### **PROXY STATEMENT**

### **ANNUAL MEETING OF SHAREHOLDERS OF GERMAN AMERICAN BANCORP**

**April 24, 2003**

This Proxy Statement is being furnished to shareholders on or about March 28, 2003, in connection with the solicitation by the Board of Directors (the "Board") of German American Bancorp (the "Corporation"), 711 Main Street, Jasper, Indiana 47546, of proxies to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at 10:00 a.m., Jasper time, on Thursday, April 24, 2003, at the principal executive offices of the Corporation, 711 Main Street, Jasper, Indiana 47546.

At the close of business on March 1, 2003, the record date for the Annual Meeting as set by the Board, there were 11,460,649 common shares of the Corporation outstanding and entitled to vote at the Annual Meeting (the "Common Shares"). On all matters, including the election of directors, each shareholder will have one vote for each share held.

If the enclosed form of proxy is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised. The proxy may be revoked by either (a) filing with the Secretary (or other officer or agent of the Corporation authorized to tabulate votes) (i) a written instrument revoking the proxy or (ii) a subsequently dated proxy, or (b) attending the Annual Meeting and voting in person. Unless revoked, the proxy will be voted at the Annual Meeting in accordance with the instructions of the shareholder as indicated on the proxy. If no instructions are given, the shares will be voted as recommended by the Board.

### **PROPOSAL 1 ELECTION OF DIRECTORS**

The Board is divided into three classes, as nearly equal in number as possible, with the terms of the members of one class expiring each year. At the Annual Meeting, shareholders will consider the election of three directors, each to serve a three-year term that will expire at the

## Edgar Filing: GERMAN AMERICAN BANCORP - Form DEF 14A

annual meeting of shareholders in 2006, or such later time as their successors are elected and have qualified. Immediately after the election of directors at the Annual Meeting, the Board will consist of 11 members.

Each director will be elected by a plurality of the votes cast in the election. Shares represented but not voted for any nominee shall not affect the determination of whether a nominee has received a plurality of the votes cast.

### Nominees

It is the intention of the persons named in the accompanying form of proxy to vote such proxy for the election to the Board of the following nominees: David G. Buehler, Joseph F. Steurer and Michael J. Voyles.

### **THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR ALL OF THESE NOMINEES (ITEM 1 ON THE PROXY).**

Each nominee has indicated that he will accept nomination and election as a director. If, however, any such person is unable or unwilling to accept nomination or election, it is the intention of the Board to nominate such other person as a director as it may in its discretion determine, in which event the shares subject to the proxy will be voted for that person.

2

The following table presents certain information as of March 1, 2003, regarding (a) the current directors of the Corporation, including the three nominees proposed by the Board for election at the Annual Meeting and two directors (Mr. Graham and Mr. McCormick) who will retire from the Board of Directors at the Annual Meeting, and (b) those executive officers of the Corporation who are named in the Executive Compensation section of this Proxy Statement. Unless otherwise indicated in a footnote, the principal occupation of each such person has been the same for the last five years and such person possesses sole voting and investment powers with respect to the shares indicated as beneficially owned by him. Unless specified otherwise, each director and named executive officer is deemed to share voting and investment powers over shares indicated as held by a spouse, children or other family members residing with him or by partnerships or corporations with which he is associated. None of the persons named below beneficially owns one percent or more of the Common Shares, except for Mr. Buehler (3.8%); Mr. Hoffman (1.0%); Mr. Lett (2.3%); and Mr. Ruckriegel (3.2%). The Corporation has standing audit, compensation and nominating committees. The Audit Committee, presently consisting of Directors Hoffman (Chairman), Lett, Graham, Mehne, and Steurer, met four times in 2002. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the financial reports and other financial information provided by the Corporation to the shareholders and others, the Corporation's system of internal controls, and the Corporation's audit, accounting, and financial reporting processes generally. The Corporation's Human Resources Committee, presently consisting of Directors Steurer (Chairman), Astrike, Buehler, Graham, Ruckriegel, Schroeder (ex officio) and Seger, met four times during 2002. The Human Resources Committee sets compensation for executive officers of the Corporation (except the Chief Executive Officer) and makes salary and bonus recommendations to the Board with respect to the Chief Executive Officer. During 2002, the Human Resources Committee also administered the grant of options and other awards under the Corporation's stock option and equity incentive plans. The Governance/Nominating Committee, presently consisting of Directors Astrike (Chairman), Hoffman, Lett, Seger, and Voyles, was formed in December 2002 (but did not meet in 2002) for the purpose of assisting the Board of Directors with respect to the composition, performance and functioning of the Board of Directors and the effectiveness of the Corporation's corporate structure and governance. In the course of recommending to the Board of Directors the names of nominees for election or re-election to the Board of Directors at the 2004 annual meeting of shareholders, the Governance/Nominating Committee will give due consideration (based on individual qualifications and the needs of the Board of Directors as determined from time to time by the Committee) to persons who may be timely recommended by shareholders in writing. Shareholders should submit any recommendations for the 2004 annual meeting by letter addressed to the Chairman of the Governance/Nominating Committee in care of the Secretary of the Corporation, which letter must be received by the Secretary at the Corporation's principal executive offices on or before December 1, 2003.

### **Compensation of Directors**

The Corporation compensates its directors for their service to the Corporation and the Corporation's subsidiary banks through annual retainers which are earned regardless of the number of meetings held or attended, and regardless of committee membership or attendance. Under this annual retainer program, the Corporation on June 1, 2002 (a) awarded each of its directors, including Mr. Schroeder, (i) shares of common stock with a value on the date of award of \$2,000, and (ii) an option to purchase 1,050 Common Shares exercisable for ten years (five years in the case of Messrs. Graham and McCormick) at an exercise price of \$15.67 per share, which was not less than the market value of the stock at the date of grant, and (b) granted each director additional Common Shares with a value of \$5,200, or in lieu thereof and at the director's election, a \$4,000 cash payment.

Except for Mr. Graham, all of the members of the Board served on the Board of Directors of at least one of the subsidiary banks during 2002, as disclosed above under "Subsidiary Board Memberships." Each of such directors (other than Mr. Schroeder, who as a salaried employee of the Corporation was ineligible) received additional compensation for his service to such subsidiaries during 2002. Under the Corporation's annual retainer program described above, the members of the Board of Directors of each subsidiary (including members who are also directors of the Corporation, except Mr. Schroeder) were awarded the same package of Common Shares offered by the Corporation to the Corporation's directors, except that members of the subsidiary Boards of Directors were not granted stock options for their service on those Boards.

Mr. Astrike has provided consulting services to the Corporation since his retirement as the Corporation's Chief Executive Officer effective December 31, 1998, pursuant to a consulting agreement. In August 2000, the Board of Directors amended Mr. Astrike's consulting agreement to provide for the payment to him during 2000 of the present value of the remaining payments due to him under that agreement, and extended by approximately 16 months the period during which Mr. Astrike's deferred compensation retirement balance could continue to remain on account with The German American Bank and accrue interest under his 1993 executive deferred compensation agreement. There were no payments made to Mr. Astrike during 2002 for Mr. Astrike's consulting services under the consulting agreement, although Mr. Astrike was paid fees for his service to the Corporation and to The German American Bank as a director (including fees for his service on committees of the Board of Directors of each such entity) on the same basis as other non-employee directors.

#### **REPORT OF THE AUDIT COMMITTEE**

The Audit Committee functions under a written charter that was adopted by the Board of Directors of the Corporation during 2000. The Audit Committee is providing this report in accordance with that charter and the rules of the SEC.

**Independence of Audit Committee Members**

The Audit Committee is comprised of five members of the Corporation's Board of Directors. All of the members of the Audit Committee are independent, as that term is presently defined by the requirements of the National Association of Securities Dealers for quotation of the Corporation's stock on the Nasdaq Stock Market.

**Review with Management and Independent Accountants**

Management is responsible for the Corporation's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and review these processes.

In this context, the Audit Committee has met and held discussions with management and with Crowe, Chizek and Company LLP, the independent accountants for the Corporation with respect to the Corporation's consolidated financial statements for the calendar year 2002. Management represented to the Audit Committee that the Corporation's consolidated financial statements as of and for the year ended December 31, 2002 were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed these consolidated financial statements with management. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The independent accountants also provided to the Audit Committee the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence. The Audit Committee also considered whether the independent accountants' provision of non-audit services to the Corporation is compatible with maintaining that firm's independence.

Based upon the discussions and reviews referred to above, the Audit Committee has recommended to the Board of Directors that the financial statements referred to above be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2002.

SUBMITTED BY THE MEMBERS OF THE AUDIT COMMITTEE:

William R. Hoffman, Chairman

David B. Graham	J. David Lett

- 1 Under the Corporation's Executive Management Incentive Plan, cash incentive awards that are earned for services during a given year are generally paid in quarterly installments during the following year, subject to their continued service. Due to this one-year continuing service requirement, the Corporation in its prior annual meeting proxy statements had categorized such awards in the Summary Compensation Table as being earned in the year in which they were paid. Commencing with this Proxy Statement, the Corporation is retroactively reclassifying cash incentive awards as having been earned in the year in which the services were performed, not the subsequent year in which they are paid, and is including in the "Bonus" column for the year 2002 those amounts that will be paid, assuming continued service, in the year 2003 to the indicated executive officers.
- 2 The numbers of shares underlying options have been retroactively adjusted to reflect subsequent stock dividends and are rounded to the nearest whole share.
- 3 Mr. Schroeder's cash incentive award for 2002 has not yet been determined.

**Option/SAR Grants In Last Fiscal Year**

The following table presents information on the stock option grants that were made during 2002 to the named executive officers pursuant to the German American Bancorp 1999 Long-Term Equity Incentive Plan (the "1999 Plan"). The numbers of options and per share exercise prices have been retroactively adjusted to reflect subsequent stock dividends and fractional shares have been ignored. The potential realizable values set forth in the table are rounded to the nearest dollar and are presented in accordance with SEC requirements and are not intended to forecast possible future appreciation of the Corporation's Common Shares.

- 1 All options granted under the 1999 Plan (including all options granted during 2002 that are described in this table) provide that if an optionee tenders Common Shares already owned by the optionee as payment, in whole or in part, of the exercise price for the Common Shares that the optionee has elected to purchase under the option, then the Corporation is obligated to issue a "replacement option" of the same type (incentive or non-qualified option), with the same expiration date as the option that was exercised, and covering a number of Common Shares equal to the number of Common Shares tendered. The per share exercise price of the replacement option equals the fair market value of a Common Share of the Corporation on the date of exercise of the original option. Replacement options are not exercisable for a period of 12 months following the date of grant and are subject to cancellation if during such 12-month period the optionee sells any Common Shares of the Corporation other than in payment of the exercise price of another option under a stock option plan. The 1999 Plan also provides that if a corporate reorganization would result in the termination of the 1999 Plan and unexercised options, then all unexercised options will become immediately exercisable regardless of any vesting requirements.

10

- 2 This option grant was awarded to Mr. Schroeder by the Board of Directors under the annual director retainer program and therefore was exercisable immediately upon granting.
- 3 These options grants were made to the executive officers by the Human Resources Committee under the Executive Management Incentive Plan, and therefore were not exercisable on the date of grant but become exercisable in accordance with a vesting schedule that permits the holders to exercise 20% of the options granted following the first anniversary of the grant date, with an additional 20% vesting on each of the next four anniversaries.
- 4 Signifies replacement options (described by note 1 above).

Last Fiscal Year and Fiscal Year-End  
Option/SAR Values**

The following table sets forth information with respect to options exercised during 2002 and the December 31, 2002, values of the holdings of "in-the-money" options by the named executive officers. An option is considered to be "in-the-money" if and to the extent that the December 31, 2002, market value of the Common Shares exceeded the applicable option exercise price. (Numbers of options and per share exercise prices have been retroactively adjusted to reflect subsequent stock dividends and are rounded to the nearest dollar).

**Committee Report  
on Executive Compensation**

Overall Compensation Policy

The Human Resources Committee (the "Committee") of the Board of Directors of the Corporation has the responsibility for establishing all compensation for the Corporation's executive officers, except that (a) the entire Board of Directors determines, with the recommendation of the Committee, the salary and incentive cash payment award of Mark A. Schroeder for his services as the Corporation's Chief Executive Officer (CEO), (b) commencing with stock options or other awards granted in 2003, a newly-created Stock Option Committee of the Board of Directors will make the awards of any stock options or other grants that may be made to executive officers under the Corporation's 1999 Long Term Equity Incentive Plan, and (c) the grant of options, stock awards, and other compensation to the CEO in his capacity as a member of the Board of Directors of the Corporation is determined by the entire Board of Directors without recommendation of the Committee. The Board of Directors did not modify or reject in any material way any action or recommendation of the Committee in respect of the compensation of the CEO or any other executive officer for 2002.

11

The Committee is currently composed of seven members, consisting of five non-employee directors who are not executive officers and are not eligible to participate in any management compensation programs; one non-employee director (Mr. Astrike) who is Chairman of the Board and retired chief executive officer of the Corporation and who continues to provide consulting services to the Corporation; and the Corporation's Chief Executive Officer (Mr. Schroeder), who serves ex officio and who absents himself from discussions and voting in relation to his own compensation. Consistent with past practice, an independent compensation consulting firm, Hay Group, Inc., was retained by the Corporation to advise the Committee on all compensation matters for the year 2002.

The primary goals of the Committee in determining compensation policy are to provide a level of compensation that will attract, motivate and help retain well-qualified executive officers and to further enhance shareholder return by more closely aligning the interests of executive officers with the interests of the Corporation's shareholders. The Committee attempts to attain these goals by setting total compensation at competitive levels considering an executive officer's individual performance while also providing effective incentives tied to the Corporation's overall financial performance. The executive compensation program consists of three basic elements: (1) base salary, (2) cash incentive awards, and (3) stock option awards.

Base Salary

The Corporation attempts to provide the executive officers with a base salary that is competitive with the salaries offered by the other bank holding companies of comparable size in Indiana and the surrounding states. For 2002, the Committee (without the participation of the CEO) recommended to the entire Board of Directors the amount of the base salary of the CEO. The base salaries of the Corporation's other executive officers for 2002 were determined by the Committee with recommendations from the CEO.

When the Committee determined 2002 salaries, it first determined salary ranges for each executive position based estimated compensation data for a Midwest bank peer group that was provided by the Hay Group, Inc. From this data, the Committee established salary ranges for the CEO and each other executive position within the organization for 2002. These salary ranges ranged from 80% to 120% of a midpoint value, which represented approximately the median of the estimated base salaries paid to comparable positions across the Hay Group, Inc.'s

## Edgar Filing: GERMAN AMERICAN BANCORP - Form DEF 14A

recommended Midwest bank peer group. Within these ranges, the Committee determined 2002 base salary for the executive officers in accordance with the guidelines of the Corporation's salary administration program and performance review system.

The Committee determined its recommended CEO base salary for 2002 by applying the methodology described in the preceding paragraph. Accordingly, the Committee determined a salary range between 80% and 120% of the median estimated 2002 base salary of the CEO's of other Midwest bank organizations that were included in the Hay Group, Inc., peer group. The Committee then recommended to the Board of Directors that the CEO's 2002 base salary be fixed within that range, and the Board of Directors accepted this recommendation. In prior years, the CEO's base salary (unlike those of other executive officers) was not determined in accordance with peer group methodology but was determined in the discretion of the Committee. Accordingly, although the Committee recommended (and the Board approved) that the CEO's base salary for 2002 be fixed at an amount that was greater than his base salary for 2001 and the Committee, in the exercise of its discretion, considered the overall financial performance of the Corporation and the CEO in making this recommendation, the Committee did not act with reference to any specific corporate or individual financial performance measure in recommending the CEO's 2002 base salary.

### Cash Incentive Awards

During 2002, the Corporation continued to maintain an Executive Management Incentive Plan for certain key officers, including the executive officers named in the above Summary Compensation Table. The CEO was included in this Plan for the first year during 2002. Under this Plan, the Corporation pays additional compensation in the form of annual cash incentive awards and option grants, contingent upon the achievement of certain goals. The Committee assigns each officer a "scorecard" under the Plan, which establishes specific corporate and shareholder-related performance goals balanced by the officer's area of responsibility, his or her business unit, and his or her expected individual level of contribution to the Corporation's achievement of its corporate goals.

12

The Corporation will pay cash incentive awards, to the extent that they are earned for services during 2002 in accordance with 2002's scorecards, to executive officers (other than the CEO) in quarterly installments during 2003, contingent only upon such executive officer's continued employment with the Corporation through the date of payment of each quarterly installment. The cash incentive award amounts payable in 2003 to executive officers other than the CEO are presently determinable and are included in the 2002 information reported for these other executive officers in the Summary Compensation Table. The Committee expects to recommend to the Board of Directors (for consideration by the Board during April 2003) that the CEO be paid a cash incentive award for his services to the Corporation during 2002 as CEO. Although the recommended amount is expected to be determined with reference to the CEO's 2002 scorecard under the Executive Management Incentive Plan, the Committee has not yet determined the amount to be recommended or the timing during 2003 of the payment of such amount.

During 2002, the Committee determined and recommended to the Board of Directors, and the Board of Directors at its April 2002 meeting approved, the payment of a cash award to the CEO for his services to the Corporation as CEO during 2001 in the amount of \$50,032. This recommended amount was determined in the discretion of the Committee with a view to the Corporation's and the CEO's 2001 financial performance, but without reference to any specific corporate or individual financial performance measure.

### Stock Option Awards

The Corporation's 1999 Long Term Equity Incentive Plan (the "1999 Plan") provides for the award of incentive and non-qualified stock options and other equity-based awards. The purpose of granting options is to provide long-term incentive compensation to complement the short-term focus of annual cash incentive awards. The size of stock option awards depends upon an optionee's level of responsibility and individual performance. Stock options are granted at or above the estimated fair market value of a Common Share of the Corporation on the date of grant.

During 2002, the Committee administered the 1999 Plan and the Corporation's prior stock option plan. A summary of the grants of options awarded by the Committee in 2002 to the executive officers who are named in the Summary Compensation Table is included in the above table headed "Option/SAR Grants in Last Fiscal Year" (the "Option Grant Table"). As indicated by the notes to the Option Grant Table, several of the 2002 option grants to the named executive officers (including those made to the CEO) were "replacement options" that were granted to replace an optionee's position in shares of the Corporation that were tendered by such executive officers in payment of the exercise price of other options that were exercised in 2002, pursuant to the contractual entitlement of the optionees under the terms of options granted in prior years. In addition, each of the named executive officers received one or more grants of new options, in the discretion of the Committee. Grants made to executive officers (other than the CEO) in 2002 were based upon their achievement of 2001 scorecard goals. Because the CEO did not participate in the Executive Management Incentive Plan during 2001, the Committee did not grant the CEO any option under that Plan in relation to a 2001 scorecard. The Committee, however, in its discretion granted the CEO a new option, not in relation to any scorecard, in order to initiate his participation in the Executive Management Incentive Plan, in accordance with past practice with other executive officers of the

Corporation.

**Compensation Committee Interlocks and Insider Participation**

Mr. Astrike, who served during 2002 on the Corporation's Human Resources Committee, retired as the Corporation's chief executive officer effective December 31, 1998. Although Mr. Astrike since his retirement has provided consulting services to the Corporation under a consulting agreement, Mr. Astrike's compensation under that agreement was fixed in 1998 (and modified in 2000) by the entire Board of Directors as part of a comprehensive retirement package in recognition of his past service to the Corporation and expected future contributions, and not as part of the annual compensation program. Mr. Schroeder, who serves as an ex officio member of the Committee but does not participate in Committee discussions of his own compensation, is presently the President and Chief Executive Officer of the Corporation. None of the other five members of the Committee is, or previously was, an officer or employee of the Corporation.

**Stock Performance Graph**

The SEC requires the Corporation to include in this proxy statement a line-graph presentation comparing the Corporation's five-year cumulative total returns with market and industry returns. The following graph compares the Corporation's five-year cumulative total returns with those of the Russell 2000 Stock Index and the Indiana Bank Peer Group. The Indiana Bank Peer Group includes all Indiana-based commercial bank holding companies (excluding companies owning thrift institutions that are not regulated as bank holding companies) that have been in existence as commercial bank holding companies throughout the five-year period ended December 2002, the stocks of which have been traded on an established securities market (NYSE, AMEX, NASDAQ) throughout that five-year period. The returns of each company in the Indiana Bank Peer Group have been weighted to reflect the company's market capitalization.

**Certain Business Relationships and Transactions**

During 2002, the Corporation's bank subsidiaries had (and expect to continue to have in the future) banking transactions in the ordinary course of business with directors, officers and principal shareholders of the Corporation and their associates. These transactions have been made on substantially the same terms, including interest rates, collateral and repayment terms on extensions of credit, as those prevailing at the same time for comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features.

**APPOINTMENT OF AUDITORS**

Crowe, Chizek and Company LLP ("Crowe Chizek") served as auditors for the Corporation with respect to the audit of the Corporation's financial statements for 2002. Representatives of Crowe Chizek will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Audit Committee of the Board of Directors of the Corporation, as it will be reconstituted following the 2003 Annual Meeting of Shareholders, will be responsible for the appointment, compensation and oversight of the work of the accounting firm that will be chosen to audit the Corporation's financial statements for 2003. Since that Committee has not yet been reconstituted, the Corporation has not yet selected the accounting firm that will conduct the 2003 audit.

**PRINCIPAL OWNERS OF COMMON SHARES**

As of March 1, 2003, the Corporation had no knowledge of any shareholder or group of shareholders who beneficially owned more than five percent of the Corporation's outstanding Common Shares.

**SECTION 16(a): BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires the Corporation's directors and executive officers and persons who beneficially own more than ten percent of the Corporation's Common Shares to file with the Securities and Exchange Commission reports showing ownership of and changes in ownership of the Corporation's Common Shares and other equity securities. On the basis of information submitted by the Corporation's directors, executive officers, and greater-than-ten-percent owners, the Corporation believes that all required Section 16(a) filings for fiscal 2002 were timely made, except for the inadvertent failure to timely file statements reporting the acquisitions and dispositions of Common Shares (and stock options) pursuant to the exercises of stock options by Messrs. Schroeder, Ewing, Ruhe, Sendelweck and Astrike, which transactions have now been reported by each of such individuals in filings with the Commission.

**OTHER MATTERS**

The Board of Directors of the Corporation knows of no matters, other than those reported above, that are to be brought before the Annual Meeting. However, if other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their judgment on such matters.

**EXPENSES**

The Corporation will pay all expenses in connection with this solicitation of proxies.

**SHAREHOLDER PROPOSALS FOR 2004 ANNUAL MEETING**

A shareholder desiring to submit a proposal for inclusion in the Corporation's proxy statement for the Annual Meeting of Shareholders to be held in the year 2004 must deliver the proposal so that it is received by the Corporation no later than December 1, 2003. Proposals should be mailed to the Chairman of the Board of the Corporation, in care of the Corporate Secretary, at German American Bancorp, 711 Main Street, Jasper, Indiana 47547-0810, by certified mail, return-receipt requested.
