ("Sold Subsidiaries") to Fleetmax Corporation and a related party, who is a shareholder, officer, and director. Consideration paid by the purchaser was 5.5 million shares of the Company's common stock and debt assumption of \$353,867. Concurrently with the surrender of the 5,500,000 shares, such shareholder, officer and director of the Company was granted a warrant to purchase up to 5,500,000 shares of the Company's common stock at \$.21 per share. Included in the warrant is the right of such shareholder, officer and director to vote all of the underlying shares with respect to all matters presented to the

Edgar Filing: SHC CORP - Form 10KSB

shareholders for a vote.

All parties to the settlement agreed to release all other parties from any and all claims related to this matter.

Following the Agreement of Purchase and Sale with Fleetmax, the Company retained its eighty percent (80%) equity interest in Payday Check Advance, Inc., d/b/a Payday Express ("Payday"). The remaining 20% was held by Argent Enterprises, Inc., an Illinois corporation ("Argent"). In January 1999, Sonoma and Payday received notice from a third party that such third party was a 20% shareholder of Payday based on a transaction with Argent whereby it acquired such interest. SEE ITEM 3 - LEGAL PROCEEDINGS.

Management intends to focus its efforts and resources on growing the Payday business and on developing payday lending franchise opportunities. SEE BELOW -STATUS OF ANY PUBLICLY ANNOUNCED NEW PRODUCT OR SERVICE. The first Payday location opened for business in August 1997. The Company currently expects its future revenues, if any, to be derived from interest earned on short-term loans offered by Payday to its customers and franchise fees and royalties from its recently announced franchise program. As of early 2000, there were approximately 44 Payday locations conducting business in Illinois and 5 stores in Indiana. Since then, the Board of Directors has elected to close certain unprofitable stores and following such closings, as of December 31, 2000, there were 19 Payday locations conducting business in Illinois and 3 locations operating in Indiana under the name "Money Market." In addition to its equity interests in Payday and Money Market, the Company has five wholly-owned subsidiaries: Money Market Payday Express Franchising Inc., which will be responsible for the employment and promotion of the Company's franchising efforts; Millenium Funding, LLC, which was formed with the intent of seeking opportunities to leverage the Company's customer base and, which to date, has not commenced doing business; E Star Systems, Inc., which performs collections functions on delinquent loans; Sonoma Financial Corporation, which is and has been a non-operating entity; and Payday Express of America, Inc, which was intended to operate as the Company's operating entity in Wisconsin and, which to date, has not commenced doing business.

In May 1999, the Company entered into an agreement to purchase all of the issued and outstanding shares of Money Market, Inc., an Indiana corporation ("Money Market") engaged in the payday lending business through two separate locations. Following a short period during which the shares were held in escrow by the Company's counsel, title to the shares transferred to the Company upon issuance of a payday lending license by the State of Indiana. In consideration of the shares of the Money Market, the Company issued to the sellers: (i) \$60,000 in cash; (ii) promissory notes with an aggregate principal balance of \$55,000; and (iii) 167,000 shares of the Company's common stock in the aggregate. Management has been operating Money Market as a wholly-owned subsidiary.

In June 1999, the Company, through Money Market, entered into an Asset Purchase Agreement with Easy Money of Indiana, Inc., an Indiana corporation engaged in the payday lending business. Pursuant to the Asset Purchase Agreement, the Company purchased certain assets relating to a payday lending store in Indiana for cash consideration of approximately \$28,000.

2

PRINCIPAL PRODUCTS AND SERVICES

The Company is primarily engaged in the small consumer loan business, offering short-term loans to individuals, which are commonly referred to as payday loans. The Company's management believes that a market exists for prospective customers

Edgar Filing: SHC CORP - Form 10KSB

that may have limited access to other sources of consumer credit. Payday is a licensed provider of small consumer loans in Illinois and Money Market is a licensed provider of small consumer loans in Indiana. Where permitted by law, Payday and Money Market offer a standardized, single installment loan ranging from \$50 to \$500 through its post-dated check process. Through this process, Payday and Money Market permit customers to receive a cash advance for a finance charge and a signed loan agreement, secured by a post-dated personal check. Such loans generally have terms of one to two weeks. Small consumer loans are offered in a highly structured regulatory environment. Payday and Money Market stores are licensed under their respective state laws where their business is transacted, which establish allowable interest rates, fees and other charges on small loans made to consumers.

STORE OPERATIONS

The Company's objective is to locate its stores in highly visible and accessible locations and to operate them during convenient hours. The Company attempts to locate stores on high traffic streets or intersections, in many cases, in or near destination shopping centers. On average, a typical store occupies 1,200 square feet and is located in a strip shopping center or a free standing building. All of Company's store locations are individually leased. Company management and personnel supervise the construction and decoration of new stores. Consistent signage and decorations are used at each store in order to maintain and increase the market's awareness of the Company. Typically, business hours at Company's store locations are from 10 a.m. to 7 p.m., Monday through Friday, 9 a.m. to 1 p.m. on Saturday and closed on Sunday.

The cost of opening a new store is dependent on the size and location of the store. Typical costs include, among other things, store lease, leasehold improvements, furniture and fixtures, computer equipment, and start-up capital. According to current management estimates, the average cost to open a new store with a turnkey operation ranges from \$20,000 to \$25,000. The establishment of a new store location takes approximately 2 to 3 months to complete before becoming fully operational. During 1999, the Company opened 24 and during 2000, acquired one store in Indiana and closed or discontinued operating at 27 stores and never opened 5 stores, for which leases were signed. There can be no assurance that the Company's stores will continue to generate the same growth level as in the past.

MARKETING, SALES AND DISTRIBUTION OF PRODUCTS AND SERVICES

Management believes that its most effective marketing takes place through in-store programs. Store personnel are trained to provide courteous and efficient service and to develop and maintain strong relationships with the Company's customers. In addition, the Company attempts to create a consistency of appearance at each store through consistent signage and decoration. The Company is currently in the process of developing a comprehensive marketing program.

STATUS OF ANY PUBLICLY ANNOUNCED NEW PRODUCT OR SERVICE

FRANCHISE OPPORTUNITIES - During the first quarter of 2001, the Company, through its wholly-owned subsidiary, Money Market Payday Express Franchising, Inc. ("Franchise Co.") received approval from the State of Illinois to begin selling payday loan franchises in Illinois. As of March 30, 2001, the Company has sold one franchise in Illinois. In addition, the Company has registered in two other states, Wisconsin and Michigan, and is authorized to do business in approximately 30 other states and the District of Columbia. Of these,

Edgar Filing: SHC CORP - Form 10KSB

management believes 20 states are "payday friendly" and offer attractive franchise opportunities.

COMPETITIVE BUSINESS CONDITIONS AND THE COMPANY'S COMPETITIVE POSITION IN THE INDUSTRY AND METHODS OF COMPETITION

Due to the relatively recent development of the payday lending industry, there exists a lack of substantial literature and information regarding the industry as a whole. However, management believes that the payday lending industry is characterized by intense and increasing competition. Management believes major competitive factors are location, finance charges, internal operating controls and customer service. Management believes that certain of its competitors have substantially greater number of locations, larger customer bases and stronger financial capabilities than the Company. In addition, management believes some of Payday's competitors may offer a broader range of financial services than Payday currently provides, which may include such items as check cashing and car title services. It is also the belief of the Company that the industry is also characterized by low entry barriers and is highly fractionalized. Management estimates that in Illinois, where Payday currently conducts all of its operations, there are at least 25 persons or entities engaged in the payday lending business. Management estimates that in Indiana, where Money Market currently conducts all of its operations, there are at least 15 persons or entities engaged in the payday lending business. Management also believes that based on number of operating stores, Payday is one of the largest providers of payday loans in the Chicago metropolitan area. It is impossible to predict what the effect, if any, certain potential initiatives will have on the industry's competitive business conditions or the Company's competitive position within the industry. See below - "Government Regulation." There can be no assurance that the Company will be able to successfully compete in the future.

DEPENDENCE ON ONE OR A FEW MAJOR CUSTOMERS

The Company has no major customers on which it depends.

GOVERNMENT REGULATION

The Company is licensed to provide payday lending services in Illinois and Indiana. In addition, the Company has received approval or is authorized to sell payday lending franchises in approximately 33 states, including Illinois, Wisconsin, Michigan, New Jersey, Arkansas and New Mexico, and the District of Columbia.

Primary responsibility for regulating financial institutions rests at the state level. Management of the Company believes that at least 21 states now permit payday lending. With the exception of the Company's three Money Market stores in Indiana, all of the Company's Payday stores are located and conduct their business within the state of Illinois, which permits payday lending. Following the decision of the Illinois General Assembly in 1981 to abolish the previously existing usury law, Illinois has no restrictions on the rate of interest or the amount of fees which may be charged by payday lenders. It is

the expectation of management that efforts to expand the Company's geographic area of business of operations and franchises will focus on states currently permitting payday lending or on states where management believes there may be a reasonable likelihood that payday lending will soon be permitted. However, management's plans for expansion may be adversely affected by restrictive regulation by the various states or potential future regulation or control of the payday lending industry.

Edgar Filing: SHC CORP - Form 10KSB

Certain consumer rights groups have indicated their desire to promote initiatives designed to more strictly regulate the payday lending industry. Management perceives the focus of these efforts to be limits on interest charged and caps on fees associated with loans made to customers. It is impossible for management to predict the outcome of any such initiatives or their possible effect on the Company and its operations. However, there can be no assurances that any such initiatives will not ultimately have a material adverse effect on the Company and its operations.

RESEARCH AND DEVELOPMENT

The Company incurred no research and development costs in 2000 or 1999 and does not anticipate to incur any material research and development costs going forward. However, this belief is dependent on management's current plans for the Company and could change in the event of a change in such plans.

COSTS AND EFFECTS OF COMPLIANCE WITH ENVIRONMENTAL LAWS

Based on the nature of its current and past business operations, the Company has not incurred and does not expect to incur going forward any material costs or adverse effects with respect to compliance with any applicable environmental laws.

EMPLOYEES

The Company currently employs approximately 40 people. Of these employees, 32 are full-time employees and 8 are part time employees. The Company's relationship with its employees is not governed by any collective bargaining agreements and the Company has never experienced any organized work stoppage. The Company believes its relationship with its employees to be good. The Company also offers certain employees a group health insurance program.

REPORTS TO SECURITY HOLDERS

The Company is required to file quarterly reports with the Securities and Exchange Commission. The public may read and copy any materials filed by the Company with the SEC at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. The public may also obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC at [HTTP://WWW.SEC.GOV](http://WWW.SEC.GOV).

ITEM 2. PROPERTIES

Currently, the Company's executive offices are leased at 40 Skokie Boulevard, Suite 450, Northbrook, Illinois 60062. The lease is set to expire in 2004. The Company owns no real estate.

In addition to its administrative and executive offices, the Company conducts business through its Payday and Money Market subsidiaries, at various locations, which stores are leased by the Company from the property owners. Store leases are typically for three year terms, and contain Payday and

Money Market options for one or two additional three year terms. The leases provide for rental payments at prevailing market rates. Most of the stores are located in strip malls.

Edgar Filing: SHC CORP - Form 10KSB

ITEM 3. LEGAL PROCEEDINGS

Except as set forth below, the Company is not party to any material legal proceedings.

In May 1998, the Company and certain of its officers entered into a settlement agreement with a former president, CEO and director of the Company to settle all claims and issues between the parties. The terms of the agreement provided for certain payments to be made by or on behalf of the Company to the former president, CEO and director in exchange for the delivery and release to an escrow agent and voting trust of 12,632,568 shares of Company stock held by the former president, CEO and director. A third party ultimately delivered \$650,000 representing the Company's obligation to the escrow agent, and in exchange for such funds was assigned the Company's rights in and to certain of the escrowed shares. In November 1999, the former president, CEO and director filed a motion in the United States District Court for the Eastern District of Illinois, case number 98 C 1697, seeking to compel distribution of the remaining escrowed shares and alleging that he may be entitled to certain additional shares of the Company's stock based on alleged anti-dilution provisions contained in the Settlement Agreement. In the fourth quarter of 2000, the Company and the former president, CEO and director and the Company entered into a subsequent settlement agreement that provides for: (i) distribution of the shares which remained in escrow and (ii) the issuance of approximately 1,300,000 shares of the Company's common stock in exchange for a dismissal of the litigation and complete and mutual release of any and all claims between the parties. The shares were issued in February 2001 and the case has been dismissed.

In a related matter, during the second quarter of 2000, the Company negotiated a settlement agreement with its prior counsel (and escrow agent under the aforementioned settlement agreement) pursuant to which such prior counsel resigned as escrow agent and returned 1,000,000 shares of the Company's stock to the Company which had been previously issued to such counsel in exchange for a execution of a mutual general release of claims and payment of \$20,000 for fees incurred in acting as escrow agent in the above matter.

The Company owns 80% of the outstanding capital stock of Payday. Prior to January 1999, the remaining 20% was held by Argent Enterprises, Inc., an Illinois corporation ("Argent"). Sonoma and Argent are parties to an agreement restricting transfer of the Payday stock. Such agreement grants each party the right of first refusal to purchase any stock of Payday before any such stock may be transferred by a shareholder to any third party. In January 1999, Sonoma and Payday received notice from a third party that such third party was a 20% shareholder of Payday based on a transaction with Argent whereby it acquired such interest. The Company and Payday are currently in the process of investigating such purported transaction in order to determine whether such third party is a shareholder of Payday and whether such purported transaction violated the terms of the shareholders' agreement.

In May 1998, Payday entered into an agreement with a third party which allegedly owned 20% of 1825 Corp., a former Payday subsidiary which owned and operated several Payday stores. Pursuant to the agreement, such third party was to sell and assign all of its 20% interest to Payday in consideration of certain payments by Payday consisting of cash and stock of the Company. Part of the consideration was delivered to and accepted by such third party and part of the consideration was rejected. The parties were in dispute as to whether the contract was breached and by whom. The third party commenced litigation in the Circuit Court of Will County, Illinois, case number 99 L 596. On September 20, 2000, the third party and the Company entered into a settlement agreement pursuant to which the third party released its claims in exchange for the issuance of 450,000 shares of the Company's stock and the payment of an aggregate

of \$125,000 on an installment basis plus its attorney fees of \$6,000. The agreement further provides that a default in payments will accelerate all amounts due.

On November 4, 1998, an investor in the Company filed a lawsuit in the Circuit Court of Kane County, Illinois, case number LKA 98 580, seeking \$250,000 in damages. The plaintiff asserts that he exercised a "put" option with respect to 1,000,000 shares owned by plaintiff, which would allegedly entitle him to "put" such shares to the Company in exchange for \$250,000. The plaintiff claimed that the Company breached an agreement between the parties by failing to honor the put and pay \$250,000 to plaintiff and received a judgment to such effect in May 2000. The parties entered into a settlement agreement pursuant to which the Company agreed to deliver to such party, in exchange for a release of all claims, \$100,000 and 1,500,000 shares of the Company's common stock. The Company performed its obligations under the settlement agreement and the case has been dismissed.

Payday was a defendant in a number of federal class action cases asserting various violations of the Truth in Lending Act, 15 U.S.C. Section 1601, ET SEQ. ("TILA"), Fair Debt Collection Practices Act ("FDCPA"), state consumer fraud claims and unconscionability claims. Sandra Brown et al. v. Payday Check Advance, Incorporated, et al., United States District Court Case No. 99 C 2074, 7th Circuit Case No. 99-3110; Marguerite Mitchem v. Payday Check Advance, Inc. et al., United States District Court Case No. 99 C 1869, 7th Circuit Case No. 99-3110; Earl Terry v. Payday Check Advance, Inc., et al., Case No. 99 C 2486; Lizabeth Maccagno, et al. v. Payday Check Advance, LLC, et al., Case No. 99 C 2579; Latanda Allen, et al. v. Payday Check Advance, Inc. Case No. 99 C 7656. The cases have all been dismissed or settled during the year 2000 for an aggregate of \$21,600.

Two of these cases, consolidated for appeal purposes, were dismissed by the respective federal district court judges before whom they were pending. The Court of Appeals for the Seventh Circuit affirmed the dismissals. The Plaintiffs filed an appeal with the United States Supreme Court, which appeal was denied.

In April 1999, the Company entered into a settlement agreement with a judgment creditor of the Company, Circuit Court of Cook County, Illinois, Case No. 99 CH 00625, pursuant to which the Company was obligated to make installment payments in the aggregate amount of \$100,000 to the creditor, with all remaining sums due on or before October 15, 1999. In addition, the Company issued 10,000 shares of common stock to the creditor as part of the settlement. On May 12, 2000 the parties entered into a second settlement agreement pursuant to which the Company issued 990,000 shares of the Company's common stock in exchange for a full release of claims (including the judgment) and the return of the 10,000 shares previously delivered to the judgment creditor. These 10,000 shares were subsequently cancelled by the Company.

The Company filed, and subsequently withdrew, a lien suit against a former director seeking the return of 3 million shares of the Company's common stock which the Company alleged was issued in error to such former director as part of a comprehensive buyout of such director's shares. The former director

Edgar Filing: SHC CORP - Form 10KSB

claims the shares were not issued in error. The parties have commenced a dialogue to determine whether any such shares should be returned to the Company. To date, the Company agrees that 500,000 shares were properly issued, leaving 2.5 million shares in dispute. In the event that the parties cannot reach resolution of this matter, the Company may reinstitute the lawsuit.

During 2000 and 2001, the Company received funds totaling \$400,000 from a shareholder. The Company and the shareholder never reached an agreement as to the nature, terms and documentation of the funding. On April 10, 2001, the shareholder made demands on the Company in connection with the funding based on alleged defaults. It is unclear from the demands what the nature of the alleged defaults are or the remedies sought. Management is currently investigating this matter to determine whether a default has occurred and cannot predict with any certainty the outcome of the demands made by the shareholder.

In the first quarter of 2001, a creditor of the Company, on behalf of itself and a group of related creditors, made a demand for payment of certain promissory notes issued by the Company aggregating approximately \$250,000 plus accrued interest. The Company is attempting to negotiate a repayment plan or an extension of the maturity of the notes. Management cannot say whether they will successfully negotiate an acceptable repayment plan or an extension of the maturity of the notes.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

In January 2001, the Company conducted an annual meeting of its shareholders. At the meeting, the shareholders elected directors to the Company's Board of Directors, authorized the grant of certain stock options to Terrence L. Donati, an officer and director of the Company, and authorized the Company to amend its

8

Articles of Incorporation to increase the number of common shares issuable by the Company from 100,000,000 to 250,000,000 and the number of preferred shares issuable by the Company from 1,000,000 to 20,000,000.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED SHAREHOLDER MATTERS

The Company's common stock commenced trading on the NASDAQ Small-Cap Market ("NASDAQ") on August 10, 1995 under the symbol "VMAX" and commencing on April 17, 2000, under the symbol "VMAXE." On September 20, 2000, the symbol changed to "SONM."

On October 23, 1996, the Company received notification from the NASDAQ Listing Qualifications Panel that because the Company did not meet the maintenance criteria for continued listing of its securities on NASDAQ, the Company's Securities would be delisted from NASDAQ effective at the close of business on October 24, 1996. Subsequent to that date, the Securities of the Company have been quoted on the OTC Bulletin Board. The following table sets forth the high and low closing sales price for each quarterly period since January 1, 1999 for the common stock, as reported on the OTC Bulletin Board.

As of December 31, 2000, there were approximately 520 shareholders of record of the Company's common stock.

As part of the sale of certain subsidiaries to Fleetmax, a shareholder, officer and director of the Company was granted a warrant to purchase up to 5,500,000 shares of the Company's common stock at \$.21 per share. Included in the warrant is the right of such shareholder, officer and director to vote all of the underlying shares with respect to all matters presented to the shareholders for a vote. SEE ITEM I - GENERAL AND BUSINESS DEVELOPMENT.

To date, the Company has not paid any dividends on its common stock. The payment of dividends, if any, in the future is within the discretion of the Company's board of directors and will depend upon the Company's ability to generate earnings, its capital requirements, and financial condition and other relevant factors. The Company does not intend to declare any dividends in the foreseeable future.

The Company has issued a significant number of shares in satisfaction or settlement of various liabilities and claims, and to certain related parties in reimbursement and compensation for services rendered on behalf of the Company. See Item 3 - Legal Proceedings and Item 12 - Certain Relationships and Related Transactions. In addition, in 1999, the Company engaged in an exempt offering of its common stock pursuant to section 504 of Regulation D under the Securities Act of 1933, as amended, pursuant to which it issued 8,965,067 shares for \$1,000,435 in cash, which cash was used for general working capital purposes.

GENERAL

The following discussion and analysis should be read in conjunction with the Company's consolidated financial statements and the notes thereto contained elsewhere in this report. The discussion of these results should not be construed to imply any conclusion that any condition or circumstance discussed herein will necessarily continue in the future. When used in this report, the words "believes," "anticipates," "expects," and similar expressions are intended to identify forward-looking statements. Those statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those that are modified by such statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect events or circumstances after the date of this report, or to reflect the occurrence of unanticipated events.

The Company's independent accountants have included an explanatory paragraph in their audit reports making reference to the Company's Notes to Consolidated Financial Statements (Note 1), which discusses the fact that the Company's consolidated financial statements for the years ended December 31, 2000 and 1999 have been prepared assuming that the Company will continue as a going concern. As it has in the past, the Company will need to rely upon debt and equity capital to sustain operations in the future. If such funding is not obtained, the Company will be required to scale back operations and/or to seek a financial re-structure.

RESULTS OF OPERATIONS

YEAR ENDED DECEMBER 31, 2000 COMPARED TO YEAR ENDED DECEMBER 31, 1999

NET REVENUES. The Company had revenues for the year ending December 31, 2000 of \$2,852,504 compared to revenues of \$3,055,856 for the year ending December 31, 1999. This decrease of 6.7% was due to the Company's election to close stores. The number of stores operating at the end of 2000 was 22, compared to 48 at the end of 1999.

COST OF STORE OPERATIONS. For the year ended December 31, 2000 and 1999, the Company had expenses related to store operations of \$1,823,529 and \$2,459,691, respectively. This decrease of 26% was due to the reduction in the number of stores during 2000.

GROSS PROFIT. Gross profit increased 73% from \$596,165 for the year ended in December 1999 to \$1,028,975 for the same period in fiscal 2000. This was due to reductions in certain operating expenses, as poor performing stores were closed, while the loan base declined at a slower rate.

SELLING, GENERAL, AND ADMINISTRATIVE EXPENSE. These expenses increased 27% in the year ended December 31, 2000 from the year ended December 31, 1999. The amounts for 2000 and 1999 were \$3,729,497 and \$2,625,209 respectively. The increase was due primarily to higher expenses associated with professional and consulting services incurred.

PROVISION FOR STORE CLOSINGS. The Company recorded a provision for stores closed during the year. This was necessitated by the Company's lack of funds, after its accelerated growth in 1998 and 1999 had stretched the Company beyond its funding capabilities.

INTEREST EXPENSE. Interest expense in fiscal 2000 was \$544,430, and in fiscal

Edgar Filing: SHC CORP - Form 10KSB

1999 was \$173,427. This increase of 214% was due to increased bank borrowings and other notes payable and higher interest rates during the year and an adjustment to record the beneficial conversion feature of notes payable based upon the excess of the estimated fair market value of the common stock over the conversion price.

NET LOSS. The net loss in fiscal 2000 increased to \$3,794,952 from a net loss of \$2,202,471 in fiscal 1999. This was due to the reasons stated above.

NET OPERATING LOSS CARRYFORWARDS

As of December 31, 2000, the Company had net operating loss carryforwards for income tax purposes of approximately \$10.1 million to offset future taxable income, if any. Under Section 382 of the Internal Revenue Code of 1986, as amended, the utilization of net operating loss carryforwards is limited after an ownership change, as defined in such Section 382, to an annual amount equal to the value of the corporation's outstanding common stock immediately before the date of the ownership change multiplied by the federal long-term tax-exempt rate in effect during the month the ownership change occurred. Due to the ownership change in connection with the initial public offering, the Company is subject to an annual limitation on the use of its net operating losses. Therefore, in the event the Company achieves profitability, such limitation would have the effect of increasing the Company's tax liability and reducing the net income and available cash resources of the Company in the future.

INFLATION

The Company does not believe that inflation has had a material effect on its results of operations. However, there can be no assurance that inflation will not affect the Company's business in the future.

IMPACT OF THE ADOPTION OF RECENTLY ISSUED ACCOUNTING STANDARDS

NEW ACCOUNTING STANDARDS -- In June 1998, the FASB issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"). SFAS 133 establishes new accounting and reporting standards for companies to report information about derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives), and for hedging activities. This statement, as extended by SFAS No. 137, is effective for financial statements issued for all fiscal quarters of fiscal years beginning after June 15, 2000. The Company does not expect this statement to have a material impact on the Company's results of operations, financial position or liquidity.

On December 3, 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements." This bulletin requires the application of specific criteria in determination of the timing of revenue recognition in financial statements and is effective for all fiscal years beginning after December 16, 1999. The Company's accounting policies conform to the requirements of this bulletin and the adoption of this bulletin had no material effect upon the Company's results of operations, financial position or liquidity.

In March 2000, the FASB issued Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation, an Interpretation of APB Opinion No. 25." Interpretation No. 44 provides definitive guidance regarding accounting for stock-based compensation to non-employee directors. Interpretation 44 allows non-employee directors to be treated as "employees" for purposes of applying APB Opinion No. 25. The Company has applied this interpretation to all issuances to non-employee directors during 1999 and thereafter.

LIQUIDITY

The Company had a negative working capital position of \$2,876,135 and \$2,192,610 at December 31, 2000 and December 31, 1999, respectively. The Company has been able to fund its operations via receipts from issuances of common stock and notes payable.

The Company realizes it needs to strengthen its working capital position and over-all financial condition. It has closed 27 stores and was not able to open 5 other stores as it attempted to reduce its losses and improve its cash position. It is in talks with several groups regarding cash infusions via equity or debt capital. If the discussions are not successful, the Company will need to examine various options, such as, closing additional stores, selling stores and/or financial restructuring.

In an effort to reduce debt, the Company has negotiated with three noteholders to exchange their notes for common stock in fiscal 2001. The amount of these notes is approximately \$165,000.

It is management's intention to continue to offer a conversion option of debt-for-stock to certain noteholders and to other creditors. Management does not know how many noteholders, if any, will agree to convert any or all of the amount owed, but believes there will be some conversions.

LITIGATION

The Company and its subsidiaries are defendants in various business-related litigation matters. While these litigation matters involve wide ranges of potential liability, management does not believe the eventual outcome of these matters will have a material adverse effect on the Company's financial statements. In addition, a creditor of the Company has made, on behalf of himself and certain related parties, demand for payment of certain promissory notes issued by the Company in the aggregate amount of approximately \$250,000, including principal and interest. In addition, a shareholder who has loaned \$400,000 to the Company has made certain demands on the Company in connection with the funds. The Company is currently in discussions with both of these parties to negotiate an acceptable repayment plan and identify the nature of the demands, respectively. See Note 9 of the Consolidated Financial Statements.

[LETTER HEAD]

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors and Stockholders of SHC Corp.:

We have audited the consolidated balance sheets of SHC Corp. and Subsidiaries as of December 31, 2000 and 1999, and the related consolidated statements of operations, stockholders' deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of SHC Corp. and Subsidiaries as of December 31, 2000 and 1999, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has suffered substantial losses since inception. Those conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

SHC CORP. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2000 AND 1999

NOTE 1 -- NATURE OF BUSINESS ACQUISITION AND GOING CONCERN

BUSINESS -- SHC Corp. (the Company) was incorporated as an Illinois Corporation on March 22, 1994 and was known as VictorMaxx Technologies, Inc. (VictorMaxx). On January 8, 1998, VictorMaxx closed on an Agreement and Plan of Reorganization (the "Reorganization Agreement") to acquire all of the outstanding capital stock of Sonoma Holding Corporation ("Sonoma"). Subsequent to the Reorganization Agreement, the Company changed its name to SHC Corp. The transaction has been accounted for as a reverse acquisition of VictorMaxx by Sonoma using the purchase method of accounting. No goodwill was recognized in connection with the acquisition.

Edgar Filing: SHC CORP - Form 10KSB

SHC Corp. has seven subsidiaries: Payday Check Advance, Inc.; The Money Market Inc.; Payday Express of America, Inc.; E-Star Systems, Inc.; Sonoma Financial Corporation; Millenium Funding, LLC; and Money Market Payday Express Franchising Inc.

The Company is in the business of making short-term loans called payday loans within the states of Illinois and Indiana in which a customer agrees to execute a post-dated check which includes the base principal amount plus a fee. The Company agrees to hold the check for up to two weeks or until the customer's next pay day, at which time the check is deposited by the Company.

GOING CONCERN -- The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. The Company has incurred \$7.7 million of losses from operations since inception and is highly reliant on obtaining continued financing to satisfy its liquidity requirements. These factors raise substantial doubt about the ability of the Company to continue as a going concern. Management has undertaken measures to reduce its operating costs and has closed many unprofitable stores. Concurrently, management is negotiating with third party lenders and equity investors in an effort to obtain sufficient financing to meet its operating needs.

There can be no assurances that these cost reduction measures will be adequate or that the additional financing, if any, will be sufficient to enable the Company to continue as a going concern.

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

MANAGEMENT'S ESTIMATES -- The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

REVENUE RECOGNITION -- Revenue from service fees is recognized at the time the loans are made.

CONCENTRATION OF CREDIT RISK -- The Company's credit risk arises primarily from accounts receivable in the form of undeposited checks made to customers within the states of Illinois and Indiana. There is no collateral securing these undeposited funds.

CASH -- The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash.

19

ALLOWANCE FOR DOUBTFUL ACCOUNTS -- The Company established a reserve for those loans which may not be paid in full. This amount is an estimate based on previous collection experience. In 2001, the Company sold all loans of one of its subsidiaries with a check date prior to December 1, 2000. Those loans and the respective allowances were written off as of December 31, 2000.

PROPERTY AND EQUIPMENT -- Property and equipment are stated at the lower of cost or net realizable value. Depreciation was computed using the straight-line method over estimated useful lives of three to nine years.

Edgar Filing: SHC CORP - Form 10KSB

Expenditures for maintenance and repairs were charged to operations as incurred. Upon sale or retirement of property and equipment, the cost and the related accumulated depreciation are eliminated from the respective accounts, and the resulting gain or loss is included in the statements of operations.

INCOME TAXES -- The Company recognizes the amount of income taxes payable or refundable for the current year and recognizes deferred tax assets and liabilities for the future tax consequences attributable to differences between the financial statement amounts of certain assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance to the extent that uncertainty exists as to whether the deferred tax assets will ultimately be realized.

PRINCIPLES OF CONSOLIDATION -- The accompanying consolidated financial statements include the accounts of the Company and all of its wholly owned and majority owned subsidiaries. Intercompany transactions and balances have been eliminated in consolidation.

EARNINGS PER SHARE -- The Company has a complex capital structure as defined under SFAS No. 128. Consequently, the generation of earnings results in a dual presentation of basic and diluted EPS. The Company had a loss for 2000 and 1999 and, accordingly, potential common stock equivalents have been excluded from the weighted average share computations because their inclusion would have been anti-dilutive. The numbers of potential common stock equivalents excluded were 32,249,254 and 9,468,954 in 2000 and 1999, respectively.

PROVISION FOR STORE CLOSINGS -- The Company recorded a provision for stores closed during the year. This was necessitated by the Company's lack of funds, after its accelerated growth in 1998 and 1999 had stretched the Company beyond its funding capabilities.

ADVERTISING -- The Company expenses advertising costs as incurred. In 2000 and 1999, advertising expense was \$65,982 and \$79,838, respectively.

NEW ACCOUNTING STANDARDS -- In June 1998, the FASB issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"). SFAS 133 establishes new accounting and reporting standards for companies to report information about derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives), and for hedging activities. This statement, as extended by SFAS No. 137, is effective for financial statements issued for all fiscal quarters of fiscal years beginning after June 15, 2000. The Company does not expect this statement to have a material impact on the Company's results of operations, financial position or liquidity.

On December 3, 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements." This bulletin requires the application of specific criteria in determination of the timing of revenue recognition in financial statements and is effective for all fiscal years beginning after December 16, 1999. The Company's accounting policies conform to the requirements of this bulletin and the adoption of this bulletin had no material effect upon the Company's results of operations, financial position or liquidity.

Edgar Filing: SHC CORP - Form 10KSB

20

In March 2000, the FASB issued Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation, an Interpretation of APB Opinion No. 25." Interpretation No. 44 provides definitive guidance regarding accounting for stock-based compensation to non-employee directors. Interpretation 44 allows non-employee directors to be treated as "employees" for purposes of applying APB Opinion No. 25. The Company has applied this interpretation to all issuances to non-employee directors during 1999 and thereafter.

NOTE 3 -- PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at December 31:

	2000	
	-----	---
Leasehold improvements	\$ 150,208	\$
Fixtures and equipment	203,465	
Vehicles	65,400	
	-----	---
Total	\$ 419,073	\$
	=====	===

The useful lives of property and equipment for purposes of computing depreciation are:

Leasehold Improvements	5-9 years
Fixtures and equipment	3-9 years
Vehicles	3 years

Depreciation expense recorded in 2000 and 1999 was \$101,088 and \$132,245, respectively.

21

NOTE 4 -- INCOME TAXES

The Company did not have a current or deferred provision for income taxes for the years ended December 31, 2000 and 1999. The following presents the components of the net deferred tax asset at December 31, 2000 and 1999:

	2000

BENEFIT OF:	
Operating loss carryforwards	\$ 4,038,936

Edgar Filing: SHC CORP - Form 10KSB

NET DEFERRED TAX ASSETS BEFORE VALUATION ALLOWANCE	4,222,993
LESS: VALUATION ALLOWANCE	(4,222,993)

NET DEFERRED TAX ASSET	\$ -
	=====

The valuation allowance increased \$1,517,981 and \$880,988 during the years ended December 31, 2000 and 1999, respectively. The Company has net operating loss carryforwards of approximately \$10,100,000 of which, \$2,835,000 is limited as to usage because they arose from built in losses of an acquired company. In addition, such losses can only be utilized through the earnings of the acquired company and are limited to a maximum of \$189,000 per year. These losses expire, if unused, in years beginning in 2009.

In addition, Section 382 of the Internal Revenue Code imposes additional limitations on the utilization of Net Operating Loss Carryforwards by a corporation following various types of ownership changes which result in more than a 50% change in ownership of a corporation within a three year period. Such changes may occur as a result of new common stock issuances by the Company or changes occurring as a result of filings with the Securities and Exchange Commission on Schedule 13D and 13G by holders of more than 5% of the common stock, whether involving the acquisition or disposition of common stock. If such a subsequent change occurs, the limitations of Section 382 would apply and may limit or deny the future utilization of the net operating loss by the Company, which could result in the company paying substantial additional federal and state taxes.

The following is a reconciliation of the income tax benefit computed at the federal statutory tax rate with the provision for income taxes for the years ended December 31, 2000 and 1999:

	DECEMBER

	2000

Income tax benefit at statutory rate (34%)	\$ (1,290,283)

NOTE 5 -- STOCK TRANSACTIONS

In January 2001, at the Annual Meeting of Shareholders, the shareholders authorized the Company to amend its Articles of Incorporation to increase the number of common shares issuable by the Company from 100 million to 250 million and the number of preferred shares issued by the Company from 1 million to 20 million.

In connection with the merger between Victormaxx and Sonoma Holding Corporation, the Company issued 12,108,558 shares of common stock and 100,000 shares of its convertible preferred stock ("Preferred Stock") to the stockholders of Sonoma. This issuance was considered to be a recapitalization of Sonoma. Each share of Preferred Stock was convertible into 300 shares of common stock. In June 1998, 70,000 shares of Preferred Stock were converted into 21,000,000 shares of common stock. In July 1998, 30,000 shares of Preferred Stock were converted into 9,000,000 shares of common stock. 7,791,442 shares of stock issued the shareholders of Victormaxx were shown as being issued at a zero cost because Victormaxx had no monetary assets at the time of the merger.

On June 18, 1998, the Company sold all of its interest in its wholly-owned subsidiaries U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., and Sonoma Management Co. ("Sold Subsidiaries") to Fleetmax Corporation and a related party, who is a shareholder, officer and director. Consideration paid by the purchaser was 5.5 million shares of the Company's common stock and debt assumption of \$353,867. The transaction was valued at historical cost to the Company of \$679,060.

In May, 1998, Payday entered into an agreement with a third party which allegedly owned 20% of 1825 Corp., a former Payday subsidiary which owned and operated several Payday stores. Pursuant to the agreement, such third party was to sell and assign all of its 20% interest to Payday in consideration of certain payments by Payday consisting of cash and stock in the Company. Part of the consideration was delivered to and accepted by such third party, and part of the consideration was rejected. The parties were in dispute as to whether the contract was breached and by whom. The third party commenced litigation in the Circuit Court of Will County, Illinois, Case Number 99 L 596. On September 20, 2000, the third party and the Company entered into a settlement agreement pursuant to which the third party released its claims in exchange for the issuance of 450,000 shares of the Company's stock and the payment of an aggregate of \$125,000 on an installment basis plus attorneys fees of \$6,000. The agreement further provides that a default in payments will accelerate all amounts due.

During 1999, the Company issued 8,965,067 shares for \$1,000,435 in cash.

During 1999, the Company issued 1,924,341 shares for services valued at \$295,991.

During 2000, the Company issued 7,760,556 shares of its common stock for \$655,555 in cash.

During 2000, the Company issued 7,841,947 shares of its common stock to various individuals and companies for services rendered in its behalf and compensation. These shares were issued from prices ranging from \$.03 to \$.16 per share.

Edgar Filing: SHC CORP - Form 10KSB

During 2000, the Company issued 3,844,069 shares to holders of various notes in the amount of \$279,066, while creditors accepted 2,020,464 shares as settlement of \$227,964 that the Company owed.

On February 28, 2000, a former director of the Company completed a sale of a majority of the stock owned or contributed by such former director to Midwest Investor Group of Illinois, LLC ("MIG"), a related party as it is owned by family members of the President and a former Chairman and CEO. Concurrently with the consummation of the sale, the former director resigned his position on the Board. In connection with the buyout of the former director, and subsequent transactions related thereto, MIG made contributions to the Company in an aggregate amount of \$527,690. As part of those contributions, the MIG agreed to convert all of such amount into common stock of the Company at a price of \$.10 per share. Based on the number of shares outstanding at the time of the subject transactions, MIG agreed to allow the Company to deliver the shares after and subject to an increase in the number of shares the Company is authorized to issue. Such authorization and increase took place in the first quarter of 2001.

NOTE 6 -- STOCK OPTIONS AND WARRANTS

In July 1995, the Company's Board of Directors and a majority of the Company's shareholders approved the 1995 Stock Option Plan (the "Stock Option Plan") covering up to 750,000 shares of the Company's common stock, pursuant to which, officers and key employees of the Company are eligible to receive incentive and/or non-qualified stock options. The Stock Option Plan expires on January 31, 2005. As of December 31, 2000 and 1999, options for 749,254 shares were outstanding under the plan. These options were issued in 1995 at an exercise price of \$6.00 per share and vest at one, two, and three year anniversary dates from the date of grant. Options issued under the Stock Option Plan expire September 8, 2003. In May 1996, the Company modified the outstanding non-qualified stock options. All options became immediately vested, and the exercise

23

price was reset to \$2.00 per share for current employees. The exercise prices on all other options remain as originally issued.

A summary of the status of the Company's non-qualified stock options as of December 31, 2000 and 1999, and changes during the years then ended is presented as follows:

		2000

		=====	

At December 31, 2000, the weighted average remaining contractual life was 7.30 years.

In 1995, the Company granted certain additional options to purchase 3,375 shares of common stock by certain shareholders and creditors. These options became fully vested at the date of grant and were immediately exercisable. These options expired unexercised during 1998 and 1999. These options are not reflected in the schedule above.

The Company has made a commitment to a former Chairman and CEO to grant him an option to purchase five million shares of Common stock as compensation for his guarantee on certain loans made by the Company. The specific details and terms of this option have not been determined as of March 2001.

At various times during the year, the Company granted options to certain individuals, which included the President and a former Chairman and CEO. Options to purchase 26 million shares were granted at \$.03 per share with immediate vesting and a 10 year period to exercise. This resulted in a charge of \$22,000 to the income statement for 2000.

WARRANTS -- In connection with its 1995 initial public offering, the Company issued warrants to purchase 3,489,700 shares of common stock. The warrants expired unexercised on August 10, 2000.

On June 18, 1998, the Company sold all of its interest in its wholly-owned subsidiaries, U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., and Sonoma Management Co. ("Sold Subsidiaries") to Fleetmax Corporation and a related party, who is a shareholder, officer and director. Consideration paid by the purchaser was 5.5 million shares of the Company's common stock and debt assumption of \$353,867. Concurrently with the surrender of the 5,500,000 shares, such shareholder, officer and director of the Company was granted a warrant to purchase up to 5,500,000 shares of the Company's common stock at \$.21 per share. Included in the warrant is the

right of such shareholder, officer and director to vote all of the underlying shares with respect to all matters presented to the shareholders for a vote.

The Company applies APB Opinion 25, ACCOUNTING FOR STOCK ISSUED TO EMPLOYEES, and related Interpretations in accounting for its plans. Had compensation cost for the Company's stock-based compensation plan been

Edgar Filing: SHC CORP - Form 10KSB

determined based on the fair value at the grant dates for awards under those plans consistent with the method of FASB Statement 123, ACCOUNTING FOR STOCK-BASED COMPENSATION, the Company's net loss and loss per share would have been increased to the pro forma amounts indicated below:

Total Future Minimum Rental Payments	\$ 813,461
	=====

Certain operating leases provide renewal options for periods of three years at their fair rental value at the time of renewal. In the normal course of business, operating leases are generally renewed or replaced by other leases.

Rent expense for 2000 and 1999 was \$630,301 and \$768,100, respectively.

NOTE 9 -- COMMITMENTS AND CONTINGENCIES

In May 1998, the Company and certain of its officers entered into a settlement agreement with a former president, CEO and director to settle all claims and issues between the parties. The terms of the agreement provided for certain payments to be made by or on behalf of the Company to the former president, CEO and director in exchange for the delivery and release to an escrow agent and voting trust of 12,632,568 shares of Company stock held by the former president, CEO and director. A third party ultimately delivered \$650,000, representing the Company's obligation to the escrow agent, and in exchange for such funds, was assigned the Company's rights in and to certain of the escrowed shares. In November, 1999, the former president, CEO and director filed a motion in the United States District Court for the Eastern District of Illinois, Case No. 98 C 1697, seeking to compel distribution of the remaining escrowed shares and alleging that he may be entitled to certain additional shares of the Company's stock based on alleged anti-dilution provisions contained in the settlement agreement. In the fourth quarter of 2000, the Company and the former president, CEO and director and the Company entered into a subsequent settlement agreement that provides for: (i) distribution of the shares which remained in escrow and (ii) the issuance of approximately 1,300,000 shares of the Company's common stock in exchange for a dismissal of the litigation and complete and mutual release of any and all claims between the parties. The shares were issued in February 2001 and the case has been dismissed.

In a related matter, during the second quarter of 2000, the Company negotiated a settlement agreement with its prior counsel (and escrow agent under the aforementioned settlement agreement) pursuant to which such prior counsel resigned as escrow agent and returned 1,000,000 shares of the Company's stock to the Company which had

Edgar Filing: SHC CORP - Form 10KSB

previously been issued to such counsel in exchange for execution of a mutual general release of claims and payment of \$20,000 for fees incurred in acting as escrow agent in the above matter.

Sonoma owns 80% of the outstanding capital stock of Payday. Prior to January 1999, the remaining 20% was held by Argent Enterprises, Inc., an Illinois corporation ("Argent"). Sonoma and Argent are parties to an agreement restricting transfer of the Payday stock. Such agreement grants each party the right of first refusal to purchase any stock of Payday before any such stock may be transferred by a shareholder to any third party. In January 1999, Sonoma and Payday received notice from a third party that such third party was a 20% shareholder of Payday based on a transaction with Argent whereby it acquired such interest. The Company and Payday are currently in the process of investigating such purported transaction in order to determine whether such third party is a shareholder of Payday and whether such purported transaction violated the terms of the shareholders' agreement.

28

In May 1998, Payday entered into an agreement with a third party which allegedly owned 20% of 1825 Corp., a former Payday subsidiary which owned and operated several Payday stores. Pursuant to the agreement, such third party was to sell and assign all of its 20% interest to Payday in consideration of certain payments by Payday consisting of cash and stock of the Company. Part of the consideration was delivered to and accepted by such third party, and part of the consideration was rejected. The parties were in dispute as to whether the contract was breached and by whom. The third party commenced litigation in the Circuit Court of Will County, Illinois, case number 99 L 596. On September 20, 2000, the third party and the Company entered into a settlement agreement pursuant to which the third party released its claims in exchange for the issuance of 450,000 shares of the Company's stock and the payment of an aggregate of \$125,000 on an installment basis plus attorneys fees of \$6,000. The agreement further provides that a default in payments will accelerate all amounts due.

On November 4, 1998, an investor in the Company filed a lawsuit seeking \$250,000 in damages. The plaintiff asserts that he exercised a "put" option with respect to 1,000,000 shares owned by plaintiff, which would allegedly entitle him to "put" such shares to the Company in exchange for \$250,000. The plaintiff claimed that the Company breached an agreement between the parties by failing to honor the put and pay \$250,000 to plaintiff and received a judgment to such effect in May 2000. The parties entered into a settlement agreement pursuant to which the Company agreed to deliver to such party, in exchange for a release of all claims, \$100,000 and 1,500,000 shares of the Company's common stock. The Company performed its obligations under the settlement agreement and the case has been dismissed.

Payday was a defendant in a number of federal class action cases asserting various violations of the Truth in Lending Act, 15 U.S.C., Section 1601, et seq. ("TILA"), Fair Debt Collection Practices Act ("FDCPA"), state consumer fraud claims and unconscionability claims, Sandra Brown et al. v. Payday Check Advance Incorporated, et al., United States District Court Case No. 99 C 2074, 7th Circuit Case No. 99-3110; Marquerite Mitchem v. Payday Check Advance, Inc. et al., United States District Court Case No. 99 C 1869 7th Circuit Case No. 99-3110; Earl Terry v. Payday Check Advance, Inc., et al., Case

Edgar Filing: SHC CORP - Form 10KSB

No. 99 C 2486; Lizabeth Maccagno, et al. v. Payday Check Advance, LLC, et al. Case No. 99 C 2579; Latanda Allen, et al. v. Payday Check Advance, Inc. Case No. 99 C 7656. The cases have all been settled and dismissed for an aggregate amount of \$21,600.

29

In April 1999, the Company entered into a settlement agreement with a creditor of the Company, Circuit Court of Cook County, Illinois, Case No. 99 CM 00625, pursuant to which, the Company was obligated to make installment payments in the aggregate amount of \$100,000 to the creditor, with all remaining sums due on or before October 15, 1999. In addition, the Company issued 10,000 shares of common stock to the creditor as part of the settlement. On May 12, 2000, the parties entered into a second settlement agreement pursuant to which the Company issued 990,000 shares of the Company's common stock in exchange for a full release of claims (including the judgment) and the return of the 10,000 shares previously delivered to the judgment creditor. These 10,000 shares were subsequently cancelled by the Company.

The Company filed, and subsequently withdrew, a lien suit against a former director seeking the return of 3 million shares of the Company's common stock which the Company alleged was issued in error to such former director as part of a comprehensive buyout of such director's shares. The former director claims the shares were not issued in error. The parties have commenced a dialogue to determine whether any such shares should be returned to the Company. To date, the Company agrees that 500,000 shares were properly issued, leaving 2.5 million shares in dispute. In the event that the parties cannot reach resolution of this matter, the Company may reinstitute the lawsuit.

During 2000 and 2001, the Company received funds totaling \$400,000 from a shareholder. The Company and the shareholder never reached an agreement as to the nature, terms and documentation of the funding. On April 10, 2001, the shareholder made demands on the Company in connection with the funding based on alleged defaults. It is unclear from the demands what the nature of the alleged defaults are or the remedies sought. Management is currently investigating this matter to determine whether a default has occurred and cannot predict with any certainty the outcome of the demands made by the shareholder.

In the first quarter of 2001, a creditor of the Company, on behalf of itself and a group of related creditors, made a demand for payment of certain promissory notes issued by the Company aggregating approximately \$250,000 plus accrued interest. The Company is attempting to negotiate a repayment plan or an extension of the maturity of the notes. Management cannot say whether they will successfully negotiate an acceptable repayment plan or an extension of the maturity of the notes.

NOTE 10 -- ACQUISITIONS

During May 1999, the Company acquired Money Market, Inc. ("Money Market") in a business combination accounted for as a purchase. Money Market is primarily engaged in the payday loan business in the State of Indiana. The results of operations of Money Market are included in the accompanying consolidated financial statements since the date of

Edgar Filing: SHC CORP - Form 10KSB

acquisition. The total value of the acquisition was \$140,000, which exceeded the fair value of the net assets of Money Market by \$23,851. The Company elected to expense this amount during the year ended December 31, 1999.

Under the terms of the purchase agreement, at closing, the Company paid \$60,000 in cash, issued 167,000 of common stock valued at \$.15 per share, and signed promissory notes for the remaining \$55,000, which bear interest at 8% and require monthly payments of \$667 through 2003 with a balloon payment due. As of December 31, 2000, the principal balance of these notes was \$48,933.

The following summarized pro-forma (unaudited) information assumed the acquisition of Money Market had occurred on January 1, 1999.

MANAGEMENT

INFORMATION REGARDING EXECUTIVE OFFICERS

Set forth below is information concerning the executive officers and other key employees of the Company who were in office or employed as of the date of this Form 10-KSB.

NAME ----	AGE ---	POSITION -----
Terrence L. Donati	49	President and Secretary
John A. Annerino	59	Chief Executive Officer

Terrence L. Donati, President of the Company. See "Information Concerning Directors" above for a description of Mr. Donati's relevant business experience.

John A. Annerino, Chief Executive Officer. See "Information Concerning Directors" above for a description of Mr. Annerino's relevant business experience. In 1999 a final order of voluntary bankruptcy was entered in connection with American Marine Construction, of which Mr. Annerino was then the President and owner.

Currently, no person is a party to an employment contract with the Company.

Officers are appointed by the board of directors of the Company and its subsidiaries and serve at the pleasure of each respective board. There are no family relationships among the executive officers and/or directors, nor are there any arrangements or understandings between any officer and another person pursuant to which he was appointed to office except as may be hereinafter described.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, directors, and certain shareholders to file reports of

Edgar Filing: SHC CORP - Form 10KSB

ownership and changes of ownership of the Common Stock with the Securities and Exchange Commission. To the Company's knowledge, based on a review of the copies of such reports furnished to the Company, during the Company's twelve (12) month period ending December 31, 2000, management believes all Section 16(a) filing requirements have been complied with. Some of the requisite filings were not filed on a timely basis.

On February 28, 2000, a former director of the Company completed a sale of a majority of the stock owned or contributed by such former director to Midwest Investor Group of Illinois, LLC ("MIG"), a related party as it is owned by family members of the President and a former Chairman and CEO. Concurrently with the consummation of the sale, the former director resigned his position on the Board. In connection with the buyout of the former director, and subsequent transactions related thereto, MIG made contributions to the Company in an aggregate amount of \$527,690. As part of those contributions, the MIG agreed to convert all of such amount into common stock of the Company at a price of \$.10 per share. Based on the number of shares outstanding at the time of the subject transactions, MIG agreed to allow the Company to deliver the shares after and subject to an increase in the number of shares the Company is authorized to issue. Such authorization and increase took place in the first quarter of 2001.

ITEM 10. EXECUTIVE COMPENSATION

DIRECTORS' COMPENSATION

Presently, directors, whether employees of the Company or not, are not compensated for serving as directors.

AGGREGATED OPTION EXERCISES IN 1999 AND 2000 AND OPTION VALUES AS OF DECEMBER 31, 2000 AND 1999

In July 1995, the Company's Board of Directors and a majority of the Company's shareholders approved the 1995 Stock Option Plan (the "Stock Option Plan") covering up to 750,000 shares of the Company's common stock, pursuant to which, officers and key employees of the Company are eligible to receive incentive and/or non-qualified stock options. The Stock Option Plan expires on January 31, 2005. As of December 31, 1999 and 1998, options for 749,254 shares were outstanding under the plan. These options were issued in 1995 at an exercise price of \$6.00 per share and vest at one, two, and three year anniversary dates from the date of grant. Options issued under the Stock Option Plan expire September 8, 2003. In May 1996, the Company modified the outstanding non-qualified stock options. All options became immediately vested, and the exercise price was reset to \$2.00 per share for current employees. The exercise prices on all other options remain as originally issued.

A summary of the status of the Company's non-qualified stock options as of December 31, 2000 and 1999, and changes during the years then ended is presented as follows:

At December 31, 2000, the weighted average remaining contractual life was 7.3 years.

The Company has made a commitment to a former Chairman and CEO to grant him an option to purchase five million shares of Common stock as compensation for his guarantee on certain loans made by the Company. The specific details and terms of this option have not been determined as of March 2001.

At various times during the year, the Company granted options to certain individuals, which included the President and a former Chairman and CEO. Options to purchase 26 million shares were granted at \$.03 per share with immediate vesting and a 10 year period to exercise. This resulted in a charge of \$22,000 to the income statement for 2000.

WARRANTS -- In connection with its 1995 initial public offering, the Company issued warrants to purchase 3,489,700 shares of common stock. The warrants expired unexercised on August 10, 2000.

On June 18, 1998, the Company sold all of its interest in its wholly-owned subsidiaries, U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., and Sonoma Management Co. ("Sold Subsidiaries") to Fleetmax Corporation and a related party, which is a shareholder, officer, and director. Consideration paid by the purchaser was 5.5 million shares of the Company's common stock and debt assumption of \$353,867. Concurrently with the surrender of the 5,500,000 shares, such shareholder, officer and director of the Company was granted a warrant to purchase up to 5,500,000 shares of the Company's common stock at \$.21 per share. Included in the warrant is the right of such shareholder, officer and director to vote all of the underlying shares with respect to all matters presented to the shareholders for a vote.

ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

As of December 31, 2000, there were 97,032,287 shares of Common Stock issued and outstanding. The following table sets forth the number and percentage of Common Stock known by management of the Company to be beneficially owned as of December 31, 2000 by (i) all shareholders known by management of the Company to own 5% or more of the Company's Common Stock; (ii) all directors of the Company; (iii) each executive officer included in the Summary Compensation Table; and (iv) all directors, executive officers and other key employees of the Company as a group (4 persons). Unless stated otherwise, each person so named exercises sole voting and investment power as to the shares of Common Stock so indicated.

NAME OF BENEFICIAL OWNER -----	NUMBER OF SHARES -----	PERCENT -----

D. Desmond Paden (3)	14,900,000	13.2
Michael Pyle (4)	1,180,000	1.2

(1) Mr. Terrence Donati's business address is 40 Skokie Blvd., Suite 450, Northbrook, IL 60118. Of the 21,130,044 shares beneficially owned by Mr. Donati, 10,130,044 shares are owned by Cortona, LLC, a limited liability company and 13,000,000 are owned by Mr. Donati in the form of stock options. Of the 10,130,044 shares, 5,500,000 are in the form of a warrant to purchase common stock, including the right to vote such shares whether the warrant is exercised or not.

(2) Mr. John Annerino's business address is 40 Skokie Blvd., Suite 450, Northbrook, IL 60118.

(3) Mr. Desmond Paden's business address is 580 Milwaukee, Suite 307, Libertyville, IL 60048. Shares include an option to purchase up to 12,000,000 shares provided certain price per share conditions are met. This total does not include the commitment of the Company to issue 5,000,000 additional options to Mr. Paden in exchange for his personal guarantee of certain indebtedness of the Company. The Company and Mr. Paden have not yet agreed on the specific terms for such options.

(4) Mr. Michael Pyle's business address is 40 Skokie Blvd., Suite 450, Northbrook, IL 60118. Of the 1,180,000 shares beneficially owned by Pyle, 480,000 shares are directly owned. 500,000 are owned by him as trustee of a living trust for the benefit a relative, and 200,000 are owned by his spouse.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On September 24, 1997, the Company entered into an agreement to acquire all of the outstanding stock of Sonoma. The transaction, which closed on January 9, 1998, has been accounted for as a reverse acquisition of VictorMaxx by Sonoma using the purchase method of accounting. In connection with the acquisition, the Company issued 12,108,558 shares of its common stock and 100,000 shares of its preferred stock to the shareholders of Sonoma. The former President, Chief Executive Officer and a Director of the Company is a beneficiary of a profit sharing plan and trust that is a shareholder of Sonoma. The preferred shares were convertible into 30,000,000 shares of Common Stock of the Company, and have subsequently been so converted. Additionally, the Company has issued or will issue 1,550,000 shares of its Common Stock to certain creditors of the Company in full satisfaction of their claims against the Company. The creditor group includes the former President, Chief Executive Officer and a Director of the Company and certain former officers and directors of the Company. In addition, the Company has issued or will issue 615,000 shares of its common stock to a group of individuals as a settlement of various employment claims and as compensation for assisting in the consummation of the transaction. Included in this group are certain former officers and directors of the Company.

In May 1998, the Company and certain of its officers entered into a settlement agreement with a former president, CEO and director to settle all claims and issues between the parties. The terms of the agreement provided for certain payments to be made by or on behalf of the Company to the former president, CEO and director in exchange for the delivery and release to an escrow agent and voting trust of 12,632,568 shares of Company stock held by the former president, CEO and director. A third party ultimately delivered

Company's obligation to the escrow agent, and in exchange for such funds was assigned the Company's rights in and to certain of the escrowed shares. In November 1999, the former president, CEO and director filed a motion in the United States District Court for the Eastern District of Illinois, case number 98 C 1697, seeking to compel distribution of the remaining escrowed shares and alleging that he may be entitled to certain additional shares of the Company's stock based on alleged anti-dilution provisions contained in the Settlement Agreement. In the fourth quarter of 2000, the Company and the former president, CEO and director and the Company entered into a subsequent settlement agreement that provides for: (i) distribution of the shares which remained in escrow and (ii) the issuance of approximately 1,300,000 shares of the Company's common stock in exchange for a dismissal of the litigation and complete and mutual release of any and all claims between the parties. The shares were issued in February 2001 and the case has been dismissed

On June 18, 1998, the Company sold all of its interest in its wholly-owned subsidiaries, U.S. Dell, Inc., Brighton Hill Enterprises, Inc., Northstar Petroleum, Inc., Randall Road Corp., and Sonoma Management Co. ("Sold Subsidiaries") to Fleetmax Corporation and a related party, who is a shareholder, officer and director. Consideration paid by the purchaser was 5.5 million shares of the Company's common stock and debt assumption of \$353,867. Concurrently with the surrender of the 5,500,000 shares, such shareholder, officer and director of the Company was granted a warrant to purchase up to 5,500,000 shares of the Company's common stock at \$.21 per share. Included in the warrant is the right of such shareholder, officer and director to vote all of the underlying shares with respect to all matters presented to the shareholders for a vote.

The Board of Directors has agreed to consider reviewing the compensation of certain officers, directors and key employees and anticipates commencing a review of relevant information for such purpose. It is intended that the Company will ultimately provide appropriate compensation to such persons in the future. See Item 10 for further description.

On February 28, 2000, a former director of the Company completed a sale of a majority of the stock owned or contributed by such former director to Midwest Investor Group of Illinois, LLC ("MIG"), a related party as it is owned by family members of the President and a former Chairman and CEO. Concurrently with the consummation of the sale, the former director resigned his position on the Board. In connection with the buyout of the former director, and subsequent transactions related thereto, MIG made contributions to the Company in an aggregate amount of \$527,690. As part of those contributions, the MIG agreed to convert all of such amount into common stock of the Company at a price of \$.10 per share. Based on the number of shares outstanding at the time of the subject transactions, MIG agreed to allow the Company to deliver the shares after and subject to an increase in the number of shares the Company is authorized to issue. Such authorization and increase took place in the first quarter of 2001.
