### EXHIBITS

#### Exhibit 99.1

-----  
Press release issued July 23, 2005 in which the Registrant clarifies certain information contained in the July 18, 2005 press release that incorrectly reported the FAT deposit resource at the Courageous Lake project as a historic estimate and aggregated the resources for the Registrant's eight North American gold projects. The Registrant has been advised that it cannot aggregate resources for the projects because the resource estimates are for separate and discrete projects and estimates for two of the projects are historical estimates. Therefore, the Registrant retracted the aggregate mineral resources for its project stated in the July 18, 2005 news release. An independent Preliminary Assessment study by Hatch Inc. to estimate the project's capital and operating costs to prefeasibility levels is expected to be completed at the end of August.

#### Exhibit 99.2

-----  
Press release issued July 25, 2005 in which the Registrant announced that Falconbridge Limited (formerly Noranda Inc.) commenced drilling at Seabridge's 100% owned Kerr-Sulphurets Property, subject to earn-in rights of up to 65%. Falconbridge identified Iron Cap Zone, Main Copper Zone, Mitchell North Zone and MacQuillan Zone as the four priority targets that will be drill tested during the current program.
