PROXY STATEMENT

The Board of Directors of Fifth Third Bancorp (the Company) is soliciting proxies, the form of which is enclosed, for the Annual Meeting of Shareholders to be held on March 25, 2003 (the Meeting). Each of the 565,874,176 shares of Common Stock outstanding on January 31, 2003 is entitled to one vote on all matters acted upon at the Meeting, and only Shareholders of record on the books of the Company at the close of business on January 31, 2003 will be entitled to vote at the Meeting, either in person or by proxy. The shares represented by all properly executed proxies which are sent to the Company will be voted as designated and each not designated will be voted affirmatively. Each person giving a proxy may revoke it by giving notice to the Company in writing or in open meeting at any time before it is voted.

The laws of Ohio under which the Company is incorporated provide that if notice in writing is given by any Shareholder to the President, a Vice President, or the Secretary of the Company not less than forty-eight (48) hours before the time fixed for holding a meeting of Shareholders for the purpose of electing Directors that such Shareholder desires that the voting at such election shall be cumulative, and if an announcement of the giving of such notice is made upon the convening of the meeting by the Chairman or Secretary or by or on behalf of the Shareholder giving such notice, each Shareholder shall have the right to cumulate such voting power as he or she possesses in voting for Directors.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by the Directors, Officers, and other regular employees of the Company, who will receive no compensation therefor in addition to their regular compensation. Brokers and others who hold stock on behalf of others will be asked to send proxy material to the beneficial owners of the stock, and the Company will reimburse them for their expenses.

The Company has retained D.F. King & Co., Inc., a proxy solicitation firm, to assist the Company in soliciting proxies. The Company anticipates that the costs of D. F. King's services will be approximately \$8,000.

The Annual Report of the Company for the year 2002, including financial statements, has been delivered to all Shareholders. Such report and financial statements are not a part of this Proxy Statement.

ELECTION OF DIRECTORS

In accordance with the Company's Code of Regulations, the Board of Directors is classified into three classes. Each class is to be elected to separate three (3) year terms with each term expiring in different years. At each Annual Meeting the Directors or nominees constituting one class are elected for a three (3) year term. The term of those Directors listed below as Class II expires at the Annual Meeting on March 25, 2003 and this Class contains the nominees to be elected to serve until the Annual Meeting of Shareholders in 2006. The following Class II directors are retiring upon expiration of their terms at the Annual Meeting: Donald B. Shackelford and David J. Wagner. At its January 21, 2003 meeting the Board of Directors voted to decrease the size of the Board such that no vacancies will result from the foregoing retirements. Each of the foregoing retiring Directors has generously given valuable years of service to the Company. Any vacancies that occur after the Directors are elected may be filled by the Board of Directors in accordance with law for the remainder of the full term of the vacant directorship.

The Nominating and Corporate Governance Committee of the Board of Directors has nominated for election as Class II Directors the following six (6) persons, all of whom are presently serving as Class II Directors of the Company: John F. Barrett, Richard T. Farmer, Robert B. Morgan, George A. Schaefer, Jr., John J. Schiff, Jr. and Dudley S. Taft. It is the intention of the persons named in the Proxy to vote for the election of all nominees named. If any nominee(s) shall be unable to serve, which is not now contemplated, the proxies will be voted for such substitute nominee(s) as the Nominating and Corporate Governance Committee of the Board of Directors recommends. Proxies in the form solicited hereby which are returned to the Company will be voted in favor of the six (6) nominees specified above unless otherwise instructed by the shareholder. Abstentions and shares not voted by brokers and other entities holding shares on behalf of beneficial owners will not be counted and will have no effect on the outcome of the election. Nominees receiving the six (6) highest totals of votes cast in the election will be elected as directors.

The following tables set forth information with respect to each Class II Director, including the nominees for re-election at the Annual Meeting, and with respect to incumbent Directors in Classes I and III of the Board of Directors who are not nominees for re-election at the Annual Meeting.

- (1) Benefits shown are computed on the basis of a straight life annuity. Other available forms of benefits payment under the Retirement Plan, which are the actuarial equivalent of the straight life annuity, are the joint and surviving spouse annuity, the contingent annuitant option, the life 10-year-certain option, and the single lump-sum option. The method of payment from the Supplemental Plan is either a single lump sum or an installment.
- (2) Under the current law, the maximum annual pension benefit payable under the Internal Revenue Code, applicable to the Retirement Plan, is \$160,000 for 2002. Any annual pension benefit accrued over \$160,000 is payable under the Supplemental Plan.
- (3) The Retirement Plan and Supplemental Plan were frozen as of November 15, 1998 except for employees who were at least age 50 and had 15 years of credited service as of December 31, 1998. For the purpose of computing a benefit under these Plans on December 31, 2002, Mr. Schaefer had 31 years of credited service; Mr. Schrantz, 19 years; Mr. Baker, 29 years; Mr. Niehaus, 31 years; Mr. King, 28 years and Mr. Arnold, 12 years. Mr. Schaefer and Mr. Niehaus continue to accrue benefits under these Plans. Messrs. Schrantz, Baker, King and Arnold are not accruing benefits under these Plans but do continue to accrue service for eligibility of an immediate early retirement benefit.
- (4) The amounts shown are the gross benefit amounts provided by both the Retirement Plan and the Supplemental Plan. Plan benefits are determined as 30.5% of final average pay minus 11.1% of the participant's social security final average compensation (up to his social security covered compensation) with a reduction of 1/30th for each year of credited service less than 30. Benefits are also reduced for termination of service prior to age 60, for a commencement of benefit payments prior to age 60, and eliminated under the vesting schedule if the participant has less than five (5) vesting years.
- (5) Compensation for retirement benefit calculations under the Retirement Plan is defined as the base rate of pay plus variable compensation and is based on the final average pay for the highest five consecutive years out of the ten years preceding retirement. The 2002 base pay plus variable compensation are substantially the same as the amounts shown under the Salary and Bonus columns of the Summary Compensation Table. No more than an inflation adjusted \$150,000 limit is taken into consideration under the Retirement Plan. Compensation in excess of an inflation adjusted \$150,000 limit is taken into account under the Supplemental Plan.

Compensation of Directors

Non-employee Directors of the Company receive a single annual retainer of \$15,000 and a fee of \$1,000 per meeting attended (including committee meetings). Pursuant to a Deferred Compensation Plan, Directors may annually defer from one-half to all of their compensation as directors until age 65 or until they cease to serve on the Board, whichever occurs last. The deferred funds bear interest until paid at an annually adjusted rate equal to 1% over the U.S. treasury bill rate or Directors may elect to receive a return on deferred funds at a rate equal to the rate of return on the Company's stock. Directors who are also employees receive no additional compensation for service on the Board.

The Company's 1998 Long-Term Incentive Stock Plan provides that the Committee has full authority to provide awards of stock options to non-employee Directors. In 2002, there were no awards of stock options to any non-employee director.

REPORT OF THE STOCK OPTION AND COMPENSATION COMMITTEE

Policy

The Company's cash compensation package for its Executive Officers consists of two components: (1) base salary; and (2) annual performance-based bonuses. The Company also provides stock option grants to its executive officers as a means to promote ownership in the Company.

The Stock Option and Compensation Committee (the Committee) is composed of directors who are not employees of the Company. This Committee is responsible for the approval and administration of the base salary level and annual bonus compensation programs as well as the stock option program for Executive Officers. In determining compensation levels, the Committee considers salary and bonus levels which will attract and retain qualified executives when considered with the other components of the Company's compensation structure; specific annual performance criteria; and rewarding Executive Officers for continuous improvement in their respective areas which contribute to continual increases in shareholder value.

The Company's philosophy for granting stock options is based on the principles of encouraging key employees to remain with the Company and to encourage ownership thereby providing them with a long-term interest in the Company's overall performance and incenting those executive officers to manage with a view toward maximizing long-term shareholder value.

The Company uses the services of Towers Perrin, an executive compensation-consulting firm, to perform competitive peer analysis on an annual basis. In conjunction with the Company, Towers Perrin identified a group of peer companies based on market capitalization, geographic location, performance and similarity in lines of business.

Base Salary

Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

Executive Officers salaries are determined by evaluating both the 2002 comparative peer data and the role and responsibilities of their positions. Individual salary increases are reviewed annually and are based on the Company's overall performance and the executive's attainment of individual objectives during the preceding year.

Annual Bonuses

Executive Officers (other than officers designated to participate in the Fifth Third Bancorp Variable Compensation Plan as discussed below) are eligible to earn annual bonuses. At the end of the year, the Committee establishes a target bonus matrix comprised of incrementally increasing amounts of earnings per share, which, if attained, make available an incentive pool for bonus payments. For 2002, the Company's target goal was to increase net income and earnings per share by 18% and 16%, respectively, on a comparable basis, over 2001. The matrix was established by the Committee to reflect a bonus pool, which increased if incrementally higher net income resulted in 2002 as compared to 2001. However, if the Bancorp goals are not met, individual bonuses are reduced proportionately, with no bonuses paid unless earnings per share and net income increase. The Committee determined that earnings for 2002 were sufficient to award bonuses under the Plan.

Annual performance goals are also established for each Executive Officer, including personal and departmental goals. The nature of these goals differs depending upon each officer's job responsibilities. Goals are both quantitative in nature, such as sales and revenue goals and cost containment; and qualitative in nature, such as the development and retention of key personnel, assessment and development of quality products and services, and management effectiveness.

At the end of each year, the extent to which the profit plan goals are actually attained is measured. If all goals are completely met, the executive officer receives a target bonus amount. To the extent goals are partially met, then only that portion as expressed in the bonus matrix is paid out. Although specific relative weights are not assigned to each performance factor, a greater emphasis is placed on increasing net income.

The Fifth Third Bancorp Variable Compensation Plan

In 1998 the Committee and the Company's shareholders approved and adopted the Fifth Third Bancorp Variable Compensation Plan (Variable Compensation Plan). For 2002, the Committee designated the participants in the Variable Compensation Plan as the President and CEO and all officers who were designated as an Executive Vice President of the Company as of January 1, 2002. The Committee also designated Performance Goals (as defined in the Variable Compensation Plan) for 2002 in the form of a matrix comprised of incrementally increasing amounts of earnings per share and net income and were based on the higher of these two measurements as defined in the matrix as approved by the Committee. If the Performance Goals as established in that matrix were not met, individual payments were reduced proportionately with no payments made pursuant to the Variable Compensation Plan unless net income or earnings per share increase.

The Committee reviewed the performance of the Company and compared it to the Performance Goals for the 2002 Plan Year. Based on the Company's performance, the Committee certified that the Performance Goals were met for 2002.

Stock Option Grants

Options to purchase Common Stock are granted annually to Executive Officers. At the Shareholders Meeting held on March 17, 1998, the Company's 1998 Long-Term Incentive Stock Option Plan was approved by the required number of votes. The stock option grants to Executive Officers in 2002 were made under the 1998 Long-Term Incentive Stock Plan. Grants are made to Executive Officers at an option price of 100% of the market value on the date of grant. The Company's philosophy in granting stock options is to increase Executive Officer ownership in the Company and not to serve as a vehicle for additional compensation. Executive Officers are incented to manage with a view toward maximizing long-term shareholder value. In determining the total number of options to be granted annually to all recipients, including the Executive Officers, the Committee considers the number of options already held by the Executive Officer, dilution, number of shares of Common Stock outstanding and the performance of the Company during the immediately preceding year. This year's grant to all employees totaled 6,553,508, or 1.14% of shares outstanding. The Committee sets guidelines for the number of shares available for the granting of stock options to each Executive Officer based on the total number of options available, an evaluation of competitive data for similar grants and the executive officer salary and position. These stock option grants provide incentive for the creation of shareholder value since the full benefit of the grant to each Executive Officer can only be realized with an appreciation in the price of the Company's common shares.

Chief Executive Officer's Compensation and Stock Option Grants

Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

The Committee considered the following factors in determining the base salary for 2002 for George A. Schaefer, Jr., President and Chief Executive Officer of the Company: the Company's success in attaining its profit plan for 2001 as discussed below and the level of compensation paid to the highest paid executive at the companies selected for peer comparison. Based on these factors, the Committee established Mr. Schaefer's base salary effective November 5, 2001 at \$1,000,000, which is an increase of approximately 1% increase from his 2001 salary level of \$991,170. This placed Mr. Schaefer's compensation slightly above the median of base salaries paid by those companies selected for peer comparison.

For 2002, Mr. Schaefer was eligible to earn a cash bonus ranging up to 200% of his base salary based on Performance Goals as designated under the Variable Compensation Plan. The Company's Performance Goals were established for maximum cash bonus payments at a 18% increase, on a comparable basis, over the 2001 net income and a 16% increase over the 2001 earnings per share. For 2002, the Committee certified that based on the Company's performance Mr. Schaefer earned a bonus of \$1,600,000, which represented 160% of his base salary for fiscal year 2002.

On April 22, 2002, Mr. Schaefer was granted an option to purchase 250,000 shares of Common Stock. That grant was made in accordance with the guidelines of the Committee referenced above, including specifically the Company's increase in its year-to-date earnings for the 2001 fiscal year and the 2001 Comparative Data.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid for any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers. The Company designed the 1998 Long-Term Incentive Stock Plan and the Variable Compensation Plan to meet the criteria for deductibility under Section 162(m). Accordingly, the Committee believes that all compensation for 2002 paid to Mr. Schaefer and to the other named executive officers is properly deductible under the Code. Any non-deductible amounts that have been paid, or may be paid in the future, under those plans are not expected to be significant.

In accordance with its written charter attached as Annex 1 as adopted by the Board of Directors (Board), the Audit Committee of the Board (Committee) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Fifth Third Bancorp (Fifth Third). In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited consolidated financial statements of Fifth Third as of and for the year ended December 31, 2002, with management and the independent auditors. Management has the responsibility for the preparation of Fifth Third's consolidated financial statements and the independent auditors have the responsibility for the examination of those consolidated statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that Fifth Third's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. PROPOSAL TO AMEND CODE OF REGULATIONS

The Board of Directors recommends approval of the amendment of Article III, Section 17 of the Company's Code of Regulations, as amended, in the manner shown in Annex 2 hereto. The proposed amendment to Article III, Section 17 would clarify that the Company's ability to indemnify its directors, officers and other employees is subject to and limited by federal laws and regulations.

This amendment is being proposed by the Company in order to conform its Code of Regulations and its indemnification provisions with various federal laws such as the Federal Deposit Insurance Act and the regulations issued under that act by the Federal Deposit Insurance Corporation (FDIC).

The FDIC's regulations define a prohibited indemnification payment to include any payment or agreement to make a payment by a bank or a bank holding company to an institution-affiliated party (such as a director, officer or employee) to pay or reimburse such person for any liability or legal expense in any administrative proceeding brought by the appropriate federal banking agency that results in a final order or settlement in which the institution-affiliated party is assessed a civil money penalty, is removed or prohibited from banking, or is required to cease an action or take any affirmative action, including making restitution, with respect to the bank or bank holding company. Under the FDIC's regulations, a bank or bank holding company may make a reasonable payment to purchase commercial insurance to cover certain costs that the institution incurs under an indemnification agreement. Costs that may be covered by insurance include legal expenses and restitution that an individual may be ordered to make to the institution or receiver. The insurance may not, however, pay or reimburse an institution-affiliated party for any final judgment or civil money penalty assessed against such individual.

The FDIC's regulations provide criteria for making permissible indemnification payments. A bank or a bank holding company may make or agree to make a reasonable indemnification payment if all of the following conditions are met:

the institution's board of directors determines in writing that the institution-affiliated party acted in good faith and the best interests of the institution;

the board of directors determines that the payment will not materially affect the institution's safety and soundness;

the payment does not fall within the definition of a prohibited indemnification payment; and

the institution-affiliated party agrees in writing to reimburse the institution, to the extent not covered by permissible insurance, for payments made in the event that the administrative action results in a final order or settlement in which the institution-affiliated party is assessed a civil money penalty, is removed or prohibited from banking, or is required, under a final order, to cease an action or take any affirmative action.

The Division of Banking Supervision and Regulation of the Board of Governors of the Federal Reserve System has indicated that, in the event that a state member bank or bank holding company (such as the Company) fails to take appropriate action to bring its indemnification provisions into compliance with federal laws and regulations, appropriate follow-up supervisory action may be taken. Among these, applications involving banks or bank holding companies with indemnification-related issues identified in the supervisory process will be reviewed by Federal Reserve staff for compliance with federal law and regulations. Therefore, the Company is proposing the amendment to its Code of Regulations attached hereto as Annex 2.

The resolution attached to this Proxy Statement as Annex 2 will be submitted for adoption at the Annual Meeting. The affirmative vote of the holders of shares of the Common Stock of the Company entitling them to exercise a majority of the voting power of such shares is necessary to adopt the proposed amendment. Proxies will be voted in favor of the resolution unless otherwise instructed by the Shareholder. Abstentions and shares not voted by brokers and other entities holding shares on behalf of the beneficial owners will have the same effect as votes cast against the amendment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ADOPTION OF THE AMENDMENT TO THE COMPANY S CODE OF REGULATIONS TO LIMIT ITS ABILITY TO INDEMNIFY ITS DIRECTORS, OFFICERS AND EMPLOYEES IN ACCORDANCE WITH FEDERAL LAWS AND REGULATIONS.

AUDITORS

The Audit Committee of the Board of Directors proposes and recommends that the Shareholders approve the selection by the Committee of the firm of Deloitte & Touche LLP to serve as independent auditors for the Company for the year 2003. The firm has served as independent auditors for Fifth Third Bank since 1970 and the Company since 1975. Representatives of Deloitte & Touche LLP will be present at the Shareholders Meeting to make such comments as they desire and to respond to questions from Shareholders of the Company. Action by the Shareholders is not required by law in the appointment of independent auditors. If the resolution approving Deloitte & Touche LLP as the Company's independent auditors is rejected by the Shareholders then the Committee will reconsider its choice of independent auditors. Even if the resolution is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its Shareholders. Proxies in the form solicited hereby which are returned to the Company will be voted in favor of the resolution unless otherwise instructed by the shareholders. Abstentions will have the same effect as votes cast against the resolution, provided such shares are properly present at the meeting in person or by proxy, and shares not voted by brokers and other entities holding shares on behalf of beneficial owners will have no effect on the outcome. The affirmative vote of a majority of the votes entitled to be cast by the holders of the Company's Common Stock present or represented at the Meeting and entitled to vote is required to approve the appointment of Deloitte & Touche LLP. The Audit Committee of the Board of Directors recommends the adoption of the resolution.

2004 SHAREHOLDER PROPOSALS

In order for Shareholder proposals for the 2004 Annual Meeting of Shareholders to be eligible for inclusion in the Company's Proxy Statement, they must be received by the Company at its principal office in Cincinnati, Ohio, prior to October 16, 2003. Any Shareholder who intends to propose any other matter to be acted upon at the 2004 Annual Meeting of Shareholders must inform the Company no later than December 26, 2003. If notice is not provided by that date, the persons named in the Company's proxy for the 2004 Annual Meeting will be allowed to exercise their discretionary authority to vote upon any such proposal without the matter having been discussed in the proxy statement for the 2004 Annual Meeting.

OTHER BUSINESS

The Board of Directors does not know of any other business to be presented to the Meeting and does not intend to bring other matters before the Meeting. However, if any other matters properly come before the Meeting, it is intended that the persons named in the accompanying Proxy will vote thereon according to their best judgment and interest of the Company. No Shareholder has informed the Company of any intention to propose any other matter to be acted upon at the Meeting. Accordingly, the persons named in the accompanying Proxy are allowed to exercise their discretionary authority to vote upon any such proposal without the matter having been discussed in this Proxy Statement.
