**ARES CAPITAL CORPORATION TO ACQUIRE
ALLIED CAPITAL CORPORATION**

***Creates Leading Capital Provider to the Middle Market with Approximately \$11 Billion of Committed
Capital Under Management***

New York, NY October 26, 2009 Ares Capital Corporation (NASDAQ: ARCC) and Allied Capital Corporation (NYSE: ALD) announced today that they have entered into a definitive agreement under which Ares Capital will acquire Allied Capital in an all stock transaction currently valued at \$648 million, or approximately \$3.47 per Allied Capital share. This represents a 27.3% premium to Allied Capital's closing stock price on Friday, October 23, 2009. The Boards of Directors of both companies have each unanimously approved the transaction.

Under the terms of the transaction, Allied Capital stockholders will receive 0.325 Ares Capital shares for each Allied Capital share, resulting in approximately 58.3 million Ares Capital shares being issued in exchange for the approximately 179.4 million outstanding Allied Capital shares. Following the transaction, Ares Capital stockholders will own approximately 65% of the combined company and Allied Capital stockholders will own approximately 35%. The combined company will remain externally managed by Ares Capital Management LLC, an affiliate of Ares Management LLC and will remain headquartered in New York. Bennett Rosenthal, Michael Arougheti and Richard Davis will remain in their current roles as Ares Capital's Chairman, President and Chief Financial Officer, respectively. It is expected that one member of Allied Capital's Board will be nominated to serve on Ares Capital's Board.

Consummation of the acquisition is subject to Allied Capital stockholder approval, Ares Capital stockholder approval, customary regulatory approvals, certain Ares Capital and Allied Capital lender consents and other closing conditions. The transaction is expected to close by the end of the first quarter of 2010.

We believe this transaction presents an extraordinary opportunity for value creation for both Ares Capital and Allied Capital stockholders, commented Michael Arougheti, President of Ares Capital. This transformative transaction creates a middle-market capital provider with leading market coverage, access to capital, scale and diversification. We believe that our portfolio composition and prudent balance sheet management throughout the current cycle have positioned us to deliver value for our stockholders and to be an industry consolidator.

We are excited to have entered into this mutually beneficial combination with Ares Capital, commented John Scheurer, Chief Executive Officer of Allied Capital. Our stockholders should benefit through resumed receipt of dividends and ownership in a company with a stronger balance sheet and proven access to the capital markets. Through this transaction we expect to create a stronger company that is well positioned for future growth in a market which presents tremendous investment opportunities.

Ares Capital expects to reposition Allied Capital's portfolio into higher yielding assets and to seek to lower its financing costs. Ares Capital believes that it will be in a position to provide additional capital for portfolio company growth in order to optimize portfolio returns while mitigating the need for asset divestitures. Ares Capital expects the transaction to be accretive to both its net asset value and its core earnings per share in the first year. At closing, Ares Capital expects the combined company's debt to equity ratio to be in a range of 0.65x to 0.75x.

The combined company had a pro forma investment portfolio at fair value of \$4.5 billion as of June 30th, 2009. Ares Capital believes that a balance sheet of this size will allow the combined company to commit greater amounts of

capital in a single transaction, which should drive higher fee income and greater control over portfolio composition. This transaction also meaningfully expands the breadth of Ares Capital's relationship network, particularly within the private equity community.

The acquisition would also significantly strengthen Ares Capital's middle-market asset management platform, Ivy Hill Asset Management, L.P.. The acquisition will result in a platform with approximately \$5.6 billion in committed capital under management and investments in a significant number of portfolio companies. Ares Capital believes that the size and breadth of Ivy Hill's platform provides a robust source for new balance sheet investment opportunities and unique market insight.

In a separate transaction, Ares Capital has reached an agreement to acquire Allied Capital's interests in its Senior Secured Loan Fund LLC (the SL Fund, formerly known as the Unitranche Fund) for \$165 million in cash. With approximately \$3.6 billion of committed capital, the SL Fund was formed in December 2007 to invest in unitranche securities of middle-market companies. The SL Fund currently holds unitranche loans totaling approximately \$900 million. The SL Fund acquisition is expected to close by the end of October and is subject to completion of final documentation and satisfaction of other customary closing conditions. Upon closing, Ares Capital and its SL Fund partner expect to utilize the SL Fund to make new commitments to future unitranche transactions.

J.P. Morgan Securities Inc. also served as financial advisor to Ares Capital with respect to the acquisition of the interests in the SL Fund.
