(1) Non-qualified options to acquire shares of Class B Common Stock of the Company were granted on December 5, 2000 at 100% of the fair market value of the Class B Common Stock on the date of grant. No portion of the option is exercisable before the third anniversary of the date of grant; on the third anniversary of the date of grant the option becomes fully exercisable. The exercise price of an option may be paid in cash or in shares of either the Company's Class A Common Stock or Class B Common Stock, or a combination thereof. The 1973 Plan provides for the acceleration of all options (other than incentive stock options granted on or after January 1, 1987) in the event of a "Change of Control" as defined in the 1973 Plan. In the event of a Change of Control (other than a Change of Control that would be ineligible for pooling-of-interests accounting if the following cashout right were to be exercised), all participants who are officers, and any other participants who are designated by the Compensation Committee, would have the right to surrender their then exercisable options, including those accelerated within the thirty-day period following the Change of Control and to receive in cash the amount by which the highest closing price within the sixty days preceding the Change of Control of the common stock underlying the option exceeds the option price for such common stock.

(2) The potential realizable value illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their ten-year term, assuming the specified compounded rates of appreciation on the Company's Class B Common Stock over the term of the options. These numbers do not take into account provisions of the options providing for cancellation of the option following termination of employment, nontransferability, or the vesting provisions described in footnote (1) above.

Pension benefits are earned under both the Basic Plan and the SERP. The annual benefits under the Basic Plan are calculated as 1.50% of final compensation per year of total Company service, which includes both basic compensation and bonuses, reduced by 1.50% of primary social security benefit per year of service. SERP benefits are calculated as 6% of final total compensation (basic compensation and bonuses as reflected in the Salary and Bonus columns under the Summary Compensation Table on page 8 hereof) per year of SERP service up to a maximum of 60%, offset by benefits payable under the Basic Plan. Except as otherwise provided for certain SERP participants who have entered into Continuity Agreements with the Company (as referred to below, in Continuity Agreements, Severance Policy, and Change of Control Provisions) no SERP benefit is payable if a participant terminates employment prior to age 55 with less than 10 years of SERP service. The following table illustrates annual pension benefits pursuant to the SERP (which is greater in each instance than benefits payable under the Basic Plan) under the joint and survivor annuity form upon retirement at age 65 to executive officers in the specified salary classifications:

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The total direct compensation package for the Company's executives is made up of three elements: base salary, a short-term incentive program in the form of a discretionary, performance-based bonus, and long-term incentive program in the form of stock options.

Total direct compensation for the Chief Executive Officer and the four highest paid executive officers is based on the performance of the Company. The Compensation Committee also reviews compensation data provided by outside consultants. This data is provided for each element of the total direct compensation package for comparable positions within (i) companies in our industry of similar size, and (ii) companies in general industry of comparable size and complexity.

The Compensation Committee believes that companies in our industry of similar size provide limited comparison data and the use of a broader database, including companies from general industry, ensure more accurate comparisons and results.

Base salaries are determined by competitive data and individual levels of responsibility. Target levels for bonuses and stock options for each executive position are determined by competitive data; however, actual bonuses paid and the number of stock options granted each executive are based upon the achievement of Company financial plan goals which include factors such as net sales, net income, and earnings per share.

In the past few years, the Company has adopted a more aggressive incentive-pay-for-performance posture. During this period, the competitive position, or emphasis, on base salaries has been lowered. Bonus and stock option opportunities thereby represent a greater portion in the total direct compensation package, enhancing the Company's goal of linking pay more directly to financial performance.

While these comments are directed towards compensation for the Chief Executive Officer and the four other highest paid executive officers, the Compensation Committee employs similar procedures to determine the compensation levels of other executives as well.

#### BASE SALARY

The Company defines its market competitive position for base salaries as the 50th percentile. This represents a change over the years from a market competitive position of the 60th percentile for base salaries. To determine the salary for the Chief Executive Officer and the four highest paid executive officers, the Compensation Committee reviewed projected year 2000 salary data for companies within our industry and companies of comparable size and complexity. Based upon this data, base salaries were established to approximate the 50th percentile for comparable positions in companies both within our industry and companies from general industry. For year 2000, the base salaries of the Chief Executive Officer and the four other highest paid executive officers increased over the prior year.

### BONUS

Bonuses are paid pursuant to the Company's short-term incentive compensation plan and the Senior Executive Plan. Under the incentive compensation plan, 5% of the amount by which the Company's consolidated earnings, as defined in the plan, for each fiscal year exceeds 10% of the invested capital and long-term debt at the beginning of such fiscal year is allocated to a bonus pool to be paid out to participating

12

16

employees, including the executive officers. Awards in varying amounts may be made from the pool at the discretion of the Compensation Committee. Under the Senior Executive Plan, awards may be made based on performance goals including a percentage of the bonus pool described above. Awards under the Senior Executive Plan may only be reduced by the Compensation Committee.

To establish target levels for executive officers' bonus awards, the Compensation Committee uses data provided by outside consultants for comparable positions at companies within our industry and companies from general industry with comparable performance characteristics such as return on net sales and return on equity.

In determining the year 2000 bonus award for each executive officer, the Compensation Committee's primary focus was the review of the year 2000 business plan with regard to net sales, pre-tax profit, and earnings per share, compared to actual results. The Compensation Committee recognized the success the Company has had in achieving non-financial goals in the Company's acquisition and restructuring programs, and in making strategic plan decisions, which are expected to result in long-term growth and benefit the shareholders. As noted, however, the Compensation Committee gave greater consideration to short-term results. The Company, while improving earnings per share, fell short in achieving all of year 2000's financial objectives and, as a result, the year 2000 bonuses of the executive officers, including the Chief Executive Officer, were below target levels.

For the year 2000, the Compensation Committee had designated Mr. Ratcliffe as the sole participant in the Senior Executive Plan and established his objective performance goal by designating that a percentage of the short-term incentive compensation plan pool be paid to Mr. Ratcliffe. The Compensation Committee exercised its discretion pursuant to the Senior Executive Plan to award Mr. Ratcliffe a bonus of \$627,000.

### STOCK OPTIONS

The Compensation Committee believes that the holding of Company stock represents a unity of interest between executives and shareholders. In determining target levels for stock option grants for each senior executive, the Compensation Committee reviews data provided by an outside consultant. The data provided is on comparable position pay levels at companies of comparable size in financial performance and complexity. The actual number of stock option grants for each executive officer is based upon the financial performance of the Company, both in the short- and long-term. The Compensation Committee reviewed year 2000 net sales, pre-tax profit and earnings per share. The Compensation Committee also reviewed long-term strategic plans which will position the Company for greater growth. In determining awards of stock option grants, the Compensation Committee does not consider the executive officer's unexercised stock option grants.

In considering levels of stock option grants for the five highest paid executive officers, the primary focus was to link the executives' long-term

## Edgar Filing: HUBBELL INC - Form DEF 14A

compensation to the success of the Company's long-term strategic plans. The Compensation Committee recognized that while short-term financial goals have not been met, the Company has positioned itself for long-term growth which will benefit shareholders. As a result, the number of shares awarded under the year 2000 stock option grants to certain of the executive officers, including the Chief Executive Officer, increased over the prior year's level.

### GENERAL MATTERS

Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code") limits to \$1 million annually the amount that can be deducted by a publicly held corporation for compensation paid to any of its

13

17

top five executives (as indicated in the Summary Compensation Table for that year), unless the compensation in excess of \$1 million is performance based or meets certain other conditions. The Company has qualified the 1973 Plan as a performance based plan with respect to grants of options made at fair market value, and adopted the Senior Executive Plan, payments under which are intended to qualify as performance based compensation, but decided not to amend the Company's short-term incentive compensation plan.

The Compensation Committee believes that the total direct compensation package consisting of base salary, bonus, and stock options, is appropriate for the Company's executive officers and other executives, on the basis of competitive practice, along with the Company's performance against established short- and long-term financial performance goals.

### CORPORATE PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on the Company's Class B Common Stock during the five fiscal years ended December 31, 2000 with a cumulative total return on the (i) Standard & Poor's MidCap 400 ("S&P MidCap"), and (ii) Hubbell Self-Constructed Peer Group Index ("HI Peer Group"). The comparison assumes \$100 was invested on January 1, 1996 in the Company's Class B Common Stock and in each of the foregoing indices and assumes reinvestment of dividends.

The HI Peer Group consists of corporations whose businesses are representative of the Company's business segments and, therefore, serves as a base for comparing total return to shareholders. The companies that comprise the HI Peer Group are (a) Cooper Industries, Inc., (b) Emerson Electric Co., (c) Thomas & Betts Corporation, (d) National Service Industries, Inc., and (e) Woodhead Industries, Inc. The HI Peer Group has been weighted in accordance with each corporation's market capitalization (closing stock price multiplied by the number of shares outstanding) as of the beginning of each of the five years covered by the performance graph. The weighted return for each year was calculated by assuming the products obtained by multiplying (a) the percentage that each corporation's market capitalization represents of the total market capitalization for all corporations in the index for each such year by (b) the total shareholder return for that corporation for such year.

#### EMPLOYMENT AGREEMENTS

The Company had agreed to employ Mr. Ratcliffe for a three-year period and Mr. Rowell for a two-year period at the respective salaries (effective January 1, 2001) of \$760,000 and \$416,000 per annum. The Agreements are automatically extended on a daily basis until notice of termination is given. In 1998, the Company gave notice under the Agreement to Mr. Ratcliffe that his employment agreement would terminate on May 15, 2001, and in the year 2000, the Company gave notice under the Agreement to Mr. Rowell that his employment agreement would terminate on July 7, 2002. The Company may increase their salary and grant them bonuses (which they presently receive by participation in the Company's incentive compensation plans described above). If their employment is terminated (other than for cause), or if the Executive terminates his employment for any of the reasons below, he is entitled to receive the present value (discounted at 120% of the short term federal rate) of the amounts which would be received over the remainder of the term of the Agreement if he received during that period an annual amount equal to the sum of (i) his current base salary and (ii) the average of the most recent bonuses that he received for the three prior fiscal years of the Company. The reasons for which the Executive may terminate his employment include: diminution in his authority (Mr. Ratcliffe), reduction in his compensation level or failure to increase his compensation

15

19

commensurate with other senior executive officers, relocation or adverse modification of his benefits under bonus, benefit or other similar plans or of fringe benefits. In the event of his disability or death during the term of the Agreement he or his estate will be entitled to his per annum base salary for the remainder of the term of the Agreement less certain offsets. In addition, in the event of the Executive's discharge other than for cause or, if the Executive terminates his employment for any of the reasons described above, Executive would be entitled for the remainder of the employment term to (i) various medical and health plans, (ii) death and accidental death benefits, (iii) office, secretarial and other benefits afforded to senior executives and (iv) continued participation in the SERP.

#### CONTINUITY AGREEMENTS, SEVERANCE POLICY AND CHANGE OF CONTROL PROVISIONS

Continuity Agreements. The Company has entered into agreements (the "Continuity Agreements") with the executive officers named in the Summary Compensation Table providing severance benefits in the event of a termination of employment in the circumstances described below following certain "change in

## Edgar Filing: HUBBELL INC - Form DEF 14A

control" events, as defined in the Continuity Agreements. The Continuity Agreements were effective as of December 27, 1999 and remain in effect through December 27, 2001. Thereafter, the Continuity Agreements automatically extend for additional one-year periods unless notice is given to the contrary by the Company at least 180 days prior to the renewal date. Unless previously terminated as described above, in the event of any change in control, the Continuity Agreements will remain in effect until the second anniversary thereof.

Severance benefits under the Continuity Agreements become payable in the event that, following (or, in certain circumstances, in anticipation of) a change in control, the executive is terminated without "cause" (generally defined to include (a) continued and willful failure to perform the executive's duties after receipt of a written demand to perform, (b) gross misconduct materially and demonstrably injurious to the Company and (c) conviction of, or plea of nolo contendere to, a felony) or the executive terminates employment for "good reason" (generally defined to include (a) material and adverse changes in the executive's duties and responsibilities, (b) reduction in cash compensation or failure to annually increase base salary, (c) relocation of the executive's workplace and (d) any election by the executive to terminate employment during a thirty-day period following the first anniversary of the change in control or, in the case of Mr. Ratcliffe, attainment of age 65, if earlier). The benefits payable under the agreements include (i) a lump sum amount equal to three times the sum of the executive's annual base salary and annual bonus (as calculated under the Continuity Agreements), (ii) continuation of certain of the executive's perquisites for a period of 36 months after termination (or, in the case of Mr. Ratcliffe, a lump sum payment equal to 105% of his annual base salary in lieu of such continuation), (iii) a pro-rated portion of the executive's annual target bonus for the year in which termination occurs, (iv) enhanced benefits under the Company's SERP, (v) outplacement services at a cost to the Company not exceeding 15% of the executive's annual base salary, (vi) medical, dental and life insurance coverage for up to 36 months after termination, and (vii) all other accrued or vested benefits to which the executive is entitled under benefit plans in which the executive is participating (offset by any corresponding benefits under the Continuity Agreements). In addition, the executive is entitled to a gross-up payment from the Company to cover any excise taxes (and any income taxes on the gross-up amount) imposed on these severance payments and benefits as a result of their being paid and provided in connection with a change in control, unless the total value of such payments and benefits is less than \$50,000 higher than the greatest amount which could be paid without being subject to excise taxes (in which event such payments and benefits will be reduced by the amount of the excess). The Continuity Agreements do not affect the rights

16

20

of an executive under any employment agreement to which the executive may be a party immediately prior to a change in control (including the agreements referred to above under "Employment Agreements"), but payment of benefits thereunder will reduce any corresponding benefit under an executive's Continuity Agreement.

**Severance Policy and Change of Control Provisions.** The Company has a severance policy which covers corporate officers (other than Messrs. Ratcliffe and Rowell) and other individuals. The policy provides that if an eligible individual's employment is terminated (other than for cause), or if the eligible individual terminates his employment for any of the reasons noted below within three years after the occurrence of certain "Change of Control" events, he is entitled to receive the present value (discounted at 120% of the short term federal rate) of the severance amounts provided under the policy. The formula in the case of corporate officers is based upon eight weeks of base salary continuation for each full year of service, subject to a minimum of 26 weeks and

## Edgar Filing: HUBBELL INC - Form DEF 14A

a maximum of 104 weeks, with the formula amount reduced to 67% and 33% thereof, respectively, if termination occurs in the second and third year following the Change of Control event. In addition, upon such termination of employment, the eligible individual would be entitled to (a) a bonus of no less than his target bonus for the year in which the Change of Control occurs, pro rated for the number of months to such termination, and (b) for the period the base salary would have been continued even though paid as a lump sum (i) various medical and health plans, and (ii) death and accidental death benefits. The reasons for which the eligible individual may terminate his employment include: diminution in his authority, reduction in his compensation level, relocation or adverse modification of his benefits under bonus, benefit or similar plans.

The 1973 Plan provides for the acceleration of all options (other than incentive stock options granted on or after January 1, 1987) in the event of a "Change of Control" as defined in the 1973 Plan, except that, in the event of a Change of Control where the cash out of an eligible option would cause the Change of Control transaction to be ineligible for pooling-of-interests accounting under APB No. 16, no cash out will occur. (See footnote (1) to the table captioned "Options/SAR Grants During 2000 Fiscal Year.") In the event that a 1973 Plan participant retires (whether or not a Change of Control has occurred) with the consent of the Company, the Compensation Committee may, in its discretion, extend the exercise period of the participant's exercisable option to the date on which the option would expire in the event that the participant had continued to be employed by the Company.

Certain provisions of the SERP do not take effect until the occurrence of certain "Change of Control" events. Among others, provisions in the SERP providing for (i) the suspension, reduction or termination of benefits in cases of gross misconduct by a participant (as determined in the sole discretion of the Compensation Committee); (ii) the forfeiture of benefits if a retired participant engages in certain proscribed competitive activities; (iii) the reduction in benefits upon the early retirement of a participant; and (iv) the off-set of amounts which a participant may then owe the Company against amounts then owing the participant under the SERP, are automatically deleted upon the occurrence of a Change of Control event. In addition, neither a participant's years of service with the Company (as calculated for the purpose of determining eligibility for benefits under the SERP), nor benefits accrued under the SERP prior to the Change of Control event, may be reduced after the occurrence of a Change of Control event. If a participant's employment is terminated after a Change of Control, unless the participant elects to receive a distribution of benefits under the SERP in installment payments, the participant will receive payment of his benefits in one lump sum

17

21

(utilizing actuarial assumptions established in the SERP) within 10 days after termination. The SERP requires the Company, upon a Change of Control, to establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments to participants.

### COMPENSATION OF DIRECTORS

Each Director receives \$40,000 (plus an additional \$3,000 for serving as a committee chairman) per year compensation from the Company plus \$1,500 for each board and board committee meeting attended, together with the expenses, if any, of such attendance. Directors also receive \$1,500 for each rendition of consulting services otherwise than as part of a board or committee meeting. No such consulting services were rendered during 2000. The Company and all current Directors (other than Mr. Ratcliffe) have entered into an agreement to defer receipt of all or a portion of such fees pursuant to a deferred compensation agreement providing for payment of the fees in stock units (each stock unit

## Edgar Filing: HUBBELL INC - Form DEF 14A

consisting of one share each of the Company's Class A Common Stock and Class B Common Stock), subject to certain terms and conditions of the Deferred Compensation Plan under which the fees are deferred, upon their termination of service as Directors of the Company. Dividend equivalents are paid on the stock units and are converted into additional stock units. Certain provisions of the deferred compensation program do not take effect until the occurrence of certain "Change of Control" events, as defined in the plan. After the occurrence of a Change of Control event, the plan may not be amended without the prior written consent of an affected participant and no termination of the plan shall have the effect of reducing any benefits accrued under the plan prior to such termination. Further, in the event of a Change of Control, any stock unit credited to a Director's account shall be immediately converted into a right to receive cash and shall thereafter be treated in all respects as part of such Director's cash account, except that, in the event of a Change of Control in which the cash out of an eligible stock unit would cause the Change of Control transaction to be ineligible for pooling-of-interests accounting under APB No. 16, no cash out will occur and the stock unit will instead be paid in shares of stock of the entity resulting from the transaction as soon as permitted under the applicable securities laws and accounting rules. Following a Change of Control, unless a Director has already confirmed his election to receive installment payments, the cash account will be paid out in one lump sum on the earlier to occur of (x) the 30th day after the date the Director retires or otherwise separates from service with the Board, if such retirement or separation occurs after January 1 but before November 1 of any calendar year and (y) the January 1 of the year following the Director's retirement or separation from service. In addition, in the event that any Directors confirm their elections to receive payment of their cash and/or stock unit accounts in installment payments, the Company will establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments, after a Change of Control, to any Directors who elect to receive installment payments.

The Company also has a retirement plan for Directors who are not employees or officers of the Company and who do not qualify to receive a retirement benefit under any pension plan of the Company or its subsidiaries ("Eligible Directors"). Under this plan, an Eligible Director retiring at or after age 70 with at least ten years of service as a Director is paid annually for life an amount equal to (i) his Base Retainer (as defined below), (ii) an additional 10% of the Base Retainer, and (iii) any additional amounts paid for service as Committee Chairman. A retiring Eligible Director who had reached age 70 and had served for at least five but less than ten years as a Director would be entitled to a reduced amount equal to 50% of his Base Retainer, plus 10% of such Base Retainer for each year of service beyond five years up to a maximum of nine years. An

18

22

Eligible Director who retires prior to age 70 with five or more years of service as a Director receives a retirement benefit commencing at age 70 calculated as described above on the basis of his Base Retainer in effect during the calendar year immediately preceding his actual retirement date. The plan also provides that a Director who was a retiree of the Company whether or not qualified for a retirement benefit under any pension plan of the Company but who had at least five years of service as a Director subsequent to such retirement is entitled to a retirement benefit under the plan at a reduced amount equal to 25% of the Base Retainer. Except as otherwise provided in the event of a Change of Control, benefits payable under this plan are not funded but are paid out of the general funds of the Company. Director contributions to this plan are not permitted. Certain provisions of the retirement plan do not take effect until the occurrence of certain "Change of Control" events, as defined in the plan. Among others, provisions in the plan providing for (i) the suspension, reduction or termination of benefits in cases of gross misconduct by a participant (as

## Edgar Filing: HUBBELL INC - Form DEF 14A

determined in the sole discretion of the Compensation Committee); and (ii) the forfeiture of benefits if a retired participant engages in certain proscribed competitive activities, are automatically deleted upon the occurrence of a Change of Control event. In addition, in the event of a Change of Control, if thereafter a Director retires or otherwise separates from service with the Board (or already has), unless the Director otherwise elects to receive installment payments, the Director's benefit payable under the retirement plan will be paid out in one lump sum (utilizing actuarial assumptions established in the plan) on the 30th day after the later to occur of (x) the date the Change of Control is consummated and (y) the date the Director retires or otherwise separates from service. For purposes of the plan, the term "Base Retainer" is defined as the annual retainer in effect during the calendar year immediately preceding the year in which the Director retires. The plan requires the Company to establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments, after a Change of Control, to any Directors who elect to receive installment payments.

### PROPOSAL TO APPROVE THE COMPANY'S 1973 STOCK OPTION PLAN, AS AMENDED

At its meeting held on March 5, 2001, the Board of Directors of the Company approved and recommended that the Company's shareholders approve an amendment to the 1973 Plan to increase by 2,300,000 shares of Class B Common Stock the number of authorized but unissued shares of the Company set aside for issuance as needed in the continued operation of the 1973 Plan. This amendment is deemed advisable by the Board of Directors in order to provide a sufficient number of shares for future grants. The 1973 Plan, as amended, is being presented to the shareholders for approval. The following is a description of the principal provisions of the 1973 Plan.

**Increase in Number of Shares Issuable Under the Plan.** The 1973 Plan currently provides for the issuance of a maximum of 3,600,000 shares of Class A Common Stock and 15,145,670 shares of Class B Common Stock. As of March 9, 2001, there were available for grant pursuant to the 1973 Plan options to purchase 1,644,398 shares of Class B Common Stock. In order to have a sufficient number of shares of Class B Common Stock available for grants of future options, the proposed amendment would increase the maximum number of shares of Class B Common Stock which may be issued by 2,300,000 shares.

**Plan Administration.** The 1973 Plan is administered by the Compensation Committee consisting of at least two or more members of the Board of Directors who are each "non-employee directors" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Act"). Subject to the express provisions of the 1973 Plan, the Compensation Committee has the authority to interpret the 1973 Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective option agreements and to make all other determinations necessary or advisable for the administration of the 1973 Plan. The Compensation Committee shall contain at least two "outside directors" as defined in Section 162(m) of the Code.

**Amendment and Termination.** The Board of Directors of the Company may at any time amend, suspend or terminate the 1973 Plan, except that no amendment which would increase the maximum number of shares which may be issued shall be effective unless, within twelve months before or after the Board of Directors adopts such amendment, it is approved by the shareholders. No amendment, suspension or termination of the 1973 Plan shall, without the consent of the participant, terminate, or adversely affect the participant's rights under, any outstanding option.

## Edgar Filing: HUBBELL INC - Form DEF 14A

Eligibility. The Compensation Committee determines the particular employees within the general class of officers and key employees to whom options shall be granted. Options may not be granted to any Director who is not an officer or employee or to any member of the Compensation Committee. No incentive stock option may be granted to persons who would beneficially own, after the grant, more than 10% of the voting power of all shares of stock of the Company unless at the time any such option is granted the option price is not less than 110% of the fair market value of the underlying stock at the date of grant, and such option expires no more than five years from the date of grant. The number of shares of stock which may be issued under options granted under the 1973 Plan to any one individual in any fiscal year shall not exceed 300,000 shares, subject to adjustment as provided in the 1973 Plan.

20

24

Option Features. The option price of the stock subject to the 1973 Plan shall not be less than 100% of the fair market value of the underlying shares on the date of grant. Options may expire not more than ten years after the date of grant. Unless otherwise restricted as specified in the option grant delivered to the participant, the participant is permitted to exercise any option with respect to both Class A Common Stock and Class B Common Stock in any proportion as such participant may determine.

The 1973 Plan provides that options are exercisable immediately or in such installments as the Compensation Committee may prescribe. The Compensation Committee also is empowered, in its sole discretion, to accelerate the exercisability of any option at any time.

With respect to incentive stock options granted after December 31, 1986, the aggregate fair market value (determined at the time the option is granted) of the stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under all such plans of the individual's employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000.

Unless otherwise determined by the Compensation Committee, no option is transferable except by will or by the laws of descent and distribution, or may be exercised during the optionee's life by anyone other than the optionee.

In the event of a participant's termination of employment, including the sale of a subsidiary employing a participant (for any reason other than death, retirement with the consent of the Company or permanent disability), a participant's option expires on the earlier of the expiration date specified in the option or three months from the date of termination of employment. In the event of a participant's retirement with the consent of the Company, options continue to mature in the normal manner and are exercisable until the later of the date three years after the date of retirement or, in the event that the participant should die during such three-year period, are exercisable until the date twelve months after death; but in no event later than the end of the option exercise period specified in the option; provided, however, that in the event the participant retires with the consent of the Company, the Compensation Committee may, in its discretion, provide that the participant shall have the right to exercise his option until the end of the option exercise period specified in the option. In the case of retirement due to permanent disability, a participant's options are exercisable, to the extent exercisable at the date of such retirement, until the date twelve months after the date of such retirement or, in the event that the participant should die during such twelve-period, such participant's options are exercisable until the date twelve months after death; but in no event later than the end of the option exercise period specified in the option. If a participant's employment terminates by reason of death, such participant's options would become exercisable, to the

## Edgar Filing: HUBBELL INC - Form DEF 14A

extent exercisable on the date of death, until the date twelve months after death; but in no event later than the end of the option exercise period specified in the option.

Payment for stock must be made in full at the time that an option or any part thereof is exercised and no stock is issued until full payment therefor is made. Payment may be made in cash or by delivery to the Company of shares of either Class A Common Stock or Class B Common Stock or a combination thereof. A participant may satisfy, pursuant to such rules as may be prescribed by the Compensation Committee, any income tax withholding obligation that may be imposed in connection with the exercise of an option by the retention of shares by the Company, or the return to the Company of shares, in each case equal in fair market value to the amount of all or any portion of the withholding obligation.

21

25

The 1973 Plan provides for the acceleration of all options (other than incentive stock options granted on or after January 1, 1987) in the event of a "Change of Control" as defined in the 1973 Plan. (See footnote (1) to the table captioned "Options/SAR Grants During 2000 Fiscal Year.")

Federal Income Tax Consequences. The grant of an incentive stock option would have no immediate tax consequences to the Company or to the optionee. A holder of shares pursuant to the exercise of an incentive stock option would realize no taxable income at the time of exercise (although the exercise may cause an adjustment to alternative minimum taxable income). If the holder held his shares for at least two years from the date of grant and at least one year from the date of exercise, he would realize taxable long-term capital gain or long-term capital loss upon a subsequent sale of the shares at a price different from the option price. In the event that the optionee satisfies the holding period requirement described above, no deduction would be allowed to the Company for federal income tax purposes in connection with the grant or exercise of the option or the sale of shares acquired pursuant to such exercise.

If, however, the optionee disposes of the shares within the period described above (a "disqualifying disposition"), the optionee will generally recognize ordinary income (and the Company will be entitled to a deduction) at the time of disposition equal to the excess over the exercise price of the lesser of (a) the fair market value of the shares acquired on the date of exercise, or (b) the amount realized upon the disposition. Any excess of the amount realized upon such disposition over the fair market value at the date of exercise will be short-term or long-term capital gain, depending on the holding period.

The grant of a stock option other than an incentive stock option (a "non-qualified stock option") would have no immediate tax consequences to the Company or to the optionee. Upon the exercise of such option the optionee will be treated as receiving compensation taxable as ordinary income in an amount equal to the excess of the fair market value of the shares at the time of exercise by the optionee over the option price. This excess will also constitute wages subject to the withholding of income tax. The amount treated as compensation taxable as ordinary income may be claimed as a deduction by the Company at the same time as the optionee is treated as realizing compensation.

The affirmative vote of a majority of the votes cast by the holders of the outstanding shares of the Class A Common Stock and Class B Common Stock, all voting as a single class (provided that holders of shares representing a majority of the votes entitled to be cast actually cast votes) is required to adopt the 1973 Plan, as amended. Abstentions and broker non-votes will not affect the voting results although they will have the practical effect of

## Edgar Filing: HUBBELL INC - Form DEF 14A

reducing the likelihood that shares representing a majority of the votes entitled to be cast will in fact be cast.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" APPROVAL OF THE 1973 PLAN, AS AMENDED.

### PROPOSAL TO REAPPROVE THE COMPANY'S SENIOR EXECUTIVE INCENTIVE COMPENSATION PLAN

The Company's Senior Executive Plan was first adopted by the Company's Board of Directors in December, 1995 and approved by the shareholders in May, 1996. There have been no changes to the Senior Executive Plan since its initial adoption by the Board of Directors and approval by the shareholders in 1996. One condition which must be met for continued deductibility of compensation is the requirement that a plan under which such compensation is paid be reapproved by the shareholders every five years. The purpose of the

22

26

Senior Executive Plan is to provide incentive compensation to executive officers of the Company and its subsidiaries who have contributed effectively to the success of the Company by their ability, industry, loyalty or exceptional services and to encourage continuance of their services with the Company by a form of recognition of their efforts in contributing significantly to the success and growth of the Company in the preceding fiscal year. It is intended that awards under the Senior Executive Plan based solely on the achievement of objective performance goals will be treated as performance based compensation within the meaning of Section 162(m) of the Code that will qualify for exclusion under the \$1 million limitation on deductibility of executive compensation. The following is a summary of the principal provisions of the Senior Executive Plan.

**Plan Administration.** The Senior Executive Plan is administered by the Compensation Committee comprised of members of the Board of Directors who are "outside directors" within the meaning of Section 162(m) of the Code and who are not eligible to participate in or to receive any benefits pursuant to the Senior Executive Plan.

**Eligibility and Participation.** The persons eligible to participate in the senior executive plan are those senior executive officers who are, or, as determined in the discretion of the Compensation Committee, may become "covered employees" (as defined in Section 162(m) of the Code) of the Company for the applicable taxable year of the Company.

**Determination of Incentive Payments.** The Compensation Committee establishes by March 30 of each calendar year the objective performance goals for that year and shall determine the method by which a participant's incentive payments shall be calculated for that year based on the attainment of such performance goals. Such method may include determining a participant's incentive payments by allocating to the participant a designated percentage of the incentive compensation fund established each year under the Company's short-term incentive compensation plan (described above). Other methods may include performance goals based on stock price, market share, sales, earnings per share, return on equity, or costs. The bonus paid to any participant for any year cannot exceed \$1.5 million, and the Compensation Committee may reduce, but may not increase, the incentive payment to a participant to reflect individual performance and/or unanticipated factors. Awards under the Senior Executive Plan will be paid in cash as soon as practicable (but not later than six months) after the close of the fiscal year.

**Amendment and Termination.** The Board of Directors of the Company may from time to time amend, suspend or terminate any or all of the provisions of the Senior Executive Plan, provided that (i) no such action shall affect the rights of any

## Edgar Filing: HUBBELL INC - Form DEF 14A

participant or the operation of the senior executive plan with respect to any payment to which a participant may have become entitled prior to the effective date of such action, and (ii) no amendment that requires shareholder approval in order for incentive payments to be deductible under the Code may be made without approval of the shareholders of the Company.

Subject to shareholder reapproval of the Senior Executive Plan, for the year commencing January 1, 2001, the Compensation Committee has (a) designated Mr. Ratcliffe as the sole participant in the Senior Executive Plan, (b) established the objective performance goal for Mr. Ratcliffe by designating that, subject to the terms of the Senior Executive Plan, 15% of the incentive compensation fund pool established under the Company's short-term incentive compensation plan be paid to Mr. Ratcliffe, and (c) determined that no

23

27

adjustments in calculating said incentive compensation fund pool would be made other than those allowed by Section 162(m) of the Code.

The affirmative vote of a majority of the votes cast by the holders of the outstanding shares of the Class A Common Stock and Class B Common Stock, all voting as a single class, is required to reapprove the Senior Executive Plan. Abstentions and broker non-votes will not be counted as votes cast. The Board of Directors believes that the reapproval of the Senior Executive Plan is in the best interests of the Company since it will maintain the Company's ability to deduct this performance-based compensation under Section 162(m) of the Code.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE REAPPROVAL OF THE HUBBELL INCORPORATED SENIOR EXECUTIVE INCENTIVE COMPENSATION PLAN.

### RATIFICATION OF THE SELECTION OF AND RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

#### GENERAL

The selection of independent accountants to examine the financial statements of the Company made available or transmitted to shareholders and filed with the SEC for the year 2001 is to be submitted to the meeting for ratification or rejection. PricewaterhouseCoopers LLP, 300 Atlantic Street, Stamford, Connecticut, has been selected by the Board of Directors of the Company to examine such financial statements.

PricewaterhouseCoopers LLP have been independent accountants of the Company for many years. The Company has been advised that a representative of PricewaterhouseCoopers LLP will attend the Annual Meeting to respond to appropriate questions and will be afforded the opportunity to make a statement if the representative so desires.

The aggregate fees billed for professional services provided by PricewaterhouseCoopers LLP to the Company and its subsidiaries for the year ended December 31, 2000, were as follows:

- Audit Fees -- \$643,400
- Financial Information Systems Design and Implementation Fees -- \$0
- All Other Fees -- \$275,200

## Edgar Filing: HUBBELL INC - Form DEF 14A

The Audit Committee considered whether the rendering of non-audit services by PricewaterhouseCoopers LLP to the Company is compatible with maintaining their independence.

If the proposal to ratify the selection of PricewaterhouseCoopers LLP is not approved by the shareholders, or if prior to the 2002 Annual Meeting, PricewaterhouseCoopers LLP declines to act or otherwise becomes incapable of acting, or if its employment is discontinued by the Board of Directors, then the Board of Directors will appoint other independent accountants whose employment for any period subsequent to the 2002 Annual Meeting will be subject to ratification by the shareholders at that meeting.

### AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of independent Directors functioning in accordance with a written charter (the "Charter") adopted and approved by the Board of Directors in May, 2000. A copy of the Charter is attached to this proxy statement as Exhibit A. As provided in the Charter, the Audit Committee assists the Company's Directors in fulfilling their responsibilities relating to corporate accounting, the quality and integrity of the Company's financial reports, and the Company's reporting practices. The functions of the Audit Committee are further described elsewhere in this proxy statement (see page 6 hereof.)

25

29

In connection with the discharge of its responsibilities, the Audit Committee has taken a number of actions, including, but not limited to, the following:

- the Audit Committee reviewed and discussed with management and the independent accountants the Company's audited financial statements;
- the Audit Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees); and
- the Audit Committee received from the independent accountants the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed their independence with them and satisfied itself as to the independence of the independent accountants.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 for filing with the SEC.

Unless otherwise directed, the persons named in the accompanying form of proxy intend to vote all proxies received by them in favor of (i) the election of the nominees to the Board named herein, (ii) the ratification of the selection of independent accountants, (iii) approval of the Company's 1973 Plan, as amended, and (iv) reapproval of the Company's Senior Executive Plan. #### AUDIT COMMITTEE OF THE BOARD OF DIRECTORS CHARTER

##### I. PURPOSE

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Hubbell Incorporated (the "Corporation") shall provide assistance to the directors in fulfilling their responsibilities related to corporate accounting, the quality and integrity of the financial reports of the Corporation and the reporting practices of the Corporation. As further described in this Charter, the Committee's primary duties and responsibilities relate to:

## Edgar Filing: HUBBELL INC - Form DEF 14A

- maintenance by management of the reliability and integrity of the accounting policies and financial reporting and financial disclosure practices of the Corporation; and
- establishment and maintenance by management of processes to assure that an adequate system of internal controls is functioning within the Corporation.

Although the Committee has the responsibilities described in this Charter, the Committee is not charged with the duty to: (i) plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and conform to generally accepted accounting principles, which matters are the responsibility of management and the independent accounting firm serving as auditors for the Corporation (the "Independent Auditors"); or (ii) resolve disagreements, if any, between management and the Independent Auditors.

The Audit Committee will fulfill its duties and responsibilities primarily by carrying out the activities enumerated in Section IV of this Charter.

### II. COMPOSITION

The Committee shall be comprised of at least three directors as determined by the Board, each of whom is to have no relationship to the Corporation that may interfere with the exercise of his or her independence from the Corporation and the Corporation's management. The members of the Committee shall meet the independence and experience requirements of The New York Stock Exchange, Inc. (the "NYSE").

The members of the Committee shall be appointed annually by the Board. Unless a Chairperson is designated by the Board, the Committee may designate a Chairperson by majority vote of the full Committee membership.

### III. MEETINGS

The Committee shall meet on a regularly-scheduled basis at least two times annually, and on such other occasions as circumstances may dictate. Meetings of the Committee shall be held upon call by the Chairman of the Board or the Chairman of the Committee. A quorum of the Committee shall consist of a majority of

When deemed appropriate by the Committee, meetings of the Committee also should be attended by the director of the Corporation's internal audit department, representatives of the Corporation's management and representatives of the Independent Auditors.

To foster open communication, the Committee should meet separately on at least an annual basis with the director of the Corporation's internal auditing department and with representatives of the Independent Auditors for the purpose of discussing any matters that the Committee or either of these persons or groups believe should be discussed on a private basis.

2. The Committee shall review with management and the Independent Auditors the Corporation's audited financial statements, including a discussion with the Independent Auditors of the matters required to be discussed by Statement of Auditing Standards No. 61 ("SAS No. 61").
3. The Committee shall cause to be prepared such reports relating to the Committee as may be required to be included in the Corporation's proxy statements by the rules of the Securities and Exchange Commission (the "SEC").
4. The Committee shall monitor submission to the NYSE of such written affirmations regarding the Committee as may be required by the rules of the NYSE.

### Independent Auditors

5. The Committee shall review the performance of the Independent Auditors and make recommendations to the Board regarding their appointment or termination. The Committee and the Board shall have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the Independent Auditors (whose engagement with respect to any period following the Corporation's next annual meeting will be subject to shareholder ratification at such meeting). The Independent Auditors are ultimately accountable to the Committee and the Board for their review of the financial statements and controls of the Corporation. On an annual basis, the Committee should review and discuss with the Independent Auditors all relationships the Independent Auditors have with the Corporation to determine their independence.

33

6. The Committee shall oversee independence of the Independent Auditors by:
  - receiving from the Independent Auditors, on a periodic basis, a formal written statement delineating all relationships between the Independent Auditors and the Corporation and containing such other information as may be required by Independence Standards Board Standard 1, as the same may be modified or supplemented ("ISB No. 1");
  - reviewing, and discussing with the Board, if necessary, and the Independent Auditors, on a periodic basis, any disclosed relationships or services (whether between the Independent Auditors and the Corporation or otherwise) that may impact the objectivity or independence of the Independent Auditors; and
  - recommending, if necessary, that the Board take action in response to disclosures by the Independent Auditors to satisfy itself regarding the independence of the Independent Auditors.
7. Based on the review and discussions referred to in IV.2 (with respect to the audited financial statements and SAS No. 61) and IV.6 (with respect to the independence of the Independent Auditors), the Committee shall determine whether to recommend to the Board that the Corporation's audited financial

### Financial Reporting Process

8. Through consultation with the Independent Auditors and the internal auditors, the Committee shall review the adequacy of the Corporation's financial reporting processes, both internal and external.
9. The Committee shall review significant changes to the Corporation's accounting principles and auditing practices suggested by the Independent Auditors, management or the internal auditing department.
10. The Committee shall establish regular systems of reporting to the Committee by each of management, the Independent Auditors and the internal auditing department regarding any significant judgments made in management's preparation of the Corporation's financial statements and any significant difficulties encountered during the course of reviews or audits, including any restrictions on the scope of work or access to information.
11. The Committee shall review any significant disagreements among management, the Independent Auditors and the internal auditing department in connection with the preparation of the Corporation's financial statements.

### Compliance/General

12. The Committee shall review, with the Corporation's counsel, any legal matter that could have a significant impact on the Corporation's financial statements.
13. The Chairperson of the Committee shall report to the Board following meetings of the Committee.
