**Indenture**

On April 20, 2010, MGM MIRAGE (the Company ) issued \$1.15 billion in aggregate principal amount of its 4.25% Convertible Senior Notes due 2015 (the Notes ) under the indenture, dated as of April 20, 2010 (the Indenture ), among the Company, the subsidiary guarantors named therein and U.S. Bank National Association, as trustee, including \$150.0 million in aggregate principal amount of Notes issued pursuant to the initial purchasers' exercise in full, on April 16, 2010, of their option to purchase up to such aggregate principal amount of Notes to cover over-allotments. The Company received approximately \$1.12 billion in net proceeds from the offering. The Notes were sold in the United States only to accredited investors pursuant to an exemption from the Securities Act of 1933, as amended (the Securities Act ), and subsequently resold to qualified institutional buyers pursuant to Rule 144A under the Securities Act. The Notes, and shares of the Company's common stock (the Common Stock ) issuable upon conversion of the Notes, have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. A copy of the Indenture, the terms of which are incorporated herein by reference, is filed herewith as Exhibit 4.1.

The Notes will pay interest semi-annually at a rate of 4.25% per annum and mature on April 15, 2015. The Notes will be convertible into shares of Common Stock at an initial conversion rate of 53.8307 shares of Common Stock per \$1,000 principal amount of the Notes, representing an initial conversion price of approximately \$18.58 per share of Common Stock and a conversion premium of approximately 27.5% above the last reported sale price per share of Common Stock on the New York Stock Exchange on April 15, 2010 of \$14.57 per share. The initial conversion rate is subject to adjustment under certain circumstances. The Notes will be convertible into shares of Common Stock at any time prior to the close of business on the third scheduled trading day immediately preceding the maturity date of the Notes.

Holders of the Notes may require the Company to purchase all or a portion of their Notes at a price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest, in cash, upon the occurrence of certain fundamental changes involving the Company. In addition, if certain fundamental changes occur, the Company may be required in certain circumstances to increase the conversion rate for any of the Notes converted in connection with such fundamental change by a specified number of shares of Common Stock.

The Notes will be the Company's senior unsecured obligations, guaranteed by substantially all of the Company's wholly-owned domestic subsidiaries, which also guarantee the Company's other senior indebtedness, and equal in right of payment with, or senior to, all existing or future unsecured indebtedness of the Company and each subsidiary guarantor.

**Capped Call Confirmations**

In connection with the issuance of the Notes, the Company entered into capped call transactions (the Capped Call Confirmations ) with certain of the initial purchasers or their affiliates, including Capped Call Confirmations entered into in connection with \$150.0 million in aggregate principal amount of Notes issued pursuant to the initial purchasers' exercise in full, on April 16, 2010, of their option to purchase up to such aggregate principal amount of Notes to cover over-allotments. The Capped Call Confirmations cover the same number of shares of Common Stock underlying the Notes. The Capped Call Confirmations have cap prices approximately 50% higher than the last reported sale price of the Common Stock on April 15, 2010. The Company used \$81,477,500 of cash to pay the cost of the Capped Call Confirmations.
