Preliminary Prospectus, dated March 2, 2009

PROSPECTUS

Parke Bancorp, Inc.

299,779 Shares of Common Stock and a Warrant to Purchase Such Shares

This prospectus relates to (i) a warrant, or portions thereof, which expires on January 30, 2019, to purchase 299,779 shares of our common stock at an exercise price of \$8.15 per share, subject to adjustment as described in this prospectus, and (ii) the shares of our common stock which may be purchased upon exercise of the warrant. The warrant, along with 16,288 shares of our Fixed Rate Cumulative Perpetual Preferred Stock, Series A (liquidation preference \$1,000 per share), was issued by us on January 30, 2009 to the United States Department of the Treasury as part of Treasury's Troubled Asset Relief Program Capital Purchase Program in a private placement exempt from the registration requirements of the Securities Act of 1933.

The selling securityholders who may sell or otherwise dispose of the securities offered by this prospectus include Treasury and any other holders of the securities covered by this prospectus to whom Treasury has transferred its registration rights in accordance with the terms of the securities purchase agreement between us and Treasury. The selling securityholders may offer the securities from time to time directly or through underwriters, broker-dealers or agents and in one or more public or private transactions and at fixed prices, at prevailing market prices, at prices related to prevailing market prices or at negotiated prices. If these securities are sold through underwriters, broker-dealers or agents, the selling securityholders will be responsible for underwriting discounts or commissions or agents' commissions, if any. We will not receive any proceeds from the sale of securities by the selling securityholders.

Our common stock is listed on the Nasdaq Capital Market under the symbol "PKBK." On February 25, 2009, the closing sale price of our common stock on the Nasdaq Capital Market was \$5.40 per share. The warrant is not currently listed on any established securities exchange or quotation system and we do not intend to seek such a listing for the warrant unless we are requested to do so by Treasury.

The securities offered by this prospectus are not savings accounts, deposits or other obligations of any bank and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Investing in the securities offered by this prospectus involves risks. See "Risk Factors" beginning on page 2 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission nor any other regulatory body has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission (the “SEC”) using a “shelf” registration, or continuous offering, process. Under this process, the selling securityholders may from time to time sell or otherwise dispose of the securities described in this prospectus in one or more offerings.

You should rely only on the information contained or incorporated by reference in this prospectus and any supplement to this prospectus. We have not, and the selling securityholders have not, authorized anyone to provide you with information different from that contained in this prospectus. The selling securityholders are offering to sell, and seeking offers to buy, our securities only in jurisdictions where it is lawful to do so. The information in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or any sale of our securities. Neither the delivery of this prospectus nor any sale made under this prospectus shall, under any circumstances, create any implication that there has been no change in our affairs since the date of this prospectus or that the information contained or incorporated by reference in this prospectus is correct as of any time subsequent to the date of such information.

All references in this prospectus to “we,” “us,” “our” or similar references mean Parke Bancorp, Inc. and its consolidated subsidiaries and all references in this prospectus to “Parke Bancorp” or the “Company” mean Parke Bancorp, Inc. excluding its subsidiaries, in each case unless otherwise expressly stated or the context otherwise requires. When we refer to “Parke Bank” in this prospectus, we mean our subsidiary, Parke Bank, which is a New Jersey chartered commercial bank. We sometimes refer to Parke Bank as the “Bank.”

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements often include the words “believes,” “expects,” “anticipates,” “estimates,” “forecasts,” “intends,” “plans,” “targets,” “potentially,” “probably,” “projects,” “outlook” or similar expressions or future or conditional verbs such as “may,” “should,” “would” and “could.” These forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause the actual results to differ materially from the forward-looking statements, including:

- the credit risks of lending activities, including changes in the level and trend of loan delinquencies and write-offs;
- the overall quality of the composition of our loan and securities portfolios;
- changes in general economic conditions, either nationally or in our market areas;
- changes in the levels of general interest rates, deposit interest rates, our net interest margin and funding sources;
- fluctuations in the demand for loans, the number of unsold homes and other properties and fluctuations in real estate values in our market areas;

Edgar Filing: PARKE BANCORP, INC. - Form S-3

- results of examinations of the Bank by the Federal Deposit Insurance Corporation (“FDIC”), including the possibility that the FDIC may, among other things, require us to increase our allowance for loan losses or to write-down assets;
- our ability to control operating costs and expenses;
- our ability to manage loan delinquency rates;
- our ability to retain key members of our senior management team;
- costs and effects of litigation, including settlements and judgments;
- increased competitive pressures among financial services companies;
- changes in consumer and business spending, borrowing and savings habits and demand for financial services in our market area;
- legislative or regulatory changes that adversely affect our business;
- monetary and fiscal policies of the Board of Governors of the Federal Reserve System (the “Federal Reserve”) and the U.S. Government and other governmental initiatives affecting the financial services industry;
- adverse changes in the securities markets;
- inability of key third-party providers to perform their obligations to us;
- changes in accounting policies and practices, as may be adopted by the financial institution regulatory agencies, the Public Company Accounting Oversight Board or the Financial Accounting Standards Board;
- war or terrorist activities; and
- other economic, competitive, governmental, regulatory, and technological factors affecting our operations, pricing, products and services and the other risks described elsewhere in this prospectus and the incorporated documents and in our other filings with the SEC.

Some of these and other factors are discussed in this prospectus under the caption “Risk Factors” and elsewhere in this prospectus and in the incorporated documents. The development of any or all of these factors could have an adverse impact on our financial position and our results of operations.

Edgar Filing: PARKE BANCORP, INC. - Form S-3

Any forward-looking statements are based upon management's beliefs and assumptions at the time they are made. We undertake no obligation to publicly update or revise any forward-looking statements included or incorporated by reference in this prospectus or to update the reasons why actual results could differ from those contained in such statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this prospectus or the incorporated documents might not occur, and you should not put undue reliance on any forward-looking statements.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in, or incorporated by reference into, this prospectus. As a result, it does not contain all of the information that may be important to you or that you should consider before investing in our securities. You should read this entire prospectus, including the "Risk Factors" section, and the documents incorporated by reference, which are described under "Where You Can Find More Information" in this prospectus.

Parke Bancorp, Inc.

Parke Bancorp is a bank holding company incorporated under the laws of the State of New Jersey in January 2005 for the sole purpose of becoming the holding company of Parke Bank. Parke Bancorp commenced operations on June 1, 2005, upon completion of the reorganization of the Bank into the holding company form of organization by approval of the reorganization by shareholders of the Bank at its 2005 Annual Meeting of Shareholders. The Company's business and operations consist primarily of its ownership of the Bank.

The Bank is a commercial bank which commenced operations on January 28, 1999. The Bank is chartered by the New Jersey Department of Banking and insured by the Federal Deposit Insurance Corporation ("FDIC"). Parke Bancorp and the Bank maintain their principal offices at 601 Delsea Drive, Washington Township, New Jersey and their number at that location is (856) 256-2500. The Bank also conducts business through branches in Northfield and Washington Township, New Jersey and Philadelphia, Pennsylvania and has a loan production office in Havertown, Pennsylvania. The Bank is a full service bank, with an emphasis on providing personal and business financial services to individuals and small to mid-sized businesses in Gloucester, Atlantic and Cape May Counties in New Jersey and the Philadelphia area in Pennsylvania.

As of September 30, 2008, we had total consolidated assets of \$564.5 million, total loans of \$501.9 million, total deposits of \$458.3 million and total stockholders' equity of \$38.5 million.

Our common stock is traded on the Nasdaq Capital Market under the ticker symbol "PKBK." The Company maintains a website at www.parkebank.com. Information on our website should not be treated as part of this prospectus.

Securities Being Offered

On January 30, 2009, pursuant to the Troubled Asset Relief Program Capital Purchase Program of the United States Department of the Treasury ("Treasury"), we sold to Treasury 16,288 shares of our Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the "Series A Preferred Stock"), liquidation preference amount \$1,000 per share, for an aggregate purchase price of \$16.3 million, and concurrently issued to Treasury a ten-year warrant to purchase up to 299,779 shares of our common stock at an exercise price of \$8.15 per share. The issuance of the Series A Preferred Stock and the warrant were completed in a private placement to Treasury exempt from the registration requirements of the Securities Act of 1933. We were required under the terms of the related securities purchase agreement between us and Treasury to register for resale the warrant and the shares of our common stock underlying the warrant. The terms of the warrant and our common stock are described under "Description of Warrant," and "Description of Capital Stock." The securities purchase agreement between us and Treasury was attached as Exhibit 10.1 to our Current Report on Form 8-K filed on January 30, 2009 and incorporated into this prospectus by reference. See "Where You Can Find More Information."

RISK FACTORS

An investment in our securities is subject to certain risks. You should carefully review the following risk factors and other information contained in this prospectus and the documents incorporated by reference, before deciding whether an investment in our securities is suited to your particular circumstances. The risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our business operations. If any of the following risks actually occur, our business, results of operations and financial condition could suffer. In that event, the value of our securities could decline, and you may lose all or part of your investment. The risks discussed below also include forward-looking statements, and our actual results may differ materially from those discussed in these forward-looking statements.

Risks Related to Our Business

Difficult market conditions and economic trends have adversely affected our industry and our business.

We are particularly exposed to downturns in the U. S. housing market. Dramatic declines in the housing market over the past year, with decreasing home prices and increasing delinquencies and foreclosures, have negatively impacted the credit performance of mortgage and construction loans and resulted in significant write-downs of assets by many financial institutions. In addition, the values of real estate collateral supporting many loans have declined and may continue to decline. General downward economic trends, reduced availability of commercial credit and increasing unemployment have negatively impacted the credit performance of commercial and consumer credit, resulting in additional write-downs. Concerns over the stability of the financial markets and the economy have resulted in decreased lending by financial institutions to their customers and to each other. This market turmoil and tightening of credit has led to increased commercial and consumer deficiencies, lack of customer confidence, increased market volatility and widespread reduction in general business activity. Competition among depository institutions for deposits has increased significantly. Financial institutions have experienced decreased access to deposits or borrowings. The resulting economic pressure on consumers and businesses and the lack of confidence in the financial markets may adversely affect our business, financial condition, results of operations and stock price. We do not expect that the difficult market conditions will improve in the near future. A worsening of these conditions would likely exacerbate the adverse effects of these difficult market conditions on us and others in the industry. In particular, we may face the following risks in connection with these events:

- We expect to face increased regulation of our industry. Compliance with such regulation may increase our costs and limit our ability to pursue business opportunities.
- Our ability to assess the creditworthiness of customers and to estimate the losses inherent in our credit exposure is made more complex by these difficult market and economic conditions.
- We also may be required to pay even higher Federal Deposit Insurance Corporation premiums than the recently increased level, because financial institution failures resulting from the depressed market conditions have depleted and may continue to deplete the deposit insurance fund and reduce its ratio of reserves to insured deposits.

Edgar Filing: PARKE BANCORP, INC. - Form S-3

- Our ability to borrow from other financial institutions or the Federal Home Loan Bank on favorable terms or at all could be adversely affected by further disruptions in the capital markets or other events.
- We may experience a decrease in dividend income from our investment in Federal Home Loan Bank stock.
- We may experience increases in foreclosures, delinquencies and customer bankruptcies, as well as more restricted access to funds.
- We may experience losses as a result of declines in value of our investment portfolio that may be other than temporary.

If we experience loan losses in excess of our allowance, our earnings will be adversely affected.

The risk of credit losses on loans varies with, among other things, general economic conditions, the type of loan being made, the creditworthiness of the borrower over the term of the loan and, in the case of a collateralized loan, the value and marketability of the collateral for the loan. Management maintains an allowance for loan losses based upon, among other things, historical experience, an evaluation of economic conditions and regular reviews of delinquencies and loan portfolio quality. Based upon such factors, management makes various assumptions and judgments about the ultimate collectibility of the loan portfolio and provides an allowance for loan losses based upon a percentage of the outstanding balances and for specific loans when their ultimate collectibility is considered questionable. If management's assumptions and judgments prove to be incorrect and the allowance for loan losses is inadequate to absorb future losses, or if the bank regulatory authorities require us to increase the allowance for loan losses as a part of their examination process, our earnings and capital could be significantly and adversely affected.

As of September 30, 2008, our allowance for loan losses was approximately \$7.2 million which represented 1.42% of outstanding loans. At such date, we had six nonperforming loans totaling \$688,000. We actively manage our nonperforming loans in an effort to minimize credit losses. Although management believes that its allowance for loan losses is adequate, there can be no assurance that the allowance will prove sufficient to cover future loan losses. Further, although management uses the best information available to make determinations with respect to the allowance for loan losses, future adjustments may be necessary if economic conditions differ substantially from the assumptions used or adverse developments arise with respect to our non-performing or performing loans. Material additions to our allowance for loan losses would result in a decrease in our net income and capital, and could have a material adverse effect on our financial condition and results of operations.

If our nonperforming loans increase, our earnings will suffer.

At September 30, 2008, our non-performing loans (which consist of non-accrual loans) totaled \$688,000, or 0.13% of the loan portfolio. At September 30, 2008, our nonperforming assets (which include foreclosed real estate) were \$1.5 million, or 0.27% of assets. In addition, the Bank had approximately \$1.1 million in accruing loans that were 30-89 days delinquent at September 30, 2008. Our non-performing assets adversely affect our net income in various ways. We do not record interest income on non-accrual loans or real estate owned. While we believe that our allowance for loan losses was adequate at September 30, 2008, there can be no assurance that we will not have to increase our allowance based on changed circumstances that increase the risk of loss associated with nonperforming loans. In addition, the resolution of non-performing assets requires the active involvement of management, which can distract them from more profitable activity. While the Company believes that the nonperformance of these loans is attributable to the individual circumstances of these borrowers, there can be no assurance that we will not experience further increases in nonperforming loans in the future.

We may be required to record other-than-temporary impairment charges in respect of our investment and mortgage-backed securities portfolio.

As of September 30, 2008, we had approximately \$40.6 million in investment and mortgage-backed securities on which we had unrealized losses of \$4.0 million. We may be required to record impairment charges on our investment and mortgage-backed securities if they suffer a decline in value that is considered other-than-temporary. We have previously taken other-than-temporary impairment charges on our investments in the Freddie Mac and Fannie Mae preferred stock. Numerous factors, including lack of liquidity for resales of certain investment securities, absence of reliable pricing information for investment securities, adverse changes in the business climate, or adverse actions by regulators could have a losses effect on the value of our investment and mortgage backed securities. If an impairment charge is significant enough to result in negative net income for the period, it could affect the ability of our bank subsidiary to upstream dividends to us, which could have a material adverse effect on our liquidity and our ability to pay dividends to stockholders and could also negatively impact our regulatory capital ratios and result in us not being classified as "well capitalized" for regulatory purposes.

A significant amount of the Bank's business is concentrated in real estate development and construction lending.

At September 30, 2008, approximately 24.3% of our loans are commercial and residential real estate development and construction loans, which are secured by the real estate under development. Construction lending involves extensive risks. In addition to the risk that the market values of the real estate securing these loans may deteriorate, these loans are also subject to the development risks that the projects will not be completed in a timely manner or according to original specifications. Real estate development and construction projects that are not completed in a timely manner or according to original specifications are generally less marketable than projects that are fully developed, and the loans underlying such projects may be subject to greater losses in the event that the real estate collateral becomes the source of repayment. Construction projects are commonly underwritten based upon projections, such as the sales of homes or future leasing of commercial spaces, and substantial deviations from such projections can occur. Construction lending is also labor intensive for the Bank, requiring Bank employees to expend substantial time and resources in monitoring and servicing each construction loan to completion. In addition, a construction loan that is in default can create problems for the Bank, such as designating replacement builders for a project, considering alternate users for the project and site and handling any structural or environmental issues that might arise. Such problems and the risks inherent in construction lending may have a material adverse effect on our earnings and overall financial condition.

Most of our loans are secured, in whole or in part, with real estate collateral which is subject to declines in value.

In addition to the financial strength and cash flow characteristics of the borrower in each case, we often secure our loans with real estate collateral. As of September 30, 2008, approximately 95.5% of our loans had real estate as a primary or secondary component of collateral. Real estate values and real estate markets are generally affected by, among other things, changes in national, regional or local economic conditions, fluctuations in interest rates and the availability of loans to potential purchasers, changes in tax laws and other governmental statutes, regulations and policies, and acts of nature. The real estate collateral in each case provides an alternate source of repayment in the event of default by the borrower. If real estate prices in our markets decline, the value of the real estate collateral securing our loans could be reduced. If we are required to liquidate the collateral securing a loan during a period of reduced real estate values to satisfy the debt, our earnings and capital could be adversely affected.

Our business is geographically concentrated and is subject to regional economic factors that could have an adverse impact on our business.

Substantially all of our business is with customers in our market area of Southern New Jersey and Philadelphia and its surrounding counties. Most of our customers are consumers and small and medium-sized businesses which are dependent upon the regional economy. Adverse changes in economic and business conditions in our markets could adversely affect our borrowers, their ability to repay their loans and to borrow additional funds, and consequently our financial condition and performance.

Additionally, we often secure our loans with real estate collateral, most of which is located in Gloucester and Atlantic Counties in New Jersey, and Philadelphia County in Pennsylvania. A decline in local economic conditions could adversely affect the values of such real estate. Consequently, a decline in local economic conditions may have a greater effect on our earnings and capital than on the earnings and capital of larger financial institutions whose real estate loan portfolios are geographically diverse.

The loss of senior executive officers and certain other key personnel could hurt our business.

Our success depends, to a great extent, upon the services of Vito S. Pantilione, our President and Chief Executive Officer as well as senior officers of lending, operations and finance. The unexpected loss of these individuals could have a material adverse effect on our operations. From time to time, we also need to recruit personnel to fill vacant positions for experienced lending and credit administration officers. Competition for qualified personnel in the banking industry is intense, and there can be no assurance that we will continue to be successful in attracting, recruiting and retaining the necessary skilled managerial, marketing and technical personnel for the successful operation of our existing lending, operations, accounting and administrative functions or to support the expansion of the functions necessary for our future growth. Our inability to hire or retain key personnel could have a material adverse effect on our results of operations.

If we are unable to redeem the Series A Preferred Stock after five years, the cost of this capital to us will increase substantially.

If we are unable to redeem the Series A Preferred Stock prior to February 15, 2014, the cost of this capital to us will increase substantially on that date, from 5.0% per annum (approximately \$814.4 thousand annually) to 9.0% per annum (approximately \$1.5 million annually). See “Description of Capital Stock —Series A Preferred Stock—Redemption and Repurchases.” Depending on our financial condition at the time, this increase in the annual dividend rate on the Series A Preferred Stock could have a material negative effect on our liquidity.

Recent legislative and regulatory initiatives to address difficult market and economic conditions may not stabilize the U.S. economy or the U.S. banking system.

The recently enacted Emergency Economic Stabilization Act of 2008 (the “EESA”) authorizes Treasury to purchase from financial institutions and their holding companies up to \$700 billion in mortgage loans, mortgage-related securities and certain other financial instruments, including debt and equity securities issued by financial institutions and their holding companies, under a troubled asset relief program, or “TARP.” The purpose of TARP is to restore confidence and stability to the U.S. banking system and to encourage financial institutions to increase their lending to customers and to each other. The Treasury has allocated \$250 billion towards the TARP Capital Purchase Program. Under the TARP Capital Purchase Program, Treasury is purchasing equity securities from participating institutions. The warrant offered by this prospectus was issued by us to Treasury pursuant to the TARP Capital Purchase

Program. The EESA also increased federal deposit insurance on most deposit accounts from \$100,000 to \$250,000. This increase is in place until the end of 2009 and is not covered by deposit insurance premiums paid by the banking industry.

The EESA followed, and has been followed by, numerous actions by the Board of Governors of the Federal Reserve System, the U.S. Congress, Treasury, the FDIC, the SEC and others to address the current liquidity and credit crisis that has followed the sub-prime meltdown that commenced in 2007. These measures include homeowner relief that encourage loan restructuring and modification; the establishment of significant liquidity and credit facilities for financial institutions and investment banks; the lowering of the federal funds rate; emergency action against short selling practices; a temporary guaranty program for money market funds; the establishment of a commercial paper funding facility to provide back-stop liquidity to commercial paper issuers; and coordinated international efforts to address illiquidity and other weaknesses in the banking sector. Most recently, on February 17, 2009, the American Recovery and Reinvestment Act of 2009 (“ARRA”) was signed into law. ARRA, more commonly known as the economic stimulus bill or economic recovery package, is intended to stimulate the economy and provides for broad infrastructure, education and health spending. The purpose of these legislative and regulatory actions is to stabilize the U.S. economy and the U.S. banking system. The EESA and the other regulatory initiatives described above may not have their desired effects. If the volatility in the markets continues and economic conditions fail to improve or worsen, our business, financial condition and results of operations could be materially and adversely affected.

On October 14, 2008, the FDIC announced the establishment of a temporary liquidity guarantee program to provide full deposit insurance for all non-interest bearing transaction accounts and guarantees of certain newly issued senior unsecured debt issued by FDIC-insured institutions and their holding companies. Insured institutions were automatically covered by this program from October 14, 2008 until December 5, 2008, unless they opted out prior to that date. Under the program, the FDIC will guarantee timely payment of newly issued senior unsecured debt issued on or before June 30, 2009. The debt includes all newly issued unsecured senior debt including promissory notes, commercial paper and inter-bank funding. The aggregate coverage for an institution may not exceed 125% of its debt outstanding on September 30, 2008 that was scheduled to mature before June 30, 2009, or, for certain insured institutions, 2% of liabilities as of September 30, 2008. The guarantee will extend to June 30, 2012 even if the maturity of the debt is after that date. The Bank elected to participate in both parts of the temporary liquidity guarantee program.

The purpose of these legislative and regulatory actions is to stabilize the U.S. banking system. The EESA and the other regulatory initiatives described above may not have their desired effects. If the volatility in the markets continues and economic conditions fail to improve or worsen, our business, financial condition, results of operations and cash flows could be materially and adversely affected.

Current levels of market volatility are unprecedented.

The capital and credit markets have been experiencing volatility and disruption for more than a year. In recent months, the volatility and disruption has reached unprecedented levels. In some cases, the markets have produced downward pressure on stock prices and credit availability for certain issuers without regard to those issuers’ underlying financial strength. If current levels of market disruption and volatility continue or worsen, there can be no assurance that we will not experience an adverse effect, which may be material, on our ability to access capital and on our business, financial condition and results of operations.

Liquidity risk could impair our ability to fund operations and jeopardize our financial condition.

Liquidity is essential to our business. An inability to raise funds through deposits, borrowings, the sale of loans and other sources could have a substantial negative effect on our liquidity. Our access to funding sources in amounts adequate to finance our activities or on terms which are acceptable to us could be impaired by factors that affect us specifically or the financial services industry or economy in general. Factors that could detrimentally impact our access to liquidity sources include a decrease in the level of our business activity as a result of a downturn in the markets in which our loans are concentrated or adverse regulatory action against us. Our ability to borrow could also be impaired by factors that are not specific to us, such as a disruption in the financial markets or negative views and expectations about the prospects for the financial services industry in light of the recent turmoil faced by banking organizations and the continued deterioration in credit markets.

The securities purchase agreement between us and Treasury permits Treasury to impose additional restrictions on us retroactively.

The securities purchase agreement we entered into with Treasury permits Treasury to unilaterally amend the terms of the securities purchase agreement to comply with any changes in federal statutes after the date of its execution. ARRA imposed additional executive compensation and expenditure limits on all current and future TARP recipients, including us, until we have repaid the Treasury. These additional restrictions may impede our ability to attract and retain qualified executive officers. ARRA also permits TARP recipients to repay the Treasury without penalty or requirement that additional capital be raised, subject to Treasury's consultation with our primary federal regulator while the securities purchase agreement required that, for a period of three years, the Series A Preferred Stock could generally only be repaid if we raised additional capital to repay the securities and such capital qualified as Tier 1 capital. Additional unilateral changes in the securities purchase agreement could have a negative impact on our financial condition and results of operations.

We may elect or be compelled to seek additional capital in the future, but that capital may not be available when it is needed.

We are required by federal and state regulatory authorities to maintain adequate levels of capital to support our operations. In addition, we may elect to raise additional capital to support our business or to finance acquisitions, if any, or we may otherwise elect or be required to raise additional capital. In that regard, a number of financial institutions have recently raised considerable amounts of capital in response to a deterioration in their results of operations and financial condition arising from the turmoil in the mortgage loan market, deteriorating economic conditions, declines in real estate values and other factors. Should we be required by regulatory authorities to raise additional capital, we may seek to do so through the issuance of, among other things, our common stock or preferred stock.

Our ability to raise additional capital, if needed, will depend on conditions in the capital markets, economic conditions and a number of other factors, many of which are outside our control, and on our financial performance. Accordingly, we cannot assure you of our ability to raise additional capital if needed or on terms acceptable to us. If we cannot raise additional capital when needed, it may have a material adverse effect on our financial condition, results of operations and prospects.

We rely on dividends from the Bank for substantially all of our revenue.

Parke Bancorp receives substantially all of its revenue as dividends from Parke Bank. Federal regulations limit the amount of dividends that the Bank may pay to Parke Bancorp. In the event the Bank

becomes unable to pay dividends to Parke Bancorp, Parke Bancorp may not be able to service its debt, pay its other obligations or pay dividends on the Series A Preferred Stock. Accordingly, our inability to receive dividends from the Bank could also have a material adverse effect on our business, financial condition and results of operations and the value of your investment in our common stock.

Risks Related to Our Common Stock

There is a limited trading market for our common stock, which may adversely impact your ability to sell your shares and the price you receive for your shares.

Although our common stock is quoted on the Nasdaq Capital Market, there has been limited trading activity in our stock and a more active trading market is not expected to develop. This means that there may be limited liquidity for our common stock, which may make it difficult to buy or sell our common stock, may negatively affect the price of our common stock and may cause volatility in the price of our common stock. Factors such as our financial results and various factors affecting the banking industry generally may have a significant impact on the market price for our common stock.

Our common stock is not insured and you could lose the value of your entire investment.

An investment in shares of our common stock is not a deposit and is not insured against loss by the government.

Our management and significant shareholders control a substantial percentage of our stock and therefore have the ability to exercise substantial control over our affairs.

As of December 31, 2008, our directors and executive officers beneficially owned approximately 1,879,884 shares, or approximately 42.2% of our outstanding common stock, including options and warrants to purchase approximately 430,114 shares, in the aggregate, of our common stock at exercise prices ranging from \$5.00 to \$15.02 per share. Because of the large percentage of stock held by our directors and executive officers, these persons could influence the outcome of any matter submitted to a vote of our shareholders.

We may issue additional shares of common or preferred stock, which may dilute the ownership and voting power of our shareholders and the book value of our common stock.

We are currently authorized to issue up to 10,000,000 shares of common stock of which 4,030,634 shares are outstanding and up to 1,000,000 shares of preferred stock of which 16,288 shares are outstanding as of February 25, 2009. Our Board of Directors has authority, without action or vote of the shareholders, to issue all or part of the authorized but unissued shares and to establish the terms of any series of preferred stock. These authorized but unissued shares could be issued on terms or in circumstances that could dilute the interests of other stockholders. In addition, a total of 662,479 shares of common stock have been reserved for issuance under our stock option plans and warrants including a total of 576,913 shares of common stock that have been reserved for issuance under options outstanding on September 30, 2008. As of September 30, 2008, options to purchase a total of 377,161 shares were exercisable and had exercise prices ranging from \$4.99 to \$15.02. Any such issuance will dilute the percentage ownership interest of shareholders and may further dilute the book value of our common stock.

Provisions of our Certificate of Incorporation and the New Jersey Business Corporation Act could deter takeovers which are opposed by the Board of Directors.

Our certificate of incorporation and the New Jersey Business Corporation Act contain various provisions which may have the effect of discouraging attempts to acquire us, pursue a proxy contest for control, assume control by acquiring a large block of common stock or remove our management, all of which certain stockholders may think are in their best interests. These provisions include a restriction on voting shares owned in excess of 10% of the outstanding shares, prohibiting business combinations with interested stockholders (stockholders owning in excess of 10% of the outstanding shares) for a period of 5 years after the stockholder becomes an interested stockholder, a requirement of the approval of 80% of our outstanding shares for any merger or consolidation involving an interested stockholder unless the transaction meets certain fair price criteria or the business combination has been approved or authorized by the Board of Directors and staggering the terms of directors. .

The securities purchase agreement between us and Treasury limits our ability to pay dividends on and repurchase our common stock.

The securities purchase agreement between us and Treasury provides that prior to the earlier of (i) January 30, 2012 and (ii) the date on which all of the shares of the Series A Preferred Stock have been redeemed by us or transferred by Treasury to third parties, we may not, without the consent of Treasury, (a) increase the cash dividend on our common stock or (b) subject to limited exceptions, redeem, repurchase or otherwise acquire shares of our common stock or preferred stock other than the Series A Preferred Stock or trust preferred securities. In addition, we are unable to pay any dividends on our common stock unless we are current in our dividend payments on the Series A Preferred Stock. While we have only paid one cash dividend to date, these restrictions, together with the potentially dilutive impact of the warrant described in the next risk factor, could have a negative effect on the value of our common stock.

The Series A Preferred Stock impacts net income available to our common stockholders and earnings per common share, and the warrant we issued to Treasury may be dilutive to holders of our common stock.

The dividends declared and the accretion on discount on the Series A Preferred Stock will reduce the net income available to common stockholders and our earnings per common share. The Series A Preferred Stock will also receive preferential treatment in the event of liquidation, dissolution or winding up of Parke Bancorp. Additionally, the ownership interest of the existing holders of our common stock will be diluted to the extent the warrant we issued to Treasury in conjunction with the sale to Treasury of the Series A Preferred Stock is exercised. The shares of common stock underlying the warrant represent approximately 6.9% of the shares of our common stock outstanding as of February 25, 2009 (including the shares issuable upon exercise of the warrant in total shares outstanding). Although Treasury has agreed not to vote any of the shares of common stock it receives upon exercise of the warrant, a transferee of any portion of the warrant or of any shares of common stock acquired upon exercise of the warrant is not bound by this restriction.

USE OF PROCEEDS

All securities sold pursuant to this prospectus will be sold by the selling securityholders and we will not receive the proceeds from such sales.

DESCRIPTION OF WARRANT

This section summarizes specific terms and provisions of the warrant we issued to Treasury on January 30, 2009 concurrent with our sale to Treasury of 16,288 shares of Series A Preferred Stock pursuant to the TARP Capital Purchase Program. The description of the warrant contained in this section is qualified in its entirety by the actual terms of the warrant, a copy of which was attached as Exhibit 4.2 to our Current Report on Form 8-K filed on January 30, 2009 and incorporated by reference into this prospectus. See “Where You Can Find More Information.”

General

The warrant gives the holder the right to initially purchase up to 299,779 shares of our common stock at an exercise price of \$8.15 per share. Subject to the limitations on exercise to which Treasury is subject described under “—Transferability,” the warrant is immediately exercisable and expires on January 30, 2019. The exercise price may be paid (i) by having us withhold from the shares of common stock that would otherwise be issued to the warrant holder upon exercise, a number of shares of common stock having a market value equal to the aggregate exercise price or (ii) if both we and the warrant holder consent, in cash.

Possible Reduction in Number of Shares

If we (or any successor to us by a business combination) complete one or more Qualified Equity Offerings (as defined under “Description of Series A Preferred Stock-Redemption and Repurchases”) prior to December 31, 2009 resulting in aggregate gross proceeds of at least \$16.3 million (plus the aggregate liquidation preference amount of any preferred stock issued to Treasury by a successor to us), the number of shares of common stock underlying the warrant then held by Treasury will be reduced by 50%. The number of shares subject to the warrant are subject to further adjustment as described below under “—Other Adjustments.”

A “Qualifying Equity Offering” is defined as the sale by Parke Bancorp (or its successor) of preferred stock or common stock that qualifies as Tier 1 capital under applicable regulatory capital guidelines.

Transferability

The warrant is not subject to any restrictions on transfer; however, Treasury may only transfer or exercise the warrant with respect to one-half of the shares underlying the warrant prior to the earlier of (i) the date on which we (or any successor to us by a business combination) have received aggregate gross proceeds of at least \$16.3 million (plus the aggregate liquidation preference amount of any preferred stock issued to Treasury by a successor to us) from one or more Qualified Equity Offerings (including those by any successor to us by a business combination) and (ii) December 31, 2009.

Voting of Warrant Shares

Treasury has agreed that it will not vote any of the shares of common stock that it acquires upon exercise of the warrant. This does not apply to any other person who acquires any portion of the warrant, or the shares of common stock underlying the warrant, from Treasury.

Other Adjustments

The exercise price of the warrant and the number of shares underlying the warrant automatically adjust upon the following events:

- any stock split, stock dividend, subdivision, reclassification or combination of our common stock;
- until the earlier of (i) the date on which Treasury no longer holds any portion of the warrant and (ii) January 30, 2012, issuance of our common stock (or securities convertible into our common stock) for consideration (or having a conversion price per share) less than 90% of then current market value, except for issuances in connection with benefit plans, business acquisitions and public or other broadly marketed offerings;
- a pro rata repurchase by us of our common stock; or
- a determination by our Board of Directors to make an adjustment to the anti-dilution provisions as are reasonably necessary, in the good faith opinion of the Board, to protect the purchase rights of the warrant holders.

In addition, if we declare any dividends or distributions on our common stock other than our historical, ordinary cash dividends, dividends paid in our common stock and other dividends or distributions covered by the first bullet point above, the exercise price of the warrant will be adjusted to reflect such distribution.

In the event of any merger, consolidation, or other business combination to which we are a party, the warrant holder's right to receive shares of our common stock upon exercise of the warrant will be converted into the right to exercise the warrant to acquire the number of shares of stock or other securities or property (including cash) which the common stock issuable upon exercise of the warrant immediately prior to such business combination would have been entitled to receive upon consummation of the business combination. For purposes of the provision described in the preceding sentence, if the holders of our common stock have the right to elect the amount or type of consideration to be received by them in the business combination, then the consideration that the warrant holder will be entitled to receive upon exercise will be the amount and type of consideration received by a majority of the holders of the common stock who affirmatively make an election.

No Rights as Stockholders

The warrant does not entitle its holder to any of the rights of a stockholder of Parke Bancorp prior to exercise.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of:

- 10,000,000 shares of common stock, par value \$.10 per share; and
- 1,000,000 shares of preferred stock, par value \$.10 per share.

Edgar Filing: PARKE BANCORP, INC. - Form S-3

As of February 25, 2009, there were 4,030,634 shares of our common stock issued and outstanding and 16,288 shares of our preferred stock issued and outstanding, all of which consisted of our Series A Preferred Stock.

In this section we describe certain features and rights of our capital stock. The summary does not purport to be exhaustive and is qualified in its entirety by reference to our certificate of incorporation and bylaws and to applicable New Jersey law.

Common Stock

General. Each holder of common stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders. There are no cumulative voting rights. Subject to preferences to which holders of any shares of preferred stock may be entitled, holders of common stock are entitled to receive ratably any dividends that may be declared from time to time by the Board of Directors out of funds legally available for that purpose. In the event of our liquidation, dissolution or winding up, holders of common stock will be entitled to share in our assets remaining after the payment or provision for payment of our debts and other liabilities, and the satisfaction of the liquidation preferences of the holders of the Series A Preferred Stock and any other series of our preferred stock then outstanding. Holders of common stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions that apply to the common stock. All shares of common stock currently outstanding are fully paid and nonassessable. The rights, preferences and privileges of the holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate in the future.

Restrictions on Dividends and Repurchases Under Agreement with Treasury. The securities purchase agreement between us and Treasury provides that prior to the earlier of (i) January 30, 2012 and (ii) the date on which all of the shares of the Series A Preferred Stock have been redeemed by us or transferred by Treasury to third parties, we may not, without the consent of Treasury, (a) pay cash dividends on our common stock or (b) subject to limited exceptions, redeem, repurchase or otherwise acquire shares of our common stock or preferred stock other than the Series A Preferred Stock or trust preferred securities. The securities purchase agreement does not prohibit the payment of stock dividends.

Preferred Stock - General

Our certificate of incorporation permits our Board of Directors to authorize the issuance of up to 1,000,000 shares of preferred stock, par value \$0.10, in one or more series, without stockholder action. The Board of Directors can fix the designation, powers, preferences and rights of each series. Therefore, without approval of the holders of our common stock or the Series A Preferred Stock (except as may be required under the terms of the Series A Preferred Stock (see "Series A Preferred Stock—Voting Rights") or by the rules of the Nasdaq Stock Market or any other exchange or market on which our securities may then be listed or quoted), our Board of Directors may authorize the issuance of preferred stock with voting, dividend, liquidation and conversion and other rights that could dilute the voting power or other rights or adversely affect the market value of our common stock and the Series A Preferred Stock and may assist management in impeding any unfriendly takeover or attempted change in control. See "*—Anti-Takeover Effects – Authorized Shares.*"

Series A Preferred Stock

The following description of the Series A Preferred Stock is qualified in its entirety by the actual terms of the Series A Preferred Stock, as are stated in the Certificate of Amendment to our Certificate of Incorporation, a copy of which was filed as Exhibit 3.1 to our Current Report on Form 8-K filed on

Edgar Filing: PARKE BANCORP, INC. - Form S-3

January 30, 2009 and incorporated by reference in this Prospectus. See “Where You Can Find More Information.”

General. The Series A Preferred Stock constitutes a single series of our preferred stock, consisting of 16,288 shares, par value \$0.10 per share, having a liquidation preference amount of \$1,000 per share. The Series A Preferred Stock has no maturity date. We issued the shares of Series A Preferred Stock to Treasury on January 30, 2009 in connection with the TARP Capital Purchase Program for a purchase price of \$16.3 million.

Dividend Rate. Dividends on the Series A Preferred Stock are payable quarterly in arrears, when, as and if authorized and declared by our Board of Directors out of legally available funds, on a cumulative basis on the \$1,000 per share liquidation preference amount plus the amount of accrued and unpaid dividends for any prior dividend periods, at a rate of (i) 5% per annum, from the original issuance date to but excluding the first day of the first dividend period commencing after the fifth anniversary of the original issuance date (i.e., 5% per annum from January 30, 2009 to but excluding February 15, 2014), and (ii) 9% per annum, from and after the first day of the first dividend period commencing after the fifth anniversary of the original issuance date (i.e., 9% per annum on and after February 15, 2014). Dividends are payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year, commencing on February 15, 2009.

Dividends on the Series A Preferred Stock will be cumulative. If for any reason our Board of Directors does not declare a dividend on the Series A Preferred Stock for a particular dividend period, or if the Board of Directors declares less than a full dividend, we will remain obligated to pay the unpaid portion of the dividend for that period and the unpaid dividend will compound on each subsequent dividend date (meaning that dividends for future dividend periods will accrue on any unpaid dividend amounts for prior dividend periods).

We are not obligated to pay holders of the Series A Preferred Stock any dividend in excess of the dividends on the Series A Preferred Stock that are payable as described above. There is no sinking fund with respect to dividends on the Series A Preferred Stock.

Priority of Dividends. So long as the Series A Preferred Stock remains outstanding, we may not declare or pay a dividend or other distribution on our common stock or any other shares of Junior Stock (other than dividends payable solely in common stock) or Parity Stock (other than dividends paid on a pro rata basis with the Series A Preferred Stock), and we generally may not directly or indirectly purchase, redeem or otherwise acquire any shares of common stock, Junior Stock or Parity Stock unless all accrued and unpaid dividends on the Series A Preferred Stock for all past dividend periods are paid in full.

“Junior Stock” means our common stock and any other class or series of our stock the terms of which expressly provide that it ranks junior to the Series A Preferred Stock as to dividend rights and/or as to rights on liquidation, dissolution or winding up of Parke Bancorp. We currently have no outstanding class or series of stock constituting Junior Stock other than our common stock.

“Parity Stock” means any class or series of our stock, other than the Series A Preferred Stock, the terms of which do not expressly provide that such class or series will rank senior or junior to the Series A Preferred Stock as to dividend rights and/or as to rights on liquidation, dissolution or winding up of Parke Bancorp, in each case without regard to whether dividends accrue cumulatively or non-cumulatively. We currently have no outstanding class or series of stock constituting Parity Stock.

Liquidation Rights. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of Parke Bancorp, holders of the Series A Preferred Stock will be entitled to receive for each share of Series A Preferred Stock, out of the assets of Parke Bancorp or proceeds available for distribution to our stockholders, subject to any rights of our creditors, before any distribution

of assets or proceeds is made to or set aside for the holders of our common stock and any other class or series of our stock ranking junior to the Series A Preferred Stock, payment of an amount equal to the sum of (i) the \$1,000 liquidation preference amount per share and (ii) the amount of any accrued and unpaid dividends on the Series A Preferred Stock (including dividends accrued on any unpaid dividends). To the extent the assets or proceeds available for distribution to stockholders are not sufficient to fully pay the liquidation payments owing to the holders of the Series A Preferred Stock and the holders of any other class or series of our stock ranking equally with the Series A Preferred Stock, the holders of the Series A Preferred Stock and such other stock will share ratably in the distribution.

For purposes of the liquidation rights of the Series A Preferred Stock, neither a merger or consolidation of Parke Bancorp with another entity nor a sale, lease or exchange of all or substantially all of Parke Bancorp's assets will constitute a liquidation, dissolution or winding up of the affairs of Parke Bancorp.

Redemptions and Repurchases. Pursuant to the terms of the Certificate of Amendment, the Series A Preferred Stock is redeemable at our option in whole or in part at a redemption price equal to 100% of the liquidation preference amount of \$1,000 per share plus any accrued and unpaid dividends to but excluding the date of redemption (including dividends accrued on any unpaid dividends), provided that any declared but unpaid dividend payable on a redemption date that occurs subsequent to the record date for the dividend will be payable to the holder of record of the redeemed shares on the dividend record date, and provided further that the Series A Preferred Stock may be redeemed prior to the first dividend payment date falling after the third anniversary of the original issuance date (i.e., prior to February 15, 2012) only if (i) we have, or our successor following a business combination with another entity which also participated in the TARP Capital Purchase Program has, raised aggregate gross proceeds in one or more Qualified Equity Offerings of at least the Minimum Amount and (ii) the aggregate redemption price of the Series A Preferred Stock does not exceed the aggregate net proceeds from such Qualified Equity Offerings by us and any successor. The "Minimum Amount" means \$4,072,000 plus, in the event we are succeeded in a business combination by another entity which also participated in the TARP Capital Purchase Program, 25% of the aggregate liquidation preference amount of the preferred stock issued by that entity to Treasury. As a result of the enactment of ARRA, we may now redeem the Series A Preferred Stock at any time without penalty or the need to raise additional capital, subject to consultation with the appropriate federal banking agency.

Shares of Series A Preferred Stock that we redeem, repurchase or otherwise acquire will revert to authorized but unissued shares of preferred stock, which may then be reissued by us as any series of preferred stock other than the Series A Preferred Stock.

No Conversion Rights. Holders of the Series A Preferred Stock have no right to exchange or convert their shares into common stock or any other securities.

Voting Rights. The holders of the Series A Preferred Stock do not have voting rights other than those described below, except to the extent specifically required by New Jersey law.

Whenever dividends have not been paid on the Series A Preferred Stock for six or more quarterly dividend periods, whether or not consecutive, the authorized number of directors of Parke Bancorp will automatically increase by two and the holders of the Series A Preferred Stock will have the right, with the holders of shares of any other classes or series of Voting Parity Stock outstanding at the time, voting together as a class, to elect two directors (the "Preferred Directors") to fill such newly created directorships at our next annual meeting of stockholders (or at a special meeting called for that purpose prior to the next annual meeting) and at each subsequent annual meeting of stockholders until all accrued and unpaid dividends for all past dividend periods on all outstanding shares of Series A Preferred Stock

Edgar Filing: PARKE BANCORP, INC. - Form S-3

have been paid in full at which time this right will terminate with respect to the Series A Preferred Stock, subject to revesting in the event of each and every subsequent default by us in the payment of dividends on the Series A Preferred Stock.

Upon any termination of the right of the holders of the Series A Preferred Stock and Voting Parity Stock as a class to vote for directors as described above, the Preferred Directors will cease to be qualified as directors, the terms of office of all Preferred Directors then in office will terminate immediately and the authorized number of directors will be reduced by the number of Preferred Directors which had been elected by the holders of the Series A Preferred Stock and the Voting Parity Stock. Any Preferred Director may be removed at any time, with or without cause, and any vacancy created by such a removal may be filled, only by the affirmative vote of the holders a majority of the outstanding shares of Series A Preferred Stock voting separately as a class together with the holders of shares of Voting Parity Stock, to the extent the voting rights of such holders described above are then exercisable. If the office of any Preferred Director becomes vacant for any reason other than removal from office, the remaining Preferred Director may choose a successor who will hold office for the unexpired term of the office in which the vacancy occurred.

The term "Voting Parity Stock" means with regard to any matter as to which the holders of the Series A Preferred Stock are entitled to vote, any series of Parity Stock (as defined under "—Dividends-Priority of Dividends") upon which voting rights similar to those of the Series A Preferred Stock have been conferred and are exercisable with respect to such matter. We currently have no outstanding shares of Voting Parity Stock.

In addition to any other vote or consent required by New Jersey law or by our certificate of incorporation, the vote or consent of the holders of at least 66 2/3% of the outstanding shares of Series A Preferred Stock, voting as a separate class, is required in order to do the following:

- amend our certificate of incorporation or the certificate of amendment to the certificate of incorporation which sets forth the terms of the Series A Preferred Stock to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of stock ranking senior to the Series A Preferred Stock with respect to the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of Parke Bancorp; or
- amend our certificate of incorporation or the certificate of amendment to the certificate of incorporation which sets forth the terms of the Series A Preferred Stock in a way that materially and adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock; or
- consummate a binding share exchange or reclassification involving the Series A Preferred Stock or a merger or consolidation of Parke Bancorp with another entity, unless (i) the shares of Series A Preferred Stock remain outstanding or, in the case of a merger or consolidation in which Parke Bancorp is not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent, and (ii) the shares of Series A Preferred Stock remaining outstanding or such preference securities, have such rights, preferences, privileges, voting powers, limitations and restrictions, taken as a whole, as are not materially less favorable than the rights, preferences, privileges, voting powers, limitations and restrictions of the Series A Preferred Stock prior to consummation of the transaction, taken as a whole;

provided, however, that (1) any increase in the amount of our authorized but unissued shares of preferred stock, and (2) the creation and issuance, or an increase in the authorized or issued amount, of any other series of preferred stock, or any securities convertible into or exchangeable or exercisable for any other series of preferred stock, ranking equally with and/or junior to the Series A Preferred Stock with respect to the payment of dividends, whether such dividends are cumulative or non-cumulative and the distribution of assets upon our liquidation, dissolution or winding up, will not be deemed to materially and adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock and will not require the vote or consent of the holders of the Series A Preferred Stock.

To the extent holders of the Series A Preferred Stock are entitled to vote, holders of shares of the Series A Preferred Stock will be entitled to one vote for each share then held.

Anti-takeover Effects

The provisions of our certificate of incorporation and bylaws summarized in the following paragraphs may have anti-takeover effects and could delay, defer, or prevent a tender offer or takeover attempt that a stockholder might consider to be in such stockholder's best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders, and may make removal of the incumbent management and directors more difficult.

Authorized Shares. Our certificate of incorporation authorizes the issuance of 10,000,000 shares of common stock and 1,000,000 shares of preferred stock. These shares of common stock and preferred stock provide our Board of Directors with as much flexibility as possible to effect, among other transactions, financings, acquisitions, stock dividends, stock splits and the exercise of employee stock options. However, these additional authorized shares may also be used by the Board of Directors consistent with its fiduciary duty to deter future attempts to gain control of us. The Board of Directors also has sole authority to determine the terms of any one or more series of preferred stock, including voting rights, conversion rates, and liquidation preferences. As a result of the ability to fix voting rights for a series of preferred stock, the Board has the power to the extent consistent with its fiduciary duty to issue a series of preferred stock to persons friendly to management in order to attempt to block a tender offer, merger or other transaction by which a third party seeks control of us, and thereby assist members of management to retain their positions.

Board of Directors. Except with respect to any directors who may be elected by any class or series of preferred stock, our Board of Directors is divided into three classes, each of which contains one-third of the members of the Board. The members of each class are elected for a term of three years, with the terms of office of all members of one class expiring each year so that approximately one-third of the total number of directors is elected each year. The classification of directors, together with the provisions in our certificate of incorporation described below that permit only the remaining directors to fill any vacancies on the Board of Directors, have the effect of making it more difficult for stockholders to change the composition of the Board of Directors. As a result, at least two annual meetings of stockholders will be required for the stockholders to change a majority of the directors, whether or not a change in the Board of Directors would be beneficial and whether or not a majority of stockholders believe that such a change would be desirable. Our certificate of incorporation provides that stockholders may not cumulate their votes in the election of directors.

Our certificate of incorporation and bylaws provide that we will have the number of directors fixed from time to time by our Board of Directors provided that the number shall be no greater than 15. Parke Bancorp currently has 12 directors. Our certificate of incorporation and bylaws provide that, subject to the rights of the holders of any series of preferred stock then outstanding, vacancies in the Board of

Edgar Filing: PARKE BANCORP, INC. - Form S-3

Directors may be filled by the directors then in office, though less than a quorum, and any director so chosen shall hold office until the next annual meeting of stockholders.

The foregoing description of our Board of Directors does not apply with respect to directors that may be elected by the holders of the Series A Preferred Stock in the event we do not pay dividends on the Series A Preferred Stock for six or more dividend periods. See “Description of Series A Preferred Stock—Voting Rights.”

Special Meetings of Stockholders. Our certificate of incorporation provides that special meetings of stockholders may be called by our Board of Directors by vote of a majority of the directors then in office or a duly authorized committee of the Board of Directors and the President.

Action by Stockholders Without A Meeting. Our certificate of incorporation provides that any action may be taken by stockholders without a meeting but only with the written consent of every stockholder entitled to vote on the matter. Non-unanimous consent is not permitted.

Voting Limitation. Our certificate of incorporation restricts the voting rights of any stockholder who beneficially owns in excess of 10% of our outstanding shares of common stock. In the event any person owns shares in excess of the limit, such excess shares shall not be entitled to vote unless the Board of Directors has approved the acquisition of shares in excess of the limit.

Requisite Vote to Approve Business Combinations. Our certificate of incorporation provides that the affirmative vote of at least 80% of our outstanding shares is required to approve any business combination with the Company unless the transaction has first been approved by the Board of Directors.

Consideration of Non-Monetary Factors. Our certificate of incorporation requires that the Board of Directors consider various additional factors other than simply the price being offered when evaluating a potential business combination. Specifically, the Board must consider (i) the social and economic effects of the proposed transaction on our employees, customers, depositors, creditors and other elements of the communities in which we operate; (ii) the business and financial condition of the acquiring person or entity; and (iii) the competence and experience of the acquiring person or entity and its or their management.

Business Combinations With Certain Persons. Our certificate of incorporation and the New Jersey Shareholder Protection Act limit our ability to enter into business combination transactions with any interested shareholder for five years following the interested shareholder’s stock acquisition date, unless the board of directors approves the business combination prior to the interested shareholder’s stock acquisition date.

An interested shareholder includes:

- a beneficial owner, directly or indirectly, of 10% or more of our outstanding voting stock;
- an affiliate or associate of Parke Bancorp who, at any time within the five years prior to the date in question was a beneficial owner, directly or indirectly, of 10% or more of the outstanding voting stock; or
- an assignee of, or a person who has succeeded to, any shares of voting stock which within the two years prior to the date in question were beneficially owned by any interested shareholder, if the assignment or succession occurred in a transaction not involving a public offering.

In addition, we may not enter into a business combination with an interested shareholder at any time, unless one of the following three conditions is met:

- the board of directors approves the business combination prior to the interested shareholder's stock acquisition date and the shareholders thereafter approve the transaction in accordance with applicable law;
- the business combination is approved by the affirmative vote of the holders of at least 80% of the outstanding voting stock; or
- the common shareholders and any preferred shareholders receive a fair price in cash as determined by the certificate of incorporation and, prior to the business combination completion date, the interested shareholder has not become a beneficial owner of any additional shares of stock of the corporation except through the limited circumstances provided in the amended and restated certificate of incorporation.

These provisions of our Certificate of Incorporation and the New Jersey Shareholder Protection Act and the significant voting control held by our officers and directors could discourage potential takeover attempts.

Amendment of Certificate of Incorporation and Bylaws. Our certificate of incorporation generally may be amended upon approval by the Board of Directors and the holders of a majority of the outstanding shares of our common stock. The amendment of certain provisions of our certificate of incorporation, however, requires the vote of the holders of at least 80% of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class. These include provisions relating to: preemptive rights; meetings of stockholders; advance notice of nominations and new business; the number, classification and election of directors; removal of directors; approval of business combinations; indemnification of directors and officers; and amendments to the certificate of incorporation and bylaws.

Our bylaws may be amended either by the Board of Directors, by a vote of a majority of the whole Board, or by our stockholders, by the vote of the holders of at least 80% of the voting power of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Advance Notice Provisions. Our bylaws provide that we must receive written notice of any stockholder proposal for business at an annual meeting of stockholders, or any stockholder director nomination for an annual meeting of stockholders, not less than 60 days before the anniversary date of the preceding year's annual meeting.

Transfer Agent

The transfer agent and registrar for our common stock is Registrar & Transfer Company.

SELLING SECURITYHOLDERS

The selling securityholders may include (i) Treasury, which acquired the warrant from us on January 30, 2009 in a private placement exempt from the registration requirements of the Securities Act of 1933, and (ii) any other person or persons holding shares of Series A Preferred Stock or depositary shares evidencing fractional interests in shares of Series A Preferred Stock, any portion of the warrant and any shares of our common stock issued upon exercise of the warrant, to whom Treasury has transferred its

registration rights under the terms of the securities purchase agreement between us and Treasury. Treasury is required to notify us in writing of any such transfer of its registration rights within ten days after the transfer, including the name and address of the transferee and the number and type of securities with respect to which the registration rights have been assigned. As of the date of this prospectus, Treasury has not notified us of any such transfer. Accordingly, we believe that Treasury currently holds record and beneficial ownership of the entire amount of the warrant (none of which has been exercised) covered by this prospectus.

The securities to be offered under this prospectus for the account of the selling securityholders are:

- a ten-year warrant to purchase 299,779 shares of our common stock at an exercise price of \$8.15 per share, subject to adjustment as described under “Description of Warrant”; and
- the 299,779 shares of our common stock issuable upon exercise of the warrant (subject to adjustment as described under “Description of Warrant”), which shares, if issued, would represent ownership of approximately 6.9% of the shares of our common stock outstanding as of February 25, 2009 (including the shares issuable upon exercise of the warrant in total shares outstanding).

For purposes of this prospectus, we have assumed that, after completion of the offering, none of the securities covered by this prospectus will be held by the selling securityholders.

We do not know when or in what amounts the selling securityholders may offer the securities for sale. The selling securityholders might not sell any or all of the securities offered by this prospectus. Because the selling securityholders may offer all or some of the securities pursuant to this offering, and because, to our knowledge, no sale of any of the securities is currently subject to any agreements, arrangements or understandings, we cannot estimate the number of the securities that will be held by the selling securityholders after completion of the offering.

The only potential selling securityholder whose identity we are currently aware of is Treasury. Other than with respect to Treasury’s acquisition of the Series A Preferred Stock and warrant from us, Treasury has not had a material relationship with us.

Information about the selling securityholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary.

PLAN OF DISTRIBUTION

The selling securityholders may sell all or a portion of the securities beneficially owned by them and offered by this prospectus from time to time directly or through one or more underwriters, broker-dealers or agents. If securities are sold through underwriters or broker-dealers, the selling securityholders will be responsible for underwriting discounts or commissions or agent’s commissions. The securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions. The selling securityholders may use any one or more of the following methods when selling shares:

Edgar Filing: PARKE BANCORP, INC. - Form S-3

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing of options, whether such options are listed on an options exchange or otherwise;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- broker-dealers may agree with the selling securityholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling securityholders may also sell securities under Rule 144 under the Securities Act of 1933, if available, rather than under this prospectus.

Broker-dealers engaged by the selling securityholders may arrange for other brokers-dealers to participate in sales. If the selling securityholders effect such transactions by selling securities to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling securityholders or commissions from purchasers of the securities for whom they may act as agent or to whom they may sell as principal. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent will be in amounts to be negotiated, which are not expected to be in excess of those customary in the types of transactions involved.

Edgar Filing: PARKE BANCORP, INC. - Form S-3

In connection with sales of securities, the selling securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging in positions they assume. The selling securityholders may also sell securities short and if such short sale shall take place after the date that the registration statement of which this prospectus is a part is declared effective by the Securities and Exchange Commission, the selling securityholders may deliver securities covered by this prospectus to close out short positions and to return

borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge securities to broker-dealers that in turn may sell such shares. The selling securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling securityholders may pledge or grant a security interest in some or all of the securities owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the securities from time to time pursuant to this prospectus or any amendment or supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, amending, if necessary, the identification of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus. The selling securityholders also may transfer and donate the securities in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling securityholders and any broker-dealer participating in the distribution of the securities may be deemed to be “underwriters” within the meaning of the Securities Act of 1933, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act of 1933. At the time a particular offering of securities is made, a prospectus supplement, if required, will be distributed which will set forth (i) the name of each such selling securityholder and of the participating broker-dealer(s), (ii) the number of securities involved, (iii) the price at which such securities were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, and (v) any other facts material to the transaction.

The aggregate proceeds to the selling securityholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

Under the securities laws of some states, the securities covered by this prospectus may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any selling securityholder will sell any or all of the securities registered pursuant to the registration statement of which this prospectus forms a part.

If a selling securityholder uses this prospectus for any sale of securities, it will be subject to the prospectus delivery requirements of the Securities Act of 1933. The selling securityholders and any other person participating in such distribution will be subject to applicable provisions of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, including, without limitation, Regulation M under the Exchange Act, which may limit the timing of purchases and sales of any of the securities by the selling securityholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of securities to engage in market-making activities with respect to such securities. All of the foregoing may affect the marketability of the securities covered by this prospectus and the ability of any person or entity to engage in market-making activities with respect to such securities.

Pursuant to the securities purchase agreement between us and Treasury, we will pay substantially all expenses of the registration of the securities covered by this prospectus, including, without limitation,

SEC filing fees and expenses of compliance with state securities or "blue sky" laws *provided, however*, that a selling securityholder will pay all underwriting discounts and selling commissions, if any. We will indemnify the selling securityholders against liabilities, including some liabilities under the Securities Act of 1933, in accordance with the securities purchase agreement between us and Treasury, or the selling securityholders will be entitled to contribution. We have agreed under the securities purchase agreement between us and Treasury to cause such of our directors and senior executive officers to execute customary lock-up agreements in such form and for such time period up to 90 days as may be requested by a managing underwriter with respect to an underwritten offering of securities covered by this prospectus.

LEGAL MATTERS

The validity of the securities offered by this prospectus has been passed upon for us by Malizia Spidi & Fisch, PC, Washington, D.C.

| Registration fee under the Securities Act | \$ 136 |
| Legal fees and expenses* | \$ 50,000 |
| Accounting fees and expenses* | \$ 6,000 |
| Printing and other miscellaneous fees and expenses* | \$ 10,000 |
| Total | \$ 66,136 |

* Estimated solely for the purpose of this Item. Actual expenses may be more or less.

Item 15. Indemnification of Officers and Directors

The Registrant has authority under the New Jersey Business Corporation Act to indemnify its directors and officers to the extent provided in such statute. The Registrant's certificate of incorporation provides that the Registrant shall indemnify its executive officers and directors to the fullest extent permitted by law either now or hereafter. In general, New Jersey law permits a New Jersey corporation to indemnify its directors, officers, employees and agents, and persons serving at the corporation's request in such capacities for another enterprise against liabilities arising from conduct that such persons reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful.

The provisions of the New Jersey Business Corporation Act that authorize indemnification do not eliminate the duty of care of a director and, in appropriate circumstances, equitable remedies such as injunctive or other forms of nonmonetary relief will remain available under New Jersey law. In addition, each director will continue to be subject to liability for (a) violations of the criminal law, unless the director had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful, (b) deriving an improper personal benefit from a transaction, (c) voting for or assenting to an unlawful distribution, and (d) willful misconduct or a conscious disregard for the best interests of the Registrant in a proceeding by or in the right of the Registrant to procure a judgment in its favor or in a proceeding by or in the right of a shareholder. The statute does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

At present, there is no pending litigation or proceeding involving a director or officer of the Registrant as to which indemnification is being sought from the Registrant, nor is the Registrant aware of any threatened litigation that may result in claims for indemnification from the Registrant by any officer or director.

II-1

Edgar Filing: PARKE BANCORP, INC. - Form S-3

The certificate of incorporation of the Registrant requires indemnification of directors, officers and employees to the fullest extent permitted by New Jersey law.

Further, the Registrant may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the Registrant or is or was serving at the request of the Registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the Registrant would have the power to indemnify him against such liability under the provisions of the certificate of incorporation.

Item 17. Undertakings

The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that Paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed

Edgar Filing: PARKE BANCORP, INC. - Form S-3

incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned Registrant undertakes that in a primary offering of securities of an undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of an undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized in the City of Sewell, State of New Jersey, on the 2nd day of March 2009.
