## Item 8.01 Other Events

Great Southern Bancorp, Inc., the bank holding company of Great Southern Bank, (NASDAQ:GSBC) announced today that the September 7, 2008, United States Treasury Department and the Federal Housing Finance Agency actions with respect to the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) will adversely impact the fair value of the Company's investments in Fannie Mae and Freddie Mac perpetual preferred stock. As previously reported in the Company's Quarterly Report on Form 10-Q for the Quarter Ended June 30, 2008, the Company's perpetual preferred investments in Fannie Mae and Freddie Mac are included in securities available for sale at a cost of \$4.0 million and \$1.8 million, respectively, and have a weighted average coupon rate of 8.02%. These securities currently trade at 5 to 10 percent of par value and are currently not expected to pay dividends. It is unclear if or when the values of such investment securities will improve, or whether such values will deteriorate further. Based on these developments, the Company will record an other-than-temporary impairment and take a non-cash charge to earnings related to these preferred securities for the quarter ending September 30, 2008. The Company does not have any other equity securities issued by Fannie Mae or Freddie Mac.

The Company's management has evaluated the capital condition of both the Company and the Bank, and has concluded that both would remain "well capitalized" under any valuation scenario involving the Fannie Mae and Freddie Mac perpetual preferred stock investment securities.

The following table estimates the capital ratios that the Company and the Bank would have had at June 30, 2008, if it had been assumed that its shares of Fannie Mae and Freddie Mac preferred stock had no value at June 30, 2008, and if the Company was not able to record a tax benefit for the loss.
