Item 11. Executive Compensation Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for fiscal 2009 should be read together with the compensation tables and related disclosures set forth below. This discussion contains certain forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt in the future may differ materially from currently planned programs as summarized in this discussion.

Executive Compensation Summary.

The retention of experienced, highly-capable and dedicated executives is crucial to the long-term success of our company. To achieve the goal of recruiting, retaining and motivating our executives, our Compensation Committee has developed an overall executive compensation program that rewards these employees for their contributions to our company.

The primary objectives of our practices with respect to executive compensation are to:

provide appropriate incentives to our executive officers to implement our strategic business objectives and achieve the desired company performance;

reward our executive officers for their contribution to our success in building long-term shareholder value; and

provide compensation that will attract and retain superior talent and reward performance.

Compensation Components.

With our compensation objectives in mind, our executive officer compensation program consists of five primary elements: (1) base salary; (2) an annual bonus; (3) long-term incentive compensation in the form of stock options; (4) non-qualified deferred compensation arrangements; and (5) coverage under our broad-based employee benefit plans, such as our group health and 401(k) plans, and executive perquisites.

Base Salary. Base salary is the fixed component of our executive compensation intended to meet the objective of attracting and retaining the executive officers of superior talent that are necessary to manage and lead our company.

Annual Bonus. We utilize annual bonuses that are designed to provide incentives to motivate the achievement of strategic business objectives, desired company performance and individual performance goals.

Table of Contents

Stock Option Program. Equity awards are an integral part of our overall executive compensation program because we believe that our long-term performance will be enhanced through the use of equity awards that reward our executives for maximizing shareholder value over time. We have historically elected to use stock options that vest over time as the primary long-term equity incentive vehicle to promote retention of our key executives. Although we have not adopted formal stock ownership guidelines, our named directors and executive officers currently hold a significant portion of our fully-diluted common stock, substantially through the ownership of stock options. In addition, our named directors and executive officers purchased approximately 0.3% of our common stock during fiscal 2009. In determining the number of stock options to be granted to executives, we historically have taken into account the individual's position, scope of responsibility, ability to affect profits and shareholder value and the value of the stock options in relation to other elements of the individual executive's total compensation. Currently, a substantial percentage of our outstanding options have exercise prices that are significantly above the current market price of our stock. Due to the limited number of shares of our common stock available for grant of Incentive Awards under our 2003 Long-Term Incentive Plan, we have not utilized equity awards in our executive compensation decisions for fiscal 2009 performance. The Compensation Committee intends to review possible alternatives for re-establishing this component of our overall executive compensation program.

Deferred Compensation Benefits. We offer a non-qualified deferred compensation plan to selected executive officers which provides unfunded, non-tax qualified deferred compensation benefits. We believe this program helps promote the retention of our senior executives. Participants may elect to contribute a portion of their compensation to the plan, and we make matching contributions of 25% of each participant's elective contributions to the plan up to 6% of the participant's compensation for the year. Contributions for fiscal 2009 and year-end account balances for those executive officers can be found in the Non-Qualified Deferred Compensation table.

Other Benefits. We provide to our executive officers medical benefits that are generally available to our other employees. Executives are also eligible to participate in our other broad-based employee benefit plans, such as our long and short-term disability, life insurance and 401(k) plan. Historically, the value of executive perquisites, as determined in accordance with the rules of the SEC related to executive compensation, has not exceeded 10% of the base salary of any of our executives.

Determination of Compensation Decisions.

The Compensation Committee is responsible for establishing, developing and maintaining our executive compensation program. The role of the Compensation Committee is to oversee our compensation and benefits plans and policies, administer our equity incentive plans and review and approve all compensation decisions relating to all executive officers and directors. In order for the Compensation Committee to perform its function, the following process for determining executive compensation decisions has been followed.

Determining Goals. Prior to the beginning of each fiscal year, senior executives and department heads meet and establish the Objective Goals, Strategies and Measures (the "OGSM") for our company. The OGSM sets forth performance goals for each department of our company and certain employees for the upcoming fiscal year. The OGSM provides a basis for developing a base financial operating plan for the upcoming fiscal year. The OGSM and base financial operating plan are reviewed and approved by our Board of Directors.

On a quarterly basis, the Board of Directors reviews the actual financial performance of our company against the goals set forth in the OGSM and the base financial operating plan. In addition, the members of the Board of Directors receive monthly reports detailing the actual financial performance of our company compared to these goals.

Determining Executive Compensation.

Our method of determining compensation varies from case to case based on a discretionary and subjective determination of what is appropriate at the time. In determining specific components of compensation, the Compensation Committee considers individual performance, level of responsibility, skills and experience, and other compensation awards or arrangements.

Table of Contents

Our general policy for setting base salaries of our named executive officers (the Senior Executives) is to only increase such salaries in the case of promotions. Such promotional increases to base salaries are reviewed by the Compensation Committee on a case-by-case basis. The salary increases reflected in our Summary Compensation Table below reflect such promotional job changes that occurred in fiscal 2008 and 2009. In making such determinations regarding base salaries for the Senior Executives who have been promoted, we take into account such factors as: the Senior Executive's scope of responsibilities and level of experience; salary data for comparable positions at the peer group companies based on reports of our outside consultant and salary survey data provided by our outside consultant; and internal equity of salaries of individuals in comparable positions at our company.

At the end of the fiscal year, department heads assess their progress against the OGSM and base financial operating plan and evaluate their results. These self-assessments are reviewed by the Chief Executive Officer who then undertakes his own evaluation of the executives' performance. This involves a two-step process whereby the Chief Executive Officer evaluates: (i) our company's actual financial performance against the budget, taking into account events that may be beyond the control of any given Senior Executive's performance initiatives; and (ii) each Senior Executive's performance against his OGSM goals. Performance is evaluated in a non-formulaic manner with no specific weighting given to the performance measures. The Chief Executive Officer considers both the financial performance of our company and individual performance relative to each performance goal of the Senior Executives to develop bonus recommendations for each Senior Executives.

The Compensation Committee reviews the performance evaluations and bonus recommendations provided by the Chief Executive Officer and decides whether to approve or adjust his bonus recommendations. The Compensation Committee evaluates all of the factors considered by the Chief Executive Officer and reviews the compensation summaries for each Senior Executive, including base salary, bonus, equity awards (if any), deferred compensation benefits and other benefits. In determining specific components of compensation, the Compensation Committee considers individual performance, level of responsibility, skills and experience, and other compensation awards or arrangements. These measures are evaluated in a non-formulaic manner with no specific weighting given to any specific measure. Based on its review and evaluation, the Compensation Committee makes the final determination of the annual bonuses to be paid to the Senior Executives and reports its decisions to the entire Board of Directors. Our Compensation Committee performs an annual review of our compensation policies, including the appropriate mix of base salary, bonuses and long-term incentive compensation. The Compensation Committee also reviews and approves all long-term incentive compensation and other benefits (including our 401(k) and our non-qualified deferred compensation plan).

Determining Chief Executive Officer Compensation.

The Compensation Committee is responsible for evaluating the performance of Mr. Joffe, our Chief Executive Officer, and setting his annual compensation. In determining these elements of compensation for Mr. Joffe, the Compensation Committee considered the contributions Mr. Joffe has made to our strategic direction. The Compensation Committee reviews the key operating results and key strategic initiatives of our company to determine if the Chief Executive Officer has achieved the goal of strategically enhancing the size of our company while maintaining favorable operating metrics. The Compensation Committee also takes into consideration the standard of living of the Los Angeles vicinity in which our corporate offices are located. The Compensation Committee separately reviews all relevant information, including reports provided by its outside consultant, and arrives at its decision for the Chief Executive Officer's total compensation. The Chief Executive Officer's performance is evaluated in a non-formulaic manner with no specific weighting given to any one of the performance measures. Mr. Joffe does not participate in any decision regarding his compensation. Our employment agreement with Mr. Joffe provides that we may increase, but not decrease, his base salary, which is set at \$500,000. See the Employment Agreements section below for a further discussion of certain compensations amounts payable to Mr. Joffe pursuant to his employment agreement. Upon making its determination, the Compensation Committee reports its decision concerning Mr. Joffe's compensation to the entire Board of Directors.

Compensation Committee Consultant.

The Compensation Committee currently retains Towers Perrin as its outside compensation consultant. Towers Perrin does not perform any other consulting work for our company, reports directly to the Compensation

Committee, and takes direction from the Chairman of the Compensation Committee. The Compensation Committee engaged Towers Perrin to prepare a complete competitive assessment of our executive compensation practices in 2004, an updated assessment of the compensation of our Chief Executive Officer in 2006 and a complete executive compensation assessment in 2009.

The Compensation Committee considers analysis and advice from its outside consultant when making compensation decisions for the Chief Executive Officer and other Senior Executives. The outside consultant's work for the Compensation Committee includes data analysis, market assessments, and preparation of related reports.

Peer Group.

While the Compensation Committee does not undertake a formalized benchmarking process, it does review the assessment provided by its outside consultant detailing the competitiveness of our executive compensation relative to our peer group when making its executive compensation decisions. Our peer group includes ATC Technology Corp., Dorman Products Inc., Modine Manufacturing Co., Proliance International Inc., Standard Motor Products Inc., Strattec Security Corp and Superior Industries International Inc. The peer group is reviewed annually with the assistance of our outside consultant to ensure that the peer companies remain an appropriate basis for comparison.

Chief Executive Officer Compensation Decisions.

The Compensation Committee made decisions for the Chief Executive Officer's compensation following the process described above and established the following individual performance goals:

- Ensure appropriate information is communicated to our Board of Directors
- Ensure that the appropriate management team and corporate focus is in place
- Develop an appropriate succession plan
- Develop key strategies in all areas aimed at driving our company forward
- Maintain the appropriate financial structure for our company
- Make decisions on all key initiatives proposed by senior management
- Strengthen our relationships with key customers through long-term arrangements

Continue the transitioning our remanufacturing capacity to cell manufacturing and lower-cost production centers, including the establishment of our Mexican remanufacturing facility

Build sales for both the do-it-for-me and DIY marketplaces

Evaluate and propose systems and initiatives for continuous improvement in all disciplines of our business

Identify and drive any acquisitions

The Compensation Committee recognized that our company is a complicated business to manage, particularly in light of its size and complex accounting issues, and that this complexity may not be adequately reflected in the company's income levels. The Compensation Committee also recognized Mr. Joffe's contribution in establishing our company's reputation and growth capacity. In addition, Mr. Joffe's contributions have been made during a period when several of our competitors have been under financial stress.

Table of Contents

The Compensation Committee considered Mr. Joffe's performance against his individual goals and the above factors regarding the complexity of our business and competitive position and determined that Mr. Joffe's base salary would remain at its current annual level of \$500,000 during fiscal 2009 and his annual bonus would be \$500,000.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, (the Code) generally disallows a tax deduction for annual compensation in excess of \$1.0 million paid to our named executive officers. Qualifying performance-based compensation (within the meaning of Section 162(m) of the Code and regulations) is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, our Board of Directors or Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

In limited circumstances, we may agree to make certain items of income payable to our named executive officers tax-neutral to them. Accordingly, we have agreed to gross-up certain payments to our Chief Executive Officer to cover any excise taxes (and related income taxes on the gross-up payment) that he may be obligated to pay with respect to the first \$3,000,000 of parachute payments (as defined in Section 280G of the Code) to be made to him upon a change of control of our company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K/A.

Nonqualified Deferred Compensation Plan

We maintain the Motorcar Parts of America, Inc. Amended and Restated Executive Deferred Compensation Plan, an unfunded, non-qualified deferred compensation plan for a select group of management or highly compensated employees, including our named executive officers. Participants in the plan may elect to defer up to 100% of their gross W-2 compensation. We make matching contributions of 25% of each participant's elective contributions to the plan, up to 6% of the participant's compensation for the plan year. The plan is designed to defer taxation to the participant on contributions and notional earnings thereon until distribution thereof in accordance with a participant's previously made distribution elections. Insurance annuity contracts provide funding for the plan, however, the annuity contracts are owned by us and remain subject to claims of our general creditors.

Employment Agreements

On February 14, 2003, we entered into an employment agreement with Selwyn Joffe pursuant to which he is employed full-time as our President and Chief Executive Officer in addition to serving as our Chairman of the Board of Directors. This agreement, which was negotiated on our behalf by Mel Marks, the then Chairman of the Compensation Committee, and unanimously approved by our Board of Directors, was originally scheduled to expire on March 31, 2006. The February 14, 2003 agreement provided for an annual base salary of \$500,000, and participation in our executive bonus program. Mr. Joffe remains entitled to receive a transaction fee of 1.0% of the total consideration of any equity transaction, including any transaction resulting in a change of control, his efforts bring to us that we previously agreed to provide to him as part of a prior consulting agreement with Protea Group, Mr. Joffe's company. Mr. Joffe also participates in the stock option plans approved by the shareholders and also receives other benefits including those generally provided to other employees.

On April 22, 2005, we entered into an amendment to our employment agreement with Mr. Joffe. Under the amendment, Mr. Joffe's term of employment was extended from March 31, 2006 to March 31, 2008. His base salary, bonus arrangements, 1% transaction fee right and fringe benefits remained unchanged. This amendment was unanimously approved by our Board of Directors.

Before the amendment, Mr. Joffe had the right to terminate his employment upon a change of control and receive his salary and benefits through March 31, 2006. Under the amendment, upon a change of control (which has been redefined pursuant to the amendment), Mr. Joffe will be entitled to a sale bonus equal to the sum of (i) two times his base salary plus (ii) two times his average bonus earned for the two years immediately prior to the change of control. The amendment also grants Mr. Joffe the right to terminate his employment within one year of a change of control and to then receive salary and benefits for a one-year period following such termination plus a bonus equal to the average bonus Mr. Joffe earned during the two years immediately prior to his voluntary termination.

If Mr. Joffe is terminated without cause or resigns for good reason (as defined in the amendment), the registrant must pay Mr. Joffe (i) his base salary, (ii) his average bonus earned for the two years immediately prior to termination, and (iii) all other benefits payable to Mr. Joffe pursuant to the employment agreement, as amended, through the later of two years after the date of termination of employment or March 31, 2008. Under the amendment, Mr. Joffe is also entitled to an additional gross-up payment to offset the excise taxes (and related income taxes on the gross-up payment) that he may be obligated to pay with respect to the first \$3,000,000 of parachute payments (as defined in Section 280G of the Code) to be made to him upon a change of control. The amendment has redefined the term for cause to apply only to misconduct in connection with Mr. Joffe's performance of his duties. Pursuant to the amendment, any options that have been or may be granted to Mr. Joffe will fully vest upon a change of control and be exercisable for a two-year period following the change of control, and Mr. Joffe agreed to waive the right he previously had under the employment agreement to require the registrant to purchase his option shares and any underlying options if his employment were terminated for any reason. The amendment further provides that Mr. Joffe's agreement not to compete with us terminates at the end of his employment term.

Table of Contents

In December 2006, our employment agreement with Mr. Joffe was amended to extend the term of this agreement from March 31, 2008 to August 30, 2009. This amendment was unanimously approved by our Board of Directors.

On March 27, 2008, our employment agreement with Mr. Joffe was further amended to extend the term of this agreement from August 30, 2009 to August 31, 2012. All other terms and conditions of Mr. Joffe's employment remained unchanged. This amendment was unanimously approved by our Board of Directors.

On December 31, 2008, we entered into an amended and restated employment agreement with Mr. Joffe. Mr. Joffe's previous employment agreement was amended and restated primarily to add language that satisfies the requirements of the final treasury regulations issued pursuant to Section 409A of the Code with respect to certain of the payments that may be provided to Mr. Joffe pursuant to the employment agreement. The restated agreement does not increase the amounts payable to Mr. Joffe as salary, bonus, severance or other compensation, nor does it extend the term of employment, but it does clarify that if we terminate the restated agreement without cause, either directly or constructively, Mr. Joffe will be entitled to receive severance payments until the later of (i) that date which is two years after the termination date or (ii) the date upon which the restated agreement would otherwise have expired. All other substantive terms and conditions of Mr. Joffe's employment remain unchanged. The restated agreement was unanimously approved by our Board of Directors.

In February 2008, we entered into a letter agreement with Mr. McCulloch pursuant to which his current pay and benefits will remain unchanged, except that Mr. McCulloch will be entitled to: (i) a proportionate bonus for the fiscal year ended March 31, 2008 for his services as our Chief Financial Officer during that period so long as bonuses are generally paid to our other executives; (ii) the right to earn certain bonuses in his position as Chief Acquisitions Officer for the successful consummation of specified acquisitions, the amount and terms of which shall be agreed to in writing by our Chief Executive Officer; and (iii) six months' notice or the payment of six months of his then current pay (or combination thereof) in lieu of such notice in the event of termination of his employment with us for any reason. On February 16, 2009, we notified Mr. McCulloch that his right to six months' notice or salary (or a combination thereof) in the event of his termination shall terminate on August 18, 2009.

In conformity with our policy, all of our directors and officers execute confidentiality and nondisclosure agreements upon the commencement of employment. The agreements generally provide that all inventions or discoveries by the employee related to our business and all confidential information developed or made known to the employee during the term of employment shall be our exclusive property and shall not be disclosed to third parties without our prior approval.

exercisable by Mr. Joffe for a period of two years or, if shorter, until the ten year anniversary of the date of grant of each such option. The inherent value shown in the table is the additional compensation expense we would have recorded upon the immediate vesting of all options which were not fully vested at March 31, 2009.

- (7) In the event that one or more proposed transactions occur during the term of Mr. Joffe's employment agreement, Mr. Joffe will be entitled to receive a transaction fee, as additional compensation with respect to each proposed transaction. We will pay Mr. Joffe a transaction fee upon the closing of a proposed transaction in an amount equal to 1% of the total

Equity Based Employee Benefit Plans

2003 Long-Term Incentive Plan. On October 31, 2003, our Board of Directors adopted our 2003 Long-Term Incentive Plan. The purpose of the 2003 Long-Term Incentive Plan is to foster and promote our long-term financial success and interests and to materially increase the value of the equity interests in the Company by: (a) encouraging the long-term commitment of selected key employees, (b) motivating superior performance of key employees by means of long-term performance related incentives, (c) encouraging and providing key employees with a formal program for obtaining an ownership interest in the Company, (d) attracting and retaining outstanding key employees by providing incentive compensation opportunities competitive with other major companies, and (e) enabling participation by key employees in our long-term growth and financial success. The plan is administered by our Compensation Committee. Our Compensation Committee has the full power and authority to construe and interpret the 2003 Long-Term Incentive Plan and may, from time to time, adopt such rules and regulations of carrying out the 2003 Long-Term Incentive Plan as it may deem appropriate. The decisions of the Compensation Committee are final, conclusive and binding upon all parties.

Table of Contents

Under the 2003 Long-Term Incentive Plan, the Compensation Committee has the authority to grant to our key employees and consultants the following types of awards (Incentive Awards): (i) stock options in the form of incentive stock options qualified under section 422 of the Code (Incentive Options), or nonqualified stock options (Nonqualified Options), or both (Options); (ii) stock appreciation rights (SARs); (iii) restricted stock (Restricted Stock); (iv) performance-based awards; and (v) supplemental payments dedicated to payment of any income taxes that may be payable in conjunction with the 2003 Long-Term Incentive Plan. All of our employees are eligible to participate in the 2003 Long-Term Incentive Plan. A total of 1,200,000 shares of common stock have been reserved for grants of Incentive Awards under the 2003 Long-Term Incentive Plan. The 2003 Long-Term Incentive Plan will terminate on October 31, 2013, unless terminated earlier by our Board of Directors.

The Compensation Committee may limit an optionee's right to exercise all or any portion of an Option until one or more dates subsequent to the date of grant. The Compensation Committee also has the right, in its sole discretion, to accelerate the date on which all or any portion of an Option may be exercised. The 2003 Long-Term Incentive Plan also provides that, under certain circumstances, if any employee is terminated within two years after a Change of Control (as defined in the 2003 Long-Term Incentive Plan), each Option or SAR then outstanding shall immediately become vested and immediately exercisable in full, all restrictions and conditions of all Restricted Stock then outstanding shall be deemed satisfied and the restriction period to have expired, and all Performance Shares and Performance Units shall become vested, deemed earned in full and properly paid. In the event of a change of control, however, our Board of Directors may, after notice to the participant, require the participant to cash-out his or her rights by transferring them to the Company in exchange for their equivalent cash value.

If we terminate an employee's employment for any reason other than death, disability, retirement, involuntary termination or termination for good reason, any Incentive Award outstanding at the time and all rights there under will terminate, and unless otherwise established by the Compensation Committee, no further vesting shall occur and the participant shall be entitled to exercise his or her rights (if any) with respect to the portion of the Incentive Award vested as of the date of termination for a period of 30 calendar days after such termination date; provided, however, that if an Employee is terminated for cause, this employee's right to exercise his or her rights (if any) with respect to the vested portion of his or her Incentive Award shall terminate as of the date of termination of employment. In the event of termination for death, disability, retirement, or in connection with a change in control, an Incentive Award may be only exercised as provided in an individual's incentive agreement, or as determined by the Compensation Committee.

Options. No Incentive Option may be granted with an exercise price per share less than the fair market value of the common stock at the date of grant. Nonqualified Options may be granted at any exercise price. The exercise price of an Option may be paid in cash, by an equivalent method acceptable to the Compensation Committee, or, at the Compensation Committee's discretion, by delivery of already owned shares of common stock having a fair market value equal to the exercise price, or, at the Compensation Committee's discretion, by delivery of a combination of cash and already owned shares of common stock. However, if the optionee acquired the stock to be surrendered directly or indirectly from us, he or she must have owned the stock to be surrendered for at least six months prior to tendering such stock for the exercise of an Option.

An eligible employee may receive more than one Incentive Option, but the maximum aggregate fair market value of the common stock (determined when the Incentive Option is granted) with respect to which Incentive Options are first exercisable by such employee in any calendar year cannot exceed \$100,000. In addition, no Incentive Option may be granted to an employee owning directly or indirectly stock possessing more than 10% of the total combined voting power of all classes of our stock (a 10% shareholder), unless the exercise price is not less than 110% of the fair market value of the shares subject to such Incentive Option on the date of grant. Awards of Nonqualified Options are not subject to these special limitations.

Except as otherwise provided by the Compensation Committee, awards under the 2003 Long-Term Incentive Plan are not transferable other than as designated by the participant by will or by the laws of descent and distribution. The expiration date of an Incentive Option is determined by the Compensation Committee at the time of the grant, but in no event may an Incentive Option be exercisable after the expiration of 10 years from the date of grant of the Incentive Option (five years in the case of an Incentive Option granted to a 10% shareholder).

SARs. SARs may be granted under the 2003 Long-Term Incentive Plan in conjunction with all or part of an Option, or separately. The exercise price of the SAR shall not be less than the fair market value of the common stock on the date of the grant of the option to which it relates. The SAR granted in conjunction with an Option will be exercisable

Table of Contents

only when the underlying Option is exercisable and once an SAR has been exercised, the related portion of the Option underlying the SAR will terminate. Upon the exercise of an SAR, the Company will pay to the participant in cash, common stock, or a combination thereof (the method of payment to be at the discretion of the Compensation Committee), an amount equal to the excess of the fair market value of the common stock on the exercise date over the option price, multiplied by the number of SARs being exercised.

The Compensation Committee, either at the time of grant or at the time of exercise of any Nonqualified Option or SAR, may provide for a supplemental payment (Supplemental Payment) by the Company to the participant with respect to the exercise of any Nonqualified Option or SAR, in an amount specified by the Compensation Committee, but which shall not exceed the amount necessary to pay the federal income tax payable with respect to both the exercise of the Nonqualified Option and/or SAR and the receipt of the Supplemental Payment, based on the assumption that the participant is taxed at the maximum effective federal income tax rate on such amounts. The Compensation Committee shall have the discretion to grant Supplemental Payments that are payable in cash, common stock, or a combination of both, as determined by the Compensation Committee at the time of payment.

Restricted Stock. Restricted Stock awards may be granted under the 2003 Long-Term Incentive Plan, and the provisions applicable to a grant of Restricted Stock may vary among participants. In making an award of Restricted Stock, the Compensation Committee will determine the periods during which the Restricted Stock is subject to forfeiture. During the restriction period, the Participant may not sell, transfer, pledge or assign the Restricted Stock, but will be entitled to vote the Restricted Stock. The Compensation Committee, at the time of vesting of Restricted Stock, may provide for a Supplemental Payment by the Company to the participant in an amount specified by the Compensation Committee that shall not exceed the amount necessary to pay the federal income tax payable with respect to both the vesting of the Restricted Stock and receipt of the Supplemental Payment, based on the assumption that the participant is taxed at the maximum effective federal income tax rate on such amount.

Performance Units. The Compensation Committee may grant Incentive Awards representing a contingent right to receive cash (Performance Units) or shares of common stock (Performance Shares) at the end of a performance period. The Compensation Committee may grant Performance Units and Performance Shares in such a manner that more than one performance period is in progress concurrently. For each performance period, the Compensation Committee shall establish the number of Performance Units or Performance Shares and the contingent value of any Performance Units or Performance Shares, which may vary depending on the degree to which performance objectives established by the Compensation Committee are met. The Compensation Committee may modify the performance measures and objectives as it deems appropriate.

The basis for payment of Performance Units or Performance Shares for a given performance period shall be the achievement of those financial and non-financial performance objectives determined by the Compensation Committee at the beginning of the performance period. If minimum performance is not achieved for a performance period, no payment shall be made and all contingent rights shall cease. If minimum performance is achieved or exceeded, the value of a Performance Unit or Performance Share shall be based on the degree to which actual performance exceeded the pre-established minimum performance standards, as determined by the Compensation Committee. The amount of payment shall be determined by multiplying the number of Performance Units or Performance Shares granted at the beginning of the performance period by the final Performance Unit or Performance Share value. Payments shall be made, in the discretion of the Compensation Committee, solely in cash or common stock, or a combination of cash and common stock, following the close of the applicable performance period.

The Compensation Committee, at the date of payment with respect to such Performance Units or Performance Shares, may provide for a Supplemental Payment by us to the participant in an amount specified by the Compensation Committee, which shall not exceed the amount necessary to pay the federal income tax payable with respect to the amount of payment made with respect to such Performance Units or Performance Shares and receipt of the Supplemental Payment, based on the assumption that the participant is taxed at the maximum effective federal income tax rate on such amount.

Non-Employee Director Option Plan. The purpose of our Non-Employee Director Stock Option Plan is to foster and promote our long-term financial success and interests and to materially increase the value of the equity interests in the Company by: (a) increasing our ability to attract and retain talented men and women to serve on our Board of

Directors, (b) increasing the incentives that these non-employee directors have to help us succeed and (c) providing our non-employee directors with an increased opportunity to share in our long-term growth and financial success.

Table of Contents

Under the Non-Employee Director Stock Option Plan, each non-employee director will be granted options to purchase 25,000 shares of our common stock upon their election to our Board of Directors. In addition, each non-employee director will be awarded an option to purchase an additional 3,000 shares of our common stock for each full year of service on our Board of Directors. The exercise price for each of these options will be equal to the fair market value of our common stock on the date the option is granted. The exercise price of an option is payable only in cash. Options awarded under the Plan are not transferable other than as designated by the participant by will or by the laws of descent and distribution.

Each of these options will have a ten-year term. One-third of the options will be exercisable immediately upon grant, and one-half of the remaining portion of each option grant will vest and become exercisable on the first and second anniversary dates of the date of grant, assuming that the non-employee director remains on our Board of Directors on each such anniversary date. In the event of a change of control, we may, after notice to the participant, require the participant to cash-out his rights by transferring them to us in exchange for their equivalent cash value.

The Board of Directors shall not have the right to modify the number of options granted to a non-employee director or the terms of the option grants.

A total of 175,000 shares of common stock have been reserved for grants of stock options under the Non-Employee Director Stock Option Plan. The Plan will terminate ten years from its adoption by our shareholders unless terminated earlier by our Board of Directors.

Tax Consequences. Under current tax laws, the grant of an option generally will not be a taxable event to the optionee, and we will not be entitled to a deduction with respect to such grant. Upon the exercise of an option, the non-employee director optionee will recognize ordinary income at the time of exercise equal to the excess of the then fair market value of the shares of common stock received over the exercise price. The taxable income recognized upon exercise of a nonqualified option will be treated as compensation income subject to withholding, and we will be entitled to deduct as a compensation expense an amount equal to the ordinary income an optionee recognizes with respect to such exercise. When common stock received upon the exercise of a nonqualified option subsequently is sold or exchanged in a taxable transaction, the holder thereof generally will recognize capital gain (or loss) equal to the difference between the total amount realized and the fair market value of the common stock on the date of exercise; the character of such gain or loss as long-term or short-term capital gain or loss will depend upon the holding period of the shares following exercise.

Amendment and Termination. The Board of Directors may from time to time amend, and the Board of Directors may terminate, the Non-Employee Director Incentive Plan, provided that no such action shall modify the number of options granted to a non-employee director or change the terms of any option grants, in each case as summarized in the preceding discussion, or adversely affect option rights already granted there under without the consent of the impacted non-employee director. In addition, no amendment may be made without the approval of our shareholders if shareholder approval is necessary in order to comply with applicable law.

Table of Contents**2009 Director Compensation**

We use a combination of cash and equity incentives to compensate our non-employee directors. Directors who are also our employees received no compensation for their service on our Board of Directors in fiscal 2009. To determine the appropriate level of compensation for our non-employee directors, we take into consideration the significant amount of time and dedication required by the directors to fulfill their duties on our Board of Directors and Board of Directors committees as well as the need to continue to attract highly qualified candidates to serve on our Board of Directors. In addition, our compensation arrangement with Mel Marks reflects his 47 years of relevant experience in the industry and our company. The information provided in the following table reflects the compensation received by our directors for their service on our Board of Directors in fiscal 2009.

Mel Marks	\$	\$	\$	\$ 350,000	\$ 350,000

(1) Option award amounts represent our non-employee director's portion of our reported share-based payment expense for fiscal 2009 in accordance with SFAS No. 123(R).

(2) Effective November 17, 2008, Irv Siegel resigned from our Board of Directors and as the Chairman of the Compensation Committee and as a member of

our Audit,
Ethics, and
Nominating and
Corporate
Governance
Committees.

We have supplemental compensatory arrangements with Mel Marks, our founder, largest shareholder and member of our Board of Directors. In August 2000, our Board of Directors agreed to engage Mel Marks to provide consulting services to our company. Mr. Marks is paid an annual consulting fee of \$350,000 per year. We can terminate our consulting arrangement with Mr. Marks at any time.

We pay Mr. Gay \$90,000 per year for serving on our Board of Directors, as well as assuming the responsibility for being Chairman of our Audit and Ethics Committees.

In addition, each of our non-employee directors, other than Messrs. Marks and Gay, receives annual compensation of \$20,000 and is paid a fee of \$2,000 for attending each Board of Directors meeting, \$2,000 for attending each Audit Committee meeting and \$500 for any other Board of Directors committee meeting attended. Each director is also reimbursed for reasonable out-of-pocket expenses incurred to attend Board of Directors or Board of Directors committee meetings.

Under our Non-Employee Director Stock Option Plan, each non-employee director is granted options to purchase 25,000 shares of our common stock upon their election to our Board of Directors. In addition, each non-employee director is awarded an option to purchase an additional 3,000 shares of our common stock for each full year of service on our Board of Directors.

Indemnification of Executive Officers and Directors

Article Seven of our Restated Certificate of Incorporation provides, in part, that to the extent required by New York Business Corporation Law, or NYBCL, no director shall have any personal liability to us or our shareholders for damage for any breach of duty as such director, provided that each such director shall be liable under the following circumstances: (a) in the event that a judgment or other final adjudication adverse to such director establishes that his acts or omissions were in bad faith, involved intentional misconduct or a knowing violation of law or that such

Table of Contents

director personally gained in fact a financial profit or other advantage to which such director was not legally entitled or that such director's acts violated Section 719 of the NYBCL or (b) for any act or omission prior to the adoption of Article Seven of our Restated Certificate of Incorporation.

Article Nine of our Bylaws provide that we shall indemnify any person, by reason of the fact that such person is or was a director or officer of our company or served any other corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise in any capacity at our request, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorney's fees incurred as a result of an action or proceeding, or any appeal therefrom, provided, however, that no indemnification shall be made to, or on behalf of, any director or officer if a judgment or other final adjudication adverse to such director or officer establishes that (a) his or her acts were committed in bad faith or were the result of active and deliberate dishonesty and, in either case, were material to the cause of action so adjudicated, or (b) he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled.

We may purchase and maintain insurance for our own indemnification and for that of our directors and officers and other proper persons as described in Article Nine of our Bylaws. We maintain and pay premiums for directors' and officers' liability insurance policies.

We are incorporated under the laws of the State of New York and Sections 721-726 of Article 7 of the NYBCL provide for the indemnification and advancement of expenses to directors and officers. Section 721 of the NYBCL provides that indemnification and advancement of expenses provisions contained in the NYBCL shall not be deemed exclusive of any rights which a director or officer seeking indemnification or advancement of expenses may be entitled, provided no indemnification may be made on behalf of any director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his or her acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled.

Section 722 of the NYBCL permits, in general, a New York corporation to indemnify any person made, or threatened to be made, a party to an action or proceeding by reason of the fact that he or she was a director or officer of that corporation, or served another entity in any capacity at the request of that corporation, against any judgment, fines, amounts paid in settlement and reasonable expenses, including attorney's fees actually and necessarily incurred as a result of such action or proceeding, or any appeal therein, if such person acted in good faith, for a purpose he or she reasonably believed to be in, or, in the case of service of another entity, not opposed to, the best interests of that corporation and, in criminal actions or proceedings, who in addition had no reasonable cause to believe that his or her conduct was unlawful. However, no indemnification may be made to, or on behalf of, any director or officer in a derivative suit in respect of (a) a threatened action or a pending action that is settled or otherwise disposed of or (b) any claim, issue or matter for which the person has been adjudged to be liable to the corporation, unless and only to the extent that a court in which the action was brought, or, if no action was brought, any court of competent jurisdiction, determines upon application that the person is fairly and reasonably entitled to indemnify for that portion of settlement and expenses as the court deems proper.

Section 723 of the NYBCL permits a New York corporation to pay in advance of a final disposition of such action or proceeding the expenses incurred in defending such action or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay such amount as, and to the extent, required by statute. Section 724 of the NYBCL permits a court to award the indemnification required by Section 722.

Section 725 provides for repayment of such expenses when the recipient is ultimately found not to be entitled to indemnification. Section 726 provides that a corporation may obtain indemnification insurance indemnifying itself and its directors and officers.

The foregoing is only a summary of the described sections of the NYBCL and our Restated Certificate of Incorporation, as amended, and Bylaws and is qualified in its entirety by the reference to such sections and charter documents.

Table of Contents**Item 12. Security Ownership of Certain Beneficial Owners And Management and Related Stockholder Matters**

The following table sets forth, as of July 24, 2009, certain information as to the common stock ownership of each of our named executive officers, directors, all executive officers and directors as a group and all persons known by us to be the beneficial owners of more than five percent of our common stock. The percentage of common stock beneficially owned is based on 11,962,021 shares of common stock outstanding as of July 24, 2009.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage of ownership held by that person, shares of common stock subject to options held by that person that are currently exercisable or will become exercisable within 60 days of July 24, 2009 are deemed outstanding, while these shares are not deemed outstanding for determining the percentage ownership of any other person. Unless otherwise indicated in the footnotes below, the persons and entities named in the table have sole voting and investment power with respect to all shares beneficially owned, subject to community property laws where applicable.
