PROXY STATEMENT

**2009 ANNUAL MEETING OF STOCKHOLDERS OF PAYCHEX, INC.
TO BE HELD ON OCTOBER 13, 2009**

This Proxy Statement is being mailed to stockholders of Paychex, Inc. (Paychex , the Company , we, or our), a Delaware corporation, on or about September 3, 2009, in connection with the solicitation of proxies by the Board of Directors of the Company (the Board) to be voted at the 2009 Annual Meeting of Stockholders (the Annual Meeting). The Annual Meeting will be held on Tuesday, October 13, 2009 at 10:00 a.m. Eastern Time at the Rochester Riverside Convention Center, 123 East Main Street, Rochester, New York.

Stockholders Entitled to Vote; Outstanding Shares; Quorum

Paychex has one class of shares outstanding, designated common stock, \$0.01 par value per share. The Board has fixed the close of business on August 14, 2009 as the record date for determining the holders of common stock entitled to notice of, and to vote at, the Annual Meeting. As of the record date, 361,757,338 shares of common stock were issued and outstanding. A majority of the outstanding shares (180,878,670 shares) present at the Annual Meeting in person or by proxy will constitute a quorum. A quorum is necessary to hold a valid meeting. Stockholders will be entitled to one vote for each share of common stock held as of the record date.

How to Vote

Your vote is very important and we hope that you will attend the Annual Meeting. However, whether or not you plan to attend the Annual Meeting, please vote by proxy in accordance with the instructions on your proxy card, voting instruction form (from your bank or broker), or the instructions that you received through electronic mail. There are three convenient ways to submit your vote by proxy:

Voting by Internet You can vote via the Internet by visiting the website noted on your proxy card. Internet voting is available 24 hours a day. We encourage you to vote via the Internet, as it is the most cost-effective way to vote.

Voting by telephone You can also vote your shares by telephone by calling the toll-free telephone number indicated on your proxy card and following the voice prompt instructions. Telephone voting is available 24 hours a day.

Voting by mail If you choose to vote by mail, simply mark your proxy card, sign and date it, and return it in the enclosed postage-paid envelope. If you elected to electronically access the Proxy Statement and Annual Report, you will not be receiving a proxy card and must vote via the Internet.

The deadline for Internet or telephone voting is 11:59 p.m. Eastern Time on Monday, October 12, 2009. If you vote by telephone or the Internet, you do not need to return your proxy card.

Signing and returning your proxy card or submitting your proxy via the Internet or by telephone does not affect your right to vote in person if you attend the Annual Meeting and your shares are registered in your name. If your shares are held in the name of a bank, broker, or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting.

Revoking Your Proxy

You can revoke your proxy at any time prior to it being voted at the Annual Meeting by:

providing written notice of revocation to the Secretary of the Company;

submitting a later-dated proxy via the Internet, telephone, or mail; or

voting in person at the Annual Meeting.

Table of Contents**General Information on Voting**

All votes properly cast and not revoked will be voted at the Annual Meeting in accordance with the stockholder's directions. Shares voted by proxy card received without choices specified will be voted **FOR** the seven nominees for election to the Board and **FOR** the ratification of the selection of the independent registered public accounting firm (the independent accountants).

Abstentions are counted for the purpose of establishing a quorum and will have the same effect as a vote against a proposal (other than the election of directors). Broker non-votes occur when a broker does not vote on a non-routine matter because the broker does not have discretionary voting power for that proposal and has not received instructions from the beneficial owner to vote. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal and thus will not affect the outcome of the vote.

Vote Required

Our By-laws provide that each director shall be elected by a majority of the votes cast for the director at any meeting for the election of directors at which a quorum is present, provided that if the number of nominees exceeds the number of directors to be elected, the directors shall be elected by the vote of a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. A majority of the votes cast means that the number of shares voted for the election of a director nominee must exceed the number of votes cast against the nominee. If a nominee that is an incumbent director does not receive a required majority of the votes cast, the director shall offer to tender his or her resignation to the Board. The Governance and Compensation Committee of the Board shall consider such offer and will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will consider the committee's recommendation and will determine whether to accept such offer.

The table below shows the vote required to approve each of the proposals described in this Proxy Statement, assuming the presence of a quorum at the Annual Meeting.

Proposal Number	Proposal Description	Vote Required
Proposal 1	Election of seven nominees to the Board of Directors	Majority of the votes duly cast*
Proposal 2	Ratification of the selection of the independent registered public accounting firm	Majority of the votes duly cast*

* without regard to broker non-votes

Voting by Participants in the Paychex Employee Stock Ownership Plan Stock Fund

If a stockholder is a participant in the Paychex Employee Stock Ownership Plan Stock Fund (ESOP) of the Paychex 401(k) Incentive Retirement Plan (the 401(k) Plan), the proxy card also will serve as a voting instruction for Fidelity Management Trust Company (the Trustee), where all accounts are registered in the same name. As a participant in the

ESOP, the stockholder has the right to direct the Trustee, who is the holder of record, regarding how to vote the shares of common stock credited to the participant's account at the Annual Meeting. The participant's voting instructions will be tabulated confidentially. Only the Trustee and/or the tabulator will have access to the participant's individual voting direction. If voting instructions for the shares of common stock in the ESOP are not received, those shares will be voted by the Trustee in the same proportions as the shares for which voting instructions were received from other participants in the ESOP. Voting by ESOP participants will close at 11:59 p.m. Eastern Time on October 7, 2009. The Trustee will then vote all shares of common stock held in the ESOP by the established deadline.

Table of Contents**DIRECTOR COMPENSATION****FOR THE FISCAL YEAR ENDED MAY 31, 2009**

Director compensation is set by the Governance and Compensation Committee, and approved by the Board. The Board's authority cannot be delegated to another party. The Company compensates the independent directors of the Board using a combination of cash and equity-based compensation. The committee is advised on matters of Board compensation by their retained consultants, Watson Wyatt Worldwide (Watson Wyatt), whom are independent from management. The Company's management does not play a role in setting Board compensation. Jonathan J. Judge, President and Chief Executive Officer (CEO) of the Company, receives no compensation for his services as a director. The compensation received by Mr. Judge in his role as CEO is shown in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement.

In July 2008, the Board approved a change to the cash and equity-based compensation structure for independent directors by replacing the meeting fee with an annual retainer and changing the proportion of stock options and restricted stock awarded. In total, the value of the compensation to be realized by each director is substantially unchanged. However, the new structure is more in line with current market trends at companies within our peer group in terms of pay levels and composition. The peer group is a select group of comparable companies, and is discussed further on pages 18 and 19 of this Proxy Statement. Refer to the discussions below under Cash Compensation and Equity-Based Compensation regarding the impact to the respective compensation components.

Cash Compensation

Effective with the October 2008 Board meeting, the annual cash compensation paid to the independent directors is as follows:

Compensation Element	Amount
Annual Cash Retainer, applicable to all independent directors	\$ 45,000
Audit Committee Member Annual Retainer	\$ 7,500
Governance and Compensation Committee Member Annual Retainer	\$ 5,000
Investment Committee Member Annual Retainer	\$ 5,000
Executive Committee Member Annual Retainer	\$ 5,000
Audit Committee Chairman Annual Retainer	\$ 15,000
Governance and Compensation Committee Chairman Annual Retainer	\$ 7,500

The cash compensation component was revised, as noted above, to be solely annual retainers, which are paid in quarterly installments. The retainers for the chairmen of the Audit Committee and Governance and Compensation Committee were included to provide additional compensation for those Board members who contribute additional time in preparation for committee meetings. Prior to October 2008, the independent directors received a combination of annual retainers and meeting fees.

For the year ended May 31, 2009 (fiscal 2009), Mr. Golisano, who is not an independent director, received an annual salary of \$140,000 for his services as Chairman of the Board. The Chairman does not receive any other director fees or equity-based compensation.

Table of Contents**Equity-Based Compensation**

Equity-based compensation consists of a blend of stock options and restricted stock. In July 2008, each independent director received an award under the Company's 2002 Stock Incentive Plan, as amended and restated effective October 12, 2005 (the 2002 Plan), as follows:

	Restricted Stock Awards	Option Awards
Grant Date	July 10, 2008	July 10, 2008
Exercise Price	NA	\$31.95
Quantity	1,875	6,250
Vesting Schedule	On the third anniversary of the date of grant.	One-third per annum over three years from the date of grant.
Certain Restrictions	Shares may not be sold during the director's tenure as a member of the Board, except as necessary to satisfy tax obligations.	
Other	Upon the discretion of the Board, unvested shares may be accelerated in whole or in part for certain events including, but not limited to, director retirement. ⁽¹⁾	In the event of death or disability of a Board member, unvested options will vest in full and be immediately exercisable. Unvested options outstanding upon the retirement of a Board member will be canceled.

⁽¹⁾ Retirement eligibility for this purpose begins at age 55 or older with ten years of service as a member of the Board.

The equity-based compensation structure for the independent directors was revised in July 2008, and became based on a total fixed value of \$120,000 per director, with approximately 50% awarded in the form of stock options and 50% in the form of restricted stock. The quantity of equity awards granted varies based on the estimated fair value as of the grant date. Prior to July 2008, the independent directors received a fixed quantity of equity awards. The \$120,000 fixed value used to determine the quantity of equity awards in July 2008 was consistent with the fair value of the equity awards awarded in July 2007, and was part of the total compensation change for the independent directors as previously discussed.

In July 2009, the Board granted each independent director 6,250 options to purchase shares of the Company's common stock at an exercise price of \$24.21 per share and 1,875 shares of restricted stock, with terms similar to the equity awards granted in July 2008. This award is consistent with the number of options and shares granted in July 2008 and has a calculated total value of approximately \$75,000. This represents a reduction from the \$120,000 fixed value utilized in the prior year. The Board determined that it was not in the best interest of the Company's stockholders, in the current economic conditions, to base directors' equity compensation on the established total fixed value of \$120,000.

Deferred Compensation Plan for Directors

We maintain a non-qualified and unfunded deferred compensation plan in which all independent directors are eligible to participate. Directors may elect to defer up to 100% of their Board cash compensation. Gains and losses are credited based on the participant's selection of a variety of designated investment choices, which the participant may change at any time. We do not match any participant deferral or guarantee a certain rate of return. The interest rates earned on these investments are not above-market or preferential. Refer to page 30 of this Proxy Statement for a listing of investment funds available to a participant and the annual rates of return on those funds. Mr. Flaschen defers 100% of his Board cash compensation under this plan. No other directors participate in the plan at this time.

Benefits

We reimburse each director for expenses associated with attendance at Board and committee meetings. Mr. Golisano also receives access to the Company's standard health and life insurance plans and receives Company matching contributions, when in effect for all employees, into his account in the 401(k) Plan.

Stock Ownership Guidelines

The Governance and Compensation Committee set stock ownership guidelines for our independent directors with a value of four times his or her annual Board retainer, excluding any committee retainers. The ownership guidelines were established to provide long-term alignment with stockholders' interests. The independent directors are expected to attain the ownership guideline within five years after the later of first becoming a director or the initial adoption of the guideline. For the purpose of achieving the ownership guideline, unvested restricted stock awarded to the directors is included.

Directors must adhere to strict standards with regards to trading in the Company's stock. They may not, among other things:

- speculatively trade in the Company's stock;
- short sell any securities of the Company; or
- buy or sell puts or calls on the Company's securities.

(1) The amounts in this column are as described previously under Cash Compensation.

(2) The amounts in this column reflect the value determined by the Company for accounting purposes of restricted stock awards and do not reflect whether the recipient has actually realized a financial value from these awards (such as lapse in a restricted stock award). The amounts in this column represent the dollar amount recognized as expense in the Company's consolidated financial statements for fiscal 2009 for the fair value of these awards in accordance with Statement of Financial Accounting Standards (SFAS) No. 123 (revised) (No. 123R), Share-Based Payment. Pursuant to SEC rules, the amounts disclosed disregard estimates of forfeitures of awards that have been included in the financial statement reporting for such awards. The fair value of restricted stock awards is determined based on the closing price of the underlying common stock on the date of grant. The resulting fair values were as follows: \$31.95 per share for the July 10, 2008 grant; \$43.91 per share for the July 17, 2007 grant; and \$36.87 per share for the July 13, 2006 grant. Refer to Note C of the Notes to Consolidated Financial Statements contained in Item 8 of our fiscal 2009 Annual Report on Form 10-K (Form 10-K) for further discussion of restricted stock awards.

(3) The amounts in this column reflect the value determined by the Company for accounting purposes of stock option awards and do not reflect whether the recipient has actually realized a financial value from these awards (such as by exercising stock options). The amounts in this column represent the dollar amount recognized as expense in the Company's consolidated financial statements for fiscal 2009 for the fair value of these awards in accordance with SFAS No. 123R, and thus include amounts from awards granted prior to June 1, 2006. The fair value was determined using a Black-Scholes option pricing model in accordance with SFAS No. 123R for grants since June 1, 2006. Grants prior to June 1, 2006 were valued using a Black-Scholes option pricing model in accordance with SFAS No. 123, Accounting for Stock-Based Compensation. Pursuant to SEC rules, the amounts disclosed disregard estimates of forfeitures of awards that have been included in the financial statement reporting for such awards. Included in these amounts are grants of option awards in July 2004, July 2005, July 2006, July 2007, and July 2008. Refer to note 2 on pages 24 and 25 of this Proxy Statement for the assumptions and resulting per share fair value for these option awards. Refer to Note C of the Notes to Consolidated Financial Statements contained in Item 8 of our fiscal 2009 Form 10-K for further discussion of option awards and the relevant assumptions used in

the calculation of the grant date fair value.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board and is composed entirely of independent directors. The Audit Committee is governed by a written charter and its primary responsibilities are highlighted in the Corporate Governance section of this Proxy Statement.

Paychex management is responsible for the preparation of the financial statements, the financial reporting process, and for the Company's internal controls over financial reporting. Ernst & Young LLP, the Company's independent accountants, is responsible for performing independent audits of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board. The independent accountants are also responsible for expressing an opinion on the effectiveness of the Company's internal controls over financial reporting. The Audit Committee monitors and oversees these processes.

As part of the oversight processes, the Audit Committee regularly meets with management, the Company's internal auditors, and the independent accountants. The Audit Committee meets with the internal auditors and independent accountants, with and without management present, to discuss the overall scope and plans for various audits, results of their examinations, their evaluations of the Company's internal controls, and the overall quality and effectiveness of the Company's financial reporting process and legal and ethical compliance programs, including the Company's Code of Business Ethics and Conduct. The Audit Committee held six meetings during fiscal 2009 and had full access to each of the aforementioned parties.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management and the independent accountants the consolidated financial statements for fiscal 2009, including a discussion on the quality and acceptability of the Company's accounting policies, the reasonableness of significant judgments and estimates, and the clarity of disclosures in the consolidated financial statements. The Audit Committee also monitored the progress and results of testing of internal controls over financial reporting, reviewed reports from management and internal audit regarding design, operation, and effectiveness of internal controls over financial reporting, and reviewed the report from the independent accountants regarding the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. The independent accountants have provided the Audit Committee with written disclosures and the letter required by the Public Company Accounting Oversight Board regarding independent accountants' communications with the audit committee concerning independence, and the Audit Committee has discussed with the independent accountants and management the accountants' independence. There were no non-audit services provided to the Company by the independent accountants during fiscal 2009 that required consideration by the Audit Committee.

Based upon the reviews and discussions referred to above, the Audit Committee recommended and the Board approved that the audited consolidated financial statements be included in the Company's Form 10-K for fiscal 2009 for filing with the SEC. The Audit Committee has recommended for approval by the Board the selection of the Company's independent accountants.

The Board is elected by the stockholders to oversee the overall success of the Company, review its operational and financial capabilities, and periodically assess its long-term strategic objectives. The Board serves as the final decision-making body of the Company, except for those matters for which authority is reserved for, or shared with, the stockholders. The Board selects and oversees the members of senior management, who are charged by the Board with conducting the day-to-day business of the Company.

The Board held four meetings during fiscal 2009. To the extent practicable, directors are expected to attend all Board meetings and meetings of the committees on which they serve. All directors attended the 2008 Annual Meeting of Stockholders.

Regularly scheduled executive sessions of the independent members of the Board, without members of management, are held in conjunction with meetings of the Board. When required or as appropriate, matters presented to the Board by the Governance and Compensation Committee are discussed and decided upon by the independent directors, which in fiscal 2009 were all directors except for Mr. Golisano and Mr. Judge. The Board has selected Mr. Tucci to preside at all executive sessions of the independent directors.

Nomination Process

The Governance and Compensation Committee performs the function of our nominating committee. The Board has determined that it is necessary for the continued success of the Company to ensure that the Board is composed of individuals having a variety of complementary experience, education, training, and relationships relevant to the then-current needs of the Board and the Company. The Board's Nomination Policy included in the Governance and Compensation Committee Charter is intended to achieve this result.

In evaluating candidates for nomination to the Board, the Nomination Policy requires Governance and Compensation Committee members to consider the contribution that a candidate for nomination would be expected to make to the Board and the Company, based upon the current composition and needs of the Board, and the candidate's demonstrated business judgment, leadership abilities, integrity, prior experience, education, training, relationships, and other factors

that the Board determines relevant. In identifying candidates for nomination to fill vacancies created by the expiration of the term of any incumbent director, the Nomination Policy requires Governance and Compensation Committee members to determine whether such incumbent director is willing to stand for re-election and, if so, to take into consideration the value to the Board and to the Company of their continuity and familiarity with the Company's business. The Board has previously used a third-party search firm to identify director candidates and the charter authorizes the Governance and Compensation Committee to continue this practice.

The Nomination Policy requires the Governance and Compensation Committee to consider candidates for nomination to the Board recommended by any reasonable source, including stockholders. Stockholders who wish to do so may recommend candidates for nomination by identifying such candidates and providing relevant biographical information in written communications to the chairman of the Governance and Compensation

Policy on Transactions with Related Persons

It is the Company's policy to avoid transactions with related persons. However, there may be occasions when a transaction with a related person is in the best interest of the Company. The Company's policies and procedures for review and approval of related persons transactions appear in the Company's Standards of Conduct, Conflict of Interest, and Employment of Relatives Standards, which are internally distributed, and in the Company's Code of Business Ethics and Conduct, which is posted on the Company's website.

For all employees, these policies and procedures require the employee to disclose, and the Company to review and determine if a conflict of interest exists for specified transactions, which include certain financial interests in or relationships with any supplier, customer, partner, subcontractor, or competitor; serving on the board of non-profit organizations; and engaging in any activity that could create the appearance of a conflict of interest, including financial involvement or dealings with employees or representatives of the types of entities listed above. For officers, the Company's Chief Financial Officer (CFO) oversees the review of such transactions.

Members of the Board are required to disclose to the Chairman of the Board or the Chairman of the Governance and Compensation Committee any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company, including engaging in any conduct or activities that would impair the Company's relationship with any person or entity with which the Company has or proposes to enter into a business or contractual relationship.

The Company's finance department annually reviews the Company's listing of related parties for determination of potential related person transactions that would be disclosable in the Company's periodic reports or proxy materials under United States generally accepted accounting principles (GAAP) and SEC rules.

The Governance and Compensation Committee is required to consider all questions of possible conflicts of interest of Board members and executive officers, including review and approval of transactions of the Company in excess of \$120,000 in which a director, executive officer, or an immediate family member of a director or executive officer has an interest.

Mr. Tucci, a member of the Board, is the Chairman, President, and Chief Executive Officer of EMC Corporation. During fiscal 2009, the Company purchased through negotiated transactions approximately \$4.5 million of data processing equipment and software from EMC Corporation. Mr. Golisano, Chairman of the Board, is the owner of Rochester Aviation, Inc. In fiscal 2009, the Company purchased approximately \$8,000 of aviation services from Rochester Aviation, Inc. related to Mr. Golisano's travel to attend Board meetings.

Governance and Compensation Committee Interlocks and Insider Participation

None of the members of the Governance and Compensation Committee were at any time during fiscal 2009, or at any other time, an officer or employee of the Company. Mr. Tucci, a member of the Board, is Chairman of the Governance and Compensation Committee and is also an executive of EMC Corporation. As noted above, the Company purchases data processing equipment and software from EMC Corporation. During fiscal 2009, no member of the Governance and Compensation Committee or Board was an executive officer of another entity on whose compensation committee or board of directors an executive officer of Paychex served.

These procedures cover recommendations by stockholders of candidates for nomination for election to the Board. COMPENSATION DISCUSSION AND ANALYSIS

Objectives of Compensation Program

The Company believes in a pay-for-performance approach to NEO compensation. The overall objectives of our officer compensation plan are to provide competitive opportunities when compared with companies of comparable size; attract, retain, and develop highly qualified NEOs; reward exceptional individual performance; tie compensation to our overall financial and strategic objectives; and align the interests of NEOs with the interests of stockholders.

To achieve these objectives, our officer compensation plan has been designed to:

be closely linked to, and deliver pay opportunities based on, Company performance and the individuals performance;

have incentives based on a focused set of financial, operational, and strategic goals;

provide the appropriate mix of individualized base salary, variable compensation, and short- and long-term incentives to deliver additional compensation opportunity for superior performance and reduced compensation opportunity in periods where performance goals are not achieved; and

be clearly communicated to NEOs, stockholders, and other key parties.

Role of Governance and Compensation Committee

As part of the committee's responsibility to evaluate and determine NEO compensation, on an annual basis, the committee:

reviews base salaries for increases, if any;

resets the annual officer performance incentive program (the annual incentive program);

approves the prior year payouts under the annual incentive program;

grants equity awards under our 2002 Plan; and

considers the impact of section 162(m) of the Internal Revenue Code (the Code).

As outlined in its charter, the committee has the authority to retain consultants and advisors, at the Company's expense, to assist in the discharge of the committee's duties. The committee utilizes the compensation advisory services of Watson Wyatt, which reports directly to the committee and is independent from Paychex management. Management does not participate in the committee's decision to retain Watson Wyatt as its consultant. Watson Wyatt advises the committee on matters of NEO compensation, assists the committee with analysis and research, and updates the committee on evolving best practices in compensation. Watson Wyatt is invited to attend all meetings and executive sessions of the committee. However, the committee is solely responsible for setting the type and amount of compensation.

Management retains the services of First Niagara Consulting as a compensation consultant to advise management on overall compensation strategy and plan design. Generally, compensation plans are developed and proposed by management, with analytical and research assistance by First Niagara Consulting. Watson Wyatt reviews reports from management and First Niagara Consulting, and offers the committee their opinions on the findings as the committee's consultant.

Our CEO, along with our Vice President of Organizational Development, provides recommendations to the committee on design elements for compensation. These individuals, and from time to time the CFO, will be in attendance at the meetings of the committee to present plan design recommendations, evaluate current plan design, and respond to questions on current or recommended plan design. Annually, our CEO reviews achievement of the recently completed fiscal year's plans, reviews salary recommendations for each of the NEOs (other than himself), recommends the upcoming fiscal year's annual incentive program structure, and presents recommendations on equity awards. Management is excluded from executive sessions of the committee where final decisions on

Table of Contents

compensation are made, particularly those on our CEO's performance and compensation. Executive sessions occur at each meeting of the committee.

Elements of Compensation

We use a combination of compensation elements, including annual base salary, annual incentive program, and equity awards under our 2002 Plan. The committee compares our CEO compensation plan and that of other NEOs with other similar companies. The committee reviews compensation consultants' reports and market survey information as input to assess our cash compensation elements of annual base salary and annual incentive program. The committee strives for our NEOs' compensation to be competitive with a select group of comparable companies (the Peer Group). The market survey information indicates whether our compensation package, if target performance is achieved, is comparable to the median compensation of our Peer Group, given current competitive practices, overall best practices, and other compensation and benefit trends. The committee continues to review each of the elements annually to ensure that compensation is appropriate and competitive to attract and retain a high-performing executive team. For fiscal 2009, NEO compensation packages averaged 50% in cash compensation and 50% in equity-based compensation, based on the value of equity awards as provided in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy statement.

Annually, the committee receives from management a summary of total cash compensation and equity awards with estimated future value, and total compensation for the upcoming fiscal year for all officer levels, from vice president to CEO. The summary is used to evaluate compensation recommendations and the impact to both total cash compensation and total compensation for each individual.

Management also provides the committee annually a three-year history of total compensation, including cash, annual incentive payout, and equity-based compensation, for all officers. This history provides a more complete picture of the internal trend of compensation to executive officers, both as a team and as individuals. This summary facilitates discussion in that it more accurately details individual officer compensation, noting differences that reflect officer tenure, performance, and position in the management hierarchy.

Compensation for our officers is most closely compared to our Peer Group. The committee targets total compensation at the median of the Peer Group, even though Paychex generally performs above the median. This is not the sole determining factor in the committee's decisions on compensation, and the committee reserves the discretion to adjust compensation based on other factors. The Peer Group consists of fifteen companies with comparable revenue, net income, and total assets who are in a comparable industry, or who are direct competitors of Paychex. The Peer Group companies are not necessarily limited to the markets in which Paychex does business. The Peer Group is comprised of the following industries or segments: a direct competitor in the payroll industry; financial transaction management companies; business services and outsourcing companies; and a human resources outsourcing company.

The committee annually reviews and approves the selection of Peer Group companies, adjusting the group from year to year based upon our business and changes in the Peer Group companies' business or comparative metrics. The Peer Group may also be adjusted in the event of mergers, acquisitions, or other significant economic changes. During fiscal 2009, the committee took action to adjust the Peer Group. The committee was concerned that although Affiliated Computer Services (ACS) fit into the peer criteria in all other measures, it was no longer of similar size, based mainly on revenue comparison. The committee also determined that Convergys Corporation (CVG) was no longer an appropriate comparator in light of its current financial position. Due to these concerns, Affiliated Computer Services and Convergys Corporation were removed from the Peer Group. The companies were replaced with Broadridge Financial Solutions Inc. and Global Payments Inc., which are business services and transaction management companies, respectively, of similar size.

Annual Base Salary

The annual base salaries of the NEOs are determined based on the responsibilities of their position and comparisons with base salaries paid to executive officers having similar responsibilities in comparable companies in the Peer

Group. Annually, the base salaries are reviewed to determine what, if any, increase is required.

Annual Officer Performance Incentive Program

Our annual incentive program is a cash incentive plan in which payments are made upon the satisfaction of certain quantitative and qualitative components. The quantitative component consists of certain predetermined performance targets. The performance targets for the annual incentive program are established at the beginning of each fiscal year, typically based on the Board-approved fiscal year financial plan. The annual incentive program provides our NEOs the opportunity for additional cash compensation based primarily on our annual service revenue and operating income, net of certain items. The targets for payout are established by the committee with

Table of Contents

consultation of management. The program was established to motivate our NEOs to meet the goals set by the Company as presented to its stockholders. Historically, the sole exclusion from operating income, net of certain items, has been interest on funds held for clients. However, at the discretion of the committee, certain items may also include items that are unusual and infrequent in nature. This metric is considered a non-GAAP measure. The performance targets of the annual incentive program have both financial and strategic objectives. For fiscal 2009, the performance targets established and actual results achieved were as follows:

\$ In Millions	Performance Targets Established			Actual
	Threshold	Target	Maximum	Results Achieved
Annual Service Revenue	\$ 2,075	\$ 2,139	\$ 2,167	\$ 2,007
Annual Operating Income, Net of Certain Items	\$ 756	\$ 787	\$ 801	\$ 730
Annual Operating Income, Net of Certain Items, as a Percentage of Annual Service Revenue	36.0%	36.8%	37.0%	36.4%

Targets for the annual incentive program are set at specific financial goals, which are in alignment with stockholder interests. Once the target is determined, it is set for the year and is normally not changed. For extraordinary circumstances, the committee reserves the right to apply discretion.

For fiscal 2009, the annual incentive program applicable to the CEO and the NEOs was structured into two components – quantitative and qualitative, similar to recent past years. The quantitative component is intended to comply with section 162(m) of the Code for NEOs affected by the \$1 million limitation. The CEO's quantitative target percentage as reflected in his separate incentive award agreement is 105% of annual base salary. The quantitative target percentage for Senior Vice Presidents (SVPs) is 65% of annual base salary. For all other vice presidents, the quantitative target percentage is 40% of annual base salary. As the committee adjusts the allocation of total compensation, the intent is to increase the percentage of total compensation that is performance-based. Each NEO is also assigned a qualitative section under the annual incentive program, with the CEO potentially receiving 20% of base salary and all other NEOs potentially receiving 10% of base salary, the same at threshold, target and maximum.

Individual-specific qualitative goals are established at the beginning of the fiscal year based on functions unique to the individual. These goals are highly subjective and are not always based on quantifiable financial measurements. The committee may determine, at its sole discretion, whether satisfactory achievement has occurred, regardless of whether the officer has achieved the pre-established individual goals. We believe the qualitative component of the annual incentive program is immaterial to the overall compensation for each NEO.

Equity-Based Compensation

To align our NEOs with the long-term interests of our stockholders, the Company grants equity awards under the 2002 Plan. Since 1998, annual grants of equity awards to the NEOs have been approved during the regularly scheduled meeting of the Board in July. The exercise price of the award is the closing market price on the date of the grant, except for the special grant in July 2009 as more fully described in Subsequent Events on page 22 of this Proxy Statement. Historically, the July Board meeting has been scheduled to occur approximately two weeks after the release of our fiscal year-end earnings and upcoming fiscal year financial guidance. Our trading black-out period normally lifts on the third business day following such release of information. The committee anticipates continuing its granting practice. In fiscal 2009, the Board also granted equity awards to individuals upon hire or promotion to executive officer positions. These equity awards were not granted during any trading black-out periods. Recipients are notified shortly after Board approval of their grant, noting the number of stock options or restricted stock granted, the

vesting schedule, and exercise price. Any sales restrictions or other terms of the award are also communicated at that time.

The committee grants a blend of stock options and performance-accelerated restricted stock to provide pay for performance. A blend of stock options and restricted stock optimizes total equity awarded and balances risk and reward, aligning with stockholders' interests over the long-term. The quantity of stock options and restricted stock awarded is based on an estimated total value, as determined by the committee. The baseline estimated total value was calculated from the July 2007 awards with total value now split 55% to stock options and 45% to restricted stock. The baseline estimated total value may be reduced by the committee at its discretion.

Table of Contents

The grants of restricted stock awards have time-based vesting with performance-based acceleration to recognize all aspects of the NEOs' contributions to the Company, and to motivate the NEOs to meet our annual and long-term financial targets. The restricted stock will vest for active employees on the fifth anniversary of the grant date, unless performance criteria are met for the acceleration of vesting. The performance criteria, similar to the criteria set for the annual incentive program, are established by the committee at the time of grant. If performance targets are met for a fiscal year, one-third of the award would vest at that time. If targets are met for three consecutive years, then the award would be fully vested.

Information regarding the stock options and restricted stock granted to the NEOs in fiscal 2009 and in prior years are detailed in the Named Executive Officer Compensation tables of this Proxy Statement.

CEO Compensation

It is the responsibility of the committee to evaluate Mr. Judge's performance annually and determine his total compensation. Mr. Judge receives compensation based on his leadership role and the overall performance of the Company. A number of compensation elements, including his employment agreement, are provided to Mr. Judge as a means of retention. Mr. Judge receives a base salary comparable to the median of salaries for CEOs in our Peer Group. His annual incentive program, as described under Annual Officer Performance Incentive Program, is also comparable to the median of CEOs in our Peer Group, and is commensurate with his leadership role at the Company. Mr. Judge also receives equity awards under the 2002 Plan. During fiscal 2009, he received options to purchase 183,906 shares of common stock. He also received 45,740 shares of performance-accelerated restricted stock. The award quantities granted were based on an estimated value, as approved by the committee. Certain elements of Mr. Judge's compensation are significantly higher than those of the SVPs due to the executive structure of the Company.

In addition to the above elements of compensation, Mr. Judge has a severance package, described in his employment agreement which was renewed on November 30, 2007 for an additional three years. No written or oral change of control or severance arrangements exist for our NEOs, except for this arrangement with Mr. Judge. The employment agreement provides for fixed annual base salary, participation in the annual incentive program, and grants of equity awards under the 2002 Plan. If Mr. Judge is terminated other than for cause or resigns for good reason, he is entitled to certain compensation as detailed further in the Change of Control and Severance Arrangement information on page 31 of this Proxy Statement.

Stock Ownership Guidelines

The committee set stock ownership guidelines for our CEO (two times his annual base salary) and SVPs (one times annual base salary). The ownership guidelines were established to provide an additional element of retention and to provide long-term alignment with stockholders' interests. For the purposes of achieving the ownership guideline, unvested restricted stock awarded to the executive officers is included.

NEOs of the Company must also adhere to strict standards with regards to trading in the Company's stock. They may not, among other things:

- speculatively trade in the Company's stock;
- short sell any securities of the Company; or
- buy or sell puts or calls on the Company's securities.

Non-Compete and Other Forfeiture Provisions

Our equity-based compensation agreements state that following termination of employment, certain benefits (including equity-based compensation) will be forfeited if the NEO engages in activities adverse to the Company. These activities include competition with the Company during a specified period after termination of employment, solicitation of the Company's clients or employees during a specified period after termination of employment, breach of confidentiality either during or after employment, or engaging in conduct which is detrimental to the Company during the NEO's employment with the Company. Should any of these activities occur, the Company may

Table of Contents

cancel all or any outstanding portion of the equity awards subject to this provision, and recover the gross value of any vested restricted shares, including all dividends. In the case of non-qualified stock options, the Company may suspend the NEO's right to exercise the option and/or may declare the option forfeited. In addition, the Company may seek to recover all profits from certain prior exercises as liquidated damages and pursue other available legal remedies.

Perquisites

Our NEOs and directors do not receive benefits which are not otherwise available to all our employees. We do not provide our NEOs with pension arrangements, post-retirement health coverage, or other similar benefits with the exception of access to a non-qualified and unfunded deferred compensation plan.

Deferred Compensation

We offer a non-qualified and unfunded deferred compensation plan to our NEOs. The deferred compensation plan is intended to supplement the NEO's 401(k) Plan account. Due to the limitations on the 401(k) Plan account provided by the Internal Revenue Service, this plan allows for further savings toward retirement for the NEOs and functions similarly to the 401(k) Plan account. Refer to the Non-Qualified Deferred Compensation discussion on page 30 of this Proxy Statement for more information on how our deferred compensation plan functions.

Subsequent Events

In July 2009, the following equity-based compensation was granted to the NEOs.

	Option Awards (at exercise price per share)		Restricted Stock Awards
	\$24.21	\$31.95	
Jonathan J. Judge	316,447	58,275	48,018
John M. Morphy	63,290	11,655	9,604
Martin Mucci	63,290	12,675	9,604
Michael A. McCarthy	31,647	5,828	4,802
William G. Kuchta	31,647	5,828	4,802

The award quantities granted were determined based on an estimated fair value. The value for each NEO may have been adjusted for individual performance and retention considerations. All NEO options vest annually in 20% increments over five years, except for the special grant as noted below. NEO restricted shares have five-year cliff vesting, accelerating up to one-third in any one fiscal year if the performance targets for that fiscal year have been met or exceeded. The performance targets are operating income, net of certain items, and service revenue as set by the Board.

Beginning in fiscal 2009, the committee intended to deliver value as opposed to fixed quantities when determining equity award grants. The quantity of stock options in the July 2008 award was calculated based on an estimated Black-Scholes value. Subsequent to the committee's approval of the July 2008 stock options, it was determined that the actual Black-Scholes value on the date of grant was lower than the estimated value, resulting in an option grant with a lower compensation value than the committee had approved. Therefore, a special grant was made on July 9, 2009 at an exercise price of \$31.95 as listed in the table above. This exercise price is above the closing stock price of \$24.21 on the date of grant, but consistent with the exercise price of the options granted in July 2008. In addition, the

committee approved the acceleration of 20% of the award to vest on July 10, 2009. The remaining stock options in this award will continue to vest 20% per annum on each anniversary date as provided in the award agreement, and expire on July 9, 2018.

The targets for operating income, net of certain items, to accelerate the lapsing of outstanding restricted stock awards were not achieved for fiscal 2009, therefore no shares vested. The target for operating income, net of certain items, was \$787.0 million to accelerate the July 2008 award, and \$800.7 million to accelerate both the July 2006 and July 2007 restricted stock awards. Actual operating income, net of certain items, was \$729.7 million for fiscal 2009.

No salary increases were provided to the NEOs in July 2009 due to a Company-wide merit increase suspension.

Table of Contents

Impact of the Internal Revenue Code

Section 162(m) of the Code generally limits the tax deductibility of annual compensation paid to certain officers to \$1 million, unless specified requirements are met. The committee has carefully considered the impact of this provision. At this time, it is the committee's intention to continue to compensate all NEOs based on overall performance. The committee expects that most compensation paid to NEOs will qualify as a tax-deductible expense. For fiscal 2009, our annual incentive program was designed to provide incentive compensation that would not count against the \$1 million limitation, including the quantitative component of the NEOs' annual performance incentive. However, within the NEOs' annual incentive there is a portion of the payout which is qualitative and is not exempt from the application of section 162(m). As a result of this qualitative component, \$1.0 million of compensation expenses did not qualify as a tax-deductible expense during fiscal 2009.

THE GOVERNANCE AND COMPENSATION COMMITTEE REPORT

The Governance and Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the committee recommends to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Company's Form 10-K for fiscal 2009.

- (1) The amounts in this column reflect the value determined by the Company for accounting purposes for restricted stock awards and do not reflect whether the recipient has actually realized a financial value from such awards (such as lapse in a restricted stock award). The amounts in this column represent the dollar amount recognized as expense in the Company's consolidated financial statements for the related fiscal year for the fair value of these awards in accordance with SFAS No. 123R. Pursuant to SEC rules, the amounts disclosed disregard estimates of forfeitures of awards that have been included in the financial statement reporting for such awards. The fair value of restricted stock awards is determined based on the closing price of the underlying common stock on the date of grant. The resulting fair values were as follows: \$31.95 per share for the July 10, 2008 grant; \$43.91 per share for the July 17, 2007 grant; and \$36.87 per share for the July 13, 2006 grant. Refer to Note C of the Notes to Consolidated Financial Statements contained in Item 8 of our fiscal 2009 Form 10-K for further discussion of restricted stock awards. Refer to the Grants of Plan-Based Awards in Fiscal 2009 table on page 26 of this Proxy Statement for further information on restricted stock awards granted in fiscal 2009.

- (2) The amounts in this column reflect the value determined by the Company for accounting purposes for stock option awards and do not reflect whether the recipient has actually realized a financial value from such awards (such as by exercising stock options). The amounts in this column represent the dollar amount recognized as expense in the Company's consolidated financial statements for the related fiscal year for the fair value of these awards in accordance with SFAS No. 123R and, therefore, include amounts for awards granted prior to June 1, 2006. The fair value was determined using a Black-Scholes option pricing model in accordance with SFAS No. 123R for grants since June 1, 2006. Grants prior to June 1, 2006 were valued using a Black-Scholes option pricing model in accordance with SFAS No. 123. Pursuant to SEC rules, the amounts disclosed disregard estimates of forfeitures of awards that have been included in the financial statement reporting for such awards. These amounts relate to attendance by senior management at certain sales events to recognize top performers in sales, not to exceed 2% of the sales force.

⁽¹⁾ The amounts in these columns consist of possible annual incentive payouts under our annual incentive program for fiscal 2009. The amounts actually earned by each NEO in fiscal 2009 are reported as Non-Equity Incentive Plan Compensation in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement.

- (2) The amounts in this column consist of restricted stock awards granted in fiscal 2009 under the 2002 Plan. All shares underlying these awards are restricted in that they are not transferable until they vest. These shares vest on the fifth anniversary of the grant date, provided the NEO is an employee of the Company on that date. Vesting of these shares will accelerate to one-third of the grant for each fiscal year in which a pre-established dollar target for operating income, net of certain items, as detailed in the Compensation Discussion and Analysis, is achieved. Upon death or disability these shares fully vest. The NEOs have voting rights and earn dividends on the underlying shares. Dividends are paid at the time of vesting, and will be forfeited if the NEO forfeits the related restricted stock award.
- (3) The amounts in this column consist of stock option awards granted in fiscal 2009 under the 2002 Plan. These option grants have an exercise price equal to the closing stock price on the date of grant and have a term of ten years. The options vest 20% per annum over a five-year period. Upon death or disability, all unvested options fully vest.
- (4) The amounts in this column represent the aggregate grant date fair value of stock and option awards granted in fiscal 2009 under the 2002 Plan. The fair value of restricted stock awards of \$31.95 per share was equal to the price of the underlying common stock on the date of grant. The fair value of stock options of \$7.29 per share was determined using a Black-Scholes option pricing model in accordance with SFAS No. 123R. Refer to Note C of the Notes to Consolidated Financial Statements contained in Item 8 of our fiscal 2009 Form 10-K for further discussion of the relevant assumptions used in the calculation of the grant date fair value.

Table of Contents**NON-QUALIFIED DEFERRED COMPENSATION****FISCAL 2009**

We offer a non-qualified and unfunded deferred compensation plan to our NEOs. The plan has been designed to comply with the current guidelines of section 409A of the Code. Eligible employees are able to defer up to 50% of their annual base salary and bonus. Gains and losses are credited based on the participant's selection of a variety of designated investment choices. The NEO has sole control as to which of the designated funds to invest in, and earns the resulting return on such investment. We do not match any participant deferral or guarantee a certain rate of return. Distributions are paid at one of the following dates selected by the participant: the participant's termination date; the date the participant retires from any active employment; or a designated specific date. Payments can be either in a lump sum or in annual installments over a period not to exceed ten years. In fiscal 2009, certain NEOs made a one-time election for a distribution from the plan under the 409A transition rules.

The following table summarizes our NEOs benefits under the plan.

CHANGE OF CONTROL AND SEVERANCE ARRANGEMENT

FISCAL 2009

CEO Change in Control and Severance Arrangement

Our CEO, Mr. Judge, is the only NEO with a severance arrangement, described in his employment agreement which was renewed on November 30, 2007. Refer to agreement filed as Exhibit 10.1 to the Current Report on Form 8-K filed with the SEC in November 2007. If Mr. Judge is terminated other than for cause or resigns for good reason, he is entitled to:

one year's annual base salary;

a severance payment equal to his annual incentive bonus determined at the same percentage of plan as for the immediately preceding fiscal year (without proration);

unvested equity awards made prior to July 1, 2007 shall immediately vest and become exercisable; and

twelve months of health insurance premiums.

If the termination other than for cause or resignation for good reason occurs within one year of a change of control, in addition to the previously mentioned compensation, all unvested equity awards, regardless of when granted, shall immediately vest and become exercisable. Cause is defined in Mr. Judge's employment agreement as dereliction of duty (after notice and a reasonable opportunity to cure), conviction for a felony, willful misconduct, or failure to follow a lawful directive from the Board (after notice and a reasonable opportunity to cure). Good reason is defined in Mr. Judge's employment agreement as failure of the Company to make any payments or equity grants to the CEO or any other material breach by the Company of its obligations to the CEO within 30 days after the same shall be due, and any material reduction in the CEO's duties, authority, or responsibilities. Change of Control is defined in Mr. Judge's employment agreement as: the acquisition by any person or entity of at least 50% of the voting shares of Paychex; a consolidation or merger involving Paychex in which Paychex is not the surviving entity; the sale, lease, or exchange of all or substantially all of the Company's assets; or shareholder approval of a plan of liquidation or dissolution of Paychex.

All Other NEOs

NEOs, with the exception of Mr. Judge, do not have severance arrangements. However, for all NEOs, upon death or disability, all unvested stock options and restricted stock awards become fully vested under the terms of the award agreements under the 2002 Plan.

Table of Contents**ALTERNATE FORM OF PRESENTATION OF COMPENSATION RECEIVED IN FISCAL 2009**

In reviewing the Company's NEO compensation, it is important to note the actual amounts Paychex provided to its NEOs in fiscal 2009. The table below is an alternate form of presentation of NEO compensation that shows the actual compensation received by each of the NEOs for fiscal 2009. This table is not required by the rules relating to executive compensation disclosures and is not a substitute for information required by Item 402 of SEC Regulation S-K, but rather it is intended to provide additional information that stockholders may find useful. This table includes salary, incentive payout, net value realized from the exercise of options and lapsing of restricted stock, and all other compensation received during fiscal 2009. The main differences between this form of presentation and the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement are as follows:

The annual incentive program payout is the amount actually received in July 2008, which was earned based on fiscal 2008 actual results. The annual incentive amounts disclosed in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement are the amounts earned for fiscal 2009 that were paid in July 2009.

Amounts disclosed for option exercises includes option activity that the individual initiated rather than the expense reflected in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement.

Amounts disclosed for restricted stock lapses are the value of shares that lapsed during fiscal 2009 rather than the expense reflected in the Fiscal 2009 Summary Compensation Table on page 24 of this Proxy Statement.

Dear Paychex Stockholder:

The Board of Directors cordially invites you to attend our Annual Meeting of Stockholders (the Annual Meeting) on Tuesday, October 13, 2009 at 10:00 a.m. Eastern Time at the Rochester Riverside Convention Center, 123 East Main Street, Rochester, New York.

The accompanying booklet includes the formal Notice of Annual Meeting of Stockholders and the Proxy Statement. The Proxy Statement tells you about the agenda items and the procedures for the Annual Meeting. It also provides certain information about Paychex, Inc., its Board of Directors, and its named executive officers.

It is important that these shares be represented at the Annual Meeting. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote. You may vote by Internet, telephone, written proxy, or written ballot at the Annual Meeting. We encourage you to use the Internet because it is the most cost-effective way to vote. If you elected to electronically access the Proxy Statement and Annual Report, you will not be receiving a proxy card and must vote via the Internet.

We hope you will be able to attend the Annual Meeting and would like to take this opportunity to remind you that your vote is important. If you need special assistance at the Annual Meeting, please contact the Secretary of the Company at (800) 828-4411, or write to Paychex, Inc., 911 Panorama Trail South, Rochester, New York 14625-2396, Attention: Corporate Secretary.
