PROXY STATEMENT

INTRODUCTION

The Capitol Federal Financial, Inc. Board of Directors is using this proxy statement to solicit proxies from the holders of the Company's common stock for use at the Company's upcoming annual meeting of stockholders. The annual meeting of stockholders will be held at 10:00 a.m. local time on Tuesday, February 22, 2011 at the Bradbury Thompson Center, 1700 S.W. Jewell, located on the Washburn University Campus, in Topeka, Kansas. At the meeting, stockholders will be asked to vote on four proposals. The proposals are set forth in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail below. Stockholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Capitol Federal Financial, Inc. is referred to in this proxy statement from time to time as the "Company," "we," "us" or "our." Certain of the information in this proxy statement relates to Capitol Federal Savings Bank ("Capitol Federal Savings" or the "Bank"), a wholly owned subsidiary of the Company.

On December 21, 2010, the Company completed its conversion (the "Conversion") from the mutual holding company structure and related public stock offering and is now a stock form holding company that is 100% owned by public stockholders. As a result of the Conversion, the Company, a newly formed Maryland corporation, became the holding company for Capitol Federal Savings, and Capitol Federal Financial (formerly the mid-tier holding company of Capitol Federal Savings) and Capitol Federal Savings Bank MHC (a mutual holding company that owned a majority of the stock of Capitol Federal Financial) have ceased to exist. All outstanding shares of Capitol Federal Financial common stock (other than those owned by Capitol Federal Savings Bank MHC, which have been cancelled) were converted into the right to receive 2.2637 shares of Company common stock (the "Conversion Exchange Ratio"). References in this proxy statement to the Company prior to the date of the Conversion refer to Capitol Federal Financial, and the financial information in the accompanying Annual Report to Stockholders for the fiscal year ended September 30, 2010 is for Capitol Federal Financial.

By submitting your proxy, either by executing and returning the enclosed proxy card or by voting electronically via the Internet or by telephone, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board of Directors also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

This proxy statement and the accompanying materials are being mailed to stockholders on or about January 26, 2011.

Your proxy vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly either in the enclosed envelope, via the Internet or by telephone.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will be asked to vote on the following proposals:

- Proposal 1. The election of three directors of the Company.
- Proposal 2. An advisory (non-binding) vote on executive compensation as disclosed in this proxy statement.
- Proposal 3. An advisory (non-binding) vote on whether an advisory vote on executive compensation should be held every year, every two years or every three years.

Proposal 4. The ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending September 30, 2011.

The stockholders also will transact any other business that may properly come before the meeting. Members of our management team will be present at the meeting to respond to appropriate questions from stockholders.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote "FOR" the election of the director nominees named in this proxy statement, "FOR" the advisory vote on executive compensation, for a frequency of every "THREE YEARS" on whether an advisory vote on executive compensation should be held every year, every two years or every three years, and "FOR" the ratification of the appointment of Deloitte & Touche LLP.

Who is entitled to vote?

The record date for the meeting is January 11, 2011. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is the Company's common stock. Each outstanding share of common stock is entitled to one vote for all matters before the meeting; provided, however, that pursuant to Section D of Article 5 of the Company's charter, no person who beneficially owns more than 10% of the shares of the Company's common stock outstanding as of that date may vote shares in excess of this amount. At the close of business on the record date there were 167,493,608 shares of common stock outstanding.

What if my shares are held in "street name" by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker nevertheless will be entitled to vote the shares with respect to "discretionary" items, but will not be permitted to vote your shares with respect to any "non-discretionary" items. In the case of non-discretionary items, the shares will be treated as "broker non-votes." Whether an item is discretionary is determined by the exchange rules governing your broker. It is expected that the ratification of the appointment of Deloitte & Touche LLP will be considered a discretionary item and that all other matters being voted upon will be considered non-discretionary items.

What if my shares are held in the Company's employee stock ownership plan?

We maintain an employee stock ownership plan which beneficially owns approximately 4.2% of the Company's common stock. Employees of the Company and Capitol Federal Savings participate in the employee stock ownership plan. Each participant may instruct the trustee of the plan how to vote the shares of common stock allocated to his or her account under the employee stock ownership plan. If a participant properly executes the voting instruction card distributed by the trustee, the trustee will vote the participant's shares in accordance with the instructions. Where properly executed voting instruction cards are returned to the trustee with no specific instruction as to how to vote at the annual meeting, the trustee will vote the shares "FOR" the election of the director nominees named in this proxy statement, "FOR" the advisory vote on executive compensation, for a frequency of every "THREE YEARS" on whether an advisory vote on executive compensation should be held ever year, every two years or every three years and "FOR" the ratification of the appointment of Deloitte & Touche LLP. In the event the participant fails to give timely voting instructions to the trustee with respect to the voting of the common stock that is allocated to his or her employee stock

ownership plan account, the trustee will vote such shares in the same manner as the trustee votes shares represented by properly executed voting instruction cards returned without specific voting instructions, as described in the preceding sentence. The trustee will vote the shares held in the employee stock ownership plan but not allocated to any participant's account in the same proportion as directed by the participants who directed the trustee as to the manner of voting their allocated shares in the employee stock ownership plan with respect to each proposal.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of the Company's common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. You may vote by mail. If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.
2. You may vote by telephone. If you are a registered stockholder, that is, if you hold your stock in your own name, you may vote by telephone by following the instructions included on the proxy card. If you vote by telephone, you do not have to mail in your proxy card.
3. You may vote on the internet. If you are a registered stockholder, that is, if you hold your stock in your own name, you may vote on the Internet by following the instructions included on the proxy card. If you vote on the Internet, you do not have to mail in your proxy card.
4. You may vote in person at the meeting. If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy form from the institution that holds your shares indicating that you were the beneficial owner of the Company's common stock on January 11, 2011, the record date for voting at the annual meeting.

Can I vote by telephone or on the Internet if I am not a registered stockholder?

If your shares are held in "street name" by a broker or other nominee, you should check the voting form used by that firm to determine whether you will be able to vote by telephone or on the Internet.

Can I change my vote after I submit my proxy?

If you are a registered stockholder, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

- \$ signing another proxy with a later date;
- \$ voting by telephone or on the Internet -- your latest telephone or Internet vote will be counted;
- \$ giving written notice of the revocation of your proxy to the Secretary of the Company prior to the annual meeting;
- or
- \$ voting in person at the annual meeting.

If you have instructed a broker, bank or other nominee to vote your shares, you must follow directions received from your nominee to change those instructions.

What if I do not specify how my shares are to be voted?

If you are a registered stockholder and you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

\$ FOR the election of the three director nominees named in this proxy statement;
\$ FOR the advisory vote on executive compensation;
\$for a frequency of every THREE YEARS on whether an advisory vote on executive compensation should be held every year, every two years or every three years; and
\$FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending September 30, 2011.

Will any other business be conducted at the annual meeting?

The Board of Directors knows of no other business that will be conducted at the meeting. If any other proposal properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to approve the proposals?

Director nominees who receive the highest number of votes for the positions to be filled will be elected. The advisory vote on executive compensation and the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors requires the affirmative vote of the majority of votes cast on the matter. With respect to the frequency of the advisory vote on executive compensation, the choice receiving the greatest number of votes – every year, every two years or every three years – will be the frequency that stockholders will be deemed to have approved.

How will withheld votes and abstentions be treated?

If you withhold authority to vote for one or more director nominees or if you abstain from voting on any of the other proposals, your shares will still be included for purposes of determining whether a quorum is present. If you abstain from voting on the advisory vote on executive compensation or the ratification of the appointment of the independent auditors, your shares will be included in the number of shares voting on that proposal and, consequently, your abstention will have the same practical effect as a vote against that proposal. If you abstain from voting on the frequency of the advisory vote on executive compensation, your abstention will have no practical effect on the outcome of the vote.

How will broker non-votes be treated?

Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum. Otherwise, shares represented by broker non-votes will be treated as shares not entitled to vote on a proposal. Consequently, any broker non-votes will have the following effects:

Proposal 1 Broker non-votes will have no effect on the election of directors or the and 3. vote on the frequency of the advisory vote on executive compensation.

Proposal 2 Broker non-votes will not be counted in determining the number of and 4. shares necessary for approval of the advisory vote on executive compensation or the ratification of the appointment of the Company's independent auditors and will, therefore, reduce the absolute number, but not the percentage, of the affirmative votes required for the approval of each of these proposals.

STOCK OWNERSHIP

The following table presents information regarding the beneficial ownership of the Company's common stock, as of January 11, 2011, by:

- each director of the Company and nominee for election;
- each executive officer of the Company named in the "Summary Compensation Table" appearing below; and
- all of the executive officers, directors and director nominees as a group.

As of the time the printing of this proxy statement commenced, no beneficial owner of more than 5% of the outstanding shares of the Company's common stock was known to the Company.

The address of each of the beneficial owners, except where otherwise indicated, is the same address as that of the Company. An asterisk (*) in the table indicates that the individual beneficially owns less than one percent of the outstanding common stock of the Company. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "SEC"). As of January 11, 2011, there were 167,493,608 shares of the Company's common stock outstanding.

Excludes 45,274 shares held in a trust of which Mr. Brubaker is a beneficiary but not a trustee.

- (7) Mr. Townsend has pledged 97,339 of his shares as collateral for a loan from a third party financial institution unaffiliated with the Company.
- (8) Includes shares held directly, as well as shares held by and jointly with certain family members, shares held in retirement accounts, shares held by trusts of which the individual or group member is a trustee or substantial beneficiary or shares held in another fiduciary capacity with respect to which shares the individual or group member may be deemed to have sole or shared voting and/or investment powers. This amount also includes an aggregate of 425,572 shares of common stock issuable upon exercise of stock options which are currently exercisable or which will become exercisable within 60 days after January 11, 2011.

PROPOSAL I

ELECTION OF DIRECTORS

The Company's Board of Directors is composed of seven members, each of whom is also a director of Capitol Federal Savings. Approximately one-third of the directors are elected annually. Directors of the Company are elected to serve for a three-year term or until their respective successors are elected and qualified.

The following table sets forth certain information regarding the composition of the Company's Board of Directors, including each director's term of office. The Board of Directors, acting on the recommendation of the Nominating Committee, has recommended and approved the nominations of Jeffrey M. Johnson, Michael T. McCoy, M.D. and Marilyn S. Ward to serve as directors, each for a term of three years to expire at the annual meeting of stockholders to be held in 2014. It is intended that the proxies solicited on behalf of the Board of Directors (other than proxies in which the authority to vote for a nominee is withheld) will be voted at the annual meeting "FOR" the election of these director nominees. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors, acting on the recommendations of the Nominating Committee, may recommend. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve if elected. Except as disclosed in this proxy statement, there are no arrangements or understandings between any nominee and any other person pursuant to which the nominee was selected.

(1) As of September 30, 2010.

(2) Includes service as a director of Capitol Federal Savings.

Business Experience and Qualifications of Our Directors

The Board believes that the many years of service that our directors have at the Company and Capitol Federal Savings is one of their most important qualifications for service on our Board. This service has given them extensive knowledge of the banking business and of the Company. Furthermore, their service on our Board committees,

especially in areas of audit, compensation and stock benefits is critical to their ability to oversee the management of Capitol Federal Savings by our executive officers. Service on the Board by our Chief Executive Officer is critical to aiding the outside directors' understanding of the issues that are common in the banking business. Each outside director brings special skills, experience and expertise to the Board as a result of their other business activities and associations. The business experience of each of our directors for at least the past five years and the experience, qualifications, attributes, skills and areas of expertise of each director that further supports his or her service as a director are set forth below. Unless otherwise indicated, each director has held his or her current position for the past five years

Jeffrey M. Johnson. Mr. Johnson is President of Flint Hills National Golf Club, Andover, Kansas, a position he has held since March 2003. From March 1997 until joining Flint Hills, Mr. Johnson was an investment

advisor with Raymond James Financial Services in Wichita, Kansas. Mr. Johnson's extensive knowledge of investments and the regulated financial services industry supports the Board's and the Audit Committee's knowledge in those areas. Before 1997, he served in a variety of restaurant management positions with Lone Star Steakhouse & Saloon, Inc. and Coulter Enterprises, Inc. Mr. Johnson is also part-owner of several restaurants in Lawrence, Manhattan and Wichita, Kansas and parts of Texas. He brings general business, financial and risk management skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to his service on our Compensation Committee. His participation in the Wichita, Kansas business community and his service on local non-profit boards for over 15 years bring knowledge of the local economy and business opportunities for Capitol Federal Savings.

Michael T. McCoy, M.D. Dr. McCoy has been an orthopedic surgeon in private practice for over 25 years. In his private practice, he has employed up to 15 employees and gained the accounting, financial and risk management skill necessary to operate a small business. Since October 2004, he has also served as Chief of Orthopedic Surgery at Stormont Vail Regional Medical Center in Topeka, Kansas. He previously served as Chief of Surgery at Stormont Vail from January 1987 to January 1988. His management and business experience in his private practice and these hospital positions bring knowledge and experience to his service on the Board and the Compensation and Audit Committees. Dr. McCoy is a member of the Kansas Medical Society, the Shawnee County Medical Society, the American Academy of Orthopedic Surgeons and the American Orthopedic Society for Sports Medicine.

Marilyn S. Ward. From 1985 until her retirement in 2004, Ms. Ward was Executive Director of ERC/Resource & Referral, a family resource center located in Topeka, Kansas, where she was responsible for financial operations, including fund-raising, budgeting and grant writing. Ms. Ward currently serves as the president of the board of the Kansas Association of Child Care Resources and Referral Agencies, a state-wide organization that oversees the Kansas network of child care resource and referral agencies, where she is involved in overseeing financial and accounting matters. Ms. Ward also serves on the board and the executive committee of the Kansas Children's Service League which oversees numerous family services programs throughout Kansas. She brings general business, financial and accounting skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to her service on our Audit and Compensation Committees. She has participated in numerous training programs for financial institution directors, which enhances her service as a director.

B.B. Andersen. Mr. Andersen has had a life long career in construction, development and management companies with activities in over 14 states. He is currently involved in various real estate development projects in Colorado, Missouri and Mississippi. Mr. Andersen also owns a company that constructed and managed a conference and business center in Iraq for three years, ending in 2009. He brings general business, financial and risk management skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to his service on our Audit and Compensation Committees. He also brings knowledge of real estate valuation and transactions that support our lending business.

Morris J. Huey, II. Mr. Huey retired from Capitol Federal Savings in January 2010. From June 2002 until his retirement, Mr. Huey served as Executive Vice President and Chief Lending Officer of Capitol Federal Savings and President of Capitol Funds, Inc., a wholly owned subsidiary of Capitol Federal Savings. From August 2002 until his retirement, he also served as President of Capitol Federal Mortgage Reinsurance Company, a wholly owned subsidiary of Capitol Funds, Inc. Prior to that, he served as the Central Region Lending Officer since joining Capitol Federal Savings in 1991. Mr. Huey's many years of service in various areas of Capitol Federal Savings' operations and his duties as Executive Vice President and Chief Lending Officer of Capitol Federal Savings bring a special knowledge of the financial, economic and regulatory challenges the Company faces and he is well suited to educating the Board on these matters.

John B. Dicus. Mr. Dicus became Chief Executive Officer of Capitol Federal Savings and the Company effective January 1, 2003 and became Chairman of the Board of Directors of Capitol Federal Savings and the Company upon the retirement of his father, John C. Dicus (who continues to serve as Chairman Emeritus), from the Board in January 2009. Prior to his appointment as Chief Executive Officer, he served as President and Chief Operating Officer for Capitol Federal Savings since 1996 and for the Company since its inception in March 1999. Before that, he served as Executive Vice President of Corporate Services for Capitol Federal Savings for four years. He has been with Capitol Federal Savings in various other positions since 1985. Mr. Dicus' many years of service in all areas of Capitol Federal Savings' operations and his duties as President and Chief Executive Officer of

the Company and Capitol Federal Savings bring a special knowledge of the financial, economic and regulatory challenges the Company faces and he is well suited to educating the Board on these matters.

Jeffrey R. Thompson. In 2007, Mr. Thompson became Chief Executive Officer of Salina Vortex Corp., a Salina, Kansas-based manufacturing company, after having served as Chief Financial Officer of that company since 2002. From 2001 to 2002, he served as Vice President, Supply Chain, for The Coleman Company, Wichita, Kansas, a manufacturer and marketer of consumer products. From 1992 to 2001, he served in a variety of capacities for Koch Industries, Inc., Wichita, Kansas, including President of Koch Financial Services, Inc. from 1998 to 2001. From 1986 to 1992, he worked in several positions for Chrysler Capital Public Finance, Kansas City, Missouri, primarily in the areas of originating, underwriting and servicing tax-exempt municipal leases. Mr. Thompson has over 25 years of business experience, including 20 years in the financial services business and 15 years with profit and loss responsibility in manufacturing companies. He brings general business, financial and risk management skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to his service on our Compensation Committee. Mr. Thompson is a certified public accountant and his accounting knowledge and experience is important to his service on our Audit Committee. His participation in the Wichita, Kansas business community for over 18 years brings knowledge of the local economy and business opportunities for Capitol Federal Savings.

Director Independence

The Company's Board of Directors has determined that the following directors, constituting a majority of the Board, are "independent directors," as that term is defined in Rule 4200 of the Marketplace Rules of the NASDAQ Stock Market ("NASDAQ"): Directors Andersen, Johnson, McCoy, Thompson and Ward.

Board Leadership Structure and Role in Risk Oversight

The Company currently combines the positions of Chief Executive Officer and Chairman into one position. The Company does not have a lead outside director. The Company believes that this structure is appropriate because of the primarily singular operating environment of the Company, with the Company's focus on being a provider of retail financial services. Having the Chief Executive Officer and Chairman involved in the daily operations of this focused line of operations improves the communication between management and the Board and ensures that the Board's interest is represented in the daily operations of the Company, particularly with regard to risk management.

Risk is inherent with the operation of every financial institution, and how well an institution manages risk can ultimately determine its success. The Company faces a number of risks, including but not limited to credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. The Company's risk areas primarily involve the retail component of the Bank through its retail financial services and focus on single-family lending, including originated and purchased loans.

Management is responsible for the day-to-day management of the risks the Company faces, while the Board has ultimate responsibility for the oversight of risk management. The Board oversees risk through the annual review of all policies of the Bank and Company. In addition, monthly, quarterly and annual reports are prepared for, presented to and reviewed with the Board addressing all major risk and compliance areas. Policies of the Board require risk assessments to be completed, the results of which are generally summarized and presented to the Board or a committee of the Board. The executive officers responsible for managing the various risks in the Bank and Company present reports to the Board as required by policy or as needed.

The Board has integrated the oversight of certain risk areas with the responsibilities of the Audit Committee and the Compensation Committee. The Audit Committee works with the independent Director of Internal Audit to structure risk-based audits, the reports of which are presented to the Audit Committee, and progress toward the approved audit plan is reviewed and the committee is updated at least quarterly. In attempting to determine the appropriate levels and forms of compensation provided to the Bank's and the Company's officers and employees, the Compensation Committee considers whether compensation or incentive plans encourage excessive risk taking.

Board Meetings and Committees

Meetings of the Company's Board of Directors are generally held on a quarterly basis. Meetings of Capitol Federal Savings= Board of Directors, the membership of which is identical to the Company=s Board of Directors, are generally held on a monthly basis. For the fiscal year ended September 30, 2010, the Board of Directors of the Company held 14 meetings and the Board of Directors of Capitol Federal Savings held 16 meetings. During fiscal year 2010, no incumbent director attended fewer than 75% of the aggregate of the total number of meetings of each Board and the total number of meetings held by the committees of each Board on which committees he or she served.

The Company's Board of Directors has standing Executive, Compensation, Stock Benefit, Audit and Nominating Committees. The following is a summary of these committees.

The Executive Committee is currently comprised of Directors John B. Dicus (Chairperson), Andersen and Ward. The Executive Committee meets on an as needed basis and exercises the power of the Board of Directors between Board meetings, to the extent permitted by applicable law. This committee is responsible for formulating and implementing policy decisions, subject to review by the entire Board of Directors. The Executive Committee did not meet during fiscal year 2010.

The Compensation Committee is currently comprised of Directors Andersen (Chairperson), Johnson, McCoy, Thompson and Ward, each of whom is an independent director, as that term is defined in the NASDAQ Marketplace Rules. The Compensation Committee is responsible for reviewing and evaluating executive compensation and administering the Company's compensation and benefit programs. The Compensation Committee also is responsible for:

- reviewing from time to time the Company's compensation plans and, if the Committee believes it to be appropriate, recommending that the Board amend these plans or adopt new plans;
- annually reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluating the Chief Executive Officer's performance in light of these goals and objectives and recommending to the Board the Chief Executive Officer's compensation level based on this evaluation;
- overseeing the evaluation of management, and recommending to the Board the compensation for executive officers and other key members of management. This includes evaluating performance following the end of incentive periods and recommending to the Board specific awards for executive officers;
 - recommending to the Board the appropriate level of compensation for directors;
- administering any benefit plan which the Board has determined should be administered by the Committee; and
- reviewing, monitoring and reporting to the Board, at least annually, on management development efforts to ensure a pool of candidates for adequate and orderly management succession.

The Compensation Committee operates under a formal written charter, a copy of which is available on the Company's website, at www.capfed.com, by clicking "Investor Relations" and then "Corporate Governance." In fiscal year 2010, this committee met five times at the holding company level; the Compensation Committee for Capitol Federal Savings, which serves the same function and has the identical makeup, also met five times during fiscal year 2010.

The charter of the Compensation Committee does not specifically provide for delegation of any of the authorities or responsibilities of the committee. For a discussion of the role of executive officers in setting executive pay, see “Compensation Discussion and Analysis—Role of Management.”

The Stock Benefit Committee is currently comprised of Directors Andersen (Chairperson) and Ward. The Stock Benefit Committee is principally responsible for administering the Company's Stock Option and Incentive Plan and its Recognition and Retention Plan. This committee met three times during fiscal year 2010.

The Audit Committee is currently comprised of Directors Ward (Chairperson), Andersen, Johnson, McCoy and Thompson, each of whom is "independent," as independence for audit committee members is defined in the NASDAQ Marketplace Rules. The Company's Board of Directors has determined that Mr. Thompson is an Audit committee financial expert, as defined in the SEC's rules.

The Audit Committee operates under a written charter adopted by the full Board of Directors, a copy of which is available on the Company's website, www.capfed.com, by clicking "Investor Relations" and then "Corporate Governance." The Audit Committee is appointed by the Company's Board of Directors to provide assistance to the Board in fulfilling its oversight responsibility relating to the integrity of the Company's consolidated financial statements and the financial reporting processes, the systems of internal accounting and financial controls, compliance with legal and regulatory requirements, the annual independent audit of the Company's consolidated financial statements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors and any other areas of potential financial risk to the Company specified by its Board of Directors. The Audit Committee also is responsible for hiring, retaining and terminating the Company's independent auditors. The Audit Committee met seven times in fiscal 2010.

The Nominating Committee is comprised of Directors Thompson (Chairperson), Andersen, Johnson, McCoy and Ward, each of whom is an independent director, as that term is defined in the NASDAQ Marketplace Rules. The Nominating Committee is responsible for identifying and recommending director candidates to serve on the Board of Directors. Final approval of director nominees is determined by the full Board, based on the recommendations of the Nominating Committee. The nominees for election at the meeting identified in this proxy statement were recommended to the Board by the Nominating Committee. The Nominating Committee met twice during fiscal year 2010.

The Nominating Committee operates under a formal written charter adopted by the Board, a copy of which is available on the Company's website, www.capfed.com, by clicking "Investor Relations" and then "Corporate Governance." The Nominating Committee has the following responsibilities under its charter:

- (i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;
- (ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's charter and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable organizations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. The Company's Board of Directors looks for diversity among its members by ensuring directors have backgrounds with diverse business experience, living in our different local geographic markets with sound business experience in many areas of operations of business. The Board looks for experience from individuals with business experience from the top levels of a business, understanding of financial concepts, human resource, marketing and customer service common among all businesses;

- (iii) review nominations submitted by stockholders, which have been addressed to the Company's Secretary, and which comply with the requirements of the Company's charter and bylaws. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations;

(iv) annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary; and

(v) perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Nominations of persons for election to the Board of Directors may be made only by or at the direction of the Board of Directors or by any stockholder entitled to vote for the election of directors who complies with the notice procedures. Pursuant to the Company's bylaws, nominations for directors by stockholders must be made in writing and received by the Secretary of the Company at the Company's principal executive offices no earlier than 120 days prior to the meeting date and no later than 90 days prior to the meeting date. If, however, less than 100 days' notice or public announcement of the date of the meeting is given or made to stockholders, nominations must be received by the Company not later than the close of business on the tenth day following the earlier of the day on which notice of the date of the meeting was mailed or otherwise transmitted or the day on which public announcement of the date of the meeting was first made. In addition to meeting the applicable deadline, nominations must be accompanied by certain information specified in the Company's bylaws.

Stockholder Communications with Directors

Stockholders may communicate with the Board of Directors by writing to: James D. Wempe, Investor Relations, Capitol Federal Financial, Inc., 700 S. Kansas Avenue, Topeka, Kansas 66603.

Board Member Attendance at Annual Stockholder Meetings

Although the Company does not have a formal policy regarding director attendance at annual stockholder meetings, directors are expected to attend these meetings absent extenuating circumstances. All directors of the Company attended last year's annual meeting of stockholders.

Director Compensation

The members of the Boards of Directors of Capitol Federal Savings and the Company are identical. During fiscal 2010, each non-employee director received an annual retainer, paid monthly, of \$22,000 for his or her service on Capitol Federal Savings' Board of Directors and \$22,000 for his or her service on the Company's Board of Directors (\$44,000 in total). Effective January 1, 2011, the combined annual retainer was increased to \$50,000 (\$25,000 for service on Capitol Federal Savings' Board of Directors and \$25,000 for service on the Company's Board of Directors). No additional fees are paid for attending Board or Board committee meetings. Ms. Ward receives \$1,000 for serving as the Audit Committee chair. Each outside director receives \$1,000 for each meeting attended concerning Capitol Federal Savings and/or Company business that is outside of board meetings. During fiscal 2010, John B. Dicus, Chairman, President and Chief Executive Officer, was paid \$12,000 by Capitol Federal Savings and \$12,000 by the Company (\$24,000 in total) for his service as a director of Capitol Federal Savings and the Company.

The following table sets forth certain information regarding the compensation earned by or awarded to each director, other than Mr. Dicus, who served on the Board of Directors of the Company in fiscal 2010. Compensation payable to Mr. Dicus for his service as a director is included in the "Salary" column of the Summary Compensation Table, under "Executive Compensation."

Name	Fees Earned Or Paid in Cash \$(1)	Stock Awards (\$)	Option Awards (\$)	All Other Compensation \$(2)	Total (\$)
B.B. Andersen	\$44,000	---	---	---	\$44,000
Morris J. Huey II	\$37,333	---	---	---	\$37,333
Jeffrey M. Johnson	\$44,000	---	---	\$1,580	\$45,580
Michael T. McCoy, M.D.	\$44,000	---	---	\$1,580	\$45,580
Jeffrey R. Thompson	\$44,000	---	---	---	\$44,000
Marilyn S. Ward	\$45,000	---	---	---	\$45,000

(1) Includes annual retainers for service on the Boards of Directors of both the Company and Capitol Federal Savings, as well as additional fees discussed above. Mr. Huey retired as an executive officer of the Company in January 2010. From October 1, 2009 until his retirement date, Mr. Huey's combined annual retainer for service on both boards was \$24,000 instead of \$44,000.

(2) Represents dividends paid on unvested shares of restricted stock held by Directors Johnson and McCoy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the Company's compensation program, including how it relates to the executive officers named in the compensation tables which follow this section (who we sometimes refer to below and elsewhere in this proxy statement as the "named executive officers," or "NEOs"), consisting of:

- John B. Dicus, our Chairman, President and Chief Executive Officer,
- Kent G. Townsend, our Executive Vice President and Chief Financial Officer,
 - Richard J. Aleshire, our Executive Vice President for Retail Operations,
- Larry K. Brubaker, our Executive Vice President for Corporate Services and
- Rick C. Jackson, our Executive Vice President and Chief Lending Officer.

Set forth below is an analysis of the objectives of our compensation program, the material compensation policy decisions we have made under this program and the material factors that we considered in making those decisions.

Overview of Compensation Program

The Compensation Committee of our Board of Directors (the "Committee"), which consists solely of our independent directors, has responsibility for developing, implementing and monitoring adherence to the Company's compensation philosophies and program. The Stock Benefit Committee (the "Sub-Committee"), also comprised entirely of independent directors, administers and makes stock-based compensation awards from time to time under our 2000 Stock Option and Incentive Plan and our 2000 Recognition and Retention Plan, both of which were approved by our stockholders in 2000. See "Stock Incentive Plans" below. The Committee is mindful of the Company's corporate structure and business strategies, and strives to provide a complete compensation program that provides an incentive to executive officers to maximize the Company's performance with the goal of enhancing stockholder value. The Company's compensation program is based upon the following philosophies:

- preserve the financial strength, safety and soundness of the Company and the Bank;
- reward and retain key personnel by compensating them in the midpoint of salary ranges at comparable financial institutions and making them eligible for annual cash bonuses based on the Company's performance and the individual officer's performance;
- focus management on maximizing earnings while managing risk by maintaining high asset quality, managing interest rate risk within Board guidelines, emphasizing cost control, and maintaining appropriate levels of capital; and
- provide an opportunity to earn additional compensation if the Company's stockholders experience increases in returns through stock price appreciation and/or dividends.

The Company's primary forms of current compensation for executive officers include base salary, short-term incentive compensation and long-term incentive compensation. The Company provides long-term compensation in the form of stock option and restricted stock awards and an employee stock ownership plan ("ESOP"). The Company also has a tax-qualified defined contribution retirement plan, health and life insurance benefits and vacation benefits.

The Company does not have an employment agreement with any officer or employee. The Company currently believes that its named executive officers receive sufficient incentives from the existing compensation program that employment agreements are not necessary to induce them to remain with the Company. As a result of the Conversion however, with the Company no longer being majority owned by a mutual holding company, the Company entered into change in control severance agreements with each of the NEOs in January 2011. Each agreement entitles the executive to a severance payment if the executive's employment is terminated under certain circumstances within six months before or within 24 months after a change in control of the Company. The Company believes that these agreements will help incentivize the executives to continue their employment with the

Company amid the uncertainty that may arise in the event of a change in control. See “Payments Upon Termination or Change in Control.”

The Committee meets as needed during the year to consider all aspects of the Company’s compensation program, including a review at least once per year of a tally sheet for each NEO quantifying every component of the NEO’s compensation package, in order to satisfy itself that the total compensation paid to the NEO is reasonable and appropriate. As discussed in greater detail below under “Role of Management,” the Committee meets with management to receive their analyses and recommendations, as requested by the Committee, considers the information provided to the Committee and makes decisions accordingly.

Base Salary

The Committee sets the base salary for all executive officers of the Company. The Committee seeks to set fair and reasonable compensation levels throughout the Company by taking into account the influences of market conditions on each operational area of the Company and the relative compensation at different management levels in the Company within each operational area. The Committee recognizes that base salary is the only element of the compensation package provided by the Company that is fixed in amount before the fiscal year begins and is paid during the year without regard to the Company’s performance. The base salary for each NEO reflects the Committee’s consideration of a combination of factors, including: competitive market salary, the officer’s experience and tenure, overall operational and managerial effectiveness and breadth of responsibility for each officer. Each named executive officer’s base salary and performance is reviewed annually. Base salary is not targeted to be a percentage of total compensation, although the Committee does give consideration to the total amount of compensation being paid to each NEO when setting NEO base salaries.

The Committee has not used third party consultants or other service providers to present compensation plan suggestions or market data. Instead, the Committee has directed the President and CEO to provide comparable market salary data for executive officers based upon a selected population of comparable financial institutions. The Committee uses three different comparisons for the establishment of base salary.

The most recent comparison information was compiled from information reported in the proxy statements of the financial institutions listed below. The financial institutions selected for comparison purposes were based upon the President and CEO’s knowledge of the selected financial institutions, the comparability of their operations, corporate structure and/or size as appropriate comparisons to the Company. Financial institutions selected for comparison purposes may be added or removed from the list each year as a result of acquisitions, closings, operating in a distressed mode or because another financial institution more appropriately compares to the operations of the Company than a previously listed financial institution.

These comparisons include:

- (1) our executive officer salaries and annual compensation compared with other public thrift institutions with total assets between \$4 billion and \$12 billion in asset size, consisting of the following: TFS Financial (MHC), Washington Federal, First Niagara Financial, NewAlliance Bancshares, Northwest Bancshares, Investors Bancorp (MHC), Provident Financial, and Dime Community Bancshares;
- (2) our executive officer salaries and annual compensation compared with the “Bank Director” magazine’s 2009 Bank Performance Scorecard, First Quarter 2010, by selecting high performing financial institutions from the listed institutions with assets ranging between \$6 billion and \$11 billion, consisting of the following: Signature Bank, United Bancshares, Hancock Holding, Prosperity Bancshares, NewAlliance Bancshares, FNB Corporation,

Investors Bancorp (MHC), Northwest Bancshares, First Midwest Bancorp, MB Financial, Old National Bancorp, Boston Private Holdings, Umpqua Holdings, Park National, Santander Bancorp, United Community Banks and Pacific Capital Bancorp; and

- (3) our executive officer salaries and annual compensation compared with a group of other public thrifts and banks that are the peers used in the appraisal of the Company in connection with the Conversion and the Company's related stock offering, ranging in size from \$2 billion to \$13 billion, consisting of: Bank Mutual, Brookline Bancorp, Danvers Bancorp, Dime Community Bancshares, First Financial Holdings, Flushing Financial Corp, NewAlliance Bancshares, Provident NY Bancorp, TrustCo Bank Corp and Washington Federal.

Bancshares, First Financial Holdings, Flushing Financial Corp, NewAlliance Bancshares, Provident NY Bancorp, TrustCo Bank Corp and Washington Federal.

The first comparison shows how our executive officer salaries and annual compensation compare on a national scale to other thrift institutions, the second comparison shows how our executive officers salaries and annual compensation compare to other high performing banks and thrifts and the third provides a comparison of our executive officer base salaries and annual compensation compared to the fully converted thrifts considered peers for purposes of the appraisal of the Company in connection with the Conversion and the Company's related stock offering, all of which reflect institutions among which we would most likely compete for executive talent. The Committee used information from the most recent proxy statement filed by each company listed above. The Committee received information showing the base compensation of each CEO, CFO and other three NEOs in each company's report. The level of compensation paid to our CEO and CFO are compared directly to the equivalent positions in the listed companies. The compensation paid the first highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our first most highly compensated NEO, not including the CEO or CFO. The compensation paid to the second highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our second most highly compensated NEO, not including the CEO or CFO. The compensation paid to the third highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our third most highly compensated NEO, not including the CEO or CFO.

The Committee reviews the market data provided and does not attempt to set the base salaries of our NEOs at specific target percentiles of the market data provided. The Committee uses this data to set the base salary of each NEO, whose salary is discussed below, in light of the range of base salaries paid among the comparable financial institutions with the objective to be in the middle of the salary ranges for each position. From this, the Committee considers the level of base salary for each NEO of the Company. In general, the range of salaries for the NEOs other than the CEO is narrow because the comparison in range of salaries among non-CEO executive officer positions in the various market comparisons reviewed is not considered significantly different by the Committee to warrant a wider spread in base salary. The salary of the CEO is established to reflect his hands-on approach to leadership and the involvement he provides the Company on a daily basis, the leadership roles he fills in local, regional and national industry-related activities and his direct involvement in addressing stockholder value and stockholder relations.

The Committee does not put as much emphasis on the market comparison information when considering bonus or other incentive compensation as it does on base salary for the Company's executive officers. This is primarily because of the divergence in practice regarding the structure of bonus plans and the types of incentives offered executive officers.

Bonus Incentive Plans

All officers of the Company are eligible to receive cash bonuses on an annual basis under the Short Term Performance Plan ("STPP"), based upon the Company's financial performance and the individual officer's performance during the fiscal year. The cash awards are made in January of the year following the fiscal year end of September 30 (i.e., in January 2011, in the case of the STPP award for the fiscal year ended September 30, 2010). A participant's STPP award may not exceed the percentage of salary specified in the plan for his or her position level. For the Chairman, President and CEO, the maximum percentage is 60%, and for each of the other NEOs, the maximum percentage is 40%. The STPP is intended to:

- promote stability of operations and the achievement of earnings targets and business goals;

- link executive compensation to specific corporate objectives and individual results; and
 - provide a competitive reward structure for officers.

Generally, in November of each fiscal year, after considering management's recommendations (see "Role of Management" below), the Committee sets target, maximum and minimum performance levels for that year. The targeted performance level is the most likely performance level forecasted for the Company in the ensuing fiscal year given the operational considerations described below. As discussed below, the Committee considers three targets in order to focus management on the performance of the Company as a whole: efficiency ratio; basic

earnings per share and return on average equity. By focusing on the overall performance of the Company, over time the Committee believes the value to the stockholder from management's performance will be maximized. In seeking to maximize the performance of the Company, management focuses on all critical risks and objectives of the Company. By not taking excessive credit risk and keeping interest rate risk below levels established by the Board it is believed that the earnings of the Company likely will remain strong over time. By managing the amount of capital of the Bank, the Company benefits by having a proper amount of leverage which improves the opportunities to enhance earnings. Focusing on cost control helps to mitigate risks that operating expenses will rise beyond the level at which they are supportable by the Bank's operating income.

The areas of Company performance targeted consist of the efficiency ratio, basic earnings per share and return on average equity. The efficiency ratio is computed by dividing total non-interest expense by the sum of net interest and dividend income and total other income. Basic earnings per share is calculated in accordance with accounting principles generally accepted in the United States. Return on average equity is computed by dividing net income for the fiscal year by the average month end balance of total stockholders' equity for the thirteen monthly time periods from the prior fiscal year end through the current fiscal year end, ending September 30th. The efficiency ratio, basic earnings per share and return on average equity are equally weighted.

In general, the Company performance targets for the STPP are based upon the ensuing year's forecast of business activity, interest rates, pricing assumptions, operating assumptions and forecasted net income. The Committee requires that the target efficiency ratio for each fiscal year be no worse than the actual efficiency ratio of the just completed fiscal year. The purpose of the efficiency ratio performance target is to focus the officers on keeping operating expenses under control and at the lowest level possible, regardless of the impact of interest rates on the operations of the Company. The targets for earnings per share and return on average equity are established based upon the forecasted performance of the Company and anticipated capital management plans for the Company. Except as noted above with regard to the target efficiency ratio, the targets for each of the performance goals are independent of the prior year's results. Forecasted performance may include the Company's internal forecasts and the forecasts of outside analysts. For fiscal year 2010, the targets were established based upon internally generated (budgeted) performance results and externally generated performance results from analysts who cover the Company. The results were weighted 80% for the internally generated results and 20% for the external results. For fiscal year 2011, because of the then-pending Conversion, the targets were established based entirely on the Company's internal forecasts.

There are two "scales" for each performance target: (i) a "target" scale, which includes increments between the target level of performance and a maximum level of performance, and decrements between the target level of performance and a minimum level of performance; and (ii) an "award scale," which proceeds at one percent increments beginning at 20% in correspondence to the minimum performance level on the target scale, through 60% in correspondence to the target level of performance on the target scale, and up to 100% in correspondence to the maximum level of performance on the target scale. Plan participants will earn a percentage on the award scale for a particular performance target of between 20% (if performance is at the minimum level of performance on the target scale) and 100% (if performance is at or above the maximum level of performance on the target scale). The percentage earned on the award scale for a particular performance target will be zero if performance is below the minimum level of performance on the target scale. The average of the percentages earned on the award scales for the three performance targets represents the total percentage of the maximum possible STPP award each participant has earned for the Company performance component of the STPP award. In order to pay the full amount of an award under the STPP based on performance above the target level, the Committee must determine that the Company had actual net income for the fiscal year in excess of targeted net income for the fiscal year equal to at least five times the aggregate dollar amount of the portion of the total STPP awards for that year that would be made above the target level.

Below is a table showing the targets established and the performance achieved for fiscal years 2010, 2009 and 2008. The “percent of total” columns represent, for each performance target (efficiency ratio, basic earnings per share and return on average equity), the percentage earned on the award scale for that target, based on the level of achievement on the target scale. The “total” column represents the average of the award scale percentages earned for the three performance targets, which, as noted above, represents the total percentage of the maximum possible STPP award that has been earned for the Company performance component of the STPP award. For fiscal year 2010, the level of achievement for each performance target was between the target level and the maximum level of performance on the target scale. For fiscal year 2009, the level of achievement for each performance target was between the minimum level and the target level of performance on the target scale. For fiscal year 2008, the level of achievement for each performance target was at or above the maximum level of performance on the target scale.

Fiscal Year	Target			Performance			Percent of total			Total
	Efficiency Ratio	Basic EPS	ROAE	Efficiency Ratio	Basic EPS	ROAE	Efficiency Ratio	Basic EPS	ROAE	
2010	45.62%	\$0.90	7.02%	43.99%	\$0.93	7.12%	81.00%	74.00%	68.00%	74.00%
2009	44.27%	\$0.94	7.74%	45.62%	\$0.91	7.27%	44.00%	40.00%	25.00%	36.00%
2008	59.28%	\$0.49	4.13%	49.93%	\$0.70	5.86%	100.00%	100.00%	100.00%	100.00%

Each NEO receives ninety percent of his STPP award based upon the achievement of the three pre-established financial performance targets of the Company discussed above. This is intended to focus each named executive officer on maximizing the overall performance of the Company and not on achievement of goals in a particular operational area. Because of the predominance of the focus of the NEO bonuses on the overall performance of the Company, specific individual performance goals are not usually set for named executive officers. Instead, each NEO’s individual contribution to the Company’s performance is a subjective determination by the Committee following discussion with the President and CEO, giving consideration to each NEO’s response to the Company’s changing operational needs during the year.

In fiscal year 2010, the calculated payout was above the target level; however, it was not supported with the appropriate level of actual net income above target net income as described above (i.e., excess of net income above target net income equal to at least five times the aggregate dollar amount of the portion of the total STPP awards for that year that would be made above the target level). As a result, the total amount available for bonus awards under the STPP was reduced 2.9%.

During fiscal year 2010, the Committee approved a clawback provision for the STPP that is applicable to all participants in the STPP. Under this provision, any payment made under the STPP which was based upon materially inaccurate financial statements which requires a restatement or was a result of fraud in determining an individual or company performance metric must be paid back if discovered within 24 months of the filing of the inaccurate financial statement(s) or the discovery of the fraud. The repayment, in whole or in part, is at the discretion of the Committee.

The Committee has the authority under the STPP to reduce bonus awards to executive officers that would otherwise be earned, for any reason the Committee believes appropriate. This may be done for all executive officers or for individual executive officers. The Committee did not exercise any such negative discretion with respect to STPP awards for fiscal years 2010, 2009 or 2008.

The Company also maintains a deferred incentive bonus plan (“DIBP”) for executive officers in conjunction with the STPP. The DIBP is administered as an unfunded plan of deferred compensation with all benefits expensed and

recorded as liabilities as they are accrued. The purpose of the two plans working together is to provide incentives and awards to executive officers to enhance the Company's performance and stockholder value over a four year time horizon. Each named executive officer has the opportunity to defer a minimum of \$2,000 and up to 50% (up to a maximum of \$100,000) of their cash award under the STPP. The amount deferred receives a 50% match that is accrued over a three year mandatory deferral period. The amount deferred plus the 50% match is deemed to have been invested in Company stock on the last business day of the calendar year preceding the receipt of the STPP award at the closing price on that date (e.g., on December 31, 2010, in the case of the STPP award for fiscal year 2010 paid in January 2011), in the form of phantom stock. The number of shares of phantom stock deemed purchased receives dividend equivalents as if the stock were owned by the named executive officer. At the end of the mandatory deferral period, the DIBP is paid out in cash and is comprised of the initial amount deferred, the 50% match, dividend equivalents on the phantom shares over the deferral period and the increase in the market value of the Company's stock over the deferral period, if any on the phantom shares. There is no provision for the

reduction of the DIBP award at the end of the mandatory deferral period if the market value of the Company's stock at that time is lower than the market value at the time of the deemed investment.

For participants in the STPP, it is generally required that the recipient be employed by the Bank through the last day of the fiscal year to receive an award. For participants in the DIBP the recipient must be employed by the Bank through the last day of the deferral period to receive the Company match, dividend equivalents on the phantom shares over the deferral period and the increase in the market value of the Company's stock over the deferral period, if any, on the phantom shares.

Stock Incentive Plans

The Company's Stock Incentive Plans are designed to provide incentives for long-term positive performance of the executive officers by aligning their interests with those of our stockholders by providing the executive officer the opportunity to participate in the appreciation, if any, in the Company's stock price which may occur after the date options or restricted stock awards are granted. The Company maintains two stock incentive plans: The 2000 Stock Option and Incentive Plan and the 2000 Recognition and Retention Plan. The Sub-Committee administers these two plans, determines eligibility and grants awards. Both of these stock incentive plans were approved by stockholders in April 2000. During fiscal year 2010, Mr. Jackson was awarded 11,319 shares of restricted stock and options to purchase 90,547 shares of stock (each as adjusted for the Conversion Exchange Ratio). There were no grants of options or restricted stock during fiscal year 2010 to any other NEO. There were no grants of options or restricted stock to any NEO during fiscal years 2009 and 2008.

As required by the Stock Option and Incentive Plan, stock options have an exercise price that is equal to the average of the bid and ask prices of the last transaction as of the date of the grant approved by the Sub-Committee. The Committee has not set minimum stock ownership levels for any NEO. We do not coordinate the timing of options and stock awards with the release of material non-public information.

Role of Management

The Committee makes all decisions regarding the compensation of our executive officers. The Committee has asked the President and CEO to provide, in addition to the comparable market salary data based upon a selected population of comparable financial institutions at both the regional and national levels, reviews of the performance of each NEO except for himself and recommendations for the salaries of each NEO except for himself and any recommendations for stock awards. Management recommends the target, minimum and maximum performance goals for the Company and the related bonus targets under the STPP to be approved by the Committee. In addition, management may from time to time recommend changes to the compensation program in response to changes in the marketplace in which the Company competes for executive talent and in light of the absolute performance level of the Company. The compensation of the CEO is determined by the Committee without prior recommendations from him. The Committee makes all decisions in light of the information provided and the Committee members' experience and expectations for all NEOs.

Perquisites and Other Personal Benefits

The Company does not provide any perquisites or other personal benefits for any NEO in excess of \$10,000 of the aggregate of perquisites and other personal benefits provided to the NEO.

Retirement and Other Benefits

The Company provides an ESOP and a defined contribution plan to all employees who qualify for participation under each plan. The ESOP provides for the allocation of shares of the Company's common stock annually among all participants based upon each employee's qualifying compensation as a percentage of the total of all qualifying compensation for all participants. Each NEO participates in the ESOP and the defined contribution plan.

The defined contribution plan provides for a match from the Company of \$2 for every \$1 dollar contributed by each participant based upon the required percentage of base salary as determined by the Board. If the participant does not make his or her required contribution, the Company does not make a contribution to the plan. For our 2010, 2009 and 2008 fiscal years, the Company match was 0.5% of each participant's base salary if the participant

contributed 50% of this match amount. Participants in the plan, including NEOs, may make additional contributions to the plan of up to 10.0% of their qualifying compensation.

The Company does not offer any defined benefit plan or post-retirement benefit plan that requires expense to the Company following the termination of employment of any NEO.

The Company provides a life insurance benefit for every employee who works on average more than 20 hours per week. The benefit is 1.5 times the base salary with a cap of \$300,000 in total death benefit. Benefits for all employees in excess of \$50,000 result in taxable income. Each of the NEOs participates in this benefit program.

The Company has provided for the purchase of a life insurance annuity for the CEO. The salary of the CEO has been grossed up for the cost of the annuity and the income tax associated with the resulting imputed taxable income. The Company has provided this gross up because the Company wished to provide the life insurance annuity benefit to the CEO without him having to bear the associated tax obligation. The gross up for this benefit is not included in the base salary of the CEO, but is included in the "All Other Compensation" column of the Summary Compensation Table.

In September 2007, the Bank purchased Bank Owned Life Insurance. Under the terms of the Bank Owned Life Insurance, each insured employee was provided the opportunity to designate a beneficiary to receive a death benefit equal to the insured employee's base salary as of August 27, 2007 if the insured dies while employed by the Bank. All NEOs are insured under the Bank Owned Life Insurance and have designated beneficiaries. Once the NEO's employment with the Bank terminates, the death benefit to the beneficiary of the NEO terminates as well.

Termination or Change in Control Payments

As noted above under "-Overview of Compensation Program," the Company does not currently have an employment agreement with any of its NEOs, but the Company recently entered into agreements with each of the NEOs to provide a severance payment if their employment is terminated within six months before or 24 months after a change in control of the Company. See "Payments Upon Termination or Change in Control."

The terms of our stock options and restricted stock awards provide for accelerated vesting only in the case of a change in control. As of September 30, 2010, our Chief Lending Officer was the only NEO who held unvested stock options or unvested shares of restricted stock. If a change in control of the Company had occurred on that date, the aggregate value that would have been realized by our Chief Lending Officer as a result of the acceleration of the vesting of his unvested stock options and shares of restricted stock, based on the closing price of the Company's common stock on that date, was \$0 and \$98,800, respectively. See "Payments Upon Termination or Change in Control."

Other Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code limits the corporate federal income tax deduction for compensation paid to a publicly held corporation's "covered employees" (defined, per the guidance of the Internal Revenue Service, as the principal executive officer and the three other most highly compensated executive officers named in the summary compensation table) to \$1.0 million per year, to the extent such compensation is not "performance-based compensation" under a plan approved by stockholders. Income recognized by executives upon the exercise of stock options granted by the Sub-Committee under the 2000 Stock Option and Incentive Plan constitutes "performance-based compensation" that is exempt from the 162(m) limitation. However, we have in the past awarded, and may in the future award, compensation that causes a portion of one or more of our executive's total compensation for a particular year to not be tax deductible. The Committee has reviewed and will continue to review on an ongoing basis our executive compensation programs, and propose appropriate modifications to these programs, if the Committee deems them

necessary to implement our compensation programs in a manner that avoids or minimizes any disallowance of tax deductions under Section 162(m). The Committee will balance these considerations against the need to be able to compensate executives in a manner commensurate with performance and the competitive environment for executive talent.

With our adoption of Accounting Standards Codification Topic No. 718, Compensation-Stock Compensation (“ASC Topic 718”) on October 1, 2005, which requires the recognition of compensation expense for stock options, we do not expect that the accounting treatment of differing forms of equity awards to vary significantly. Accordingly, accounting treatment is not expected to have a material effect on the selection of forms of equity compensation in the foreseeable future.

- (1) No compensation information is provided for Mr. Jackson for 2009 or 2008 because he was not a named executive officer for either of those years.
- (2) For 2010, 2009 and 2008, includes director fees of \$24,000 for Mr. Dicus.
- (3) Bonus amounts are reported under the “Non-Equity Incentive Plan Compensation” column.
- (4) The amount in this column is calculated using the grant date fair value of the award under Accounting Standards Codification Topic No. 718, Compensation-Stock Compensation (“ASC Topic 718”), based on the number of restricted shares awarded and the fair market value of the Company’s common stock on the date the award was made. The assumptions used in the calculation of this amount are included in Note 10 of the Notes to Consolidated Financial Statements contained in the Company’s Annual Report on Form 10-K filed with the SEC on November 29, 2010.
- (5) The amount in this column is calculated using the grant date fair value of the award under Accounting Standards Codification Topic 718, based on the fair value of the stock option awards, as estimated using the Black-Scholes option-pricing model. The assumptions used in the calculation of these amounts are included in Note 10 of the Notes to Consolidated Financial Statements contained in the Company’s Annual Report on Form 10-K filed with the SEC on November 29, 2010.
- (6) Represents incentive bonus amounts awarded for performance in fiscal years 2010, 2009 and 2008 under the STPP. The bonuses for fiscal 2010 have been approved by the Compensation Committee of the Company’s Board of Directors but will not be paid until January 2011. The bonus amounts include Capitol Federal Savings’ matching contributions under the Company’s DIBP to those named executive officers who elected to defer receipt of a portion of their bonus for fiscal years 2010, 2009 and 2008, as follows:

	2010	2009	2008
J o h n B .	\$50,000	\$30,062	\$50,000
Dicus			
K e n t G .	\$17,107	\$ 9,108	\$20,790

Brubaker			
R i c k C .	\$10,094	\$ ---	\$ ---
Jackson			

The amount deferred, if any, plus the matching contribution on the deferred amount is deemed to be invested in the Company’s common stock through the purchase of phantom stock units. There will not be any reduction to the payout amount of the phantom stock units if the stock price has depreciated from the beginning of the deemed investment period of the phantom stock units to the end of such period. Receipt of the matching contribution is contingent on the executive officer remaining employed with the Company for a

period of three years following the award of the phantom stock units. For additional information regarding this plan, see "Non-Qualified Deferred Compensation" below.

- (7) Amounts represent matching contributions under Capitol Federal Savings' profit sharing plan, allocations under Capitol Federal Savings' ESOP, premiums on universal life insurance policies, term life insurance premiums and earnings (in the form of Company stock price appreciation (depreciation) and dividend equivalents during the last fiscal year) accrued by the Company on outstanding phantom stock units awarded under the DIBP. For 2010, these include \$1,225, \$51,449, \$60,845, \$738 and \$14,019 for Mr. Dicus; \$1,162, \$48,784, \$0, \$738 and \$5,058 for Mr. Townsend; \$1,128, \$47,386, \$0, \$738 and \$451 for Mr. Aleshire; \$1,128, \$47,386, \$0, \$738 and \$636 for Mr. Brubaker; and \$817, \$34,326, \$0, \$473 and \$165 for Mr. Jackson. Also includes, for Mr. Dicus, the amount reimbursed for all or part of the tax liability resulting from the payment of premiums on a universal life insurance policy of \$18,721, and for Mr. Townsend and Mr. Jackson, dividends paid on unvested shares of restricted stock totaling \$1,374 and \$6,000, respectively.

(1) For each named executive officer, represents the threshold (i.e. lowest), target and maximum amounts that were potentially payable for fiscal 2010 under the Company's STPP. The actual amounts earned under these awards for fiscal 2010 are reflected in the Summary Compensation Table under the "Non-Equity Incentive Plan Compensation" column. For additional information regarding the STPP, see "Compensation Discussion and Analysis—Bonus Incentive Plans."

(2) Represents a restricted stock award to Mr. Jackson subject to the following vesting schedule: 20% annual increments commencing January 26, 2010. The number of shares has been adjusted for the Conversion Exchange Ratio.

(3) Represents stock option awards to Mr. Jackson subject to the following vesting schedule: 20% annual increments commencing January 26, 2010. The number of shares and the exercise price have been adjusted for the Conversion Exchange Ratio.

(4) Represents the grant date fair value of the awards determined in accordance with ASC Topic 718. The assumptions used in calculating the grant date fair value of these awards are included in Note 10 of the Notes to Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K filed with the SEC on November 29, 2010.

As noted under "Compensation Discussion and Analysis," none of the named executive officers have an employment agreement with us, but the Company recently entered into agreements with each of the named executive officers to provide a severance payment if their employment is terminated within six months before or 24 months after a change in control of the Company. See "Payments Upon Termination or Change in Control."
