Subsequent to June 30, 2002, Lexington Corporate Properties Trust (the "Company") has (i) acquired either for itself or through non-consolidated entities, five properties (collectively, the "Property Acquisitions"), comprising approximately 2.2 million square feet of gross leasable area, (ii) entered into agreements to acquire and/or develop three properties comprising 929,000 square feet of gross leaseable area (collectively, the "Probable Property Acquisitions"), and (iii) sold one property, comprising 115,000 square feet of gross leasable area (the "Property Disposition"). The total acquisition price for the Property Acquisitions and the Probable Property Acquisitions, collectively, is approximately \$110.9 million. All of the tenants (or their parent guarantors) at the Property Acquisitions and the Probable Property Acquisitions, with the exception of Wells Fargo Home Mortgage, are publicly registered companies subject to the Securities Exchange Act of 1934, as amended and accordingly file financial information with the Securities and Exchange Commission.

The Company has included the Probable Property Acquisitions in preparing the Item 7 pro forma information being filed because they are deemed to be probable. Although the Company believes the Probable Property Acquisitions are probable future events, certain contingencies remain to be satisfied and there can be no

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K

assurance that all or any of them will be consummated.

PROPERTY ACQUISITIONS ARE AS FOLLOWS:

In August 2002, the Company's joint venture with The Comptroller of the State of New York as Trustee of the Common Retirement Fund acquired two industrial properties, in Laurens, South Carolina and Temperance, Michigan, for an aggregate cost of \$45.9 million. The properties are net leased to TNT Logistics North America, Inc. through August 2012 for annual net rent of \$5.4 million. The purchases were partially funded through \$30.2 million non-recourse mortgage notes which bear interest at a fixed annual interest rate of 6.0%, provide for annual debt service of \$2.3 million and mature September 2012 when balloon payments of \$23.4 million are due. The two mortgage notes are not cross collateralized. These properties were purchased from a seller who had used the properties in their distribution operations and therefore there are no historical operating statements for these properties.

In August 2002, Lexington Realty Advisors, Inc. ("LRA"), a non-consolidated entity in which the Company has a 99% economic interest, acquired an industrial property in Alberta, Canada for \$2.9 million. The property is net leased to TNT Canada, Inc. through August 2012 for annual net rent of \$0.3 million. LRA did not incur any property-specific debt in connection with this acquisition. This property was purchased from a seller who had used the property in their distribution operations and therefore there are no historical operating statements for this property.

In August 2002, the Company also purchased an office property in Valley Forge, Pennsylvania for \$19.5 million. The property is net leased to Quest Diagnostics, Inc. through April 2011 for annual net rent of \$2.2 million. The Company also assumed a \$13.4 million, 7.12% fixed-rate non-recourse mortgage note which matures February 2011 and requires \$1.2 million in annual debt service and a balloon payment of \$10.9 million at maturity.

In August 2002, the Company also purchased an office property in Knoxville, Tennessee for \$8.1 million. The property is net leased to AdvancePCS through May 2013 for annual net rent of \$0.8 million. The acquisition was partially funded through a \$5.3 million, non-recourse, 5.95% fixed-rate mortgage note which matures September 2013 and requires annual payments of interest only through May 2003, annual debt service payments of \$0.4 million thereafter and a balloon payment of \$4.5 million at maturity. This property was purchased directly from the developer upon completion, and therefore there are no historical operating statements for this property.

2

PROBABLE PROPERTY ACQUISITIONS:

In June 2002, the Company entered into an agreement to purchase a newly-constructed office facility in Fort Mill, South Carolina for \$17.9 million. The property will be net leased to Wells Fargo Home Mortgage through January 2013 for average annual net rent of \$2.1 million. In connection with the acquisition of this property, the Company has arranged non-recourse first mortgage financing in the amount of \$11.7 million. This loan will have a fixed interest rate of 6.00%, mature ten years from the date of closing and require annual payments of \$0.8 million and a balloon payment of \$9.8 million at maturity. The Company expects the closing of this acquisition to occur in December 2002. This property will be purchased directly from the developer upon completion, and therefore there are no historical operating statements for this property.

In July 2002, the Company entered into an agreement to purchase a newly

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K

constructed warehouse/distribution facility in Groveport, Ohio for \$11.8 million. The property is net leased to Anda Pharmaceuticals, Inc. through April 2012 for average annual net rent of \$1.2 million. In connection with the acquisition of this property, the Company has arranged non-recourse mortgage financing in the amount of \$7.8 million. This loan will have a fixed interest rate of 6.03%, mature in September 2012 and require annual payments of \$0.6 million and a balloon payment of \$6.8 million at maturity. The Company expects the closing of this acquisition to occur in September 2002. This property will be purchased directly from the developer who completed the property in April 2002.

In August 2002, the Company entered into an agreement to purchase and develop an outdoor storage facility and an industrial building in Minneapolis, Minnesota. The property will be net leased to Owens Corning for twelve years beginning upon completion of construction for average annual net rent of \$0.6 million. The Company will purchase the land and fund construction costs for an anticipated total investment of approximately \$4.8 million based on a fixed price development agreement and construction contract. The Company expects the closing of this acquisition to occur in September 2002 and construction to be completed in November 2002.

PROPERTY DISPOSITION:

In August 2002, a purchaser bought the Company's property, in Brownsville, Texas, by assuming the outstanding mortgage of \$0.6 million. This resulted in an insignificant gain to the Company.

Pro Forma Condensed Consolidated Balance Sheet and Statements of Income

The accompanying Pro Forma Condensed Consolidated Balance Sheet as of June 30, 2002 gives effect to the Property Acquisitions, the Probable Property Acquisitions and the Property Disposition as if these transactions had been consummated as of June 30, 2002.

Edgar Filing: LEXINGTON CORPORATE PROPERTIES TRUST - Form 8-K

The accompanying Pro Forma Condensed Consolidated Statements of Income for the year ended December 31, 2001 and the six months ended June 30, 2002 assume that the Property Acquisitions, the Probable Property Acquisitions, the Property Disposition and all other 2001 and 2002 property acquisitions and dispositions had been consummated as of January 1, 2001. In 2001 the Company, including its non-consolidated entities, purchased 28 properties, 23 of which were acquired on November 28, 2001 as part of the Net 1 L.P. and Net 2 L.P. merger. In addition to assuming mortgage debt and paying cash, the Company issued approximately 2.1 million common shares to effect this merger. The pro forma information is based on the historical financial statements of the Company after giving effect to all such transactions.

The Pro Forma Condensed Consolidated Balance Sheet and the Statements of Income have been prepared by the management of the Company. These pro forma statements may not be indicative of the results that would have actually occurred if the Property Acquisitions, the Probable Property Acquisitions, the Property Disposition and all other 2001 and 2002 property acquisitions and dispositions had been in effect on the dates indicated. Also, they may not be indicative of the results that may be achieved in the future. The Pro Forma Condensed Consolidated Balance Sheet and Statements of Income should be read in conjunction with the Company's audited financial statements as of December 31, 2001 and for the year then ended (which are contained in the Company's Form 10-K for the year ended December 31, 2001), and the unaudited condensed consolidated financial statements as of June 30, 2002 and for the six months then ended (which are contained in the Company's Form 10-Q for the period ended June 30, 2002) and the accompanying notes thereto.
