SENSIENT TECHNOLOGIES CORPORATION
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(Unaudited)

1. Accounting Policies

In the opinion of Sensient Technologies Corporation (the Company), the accompanying unaudited consolidated condensed financial statements contain all adjustments (consisting of only normal recurring adjustments) which are necessary to present fairly the financial position of the Company as of June 30, 2009 and December 31, 2008, the results of operations for the three and six months ended June 30, 2009 and 2008, and cash flows for the six months ended June 30, 2009 and 2008. The results of operations for any interim period are not necessarily indicative of the results to be expected for the full year.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Expenses are charged to operations in the year incurred. However, for interim reporting purposes, certain expenses are charged to operations based on a proportionate share of estimated annual amounts rather than as they are actually incurred.

Refer to the notes in the Company's annual consolidated financial statements for the year ended December 31, 2008, for additional details of the Company's financial condition and a description of the Company's accounting policies, which have been continued without change.

2. Share-Based Compensation

The Company adopted Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share-Based Payment*, on January 1, 2006, using the modified prospective transition method. The Company recognized \$0.3 million and \$0.6 million of share-based compensation expense for the quarters ended June 30, 2009 and 2008, respectively. For the six months ended June 30, 2009 and 2008, the Company recognized \$1.0 million and \$0.8 million of share-based compensation expense, respectively.

The Company estimated the fair value of stock options using the Black-Scholes option pricing model. For the six months ended June 30, 2009, the Company did not issue any stock options. The weighted-average fair value of stock options awarded during the six months ended June 30, 2008 was \$6.77 per share. Significant assumptions used in estimating the fair value of the awards granted during the six months ended June 30, 2008 are as follows:

	2008
Dividend yield	2.3%
Volatility	26.3%
Risk-free interest rate	3.1%
Expected term (years)	5.3

3. Fair Value

On January 1, 2008, the Company adopted SFAS No. 157, *Fair Value Measurements*. This Statement defines fair value for financial assets and liabilities, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP) and expands disclosures about fair value measurements. As of June 30, 2009 and 2008, the Company's only assets and liabilities subject to this statement are forward contracts (all currently accounted for as cash flow hedges) and mutual fund investments. Both of these financial instruments were

previously being recorded by the Company at fair value that meets the requirements as defined by SFAS No. 157. There was no impact on the Company's net earnings and financial position as a result of adopting this standard. The fair value of the forward contracts based on current pricing obtained for comparable derivative products (Level 2 inputs per SFAS No. 157) at June 30, 2009 and 2008 was an asset of \$0.1 million and \$0.9 million, respectively. The fair value of the investments based on June 30, 2009 and 2008 market quotes (Level 1 inputs per SFAS No. 157) was an asset of \$13.1 million and \$16.4 million, respectively.

On June 30, 2009, the Company adopted Financial Accounting Standards Board Staff Position (FSP) No. 107-1, which extends the disclosure requirements of SFAS No. 107, *Disclosure about Fair Value of*

Table of Contents

Financial Instruments, to interim financial statements. The carrying values of the Company's cash and cash equivalents, trade accounts receivable, accounts payable, accrued expenses and short term borrowings approximated fair values as of June 30, 2009. The fair value of the Company's long-term debt, including current maturities, is estimated using discounted cash flows based on the Company's current incremental borrowing rates for similar types of borrowing arrangements. The carrying value of the long-term debt at June 30, 2009 was \$427.2 million. The fair value of the long-term debt at June 30, 2009 was \$430.8 million. There is no impact on the Company's net earnings or financial position as a result of adopting FSP No. 107-1.

4. Segment Information

Operating results by segment for the periods and at the dates presented are as follows:

(In thousands)	Flavors & Fragrances	Color	Corporate & Other	Consolidated

Table of Contents

Beginning in the first quarter of 2009, the Company's operations in Japan, previously reported in the Flavors & Fragrances Group, are reported in the Corporate and Other segment. Results for 2008 have been restated to reflect this change.

5. Inventories

At June 30, 2009 and December 31, 2008, inventories included finished and in-process products totaling \$275.3 million and \$269.8 million, respectively, and raw materials and supplies of \$102.8 million and \$111.4 million, respectively.

6. Retirement Plans

The Company's components of annual benefit cost for the defined benefit plans for the periods presented are as follows:

(In thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Service cost	\$ 311	\$ 338	\$ 615	\$ 669
Interest cost	747	751	1,470	1,498
Expected return on plan assets	(271)	(291)	(522)	(578)
Amortization of prior service cost	456	488	911	975
Amortization of actuarial loss	52	58	102	116
Defined benefit expense	\$ 1,295	\$ 1,344	\$ 2,576	\$ 2,680

During the three and six months ended June 30, 2009, the Company made contributions to its defined benefit pension plans of \$0.9 million and \$1.9 million, respectively. Total contributions to Company defined benefit pension plans are expected to be \$4.5 million in 2009.

7. Comprehensive Income

Comprehensive income is comprised of the following:

(In thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Net earnings	\$ 25,819	\$ 25,460	\$ 47,426	\$ 46,137
Currency translation adjustments	46,665	2,966	19,685	30,145
Net unrealized (loss) gain on cash flow hedges	(60)	603	60	1,183
Net comprehensive income	\$ 72,424	\$ 29,029	\$ 67,171	\$ 77,465

Table of Contents**8. Cash Flows from Operating Activities**

Cash flows from operating activities are detailed below:

(In thousands)	Six Months Ended June 30,	
	2009	2008
Cash flows from operating activities:		
Net earnings	\$ 47,426	\$ 46,137
Adjustments to arrive at net cash provided by operating activities:		
Depreciation and amortization	21,015	22,784
Share-based compensation	1,047	763
Loss on assets	616	878
Deferred income taxes	1,374	481
Changes in operating assets and liabilities	(16,033)	(32,557)
Net cash provided by operating activities	\$ 55,445	\$ 38,486

9. Debt

In October 2008, the Company entered into a \$105 million senior unsecured term loan agreement (Term Loan) with a group of five banks. In March 2009, the Company borrowed the entire \$105 million available and used the proceeds to repay amounts outstanding under the Company s committed revolving credit facility. On April 1, 2009, the Company retired the entire portion of the Company s public debt with proceeds from the Company s revolving credit facility. The Term Loan matures on June 15, 2012 and the interest rate on the Term Loan is based on floating rates at the Company s election of either (1) the higher of (a) the prime rate or (b) the federal funds rate plus 0.5% or (2) a Eurodollar base rate derived from LIBOR plus a margin (initially 225 basis points but subject to adjustment as the Company s leverage ratio changes). The Company may prepay the Term Loan in whole or in part prior to the maturity date without any penalty.

10. Derivative Instruments and Hedging Activity

On January 1, 2009, the Company adopted SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities*. This statement provides disclosure requirements pertaining to a Company s use of derivative instruments and its hedging activities. There is no impact on the Company s net earnings or financial position as a result of adopting this standard.

The Company may use derivative instruments for the purpose of hedging currency, commodity and interest rate exposures, which exist as part of ongoing business operations. As a policy, the Company does not engage in speculative or leveraged transactions, nor does the Company hold or issue financial instruments for trading purposes. Hedge effectiveness is determined by how closely the changes in the fair value of the hedging instrument offset the changes in the fair value or cash flows of the hedged transaction. Hedge accounting, which generally results in the deferral of derivative gains and losses until such time as the underlying transaction is recognized in net earnings, is permitted only if the hedging relationship is expected to be highly effective at the inception of the transaction and on an ongoing basis. Any ineffective portions are recognized in earnings immediately.

The Company manages its exposure to foreign exchange risk by the use of forward exchange contracts and foreign currency denominated debt to reduce the effect of fluctuating foreign currencies on short-term foreign currency denominated intercompany transactions, non-functional currency raw material purchases, non-functional currency sales and other known foreign currency exposures. These derivatives may or may not be designated as hedges under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. These forward exchange contracts have maturities of less than twelve months. The Company s primary hedging activities and their accounting treatment are summarized below:

Forward contracts designated as cash flow hedges The forward exchange contracts that have been designated as hedges are accounted for as cash flow hedges. The Company had \$6.3 million of forward exchange contracts, designated as hedges, outstanding as of June 30, 2009. The fair value of these forward exchange contracts as of June 30, 2009 was an asset of \$0.1 million classified in Other Assets in the Company's consolidated balance sheet. The gains or losses on these instruments are deferred in accumulated other comprehensive income (OCI) until the underlying transaction is recognized in net earnings. As of June 30, 2009, a loss of \$60,000 was deferred in OCI in the Company's consolidated balance sheet. For the three and six month period ended June 30, 2009, a loss of \$5,000 and a gain of \$1.3 million, respectively, were reclassified into earnings in the Company's consolidated statement of earnings which offset the earnings impact of the related non-functional asset or liability that was hedged in each of the same periods. Over the next twelve months, the Company expects to reclassify a loss of \$60,000 from OCI into net earnings.

Forward contracts not designated as cash flow hedges The Company also utilizes forward exchange contracts that are not designated as cash flow hedges under SFAS No. 133. These contracts are marked-to-market in net earnings immediately, at the same time as the non-functional asset or liability is marked-

Table of Contents

to-market in net earnings. The Company had \$19.8 million of forward exchange contracts, not designated as hedges, outstanding as of June 30, 2009 and recognized gains of \$1.3 million and \$0.5 million in net earnings for the three and six month period ended June 30, 2009, respectively, which offset the earnings impact of the related non-functional asset or liability in each of the same periods. As of June 30, 2009, the fair values of these forward contracts were an asset of \$20,000 and a liability of \$40,000 which were classified in Other Assets and Other Liabilities, respectively, in the Company's consolidated balance sheet. *Net investment hedges* The Company has certain debt denominated in Euros and Swiss Francs. These debt instruments have been designated as partial hedges of the Company's Euro and Swiss Franc net asset positions. Changes in the fair value of this debt attributable to changes in the spot foreign exchange rate are recorded in foreign currency translation in OCI. As of June 30, 2009, the total value of the Company's Euro and Swiss Franc debt was \$138.0 million. A loss of \$7.4 million and a gain of \$10,000 have been recorded as foreign currency translation in OCI for the three and six month period ended June 30, 2009.

11. Subsequent Events

On June 30, 2009, the Company adopted SFAS No. 165, *Subsequent Events*. This statement provides disclosure requirements regarding subsequent events. There is no impact on the Company's net earnings or financial position as a result of adopting this statement. As of August 7, 2009, the issue date of these interim financial statements, there have been no events or transactions that have occurred since June 30, 2009 or are pending that have a material effect on the Company's interim financial statements for the period ended June 30, 2009.

12. Commitments and Contingencies

Environmental Matters

The Company is involved in various significant environmental matters, which are described below. The Company is also involved in other site closure and related environmental remediation and compliance activities at a manufacturing site related to a 2001 acquisition by the Company for which reserves for environmental matters were established as of the date of purchase. Actions that are legally required are substantially complete.

Superfund Claim

In July 2004, the Environmental Protection Agency (EPA) notified the Company's subsidiary Sensient Colors Inc. (Sensient Colors) that it may be a potentially responsible party (PRP) under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) for activities at the General Color Company Superfund Site in Camden, New Jersey (the Site). The EPA requested reimbursement of \$10.9 million in clean-up costs, plus interest. Sensient Colors advised the EPA that the Site had been expressly excluded from the Company's 1988 stock purchase of H. Kohnstamm & Company, Inc. (now Sensient Colors). The selling shareholders had retained ownership of and liability for the Site, and some became owners of General Color Company, which continued to operate there until the mid-1990s. In a letter to the EPA in January 2005, the Company outlined legal challenges to the recoverability of certain costs and urged the EPA to pursue General Color Company and related parties. The EPA informed Sensient Colors that it was unwilling to discuss these legal challenges without prior conditions. In 2006, a private developer, Westfield Acres Urban Renewal Association II, LP, pursuant to an agreement with the EPA, began redevelopment efforts at the Site (construction of affordable housing) by demolishing buildings thereon. Thereafter, the EPA removed allegedly contaminated soil from the locations where the buildings once stood.

In March 2007, the United States filed a complaint in the U.S. District Court in New Jersey against Sensient Colors claiming over \$16 million in response costs allegedly incurred and to be incurred by the EPA pursuant to CERCLA. Sensient Colors moved to dismiss the United States' complaint, which motion was denied by the Court in October 2007. Sensient Colors timely filed its answer and affirmative defenses to the United States' complaint, as well as a third-party complaint against current and former owners and/or operators of the Site. The United States moved to strike Sensient Colors' affirmative defenses. In an August 12, 2008 Opinion and Order, following briefs and oral argument, the Court partly granted and partly denied the United States' motion, effectively preserving most of Sensient Colors' affirmative defenses, either as originally pled or with changes outlined by the Court. Sensient Colors promptly filed an amended pleading incorporating the revised

Table of Contents

affirmative defenses. On July 29, 2008, Sensient Colors filed a third-party complaint adding Kohnstamm Inc. (a Canadian affiliate of General Color Company) and its president Avtar Singh as defendants. In late August 2008, in the course of reviewing documents produced by the EPA, Sensient Colors discovered an e-mail exchange between EPA officials that Sensient Colors believes supports many of the legal theories and affirmative defenses advanced by Sensient Colors in the litigation and undermines key United States cost recovery claims. By letter dated August 26, 2008, based on the above document and other evidence adduced in the case, Sensient Colors demanded that the United States dismiss its case with prejudice and reimburse Sensient Colors for attorneys' fees and costs incurred. In response to the August 26, 2008 letter, the United States withdrew, without prejudice, its then-pending motion to limit the scope of review to EPA's administrative record and told the Court that it would respond to Sensient's letter by September 10, 2008. The United States then sought additional time for its review of Sensient Colors' demand. In an October 3, 2008 Letter Order, the Court directed the United States to provide Sensient with notice of its decision with respect to the demand for dismissal by October 31, 2008. In a letter to Sensient Colors dated October 31, 2008, the United States declined to voluntarily dismiss the case but agreed, with certain conditions, not to oppose depositions of current and former EPA employees on the issues raised in Sensient Colors' letter of August 26, 2008. The United States reserved its rights to seek limitations on discovery and to seek to limit review of EPA's choice of response action to the administrative record.

Using the evidence that supports its demand for dismissal, Sensient Colors moved for leave to amend its responsive pleading to include a new affirmative defense, a counterclaim against the United States and the EPA, and third-party claims against certain EPA employees or agents. After briefing, the motion for leave to amend was argued before the magistrate judge on November 18, 2008. On February 13, 2009, the magistrate issued an opinion and order denying Sensient Colors' motion for leave to amend. Sensient Colors appealed the magistrate's decision to the district court judge. On July 22, 2009, the district court judge issued a decision affirming the magistrate's opinion and order, largely on sovereign immunity grounds.

Sensient Colors also issued subpoenas or deposition notices to numerous current or former EPA officials. Motions were filed to block the depositions of former EPA Administrator Christine Todd Whitman, former EPA Regional Administrator Jane Kenny, and EPA On-Scene Coordinator David Rosoff. On January 28, 2009, the magistrate judge issued an opinion and order denying or delaying Sensient Color's ability to conduct the foregoing depositions. Sensient Colors exercised its right to appeal the magistrate's decision to the district court judge. On July 22, 2009, the district court judge issued a decision reversing the magistrate and ordering the depositions of Kenny and Rosoff to proceed.

On May 8, 2009, Sensient Colors filed a motion for summary judgment seeking dismissal with prejudice of the United States' claims. That motion is fully briefed and awaits action by the district court judge.

Sensient Colors intends to vigorously defend its interests in the litigation. It is evaluating, among other things, the pursuit of additional PRPs and additional challenges to the EPA's right to recover its claimed response costs. A portion of Sensient Colors' legal defense costs is being paid by insurers with a reservation of coverage rights. Litigation to resolve coverage issues is pending.

Pleasant Gardens Realty Corp. v. H. Kohnstamm & Co., et al.

The owner of Pleasant Gardens ("Property"), an apartment complex adjacent to the General Color Superfund Site, filed a complaint in New Jersey state court in November 2003 against H. Kohnstamm & Co. (now Sensient Colors), the Company, General Color Company, and unknown defendants. Plaintiff seeks to hold defendants liable, in an unspecified amount, for damages related to the alleged contamination of the Property. Plaintiff voluntarily dismissed the Company without prejudice. Sensient Colors filed an answer denying liability and asserting affirmative defenses. Limited discovery has occurred. In November 2006, the Camden Redevelopment Agency ("Agency") filed condemnation litigation against plaintiff (and other purported interested parties) to take the Property. Sensient Colors is not a party to the condemnation litigation. In advance of its filing, the Agency notified plaintiff that its appraiser had assessed the fair market value of the Property at \$7.7 million and that its environmental consultant had estimated the costs for environmental cleanup, purportedly to meet requirements of the New Jersey Department of Environmental Protection ("DEP"), at \$7.5 million. Sensient Colors and plaintiff

have pursued a reduction in the scope and cost of the Agency's proposed environmental cleanup in meetings with the DEP, the Agency and another party involved in the condemnation, the New Jersey Schools Construction Corporation (NJSCC). To the extent that there is a reduction in the condemnation value of the Property due to the Agency's remediation of contamination for which Sensient Colors is allegedly responsible, such reduction may become a part of the damages claimed by plaintiff. In March 2007, plaintiff filed an amended complaint naming the Agency, the NJSCC and the DEP as

Table of Contents

additional defendants in furtherance of this effort. In April 2007, Sensient Colors filed its answer to the amended complaint, including cross claims against these newly added parties. The Agency, the DEP and the New Jersey Schools Development Authority (NJSDA) (which replaced the NJSCC as a state agency effective August 7, 2007) each filed answers, cross-claims and counter-claims; Sensient Colors has responded to all three cross-claims. Document discovery was completed in July 2008, and expert and rebuttal expert reports have been exchanged. Depositions are on-going.

Sensient Colors advised the Court and the other parties in this litigation of the developments in the Superfund Claim as described above. Sensient Colors took supplemental depositions of several DEP officials and served subpoenas upon five current or former EPA officials. The United States, though not a party to the Pleasant Gardens case, initially sought to quash those subpoenas before the Pleasant Gardens court. On November 17, 2008, the United States removed the subpoenas and related proceedings to federal court. At an initial court conference on the removed proceedings on February 19, 2009, the federal magistrate judge asked for additional briefing on the issue of the government s standing to seek to quash the state court subpoenas. Briefing on the issue of standing and on the merits of the motion to quash has been completed and the parties await a decision from the magistrate judge.

On January 8, 2009, the judge recused himself from the Pleasant Gardens case (as well as the related insurance coverage case) because of a conflict of interest and the Pleasant Gardens case was reassigned to another judge. In light of the recusal and reassignment, the new judge re-scheduled the trial to commence no earlier than June 1, 2009, and indicated that depending on how certain outstanding discovery issues are resolved, the trial may be deferred further. On April 20, 2009 the court further extended the pretrial schedule and set a trial date for October 5, 2009. On July 24, 2009, Sensient Colors filed a motion for summary judgment on the grounds that the DEP s proposed remedy was arbitrary and capricious.

As of June 30, 2009, the liabilities related to environmental matters are estimated to be between \$0.7 million and \$29.0 million, excluding accrued interest and enforcement costs. As of June 30, 2009, the Company has accrued \$1.0 million, which is all related to the environmental reserves established in connection with a 2001 acquisition. This accrual represents management s best estimate of these liabilities; however, the actual liabilities may be above the levels reserved or estimated, in which case the Company would need to take charges or establish reserves in later periods. Also, the Company has not been able to make a reasonable estimate of the liabilities, if any, related to some of the environmental matters discussed above. The Company has not recorded any potential insurance recoveries related to these liabilities, as receipts are not yet assured. There can be no assurance that additional environmental matters will not arise in the future.

Commercial Litigation

The Company is involved in various claims and litigation arising in the normal course of business. In the judgment of management, which relies in part on information from Company counsel, the ultimate resolution of these actions will not materially affect the consolidated financial statements of the Company except as described above.

Table of Contents

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
OVERVIEW

Revenue for the second quarter of 2009 was \$304.0 million compared to \$332.8 million recorded in the prior year's second quarter. For the six months ended June 30, 2009, revenue was \$586.8 million compared to \$640.2 million in the prior year's first half. The impact of foreign exchange rates reduced consolidated revenue by 8.2% and 8.8% in the quarter and six months ended June 30, 2009, respectively. Revenue for the Flavors & Fragrances segment decreased 6.6% and 5.6% for the three and six months ended June 30, 2009, respectively, from the comparable periods last year. Color segment revenue decreased 12.7% and 13.9% for the second quarter and six months ended June 30, 2009, respectively, from the comparable periods last year. Corporate and Other revenue decreased 10.2% and 10.5% for the quarter and six months ended June 30, 2009, respectively, from the comparable periods last year. The impact of foreign exchange rates decreased quarterly revenue for the Flavors & Fragrances Group by 7.7%, the Color Group by 9.8% and Corporate and Other by 6.7%. The impact of foreign exchange rates decreased year-to-date revenue for the Flavors & Fragrances Group by 8.2%, the Color Group by 10.2% and Corporate and Other by 8.5%. Additional information on group results can be found in the Segment Information section.

The gross profit margin increased 60 basis points to 31.2% for the quarter ended June 30, 2009, from 30.6% for the same period in 2008. For the six months ended June 30, 2009 and 2008, the gross profit margin was 30.9% and 30.8%, respectively. Higher selling prices more than offset the increased cost of raw materials and unfavorable product mix in both periods.

Selling and administrative expenses as a percent of revenue were 16.9% and 17.1% in the quarters ended June 30, 2009 and 2008, respectively. For the six months ended June 30, 2009, selling and administrative expenses as a percent of revenue improved 60 basis points to 17.0%. Lower expense for performance based compensation and professional fees were partially offset by an increase in other employee related costs.

Operating income was \$43.3 million and \$44.9 million for the quarters ended June 30, 2009 and 2008, respectively. Operating income was \$81.6 million and \$84.5 million for the six months ended June 30, 2009 and 2008, respectively. The impact of foreign exchange rates reduced operating income by 9.5% and 10.5% in the quarter and six months ended June 30, 2009, respectively. The change in operating income was due to the revenue, margin and expense changes discussed above. Additional information can be found in the Segment Information section.

Interest expense for the second quarter of 2009 was \$5.7 million, a decrease of 33.4% from the prior year's quarter. Interest expense was \$12.9 million and \$17.1 million for the six months ended June 30, 2009 and 2008, respectively. The decrease was the result of lower interest rates combined with lower average debt balances.

The effective income tax rates were 31.3% and 30.0% for the quarters ended June 30, 2009 and 2008, respectively. The effective income tax rates were 31.0% and 31.6% for the six months ended June 30, 2009 and 2008, respectively. The effective tax rates in both 2009 and 2008 were reduced by changes in estimates associated with the finalization of prior year foreign tax items. The Company expects the effective tax rate for the remainder of 2009 to be 32.5%, excluding the income tax expense or benefit related to discrete items, which will be reported separately in the quarter in which they occur.

SEGMENT INFORMATION

Beginning in the first quarter of 2009, the Company's operations in Japan, previously reported in Flavors & Fragrances Group, are reported with the Asia Pacific Group. The Asia Pacific Group is included in the Corporate and Other segment. Results for 2008 have been restated to reflect this change.

Flavors & Fragrances

Revenue for the Flavors & Fragrances segment in the second quarters of 2009 and 2008 was \$197.6 million and \$211.5 million, respectively. The decrease was primarily due to the unfavorable impact of foreign exchange rates (\$16.3 million) and lower revenue in Europe (\$4.3 million). These items were partially offset by higher revenue in North America (\$5.4 million) and Latin America (\$1.3 million). The lower revenue in Europe was primarily due to lower volumes partially offset by higher selling prices. The increased revenue in North America

Table of Contents

and Latin America was primarily related to higher selling prices. Increased volumes of dehydrated flavors and dairy flavors were offset by decreased volumes of other products.

For the quarter ended June 30, 2009, operating income increased 1.6% to \$34.2 million from \$33.7 million last year. The increase was primarily attributable to higher profit in North America (\$2.7 million) and Latin America (\$0.4 million). The unfavorable impact of exchange rates decreased operating income by approximately \$2.2 million, or 6.7%. The increased operating income in the above markets was primarily due to improved pricing partially offset by higher raw material and unfavorable product mix. Operating income as a percent of revenue was 17.3%, an increase of 140 basis points from the comparable quarter last year, primarily due to the reasons provided above.

For the six months ended June 30, 2009 and 2008, revenue for the Flavors & Fragrances segment was \$382.1 million and \$404.7 million, respectively. The decrease in revenue was primarily due to the unfavorable impact of exchange rates (\$33.2 million) and lower revenue in Europe (\$2.3 million). These items were partially offset by higher revenue in North America (\$10.1 million) and Latin America (\$2.8 million). The lower revenue in Europe was primarily due to lower volumes partially offset by higher selling prices. The increased revenue in North America and Latin America was primarily due to higher selling prices. Increased volumes of dehydrated flavors and dairy flavors were offset by decreased volumes of other products.

Operating income was \$64.2 million and \$62.5 million for the six months ended June 30, 2009 and 2008, respectively. The increase in operating income was primarily related to North America (\$4.8 million) and Latin America (\$1.2 million). The unfavorable impact of exchange rates decreased operating profit by \$4.6 million, or 7.3%. The increases in North America and Latin America were primarily due to improved pricing partially offset by higher raw material costs and unfavorable product mix.

Color

Revenue for the Color segment for the second quarter of 2009 was \$93.7 million compared to \$107.3 million reported in the prior year's second quarter. The decrease in revenue was primarily due to the unfavorable effect of foreign exchange rates (\$10.6 million) and lower sales of non-food colors (\$5.3 million). Sales of food and beverage colors were up \$2.2 million in the quarter, primarily due to higher selling prices. The lower sales of non-food colors were primarily due to lower volumes as a result of current economic conditions.

Operating income for the quarter ended June 30, 2009, was \$15.0 million versus \$19.3 million in the comparable period last year. The decrease was primarily due to the unfavorable impact of foreign exchange rates (\$1.9 million) and lower profit in non-food colors (\$2.4 million). The lower profit in non-food colors was primarily driven by lower volumes combined with increased raw material costs. The Group expects margins will improve over the remainder of 2009 as a result of increased selling prices and reduced raw material costs. Operating income as a percent of revenue was 16.0% compared to 18.0% in the prior year's quarter.

The Color Group revenue was \$180.8 million and \$210.1 million for the six months ended June 30, 2009 and 2008, respectively. The decrease was primarily due to the unfavorable impact of foreign exchange rates (\$21.5 million) and lower sales of non-food colors (\$10.3 million). Sales of food and beverage colors were up \$2.5 million for the six months ended June 30, 2009, primarily related to higher selling prices. The lower sales of non-food colors were primarily due to lower volumes as a result of current economic conditions.

Operating income was \$28.7 million and \$37.8 million for the six months ended June 30, 2009 and 2008, respectively. The decrease was primarily due to the unfavorable impact of foreign exchange rates (\$3.9 million), lower profit in non-food colors (\$3.4 million) and lower profit on sales of food and beverage colors (\$1.7 million). The lower profit in non-food colors was primarily due to reduced volumes and higher raw material costs. The lower profit from sales of food and beverage colors was primarily due to higher raw material costs and lower volumes partially offset by higher selling prices. Operating income as a percent of revenue was 15.9% compared to 18.0% in the prior year's first six months.

LIQUIDITY AND FINANCIAL CONDITION

The Company's ratio of debt to total capital improved to 34.7% as of June 30, 2009, from 37.0% as of December 31, 2008. The improvement was due to higher equity and lower outstanding debt balances.

Net cash provided by operating activities was \$55.4 million for the six months ended June 30, 2009, compared to \$38.5 million for the comparable period last year. The increase in cash provided by operating activities was primarily due to less cash required to fund working capital increases in the first six months of 2009 compared to the same period in 2008.

Table of Contents

Net cash used in investing activities was \$20.0 million and \$21.4 million for the six months ended June 30, 2009 and 2008, respectively. Capital expenditures were \$19.6 million and \$22.9 million for the year-to-date periods ended June 30, 2009 and 2008, respectively.

Net cash used in financing activities was \$26.5 million in the first six months of 2009 and \$18.0 million in the comparable period of 2008. In the first six months of 2009, net repayments on debt were \$12.6 million compared to \$12.5 million for the first six months of 2008. For purposes of the cash flow statement, net changes in debt exclude the impact of foreign exchange rates. Dividends of \$18.5 million and \$17.2 million were paid during the six months ended June 30, 2009 and 2008, respectively, reflecting the Company's higher dividend of \$0.38 per share in the first half of 2009 compared to \$0.36 per share in the same period in 2008. In the first six months of 2009 and 2008, the Company's cash provided from operations was able to fund capital expenditures and pay dividends.

The Company's financial position remains strong. In the first quarter of 2009, the Company borrowed under its term loan that was completed in October 2008. The proceeds from this term loan were used to retire maturing debt. The Company expects that its cash flows from operations and existing lines of credit can be used to meet future cash requirements for operations, capital expenditures and dividend payments to shareholders.

CONTRACTUAL OBLIGATIONS

There have been no material changes in the Company's contractual obligations during the quarter ended June 30, 2009. For additional information about contractual obligations, refer to page 23 of the Company's 2008 Annual Report, portions of which were filed as Exhibit 13.1 to the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

OFF-BALANCE SHEET ARRANGEMENTS

The Company had no off-balance sheet arrangements as of June 30, 2009.

CRITICAL ACCOUNTING POLICIES

There have been no material changes in the Company's critical accounting policies during the quarter ended June 30, 2009. For additional information about critical accounting policies, refer to pages 21 and 22 of the Company's 2008 Annual Report, portions of which were filed as Exhibit 13.1 to the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in the Company's exposure to market risk during the quarter ended June 30, 2009. For additional information about market risk, refer to pages 22 and 23 of the Company's 2008 Annual Report, portions of which were filed as Exhibit 13.1 to the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures: The Company carried out an evaluation, under the supervision and with the participation of management, including the Company's Chairman and Chief Executive Officer and its Senior Vice President and Chief Financial Officer, of the effectiveness, as of the end of the period covered by this report, of the design and operation of the disclosure controls and procedures, as defined in Rule 13a-15(e) of the Exchange Act of 1934. Based upon that evaluation, the Company's Chairman and Chief Executive Officer and its Senior Vice President and Chief Financial Officer have concluded that the disclosure controls and procedures were effective as of the end of the period covered by this report.

Change in Internal Control Over Financial Reporting: There has been no change in the Company's internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) during the Company's most recent quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements that reflect management's current assumptions and estimates of future economic circumstances, industry conditions, Company performance and financial results. Forward-looking statements include statements in the future tense, statements referring to any period after June 30, 2009, and statements including the terms expect, believe, anticipate and other similar terms that express expectations as to future events or conditions. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for such forward-looking statements. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors that could cause actual events to differ materially from those expressed in those statements. A variety of factors could cause the Company's actual results and experience to differ materially from the anticipated results. These factors and assumptions include the pace and nature of new product introductions by the Company's customers; the Company's ability to successfully implement its growth strategies; the outcome of the Company's various productivity-improvement and cost-reduction efforts; changes in costs of raw materials and energy; industry and economic factors related to the Company's domestic and international business; competition from other suppliers of color, flavors and fragrances; growth or contraction in markets for products in which the Company competes; terminations and other changes in customer relationships; industry and customer acceptance of price increases; currency exchange rate fluctuations; cost and availability of credit; results of litigation, environmental investigations or other proceedings; complications as a result of existing or future information technology system applications and hardware; the matters discussed under Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2008; and the matters discussed above under Item 2 including the critical accounting policies described therein. The Company does not undertake to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied therein will not be realized.

Table of Contents

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Superfund Claim

In July 2004, the Environmental Protection Agency (EPA) notified the Company s subsidiary Sensient Colors Inc. (Sensient Colors) that it may be a potentially responsible party (PRP) under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) for activities at the General Color Company Superfund Site in Camden, New Jersey (the Site). The EPA requested reimbursement of \$10.9 million in clean-up costs, plus interest. Sensient Colors advised the EPA that the Site had been expressly excluded from the Company s 1988 stock purchase of H. Kohnstamm & Company, Inc. (now Sensient Colors). The selling shareholders had retained ownership of and liability for the Site, and some became owners of General Color Company, which continued to operate there until the mid-1990s. In a letter to the EPA in January 2005, the Company outlined legal challenges to the recoverability of certain costs and urged the EPA to pursue General Color Company and related parties. The EPA informed Sensient Colors that it was unwilling to discuss these legal challenges without prior conditions. In 2006, a private developer, Westfield Acres Urban Renewal Association II, LP, pursuant to an agreement with the EPA, began redevelopment efforts at the Site (construction of affordable housing) by demolishing buildings thereon. Thereafter, the EPA removed allegedly contaminated soil from the locations where the buildings once stood.

In March 2007, the United States filed a complaint in the U.S. District Court in New Jersey against Sensient Colors claiming over \$16 million in response costs allegedly incurred and to be incurred by the EPA pursuant to CERCLA. Sensient Colors moved to dismiss the United States complaint, which motion was denied by the Court in October 2007. Sensient Colors timely filed its answer and affirmative defenses to the United States complaint, as well as a third-party complaint against current and former owners and/or operators of the Site. The United States moved to strike Sensient Colors affirmative defenses. In an August 12, 2008 Opinion and Order, following briefs and oral argument, the Court partly granted and partly denied the United States motion, effectively preserving most of Sensient Colors affirmative defenses, either as originally pled or with changes outlined by the Court. Sensient Colors promptly filed an amended pleading incorporating the revised affirmative defenses. On July 29, 2008, Sensient Colors filed a third-party complaint adding Kohnstamm Inc. (a Canadian affiliate of General Color Company) and its president Avtar Singh as defendants.

In late August 2008, in the course of reviewing documents produced by the EPA, Sensient Colors discovered an e-mail exchange between EPA officials that Sensient Colors believes supports many of the legal theories and affirmative defenses advanced by Sensient Colors in the litigation and undermines key United States cost recovery claims. By letter dated August 26, 2008, based on the above document and other evidence adduced in the case, Sensient Colors demanded that the United States dismiss its case with prejudice and reimburse Sensient Colors for attorneys fees and costs incurred. In response to the August 26, 2008 letter, the United States withdrew, without prejudice, its then-pending motion to limit the scope of review to EPA s administrative record and told the Court that it would respond to Sensient s letter by September 10, 2008. The United States then sought additional time for its review of Sensient Colors demand. In an October 3, 2008 Letter Order, the Court directed the United States to provide Sensient with notice of its decision with respect to the demand for dismissal by October 31, 2008. In a letter to Sensient Colors dated October 31, 2008, the United States declined to voluntarily dismiss the case but agreed, with certain conditions, not to oppose depositions of current and former EPA employees on the issues raised in Sensient Colors letter of August 26, 2008. The United States reserved its rights to seek limitations on discovery and to seek to limit review of EPA s choice of response action to the administrative record.

Using the evidence that supports its demand for dismissal, Sensient Colors moved for leave to amend its responsive pleading to include a new affirmative defense, a counterclaim against the United States and the EPA, and third-party claims against certain EPA employees or agents. After briefing, the motion for leave to amend was argued before the magistrate judge on November 18, 2008. On February 13, 2009, the magistrate issued an opinion and order denying Sensient Colors motion for leave to amend. Sensient Colors appealed the magistrate s decision to the district court judge. On July 22, 2009, the district court judge issued a decision affirming the magistrate s opinion and order, largely on sovereign immunity grounds.

Sensient Colors also issued subpoenas or deposition notices to numerous current or former EPA officials. Motions were filed to block the depositions of former EPA Administrator Christine Todd Whitman, former EPA Regional Administrator Jane Kenny, and EPA On-Scene Coordinator David Rosoff. On January 28, 2009,

Table of Contents

the magistrate judge issued an opinion and order denying or delaying Sensient Color's ability to conduct the foregoing depositions. Sensient Colors exercised its right to appeal the magistrate's decision to the district court judge. On July 22, 2009, the district court judge issued a decision reversing the magistrate and ordering the depositions of Kenny and Rosoff to proceed.

On May 8, 2009, Sensient Colors filed a motion for summary judgment seeking dismissal with prejudice of the United States' claims. That motion is fully briefed and awaits action by the district court judge.

Sensient Colors intends to vigorously defend its interests in the litigation. It is evaluating, among other things, the pursuit of additional PRPs and additional challenges to the EPA's right to recover its claimed response costs. A portion of Sensient Colors' legal defense costs is being paid by insurers with a reservation of coverage rights.

Litigation to resolve coverage issues is pending.

Pleasant Gardens Realty Corp. v. H. Kohnstamm & Co., et al.

The owner of Pleasant Gardens (Property), an apartment complex adjacent to the General Color Superfund Site, filed a complaint in New Jersey state court in November 2003 against H. Kohnstamm & Co. (now Sensient Colors), the Company, General Color Company, and unknown defendants. Plaintiff seeks to hold defendants liable, in an unspecified amount, for damages related to the alleged contamination of the Property. Plaintiff voluntarily dismissed the Company without prejudice. Sensient Colors filed an answer denying liability and asserting affirmative defenses. Limited discovery has occurred. In November 2006, the Camden Redevelopment Agency (Agency) filed condemnation litigation against plaintiff (and other purported interested parties) to take the Property. Sensient Colors is not a party to the condemnation litigation. In advance of its filing, the Agency notified plaintiff that its appraiser had assessed the fair market value of the Property at \$7.7 million and that its environmental consultant had estimated the costs for environmental cleanup, purportedly to meet requirements of the New Jersey Department of Environmental Protection (DEP), at \$7.5 million. Sensient Colors and plaintiff have pursued a reduction in the scope and cost of the Agency's proposed environmental cleanup in meetings with the DEP, the Agency and another party involved in the condemnation, the New Jersey Schools Construction Corporation (NJSCC). To the extent that there is a reduction in the condemnation value of the Property due to the Agency's remediation of contamination for which Sensient Colors is allegedly responsible, such reduction may become a part of the damages claimed by plaintiff. In March 2007, plaintiff filed an amended complaint naming the Agency, the NJSCC and the DEP as additional defendants in furtherance of this effort. In April 2007, Sensient Colors filed its answer to the amended complaint, including cross claims against these newly added parties. The Agency, the DEP and the New Jersey Schools Development Authority (NJSDA) (which replaced the NJSCC as a state agency effective August 7, 2007) each filed answers, cross-claims and counter-claims; Sensient Colors has responded to all three cross-claims. Document discovery was completed in July 2008, and expert and rebuttal expert reports have been exchanged. Depositions are on-going.

Sensient Colors advised the Court and the other parties in this litigation of the developments in the Superfund Claim as described above. Sensient Colors took supplemental depositions of several DEP officials and served subpoenas upon five current or former EPA officials. The United States, though not a party to the Pleasant Gardens case, initially sought to quash those subpoenas before the Pleasant Gardens court. On November 17, 2008, the United States removed the subpoenas and related proceedings to federal court. At an initial court conference on the removed proceedings on February 19, 2009, the federal magistrate judge asked for additional briefing on the issue of the government's standing to seek to quash the state court subpoenas. Briefing on the issue of standing and on the merits of the motion to quash has been completed and the parties await a decision from the magistrate judge.

On January 8, 2009, the judge recused himself from the Pleasant Gardens case (as well as the related insurance coverage case) because of a conflict of interest and the Pleasant Gardens case was reassigned to another judge. In light of the recusal and reassignment, the new judge re-scheduled the trial to commence no earlier than June 1, 2009, and, indicated that depending on how certain outstanding discovery issues are resolved, the trial may be deferred further. On April 20, 2009 the court further extended the pretrial schedule and set a trial date for October 5, 2009. On July 24, 2009, Sensient Colors filed a motion for summary judgment on the grounds that the DEP's proposed remedy was arbitrary and capricious.

The Company is involved in various claims and litigation arising in the normal course of business. In the judgment of management, which relies in part on information from Company counsel, the ultimate resolution of these actions will not materially affect the consolidated financial statements of the Company except as described above.
