Item 405. Compliance with Section 16(a) of the Exchange Act

Patriot's directors, Patriot's executive officers and anyone owning beneficially more than ten percent of Patriot's equity securities are required under Section 16(a) of the Securities Exchange Act of 1934 to file with the SEC reports of their ownership and changes of their ownership of Patriot's common stock. They must also furnish copies of the reports to Patriot. Based solely on Patriot's review of the reports furnished to Patriot and any written representations that no other reports were required, Patriot believes that during 2009, Patriot's directors and executive officers complied on a timely basis with all applicable Section 16(a) filing requirements.

Item 406. Code of Ethics

Each of Patriot's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer is required to comply with the Patriot National Bancorp, Inc. Code of Conduct for Senior Executive Financial Officers adopted by Patriot's Board of Directors. The Code of Conduct was adopted to deter wrongdoing and promote honest and ethical conduct; full, fair, accurate and timely disclosure in public documents; compliance with law; prompt internal reporting of Code violations, and accountability for adherence to the Code. The Code of Conduct was filed with the Securities and Exchange Commission as an exhibit to Patriot's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2004. All of Patriot's directors, officers and employees are also required to comply with a general Code of Conduct that satisfies the rules set out in Section 406(c) of the Sarbanes-Oxley Act of 2002. Shareholders may request a copy of either Code, without charge, by contacting Robert F. O'Connell, Senior Executive Vice President and Chief Financial Officer, Patriot National Bancorp, Inc., 900 Bedford Street, Stamford, Connecticut 06901 (203) 324-7500.

Item 407(c)(3). Corporate Governance; Material Changes to Shareholder Nomination Procedures

There have been no material changes to the procedures by which Patriot shareholders may recommend nominees to Patriot's board of directors, since the shareholder nominations disclosure was last provided to Patriot shareholders on or about April 30, 2009 in Patriot's Proxy Statement for its 2009 Annual Meeting.

Item 407(d)(4). Corporate Governance; Separately-Designated Audit Committee

Patriot has a separately-designated Audit Committee. The members of the Audit Committee are Messrs. Ferguson, Intrieri and Smyth, each of whom is an independent director under applicable SEC and NASDAQ rules.

Item 407(d)(5). Corporate Governance; Audit Committee Financial Expert

Patriot's Board has determined that Mr. Smyth has the professional experience necessary to qualify him as an "audit committee financial expert" under SEC rules.

Item 11. Executive Compensation

Item 402. Executive Compensation

The Compensation Committee of Patriot's Board of Directors determines executive compensation (other than payments or benefits that are generally available to all other employees of Patriot). The Compensation Committee considers the recommendations of Messrs. De Caro and Howell relative to all executive compensation other than their own.

Objectives of Patriot's Compensation Programs

Patriot does not pay direct cash compensation to its executive officers. However, Patriot's executive officers also serve as executive officers of the Bank and are compensated by the Bank.

Patriot's compensation philosophy is to support its operational goals with effective but straight forward compensation programs. Patriot believes that simple, cash-based incentives will serve Patriot and Patriot's shareholders best. Incentives are generally paid in cash as they reflect a "pay as you go" compensation philosophy. Patriot does not compensate its executives with traditional perquisites such as club memberships, automobiles or travel allowances. Patriot does not maintain a defined benefit retirement plan or an employee stock ownership plan. Patriot has not granted stock options to Patriot's executive officers since 1999, or stock equivalent awards since 2003.

The compensation programs for executive officers are administered by the Compensation Committee and are outcome-oriented; designed to attract, retain and reward the best employees, further Patriot's business objectives and promote shareholder value. The Committee believes it provides attractive, market based compensation programs with performance incentives aligned with shareholder's interests. The Committee believes Patriot's business objectives will be enhanced by this strategy.

The compensation decisions for executive officers are derived after examining available survey and other peer information, and evaluating individual performance and Patriot's performance. However, the Committee has determined that available peer information is

inadequate for Patriot's purposes because of the scarcity of similar institutions in the greater New York area. The Committee does not employ a compensation consultant, but does consult publicly available compensation information and information provided by its advisors when making compensation decisions.

Identification of and Reward Objectives for Each Compensation Program

Compensation paid to Patriot's executive officers in 2009 generally consisted of the following components: Base Salary, short-term cash bonuses available under the Patriot Annual Bonus Plan and participation in Patriot's employee benefit plans. Since 2009 performance goals for the Company were not achieved, no payments were made under the Patriot Annual Bonus Plan or incentive programs tied to stock performance. No stock options or other equity awards were granted to executive officers in 2009. The compensation components, described below, apply to all of the Named Executive Officers.

Base Salaries. In determining base salaries for Patriot's executive officers, the Committee attempts to ensure that base salaries are competitive with New York area financial institutions that Patriot considers to be alternative places of employment for Patriot's executive officers. All of the Named Executive Officers receive a base salary. Mr. Howell voluntarily chose not to take his contractual entitlement to a \$20,000 salary increase for 2009.

Short Term Bonuses. Bonus compensation for executive officers generally consists of cash awards from Patriot's Annual Cash Bonus Plan ("PACBP"). The PACBP provides for cash bonuses based solely on performance. Reward objectives are based on Patriot's annual "profit" for the year. No payments were made under this program for 2009 performance.

Patriot's Reasons for Choosing to Pay Each Compensation Element

The Compensation Committee believes that it is necessary to offer executive officers Base Salary and short term bonuses to attract and retain talented individuals committed to creating long-term franchise and shareholder value. The Compensation Committee believes that the compensation program it has developed is consistent with Patriot's long-term objectives and to attract and retain talented and committed executive officers. However, Patriot and the Committee have and continue to make short-term adjustments to plans due to the financial challenges currently faced by Patriot.

Patriot's Determinations of Amounts of Compensation Paid to Executives

The Compensation Committee considers, determines and approves the mix of Base Salary and short term bonuses payable to the executive officers. The Committee evaluates the performance of the executive officers relative to the PACBP, and makes awards based on job responsibilities and expectations. The Committee additionally takes into account the evaluation of the performance of executive officers from Messrs. De Caro and Howell. The Compensation Committee reviews, but is not conclusively influenced by, available "peer" and survey data in making these determinations.

The Compensation Committee meets at least annually to review and approve the compensation of the executive officers. The decisions made by the Compensation Committee as

to executive compensation are discretionary and are based on an assessment of performance against certain goals.

Descriptions of Each Element of Compensation

Base Salary

The Committee reviews annual base salaries during the fourth quarter of each year. The annual base salaries are designed to be competitive with base salaries for comparable positions at financial institutions similar in size, locale and profile. The actual annual base salary for each officer is not determined using a formula or based on a certain percentage of peer medians, but is determined based on each individual's particular experience, talents, and responsibilities, with consideration of the executive officer's specific responsibilities relative to Patriot's business objectives. In 2009, a salary freeze for all officers was put into effect in respect of the financial challenges currently faced by Patriot. Mr. Howell chose not to take a contractually entitled \$20,000 increase in base salary for 2009.

Patriot's Annual Cash Bonus Plan

The philosophy of the Committee in administering the PACBP is rooted in a "profit sharing" concept in which designated officers, including Patriot's executive officers, participate. Each officer is assigned a number of points by the Board of Directors or its Personnel Committee. The points assigned to each officer are converted into a percentage of the total points assigned to all officers, which percentage is applied to the available "profit" at year end. For these purposes, "profit" is defined as the GAAP equivalent of pre-tax net income. The annual cash bonus is determined strictly by application of this formula. Based on the performance of the Company for 2009, no payments were under this Plan for 2009. All of Patriot's Named Executive Officers participate in the PACBP.

Long Term Cash Incentives

The Named Executive Officers other than Mr. De Caro were awarded long term cash incentives of varying kinds in prior years. Those programs have been discontinued. Mr. Howell has received cash based stock appreciation rights and restricted stock under a discontinued long-term incentive plan. Messrs. Noble, O'Connell and Wolford have received cash based stock appreciation rights. Mr. Wolford also received stock options in 1999 when the Bank reorganized into a holding company structure. The restricted stock rights and stock appreciation rights vest over varying terms of years. They were designed to retain and motivate Patriot's executive officers. They were also designed to align the financial interests of Patriot's executives with those of Patriot's shareholders. The awards are all fully deductible by Patriot for income tax purposes upon exercise or vesting. Patriot also previously provided stock-based, long-term incentive compensation to certain executives in the form of options to purchase common stock and restricted stock awards. Patriot's current compensation philosophy does not include the award of stock options or equivalents.

Other

In addition to the compensation paid to executive officers as described above, executive officers received, along with, and on the same terms as, other employees, certain benefits pursuant to Patriot's 401(k) Plan.

Additional Executive Officer Compensation Considerations

The Compensation Committee generally does not adjust salaries for executive officers during the year, unless it does so to recognize a change in job responsibility or other unforeseen condition. Similarly, the Compensation Committee generally does not adjust targets under the PACBP during the year, provided it may adjust targets in response to tax or accounting changes or adjustments during the year.

The Compensation Committee considers the views and recommendations of Messrs. De Caro and Howell with regard to compensation of the other executive officers. The Compensation Committee itself makes all decisions on executive officer compensation.

Patriot has entered into employment agreements with Mr. Howell and Mr. O'Connell, and change of control agreements with each of Messrs. De Caro, Howell, O'Connell, Noble and Wolford and Mrs. Barbara Budnick. Mr. Howell's employment agreement was entered into effective January 1, 2007 and expired on December 31, 2009. Mr. O'Connell's employment agreement was entered into December 31, 2007 and expires on December 31, 2010. Patriot entered into a change of control agreement with Mr. De Caro in recognition of the importance to Patriot of his continued strategic leadership. Patriot entered into, or enhanced the benefits from, change of control agreements with the other executive officers in recognition of their continued importance to Patriot and their increased responsibilities as a consequence of Patriot's significant growth. Each change of control agreement contains "single trigger" provisions. This means that the officer is entitled to change of control compensation if there is a change of control of Patriot, even if the officer is offered comparable employment with and/or remains in the employ of a successor to Patriot. Each agreement contains a six month non-competition provision that would be effective if any change of control payments are made.

The Compensation Committee considers the effects of tax and accounting treatments when it determines executive compensation. For example, in 1993, the Internal Revenue Code was amended to disallow publicly traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$1 million (Section 162(m) of the Code), unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring Patriot's compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation. The Committee reserves the right, however, in the exercise of its business judgment, to establish appropriate compensation levels for executive officers that may exceed the limits on tax deductibility established under Section 162(m) of the Code. Also, payments under the change of control agreements for the Named Executive Officers are capped based on Section 280G of the Code. If the proposed payments under the agreements would exceed the Section 280G limit on such payments and thereby would impose an excise tax on the officer, the payments would be reduced to an amount that would avoid such additional tax.

Risk Management Related to Compensation Policies and Practices

Based on a review and evaluation of Patriot's compensation policies and programs and corporate governance processes and related risk management and controls, the Compensation Committee has concluded that no material risks arise from Patriot's compensation policies and practices that are reasonably likely to have a material adverse effect on Patriot.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Annual Compensation

The following Summary Compensation Table sets forth certain information with respect to the compensation of Patriot's principal executive officer, principal financial officer and three most highly compensated executive officers during 2009. Each individual listed in the table below may be referred to as a Named Executive Officer or NEO. The material terms of each officer's employment agreement and/or change of control agreement, as applicable, are disclosed below following the Summary Compensation Table. No options or other equity-based awards were made, repriced or otherwise modified during 2009 for any of the Named Executive Officers. Salary and cash bonus payments constitute all of the total compensation for NEO's; they do not receive any equity compensation. No cash bonus payments were made in 2009. Patriot's straight forward executive compensation program emphasizes cash salary and incentives as the principal compensation components for executives.

Employment and Change of Control Agreements

Patriot and the Bank entered into a three-year employment agreement with Charles F. Howell, effective January 1, 2007, pursuant to which Mr. Howell serves as President and Chief Executive Officer of the Bank and as President of Patriot until December 31, 2009. Mr. Howell's base salary was \$275,000 for the first year, \$290,000 for the second year and \$310,000 for the third year; however, Mr. Howell waived his contractually due increase for the third year of the contract for 2009. Mr. Howell is entitled to receive annual discretionary cash bonuses in amounts to be determined by the board of directors; none were provided in 2009.

In the event of the early termination of the agreement with Mr. Howell for any reason other than cause, he would have been entitled to receive a lump sum payment equal to the greater of the aggregate salary payments that would be made to him for the remaining term of the agreement or 18 months of his stipulated base salary at the time of termination.

Patriot and the Bank entered into an employment agreement with Robert F. O'Connell, dated January 1, 2008, pursuant to which Mr. O'Connell serves as Chief Financial Officer and Senior Executive Vice President of the Bank until December 31, 2010. Mr. O'Connell's base salary is currently \$253,323, and is subject to review and increase by the board of directors each year. If Mr. O'Connell's employment terminates without cause (as defined in the agreement), he would be entitled to receive a lump sum payment equal to the greater of the aggregate salary payments that would be made to him for the remaining term of the agreement or 12 months of his stipulated base salary at the time of termination.

Patriot and/or the Bank has/have also entered into substantially similar change of control agreements with Messrs. De Caro, Howell, O'Connell, Noble and Philip W. Wolford and Mrs. Barbara Budnick. The Change of Control Agreements provide that in the event of a Change of Control, as defined in the Agreements, Mr. De Caro, Mr. Howell and Mr. O'Connell may receive lump sum cash payments equal to 2.5 times the greater of their annual salary or compensation, as applicable, Mr. Noble and Mr. Wolford may receive payments equal to two times the greater of their annual salary or compensation and Ms. Budnick may receive a lump sum cash payment

equal to one times the greater of annual salary or compensation. Payments under each of the agreements are capped so as not to exceed the limits of Section 280G of the Internal Revenue Code. The exercise of rights under a change of control agreement by any executive officer will not result in adverse tax consequences to Patriot under Section 280G of the Internal Revenue Code of 1986, as amended.

Potential Payments Upon Termination or Change of Control

Patriot and/or the Bank have entered into certain agreements and maintain certain plans that will require the payment of compensation to Named Executive Officers in the event of a termination of employment or a change of control of Patriot. Those agreements are described above under the caption "Employment and Change of Control Agreements." The amount of compensation payable to each Named Executive Officer in each situation is listed in the tables below. The disclosures assume a payment event having occurred on December 31, 2009.

401(k) Plan

The Bank maintains a tax-qualified 401(k) Plan under Section 401(a) of the Internal Revenue Code with a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code. Employees become eligible to make salary reduction contributions to the 401(k) Plan and to receive any matching or discretionary contributions made to the 401(k) Plan by the Bank on the first day of the quarter coinciding with or next following the date that the employee has attained 21 years of age and completed at least 1,000 hours of service in a period of six to 12 consecutive calendar months.

Under the 401(k) Plan, participants may elect to have the Bank contribute a portion of their compensation each year, subject to certain limitations imposed by the Internal Revenue Code. The 401(k) Plan permits the Bank to make discretionary matching and additional discretionary contributions to the 401(k) Plan. Participants in the 401(k) Plan may direct the investment of their accounts in several types of investment funds.

Participants are always 100% vested in their elective deferrals, matching and discretionary matching contributions and related earnings under the 401(k) Plan. Participants are permitted to receive a distribution from the 401(k) Plan only in

the form of a lump sum payment.

2001 Stock Appreciation Rights Plan

In 2001, Patriot adopted the Patriot National Bancorp, Inc. 2001 Stock Appreciation Rights Plan. Under the terms of the plan, Patriot may grant stock appreciation rights, or SARs, to Patriot officers that entitle them to receive upon exercise, in cash or shares of common stock, the appreciation in the value of the common stock from the date of grant. Each award vests at the rate of 20% per year from the date of grant. Any unexercised rights will expire ten years from the date of grant. As of December 31, 2009, there were 12,000 SARs issued and outstanding.

Subject to the terms of the plan, the Board of Directors may grant a SAR to any eligible participant. A SAR entitles the participant to surrender to Patriot any then exercisable portion of the SAR in exchange for that number of shares of common stock having an aggregate fair market value on the date of surrender equal to the product of (a) the excess of the fair market value of a share of common stock on the date of surrender over the exercise price established by the Board, which shall not be less than the fair market value of a share of common stock on the date the SAR was granted, and (b) the number of shares of common stock subject to such SAR. In lieu of payment in shares of common stock, payment may be made in cash or partly in shares and partly in cash, as determined by the Board.

Generally, an employee will not recognize any taxable income upon the grant of an SAR. At the time the employee receives the common stock or cash for the SAR, the fair market value of shares of common stock or the amount of any cash received generally is taxable to the employee as ordinary income, taxable as compensation. Subject to the discussion under "Certain Tax Code Limitations on Deductibility" below, Patriot will be entitled to a deduction for federal income tax purposes at the same time and in the same amount that an employee recognizes ordinary income from SARs under the Plan.

In the event of a change of control, each SAR will become fully vested and, in the case of SARs will become immediately exercisable.

Patriot's current compensation philosophy does not include the awarding of SARs.

Stock Option Plan

In connection with Patriot's holding company reorganization in 1999, Patriot adopted the Bank's stock option plan. Under this plan, an aggregate of 110,000 shares were available for issuance thereunder, all of which have been awarded. All outstanding options expired on August 17, 2009. There are no shares available for future grant under this plan.

Certain Tax Code Limitations on Deductibility. Section 162(m) of the Code generally limits the deduction for certain compensation in excess of \$1 million per year paid by a publicly-traded corporation to its chief executive officer and the four other most highly compensated executive officers. Certain types of compensation, including compensation based on performance goals, are excluded from the Section 162(m) deduction limitation if certain requirements are satisfied.

Requirements Regarding "Deferred Compensation." Certain awards under the plan may constitute "deferred compensation" within the meaning of Section 409A of the Code, a

recently enacted provision governing “non-qualified deferred compensation plans.” Failure to comply with the requirements of the provisions of the Code regarding participant deferral elections and the timing of payment distributions could result in the affected participants being required to recognize ordinary income for tax purposes earlier than the times otherwise applicable as described in the above discussion and to pay substantial penalties.

Patriot's directors who are also executive officers do not receive compensation for service on the board of directors or any of its committees. In addition, non-employee directors who serve as the chair of a committee that meets at least four times in a year receive an additional \$2,000 per year.

Non-employee directors serving on the board receive an annual award of Patriot common stock at each year's annual meeting valued at \$10,000 based on the last reported sale price on the trading day immediately preceding the Annual Meeting. The award is prorated for directors serving for less than a full year. Patriot paid fees totaling \$195,707 which includes \$55,827 in stock to non-employee directors during the fiscal year ended December 31, 2009. Additionally, there were no Compensation Committee "interlocks" during 2009, which generally means that no executive officer of Patriot served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee.

Item 407(e)(5). Corporate Governance; Compensation Committee; Compensation Committee Report

Item 13. Certain Relationship and Related Transactions, and Director Independence

Item 404. Transactions with Related Persons, Promoters and Certain Control Persons

In the ordinary course of business, the Bank has made loans to officers and directors (including loans to members of their immediate families and loans to companies of which a director owns 10% or more). The total amount of loans to officers and directors outstanding as of December 31, 2009 was \$3,540,593. In the opinion of management, all of such loans were made in the ordinary course of business of the Bank on substantially the same terms, including interest rates and collateral requirements, as those then prevailing for comparable transactions with persons not related to the lender. The Bank believes that at the time of origination these loans neither involved more than the normal risk of collectibility nor presented any other unfavorable features.

Information about transactions involving related persons is assessed by Patriot's independent directors. Related persons include Patriot's directors and executive officers as well as immediate family members of directors and officers. If the independent directors approve or ratify a material transaction involving a related person, then the transaction would be disclosed in accordance with the SEC rules. If the related person is a director, or a family member of a director, then that director would not participate in those discussions.

Item 407(a). Corporate Governance; Director Independence

The Board of Directors has a policy that requires a majority of the directors to be independent within the meaning of applicable laws and regulations and the listing standards of the NASDAQ Global Market. The Board of Directors has affirmatively determined that the following directors, constituting a majority of the Board, are independent: John J. Ferguson, John A. Geoghegan, L. Morris Glucksman, Michael F. Intrieri and Raymond B. Smyth. The Board of Directors has also affirmatively determined that the Audit Committee is comprised entirely of independent directors within the meaning of applicable laws and regulations, the listing standards of the NASDAQ Global Market and Patriot's corporate guidelines set forth in the Audit Committee Charter.

Independence Standards

The Board of Directors examines the independence of the directors annually. For a director to be considered independent, the Board must determine that the director does not have any relationship with Patriot or any of its affiliates, either directly or as a partner, shareholder or officer of an organization that has such a relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

A director will not be considered independent if, among other things, the director has:

- Been employed by the Bank or its affiliates at any time in the current year or during the past three years.
-

- Accepted any payments from the Bank or its affiliates in excess of \$120,000 during any period of twelve consecutive months within the preceding three years (except for Board services, retirement plan benefits, non-discretionary compensation or loans made by the Bank in accordance with applicable banking regulations).
- An immediate family member who is, or has been in the past three years, employed by the Bank or its affiliates as an executive officer.
- Been a partner, controlling shareholder or an executive officer of any “for profit” business to which the Bank made or from which it received, payments (other than those which arise solely from investments in the Bank’s securities) that exceed five percent of the entity’s or the Bank’s consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the preceding three years.
- Been employed as an executive officer of another entity where any of the Bank’s executive officers serve on that entity’s compensation committee.

Item 14. Principal Accountant Fees and Services

During the period covering the fiscal year ended December 31, 2009, McGladrey & Pullen, LLP performed the following audit and audit related professional services and RSM McGladrey, Inc. performed the following tax related professional services:

All Other Fees.	6,900	---
Total:	\$ 484,114	\$ 697,298

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to its chair when expedition of services is necessary. The chair is required to report any decisions to pre-approve such services to the full Audit Committee at its next meeting. The independent auditors and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee approved all of the fees set forth in the table above.
