(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended November 26, 2017

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____
1-13666

Commission File Number

DARDEN RESTAURANTS, INC.

(Exact name of registrant as specified in its charter)

Florida 59-3305930
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

1000 Darden Center Drive 32837
Orlando, Florida
(Address of principal executive offices) (Zip Code)
407-245-4000

(Registrant's telephone number, including area code)

Not applicable (Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Edgar Filing: DARDEN RESTAURANTS INC - Form 10-Q

Number of shares of common stock outstanding as of December 15, 2017: 123,533,817 (excluding 1,263,682 shares held in our treasury).

Cautionary Statement Regarding Forward-Looking Statements

Statements set forth in or incorporated into this report regarding the expected increase in the number of our restaurants, U.S. same-restaurant sales and capital expenditures in fiscal 2018 and all other statements that are not historical facts, including without limitation statements with respect to the financial condition, results of operations, plans, objectives, future performance and business of Darden Restaurants, Inc. and its subsidiaries that are preceded by, followed by or that include words such as “may,” “will,” “expect,” “intend,” “anticipate,” “continue,” “estimate,” “project,” “plan,” “outlook” or similar expressions, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. This statement is included for purposes of complying with the safe harbor provisions of that Act. Any forward-looking statements speak only as of the date on which such statements are made, and we undertake no obligation to update such statements for any reason to reflect events or circumstances arising after such date. By their nature, forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those set forth in or implied by such forward-looking statements. The most significant of these uncertainties are described in Darden's Form 10-K, Form 10-Q (including this report) and Form 8-K reports.

DARDEN RESTAURANTS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1. Basis of Presentation

Darden Restaurants, Inc. (we, our, Darden or the Company) owns and operates full-service dining restaurants in the United States and Canada under the trade names Olive Garden[®], LongHorn Steakhouse[®], Cheddar's Scratch Kitchen[®], Yard House[®], The Capital Grille[®], Bahama Breeze[®], Seasons 52[®], and Eddie V's Prime Seafood[®] and Wildfish Seafood Grille[®] (collectively "Eddie V's"). As of November 26, 2017, through subsidiaries, we own and operate all of our restaurants in the United States and Canada, except for 3 joint venture restaurants managed by us and 35 franchised restaurants. We also have 35 franchised restaurants in operation located in Latin America, the Middle East and Malaysia.

We have prepared these consolidated financial statements pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally presented in annual financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and are of a normal recurring nature. We operate on a 52/53-week fiscal year which ends on the last Sunday in May, and our fiscal year ending May 27, 2018 will contain 52 weeks of operation. Operating results for interim periods presented are not necessarily indicative of results that may be expected for the full fiscal year.

These statements should be read in conjunction with the consolidated financial statements and related notes to consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended May 28, 2017. We prepare our consolidated financial statements in conformity with GAAP. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of sales and costs and expenses during the reporting period. Actual results could differ from those estimates.

Recently Adopted Accounting Standards

As of May 29, 2017, we adopted Accounting Standards Update (ASU) 2015-17, Balance Sheet Classification of Deferred Taxes (Topic 740). This update requires that deferred tax liabilities and assets be classified as noncurrent in a classified balance sheet. Upon adoption, we applied this guidance retrospectively which resulted in a reclassification of current deferred tax assets of \$211.8 million on our consolidated balance sheet for the period ended May 28, 2017. As of May 29, 2017, we adopted ASU 2016-09, Compensation - Stock Compensation (Topic 718). The amendments in this update cover such areas as the recognition of excess tax benefits and deficiencies, the classification of those excess tax benefits on the statement of cash flows, an accounting policy election for forfeitures, the amount an employer can withhold to cover income taxes and still qualify for equity classification and the classification of those taxes paid on the statement of cash flows. The primary impact for us upon adoption is the recognition of excess tax benefits in our provision for income taxes rather than in equity as previously recognized. This change is required to be applied prospectively. The cash flows related to excess tax benefits will be presented as an operating activity rather than a financing activity in our consolidated statements cash flows. We elected to apply the presentation requirements for the cash flows related to excess tax benefits prospectively and therefore have not adjusted prior periods. The presentation requirements for cash flows related to employee taxes paid for withheld shares had no impact to any of the periods presented in our consolidated statements cash flows since such cash flows have historically been presented as a financing activity. Additionally, we have elected to continue our current accounting policy of estimating forfeitures rather than accounting for forfeitures as they occur.

New Accounting Standards

In May 2014, the Financial Accounting Standards Board (FASB) issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). This update provides a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. The guidance also requires additional

disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts. This update is effective for us in the first quarter of fiscal 2019, which is when we plan to adopt these provisions. This update permits the use of either the retrospective or cumulative effect transition method, however we have not yet selected a transition method. Upon initial evaluation, we do not believe this guidance will impact our recognition of revenue from company-owned restaurants, which is our primary source of revenue. We are continuing to evaluate the effect this guidance will have on other, less significant revenue sources, including franchises and consumer packaged goods.

Table of Contents

DARDEN RESTAURANTS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). This update requires a lessee to recognize on the balance sheet a liability to make lease payments and a corresponding right-of-use asset. The guidance also requires certain qualitative and quantitative disclosures about the amount, timing and uncertainty of cash flows arising from leases. This update is effective for us in the first quarter of fiscal 2020, which is when we plan to adopt these provisions. We plan to elect the available practical expedients upon adoption. We expect our balance sheet presentation to be materially impacted upon adoption due to the recognition of right-of-use assets and lease liabilities for operating leases. However, we do not expect adoption to have a material impact on our consolidated statements of earnings. We do not expect our accounting for capital leases to substantially change. We are continuing to evaluate the effect this guidance will have on our consolidated financial statements and related disclosures.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230). This update provides clarification regarding how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This update addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice. This update is effective for annual and interim periods beginning after December 15, 2017, which will require us to adopt these provisions in the first quarter of fiscal 2019 using a retrospective approach. Early adoption is permitted. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

In October 2016, the FASB issued ASU 2016-16, Income Taxes (Topic 740). This update addresses the income tax consequences of intra-entity transfers of assets other than inventory. Current GAAP prohibits the recognition of current and deferred income taxes for an intra-entity asset transfer until the asset has been sold to an outside party. In addition, interpretations of this guidance have developed in practice over the years for transfers of certain intangible and tangible assets. The amendments in the update will require recognition of current and deferred income taxes resulting from an intra-entity transfer of an asset other than inventory when the transfer occurs. This update is effective for us in the first quarter of fiscal 2019, which is when we plan to adopt these provisions using a modified retrospective approach. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

In March 2017, the FASB issued ASU 2017-07, Compensation - Retirement Benefits (Topic 715). The amendments in this update require that an employer disaggregate the service cost component from the other components of net benefit cost. The amendments also provide explicit guidance on how to present the service cost component and the other components of net benefit cost in the income statement and allow only the service cost component of net benefit cost to be eligible for capitalization. This update is effective for us in the first quarter of fiscal 2019, which is when we plan to adopt these provisions. The guidance will be applied retrospectively or prospectively, depending on the area covered in this update. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

In August 2017, the FASB issued ASU 2017-12, Derivatives and Hedging (Topic 815). The amendments in this update better align an entity's risk management activities and financial reporting for hedging relationships through changes to both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results. This update is effective for annual and interim periods beginning after December 15, 2018, which will require us to adopt these provisions in the first quarter of fiscal 2020. The guidance will be applied retrospectively or prospectively, depending on the area covered in this update. Early adoption is permitted. We are evaluating the effect this guidance will have on our consolidated financial statements and related disclosures.

Note 2. Acquisition of Cheddar's Scratch Kitchen

On April 24, 2017, we acquired 100 percent of the equity interest in Cheddar's Scratch Kitchen for \$799.8 million in total consideration. We funded the acquisition with the proceeds from the issuance of \$500.0 million in senior notes combined with cash on hand. The acquired operations of Cheddar's Scratch Kitchen included 140 company-owned restaurants and 25 franchised restaurants. The results of Cheddar's Scratch Kitchen operations are included in our

consolidated financial statements from the date of acquisition.

The assets and liabilities of Cheddar's Scratch Kitchen were recorded at their respective fair values as of the date of acquisition. We are in the process of confirming, through internal studies and third-party valuations, the fair value of these assets, including land, buildings and equipment, intangible assets, and income tax assets and liabilities. The fair values set forth below are based on preliminary valuations and are subject to adjustment as additional information is obtained. When the valuation process is completed, adjustments to goodwill may result.

Table of Contents

DARDEN RESTAURANTS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

The preliminary allocation of the purchase price is as follows:

(in millions)	Preliminary	Adjustments	Balances at November 26, 2017
Current assets	\$ 48.2	\$ (0.3)	\$ 47.9
Land, buildings and equipment	191.9	18.7	210.6
Trademark	375.0	—	375.0
Other assets	2.2	20.4	22.6
Goodwill	329.4	(39.7)	289.7
Total assets acquired	\$ 946.7	\$ (0.9)	\$ 945.8
Current liabilities	43.4	3.7	47.1
Other liabilities	104.3	(5.4)	98.9
Total liabilities assumed	\$ 147.7	\$ (1.7)	\$ 146.0
Net assets acquired	\$ 799.0	\$ 0.8	\$ 799.8

The excess of the purchase price over the aggregate fair value of net assets acquired was allocated to goodwill. Of the \$289.7 million recorded as goodwill, none is expected to be deductible for tax purposes. The portion of the purchase price attributable to goodwill represents benefits expected as a result of the acquisition, including sales and unit growth opportunities in addition to supply-chain and support-cost synergies. The trademark has an indefinite life based on the expected use of the asset and the regulatory and economic environment within which it is being used. The trademark represents a highly respected brand with positive connotations and we intend to cultivate and protect the use of this brand. Goodwill and indefinite-lived trademarks are not amortized but are reviewed annually for impairment or more frequently if indicators of impairment exist. Buildings and equipment will be depreciated over a period of 2 years to 30 years. Pro-forma financial information of the combined entities for periods prior to the acquisition is not presented due to the immaterial impact of the financial results of Cheddar's Scratch Kitchen on our consolidated financial statements.

On August 28, 2017, we completed the acquisition of 11 Cheddar's Scratch Kitchen restaurants and certain assets and liabilities from C&P Restaurant Company, LLC, an existing franchisee. The acquisition was funded with cash on hand for \$39.6 million in total consideration, of which \$22.5 million was allocated to reacquired franchise rights. The results of operations of these restaurants are included in our consolidated financial statements from the date of acquisition. The assets and liabilities of these restaurants were recorded at their respective fair values as of the date of acquisition. We are in the process of confirming, through internal studies and third-party valuations, the fair value of these assets and liabilities. When the valuation process is completed, adjustments to goodwill may result. The excess purchase price over the aggregate fair value of net assets acquired of \$11.1 million was allocated to goodwill and is expected to be deductible for tax purposes. The portion of the purchase price attributable to goodwill represents benefits expected as a result of the acquisition, including sales and unit growth opportunities in addition to supply-chain and support-cost synergies. Pro-forma financial information of the combined entities for periods prior to the acquisition is not presented due to the immaterial impact of the financial results of the acquired restaurants on our consolidated financial statements.

As a result of the integration efforts for these acquisitions, we incurred expenses of approximately \$4.2 million and \$10.6 million during the quarter and six months ended November 26, 2017, respectively, which are included in general and administrative expenses in our consolidated statements of earnings.

Note 3. Discontinued Operations and Assets Held for Sale

Discontinued Operations

Losses from discontinued operations, net of taxes in our accompanying consolidated statements of earnings is primarily related to the run-off of retained rights and obligations from the Red Lobster disposition and is comprised of the following:

(in millions)	Three Months Ended		Six Months Ended	
	November 26, 2017	November 27, 2016	November 26, 2017	November 27, 2016
Costs and expenses:				
Restaurant and marketing expenses	\$—	\$ (0.2)	\$(0.3)	\$ —
Other income and expenses	6.4	1.0	10.0	2.4
Losses before income taxes	(6.4)	(0.8)	(9.7)	(2.4)
Income tax benefit	(2.5)	(0.6)	(3.5)	(1.3)
Losses from discontinued operations, net of tax	\$(3.9)	\$ (0.2)	\$(6.2)	\$ (1.1)

Assets Held For Sale

Assets classified as held for sale on our accompanying consolidated balance sheets as of November 26, 2017 and May 28, 2017, primarily related to excess land parcels adjacent to our corporate headquarters with carrying amounts of \$11.1 million and \$13.2 million, respectively.

Note 4. Supplemental Cash Flow Information

(in millions)	Six Months Ended	
	November 26, 2017	November 27, 2016
Cash paid for interest and income taxes are as follows:		
Interest paid, net of amounts capitalized	\$ 30.2	\$ 18.6
Income taxes paid, net of refunds	39.0	57.2

Non-cash

investing and financing

activities are as follows:

(in millions)	Six Months Ended	
	November 26, 2017	November 27, 2016
Increase in land, buildings and equipment through accrued purchases	\$ 44.3	\$ 26.1

Note 5. Income Taxes

The effective income tax rate for continuing operations for the quarter ended November 26, 2017 was 21.9 percent compared to an effective income tax rate of 25.5 percent for the quarter ended November 27, 2016. The effective income tax rate for continuing operations for the six months ended November 26, 2017 was 23.1 percent compared to an effective income tax rate of 26.2 percent for the six months ended November 27, 2016. The decrease in the effective income tax rate for the quarter and six months ended November 26, 2017 was primarily related to the tax benefit from the favorable resolution of prior-year tax matters.

Included in our remaining balance of unrecognized tax benefits is \$1.4 million related to tax positions for which it is reasonably possible that the total amounts could change within the next twelve months based on the outcome of examinations or as a result of the expiration of the statute of limitations for specific jurisdictions.

H.R.1, originally known as the Tax Cuts and Jobs Act was enacted on December 22, 2017, and includes, among other items, a reduction in the federal corporate income tax rate, which will have a material favorable impact on our effective income tax rate going forward. Additionally, since our deferred tax balances are calculated based on the tax rates in effect during the period, a change in federal corporate income tax rates is recorded as a component of the income tax provision for the period in

Table of Contents

DARDEN RESTAURANTS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

which the law is enacted to change current or future tax rates. Therefore, this reduction in the corporate federal income tax rate will result in a material non-cash adjustment of our deferred tax balances and a corresponding credit to income tax expense in fiscal 2018.

Note 6. Net Earnings per Share

Outstanding stock options, restricted stock and equity-settled performance stock units granted by us represent the only dilutive effect reflected in diluted weighted average shares outstanding, none of which impact the numerator of the diluted net earnings per share computation. Stock options, restricted stock and equity-settled performance stock units excluded from the calculation of diluted net earnings per share because the effect would have been anti-dilutive, are as follows:

(in millions)	Three Months Ended		Six Months Ended	
	November 26, 2017	November 27, 2016	November 26, 2017	November 27, 2016
Anti-dilutive stock-based compensation awards	0.4	0.9	0.3	0.7

Note 7. Segment Information

We manage our restaurant brands, Olive Garden, LongHorn Steakhouse, Cheddar's Scratch Kitchen, Yard House, The Capital Grille, Bahama Breeze, Seasons 52 and Eddie V's in North America as operating segments. The brands operate principally in the U.S. within full-service dining. We aggregate our operating segments into reportable segments based on a combination of the size, economic characteristics and sub-segment of full-service dining within which each brand operates. We have four reportable segments: (1) Olive Garden, (2) LongHorn Steakhouse, (3) Fine Dining and (4) Other Business.

The Olive Garden segment includes the results of our company-owned Olive Garden restaurants in the U.S. and Canada. The LongHorn Steakhouse segment includes the results of our company-owned LongHorn Steakhouse restaurants in the U.S. The Fine Dining segment aggregates our premium brands that operate within the fine-dining sub-segment of full-service dining and includes the results of our company-owned The Capital Grille and Eddie V's restaurants in the U.S. The Other Business segment aggregates our remaining brands and includes the results of our company-owned Cheddar's Scratch Kitchen, Yard House, Seasons 52 and Bahama Breeze restaurants in the U.S. and results from our franchise operations. For periods prior to fiscal 2018, this segment also included results from our consumer-packaged goods sales. Beginning with the first quarter of fiscal 2018, the results from consumer-packaged goods are included in net sales of the associated brand, primarily Olive Garden.

External sales are derived principally from food and beverage sales. We do not rely on any major customers as a source of sales, and the customers and long-lived assets of our reportable segments are predominantly in the U.S.

There were no material transactions among reportable segments.

Our management uses segment profit as the measure for assessing performance of our segments. Segment profit includes revenues and expenses directly attributable to restaurant-level results of operations (sometimes referred to as restaurant-level earnings). These expenses include food and beverage costs, restaurant labor costs, restaurant expenses and marketing expenses (collectively "restaurant and marketing expenses"). The following tables reconcile our segment results to our consolidated results reported in accordance with GAAP:

(in millions)	Olive Garden	LongHorn Steakhouse	Fine Dining	Other Business	Corporate	Consolidated

Note 8. Impairments and Disposal of Assets, Net

Impairments and disposal of assets, net, in our accompanying consolidated statements of earnings are comprised of the following:

(in millions)	Three Months Ended		Six Months Ended	
	November 26, 2017	November 27, 2016	November 26, 2017	November 27, 2016
Disposal gains	\$ —	(1.2)	\$(0.8)	\$(9.0)
Other	—	1.3	—	1.3
Impairments and disposal of assets, net	\$ —	\$ 0.1	\$(0.8)	\$(7.7)

Disposal gains for the six months ended November 26, 2017 were primarily related to the sale of excess land parcels. For the quarter and six months ended November 27, 2016, disposal gains were primarily related to the sale of restaurant properties, favorable lease terminations and the sale of excess land parcels.

Other impairment charges for the quarter and six months ended November 27, 2016 primarily related to a cost-method investment, which has no remaining carrying value.

Net periodic benefit (credit) cost	\$(0.5)	\$(0.5)	\$(1.1)	\$(1.1)

Note 11. Stock-Based Compensation

We grant stock options for a fixed number of shares to certain employees with an exercise price equal to the fair value of the shares at the date of grant. We also grant restricted stock, restricted stock units, and performance stock units with a fair value generally determined based on our closing stock price on the date of grant. In addition, we also grant cash settled stock units (Darden Stock Units) which are classified as liabilities and are marked to market as of the end of each period.

The weighted-average fair value of non-qualified stock options and the related assumptions used in the Black-Scholes option pricing model were as follows.

	Stock Options Granted			
	Six Months Ended			
	November 26, 2017		November 27, 2016	
Weighted-average fair value	\$14.63	\$ 9.08		
Dividend yield	3.0 %	3.5 %		
Expected volatility of stock	23.5 %	24.3 %		
Risk-free interest rate	2.0 %	1.4 %		
Expected option life (in years)	6.4	6.5		
Weighted-average exercise price per share	\$85.83	\$ 59.70		

The following table presents a summary of our stock-based compensation activity for the six months ended November 26, 2017:

(in millions)	Stock Options	Restricted			
		Stock/ Restricted Stock Units	Darden Stock Units	Cash-Settled Performance Stock Units	Equity-Settled Performance Stock Units
		Outstanding beginning of period	4.01	0.19	1.35

Total stock-based compensation expense	\$ 9.7	\$ 11.8	\$ 18.1	\$ 18.0

Note 12. Derivative Instruments and Hedging Activities

We enter into derivative instruments for risk management purposes only, including derivatives designated as hedging instruments as provided by FASB Accounting Standards Codification (ASC) Topic 815, Derivatives and Hedging, and those utilized as economic hedges. We use financial derivatives to manage interest rate and compensation risks inherent in our business operations. To the extent our cash-flow hedging instruments are effective in offsetting the variability of the hedged cash flows, and otherwise meet the cash flow hedge accounting criteria required by Topic 815 of the FASB ASC, changes in the derivatives' fair value are not included in current earnings but are included in accumulated other comprehensive income (loss), net of tax. These changes in fair value will be reclassified into earnings at the time of the forecasted transaction. Ineffectiveness measured in the hedging relationship is recorded currently in earnings in the period in which it occurs. To the extent the cash flow hedge accounting criteria are not met, the derivative contracts are utilized as economic hedges and changes in the fair value of such contracts are recorded currently in earnings in the period in which they occur.

By using these instruments, we expose ourselves, from time to time, to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty owes us, which creates credit risk for us. We minimize this credit risk by entering into transactions with high quality counterparties. We currently do not have any provisions in our agreements with counterparties that would require either party to hold or post collateral in the event that the market value of the related derivative instrument exceeds a certain limit. As such, the maximum amount of loss due to counterparty credit risk we would incur at November 26, 2017, if counterparties to the derivative instruments failed completely to perform, would approximate the values of derivative instruments currently recognized as assets on our consolidated balance sheet. Market risk is the adverse effect on the value of a financial instrument that results from a change in interest rates, commodity prices, or the market price of our common stock. We minimize this market risk by establishing and monitoring parameters that limit the types and degree of market risk that may be undertaken.

We periodically enter into commodity futures, swaps and option contracts (collectively, commodity contracts) to reduce the risk of variability in cash flows associated with fluctuations in the price we pay for commodities, such as natural gas and diesel fuel. For certain of our commodity purchases, changes in the price we pay for these commodities are highly correlated with changes in the market price of these commodities. For these commodity purchases, we designate commodity contracts as cash flow hedging instruments. For the remaining commodity purchases, changes in the price we pay for these commodities are not highly correlated with changes in the market price, generally due to the timing of when changes in the market prices are reflected in the price we pay. For these commodity purchases, we utilize these commodity contracts as economic hedges. Our commodity contracts currently extend through May 2018.

We enter into equity forward contracts to hedge the risk of changes in future cash flows associated with the unvested, unrecognized Darden stock units. The equity forward contracts will be settled at the end of the vesting periods of their

underlying Darden stock units, which range between three and five years and currently extend through July 2022. The contracts were initially designated as cash flow hedges to the extent the Darden stock units are unvested and, therefore, unrecognized as a liability in our financial statements. The forward contracts can only be net settled in cash. As the Darden stock units vest, we will de-designate that portion of the equity forward contract that no longer qualifies for hedge accounting, and changes in fair value associated with that portion of the equity forward contract will be recognized in current earnings. We periodically incur

Table of Contents

DARDEN RESTAURANTS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

interest on the notional value of the contracts and receive dividends on the underlying shares. These amounts are recognized currently in earnings as they are incurred or received.

We entered into equity forward contracts to hedge the risk of changes in future cash flows associated with recognized, employee-directed investments in Darden stock within the non-qualified deferred compensation plan. We did not elect hedge accounting with the expectation that changes in the fair value of the equity forward contracts would offset changes in the fair value of Darden stock investments in the non-qualified deferred compensation plan within general and administrative expenses in our consolidated statements of earnings. These contracts currently extend through July 2021.

The notional and fair values of our derivative contracts are as follows:

(in millions, except per share data)	Number of Shares Outstanding	Weighted-Average Per Share Forward Rates	Notional Values	Fair Values			
				Derivative Assets (1)		Derivative Liabilities (1)	
	November 26, 2017			November 26, 2017	May 28, 2017	November 26, 2017	May 28, 2017
Equity forwards:							
Designated	0.3	\$67.47	\$ 22.9	\$—	\$—	—\$ 0.6	\$ 0.1
Not designated	0.5	\$56.43	\$ 28.1	—	—	0.9	0.3
Total equity forwards				\$—	\$—	—\$ 1.5	\$ 0.4
Commodity contracts	N/A	N/A	\$ 8.2	\$0.7	\$—	—\$ 0.4	\$—
Total derivative contracts				\$0.7	\$—	—\$ 1.9	\$ 0.4

(1) Derivative assets and liabilities are included in receivables, net, prepaid expenses and other current assets and other current liabilities, as applicable, on our consolidated balance sheets.

The effects of derivative instruments accounted for as cash flow hedging instruments in the consolidated statements of earnings are as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

The effects of derivatives not designated as hedging instruments in the consolidated statements of earnings are as follows:

(in millions)	Amount of Gain (Loss) Recognized in Earnings			
	Three Months Ended		Six Months Ended	
	November 26, 2017	November 27, 2016	November 26, 2017	November 27, 2016
Location of Gain (Loss) Recognized in Earnings on Derivatives				
Restaurant labor expenses	\$(0.1)	\$ 2.6	\$(0.6)	\$ 1.5
General and administrative expenses	(0.7)	4.9	(1.3)	2.9
Total	\$(0.8)	\$ 7.5	\$(1.9)	\$ 4.4

Based on the fair value of our derivative instruments designated as cash flow hedges as of November 26, 2017, we expect to reclassify \$1.0 million of net gains on derivative instruments from accumulated other comprehensive income (loss) to earnings during the next 12 months based on the maturity of our equity forward contracts. However, the amounts ultimately realized in earnings will be dependent on the fair value of the contracts on the settlement dates.

Note 13. Fair Value Measurements

The fair values of cash equivalents, receivables, net, accounts payable and short-term debt approximate their carrying amounts due to their short duration.

The following tables summarize the fair values of financial instruments measured at fair value on a recurring basis as of November 26, 2017 and May 28, 2017:

Items Measured at Fair Value at November 26, 2017

(in millions)	Fair value of assets (liabilities)	Quoted prices in active market for identical assets (liabilities) (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(3) The fair value of these securities is based on closing market prices of the investments when applicable, or, alternatively, valuations utilizing market data and other observable inputs, inclusive of the risk of nonperformance.

(4) The fair value of our U.S. Treasury securities is based on closing market prices.

The carrying value and fair value of long-term debt as of November 26, 2017, was \$935.6 million and \$1.08 billion, respectively. The carrying value and fair value of long-term debt as of May 28, 2017, was \$936.6 million and \$1.05 billion, respectively. The fair value of long-term debt, which is classified as Level 2 in the fair value hierarchy, is determined based on market prices or, if market prices are not available, the present value of the underlying cash flows discounted at our incremental borrowing rates.

The fair value of non-financial assets measured at fair value on a non-recurring basis, which is classified as Level 3 in the fair value hierarchy, is determined based on appraisals or sales prices of comparable assets and estimates of future cash flows. During the quarter and six months ended November 26, 2017, there were no adjustments to the fair values of non-financial assets measured at fair value on a non-recurring basis. As of May 28, 2017, adjustments to the fair values of non-financial assets were not material.

Note 14. Commitments and Contingencies

As collateral for performance on contracts and as credit guarantees to banks and insurers, we are contingently liable for guarantees of subsidiary obligations under standby letters of credit. As of November 26, 2017 and May 28, 2017, we had \$96.9 million and \$127.5 million, respectively, of standby letters of credit related to workers' compensation and general liabilities accrued in our consolidated financial statements. As of November 26, 2017 and May 28, 2017, we had \$17.1 million and \$10.6 million, respectively, of standby letters of credit related to contractual operating lease obligations and other payments. All standby letters of credit are renewable annually.

As of November 26, 2017 and May 28, 2017, we had \$159.2 million and \$163.2 million, respectively, of guarantees associated with leased properties that have been assigned to third parties. These amounts represent the maximum potential amount of future payments under the guarantees. The fair value of the maximum potential future payments discounted at our weighted-average cost of capital as of November 26, 2017 and May 28, 2017, amounted to \$135.0 million and \$137.6 million, respectively. We did not record a liability for the guarantees, as the likelihood of the third parties defaulting on the assignment agreements was deemed to be remote. In the event of default by a third party, the indemnity and default clauses in our assignment agreements govern our ability to recover from and pursue the third party for damages incurred as a result of its default. We do not hold any third-party assets as collateral related to these assignment agreements, except to the extent that the assignment allows us to repossess the building and personal property. These guarantees expire over their respective lease terms, which range from fiscal 2018 through fiscal 2028. We are subject to private lawsuits, administrative proceedings and claims that arise in the ordinary course of our business. A number of these lawsuits, proceedings and claims may exist at any given time. These matters typically involve claims from guests, employees and others related to operational issues common to the restaurant industry, and can also involve infringement of, or challenges to, our trademarks. While the resolution of a lawsuit, proceeding or claim may have an impact on our financial results for the period in which it is resolved, we believe that the final disposition of the lawsuits, proceedings and claims in which we are currently involved, either individually or in the aggregate, will not have a material adverse effect on our financial position, results of operations or liquidity.

Note 15. Subsequent Events

On December 14, 2017, the Board of Directors declared a cash dividend of \$0.63 per share to be paid February 1, 2018 to all shareholders of record as of the close of business on January 10, 2018.

(2) Includes the 140 restaurants acquired on April 24, 2017 and the 11 restaurants acquired on August 28, 2017.

Table of Contents

OVERVIEW OF OPERATIONS

Financial Highlights - Consolidated

Our sales from continuing operations were \$1.88 billion and \$3.82 billion for the second quarter and first six months of fiscal 2018, compared to \$1.64 billion and \$3.36 billion for the second quarter and first six months of fiscal 2017. The increase of 14.6 percent in sales for the second quarter of fiscal 2018 was primarily driven by revenue from the 151 acquired Cheddar's Scratch Kitchen restaurants, a combined Darden same-restaurant sales increase of 3.1 percent, excluding Cheddar's Scratch Kitchen, and revenue from the addition of 30 net new company-owned restaurants since the second quarter of fiscal 2017. The increase of 13.7 percent in sales for the first six months of fiscal 2018 was primarily driven by revenue from the 151 acquired Cheddar's Scratch Kitchen restaurants, a combined Darden same-restaurant sales increase of 2.4 percent, excluding Cheddar's Scratch Kitchen, and revenue from the addition of 30 net new company-owned restaurants since the second quarter of fiscal 2017.

For the second quarter of fiscal 2018, our net earnings from continuing operations were \$88.6 million compared to \$79.7 million for the second quarter of fiscal 2017, and our diluted net earnings per share from continuing operations were \$0.71 for the second quarter of fiscal 2018 compared to \$0.64 for the second quarter of fiscal 2017. For the first six months of fiscal 2018, our net earnings from continuing operations were \$209.9 million compared to \$190.8 million for the first six months of fiscal 2017, and our diluted net earnings per share from continuing operations were \$1.66 for the first six months of fiscal 2018 compared to \$1.52 for the first six months of fiscal 2017. Our diluted per share results from continuing operations were adversely impacted by approximately \$0.02 and \$0.06 for the second quarter and the first six months of fiscal 2018, respectively, related to costs associated with the integration of Cheddar's Scratch Kitchen.

Outlook

We expect combined Darden same-restaurant sales, excluding Cheddar's Scratch Kitchen, to increase in fiscal 2018 approximately 2.0 percent, and we expect fiscal 2018 sales from continuing operations to increase approximately 13.0 percent, including Cheddar's Scratch Kitchen. In fiscal 2018, we expect to open approximately 40 new restaurants, including Cheddar's Scratch Kitchen, and we expect capital expenditures incurred to build new restaurants, remodel and maintain existing restaurants and technology initiatives to be between \$400.0 million and \$450.0 million.

SALES

The following table presents our sales by brand for the periods indicated.

(in millions)	Three Months Ended			Six Months Ended		
	November 26, 2017	November 27, 2016	% Chg	November 26, 2017	November 27, 2016	% Chg
Olive Garden	\$951.6	\$ 915.0	4.0 %	\$1,941.4	\$ 1,876.2	3.5 %
LongHorn Steakhouse	\$387.7	\$ 365.0	6.2 %	\$792.1	\$ 751.3	5.4 %
Cheddar's Scratch Kitchen	\$155.0	\$ —	NM	\$313.3	\$ —	NM
Yard House	\$135.2	\$ 126.0	7.3 %	\$274.9	\$ 259.7	5.9 %
The Capital Grille	\$107.7	\$ 102.1	5.5 %	\$199.9	\$ 191.5	4.4 %
Bahama Breeze	\$51.0	\$ 46.2	10.4 %	\$113.9	\$ 105.1	8.4 %
Seasons 52	\$58.5	\$ 57.5	1.7 %	\$115.0	\$ 113.7	1.1 %
Eddie V's	\$32.9	\$ 26.5	24.2 %	\$62.9	\$ 51.3	22.6 %

Same-restaurant sales is a year-over-year comparison of each period's sales volumes for a 52-week year and is (1) limited to restaurants open at least 16 months, including recently acquired restaurants, absent consideration of when the restaurants were acquired.

Olive Garden's sales increases for the second quarter and first six months of fiscal 2018 were primarily driven by a U.S. same-restaurant sales increases combined with revenue from new restaurants. The increase in U.S. same-restaurant sales for the second quarter of fiscal 2018 resulted from a 1.9 percent increase in average check combined with a 1.1 percent increase in same-restaurant guest counts. The increase in U.S. same-restaurant sales for the first six months of fiscal 2018 resulted from a 2.1 percent increase in average check combined with a 0.4 percent increase in same-restaurant guest counts.

LongHorn Steakhouse's sales increases for the second quarter and first six months of fiscal 2018 were primarily driven by same-restaurant sales increases combined with revenue from new restaurants. The increase in same-restaurant sales for the second quarter of fiscal 2018 resulted from a 2.9 percent increase in average check combined with a 0.9 percent increase in same-restaurant guest counts. The increase in same-restaurant sales for the first six months of fiscal 2018 resulted from a 2.7 percent increase in average check combined with a 0.5 percent increase in same-restaurant guest counts.

25

Table of Contents

In total, Cheddar's Scratch Kitchen, Yard House, The Capital Grille, Bahama Breeze, Seasons 52 and Eddie V's generated sales for the second quarter and first six months of fiscal 2018, which were approximately 50.8 percent and 49.7 percent above last fiscal year's second quarter and first six months, respectively. The sales increase for the second quarter of fiscal 2018 was primarily driven by the Cheddar's Scratch Kitchen acquisition and the incremental sales from new Yard House, Bahama Breeze and Eddie V's restaurants. Sales growth also reflected same-restaurant sales increases at Yard House, The Capital Grille, Bahama Breeze and Eddie V's partially offset by a same-restaurant sales decrease at Seasons 52. The sales increase for the first six months of fiscal 2018 was primarily driven by the Cheddar's Scratch Kitchen acquisition and the incremental sales from new Yard House, Bahama Breeze and Eddie V's restaurants. Sales growth also reflected same-restaurant sales increases at Yard House, The Capital Grille, Bahama Breeze and Eddie V's partially offset by a same-restaurant sales decrease at Seasons 52.

COSTS AND EXPENSES

The following table sets forth selected operating data as a percent of sales for the periods indicated. All information is derived from the unaudited consolidated statements of earnings for the quarters and six months ended November 26, 2017 and November 27, 2016.

	Three Months Ended		Six Months Ended			
	November 26, 2017	November 27, 2016	November 26, 2017	November 27, 2016

Earnings before income taxes	6.0	6.5		7.1	7.7	
Income tax expense	1.3	1.7		1.7	2.0	
Earnings from continuing operations	4.7	4.9		5.5	5.7	

Quarter Ended November 26, 2017 Compared to Quarter Ended November 27, 2016

• Food and beverage costs decreased as a percent of sales as a result of pricing and cost savings initiatives, partially offset by unfavorable menu mix.

• Restaurant labor costs increased as a percent of sales primarily due to wage-rate inflation and the impact of Cheddar's Scratch Kitchen's higher labor costs relative to Darden legacy brands, partially offset by sales leverage.

• Restaurant expenses (which include rent, utilities, repairs and maintenance, credit card, property tax, workers' compensation, new restaurant pre-opening and other restaurant-level operating expenses) increased as a percent of sales primarily due to higher pre-opening costs and occupancy costs, partially offset by sales leverage.

• Marketing expenses decreased as a percent of sales, primarily due to sales leverage and Cheddar's Scratch Kitchen's lower marketing spend relative to the Darden legacy brands.

• General and administrative expenses increased as a percent of sales primarily due to an unfavorable legal outcome and expenses related to the integration of Cheddar's Scratch Kitchen partially offset by sales leverage.

• Depreciation and amortization expense was relatively flat as a percent of sales.

Six Months Ended November 26, 2017 Compared to Six Months Ended November 27, 2016

•

Food and beverage costs decreased as a percent of sales as a result of pricing and cost savings initiatives, partially offset by unfavorable menu mix and food cost inflation.

Restaurant labor costs increased as a percent of sales primarily due to wage-rate inflation and the impact of Cheddar's Scratch Kitchen's higher labor costs relative to Darden legacy brands, partially offset by sales leverage.

Table of Contents

Restaurant expenses (which include rent, utilities, repairs and maintenance, credit card, property tax, workers' compensation, new restaurant pre-opening and other restaurant-level operating expenses) increased as a percent of sales primarily due to higher pre-opening costs and utilities expense, partially offset by sales leverage.

Marketing expenses decreased as a percent of sales, primarily due to sales leverage and Cheddar's Scratch Kitchen's lower marketing spend relative to the Darden legacy brands.

General and administrative expenses increased as a percent of sales primarily due to an unfavorable legal outcome and expenses related to the integration of Cheddar's Scratch Kitchen partially offset by sales leverage.

Depreciation and amortization expense was relatively flat as a percent of sales.

Impairments and disposal of assets, net, reflect the higher benefit from lease termination gains in fiscal 2017 compared to asset disposal gains in fiscal 2018.

INTEREST EXPENSE

Net interest expense increased as a percent of sales for the second quarter and the first six months of fiscal 2018 primarily due to higher average debt balances in fiscal 2018 as compared to fiscal 2017 due to the issuance of \$500.0 million of senior notes in April 2017.

INCOME TAXES

The effective income tax rate for continuing operations for the quarter ended November 26, 2017 was 21.9 percent compared to an effective income tax rate of 25.5 percent for the quarter ended November 27, 2016. The effective income tax rate for continuing operations for the six months ended November 26, 2017 was 23.1 percent compared to an effective income tax rate of 26.2 percent for the six months ended November 27, 2016. The decrease in the effective income tax rate for the quarter and six months ended November 26, 2017 was primarily related to the tax benefit from the favorable resolution of prior-year tax matters.

H.R.1, originally known as the Tax Cuts and Jobs Act was enacted on December 22, 2017, and includes, among other items, a reduction in the federal corporate income tax rate, which will have a material favorable impact on our effective income tax rate going forward. Additionally, since our deferred tax balances are calculated based on the tax rates in effect during the period, a change in federal corporate income tax rates is recorded as a component of the income tax provision for the period in which the law is enacted to change current or future tax rates. Therefore, this reduction in the corporate federal income tax rate will result in a material non-cash adjustment of our deferred tax balances and a corresponding credit to income tax expense in fiscal 2018.

LOSSES FROM DISCONTINUED OPERATIONS

On an after-tax basis, losses from discontinued operations for the second quarter and first six months of fiscal 2018 were \$3.9 million (\$0.04 per diluted share) and \$6.2 million (\$0.05 per diluted share) compared with losses from discontinued operations for the second quarter and first six months of fiscal 2017 of \$0.2 million (\$0.00 per diluted share) and \$1.1 million (\$0.01 per diluted share), respectively.

SEGMENT RESULTS

We manage our restaurant brands, Olive Garden, LongHorn Steakhouse, Cheddar's Scratch Kitchen, Yard House, The Capital Grille, Bahama Breeze, Seasons 52 and Eddie V's in North America as operating segments. We aggregate our operating segments into reportable segments based on a combination of the size, economic characteristics and sub-segment of full-service dining within which each brand operates. Our four reportable segments are: (1) Olive Garden, (2) LongHorn Steakhouse, (3) Fine Dining and (4) Other Business (see Note 7 to our unaudited consolidated financial statements in Part I, Item 1 of this report).

Table of Contents

Our management uses segment profit as the measure for assessing performance of our segments. The following table presents segment profit margin for the periods indicated.

Segment	Three Months Ended		Change	Six Months Ended		Change
	November 26, 2017	November 27, 2016		November 26, 2017	November 27, 2016	
Olive Garden	17.6%	16.8%	80 BP	18.9%	18.1%	80 BP
LongHorn Steakhouse	15.6%	14.4%	120 BP	15.7%	15.0%	70 BP
Fine Dining	19.3%	18.2%	110 BP	17.7%	16.6%	110 BP
Other Business	12.8%	14.8%	(200)BP	14.3%	16.3%	(200)BP

The increases in the Olive Garden, LongHorn Steakhouse and Fine Dining segment profit margins for the second quarter and the first six months of fiscal 2018 were driven primarily by leveraging positive same-restaurant sales. The decrease in Other Business' segment profit margin for the second quarter and the first six months of fiscal 2018 was primarily driven by the impact of Cheddar's Scratch Kitchen's margin mix and the shift of consumer-packaged goods revenue from the Other Business segment to primarily the Olive Garden segment.

SEASONALITY

Our sales volumes fluctuate seasonally. Typically, our average sales per restaurant are highest in the winter and spring, followed by the summer, and lowest in the fall. Holidays, changes in the economy, severe weather and similar conditions may impact sales volumes seasonally in some operating regions. Because of the seasonality of our business, results for any quarter are not necessarily indicative of the results that may be achieved for the full fiscal year.

LIQUIDITY AND CAPITAL RESOURCES

Cash flows generated from operating activities are our principal source of liquidity, which we use to finance capital expenditures for new restaurants and to remodel and maintain existing restaurants, to pay dividends to our shareholders and to repurchase shares of our common stock. Since substantially all of our sales are for cash and cash equivalents, and accounts payable are generally paid in 5 to 45 days, we are able to carry current liabilities in excess of current assets. In addition to cash flows from operations, we use a combination of long-term and short-term borrowings to fund our capital needs.

We currently manage our business and financial ratios to target an investment-grade bond rating, which has historically allowed flexible access to financing at reasonable costs. Our publicly issued long-term debt currently carries the following ratings:

Moody's Investors Service "Baa3";
Standard & Poor's "BBB"; and
Fitch "BBB".

Our commercial paper has ratings of:

Moody's Investors Service "P-3";
Standard & Poor's "A-2"; and
Fitch "F-2".

These ratings are as of the date of the filing of this Form 10-Q and have been obtained with the understanding that Moody's Investors Service, Standard & Poor's and Fitch will continue to monitor our credit and make future adjustments to these ratings to the extent warranted. The ratings are not a recommendation to buy, sell or hold our securities, may be changed, superseded or withdrawn at any time and should be evaluated independently of any other rating.

On October 27, 2017, we entered into a new \$750.0 million revolving credit agreement (New Revolving Credit Agreement) with Bank of America, N.A. (BOA), as administrative agent, and the lenders and other agents party thereto. The New Revolving Credit Agreement is a senior unsecured credit commitment to the Company and contains customary representations and affirmative and negative covenants (including limitations on liens and subsidiary debt and a maximum consolidated lease adjusted total debt to total capitalization ratio of 0.75 to 1.00) and events of default usual for credit facilities of this type. The New Revolving Credit Agreement replaced our prior \$750.0 million

revolving credit agreement, dated as of October 3, 2011 and amended as of October 24, 2013 (Prior Revolving Credit Agreement). There were no outstanding balances under the Prior Revolving Credit Agreement as of October 27, 2017. As of November 26, 2017, we were in compliance with all covenants under the New Revolving Credit Agreement.

The New Revolving Credit Agreement matures on October 27, 2022, and the proceeds may be used for working capital and capital expenditures, the refinancing of certain indebtedness, certain acquisitions and general corporate purposes. Loans under the New Revolving Credit Agreement bear interest at a rate of LIBOR plus a margin determined by reference to a ratings-based pricing grid (Applicable Margin), or the base rate (which is defined as the highest of the BOA prime rate, the Federal Funds rate plus 0.500 percent, and the Eurocurrency Rate plus 1.00 percent) plus the Applicable Margin. Assuming a “BBB” equivalent credit rating level, the Applicable Margin under the New Revolving Credit Agreement will be 1.000 percent for LIBOR loans and 0 percent for base rate loans. As of November 26, 2017, we had no outstanding balances under the New Revolving Credit Agreement.

As of November 26, 2017, our outstanding long-term debt consisted principally of:

\$500.0 million of unsecured 3.850 percent senior notes due in May 2027;

\$150.0 million of unsecured 6.000 percent senior notes due in August 2035; and

\$300.0 million of unsecured 6.800 percent senior notes due in October 2037.

The interest rate on our \$300.0 million senior notes due in October 2037 is subject to adjustment from time to time if the debt rating assigned to such series of notes is downgraded below a certain rating level (or subsequently upgraded). The maximum adjustment is 2.000 percent above the initial interest rate and the interest rate cannot be reduced below the initial interest rate. As of November 26, 2017, no such adjustments are made to this rate.

We may from time to time repurchase our remaining outstanding debt in privately negotiated transactions. Such repurchases, if any, will depend on prevailing market conditions, our liquidity requirements and other factors.

From time to time we enter into interest rate derivative instruments. See Note 12 to our unaudited consolidated financial statements in Part I, Item 1 of this report, which is incorporated by reference.

Net cash flows provided by operating activities of continuing operations increased to \$314.1 million for the first six months of fiscal 2018, from \$294.3 million for the first six months of fiscal 2017. The increase was primarily due to higher net earnings.

Net cash flows used in investing activities of continuing operations were \$240.8 million for the first six months of fiscal 2018, compared to \$140.7 million for the first six months of fiscal 2017. Capital expenditures increased to \$197.7 million for the first six months of fiscal 2018 from \$135.3 million for the first six months of fiscal 2017 reflecting an increase in new restaurant construction and remodel activity during fiscal 2018. Net cash flows used in investing activities for fiscal 2018 also reflect net cash used in the acquisition of 11 Cheddar's Scratch Kitchen restaurants from an existing franchisee.

Net cash flows used in financing activities of continuing operations were \$185.5 million for the first six months of fiscal 2018, compared to \$301.2 million for the first six months of fiscal 2017. Net cash flows used in financing activities for the first six months of fiscal 2018 included dividends paid of \$157.0 million and share repurchases of \$188.9 million partially offset by net proceeds from the issuance of short-term debt of \$153.5 million and proceeds from the exercise of employee stock options. Net cash flows used in financing activities for the first six months of fiscal 2017 included dividends paid of \$139.5 million and share repurchases of \$214.7 million partially offset by proceeds from the exercise of employee stock options. Dividends declared by our Board of Directors totaled \$1.26 per share for the first six months of fiscal 2018, compared to \$1.12 per share for the same period in fiscal 2017.

During the quarter and six months ended November 26, 2017, we repurchased 1.1 million and 2.3 million shares of our common stock, respectively, compared to 0.3 million and 3.5 million shares, respectively, of our common stock during the quarter and six months ended November 27, 2016. As of November 26, 2017, of the 190.9 million cumulative shares repurchased under current and previous authorizations, 178.3 million shares were retired and restored to authorized but unissued shares of common stock.

We are not a party to any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future material effect on our financial condition, changes in financial condition, sales, costs or expenses, results of operations, liquidity, capital expenditures or capital resources. We believe that our Revolving Credit Agreement and internal cash generating capabilities will be sufficient to finance our ongoing capital expenditures, dividends, stock repurchase program and other operating activities through fiscal 2018.

It is possible that changes in circumstances existing as of our annual impairment test on the first day of the fourth quarter of fiscal 2017 or at other times in the future, or in the numerous estimates associated with management's judgments, assumptions and estimates made in assessing the fair value of our goodwill, could result in an impairment

loss of a portion or all of our goodwill or trademarks. If we recorded an impairment loss, our financial position and results of operations would be

29

adversely affected and our leverage ratio for purposes of our credit agreement would increase. If such leverage ratio were to exceed the maximum permitted under our credit agreement, we would be in default under our credit agreement. As of November 26, 2017, a write down of goodwill, other indefinite-lived intangible assets, or any other assets in excess of approximately \$890.0 million would have been required to cause our leverage ratio to exceed the permitted maximum. Due to the seasonal nature of our business, a lesser amount of impairment in future quarters could cause our leverage ratio to exceed the permitted maximum.

FINANCIAL CONDITION

Our current assets totaled \$485.2 million as of November 26, 2017, compared to \$587.9 million as of May 28, 2017. The decrease was primarily due to the decrease in cash and cash equivalents driven by the repurchase of shares of our common stock during the first and second quarters of fiscal 2018.

Our current liabilities totaled \$1.42 billion as of November 26, 2017, compared to \$1.29 billion as of May 28, 2017. The increase was primarily related to an increase in short-term debt to support overall short-term cash needs.

CRITICAL ACCOUNTING ESTIMATES

We prepare our consolidated financial statements in conformity with U.S. generally accepted accounting principles. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sales, costs and expenses during the reporting period. Actual results could differ from those estimates. We have discussed the development, selection and disclosure of those estimates with the Audit Committee. Our critical accounting estimates have not changed materially from those previously reported in our Annual Report on Form 10-K for the fiscal year ended May 28, 2017.

APPLICATION OF NEW ACCOUNTING STANDARDS

Information regarding application of new accounting standards is incorporated by reference from Note 1 to our unaudited consolidated financial statements in Part I, Item 1 of this report.

FORWARD-LOOKING STATEMENTS

Statements set forth in or incorporated into this report regarding the expected increase in the number of our restaurants, projections for U.S. same-restaurant sales and capital expenditures in fiscal 2018, and all other statements that are not historical facts, including without limitation statements with respect to the financial condition, results of operations, plans, objectives, future performance and business of Darden Restaurants, Inc. and its subsidiaries that are preceded by, followed by or that include words such as “may,” “will,” “expect,” “intend,” “anticipate,” “continue,” “estimate,” “project,” “believe,” “plan,” “outlook” or similar expressions, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are included, along with this statement, for purposes of complying with the safe harbor provisions of that Act. Any forward-looking statements speak only as of the date on which such statements are made, and we undertake no obligation to update such statements for any reason to reflect events or circumstances arising after such date. By their nature, forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those set forth in or implied by such forward-looking statements. In addition to the risks and uncertainties of ordinary business obligations, and those described in information incorporated into this report, the forward-looking statements contained in this report are subject to the risks and uncertainties described in Part I, Item 1A “Risk Factors” in our Annual Report on Form 10-K for the year ended May 28, 2017, and Part II, Item 1A of this report, which are summarized as follows:

- Inability to integrate Cheddar’s Scratch Kitchen into our business and failure to achieve the cost savings and other benefits we expect to be able to realize in the Cheddar's Scratch Kitchen operations;

- Insufficient guest or employee facing technology, or a failure to maintain a continuous and secure cyber network, free from material failure, interruption or security breach;

- Food safety and food-borne illness concerns throughout the supply chain;

- Litigation, including allegations of illegal, unfair or inconsistent employment practices;

- Unfavorable publicity, or a failure to respond effectively to adverse publicity;

- Risks relating to public policy changes and federal, state and local regulation of our business, including in the areas of environmental matters, minimum wage, unionization, data privacy, menu labeling, immigration requirements and taxes;

-

The inability to cancel long-term, non-cancelable leases that we may want to cancel or the inability to renew the leases that we may want to extend at the end of their terms;

30

Table of Contents

• Labor and insurance costs;

• Our inability or failure to execute a comprehensive business continuity plan following a major natural disaster such as a hurricane or manmade disaster, including terrorism;

• Health concerns arising from food-related pandemics, outbreaks of flu viruses or other diseases;

• Intense competition, or an insufficient focus on competition and the consumer landscape;

• Our failure to drive both short-term and long-term profitable sales growth through brand relevance, operating excellence, opening new restaurants of existing brands and developing or acquiring new dining brands;

• A lack of suitable new restaurant locations or a decline in the quality of the locations of our current restaurants;

• Higher-than-anticipated costs to open, close, relocate or remodel restaurants;

• An inability or failure to recognize, respond to and effectively manage the accelerated impact of social media;

• A failure to identify and execute innovative marketing and guest relationship tactics and ineffective or improper use of other marketing initiatives and increased advertising and marketing costs;

• A failure to recruit, develop and retain effective leaders or the loss or shortage of key personnel, or an inability to adequately monitor and respond to employee dissatisfaction;

• A failure to address cost pressures, including rising costs for commodities, health care and utilities used by our restaurants, and a failure to effectively deliver cost management activities and achieve economies of scale in purchasing;

• The impact of shortages or interruptions in the delivery of food and other products from third-party vendors and suppliers;

• Adverse weather conditions and natural disasters;

• Volatility in the market value of derivatives we use to hedge commodity prices;

• Economic and business factors specific to the restaurant industry and other general macroeconomic factors including energy prices and interest rates that are largely out of our control;

• Disruptions in the financial markets that may impact consumer spending patterns, affect the availability and cost of credit and increase pension plan expenses;

• Risks associated with doing business with franchisees, business partners and vendors in foreign markets;

• Failure to protect our intellectual property;

• Impairment of the carrying value of our goodwill or other intangible assets; and

• A failure of our internal controls over financial reporting and future changes in accounting standards.

Any of the risks described above or elsewhere in this report or our other filings with the SEC could have a material impact on our business, financial condition or results of operations. It is not possible to predict or identify all risk factors. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also impair our business operations. Therefore, the above is not intended to be a complete discussion of all potential risks or uncertainties.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to a variety of market risks, including fluctuations in interest rates, foreign currency exchange rates, compensation and commodity prices. To manage this exposure, we periodically enter into interest rate, foreign currency exchange rate, equity forward and commodity derivative instruments for other than trading purposes (see Note 12 to our unaudited consolidated financial statements in Part I, Item 1 of this report).

We use the variance/covariance method to measure value at risk, over time horizons ranging from one week to one year, at the 95 percent confidence level. As of November 26, 2017, our potential losses in future net earnings resulting from changes in equity forwards, commodity instruments and floating rate debt interest rate exposures were approximately \$24.9 million over a period of one year. The value at risk from an increase in the fair value of all of our long-term fixed-rate debt, over a period of one year, was approximately \$95.6 million. The fair value of our long-term fixed-rate debt outstanding as of November 26, 2017, averaged \$1.07 billion, with a high of \$1.09 billion and a low of \$1.05 billion during the first six months of fiscal 2018. Our interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows by targeting an appropriate mix of variable and fixed-rate debt.

Item 4. Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures

31

Table of Contents

(as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of November 26, 2017, the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of November 26, 2017.

During the fiscal quarter ended November 26, 2017, there was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 1. Legal Proceedings

See the discussion of legal proceedings contained in the third paragraph of Note 14 to our unaudited consolidated financial statements in Part I, Item 1 of this report, which is incorporated herein by reference.

Item 1A. Risk Factors

There have been no material changes to the risk factors contained in our Annual Report on Form 10-K for the year ended May 28, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The table below provides information concerning our repurchase of shares of our common stock during the quarter ended November 26, 2017.

(Dollars in millions, except per share data)	Total Number of Shares Purchased (2)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs (3)
August 28, 2017 through October 1, 2017	956,657	\$ 80.62	956,657	\$ 292.5
October 2, 2017 through October 29, 2017	126,421	\$ 79.50	126,421	\$ 282.5
October 30, 2017 through November 26, 2017	19,123	\$ 80.43	19,123	\$ 280.9
Total	1,102,201	\$ 80.49	1,102,201	\$ 280.9

All of the shares purchased during the quarter ended November 26, 2017 were purchased as part of our repurchase program. On September 29, 2016, our Board of Directors authorized a new share repurchase program under which (1) the Company may repurchase up to \$500.0 million of its outstanding common stock. This repurchase program, which was announced publicly in a press release issued on October 4, 2016, does not have an expiration and replaces the previously existing share repurchase authorizations.

The number of shares purchased includes shares withheld for taxes on vesting of restricted stock, shares delivered or deemed to be delivered to us on tender of stock in payment for the exercise price of options, and shares (2) reacquired pursuant to tax withholding on option exercises. These shares are included as part of our repurchase program and deplete the repurchase authority granted by our Board. The number of shares repurchased excludes shares we reacquired pursuant to forfeiture of restricted stock.

(3) Repurchases are subject to prevailing market prices, may be made in open market or private transactions and may occur or be discontinued at any time. There can be no assurance that we will repurchase any shares.

Item 6. Exhibits

The exhibits listed in the accompanying Index to Exhibits are filed as part of this Form 10-Q and incorporated herein by reference.
