TheraSense, Inc., et al. entered into a memorandum of understanding in which they agreed upon the terms of a settlement of the litigation, which would include the dismissal with prejudice of all claims against all the defendants, including TheraSense and its directors. The proposed settlement is conditional upon, among other things, the execution of an appropriate Stipulation of Settlement, consummation of the merger under which TheraSense will be acquired by Abbott Laboratories and final approval of the proposed settlement by the Alameda County Superior Court. The proposed settlement contemplates that plaintiff's lead counsel will apply to the court for an award of attorneys' fees and costs in an amount of \$785,000. These attorneys' fees and costs will not be deducted from the merger consideration paid to TheraSense stockholders in connection with the acquisition by Abbott.

In addition, in connection with the proposed settlement, TheraSense and Abbott have amended the Agreement and Plan of Merger dated as of January 12, 2004, among Abbott, Corvette Acquisition Corp. and TheraSense. The amendment reduces the termination fee payable from TheraSense to Abbott under the merger agreement from

In addition, as part of the proposed settlement, TheraSense acknowledged that it had clarified certain disclosures in the proxy statement dated March 1, 2004, due to the institution of the lawsuit, which clarifications were included in the proxy statement when it was first sent to TheraSense's stockholders.
