Plumas Bancorp

Dear Shareholder:

You are cordially invited to attend the annual meeting of shareholders of Plumas Bancorp, which will be held at the Plumas Bank Credit Administration Building located at 32 Central Avenue, Quincy, California, on Wednesday, May 17, 2006 at 10:30 a.m. At this annual meeting, shareholders will be asked to elect eleven directors for the next year and vote on a proposal to amend and restate the Plumas Bank 2001 Stock Option Plan. The proposed stock option plan amendment and restatement provides the Board of Directors, like boards of other public companies, with the flexibility to compensate employees, directors and independent contractors of Plumas Bancorp and Plumas Bank through stock options and to employees of Plumas Bancorp and Plumas Bank through restricted stock awards. Restricted stock awards provide a less expensive and alternative form of equity compensation versus the stock options currently available for grant under the existing Plumas Bank 2001 Stock Option Plan.

Plumas Bancorp is requesting your proxy to vote in favor of all of the nominees for election as directors and amendment and restatement of the stock option plan. The Board of Directors of Plumas Bancorp recommends that you vote FOR the election of each of the nominees and FOR the proposal to amend and restate the Plumas Bank 2001 Stock Option Plan.

The proxy statement contains information about each of the nominees for directors and about Plumas Bancorp and the amendment and restatement of the stock option plan.

To ensure that your vote is represented at this important meeting, please sign, date and return the proxy card in the enclosed envelope as promptly as possible.

Sincerely,

Douglas N. Biddle
President and Chief Executive Officer

The date of this proxy statement is March 29, 2006

**Plumas Bancorp
Proxy Statement
Annual Meeting of Shareholders
May 17, 2006**

Plumas Bancorp is providing this proxy statement to shareholders of Plumas Bancorp in connection with the annual meeting (the Meeting) of shareholders of Plumas Bancorp to be held at the Plumas Bank Credit Administration Building located at 32 Central Avenue, Quincy, California, on Wednesday, May 17, 2006 at 10:30 a.m. and at any and all adjournments thereof.

It is expected that Plumas Bancorp will mail this proxy statement and accompanying notice and form of proxy to shareholders on or about April 10, 2006.

Revocability of Proxies

A proxy for use at the meeting is enclosed. Any shareholder who executes and delivers such proxy has the right to revoke it at any time before it is exercised, by filing with the Secretary of Plumas Bancorp an instrument revoking it, or a duly executed proxy bearing a later date. The Secretary of Plumas Bancorp is Terrance J. Reeson, and any revocation should be filed with him at Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. In addition, the powers of the proxy holders will be revoked if the person executing the proxy is present at the meeting and elects to vote in person. If any other matter is presented at the meeting, the proxy holders will vote in accordance with the recommendations of management.**

Persons Making the Solicitation

The Board of Directors of Plumas Bancorp is soliciting proxies. Plumas Bancorp (the Company) will bear the expense of preparing, assembling, printing and mailing this proxy statement and the material used in the solicitation of proxies for the meeting. The Company contemplates that proxies will be solicited principally through the use of the mail, but officers, directors and employees of Plumas Bancorp may solicit proxies personally or by telephone, without receiving special compensation for the solicitation. Although there is no formal agreement to do so, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to their principals. In addition, the Company may utilize the services of individuals or entities not regularly employed by Plumas Bancorp in connection with the solicitation of proxies, if management of the Company determines that this is advisable.

Voting Securities

Management of the Company has fixed March 31, 2006 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the meeting. On March 28, 2006, there were 4,997,618 shares of Plumas Bancorp's common stock issued and outstanding. Each holder of Plumas Bancorp's common stock will be entitled to one vote for each share of the Company's common stock held of record on the books of Plumas Bancorp as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of Plumas Bancorp gives that notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy

Table of Contents

statement may be cumulated in the discretion of the proxy holders, in accordance with management's recommendation.

The effect of broker nonvotes is that such votes are not counted as being voted; however such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

Shareholdings of Certain Beneficial Owners and Management

Management of Plumas Bancorp knows of no person who owns, beneficially or of record, either individually or together with associates, 5 percent or more of the outstanding shares of the Company's common stock, except as set forth in the table below. The shares beneficially owned are determined under the Securities and Exchange Commission Rules, and do not necessarily indicate ownership for any other purpose. In general, beneficial ownership includes shares over which the director, named executive officer or principal shareholder has sole or shared voting or investment power and shares which such person has the right to acquire within 60 days of March 28, 2006. Unless otherwise indicated, the persons listed below have sole voting and investment powers of the shares beneficially owned or acquirable by exercise of stock options. All nominees will continue to serve if elected at the meeting until the 2007 annual meeting of shareholders and until their successors are elected and have been qualified. None of the directors were selected pursuant to any arrangement or understanding other than with the directors and executive officers of Plumas Bancorp acting within their capacities as such. There are no family relationships between any of the directors of Plumas Bancorp. No director of the Company serves as a director of any company that has a class of securities registered under, or which is subject to the periodic reporting requirements of, the Securities Exchange Act of 1934, or of any company registered as an investment company under the Investment Company Act of 1940.

The Board of Directors and Committees

During 2005, the Company's Board of Directors met 16 times. None of Plumas Bancorp's directors attended less than 75 percent of all Board of Directors' meetings and committee meetings of which they were members. The Company does not have a policy requiring director attendance at its annual meeting. However, most directors attend the meeting as a matter of course. All the directors attended the annual meeting of shareholders held in May 2005.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will submit your correspondence to the Board of Directors or the appropriate committee, as applicable.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including Plumas Bancorp's principal executive officer and principal financial officer) and financial personnel, known as the Corporate Governance Code of Ethics Policy. This Code of Ethics Policy is available on Plumas Bancorp's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Ms. Elizabeth Kuipers, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971.

Audit Committee

Plumas Bancorp has an Audit Committee composed of Mr. Reeson, Chairman and Messrs. Flournoy, Grohs and Watson. The Board has determined that each member of the Audit Committee is independent within the meaning of the rules and regulations of the Securities and Exchange Commission (the "SEC"). The Board has determined that the Audit Committee does not have an audit committee financial expert, as that term is defined in Item 401(h) of SEC Regulation S-K, because (i) none of the members of the Audit Committee possesses all the requisite qualifications to be considered an audit committee financial expert and (ii) thus far, the Board has not been able to successfully recruit an individual who qualifies as an audit committee financial expert and who would be willing to serve on the Audit Committee in that capacity. In the future as a Board vacancy occurs, the Board of Directors will attempt to recruit a member who will meet the SEC definition of audit committee financial expert.

The Audit Committee met six times during 2005. The Audit Committee reviews all internal and external audits including the audit by Perry-Smith LLP, the Company's independent auditor, report any significant findings of audits to the Board of Directors, and ensure that the internal audit plans are met, programs are carried out, and weaknesses are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan.

Table of Contents

The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors through the use of engagement letters. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the full Audit Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. Other than some ancillary audit and accounting services and some ancillary tax and accounting consulting services the fees paid to the independent auditors in 2005 and 2004 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Plumas Bancorp specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed Plumas Bancorp's audited financial statements and discussed such statements with management. The Board of Directors and the Audit Committee has discussed with Perry-Smith LLP, the Company's independent auditors during the year 2005, the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit and Finance Committees, as amended).

The Audit Committee received written disclosures and a letter from Perry-Smith LLP, required by Independence Standards Board Standard No. 1 and has discussed with them their independence from management. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services is compatible with the auditors' independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that Plumas Bancorp's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

Corporate Governance Committee

Plumas Bancorp has a Corporate Governance Committee which met eight times during 2005. The Corporate Governance committee consists of Mr. Grohs, Chairman and Messrs. Kehr, Blickenstaff and Watson and Ms. McArthur. The Board has determined that each member of the Corporate Governance Committee is independent within the meaning of the rules and regulations of the Securities and Exchange Commission (the "SEC"). The Corporate Governance committee provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, oversees the annual review and evaluation of the performance of the Board and its committees and develops and recommends corporate governance guidelines to the Board of Directors. In May 2004, the Board of Directors adopted a written charter for the Corporate Governance Committee.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a security holder-recommended candidate in order to serve on the committee. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who

Table of Contents

are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. When identifying and evaluating new directors, the Corporate Governance Committee considers the diversity and mix of the existing Board of Directors, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers: the ability to represent the best interest of the Company, existing relationships with the Company, interest in the affairs of the Company and its purpose, the ability to fulfill director responsibilities, leadership skill, reputation within the Company's community, community service, integrity, business judgment, ability to develop business for the Plumas Bancorp and the ability to work as a member of a team. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
Plumas Bancorp
35 S. Lindan Avenue
Quincy, CA 95971

In addition, the bylaws of Plumas Bancorp permit stockholders to nominate directors for consideration at an annual shareholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see the notice to this proxy statement.

Compensation Committee

Plumas Bancorp has a Compensation Committee that met five times in 2005. The Compensation Committee consists of Mr. Grohs, Chairman and Messrs. Kehr, Blickenstaff, Watson and Ms. McArthur. The Compensation Committee reviews human resource policies, establishes the compensation for the Chief Executive Officer and other executive officers, reviews salary recommendations, grants stock options and approves other personnel matters, which are in excess of management's authority.

Compensation Committee Interlocks and Insider Participation

Mr. William E. Elliott, retired former President and Chief Executive Officer, served as an advisor to the Compensation Committee until his retirement in October 2005, after which Mr. Douglas N. Biddle, President and Chief Executive Officer, served as an advisor to the Compensation Committee during 2005. There are no Compensation Committee interlocks between Plumas Bancorp and other entities involving Plumas Bancorp's executive officers or board members.

Compensation Committee Report

The Compensation Committee establishes the overall executive compensation guidelines of Plumas Bancorp and establishes the compensation plans and specific compensation levels of the Chief Executive Officer and other executive officers. The Compensation Committee reviews its approach to executive compensation annually.

Table of Contents

The Compensation Committee believes that executive officer compensation should be closely aligned with the performance of Plumas Bancorp on a short-term and long-term basis, and that such compensation should be structured to assist the Company in attracting and retaining key executives critical to its long-term success. To that end, the Compensation Committee's policy for compensation packages of executive officers consists of four components: (i) an annual base salary; (ii) the potential to earn incentive bonuses dependent on Plumas Bancorp's performance and, in certain cases, individual performance as well, and (iii) stock option awards and salary continuation plans designed to link shareholder interests with those of executive management by providing long-term incentives to executive officers of the Company, and (iv) long-term incentives similar to those received by non-executives, including a 401(k) match. The performance based aspects, items (ii) and (iii) above, are considered major elements of the overall compensation program.

Annual base salary is determined by considering the overall performance of the President and Chief Executive Officer with respect to the duties and responsibilities assigned. Mr. Biddle was promoted to President and Chief Executive Officer of Plumas Bancorp on October 7, 2005. Mr. Elliott retired as President and Chief Executive Officer of Plumas Bancorp on October 5, 2005 but continued his employment until December 31, 2005. Salary surveys of other California community banks, including the California Bankers' Association and California Department of Financial Institutions Annual Salary Surveys, are reviewed and factored into the process to insure fair rates of compensation in an increasingly competitive labor market. All outside Plumas Bancorp directors individually completed a written evaluation of the performance of Mr. Elliott prior to his retirement in October 2005. The evaluations were summarized by Mr. Grohs and discussed by Messrs. Grohs and Kehr with Mr. Elliott. Mr. Elliott with the concurrence of the Board of Directors reviews annually other executive officers of Plumas Bancorp and Plumas Bank, including Douglas N. Biddle, Executive Vice President and Chief Administrative Officer of Plumas Bancorp and Plumas Bank, Dennis C. Irvine, Executive Vice President and Chief Information Technology Officer of Plumas Bank, Robert T. Herr, Executive Vice President and Loan Administrator of Plumas Bank and Andrew J. Ryback, Executive Vice President and Chief Financial Officer of Plumas Bancorp and Plumas Bank.

Incentive bonuses are linked to specific objectives for each executive officer. In 2005, Messrs. Elliott and Biddle could earn a percentage of their base salary based on the achievement of specific goals tied to (1) return on equity; (2) growth in earnings; and, (3) individual performance goals. Each goal is also assigned a range of target levels. At year-end, the target level achieved for each performance measure is combined to arrive at the final bonus compensation award. The maximum Messrs. Elliott and Biddle could earn under this bonus compensation formula is 60% and 30%, respectively of their base salary. In 2005, Mr. Elliott earned bonus compensation in the amount of \$75,500, or 44% of total base compensation of \$171,142 and Mr. Biddle earned bonus compensation in the amount of \$32,500, or 20% of total base compensation of \$161,917. Bonus compensation for other executive officers is based on a similar quantitative formula as Messrs. Elliott and Biddle.

The Board of Directors at its discretion periodically awards incentive compensation in the form of stock option grants to executive officers and other employees. The Board employs qualitative criteria in awarding stock options to the executive officers. In 2005, no options were granted to executive officers of the Company. All options when granted are at fair market value as of the date of the award.

The Board of Directors has provided Messrs. Biddle and Elliott and the other executive officers salary continuation agreements. The purpose of the salary continuation agreements with Messrs. Biddle and Elliott and the other executive officers is to provide incentives for key personnel to remain in the employ of the Company. In connection with the agreements, the Company has purchased certain bank owned life insurance policies (BOLI).

The Personnel Committee believes that the programs for executive officer compensation serve well the interests of Plumas Bancorp's shareholders by providing the motivation for executives to contribute to the overall long-term success and value of Plumas Bancorp and Plumas Bank.

The agreement provides for deferral of director fees to the earlier of an agreed upon distribution date or the termination of director services for any reason. The Company will accrue interest on all deferred director fees at an annual floating percentage rate of the current Plumas Bank Prime Rate minus 1%. In the event of death prior to retirement, the beneficiary will receive full-deferred fee benefits. In the event of disability wherein the director does not continue service with the Company, the director is entitled to the full-deferred fee benefit accrued up to the point of director's termination of service.

All stock options were granted at an exercise price of not less than one hundred percent (100%) of the fair market value of the stock on the date of the grant. The amount of options outstanding at December 31, 2005 (as well as the original option grant information presented above) has been adjusted to reflect the 3-for-2 stock split effective June 15, 1999, the 3-for-2 stock split effective November 26, 2002 and the 3-for-2 stock split effective September 16, 2005.

Each option granted under either the 1991 or 2001 Plan expires no later than ten (10) years from the date the option was granted. Director Emeritus Plans

Director Retirement Agreement: Effective March 1, 1998 the Company entered into Director Retirement (fee continuation) Agreements with board members Blickenstaff, Fletcher, Grohs, Kehr, Reeson, Schoensee (currently retired), Sphar (currently retired), Wellenbrock (currently retired) and West. The purpose of the fee continuation agreements is to provide a retirement benefit to the board members as an incentive to continue service with the Company. The agreement provides for fee continuation benefits of up to \$8,100 per year for 5 years after retirement. In the event of death prior to retirement, the beneficiary will receive full fee continuation benefits. In the event of disability wherein the director does not continue service with the Company, the director is entitled to fee continuation benefits, at a reduced amount depending on the length of service with the Company, beginning the month following termination of service. If the director terminates service with the Company for a reason other than death or disability prior to the retirement age of 75, he/she will be entitled to fee continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of fee continuation benefits occurs at a rate that provides for a 6.67% vesting for each completed year of service, for a total vesting of 100% after the completion of fifteen years of service. The fee continuation benefits are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the policies.

During April and May of 2000, the Director Retirement Agreements for the directors described above were modified to increase the amount of the annual benefit to \$10,000 and extend the term to 12 years after retirement with these benefits beginning after the third anniversary of the director's retirement. This increase in benefits was informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the policies.

On May 12, 2000, the Company entered into a Director Retirement Agreement with board member McArthur. Additionally, on May 1, 2003, the Company entered into a Director Retirement Agreement with board member Watson. In the event of disability wherein the retired director is unable to continue consulting services with the Company, the Company may terminate the director's post-retirement consulting services. Under the terms of the agreement the Company has provided and will provide employment to Mr. Elliott from April 17, 2002 to July 1, 2007. His current annual base salary is \$200,000 with future base salary increases to be granted at the sole discretion of the Board. The Company also provides a \$100,000 term life insurance policy on behalf of Mr. Elliott. Mr. Elliott is entitled to participate in any and all other employee benefits and plans existing or developed by the Company. The Company has the right to terminate the agreement for cause, as defined in the agreement. If the Board of Directors of the Company determines that Mr. Elliott's continued employment would be detrimental to the best interests of the shareholders, he will be entitled to termination pay of one (1) year's salary or the balance due per the employment agreement, whichever is less.

On October 13, 1993, the Company's Board of Directors entered into a salary continuation agreement with Mr. Elliott. The purpose of the salary continuation agreement is to provide special incentive to Mr. Elliott for his continuing employment with the Company on a long-term basis. The vesting of salary continuation benefits occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service, for a total vesting of 100%. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Biddle and Mr. Irvine as the insured parties and the Company as the beneficiary of the policies.

As of December 28, 1999, the salary continuation agreements for Messrs. Elliott, Biddle and Irvine were modified to increase the amount of the annual benefit to \$110,000, \$62,000 and \$62,000, respectively. Elliott, Biddle and Irvine are the insured parties and the Company is the beneficiary of the policies. The agreements were also modified so that in the event of a change in control and Messrs. Elliott, Biddle or Irvine terminate their employment with Plumas Bancorp or its successor within a period of 5 years after such change in control, then they may elect full vesting of their salary continuation payments and the payment of the salary continuation benefits beginning with the month after their termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for Plumas Bancorp under Section 280G of the Internal Revenue Code.

The salary continuation benefits are informally funded by a single premium life insurance policy with Mr. Ryback as the insured party and the Company as the beneficiary of the policy. PROPOSAL 2**Amendment and Restatement of the Plumas Bank 2001 Stock Option Plan, as Amended to Allow Restricted Stock Awards to Employees and Make Other Changes**

The Board of Directors of the Company has adopted the Amended and Restated Plumas Bancorp 2001 Stock Option Plan to amend and restate the Plumas Bank 2001 Stock Option Plan to allow for grants of restricted stock awards in addition to grants of stock options. Under a recent change in generally accepted accounting principles, stock options are required to be expensed under Financial Accounting Standards Board Statement No. 123(R), and the Board of Directors of the Company like other the boards of other public companies looked at adding restricted stock awards as a less expensive and alternative form of equity compensation that would add to the stock options currently available for grant under the existing Plumas Bank 2001 Stock Option Plan. In addition to restricted stock grants, the Amended and Restated Plumas Bancorp 2001 Stock Option Plan upon approval by shareholders of the Company will allow stock option grants to directors, employees and independent contractors who perform services to the Company or Plumas Bank. **The Amended and Restated Plumas Bancorp 2001 Stock Option Plan does not increase the number of shares originally allocated to the existing plan, and also does not extend the termination date of the existing plan which expires on March 21, 2011. No grants of options or restricted stock awards will be**

The grants of stock options and/or restricted stock awards may be tied to the financial or operational performance of the Company as determined in the discretion of the Board of Directors or a qualified committee. In addition, the full text of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan is set forth in Appendix A to this Proxy Statement. The following summary is qualified in its entirety by reference to the text of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan.

Summary of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan

Stock Options. The Amended and Restated Plumas Bancorp 2001 Stock Option Plan permits the Board of Directors or a qualified committee to issue nonqualified stock options directors, officers and employees of Plumas Bancorp or Plumas Bank or independent contractors that provide services to Plumas Bancorp or Plumas Bank. The Amended and Restated Plumas Bancorp 2001 Stock Option Plan also provides for the granting of incentive stock options to employees of Plumas Bancorp or Plumas Bank. The Board of Directors or qualified committee shall determine the number of shares subject to options and all other terms and conditions of the options, including vesting requirements. In no event, however, may the exercise price of a stock option be less than 100% of the fair market value of the Company's common stock on the date of the stock option's grant, nor may any option have a term of more than 10 years. Furthermore, in the case of an incentive stock optionee who at the time of the grant owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, then the exercise price of such stock option shall not be less than one hundred ten percent (110%) of the fair market value of such stock at the time such stock option was granted and the term of such option shall not be for more than five years. During any fiscal year, no optionee may receive options to acquire more than 25,000 shares of the Company's common stock.

Restricted Stock Awards. The Amended and Restated Plumas Bancorp 2001 Stock Option Plan allows the Board or a qualified committee to grant restricted stock awards. Each share of restricted stock shall be subject to such terms, conditions, restrictions, and/or limitations, if any, as the Board or qualified committee deems appropriate, including, but not by way of limitation, restrictions on transferability and continued employment. In order to qualify a restricted stock grant under Section 162(m) of the Code, the qualified committee may condition vesting of the award on the attainment of performance goals based on any or a combination of the following: net income (before or after taxes), earnings per share, cash flow, share price (including, but not limited to, growth measures and total shareholder return), net interest income, net interest margin, non-interest income, efficiency ratio; and any of the above measures compared to peer or other companies.

The vesting period for restricted stock shall be determined by the Board or qualified committee. Holders of restricted stock awards may have voting rights and receive dividend equivalents as determined in the discretion of the Board or qualified committee. At the discretion of the Board or committee, as applicable the Board or committee may authorize the grantee of a Restricted Stock Award who elects Internal Revenue Code Section 83(b) treatment to surrender to the Company of a number of shares of restricted stock from grantee's Restricted Stock Award as necessary to pay the minimum applicable withholding tax obligation in lieu of requiring the grantee pay the Company such taxes, in which case the Company will pay the minimum applicable withholding tax on behalf of the Participant. No employee may receive in any fiscal year restricted stock representing more than 12,500 shares of the Company's common stock.

Available Shares. The Amended and Restated Plumas Bancorp 2001 Stock Option Plan authorizes the issuance of up to 615,281 shares of common stock to participants. This is the same number as available under the existing plan. Shares withheld for taxes do not reduce the number of available shares for the Amended and Restated Plumas Bancorp 2001 Stock Option Plan, and lapsed options and restricted stock awards are added back to the number of available shares for the Amended and Restated Plumas Bancorp 2001 Stock Option Plan.

After March 21, 2011, no further stock options or restricted stock awards may be issued under the Amended and Restated Plumas Bancorp 2001 Stock Option Plan. This is the same expiration date as the existing plan.

Federal Income Tax Matters Relating to Stock Options. The following describes, generally, the major federal income tax consequences relating to stock options granted under the Amended and Restated Plumas Bancorp 2001 Stock Option Plan. If all of the requirements of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan are met, generally no taxable income will result to an optionee upon the grant of an incentive or nonqualified stock option.

Incentive Stock Options. If the optionee is employed continuously from the date of grant until at least three months before the option is exercised and otherwise satisfies the requirements of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan and applicable law, the optionee will not recognize taxable income upon exercise of the option. If the optionee is not employed continuously from the date of grant until at least three months before the option is exercised for a reason other than death or disability, the optionee will recognize ordinary income at the time the option is exercised. The Company will be allowed a deduction for federal income tax purposes only if and to the extent that the optionee recognizes ordinary income. Upon exercise of an incentive stock option, the excess of the fair market value of the shares received over the option price at the time of exercise is treated as an item of tax preference which may result in the imposition of the alternative minimum tax.

On a subsequent sale of shares acquired by the exercise of an incentive stock option, gain or loss will be recognized in an amount equal to the difference between the amount realized on the sale and the optionee's tax basis of the shares sold. If a disposition (generally a sale, exchange, gift or similar lifetime transfer of legal title) of stock received pursuant to an exercise of an incentive stock option does not take place until more than two years after the grant of such option and more than one year after the exercise of such option, any gain or loss realized on such disposition will generally be treated as long-term capital gain or loss. Under such circumstances, the Company will not be entitled to a deduction for income tax purposes in connection with the exercise of the option.

If a disposition of stock received pursuant to an exercise of an incentive stock option occurs within two years after the grant of such option or one year after the exercise of such option, the optionee must treat any gain realized as ordinary income to the extent of the lesser of (i) the fair market value of such stock as of the date of exercise less the option price, or (ii) the amount realized on disposition of the stock less the option price. Such ordinary income realized is deductible by the Company for federal income tax purposes. Any additional amount realized on the disposition will be taxable as either long-term or short-term capital gain depending on the holding period.

Table of Contents

Nonqualified Stock Options. In general, when an optionee exercises a nonqualified stock option, the optionee recognizes ordinary income in the amount of the excess of the fair market value of the shares received upon exercise over the aggregate amount paid for those shares, and the Company may deduct as an expense the amount of income so recognized by the optionee. For capital gains purposes, the holding period of the shares begins upon the exercise of the option, and the optionee's basis in the shares is equal to the fair market value of the shares on the date of exercise. Upon a subsequent disposition of the shares received on exercise, the difference between the amount realized on such disposition and the fair market value of the shares on the date of exercise generally will be treated as a separate capital gain or loss.

If, upon exercise of a nonqualified option, the optionee pays all or part of the purchase price by delivering to the Company shares of already-owned stock, there are no federal income tax consequences to the optionee or the Company to the extent of the number of shares so delivered. As to any additional shares issued, the optionee recognizes ordinary income equal to the aggregate fair market value of the additional shares received, less any cash paid to the Company, and the Company is allowed to deduct as an expense the amount of such income. For purposes of calculating tax upon disposition of the shares acquired, the holding period and basis of the new shares, to the extent of the number of old shares delivered, is the same as for those old shares. The holding period for the additional shares begins on the date the option is exercised, and the basis in those additional shares is equal to the taxable income recognized by the optionee, plus the amount of any cash paid to the Company.

Excise Tax. In addition, the exercise of outstanding options that become exercisable upon certain major corporate events may result in all or a portion of the difference between the fair market value of the option shares and the exercise price of any shares issuable in respect to such options being characterized parachute payments. A 20% excise tax is imposed on the optionee on any amount so characterized and the Company will be denied any tax deduction for such amount.

Withholding Taxes. The Company is generally required to withhold applicable payroll taxes with respect to compensation income recognized by optionees. The Company is also generally required to make certain information reports to the Internal Revenue Service with respect to any income of an optionee attributable to transactions involving the grant or exercise of options and/or the disposition of shares acquired on exercise of options.

Other Information. The Amended and Restated Plumas Bancorp 2001 Stock Option Plan may be amended in whole or in part by the Board of Directors or qualified committee, subject to shareholder approval as required by law. In the event of a Company Terminating Event (as defined in the Amended and Restated Plumas Bancorp 2001 Stock Option Plan), outstanding options and restricted stock awards shall immediately and fully vest. The aggregate numbers of shares available for awards and the price of stock options and number of shares under outstanding awards will be adjusted in the event of changes in capitalization, including a stock dividend, stock split, or recapitalization. The Company may deduct sufficient sums to pay withholding required for federal, state, and local taxes and to pay amounts due to the Company from the recipient of an option or restricted stock award the Amended and Restated Plumas Bancorp 2001 Stock Option Plan.

The closing price of Company common stock reported on the NASDAQ National Market for March 28, 2006, was \$18.00 per share.

Approval of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan requires the affirmative vote of a majority of the outstanding shares of common stock represented and voting at the Meeting.

Management recommends that the shareholders vote FOR the approval of the Amended and Restated Plumas Bancorp 2001 Stock Option Plan.
