PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being sent to the stockholders of Flotek Industries, Inc. (the "Company"), a Delaware corporation, in connection with the solicitation by the Board of Directors of the Company (the "Board") of proxies to be voted at the Annual Meeting of Stockholders of the Company (the "Meeting") to be held at 2:00 p.m. (local time) on Friday, May 17, 2013, at the corporate offices of the Company at 10603 W. Sam Houston Pkwy N., Suite 300, Houston, Texas 77064 and at any adjournment thereof.

The Notice of Meeting, this Proxy Statement and the accompanying form of proxy are first being mailed to the stockholders on or about April 19, 2013. The 2012 Annual Report of the Company has been furnished to the stockholders with this Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be held on May 17, 2013. The proxy statement and annual report to security holders are available at www.flotekind.com/proxymaterials. You may obtain directions to attend the Meeting and vote in person by contacting our investor relations department at (713) 849-9911.

At the Meeting, stockholders will be asked (i) to consider and vote upon the election of five nominees to serve on the Board; (ii) to consider and vote upon the Amended and Restated Flotek Industries, Inc. 2010 Long-Term Incentive Plan; (iii) to consider and provide an advisory vote on our executive compensation; (iv) to consider and provide an advisory vote on the frequency of future advisory votes on our executive compensation; (v) to consider and vote upon the ratification of the selection of the independent registered public accounting firm; and (iv) to consider and take action upon such other matters as may properly come before the Meeting.

VOTING SECURITIES

The Board has fixed the close of business on March 28, 2013, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting. At the close of business on such date, there were outstanding and entitled to vote 48,865,804 shares of common stock, \$0.0001 par

value per share ("Common Stock") of the Company, which is the Company's only authorized and outstanding class of stock entitled to vote at the Meeting.

Holders of at least one-third of the outstanding shares of Common Stock are required to be represented at the Meeting, in person or by proxy, to constitute a quorum. Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for the purposes of determining a quorum. "Broker non-votes" means shares held of record by a broker that are not voted on a matter because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion.

Each outstanding share of Common Stock as of the record date is entitled to one vote. There will be no cumulative voting of shares for any matter voted upon at the Meeting.

Proposal 1 – Directors are elected by a plurality of the votes cast at the Meeting, and the five nominees who receive the most votes will be elected. Under New York Stock Exchange ("NYSE") rules your brokerage firm or other nominee may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the five nominees for director, because the election of directors is not considered a "routine" matter under the NYSE rules. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2 – To be approved, this proposal regarding the amendment and restatement of the Company's 2010 Long-Term Incentive Plan must receive an affirmative vote of a majority of the total votes cast with respect to this proposal at the Meeting. This means that the votes that our stockholders cast "FOR" this proposal must exceed the votes that our stockholders cast "AGAINST" this proposal at the Meeting. Proposal 2 is considered a "non-routine" matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE do not have the authority

under those rules to vote their customers' unvoted shares on Proposal 2 if their customers have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will not be taken into account in

1

ANNUAL MEETING OF STOCKHOLDERS OF

determining the outcome of this proposal; abstentions will be counted as a vote against this proposal.

Proposal 3 - The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter is required for the advisory approval of the Company's executive compensation. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will not be counted and will have the same effect as a vote against the proposal. Broker non-votes will have no effect for the purpose of determining whether the proposal has been approved. This proposal is advisory in nature, which means that it is not binding on the Board or the Compensation Committee. However, the Board and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal 4 - You may vote either "every year", "every two years" or "every three years" for the frequency of the advisory vote on executive compensation, or you may "abstain" from voting. Because stockholders are given the option to vote on a number of choices, no voting standard is applicable to this advisory vote and it is possible that no single choice will receive a majority vote. Moreover, because this vote is non-binding, the Board may determine the frequency of future advisory votes on executive compensation in its discretion. The Board has taken into account the expense, time and results which other companies have received relating to frequency votes and determined no meaningful savings would be obtained by having a vote occur less often than every year. Therefore, the Board recommends that you vote "every year" for the frequency of the advisory vote on executive compensation. Abstentions on this proposal have the same effect as not expressing a preference. Broker non-votes will have no effect for the purpose of determining whether the proposal has been approved.

Proposal 5 – To be approved, this proposal regarding ratification of the selection of our independent registered public accounting firm must receive an affirmative vote of a majority of the total votes cast with respect to this proposal at the Meeting. This means that the votes that our stockholders cast "FOR" this proposal must exceed the votes that our stockholders cast "AGAINST" this proposal at the Meeting. However, your vote will not be binding on the Board or the Company. Proposal 5 is considered a "routine" matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' unvoted shares on Proposal 5 if their customers have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will be taken into account in determining the outcome of this proposal; abstentions will be counted as a vote against this proposal.

If the enclosed form of proxy is properly executed and returned to the Company prior to or at the Meeting and is not revoked prior to its exercise, all shares of Common Stock represented thereby will be voted at the Meeting and, where instructions have been given by a stockholder, will be voted in accordance with such instructions.

Any stockholder executing a proxy which is solicited hereby has the power to revoke it prior to its exercise.

Revocation may be made by attending the Meeting and voting the shares of Common Stock in person or by delivering to the Secretary of the Company at the principal executive offices of the Company located at 10603 W. Sam Houston Pkwy N., Suite 300, Houston, Texas 77064, prior to exercise of the Proxy, a written notice of revocation or a later-dated, properly executed proxy.

The solicitation of proxies will be by mail, but proxies also may be solicited by telephone, telegram or in person by directors, officers and other employees of the Company. The Company will bear all costs of soliciting proxies. In order to solicit proxies, the Company will also request financial institutions, brokerage houses, custodians, nominees and fiduciaries to forward proxy materials to the beneficial owners of shares of Common Stock as of the record date and will reimburse such persons for their reasonable expenses of forwarding the proxy materials in accordance with customary practice.

PROPOSAL 1: ELECTION OF DIRECTORS

Board of Directors

The members of the Board serve one-year terms. Directors are elected by a plurality of the votes cast. Abstentions and broker non-votes will be disregarded and have no effect on the outcome of the election of directors.

Recommendation; Proxies

The Board recommends a vote “FOR” each of the nominees named below. The persons named in the enclosed proxy card will vote all shares over which they have discretionary authority “FOR” the election of the nominees named below. Although our Board does not anticipate that any of the nominees will be unable to serve, if such a situation should arise prior to the Meeting, the appointed persons will use their discretionary authority pursuant to the proxy and vote in accordance with their best judgment.

Number of Directors

The Board has nominated five directors for election to the Board at the Meeting.

The Board believes that it is necessary for each of the Company’s directors to possess many qualities and skills that enable them to understand the complexities of the Company’s business and effectively guide the management and direction of the Company. When searching for new candidates, the Corporate Governance and Nominating Committee considers the evolving needs of the Board and searches for candidates that fill current or anticipated future vacancies. The Board also believes that all directors must possess a considerable amount of business management and educational experience. The Corporate Governance and Nominating Committee first considers a candidate’s management experience and then considers issues of judgment, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value when considering director candidates. The Corporate Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Corporate Governance and Nominating Committee does not have a formal policy with respect to diversity; however, the Board and the Corporate Governance and Nominating Committee believe that it is essential that the Board members represent diverse viewpoints. In considering candidates for the Board, the Corporate Governance and Nominating Committee considers the entirety of each candidate’s credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual’s contributions to the Board are also considered.

All of our directors bring to our Board a wealth of executive leadership experience derived from their service as executives and, in most cases, chief executive officers of large corporations. They also bring extensive board of director experience. Certain individual qualifications and skills of our directors that contribute to the Board’s effectiveness as a whole are described in the following paragraphs.

The Company's management is responsible for preparing the financial statements of the Company, and the independent auditors are responsible for auditing those financial statements. The Audit Committee's role under the charter is to oversee management. The Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. The Committee met five times during the year ended December 31, 2012.

The independent auditors provided the Committee with a written statement describing all the relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Committee also discussed with the auditors any relationships that may impact the independence of the auditors.

Introduction

Flotek is a global supplier of drilling and production-related products and services, including oilfield chemicals and down-hole drilling and down-hole production tools used in the oil, gas and mining industries. In the period between 2005 and 2007, the Company enjoyed singular success, returning compound annual growth of 156% and increasing its market capitalization to almost \$1 billion.

By 2008, however, as a result of the cyclical downturn that impacted the entire energy services business and the Company's over-leveraged balance sheet, Flotek was on the verge of financial insolvency. Over the next year, the CEO and a major portion of the board of directors resigned, and Flotek was notified by the NYSE that its 30-day average market capitalization and its shareholder equity were both below the NYSE's \$50 million listing standard threshold. Based on the belief in the potential of the Company's product offerings, in particular its patented chemicals business, the Board undertook an aggressive rebuilding campaign beginning with the appointment of John Chisholm as Interim President in August 2009 and with the subsequent appointment of new board members. Following significant success in executing the turnaround in 2011, the Company's leadership achieved even more significant milestones in 2012 and early 2013:

The Company's overall outstanding convertible notes balance at par value was reduced by \$101.3 million during 2012.

The Company's outstanding convertible notes balance at December 31, 2012 was \$5.2 million compared to \$106.5 million at December 31, 2011.

On February 15, 2013, the Company repurchased the remaining \$5.2 million of the outstanding convertible notes. The notes were repurchased with cash on hand, without additional borrowings. As a result, the Company no longer has any outstanding convertible notes.

The Company reported revenue for the year ended December 31, 2012 of \$312.8 million, an increase of \$54.0 million, or 21%, compared to \$258.8 million for the year ended December 31, 2011.

The Company posted net income attributable to common stockholders of \$49.8 million or \$0.97 per share (fully diluted) for the year ended December 31, 2012 compared to net income attributable to common stockholders of \$26.5 million, or \$0.56 per share (fully diluted) for the year ended December 31, 2011.

The Company, based on objectively verifiable positive evidence, was able to record a benefit of \$16.5 million against income tax expense on December 31, 2012. The Company eliminated its full valuation allowance on deferred tax assets that had been recorded in 2009.

The Company increased its gross margin to 42.1% for the year ended December 31, 2012 compared to 40.9% for the year ended December 31, 2011, an increase of 1.2% in gross margin.

The Company entered into a new credit facility with PNC Bank in December 2012. The facility provides the Company with a \$50 million revolving line of credit (unused at December 31, 2012) and a \$25 million term loan which was drawn and used to facilitate the convertible note repurchase.

The tables below illustrate the magnitude of the Company's dramatic recovery.

Through early 2011, circumstances demanded that the Compensation Committee and the Board of Directors consider and enact extraordinary measures to offer compensation opportunities designed to attract and retain a highly-qualified leadership team dedicated to the Company's recovery and to establish a strong foundation for future growth. A clear way forward was established and by the third quarter of 2011, the Compensation Committee of the Board

engaged a compensation consultant. Since 2011, the consultant has advised the Committee on matters including:

- A thorough review of compensation strategies and objectives;
- A review of and recommended changes to the Chief Executive Officer's employment agreement including elimination of "single-trigger" severance following a change-in-control of Flotek;
- A review and update of the composition of the compensation peer group;

• A restructuring and refinement of executive annual cash bonus opportunities making amounts earned under the program fully contingent on financial measures that drive shareholder returns; and
 Adoption of an annual equity-based long-term incentive component to total compensation. In 2012, the vesting of 70% of the grant value of this component was directly linked to the performance of the Company. The vesting of 100% of the grant value of awards made in 2013 will be determined by the performance of the Company based on two financial measures.

The following discussion provides an overview of the Compensation Committee, the background and objectives of our compensation programs for current senior management, and the material elements of the compensation of each of the executive officers identified in the following table, to which we refer as our Named Executive Officers:

Name	Title
John W. Chisholm (1)	Chairman of the Board, President and Chief Executive Officer (Principal Executive Officer)
Steven A. Reeves (2)	Executive Vice President, Operations
M. Kevin Fisher (3)	Executive Vice President, Global Business Development
Jesse E. Neyman (4)	Executive Vice President, Finance (Principal Financial Officer)
Johnna Kokenge (5)	Vice President and Chief Accounting Officer (Principal Accounting Officer and Principal Financial Officer)

Mr. Chisholm was appointed Interim President under the terms of a Service Agreement effective August 11, 2009, (1) and became President on August 12, 2010. Mr. Chisholm was elected as Chairman of the Board on July 13, 2010.

Mr. Chisholm was appointed Chief Executive Officer effective March 5, 2012.

Mr. Reeves was appointed Executive Vice President, Operations effective May 19, 2011. He previously served as (2) Executive Vice President, Operations, Business Development and Special Projects from May 10, 2010 to May 19, 2011. Prior to this appointment, Mr. Reeves served as Executive Vice President, Business Development and Special Projects and Executive Vice President and Chief Operating Officer.

(3) Mr. Fisher was appointed Executive Vice President, Global Business Development effective November 30, 2011.

(4) Mr. Neyman retired as Executive Vice President, Finance effective August 31, 2012.

(5) Ms. Kokenge resigned as Vice President and Chief Accounting Officer effective January 25, 2013.

Compensation Committee

The Compensation Committee has overall responsibility for the approval, evaluation and oversight of the Company's compensation and benefit plans, policies and programs. The primary function of the Compensation Committee is to assist the Board in fulfilling its responsibilities relating to the compensation of the Company's named executive officers and outside directors. The primary responsibilities of the Compensation Committee include (i) annually reviewing the Company's general compensation policies with respect to named executive officers and directors, (ii) annually reviewing and approving the corporate goals and objectives relevant to the compensation of our executive officers, evaluating our officers' performance in light of these goals, and approving or recommending to the Board compensation levels based on these evaluations, (iii) producing a committee report on executive compensation as required by the SEC to be included or incorporated by reference in our proxy statement or other applicable SEC

filings, and (iv) recommending the compensation program applicable to the Company's outside directors.

The Company's Board appoints Compensation Committee members and Chairman annually, and these appointees continue to be members until their successors are elected and qualified or until their earlier resignation or removal. Any member of the Compensation Committee may be removed, with or without cause, by our Board. The Board appoints members to the Compensation Committee considering criteria such as experience in compensation matters, familiarity with our management and other key personnel, understanding of public company compensation issues, time availability necessary to fulfill committee responsibilities and independence and other regulatory requirements. Each member of the Compensation Committee is considered to be (1) "independent" under the currently applicable listing standards of the NYSE; (2) a "non-employee director" within the meaning of Rule 16b-3 under the Exchange Act; and (3) an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The Compensation Committee's function is more fully described in its charter. The Compensation Committee will continue to review and assess the adequacy of the charter and recommend any proposed changes to the Board for approval on an annual basis.

The Compensation Committee works with the Company's Chief Executive Officer to establish an agenda for each meeting of the Compensation Committee and to prepare meeting materials. The Compensation Committee on occasion meets with the Company's Chief Executive Officer and other executives to obtain recommendations with respect to the Company's compensation programs, practices and packages for executives, other employees and directors. Although management makes recommendations to the Compensation Committee on executive compensation, the Compensation Committee is not bound by and does not always accept management's recommendations. The Compensation Committee has historically sought input from an independent compensation consultant prior to making any final determinations. Our Chief Executive Officer attends some of the Compensation Committee meetings, but the Compensation Committee also regularly holds executive sessions not attended by members of management or non-independent directors.

Outside corporate counsel, and other members of our management and outside advisors, may be invited to attend all or a portion of a Compensation Committee meeting depending on the nature of the matters to be discussed. Only members of the Compensation Committee may vote on items before the Compensation Committee.

Our Compensation Committee may retain, at our expense, independent compensation consultants in the consideration of executive compensation matters. The Compensation Committee meets with the compensation consultants, both in and outside of the presence of our management, to review findings and recommendations regarding executive compensation and considers those findings and recommendations in determining and making adjustments to our executive compensation program. Commencing in the second quarter of 2011, the Compensation Committee engaged BDO USA, LLP (referred to herein as the "Compensation Consultant" or "BDO") to assist in fulfilling its responsibilities as assigned by the Chairman of the Compensation Committee. In renewing its engagement with BDO in December 2012, the Compensation Committee analyzed factors specified by the Securities and Exchange Commission and the NYSE that affect the independence of compensation advisers. Based on this analysis, the Compensation Committee concluded that there were no independence concerns related to BDO in its role as an independent adviser to the Compensation Committee.

Under the direction of the Chairman of the Compensation Committee, the Compensation Consultant provides information regarding compensation trends in the energy services industry, relative compensation for similarly-

situated executive officers in the industry, the structure of our cash and equity incentive awards and the structure of the compensation program for outside directors. In addition, at the Compensation Committee's request, the Compensation Consultant worked with management to prepare materials for review by the Compensation Committee and made recommendations regarding the Compensation Committee's calendar and has provided assistance in the composition of this Compensation Discussion and Analysis.

Compensation Philosophy

We operate in a very competitive environment. Our principal competitors are larger, more established providers of services in our industry and, because of their size, generally have more significant resources than we do. In order to successfully compete in this environment, we must be able to attract and retain highly skilled employees with well-developed management, operational and marketing skills. The Company has been successful in developing and retaining a highly-qualified management team by offering compensation that is equitable, reasonably competitive with what we believe they might earn elsewhere based on our understanding of market practices, and closely tied to performance through our annual salary review process, our annual cash bonus plan, and grants of stock options and other forms of equity-based opportunities from our 2010 Long-Term Incentive Plan or LTIP.

In general, our executive compensation programs are designed to achieve the following objectives:

- Attract and retain talented and experienced executives with the skills necessary to run and grow our existing business segments;
- Align the interests of our executive officers with those of stockholders to increase the value of our enterprise;
- Motivate and reward executives whose knowledge, skills and performance are critical to our success;

Demonstrate fairness among the executive management team by recognizing the contributions each executive makes to our success;

Provide accountability for the executives' performance to the Board;

- Encourage a shared commitment among executives by coordinating Company and individual business unit targets and objectives; and

Encourage executives to meet non-financial goals that the Board believes are necessary for the success of the Company.

As we endeavor to evaluate the adequacy of our overall executive compensation program, our Compensation Committee works with the Compensation Consultant to evaluate and compare certain elements of total compensation against a group of similar publicly-traded energy services companies (the "Compensation Peer Group"). We evaluate each element of compensation (base salary, cash bonus

incentive compensation and equity compensation), as well as the total of all compensation elements. While the Compensation Consultant's information on peer practices is used to assess the adequacy of the Company's total compensation opportunities, the Compensation Committee does not target any percentile level of the peer data as a benchmark for setting pay opportunities.

In regard to the use of peer company data in setting compensation opportunities, we would prefer to define the market for our executive talent using a sizable group of companies that are comparable to us in both size and line of business.

However, there are not sufficient companies that compare to us in size and line of business to comprise such a peer group. Therefore, as we evaluate the adequacy of our compensation programs, the Compensation Committee considers data in regard to our Compensation Peer Group and, when required, data from published survey sources as well as information from our directors, management and our Compensation Consultant based on their collective understanding of industry practices.

The companies that comprised our Compensation Peer Group in 2012 included the following:

Basic Energy Services, Inc.	Matrix Service Company
Bolt Technology Corporation	Newpark Resources, Inc.
Carbo Ceramics, Inc.	Parker Drilling, Inc.
CE Franklin, Ltd.	Pioneer Drilling, Inc. *
Dawson Geophysical, Inc.	Team, Inc.
Geokinetics Inc.	Tesco Corporation
Layne Christensen, Inc.	Tetra Technologies, Inc.
Lufkin Industries, Inc.	Union Drilling, Inc.

* Changed name to Pioneer Energy Services in July 2012.

The peer group was reviewed and amended in December 2012 for purposes of supporting 2013 compensation decisions. For 2013, Bolt Technology Corporation and Dawson Geophysical were eliminated because their market capitalization fell significantly below a level the Committee considered appropriate for a group of representative peers. Geokinetics was eliminated as well because of its financial difficulties which led to bankruptcy filing in 2013. The Compensation Committee intends to continually monitor the composition of the Compensation Peer Group to assure that it provides a useful representation of the market for leadership talent in which the Company competes.

Executive Officer Compensation

Principal Elements of Compensation of Our Named Executive Officers

The principal elements of the compensation package offered to our executive officers consist of:

- Base salary;
- Annual bonus incentive opportunities; and
- Equity compensation under the 2010 LTIP.

Some, but not all of the named executive officers participate in certain limited perquisite programs as described later in this discussion. Group insurance programs and the Company's 401(k) Plan are available to all named executive

officers on the same basis as all other employees of the Company.

Allocation of Compensation among the Principal Components

The Compensation Committee has not established formulas for allocating compensation between compensation elements at this time. Rather, the Compensation Committee reviews compensation structures of companies in our Compensation Peer Group, historical compensation for the participant, the participant's responsibilities, the performance of the participant and the Company on goals approved by the Committee, and the individual circumstances of senior executives when determining the mix of base salary, cash bonus percentages, and annual equity award opportunities. As a result, the Compensation Committee may apply a different mix of base salary, cash bonus incentive compensation and equity compensation to different executive officer positions. The Company's historical objectives have been to make executives' overall compensation opportunity significantly contingent on operational and financial performance.

In 2012, the percentage allocation of compensation elements at target levels for the Company's Named Executive Officers were as illustrated in the following table:

Name	Base Salary	Bonus Target	LTIP Grant Value	Total
John W. Chisholm	25.3%	20.3%	54.4%	100%
Steven A. Reeves	29.9%	17.9%	52.2%	100%
M. Kevin Fisher	29.9%	17.9%	52.2%	100%
Jesse E. Neyman	41.7%	20.8%	37.5%	100%
Johnna D. Kokenge	35.7%	19.6%	44.7%	100%

Base Salary

The Company reviews base salaries for the President and Chief Executive Officer and other executive officers annually to determine if a change is appropriate. In reviewing base salaries, several factors are considered including a comparison to base salaries paid for comparable positions in the Compensation Peer Group, the relationship among base salaries paid within the Company and individual experience and performance. The Company's intent is to fix base salaries at levels consistent with comparable industry positions, Company performance and remunerative objectives, including the ability to attract, motivate and retain highly talented individuals in a competitive environment while retaining an appropriate balance between fixed and performance-contingent compensation elements.

Chairman of the Board, President and Chief Executive Officer

Mr. Chisholm is compensated under a Services Agreement that pays two entities controlled by Mr. Chisholm (the "Chisholm Companies") as an independent contractor. In addition, Mr. Chisholm entered into an agreement with the Company under which he also became an employee of the Company. In March 2012, the Company amended Mr. Chisholm's services agreement to increase these monthly payments, in the aggregate, from \$50,167 to \$53,917 as compensation for his services. In addition, in November 2011, the Company agreed to pay Mr. Chisholm a monthly salary of \$4,000, an amount that was not adjusted in 2012.

Other Executive Officers

After a review of responsibilities, performance and the Company's understanding of salary levels typically available to officers filling comparable positions in other public energy services companies, the salary adjustments in the table below were approved effective during 2012.

Name	Title	Beginning Salary	New Salary	Percent Increase
Steven A. Reeves	EVP-Operations	\$295,000	\$324,500	10.00 %
M. Kevin Fisher	EVP-Business Development	\$305,000	*	*
Jesse E. Neyman	EVP-Finance	\$270,000	\$292,950	8.5 %
Johnna D. Kokenge	VP and Chief Accounting Officer	\$255,000	\$277,950	9.0 %

* A 2012 salary adjustment was not approved for Mr. Fisher as he joined the company in November of 2011.

Annual Bonus Compensation

Under the terms of the annual cash bonus program available to named executive officers and other leadership employees, participants had the opportunity to earn annual cash incentives based on the achievement of Company performance as measured by Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA").

Adjusted EBITDA is a Non-GAAP measure under which EBITDA results may be adjusted to recognize stock compensation, financing transaction costs (whether paid in cash or not), and other noncash or nonrecurring charges

not directly related to the ongoing operations of the Company. Determination of Adjusted EBITDA is based solely on the judgment of the Audit Committee of the Board of Directors. In 2012, if target performance was achieved, Mr. Chisholm would earn a bonus equal to 80% of his salary.

Target bonuses for Messrs. Reeves and Fisher were 60% of salary while target bonuses for Mr. Neyman and Ms. Kokenge were 50% and 55% of salary, respectively. Further, if Adjusted EBITDA results attained only a minimum-defined level, 40% of target bonuses would be earned, and if Adjusted EBITDA results achieved a maximum defined level, 200% of target bonuses would be earned.

2012 Cash Bonus Performance Measures

Minimum (40%)	Target (100%)	Maximum (200%)
\$65.0 million	\$78.0 million	\$87.0 million

Executives were given the opportunity to elect to receive 50% of their target bonus in restricted shares of Flotek Common Stock awarded conditionally at the beginning of the year based on the fair market value of the Common Stock on the date of grant subject to the agreement that none of the shares would vest if minimum performance was not achieved and that any bonus earned in excess of 50% of the target amount would be paid in cash. All named executive officers elected to receive 50% of their target award in equity receiving a number of shares equal to 50% of target bonus divided by \$11.04, the fair market value of the Company's Common Stock on March 7, 2012.

The table below shows the range of bonus opportunities based on various Adjusted EBITDA results. Actual Adjusted EBITDA for 2012 was \$87.6 million, resulting in a maximum bonus for program participants.

	Minimum 40%	Target 100%	Maximum 200%	Actual* 200%
John W. Chisholm	\$222,400	\$556,000	\$1,112,000	\$1,112,000
Steven A. Reeves	\$77,880	\$194,700	\$389,400	\$389,400
Jesse E. Neyman	\$58,590	\$146,475	\$292,950	\$292,500
Johnna D. Kokenge	\$61,149	\$152,738	\$305,476	\$305,476
M. Kevin Fisher	\$73,200	\$183,000	\$366,000	\$366,000

* As described above, a portion of earned value of bonuses took the form of restricted stock if elected by the executive. Such shares vested upon certification by the Compensation Committee of the Board that performance requirements for vesting were met. The number of shares associated with this election were: John W. Chisholm — 25,181 shares; Steve A. Reeves — 8,818 shares; Jesse E. Neyman — 6,634 shares; Johnna D. Kokenge — 6,924 shares; and M. Kevin Fisher — 8,288 shares.

2012 Equity Compensation

In order to address the Company's objectives of retaining critical talent and increasing the amount of the long-term incentive opportunity that is contingent on the performance of the Company, the Compensation Committee established 2012 target grant values for each Named Executive Officer, expressed as a percentage of base salary, as follows:

Percent of Base Salary	
John W. Chisholm	215%
Steven A. Reeves	175%
M. Kevin Fisher	175%
Jesse E. Neyman	90%
Johnna D. Kokenge	125%

Thirty percent of the target grant value of the 2012 long-term incentive opportunity was granted on March 7, 2012 in the form of restricted shares based on the fair market value of the shares as of that date of \$11.04. These shares vest ratably over a three-year period. Each Named Executive Officer also received performance units with respect to the remaining seventy percent of the target grant value.

The number of performance units issued to the recipient would be determined by dividing seventy percent of the target grant value by the fair market value of the shares as of the date of the establishment of this opportunity, \$11.04. Shares of Company common stock would be issued for these performance units to the extent that 2012 Adjusted EBITDA targets under the bonus plan were achieved.

A number of shares of Company common stock equal to forty percent of the number of performance units would be issued if the minimum amount of Adjusted EBITDA was achieved, a number of shares of Company common stock equal to 100% of the target number of performance units would be issued if the target amount of Adjusted EBITDA was achieved, and a number of shares of Company common stock equal to 200% of the target number of performance units would be issued if the maximum level of Adjusted EBITDA was achieved. If Adjusted EBITDA between minimum and target or between target and maximum thresholds was achieved, the number of shares earned would be adjusted on a linear basis. Vesting of earned performance units would occur ratably over three years commencing with the date of grant; however, if maximum Adjusted EBITDA performance was achieved, vesting would occur ratably over two years commencing with the date of grant.

As discussed in the section titled "Annual Bonus Compensation," the Committee determined the Adjusted EBITDA of the Company resulted in maximum bonuses earned for the 2012 annual period and under the terms of the award agreements, the maximum number of performance units was earned.

Accordingly, one-half of the performance units vested and were converted to shares during the first quarter of 2013. The remaining one-half of the units were converted into shares during the first quarter of 2013 but will not vest until the first quarter of 2014 pursuant to the terms of the award agreements.

The following table shows the award program available under the 2012 equity grants and the number of units earned as a result of the Company's 2012 Adjusted EBITDA.

2012 Long-Term Incentive Opportunity

	Min	Target	Max	Actual

Employment, Retirement and Resignation Agreements

John W. Chisholm – Services Agreement

On March 5, 2012, Flotek and two companies controlled by John W. Chisholm, Chief Executive Officer, President and Chairman of the Board of Directors (the "Chisholm Companies"), entered into the Third Amended and Restated Service Agreement (the "Service Agreement"), pursuant to which the Chisholm Companies agreed to continue to provide the services of Mr. Chisholm to Flotek. The Service Agreement provides that Flotek will pay the Chisholm Companies a monthly amount as consideration for the provision of Mr. Chisholm's services. The Service Agreement was amended and restated on April 1, 2013, pursuant to the Fourth Amended and Restated Service Agreement between the Chisholm Companies and the Company in order to adjust the compensation payable to the Chisholm Companies.

The initial term of the Service Agreement will expire on February 28, 2015, but such term is extended on a monthly basis on the last day of each month so that the term of the Agreement is never less than 36 months, unless either party gives prior written notice of non-renewal. Flotek may terminate the Service Agreement at any time and for any reason with or without Cause (as defined in the Service Agreement) and the Chisholm Companies may terminate the Service Agreement for Good Reason (as defined in the

Service Agreement). Upon termination of the Service Agreement by Flotek without Cause (but not in connection with a Change of Control) or by the Chisholm Companies for Good Reason, the Chisholm Companies will be entitled to receive severance compensation equal to 200% of the base compensation and target bonus in effect for the year in which the termination occurs.

If Mr. Chisholm is entitled to payments and benefits described in the Agreement that, together with any other payments which Chisholm and/or his affiliates has the right to receive from the Company and its affiliates, would constitute a "parachute payment" (as defined in Section 280G of the Internal Revenue Code of 1986), the payments and

benefits under the Agreement will be either (i) reduced (but not below zero) so that the aggregate present value of all such payments and benefits received by Chisholm and his affiliates from the Company and its affiliates for purpose of Section 280G shall be \$1.00 less than three times Chisholm's "base amount" (as defined in Section 280G of the Code) and so that no portion of such payments received by Chisholm and his affiliates for purposes of Section 280G shall be subject to the excise tax imposed by Section 4999 of the Code, or (ii) paid in full, whichever produces the better net after-tax result for Chisholm, the Chisholm Companies, and his other affiliates (taking into account any applicable excise tax under Section 4999 of the Code and any applicable income tax).

If the Service Agreement is terminated by Flotek with cause, or due to the death or disability of Mr. Chisholm, the Chisholm Companies will be entitled to receive the base compensation earned and payable through the date of termination. The Service Agreement also contains certain non-solicitation restrictions for a period of 24 months following the date of termination of the Service Agreement.

On March 5, 2012, Flotek and John Chisholm entered into a new Letter Agreement (the "Letter Agreement"), pursuant to which Flotek agreed to employ Mr. Chisholm for a term equal to the term provided for in the Service Agreement. Pursuant to the terms of the Letter Agreement, Flotek will pay Mr. Chisholm a monthly salary that may be adjusted from time-to-time. Mr. Chisholm is subject to certain confidentiality obligations and non-solicitation restrictions for a period of 24 months following the date of termination of the Letter Agreement. This Letter Agreement was amended and restated on April 1, 2013, in order to adjust the compensation of Mr. Chisholm.

Pursuant to the Employment Agreement, Mr. Fisher's initial annualized base salary is \$305,000, he received a cash bonus on the commencement of his employment of \$100,000 and was awarded a grant of 200,000 shares of common stock of the Company pursuant to one of the Company's long term incentive plans. The shares of common stock will vest over a two-year period and will vest immediately upon Mr. Fisher's death, resignation for good reason,

termination without cause or upon a change of control of the Company. In addition to the foregoing, Mr. Fisher will be entitled to certain other perquisites, annual bonuses in accordance with the Company's management incentive plan and reimbursement for reasonable expenses.

Jesse E. Neyman - Retirement Agreement

Other Benefits

The Company believes establishing a competitive benefit package for employees is an important factor in attracting and retaining highly qualified personnel. Named executive officers are eligible to participate in all of our employee benefit plans, including medical, dental & vision care programs, Company-paid accidental death, dismemberment & life insurance, and Flotek's 401(k) plan, on the same basis as other employees. The Company matches 50% of employee contributions made, up to 4% of qualified employee compensation contributions. The Company does not offer pension or retirement benefits other than the 401(k) plan. The Company's international employees may have slightly different employee benefit plans than those offered domestic employees, typically as a result of legal requirements of the specific country.

Perquisites

The perquisites received by each senior executive are determined by past practices. The specific perquisites available to some of the Company's named executives include:

- Mr. Steven A. Reeves is provided the use of a Company owned vehicle and provided a fuel allowance.
- Mr. M. Kevin Fisher is provided a vehicle allowance.

Tax and Accounting Implications

Deductibility of Executive Compensation

The Compensation Committee is aware of the provisions of Section 162(m) of the Internal Revenue Code which provides

that the Company may not deduct for federal income tax purposes annual compensation in excess of \$1 million paid to certain employees. Performance-based compensation paid pursuant to stockholder-approved plans is not subject to the deduction limit as long as such compensation is approved by "outside directors" within the meaning of Section 162(m) of the Code.

The Compensation Committee makes every reasonable effort to structure and administer executive compensation opportunities so that compensation will not be subject to the Section 162(m) deduction limit. However, the Compensation Committee may from time to time approve payments and equity awards that cannot be deducted in order to maintain flexibility in structuring appropriate compensation opportunities in the interest of stockholders.

Accounting for Stock-Based Compensation

The Company accounts for stock-based payments in accordance with the requirements of Accounting Standards Codification (ASC) Topic 718. Equity based compensation is expensed over the requisite service period pursuant of the grant award terms. The Company considers the expenses associated with the grant of options and other long-term incentive awards in granting such awards.

Section 409A

To the extent we permit executives to defer compensation or we commit to deliver compensation at a later date than when earned and vested, we make every attempt to meet the requirements of Section 409A of the Internal Revenue Code. Failure to satisfy the Section 409A requirements could subject the executives receiving deferred compensation to a 20% excise tax.

Clawback Policy

Administrative guidelines adopted in connection with 2013 bonus opportunities and long-term incentive awards include a provision that requires each participant to agree to abide by any compensation recovery, recoupment, anti-hedging or other policy applicable to executives as approved by the Board or a duly authorized committee or as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or other applicable law.

2013 Compensation Actions

Walton Employment Agreement

On March 13, 2013, the Company and Mr. H. Richard Walton entered into an Employment Agreement in connection with his election as Chief Financial Officer of the Company.

The Employment Agreement with Mr. Walton (i) provides for a term of employment until the earlier of (1) March 31, 2015, (2) Mr. Walton's resignation with or without good reason (as defined in the Employment Agreement) or Mr. Walton's death or disability and (3) termination by the

to the actual amount of Adjusted EBITDA reported for 2012. The bonus percentage earned for Adjusted EBITDA between minimum and target and between target and maximum is determined by linear interpolation, however, the Compensation Committee reserves discretion to make adjustment to equitably reduce the amount of the bonus to reflect developments, events, or actions which were not anticipated by the Compensation Committee when the bonus objective was established. No bonus is earned if performance is below the defined minimum Adjusted EBITDA level. An additional 50% of the bonus target will be added to the percentage earned based on Adjusted EBITDA if Adjusted EBITDA is equal to or greater than the defined minimum level and if operating income equals or exceeds a certain percentage of gross revenue. By way of example, if a bonus amount equal to 110 percent of target is earned based on Adjusted EBITDA and operating income is a certain percentage of gross revenue or more, then the bonus earned will be equal to 160% of the target amount.

Named Executive Officers were offered the opportunity to elect to receive one-half of the target value of their 2013 MIP opportunity in the form of restricted shares of the Company's common stock which is forfeitable if and to the extent that target Adjusted EBITDA is not achieved. All Named Executive Officers elected to receive 50% of their target award in equity and received a number of restricted shares equal to 50% of target bonus divided by \$16.35, the fair market value of the Company's Common Shares on March 28, 2013.

2013 Long-Term Incentive Program

The Committee has approved long-term incentive opportunities for 2013 and has established that the target value of grants will be as shown in the table below. These percentages (except for Mr. Walton who is participating in the program for the first time in 2013) are the same target values in effect for 2012.

Percent of Base Salary

John W. Chisholm	215	%
Steven A. Reeves	175	%
M. Kevin Fisher	175	%
H. Richard Walton	175	%

The vesting of equity awards under the incentive opportunity will be based solely on the performance of the Company.

The target value is equal to each executive's base annual salary multiplied by the percentage disclosed in the table above. The target value is converted to Target Units by dividing the target value by \$16.35, the fair market value of the Company's common shares on March 28, 2013.

This number of Target Units is referred to as "100% of the Target Units." At the end of the year, once the earned multiple percentage of the annual management incentive bonus target is approved, that same percentage will be multiplied by the target units to determine the number of shares earned. One-third of the shares earned will vest immediately upon the date that the determination is made by the Company of the amount of the award which has been earned, while the remaining shares will vest in equal portions on each of the next two anniversaries of the determination of the award of target shares for Target Units. The 2013 awards do not contain an acceleration of the vesting schedule from three years to two years if maximum performance is achieved as was the case with the 2012 awards.

By way of example, if the target units for a hypothetical executive were determined to be 10,000 units and the Adjusted EBITDA Percentage and the Operating Income Percentage resulted in a bonus multiplier of 160%, then 16,000 shares would have been earned and would vest and be issued as shares as described above.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Meeting Attendance

During 2012, the Board held 9 meetings of the full Board and 13 meetings of committees. The Corporate Governance and Nominating Committee held one meeting, the Compensation Committee held 7 meetings and the Audit Committee held 5 meetings. Each director attended at least 75% of the aggregate number of meetings of the Board and committees of the Board on which he served.

The Company does not have a formal policy requiring members of the Board to attend the Annual Meeting, although all directors are strongly encouraged to attend. Of the Directors then in office, Messrs. Chisholm, Cooper, Hern, McGuire, Reiland, and Wilson attended the last Annual Meeting of Stockholders.

Executive Sessions

Pursuant to the Company's Corporate Governance Guidelines, non-management directors of the Board are required to meet on a regularly scheduled basis without the presence of management. The Lead Director chairs these sessions.

During 2012, the non-management directors met in five executive sessions without management present.

Director Independence

The Board has determined that each of the current directors except for Mr. Chisholm is independent as that term is defined by rules of the NYSE and, in the case of the Audit Committee, the Securities and Exchange Commission (the "SEC"). Mr. Chisholm is not an independent director since he is currently the President and Chief Executive Officer of the Company.

None of the non-employee directors have any relationship with the Company other than as a director and stockholder, or any transaction or arrangement that interferes with each director's independence.

Risk Management

The Board has an active role, as a whole and at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Corporate Governance and Nominating Committee manages risks associated with Board independence and potential conflicts of interest. While each committee is responsible for evaluating certain risks and

overseeing the management of such risks, the entire Board is regularly informed through committee reports about all identified Company risks.

Board Committees

The Board has established an Audit Committee, a Corporate Governance and Nominating Committee and a Compensation Committee. The Audit, Corporate Governance and Nominating and Compensation committees are composed entirely of independent directors as defined under the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Guidelines.

The following table shows the committees on which each director serves. "C" indicates that the director serves as the chair of the committee.

Director	Audit	Corporate Governance and Nominating	Compensation
John S. Reiland	C	X	X
Richard O. Wilson (a)	X	X	X
Kenneth T. Hern	X	C	X
L. Melvin Cooper	X	X	X
L.V. "Bud" McGuire		X	C

(a) Mr. Wilson will be retiring from the Board effective as of the date of the Annual Meeting after 10 years of service to the Company, and therefore is not running for reelection to the Board.

Audit Committee

The Audit Committee held five meetings in 2012. The Audit Committee's primary functions are to:

- Appoint, determine funding for, oversee and replace (subject to stockholder ratification, if applicable) a firm of independent auditors to audit our financial statements;
- Pre-approve all audit and non-audit services provided by our independent auditors;
- Evaluate the qualifications, performance and independence of our independent auditors, and ensure the rotation of the lead (or concurring) audit partner;
- Obtain and review a report of our independent auditors, at least annually, regarding compliance with their internal quality-control procedures;
- Discuss with our independent auditors the overall scope and plans for their respective audits;
- Discuss with management and our independent auditors the adequacy and effectiveness of the Company's accounting and financial controls;
- Meet with our independent auditors to discuss the conduct and findings of their respective audits;

- Meet and review with management and our independent auditors the Company's financial statements and the associated disclosures to be included in quarterly and annual reports to be filed with the SEC;
- Discuss with management and our independent auditors significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements;
- Discuss periodically with management the Company's plan with regards to issuing earnings press releases and providing financial information and earnings guidance to analysts and rating agencies;
- Review any disclosures by the Company's officers and other employees regarding significant deficiencies in the design and operation of the Company's internal controls; and
- Establish procedures for receiving and responding to concerns regarding accounting, internal accounting controls and auditing matters.

Each member of the Audit Committee, as of the date of this Proxy Statement (Messrs. Reiland, Hern, Wilson and Cooper) is financially literate and has accounting or financial management expertise. Messrs. Reiland, Hern and Cooper are audit committee financial experts as defined in Item 407 (d)(5) of Regulation S-K under the Exchange Act, rule 10A-3 under the Exchange Act, the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Guidelines. The Board has adopted a charter for the Audit Committee, a copy of which is available on our website (www.flotekind.com) and in print to any stockholder who requests it.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee met once in 2012. The Corporate Governance and Nominating Committee's primary functions are to:

- Review, at least annually, the structure of the Board to assure that the proper skills and experience are represented on the Board;
- Recommend to the full Board candidates to fill vacancies on the Board as they occur;
- Recommend, prior to each annual stockholder meeting, a slate of nominees for election or reelection as directors by the stockholders at the annual meeting;
- Identify individuals qualified to serve as potential Board members, consistent with criteria approved by the Board;
- Select, evaluate, retain, and where appropriate, terminate any search firm to be used to identify qualified director candidates;
- Evaluate current directors for re-nomination to the Board or re-appointment to any Board committees, and assess the performance of such directors;
- Periodically review the composition of the Board and its committees in light of the current challenges and needs of the Board, the Company and each committee of the Board, and determine whether it may be appropriate to add or remove individuals;
- Consider rotation of the Chairman and members of the committees of the Board;
- Consider candidates to serve as Board members that are submitted by stockholders of the Company;
- Periodically make recommendations to the Board with respect to the size of the Board;
- Review criteria and policies relating to director independence, service and tenure;
- Recommend to the Board the membership of the Audit and Compensation Committees, including their Chairpersons;
- Periodically make recommendations to the Board with respect to the compensation of Board members;
- Make recommendations to the Board regarding corporate governance matters and practices, including formulating and periodically reviewing Corporate Governance Guidelines to be adopted by the Board;
- Develop and recommend to the Board the Company's Corporate Governance Guidelines and at least annually, review and reassess the adequacy of such Corporate Governance Guidelines and recommend any proposed changes to the Board;
- Be responsible for any tasks assigned to the Corporate Governance and Nominating Committee in the Company's Corporate Governance Guidelines;
- Oversee compliance with the Company's Corporate Governance Guidelines or Code of Business Conduct and Ethics and report on such compliance to the Board;

- Review and consider any requests for waivers of the Company's Corporate Governance Guidelines or Code of Business Conduct and Ethics for the Company's directors, executive officers and other senior financial officers, and make a recommendation to the Board with respect to such request for a waiver;
- Review potential conflicts of interest involving directors and determine whether such director or directors may vote on any issue as to which there may be a conflict;
- Review all related party transactions and determine whether such transactions are appropriate for the Company to undertake and, if so, approve such transactions;
- Review periodically with the Company's counsel, in light of changing conditions, new legislation and other developments, the Company's Code of Business Conduct and Ethics and make recommendations to the Board for such changes as the Corporate Governance and Nominating Committee shall deem appropriate; and
- Review executive development and executive succession plans, including succession planning strategies for the Company's senior management positions.

When identifying and evaluating candidates, the Corporate Governance and Nominating Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Corporate Governance and Nominating Committee may retain a third-party search firm to assist the Committee in locating qualified candidates that meet the needs of the Board at that time. Generally, a retained search firm would provide information on a number of candidates, which the Corporate Governance and

ANNUAL MEETING OF STOCKHOLDERS OF

Nominating Committee would discuss. The Corporate Governance and Nominating Committee chairman and some or all of the members of the Corporate Governance and Nominating Committee will interview potential candidates that meet the needs of the Board, possess the qualifications sought, and meet the independence standards required by the NYSE and as set forth by the Company's Corporate Governance Guidelines. The Corporate Governance and Nominating Committee will then recommend the nomination of candidates to the Board. Director nominees may be identified by the Corporate Governance and Nominating Committee through current board members, officers, stockholders or other persons.

Any stockholder desiring to submit a nomination to the Board should send the recommendation in writing, together with appropriate background and contact information, to the Secretary of the Company at the address of the Company's principal executive offices. The Board has not established formal minimum qualifications for a director nominee and evaluates any nominee, including those recommended by stockholders, on a case-by-case basis. The Board has adopted a charter for the Corporate Governance and Nominating Committee, a copy of which is available on our website (www.flotekind.com) and in print to any stockholder who requests it.

Director Compensation

Compensation of non-employee directors is determined by the Board based upon recommendations prepared by the Compensation Committee. Effective in March 2012, the compensation program for non-employees directors provides each non-employee director will be paid an annual retainer of \$40,000 and receive \$2,000 for each meeting of the Board attended and \$1,000 for each committee meeting attended. The Chairman of the Audit Committee is paid an annual retainer of \$24,000, the Chairman of the Compensation

Committee is paid an annual retainer of \$12,000, the Chairman of the Corporate Governance and Nominating Committee is paid an annual retainer of \$12,000 and the Lead Director is paid an annual retainer of \$20,000. All directors are reimbursed for reasonable expenses incurred in connection with their service on our Board. Each non-employee director is also granted restricted stock awards annually with a fair value equal to \$120,000 based

on a fair market value as of the date of grant. These shares vest over a one year period.

In May 2012, each non-employee director also received a one-time grant of 10,000 shares of restricted stock intended to provide supplemental compensation for the extraordinary efforts required of the Board in support of the turnaround of the Company. These shares vest ratably over three years.

The following table details the compensation in 2012 of the non-employee directors:

The annual grant to Messrs. Compensation Risk

The role of the Compensation Committee in risk oversight includes review of risks arising from our compensation policies, practices and programs as well as the mitigating controls, to determine whether any such risks are material to the Company. The Compensation Committee has reviewed these matters and believes that the mix of compensation elements and the design of those elements along with sound governance practices do not encourage employees to take excessive risks that might have a material adverse effect on us. Specifically:

- The Company has strong internal financial controls that are assessed by the Company's independent public accountants annually in addition to their audits of the Company's financial statements.
- Base salaries are consistent with market practice and employees' responsibility so that employees are not motivated to take excessive risks to attain a reasonable level of financial security.
- The determination of incentive awards is based on well-defined financial measures. There is a maximum cash incentive opportunity for each Named Executive Officer, and the Committee retains discretion to adjust bonuses to eliminate anomalous or inappropriate outcomes.
- Long-term incentives are designed to provide appropriate awards for successful long-term outcomes, and effectively

align realized compensation with returns realized by investors.

Other Board and Committee Items

Code of Business Conduct and Ethics

The Code of Business Conduct and Ethics of the Company applies to our directors, executive officers and to all other employees and is available on our website (www.flotekind.com) and in print to any stockholder who requests it.

Compensation Committee Interlocks and Insider Participation

Messrs. Hern, Reiland, McGuire, Cooper and Wilson served on the Compensation Committee during 2012. No current member of the Compensation Committee is a current or former officer or employee of the Company or had any relationship requiring disclosure under applicable SEC rules. Additionally, none of the Company's executive officers served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Company's Compensation Committee.

Transactions with Related Persons

The Company recognizes that related person transactions can present potential or actual conflicts of interest and it is the Company's preference that related person transactions are avoided as a general matter. However, the Company also recognizes that there are situations, including certain transactions negotiated on an arm's length basis, where related person transactions may be in, or may not be inconsistent with, the best interests of the Company and its stockholders. Therefore, the Corporate Governance and Nominating Committee of the Board will review, ratify or approve, as necessary, any related person transaction prior to the transaction being entered into, or ratify any related person transaction that has not been previously approved, in which a director, executive officer, five percent owner or immediate family member of any such person has a material interest.

During 2012, the Company did not participate in any transactions in which any of the director nominees, executive officers, nor any of their immediate family members, had a direct or indirect material interest.

Board Leadership Structure

Mr. Chisholm, the Company's President and Chief Executive Officer, has served as Chairman of the Board since July 13, 2010. The Board believes that the Company's President and Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategic development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the President brings company-specific experience and expertise. The Board believes that the combined role of Chairman of the Board and President/Chief Executive Officer promotes strategic development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of the strategy developed. The Board believes the combined role of Chairman and President/Chief Executive Officer is consistent with the best interests of stockholders as it provides the appropriate balance between strategic development and independent oversight of management.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules issued thereunder, the Company's directors and executive officers are required to file with the SEC reports of ownership and changes in ownership of Common Stock. Copies of such forms are required to be filed with the Company. Based solely on its review of copies of such reports furnished to the Company, the Company believes that the directors and executive officers were in compliance with the filing requirements of Section 16(a) during the most recent fiscal year, except that (1) Mr. Chisholm did not timely file one Form 4 in 2012 reflecting one transaction, (2) Mr. Reeves did not timely file one Form 4 in 2012 reflecting one transaction, (3) Mr. Neyman did not timely file one Form 4 in 2012 reflecting one transaction, (4) Ms. Kokenge did not timely file one Form 4 in 2012 reflecting one transaction and (5) Mr. Wilson did not timely file one Form 4 in 2012 reflecting one transaction.

PROPOSAL 2: APPROVAL OF THE AMENDED AND RESTATED 2010 LONG-TERM INCENTIVE PLAN

We are asking stockholders to approve an amendment and restatement of the Flotek Industries, Inc. 2010 Long-Term Incentive Plan (the "Plan"), the material terms of which Plan are more fully described below, to (i) increase the number of shares of our Common Stock available for the granting of awards thereunder from 6,000,000 to 9,000,000, (ii) extend the maximum term of the Plan to April 9, 2023, and (iii) add language regarding "clawback" or recoupment policies regarding Plan awards. The amount of the increase in the number of shares authorized under the amended and restated Plan was set in consultation with and at the suggestion of our independent compensation consultant. Based on our historic and projected future usage patterns, the Compensation Committee estimates that the shares available under the amended and restated Plan will be sufficient to provide grants for the next three years. Our Board of Directors approved this amendment and restatement of the Plan on April 9, 2013, subject to the stockholder approval solicited by this Proxy Statement.

The purpose of the Plan is to assist us in attracting, retaining and motivating employees, officers, directors and service providers by rewarding, and providing financial incentives for, individual performance. Additionally, the Plan allows us to offer our employees, officers, directors and service providers the opportunity to acquire and increase their proprietary interest in the Company, thereby more closely aligning their interests with those of our stockholders. As of December 31, 2012, 1.6 million shares of Common Stock remain available for future grants of awards under the Plan. On April 9, 2013, the closing sale price of our common stock on The New York Stock Exchange was \$15.81 per share. Our Board of Directors believes that an increase in the number of shares available for granting awards under the Plan is necessary to attract and hire new employees, to motivate and retain existing employees, and to ensure that a sufficient number of shares are available for equity grants assumed or granted in connection with acquisitions we may undertake. The only material aspects of the Plan being changed or added by the proposed amendment and restatement are (i) the increase in the number of shares available for issuance, (ii) the extension of the term of the Plan to April 9, 2023, and (iii) the addition of language regarding "clawback" and recoupment policies. All other provisions of the Plan described herein would remain as already in effect. The summary is qualified in its entirety by reference to the specific provisions of the Plan, as proposed to be amended and restated, the full text of which is set forth as Exhibit A to this proxy statement.

Description of the Plan

Eligibility and Available Awards

The Plan provides for the grant of incentive stock options and non-qualified stock options (collectively, "stock options"), restricted stock, restricted stock units, stock appreciation rights, phantom stock, and other stock or performance based awards (each, an "Award").

All employees and service providers of the Company or any affiliate (as defined in the Plan) of the Company and non-employee directors of the Company are eligible to receive grants of Awards under the Plan. However, incentive stock options may be granted only to employees. Further, non-qualified stock options and stock appreciation rights may only be granted to employees and service providers of the Company or entities in a chain of corporations in which the Company has a controlling interest and to non-employee directors of the Company. The selection of eligible individuals to whom Awards will be granted is within the discretion of the Compensation Committee. It is currently expected that all of our employees will participate in the Plan, along with all non-employee directors who serve on the Company's Board of Directors.

Administration

The Plan is administered by the Compensation Committee of our Board of Directors, unless the Board of Directors appoints another committee for such purpose. No member of the Compensation Committee shall vote or act upon any matter relating solely to himself. Grants of Awards to members of the Compensation Committee must be ratified by the Board of Directors.

Subject to the provisions of the Plan, the Compensation Committee will (i) select the eligible individuals to whom Awards may be granted; (ii) determine the type, amount, terms, restrictions and conditions of Awards; (iii) determine the time or times at which Awards shall be granted and the number of shares of common stock subject to each Award; (iv) amend, modify, extend, cancel or renew any Award or waive any restrictions or conditions applicable to any Award or any shares of common stock acquired pursuant thereto; (v) interpret the Plan and all Awards under the Plan;

(vi) make, amend and rescind such rules as it deems necessary for the proper administration of the Plan; (vii) correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Award under the Plan in the manner and to the extent that it deems desirable to effectuate the Plan; (viii) determine the fair market value of shares of common stock; (ix) approve one or more forms of Award agreement; (x) determine whether an Award will be settled in shares of common stock, cash, or any combination thereof; (xi) accelerate, continue, extend or defer the exercisability or vesting of any Award or any shares acquired pursuant thereto,

including with respect to the period following a participant's termination of service; (xii) prescribe, amend or rescind rules, guidelines and policies relating to the Plan, or adopt sub-plans or supplements to, or alternative versions of, the Plan, including with limitation, as the Compensation Committee deems necessary or desirable to comply with the laws of, or to accommodate the laws, regulations, tax or accounting effectiveness, accounting principles or custom of, any foreign jurisdiction whose citizens may be granted Awards; and (xiii) make all other determinations necessary or advisable for the administration of the Plan. Any action taken or determination made by the Compensation Committee or the Board of Directors pursuant to the Plan will be binding on all parties. No member of the Board of Directors or the Compensation Committee will be liable for any action or determination made in good faith with respect to the Plan or an Award granted thereunder.

Our Board of Directors may amend, suspend or terminate the Plan at any time without prior notice to or consent of any person; provided, however, except as specifically permitted under the Plan, in connection with a change of control, no amendment (other than any amendment the Board deems necessary in order to permit Awards to meet the requirements of the Code, or other applicable laws, or to prevent adverse tax consequences to the participants), suspension or termination of the Plan may, without the consent of the holder of an Award, terminate such Award or adversely affect such person's rights with respect to such Award in any material respect unless or to the extent specified in the Award itself. However, no amendment shall be effective prior to its approval by the stockholders, to the extent such approval is required by (i) applicable legal requirements or (ii) the requirements of any securities exchange on which the Company's stock may be listed.

Stock Available for Issuance

The maximum number of shares of common stock that may be issued under the Plan is currently 6,000,000 shares, subject to adjustment as provided in the Plan. Upon stockholder approval of the amendment to the Plan, the maximum number of shares of common stock that may be issued under the Plan will be 9,000,000 shares, subject to adjustment as provided in the Plan.

Each share of common stock that is the subject of an Award granted under the Plan may be made available from authorized but unissued shares, treasury stock or shares of common stock acquired in the open market. No fractional shares shall be issued under the Plan. Each share of common stock that is the subject of an Award, including each share underlying an Award that is measured by shares but that is intended to be settled in cash, shall be charged against the maximum share limitations at the time the Award is granted and may not again be made subject to Awards under the Plan pursuant to such limitations. Without limiting the generality of the foregoing, the number of shares of common stock remaining available for an Award under the maximum share limitations, as reduced for charges in respect of Awards made

from time to time, shall not be increased (nor shall prior charges be reversed) for, among other things, shares of common stock (i) not issued and that cease to be issuable for any reason, including, but not limited to, forfeiture, revocation, cancellation or amendment of an Award or the settlement of an Award, in whole or in part, by the payment of cash, (ii) tendered in payment of the exercise price of any stock option, (iii) tendered to, or withheld by, us to satisfy tax withholding or other obligations, and/or (iv) repurchased by us, whether with stock option proceeds or otherwise.

Award Limits

The maximum number of shares of common stock that may be issued under the Plan pursuant to an exercise of incentive stock options is currently 6,000,000 shares, and upon stockholder approval of the amendment to the Plan will be 9,000,000 shares. The maximum number of shares of common stock subject to stock options and stock appreciation rights (combined) awarded to any one participant pursuant to the Plan in any calendar year shall not exceed 1,000,000 shares. The maximum number of shares of common stock which may be subject to Awards of restricted stock made to any one participant pursuant to the Plan in any calendar year shall be 500,000 shares. The maximum amount of compensation which may be paid to any participant in any calendar year pursuant to Awards of restricted stock units shall not exceed \$2,000,000. The maximum amount of compensation which may be paid to any participant in any calendar year pursuant to Awards of phantom stock under the Plan shall not exceed the fair market value (determined as of the date of vesting) of 1,000,000 shares of common stock. The maximum amount of compensation that may be paid to any participant in any calendar year pursuant to other stock or performance based

awards under the Plan, (i) if the compensation under the other stock or performance based awards is denominated under the award agreement only in terms of shares of common stock or a multiple of the fair market value per share of common stock, shall not exceed the fair market value (determined as of the date of vesting) of 1,000,000 shares of common stock; or (ii) in all other cases, shall not exceed \$2,000,000. The maximum amount of compensation any participant can be paid in any calendar year pursuant to Awards that are intended to comply with the requirements of Section 162(m) of the Code (and are designated as such) shall not exceed \$2,000,000. The foregoing limitations on the numbers shares of common stock that may be issued and that may be subject to Awards are subject to adjustment, as provided in the Plan.

Adjustments Upon Changes in Capitalization or Reorganization

Upon a merger, recapitalization, reclassification, stock split, payment of stock dividend, consolidation of shares, combination of shares or the like that results in the outstanding shares being changed into or exchanged for a different kind of shares or other securities, the Board will adjust any or all of the following: (a) the remaining number of authorized shares of common stock with respect to which

Awards may be granted, (b) the number of shares of common stock subject to each and all outstanding Awards, (c) the exercise price, grant price or other similar value with respect to an Award, (d) the performance goals applicable to any outstanding Awards intended to comply with the requirements of Section 162(m) of the Code (subject to such limitations as appropriate under Section 162(m) of the Code), and (e) any other terms of an Award that are affected by the event, subject to any required action by our stockholders. The Plan does not permit the Compensation Committee to re-price non-qualified stock options or stock appreciation rights without stockholder approval.

Types of Awards

Stock Options. Stock options entitle the holder to purchase a specified number of shares of common stock at an exercise price per share specified on the date of grant. The Compensation Committee has the authority to grant stock options, specifying the terms and conditions of each stock option (including the time or times at which and the circumstances under which the stock option is exercisable), subject to the terms of the Plan. The Compensation Committee will also have the authority to determine whether stock options granted to employees will be incentive stock options or non-qualified stock options. Unless otherwise provided in the Award agreement, stock options will vest such that 25% of the original number of shares of common stock granted shall vest on each anniversary of the date of grant until the stock option fully vests or is forfeited or expires.

Except as described below, the exercise price at which shares of common stock may be purchased upon the exercise of a stock option will not be less than 100% of the fair market value of our common stock on the date that the stock option is granted. In the case of incentive stock options granted to an employee owning more than ten percent (10%) of the total combined voting power of us and our affiliates, the exercise price at which shares of common stock may be purchased upon the exercise of such incentive stock option shall not be less than 110% of the fair market value of our common stock on the date of grant. The aggregate fair market value of shares of common stock granted pursuant to stock options (determined as of the date the stock option is granted under the Plan (or any other stock option plan of ours or our affiliates)) that become exercisable with respect to an employee for the first time as incentive stock options during any one calendar year cannot exceed \$100,000.

Except for grants of incentive stock options to employees owning more than ten percent (10%) of the total combined voting power of us and our affiliates (which stock options may not be exercised later than five years after the date of grant), no stock option may be exercised later than the date which is ten years after the date of grant. To exercise a stock option granted under the Plan, the person entitled to exercise the stock option must provide written notice to us, setting forth the number of shares of common stock with respect to which the stock option is to be exercised, accompanied by full payment for the shares being purchased and any required

withholding taxes, unless other arrangements have been made with the Compensation Committee. The payment must be in cash or certified check or by the Company withholding shares otherwise issuable from the exercise of the stock option.

Restricted Stock. Restricted stock is common stock that is subject to forfeiture and such other restrictions as the Compensation Committee may impose, including performance criteria, transfer and repurchase restrictions, and in no event will the term of any such Award exceed ten years. The Compensation Committee has authority and discretion to determine what restrictions apply to the restricted stock and when and how the restrictions of one Award of restricted stock may differ from those of any other Award of restricted stock.

When granted, restricted stock is registered in the name of the participant and left on deposit with, or held in trust or escrow by, us until the restrictions lapse. Unless otherwise provided in the Award agreement, holders of restricted stock have all of the rights of a stockholder, including the right to vote and the right to receive dividends or other distributions paid or made with respect to such shares; provided, however, that unless otherwise provided in the Award agreement, in the case of restricted stock with respect to which vesting is conditioned on performance criteria, other than the continuation of the participant's employment or service for a fixed or specified duration, holders of restricted stock shall not have the right to receive dividends with respect to such restricted stock until the restricted stock vests, at which time the sum of all dividends on such restricted stock for the restricted period shall be paid without interest. If, prior to the end of the restricted period, the participant forfeits the restricted stock pursuant to the terms of the Plan and of his or her Award agreement, we will have the right to repurchase the participant's restricted stock for the lesser of (i) its fair market value on the date of forfeiture or (ii) the amount of cash paid therefor, if any.

If for any reason the restrictions imposed by the Compensation Committee are not met at the end of the restricted period, the restricted stock will be forfeited by the participant and reacquired by us.

Stock Appreciation Rights. A stock appreciation right entitles a participant to receive (either in cash, common stock, or a combination thereof), upon exercise of the stock appreciation right, the excess of (i) the fair market value per share of common stock on the date of exercise over (ii) an amount equal to the fair market value per share of common stock on the date of grant. The Compensation Committee may provide that the excess may not exceed a specified amount. The Compensation Committee shall determine, at the date of grant, the number of shares of common stock to which the stock appreciation right applies, the time or times at which and the circumstances under which a stock appreciation right may vest and be exercised, the term of the stock appreciation right, subject to a ten year maximum term, and such other terms and conditions as the Compensation Committee may determine.

To exercise a stock appreciation right, the person entitled to exercise the stock appreciation right must provide written notice to us, setting forth the number of shares of common stock with respect to which the stock appreciation right is to be exercised, accompanied by full payment of any required withholding taxes, unless other arrangements have been made with the Compensation Committee.

Restricted Stock Units. An award of a restricted stock unit is a right, subject to satisfaction of terms and conditions as imposed by the Compensation Committee, to receive, upon vesting, a stated or determinable amount denominated in cash. The right to receive payment of an award of restricted stock units may be conditioned upon continued employment or achievement of performance goals. Restricted stock unit awards may be payable in cash, shares of common stock, or a combination thereof. The Compensation Committee has the authority to determine the periods of restriction, the amount payable under the award and any other terms and conditions consistent with the Plan. Except as otherwise may be required under Section 409A of the Code, payment of a restricted stock unit award shall occur in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date the restricted stock unit vests.

Phantom Stock. An award of phantom stock is a right, subject to satisfaction of terms and conditions as imposed by the Compensation Committee, to receive, upon vesting, a stated or determinable amount denominated in shares of common stock. The right to receive payment of an award of phantom stock may be conditioned upon continued employment or achievement of performance goals. Phantom Stock awards may be payable in cash, shares of common stock or a combination thereof. The Compensation Committee has the authority to determine the periods of restriction, the number of notional shares of common stock to which the phantom stock award pertains and any other terms and conditions consistent with the Plan. Except as otherwise may be required under Section 409A of the Code, payment shall occur in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date the phantom stock vests.

Other Stock or Performance Based Awards. An other stock or performance based award is an award the value of which is based in whole or in part by reference to, or based on or related to, a share of common stock or cash as determined by the Compensation Committee to be consistent with the purposes of the Plan. An other stock or performance based award may be payable in cash, shares of common stock, or a combination thereof. The Compensation Committee has the authority and discretion to determine the terms and conditions of other stock or performance based awards, including any performance criteria covering such Awards, consistent with the Plan. Except as otherwise may be required under Section 409A of the Code, payment or the settlement of other stock or performance based awards shall be made in a single lump sum no later than the fifteenth (15th) day of

the third (3rd) calendar month following the date on which vesting occurs.

Awards intended to comply with the requirements of Section 162(m) of the Code. The Plan authorizes the Compensation Committee to grant any Award and provide that such Award shall be granted to comply with the requirements of Section 162(m) of the Code.

The Compensation Committee shall establish the performance goals for a performance period and the amount and terms, in writing, for each Award that is intended to comply with the requirements of Section 162(m) of the Code. Each performance goal shall consist of and incorporate (i) one or more designated business criteria, (ii) the quantitatively determinable level(s), standard(s), degree(s) or range(s) of achievement to be applied to each such business criteria for the performance period, and (iii) the amount of compensation (which shall be objectively determinable under one or more formulas or pre-determined standards) that shall vest under the performance goal for the achievement of each specified business criteria, at the prescribed level(s), standard(s), degree(s) or range(s).

Awards granted to comply with the requirements of Section 162(m) of the Code will vest and be paid only if and to the extent vested under the performance goals.

Performance goals may be based on any one or more business criteria on an absolute or relative basis or as compared to the performance of a published index deemed by the Compensation Committee to be applicable to the Company, including, but not limited to, the Standard & Poor's 500 Standard Index or a group of comparable companies.

Performance goals will be established, Awards will be granted and the Award agreement will be provided to the participant and shall become binding at a time when the achievement of or outcome under each applicable performance goal is "substantially uncertain" (within the meaning of Section 162(m) of the Code), and in all events by

no later than the earlier of the 90th day of the performance period or the lapse of 25 percent (25%) of the performance period, unless otherwise required or permitted for “performance-based compensation” under Section 162(m) of the Code. Performance goals may differ among participants and Awards.

The business criteria are as follows: (i) stock price; (ii) earnings per share; (iii) increase in revenues; (iv) increase in cash flow; (v) cash flow per share; (vi) increase in cash flow return; (vii) return on net assets; (viii) return on assets; (ix) return on investment; (x) return on capital; (xi) return on equity; (xii) economic value added; (xiii) gross margin; (xiv) net income; (xv) pretax earnings; (xvi) pretax earnings before interest; (xvii) pretax earnings before interest, depreciation and amortization; (xviii) pretax operating earnings after interest expense and before incentives, service fees and extraordinary or special items; (xix) operating income; (xx) total stockholder return; (xxi) debt reduction; (xxii) successful completion of an acquisition, initial public

offering, private placement of equity or debt; or (xxiii) reduction of expenses.

The Compensation Committee shall have the discretion to reduce the amount payable under such Award (even if it has otherwise vested under the applicable performance goal) for a participant's negative conduct or other activities or factors as the Compensation Committee may determine, but it shall not have the authority to either increase the amount payable under such Award above the amount which vests under the performance goals or pay or provide compensation in lieu of the portion of Award that does not so vest. After the end of each performance period, the Compensation Committee will determine and certify, in writing, the amount, if any, of performance awards payable to each participant based upon the achievement of certain established business criteria.

Withholding

We are generally required to withhold tax on the amount of income recognized by a participant with respect to an Award. The Compensation Committee may make such provision for the withholding of taxes as it deems necessary. Withholding requirements may be satisfied by (a) tender of a cash payment to us or (b) withholding of cash payable or of shares of common stock otherwise issuable under an Award.

Amendment of Awards

The Compensation Committee may amend an Award; provided, however, except in the case of a change of control, no amendment of an Award may, without the consent of the participant, adversely affect the participant's rights with respect to such Award in any material respect.

Clawback

The amended and restated plan will provide that any Award granted pursuant to the Plan shall be subject to mandatory repayment by the participant to the Company to the extent the participant is, or in the future becomes, subject to any Company "clawback" or recoupment policy implemented by the Company, including any clawback or recoupment policy adopted to comply with the requirements of any applicable law, rule or regulation, or otherwise. Currently, the Plan contains no explicit provision regarding clawback or recoupments.

Term of the Plan

The Plan shall terminate ten years after the date of the adoption of the amendment and restatement by the Board of Directors, unless earlier terminated by the Board of Directors. No Award may be granted under the Plan after its termination.

Change of Control

Unless otherwise provided in an Award, upon the occurrence of a change in control (defined generally as certain reorganizations, mergers, consolidations, sales of all or substantially all of our assets or liquidations), the Board of

Directors may, but is not required to take any one or more of the following actions with respect to Awards: (i) accelerate vesting and the time at which all stock options and stock appreciation rights then outstanding may be exercised; (ii) waive, alter and/or amend the performance criteria and other restrictions and conditions of Awards then outstanding, with the result that the affected Awards may be deemed vested, and any applicable restricted period or other limitations on payment in full with respect thereto shall be deemed to have expired, as of the date of the change of control or such other date as may be determined by the Board of Directors; (iii) cause any acquirer to assume the Plan and the Awards or exchange the Awards for the acquirer's stock; (iv) terminate the Plan; and (v) terminate and cancel all outstanding unvested or unexercised Awards as of the date of the change of control on such terms and conditions as it deems appropriate.

The Board of Directors will, in connection with a change of control, have the right to require all participants to transfer and deliver to us all Awards previously granted to the participants in exchange for an amount equal to the cash value of the Awards. The cash value of an Award will equal the sum of (i) the cash value of all benefits to which the participant would be entitled upon settlement or exercise of any Award that is not a stock option or restricted stock, and (ii) in the case of a stock option or restricted stock, the excess of the market value per share (as defined in the Plan) over the option price, or the market value per share of restricted stock, as applicable, multiplied by the number of shares as to which such Award is vested.

Termination of the Participant

Except as otherwise provided in an Award agreement, upon a participant's termination for cause (as defined in the Plan), all unpaid Awards, whether vested or not, shall terminate and be immediately forfeited. Unless otherwise

provided in an Award agreement, upon a participant's termination for any reason other than for cause, including termination due to the participant's death or disability, any unvested Award outstanding at the time of termination shall terminate and be immediately forfeited. The Board of Directors or Compensation Committee may provide for the continuation of certain Awards, except if such continuation would cause certain adverse tax consequences.

Summary of Certain Federal Income Tax Considerations

The following summary is based on certain applicable provisions of the Code, as currently in effect, and the income tax regulations and proposed income tax regulations issued thereunder. This summary does not purport to cover all federal income tax consequences or any federal employment tax or other federal tax consequences that may be associated with the Plan, nor does it cover state, local or foreign taxes.

Status of Stock Options. Stock options granted under the Plan may be either incentive stock options or non-qualified

stock options. Under certain circumstances, an incentive stock option may be treated as a non-qualified stock option. The tax consequences, both to the option holder and to us, differ depending on whether a stock option is an incentive stock option or a non-qualified stock option.

Non-qualified Options. Generally, no federal income tax is imposed on the option holder upon the grant of a non-qualified stock option. If the shares of common stock received by an option holder upon the exercise of a non-qualified stock option are not subject to certain restrictions in the hands of the option holder, then the option holder will be treated as receiving compensation, taxable as ordinary income in the year of exercise. The amount recognized as ordinary income upon such an exercise is the excess of the fair market value of the shares of common stock at the time of exercise over the exercise price paid for such common stock. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the option holder.

Incentive Stock Options. No federal income tax is imposed on the option holder upon the grant of an incentive stock option. The option holder will recognize no ordinary income for federal income tax purposes upon disposition of stock acquired pursuant to the exercise of an incentive stock option, if the option holder (i) does not dispose of the shares of common stock acquired pursuant to the exercise of an incentive stock option within two years from the date the option was granted or within one year after the shares of common stock were transferred to the option holder (the “Holding Period”), and (ii) is an employee of either (a) the corporation granting the option, (b) the parent corporation or a subsidiary corporation of the granting corporation, or (c) a corporation (or the parent corporation or a subsidiary corporation of such corporation) that has assumed such option of another corporation as a result of a corporate reorganization, merger, or similar transaction. Such employment must continue for the entire time from the date the option was granted until three months before the date of exercise, or twelve months before the date of exercise if employment ceases due to permanent and total disability (as defined in Section 22(e)(3) of the Code). If common stock received upon exercise of an incentive stock option is disposed of after completion of the Holding Period, any difference between the exercise price paid for such common stock and the amount realized on the disposition will be treated as a capital gain or loss. The gain, if any, realized upon such a disposition will be treated as a long-term capital gain. Any loss realized upon such a disposition will be treated as a long-term capital loss. In the case of disposition of shares of common stock following expiration of the Holding Period, we would not be entitled to any deduction in connection with the grant or exercise of the incentive stock option or the disposition of the shares of common stock so acquired.

If, however, an option holder disposes of shares of common stock acquired pursuant to the exercise of an incentive stock option before expiration of the Holding Period (a “Disqualifying Disposition”), the option holder would be treated as having received, at the time of disposition, compensation taxable as ordinary income. In such event, subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the option holder. The amount treated as compensation is the lesser of (i) the excess of the fair market value of the common stock at the time of exercise over the exercise price, or (ii) the excess of the amount realized on disposition over the exercise price. The balance of the gain, if any, realized upon such a disposition will be treated as a long-term or short-term capital gain depending on the holding period. If the amount realized at the time of the disposition is less than the exercise price, the option holder will not be required to treat any amount as ordinary income, provided that the disposition is of a type that would give rise to a recognizable loss. In such event, the loss will be treated as a long-term or short-term capital loss depending upon the holding period. A disposition generally includes a sale, exchange, gift or a transfer of legal title, but does not include certain other transfers, such as by reason of death or a pledge or an exchange of shares described in Section 424(c) of the Code.

Although the exercise of an incentive stock option does not result in current taxable income, there are implications with regard to the Alternative Minimum Tax (“AMT”). The excess of the fair market value of shares of common stock acquired upon exercise of an incentive stock option over the exercise price paid for such shares of common stock is an adjustment to AMT income for the option holder's taxable year in which such exercise occurs (unless the shares of common stock are disposed of in the same taxable year and the amount realized is less than the fair market value of the shares on the date of exercise, in which event the amount included in AMT income will not exceed the amount

realized on the disposition over the adjusted basis of the shares).

Restricted Stock. Generally, the grant of restricted stock will not be a taxable event to the participant, and we will not receive a deduction. Absent an 83(b) election (described below), the participant will be taxed at ordinary income rates when the stock vests (an amount equal to the difference between the fair market value of the stock on the vesting date and the consideration paid, if any, for the shares), and we will receive a corresponding deduction. However, the participant may elect to make an 83(b) election not later than 30 days after the grant of the restricted stock. An 83(b) election is an election permitted under Section 83(b) of the Code that allows the participant to recognize compensation income on the restricted stock at the time of the grant equal to the difference between the fair market value of the stock on the date of grant and the amount paid, if any, for the shares. If the participant makes an 83(b) election, we receive a corresponding deduction at the time of the grant, and the

participant is not taxed, nor do we receive any deduction received, upon vesting of the shares. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

When the participant sells the shares following vesting, he or she may realize a capital gain if the sales price is greater than his or her basis in the shares. The participant's basis for this purpose is the fair market value at the time of vesting (if no 83(b) election is made) or at the time of grant (if an 83(b) election is made). We do not receive a deduction upon disposition of the stock by the participant. If, following vesting, the participant sells the shares and the amount realized is more than the participant's basis in the stock, the participant will recognize a capital gain. If, following vesting, the participant sells the shares and the amount realized is less than the participant's basis in the stock, the participant will recognize a capital loss. The capital gain or loss will be either short-term or long-term, depending on the holding period of the shares. The holding period commences upon vesting (if no 83(b) election is made) or upon grant (if an 83(b) election is made).

Stock Appreciation Rights. Upon the exercise of a stock appreciation right, if shares are received in settlement of the stock appreciation right, the fair market value of those shares received is recognized as income for federal income tax purposes at the time of exercise of the stock appreciation right. If a participant receives cash upon the exercise of a stock appreciation right, the excess of the fair market value of the number of shares of common stock with respect to which the stock appreciation is exercised over the fair market value of the corresponding number of shares of common stock on the date of grant is recognized as income for federal income tax purposes at the time of exercise. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Restricted Stock Units. In general, a participant who receives a restricted stock unit award will not be taxed on receipt of the Award; instead, upon vesting, the amount paid to the participant (whether in cash, shares, or a combination thereof) denominated in cash will be taxable as compensation to the participant. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Phantom Stock. In general, a participant who receives a phantom stock award will not be taxed on receipt of the Award; instead, upon vesting, the amount paid to the participant (whether in cash, shares, or a combination thereof) equal to fair market value of a share of common stock multiplied by the specified number of notional shares of common stock that have vested will be taxable as

compensation to the participant. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Other Tax Considerations

In the event of a change of control of the Company, certain payments in the nature of compensation to certain individuals, if contingent on the change in control, could be nondeductible to us and subject to an additional 20% tax to the participant. Awards under the Plan that are made or that vest or become payable in connection with a change in control may be required to be taken into account in determining whether these penalties apply.

Section 162(m) of the Code places a \$1,000,000 cap on the deductible compensation that may be paid to certain executives of publicly traded corporations. Amounts that qualify as "performance based compensation" under Section 162(m)(4)(C) of the Code are exempt from the cap and do not count toward the \$1,000,000 limit.

Generally, stock options and stock appreciation rights granted with an exercise or grant price at least equal to the fair market value of the stock on the date of grant will qualify as performance based compensation. Other Awards may or may not so qualify, depending on their terms.

Some Awards granted under the Plan may be considered non-qualified deferred compensation that is subject to special rules and an additional 20% tax to the participant under Section 409A of the Code. The Compensation Committee will generally design and administer such Awards either to be exempt from or to comply with Section 409A of the Code and avoid the imposition of any additional tax under Section 409A of the Code, but is not required to do so. There is no commitment or guarantee that any federal, state, local or foreign tax treatment will apply or be available to any participant with respect to any Award.

Inapplicability of ERISA

Based on current law and published interpretations, we do not believe that the Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Notwithstanding the foregoing, the Plan expressly provides that there is no commitment or guarantee that any federal, state or local tax treatment will apply or be available to any person who participates or is eligible to participate in the Plan.

Plan Benefits

Information cannot be provided with respect to the number of Awards that will be received by any particular individual employee or group of employees pursuant to the Plan, since the grant of such Awards is within the discretion of the

Compensation Committee. All other future grants under the Plan are within the discretion of our Board of Directors or the Compensation Committee and, as such, the benefits of such grants are not currently determinable.

The total amount of incentive compensation that was awarded during the 2012 fiscal year under the Plan to each of the groups specified below is as follows: (a) each of the named executive officers received stock options and/or shares of time-vesting restricted stock under the Plan as reported in the Summary Compensation Table (the Company does not have any executive officers who are not named executive officers); (b) all current non-employee directors as a group received grants totaling 107,530 shares of time-vesting restricted stock under the Plan; (c) all employees including all current officers who are not executive officers received grants totaling 472,321 shares of time-vesting restricted stock under the Plan; (d) no nominee for director received any compensation under the Plan, other than incumbent directors described above; (e) no associate of any such directors, executive officers or nominees received any compensation under the Plan; and (f) no other person received a total of five percent of securities granted under the Plan.

No other incentive compensation was awarded under the Plan during the 2012 fiscal year. The total amount of incentive compensation that was awarded during the 2012 fiscal year to these groups of individuals under the Plan would not have changed had the amendment and restatement increasing the number of shares available for issuance under the Plan been already approved prior to the beginning of the 2012 fiscal year.

The affirmative vote of at least a majority of the shares of Common Stock represented at the Meeting is required to approve the amendment and restatement of the Flotek Industries, Inc. 2010 Long-Term Incentive Plan.

THE BOARD OF DIRECTORS HAS UNANIMOUSLY ADOPTED A RESOLUTION SEEKING STOCKHOLDER APPROVAL OF, AND RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF, THE AMENDMENT AND RESTATEMENT OF THE FLOTEK INDUSTRIES, INC. 2010 LONG-TERM INCENTIVE PLAN, WHICH IS DESIGNATED AS PROPOSAL NO. 2 ON THE ENCLOSED PROXY.

PROPOSAL 3: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We are providing our stockholders with an opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, which may be referred to as a "say-on-pay" proposal, is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"). Under a transition period provided by the SEC's rules implementing the Dodd-Frank Act, smaller reporting companies were not required to include a "say-on-pay" proposal in their proxy statements until their first stockholders meeting occurring on or after January 21, 2013. As we met the definition of a smaller reporting company under the SEC's rules at the time of implementation, this annual meeting will be the first time we present our stockholders with a "say-on-pay" proposal.

Our executive compensation program is designed to attract, motivate, and retain our executive officers, who are critical to our success. As described in the "Summary Compensation" and "Outstanding Equity Awards at Fiscal Year-End 2012" tables above, as well as our accompanying narrative disclosure to such tables, our executive compensation program contains elements of cash and equity-based compensation. We believe our program is designed to align the interests of our named executive officers with those of our stockholders and to reward our named executive officers for the achievement of our near-term and longer-term financial and strategic goals.

The Board of Directors is asking our stockholders to approve a non-binding advisory vote on the following resolution: **RESOLVED**, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission under the headings "Summary Compensation Table" and "Outstanding Equity Awards at Fiscal Year-End 2012," including the related footnotes and accompanying narrative disclosure, is hereby approved.

Though this proposal calls for a non-binding advisory vote, our Board and Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter is required to approve this Proposal 3. In determining whether this proposal has received the requisite number of affirmative votes, abstentions will not be counted and will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RESOLUTION APPROVING THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL 4: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

In Proposal 3 above, we are providing our stockholders with an opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers. In this Proposal 4, we are asking our stockholders to cast a non-binding advisory vote regarding the frequency of future “say-on-pay” votes. Stockholders may vote for a frequency of every one, two, or three years, or may abstain from voting. This proposal, which may be referred to as a “say-on-frequency” proposal, also is required by the Dodd-Frank Act. Under a transition period provided by the SEC's rules implementing the Dodd-Frank Act, smaller reporting companies were not required to include a “say-on-frequency” proposal in their proxy statements until their first stockholders meeting occurring on or after January 21, 2013. Accordingly, this annual meeting will be the first time we present our stockholders with a “say-on-frequency” proposal.

Because this proposal calls for a non-binding advisory vote, it will not be binding on the Company, and the Board and the Compensation Committee may determine to hold “say-on-pay” votes more or less frequently than the option selected by our stockholders (though no less frequently than once every three years, as required by the Dodd-Frank Act).

However, our Board and the Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote when determining the frequency of future “say-on-pay” votes. In the future, we will provide a “say-on-frequency” vote at least once every three years as required by the Dodd-Frank Act.

After careful consideration, the Board recommends that a “say-on-pay” vote be held every year. An annual vote will facilitate more direct stockholder input about executive compensation. An annual vote is consistent with our policy of reviewing our compensation program annually, as well as seeking frequent input from our stockholders on corporate governance and executive compensation matters. Therefore, the Board recommends that you vote “every year” for the frequency of the advisory “say-on-pay” vote.

Vote Required and Recommendation of the Board of Directors

No voting standard is applicable to this proposal. Stockholders may vote to set the frequency of the “say-on-pay” votes at every one, two, or three years, or may abstain from voting.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU SELECT "EVERY YEAR" ON THE PROPOSAL RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION.

**PROPOSAL 5: RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Hein & Associates LLP (“Hein”) as the independent registered public accounting firm to perform the audit of our consolidated financial statements for the year ending December 31, 2013. Hein acted as our independent registered public accounting firm in 2012. A representative of Hein is expected to attend the 2013 Annual Meeting. Such representative will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. The Board recommends that the stockholders ratify the selection of Hein as our independent registered public accounting firm.

Audit Fees

Hein & Associates LLP billed the Company and its subsidiaries fees as set forth in the table below for (i) the audits of the Company’s 2011 and 2012 annual financial statements, reviews of quarterly financial statements, and review of other documents filed with the Securities and Exchange Commission, (ii) assurance and other services reasonably related to the audit or review of the Company’s financial statements, including due diligence services and (iii) services related to tax compliance. There were no other fees billed by such independent registered public accounting firms during such years.

	(\$)	(\$)	(\$)	(\$)
	Audit Fees	Audit-Related Fees	All Other Fees	Tax Fees
Fiscal Year 2011	633,892	21,000	—	4,500
Fiscal Year 2012	799,397	35,000	—	6,135

The Audit Committee of the Board has adopted policies regarding the pre-approval of auditor services. All additional services must be pre-approved on a case-by-case basis. All of the services provided by Hein during fiscal years 2011 and 2012 were approved by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” PROPOSAL NO. 5 TO RATIFY THE SELECTION OF HEIN & ASSOCIATES LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2013.

OTHER MATTERS

The Board is not aware of any other matters that may come before the Meeting. However, the proxies may be voted with discretionary authority with respect to any other matters that may properly come before the Meeting.
