METHANEX ANNOUNCES 12 PERCENT INCREASE IN QUARTERLY DIVIDEND AND NEW SHARE REPURCHASE PROGRAM

Methanex Corporation announced today that its Board of Directors has approved a 12 percent increase in its quarterly dividend to shareholders, from US\$0.125 per share to US\$0.14 per share. The increased dividend will apply commencing with the dividend payable on June 30, 2007 to holders of common shares of record on June 15, 2007.

Bruce Aitken, President and CEO of Methanex commented, "We have increased our dividend every year since 2002. Our decision to increase the dividend again reflects our continued confidence in the outlook for the methanol industry going forward."

In addition, our Board of Directors has also approved a new normal course issuer bid that will commence on the expiration of our existing normal course issuer bid. Under the new bid, the Company may repurchase up to 8,709,978 common shares of the Company representing ten percent of the total public float of the issued and outstanding shares. Under the existing bid, which expires on May 16, 2007, the Company has purchased 7,039,200 shares as of May 4, 2007 at an average price of CDN\$27.06 (US\$23.76). As of May 4, 2007, there were 103,152,092 Methanex common shares issued and outstanding.

Mr. Aitken stated, "Over the last decade we have retired close to half of our outstanding shares. Our announcement of a new normal course issuer bid reaffirms our strategy of a balanced approach to cash utilization, which includes a continued commitment to returning excess cash to shareholders. With \$474 million of cash on hand at the end of the first quarter of 2007, we have the financial strength and flexibility to meet our commitments for the Egypt Project and other strategic initiatives and continue to return excess cash to shareholders."

The normal course issuer bid repurchase program will be carried out through the facilities of the TSX and is subject to regulatory approval by the TSX. Purchases under the program will commence on May 17, 2007 and terminate on the earlier of May 16, 2008 and the date upon which the Company has acquired the maximum number of common shares permitted under the purchase program or otherwise decided not to make further purchases. Purchases will be made from time to time at the then current market price of the Company's common shares as traded on the TSX and the common shares purchased will be cancelled.
