Item 9. Regulation FD Disclosure:

Simultaneously with the filing of this Current Report on Form 8-K, Stuart M. Carlisle, the Director of Investor Relations of The Hartford Financial Services Group, Inc., sent the following notice to members of the investment community:

To Members of the Financial Community:

We would like to bring to your attention two changes to our Investor Financial Supplement in our North American Property Casualty results that will be shown

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 8-K

in our first quarter earnings (Monday, April 22, after the close of the market, conference call on Tuesday, at 11:00 ET).

- 1) In our Business Insurance segment, written premium had previously been disclosed in three lines (Select Customer, Key Accounts and Other). The Other line included commercial programs and marine business that can be classified as either small commercial or middle markets business. Going forward, premiums in Middle Markets will now include Key Accounts, medium-sized commercial programs and marine business, while Small Commercial will include Select Customer and small commercial programs; the Other line will disappear. The change is intended to clarify the financial reporting within Business Insurance and is consistent with how we manage these two businesses.

- 2) Our personal lines results have previously been separated between the Affinity Personal Lines and Personal Insurance segments. We have combined the reporting of these businesses commensurate with the recent appointment of Paul Kennedy, Senior Vice President of the Personal Lines Division, who now oversees both lines. The combination provides us with more scale and allows us to better leverage the product development, service and technology capabilities across all personal lines. Since we treat them as one business unit organizationally, it made sense to amend our financial reporting to combine the segments. We are also now disclosing written premiums for AARP, Affinity, Standard and Non-Standard business.

We have provided three years of quarterly historical information on the attached spreadsheets and posted these changes on our website so that you can update your models accordingly. Please call me should you have any questions on these changes.

Best.

/s/ Stuart M. Carlisle
