**When and where is the Annual Meeting going to be held?**

The Board recommends that you vote your shares as follows:

Proposal 1: **FOR** the election of each of Ms. Deborah M. Reif, currently a Class II director, and Mr. Carroll R. Wetzel, Jr., currently a Class III director, as Class II directors, each to serve until the 2013 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified, or until their earlier death, retirement or resignation; and

Proposal 2: **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

**Who can attend the Annual Meeting?**

Only stockholders of record as of the close of business on March 25, 2010, or their duly appointed proxies, may attend the Annual Meeting. Stockholders will be asked to present valid picture identification, such as a driver's license or passport. Please note that, if you hold your shares in street name (that is, through a bank, broker or other nominee), you must bring either a copy of the vote instruction form provided by your bank, broker or other nominee or a copy of a brokerage statement reflecting your stock ownership as of the record date.

Cameras and video recording devices will not be permitted at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for any purpose germane to the Annual Meeting beginning ten days prior to the Annual Meeting during ordinary business hours at 3000 Leadenhall

Yes. Attendance at the Annual Meeting will be limited to stockholders of record as of the record date, their authorized representatives and our guests. Admission will be by admission ticket only. For registered stockholders, the top portion of the proxy card enclosed with the Proxy Statement will serve as an admission ticket. If you are a

beneficial owner and hold your shares in street name, or through an intermediary, such as a bank, broker or other nominee, you should request an admission ticket from your bank, broker or other nominee or send a request in writing to PHH Corporation, Attention: Investor Relations, 3000 Leadenhall Road, Mt. Laurel, New Jersey 08054, and include proof of ownership of PHH Corporation common stock, such as a bank or brokerage firm account statement or letter from the bank, broker or other nominee holding your stock, confirming your beneficial ownership. Stockholders who do not obtain admission tickets in advance of the Annual Meeting may obtain them on the date of the Annual Meeting at the registration desk upon verifying their stock ownership as of the record date. In accordance with our security procedures, all persons attending the Annual Meeting must present picture identification along with their admission ticket or proof of beneficial ownership in order to gain admission to the meeting. Admission to the Annual Meeting will be expedited if admission tickets are obtained in advance. Admission tickets may be issued to others at our discretion.

**How many votes must be present at the Annual Meeting to constitute a quorum?**

Stockholders holding a majority of the issued and outstanding shares of our common stock as of the record date, March 25, 2010, must be present, in person or by proxy, to constitute a quorum at the Annual Meeting. As of the record date, there were 55,272,382 shares of our common stock issued and outstanding. Shares represented by abstentions on any proposal to be acted upon by stockholders at the Annual Meeting will be treated as present at the Annual Meeting for purposes of determining whether a quorum is present.

**How many votes can be cast by all stockholders?**

55,272,382 votes may be cast at the Annual Meeting. Each stockholder is entitled to cast one vote for each share of common stock held by such stockholder as of the record date. There is no cumulative voting and the holders of our common stock vote together as a single class.

**What vote is needed for each of the proposals to be adopted?**

Proposal 1 Director Election Proposal: Directors are elected by a plurality of the votes cast by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. The two candidates with the highest number of **FOR** votes will be elected. Under applicable Maryland law, abstentions and broker non-votes, if any, will not be counted as votes cast for the election of directors and, therefore, will have no effect on the outcome of the vote, although abstentions and broker non-votes will be taken into account for purposes of determining whether a quorum is present at the meeting.

Proposal 2 Ratification of Auditors Proposal: Approval of the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. Under applicable Maryland law, abstentions will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast or shares voting on the proposal and will have no effect on the outcome of the vote.

Other business: All other business that may properly come before the Annual Meeting requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. Under applicable Maryland law, abstentions and broker non-votes, if any, will not be counted as votes cast or shares voting on the proposal and, therefore, will have no effect on the outcome of the vote, although

abstentions and broker non-votes will be taken into account for the purpose of determining whether a quorum is present at the meeting.

**What is a broker non-vote?**

Generally, a broker non-vote occurs when shares held by a bank, broker or other nominee for a beneficial owner are not voted with respect to a particular proposal because (i) the nominee has not received voting

## **Table of Contents**

instructions from the beneficial owner and (ii) the nominee lacks discretionary voting power to vote such shares. Under the rules of The New York Stock Exchange, LLC (the NYSE), a nominee does not have discretionary voting power with respect to non-routine matters.

Historically, uncontested director elections were deemed routine matters under the NYSE's rules and banks, brokers and other nominees could vote your shares on your behalf even in the absence of specific voting instructions given by you to your bank, broker or other nominee. Recently, however, the NYSE amended its rules to prohibit banks, brokers and other nominees from exercising discretionary voting authority in uncontested director elections. As a result, director elections, whether contested or uncontested, are now deemed to be non-routine matters and your bank, broker or other nominee may only vote your shares for director nominees if you have provided your bank, broker or other nominee with specific voting instructions.

Thus, if your shares are held in street name and you do not provide instructions as to how your shares are to be voted in the election of directors, your bank, broker or other nominee will not be able to vote your shares in the election of directors, and your shares will not be voted for any of the nominees. We urge you to provide instructions to your bank, broker or other nominee so that your votes may be counted on this important matter. You should vote your shares by following the instructions provided on the vote instruction form that you receive from your bank, broker or other nominee.

If you fail to provide your bank, broker or other nominee with specific voting instructions as to how you would like your shares voted for director nominees or other non-routine matters, your bank, broker or other nominee will not vote your shares on your behalf and your shares will be reported as broker non-votes. For matters that are still considered routine under the NYSE's rules (e.g., ratification of auditors), your bank, broker or other nominee may continue to exercise discretionary voting authority and may vote your shares on your behalf if you fail to provide your bank, broker or other nominee with specific voting instructions as to how you would like your shares voted on such routine matters.

### **How do I vote?**

You can vote in person or by valid proxy received by telephone, via the Internet or by mail. We urge you to vote by doing one of the following:

**Vote by Telephone:** You can vote your shares by calling the toll-free number indicated on your proxy card using a touch-tone telephone 24 hours a day. Easy-to-follow voice prompts enable you to vote your shares and confirm that your voting instructions have been properly recorded. If you are a beneficial owner, or you hold your shares in street name, please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote by telephone.

**Vote by Internet:** You can also vote via the Internet by following the instructions on your proxy card. The website address for Internet voting is indicated on your proxy card. Internet voting is also available 24 hours per day. If you are a beneficial owner, or you hold your shares in street name, please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote via the Internet.

**Vote by Mail:** If you choose to vote by mail, complete, sign, date and return your proxy card in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received on or before June 14, 2010.

The deadline for voting by telephone or electronically through the Internet is 11:59 p.m. EDT on June 14, 2010.

**Can I change my vote?**

Yes. A proxy may be revoked at any time prior to the voting at the Annual Meeting by submitting a later dated proxy (including a proxy authorization submitted by telephone or electronically through the Internet prior to the deadline for voting by telephone or the Internet), by giving timely written notice of such revocation to our Corporate Secretary in advance of the Annual Meeting or by attending the Annual Meeting and voting in person. However, if you hold shares in street name, you may not vote shares in person at the Annual Meeting unless you bring with

## **Table of Contents**

you a legal proxy from the stockholder of record. Only the latest dated and properly executed or authorized proxy that you timely submit will be counted.

### **Could other matters be decided at the Annual Meeting?**

The Board does not intend to bring any matter before the Annual Meeting other than those described in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy, or their duly appointed substitutes acting at the Annual Meeting, will be authorized to vote or otherwise act in respect of any such matters in their discretion.

### **How do participants in our employee savings plans vote?**

For participants in the PHH Corporation Employee Savings Plan and the PHH Home Loans, LLC Employee Savings Plan (the Savings Plans ) with shares of our common stock credited to their accounts, voting instructions for the trustees of the Savings Plans are also being solicited through this Proxy Statement. In accordance with the provisions of the Savings Plans, the respective trustees will vote shares of our common stock in accordance with instructions received from the plan participants to whose accounts such shares are credited. To the extent such instructions are not received prior to 11:59 p.m. EDT on June 10, 2010, the trustees of the Savings Plans will vote the shares with respect to which they have not received instructions proportionately in accordance with the votes received for shares which they have received instructions. Instructions given with respect to shares in accounts of the Savings Plans may be changed or revoked only in writing, and no such instructions may be revoked after 11:59 p.m. EDT on June 10, 2010. Participants in the Savings Plans are not entitled to vote in person at the Annual Meeting. If a participant in the Savings Plans has shares of our common stock credited to his or her account and also owns other shares of our common stock in registered form or through a bank, broker or other nominee, he or she should receive a separate proxy card or vote instruction form for shares credited to his or her account in the Savings Plans and any other shares that he or she owns. All such proxy cards and vote instruction forms should be completed, signed and returned to ensure that votes are cast for all shares owned either directly or beneficially.

### **What if I vote for some but not all of the proposals?**

Shares of our common stock represented by proxies received by us (whether received through the return of the enclosed proxy card or received via telephone or the Internet) where the stockholder has provided voting instructions with respect to the proposals described in this Proxy Statement, including the Director Election Proposal and the Ratification of Auditors Proposal, will be voted in accordance with the voting instructions so made. If your proxy card is properly executed and returned but does not contain voting instructions as to one or more of the proposals to be voted upon at the Annual Meeting, or if you give your proxy by telephone or via the Internet without indicating how you want to vote on each of the proposals to be voted upon at the Annual Meeting, your shares will be voted:

**FOR** the Director Election Proposal;

**FOR** the Ratification of Auditors Proposal; and

at the discretion of the persons named in the enclosed proxy card or vote instruction form, on any other matter that may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

If your shares are held in street name and you do not properly instruct your bank, broker or other nominee how to vote your shares, your bank, broker or other nominee may either use its discretion to vote your shares on matters deemed routine by the NYSE or may not vote your shares. For any matters deemed non-routine by the NYSE, your bank,

broker or other nominee would not be able to vote your shares on such matters. We encourage you to provide instructions to your bank, broker or other nominee by carefully following the instructions provided to ensure that your shares are voted at the Annual Meeting in accordance with your desires.

**PROPOSAL 1 TO ELECT TWO CLASS II DIRECTORS**

The Board has nominated Ms. Deborah M. Reif, currently a Class II director, and Mr. Carroll R. Wetzel, Jr., currently a Class III director, for election at the Annual Meeting, each to serve as Class II directors until the 2013 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified, or until their earlier death, retirement or resignation. Although Mr. Wetzel currently serves as a Class III director, he has been nominated to stand for election at the Annual Meeting as a Class II director. Upon the election at the Annual Meeting of Mr. Wetzel as a Class II director, a Class III director vacancy will be created on the Board. The Board presently intends to fill such Class III director vacancy with the addition of a new independent director. Mr. Kilroy is not standing for re-election. Each nominee has consented to being named in this Proxy Statement and to serve if elected. Shares of our common stock represented by duly authorized proxies will be voted **FOR** Ms. Reif and Mr. Wetzel, or any substitute nominee or nominees designated by the Board if, prior to the Annual Meeting, any nominee should become unable to serve, unless the Board determines to reduce the total number of directors in accordance with our Articles of Amendment and Restatement (as amended) (the Charter ) and amended and restated by-laws.

**THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF MS. REIF AND MR. WETZEL USING THE ENCLOSED PROXY CARD OR VOTE INSTRUCTION FORM. UNLESS MARKED TO THE CONTRARY, PROPERLY EXECUTED PROXY CARDS RECEIVED BY THE COMPANY WILL BE VOTED FOR THE ELECTION OF MS. REIF AND MR. WETZEL.**

**BOARD OF DIRECTORS**

Our Board currently consists of eight members. The principal occupations of, and certain other information regarding, each of the Class II director nominees and our other incumbent directors, as of April 30, 2010, are set forth below. During 2009, our Board held fifteen meetings and each incumbent director and director nominee attended at least 75% of the meetings held by the Board during the period in which each such director served as a member of the Board. All directors are expected to attend each regularly scheduled meeting of the Board, as well as each annual meeting of our stockholders (subject to certain limited exceptions). All of our directors that were serving as directors on June 10, 2009, attended the 2009 Annual Meeting of Stockholders held on June 10, 2009.

*Nominees to Serve as Class II Directors Term Expires in 2013*

**Deborah M. Reif**, 57, has served as a director since April 1, 2010. Ms. Reif served most recently as Chief Executive Officer and President of the Equipment Services division of General Electric Company, a global transportation equipment enterprise, from 2006 through 2009 with responsibility for a global operating lease portfolio and a supply chain service strategy. From 2005 to 2006, Ms. Reif served as President of Digital Media of NBC Universal where she led the transformation of that operation to a digital business model. Prior to that, Ms. Reif served as Executive Vice President of Financial Structuring for NBC Universal where she led the assessment and restructuring of the Universal Theme Park portfolio from 2004 through 2005. From 2001 through 2004, she served as Chairman and Chief Executive Officer of Financial Guaranty Insurance Company and earlier in her career, in various financial roles of increasing importance with GE Capital from 1971 through 2001. Ms. Reif's financial, risk management and relevant operational experience and leadership roles within a large, publicly-traded global enterprise led to a conclusion that it is appropriate that she be appointed as a director and be nominated to stand for election.

**Carroll R. Wetzel, Jr.**, 66, has served as a director since January 1, 2010. Mr. Wetzel also serves as a director of Exide Technologies and Brink's Home Security Holdings, Inc. He previously served as Vice Chairman and lead director at Arch Wireless from 2001 through 2002; as non-executive Chairman of the Board of Directors of Safety Components International from 2000-2005 and as a director of Laidlaw International, Inc. from 2004 to 2007. Before that, he spent approximately 20 years working in investment banking and corporate finance. **Independence of the Board of Directors**

Under the rules of the NYSE and the SEC, our Board is required to affirmatively determine which directors are independent and to disclose such determination in our annual report to stockholders and in our proxy statement for each annual meeting of stockholders. Our Board has reviewed each director's relationships with us in conjunction with our previously adopted categorical Independence Standards for Directors (the "Independence Standards") and Section 303A of the NYSE's Listed Company Manual (the "NYSE Listing Standards"). A copy of our categorical Independence Standards is available on our corporate website at [www.phh.com](http://www.phh.com) under the heading "Investor Relations Corporate Governance." A copy of our Independence Standards is also available to stockholders upon request, addressed to the Corporate Secretary at 3000 Leadenhall Road, Mt. Laurel, New Jersey, 08054. Based on the Board's review, our Board has affirmatively determined that each of our current non-employee directors and director nominees Messrs. Brinkley, Egan, Loren, Parseghian and Wetzel and Ms. Reif is independent within the meaning of our categorical Independence Standards and the NYSE Listing Standards and has no material relationship with us or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. Our Board has also determined that Messrs. Selitto and Kilroy, who serve as executive officers, are not independent directors. Accordingly, 75% of our incumbent directors, representing more than two-thirds of our

incumbent directors as required by our Corporate Governance Guidelines, are independent. As noted above, the Board presently intends to appoint a new independent director to the Board to fill the vacancy created in Class III of the Board upon the election of Mr. Wetzel as a Class II director at the Annual Meeting. Following any such appointment of a new independent Class III director and in the absence of any additional changes in the composition of the Board, it is anticipated that 87.5% of the Board will be comprised of independent directors.

In evaluating Mr. Brinkley's independence, the Board reviewed and considered certain relationships and transactions involving Mr. Brinkley and affirmatively determined that Mr. Brinkley is an independent director

**Table of Contents**

within the meaning of the NYSE Listing Standards and our Independence Standards. The relationships and transactions involving Mr. Brinkley that were reviewed and considered by the Board are as follows:

Mr. Brinkley became Vice Chairman of Smith Barney's Global Private Client Group ( SBGPCG ) following the acquisition by Citigroup Inc. ( Citigroup ) of LMWW in December 2005. Mr. Brinkley served in such capacity until May 31, 2009, at which time, Citigroup and Morgan Stanley created a joint venture entity known as Morgan Stanley Smith Barney Holdings LLC ( MSSB Holdings ) in which Citigroup holds a minority ownership interest and to which Citigroup contributed, among other things, the business of SBGPCG. Since May 31, 2009, Mr. Brinkley has served as Vice Chairman of the Morgan Stanley Smith Barney Global Wealth Management ( MSSBGWM ) division of MSSB Holdings. The Company has no relationships with SBGPCG, MSSB Holdings or MSSBGWM. The Company has certain relationships with the Corporate and Investment Banking segment of Citigroup, including financial services, commercial banking and other transactions. Citigroup is a lender, along with various other lenders, in several of our credit facilities and vehicle management asset-backed debt. The fees paid to Citigroup, including interest expense, were approximately \$20 million during the year ended December 31, 2009, representing less than 0.1% of Citigroup's consolidated revenues for the year ended December 31, 2009. Citigroup Global Markets, Inc. was a joint book-running manager for our offering of 4.00% Convertible Senior Notes due 2014 that closed on September 29, 2009. We used a portion of the net proceeds from the offering to reduce the principal balance under one of the credit facilities in which Citigroup is a lender. The Company's indebtedness to Citigroup was \$103 million as of December 31, 2009, representing less than 0.1% of Citigroup's total consolidated assets as of December 31, 2009, and was made in the ordinary course of business upon terms, including interest rates and collateral, substantially the same as those prevailing at the time for comparable loans. Mr. Brinkley's son, Douglas Brinkley, is a principal at Colliers Pinkard, a member firm of Colliers, which provides certain lease management services to us. The fees paid to Colliers during 2009 were approximately \$284,500, representing less than 0.1% of Colliers' global revenues.

Our Board had previously determined that the following former directors that served on the Board during 2009 were independent within the meaning of our categorical Independence Standards and the NYSE Listing Standards during their respective terms of service on the Board and had no material relationship with us or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that had a relationship with us: Ann D. Logan, Jonathan Mariner, A.B. Krongard and Fran Van Kirk. Our Board had also previously determined that Mr. Terence W. Edwards, our former President and Chief Executive Officer who served on the Board during 2009, was not an independent director by virtue of his position as an executive officer of the Company.

**CORPORATE GOVERNANCE**

**Board of Directors Role in Risk Oversight**

The business and affairs of the Company are managed under the direction of the Board in accordance with the Company's amended and restated by-laws. The role of the Board is one of oversight, including as to matters relating to risk management. The Company's management is responsible for managing the day-to-day operations and affairs of the Company, including the development and implementation of systems and processes to identify and monitor risks to the Company and policies and procedures to ensure that risks undertaken by the Company are consistent with the Company's business objectives and risk tolerances. To assist it in fulfilling its oversight function, including as to matters related to risk management, the Board has established four standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance Committee, and the Finance and Risk Management Committee. Each standing committee regularly reports to the Board and is responsible for risk oversight in connection with actions taken by such committee consistent with the exercise of fiduciary duties by the directors serving on such committee.

The Audit Committee charter provides that the Audit Committee is responsible for discussing the Company's policies with respect to risk assessment and risk management, including the Company's major financial accounting and risk exposures and the steps management has undertaken to control them. Further, as part of the Company's periodic reporting process, management reviews with the Audit Committee the Company's disclosures contained in the Company's periodic reports filed with the SEC, including disclosure concerning the Company's risk factors.

The primary purpose of the Finance and Risk Management Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the assessment of the Company's overall capital structure and its impact on the generation of appropriate risk adjusted returns, as well as the existence, operation and effectiveness of the risk management programs, policies and practices of the Company, among other things. The Finance and Risk Management Committee regularly discusses with the Company's management, including, among others, the Chief Executive Officer, Chief Financial Officer and Treasurer, risks facing the Company and management's plans and initiatives undertaken to mitigate such risks.

**Board Leadership Structure**

Since 2005, our Chairman of the Board has been an independent, non-employee director. The Chairman of the Board is elected by a majority vote of the directors. Currently, James O. Egan serves as our non-executive Chairman of the Board, a position he has held since June 17, 2009. Mr. Egan has served as a director and as Chair of the Audit Committee of the Board since March 30, 2009. Mr. Egan has also served as Chair of the Corporate Governance Committee of the Board since June 17, 2009.

In his capacity as non-executive Chairman of the Board, Mr. Egan leads all meetings of our Board at which he is present, but does not serve as an employee or corporate officer. The non-executive Chairman of the Board serves on appropriate committees as requested by the Board, sets meeting schedules and agendas and manages information flow to the Board to assure appropriate understanding of, and discussion regarding matters of interest or concern to the Board. The non-executive Chairman of the Board also has such additional powers and performs such additional duties consistent with organizing and leading the actions of the Board as the Board may from time-to-time prescribe.

The decision to separate the positions of Chairman of the Board and Chief Executive Officer was made at the time the Company was spun-off from Cendant Corporation in early 2005. Although the Board does not currently have a policy requiring that the positions of Chairman of the Board and Chief Executive Officer be separated, the Board continues

to believe that it is appropriate for the Chairman of the Board to be an independent, non-employee director to ensure that the Board operates independently of management in the fulfillment of its oversight function and that the matters presented for consideration by the Board and its committees reflect matters of key importance to the Company and its stockholders as determined by the independent directors.

No person shall be eligible for election as a director of the Company unless nominated in accordance with the procedures set forth in our amended and restated by-laws. The Corporate Secretary will then forward all relevant stockholder and interested party communications to the Chair of the Corporate Governance Committee for review and dissemination.

Table of Contents**DIRECTOR COMPENSATION**

Our non-employee directors compensation program is intended to align our non-employee directors' interests with those of our stockholders by providing for equity-based compensation, to focus our non-employee directors on sustainable value creation by restricting the sale of vested equity-based compensation until at least 200 days (and in some cases up to one year) after a non-employee director's Board service ceases, and to provide our non-employee directors with market-competitive compensation for their Board service. Members of our Board who are also our officers or employees do not receive any additional compensation for serving as a director.

The Corporate Governance Committee is responsible for reviewing and recommending to the Board the compensation of our non-employee directors. During 2009, the Corporate Governance Committee and the Compensation Committee jointly requested that the Compensation Committee's independent compensation consultant undertake an analysis of market-competitive director compensation levels and practices. Although the consultant's analysis determined that our non-employee director compensation program is below market-competitive median levels, the Corporate Governance Committee decided to defer any discussion of potential changes to the non-employee director compensation program until mid-2010.

The following table sets forth our non-employee director compensation schedule for 2009:

	<b>Compensation</b>
Annual Non-Executive Chairman of the Board Retainer	\$ 170,000
Annual Non-Executive Board Member Retainer	120,000
New Director Equity Grant	60,000
Audit Committee Chair Retainer	20,000
Audit Committee Member Retainer	12,000
Compensation Committee Chair Retainer	15,000
Compensation Committee Member Retainer	10,000
Corporate Governance Committee Chair Retainer	9,000
Corporate Governance Committee Member Retainer	7,000
Finance and Risk Management Committee Chair Retainer	17,500
Finance and Risk Management Committee Member Retainer	11,000

At the end of the first calendar quarter following the date that a non-employee director first commences service as a member of the Board, such non-employee director is granted restricted stock units under the PHH Corporation Amended and Restated 2005 Equity and Incentive Plan (the "2005 Equity and Incentive Plan") with an aggregate grant date fair value of approximately \$60,000 with cash being paid in lieu of any fractional restricted stock units. Each such restricted stock unit is immediately vested and non-forfeitable and represents the right to receive one share of the Company's common stock on the one year anniversary date following the date such director's service as a member of the Board terminates for any reason. During 2009, Messrs. Egan, Loren and Parseghian first commenced service on the Board.

With the exception of new director equity grants, non-employee director compensation is paid in arrears in four equal quarterly installments at the end of each calendar quarter (each payment date, a "Fee Payment Date") and is paid half in restricted stock units that are granted under our 2005 Equity and Incentive Plan (the "Director RSUs") and, unless deferred as described below, half in cash. Each Director RSU represents the right to receive one share of our common

stock upon settlement of such Director RSU. Director RSUs are immediately vested and are settled in shares of our common stock one year after the director is no longer a member of the Board. Director RSUs may not be sold or otherwise transferred for value prior to the director's termination of service on the Board.

The number of Director RSUs granted to each non-employee director on each Fee Payment Date that is attributable to the portion of the compensation that is payable in the form of Director RSUs is determined by dividing one-half of the total dollar amount of compensation that is payable to each such non-employee director on such Fee Payment Date by the closing price of our common stock on the NYSE on such Fee Payment Date (or, if there was no trading of our common stock on the NYSE on such Fee Payment Date, the closing price of our common stock on the date last preceding such Fee Payment Date upon which our common stock was traded on the NYSE).

**Table of Contents**

Fractional Director RSUs are not granted and any fractional portion resulting from the foregoing calculation is paid in cash or deferred as described below.

A non-employee director may elect to defer under the PHH Corporation Non-Employee Directors' Deferred Compensation Plan all or any portion of any compensation that would otherwise be paid to such non-employee director in cash. If deferred, a director is credited with additional Director RSUs with a fair market value on each applicable Fee Payment Date equal to the cash that such non-employee director has elected to defer in lieu of such cash. Director RSUs that are received pursuant to elective deferrals of fees that are otherwise payable in cash are immediately vested and are settled in shares of our common stock 200 days after the director is no longer a member of the Board.

We do not maintain a pension plan for non-employee directors. Non-employee directors did not receive any form of compensation for 2009 other than as described above.

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

***Introduction***

PHH underwent significant change in 2009, with transitions in both the Board of Directors and the management team. Despite these transitions, the Company provided positive stockholder returns, including overall corporate profitability for the year. These changes were accompanied by changes to the executive compensation programs in 2009 (as well as 2010), as PHH continued its efforts to better align employee rewards with sustainable stockholder value creation. In preparation for 2009, the Compensation Committee authorized management to work with the Compensation Committee's independent compensation consultant to provide recommendations for a new long-term incentive plan. The Compensation Committee directed management to design a performance-based program that would provide regular equity grants to members of management, in order to better align executives' interests with those of the stockholders, and reward executives commensurate with sustainable stockholder value creation. This request was made in the context of the lack of long-term incentive grants in 2006 and 2007, and the

## **Table of Contents**

nature of the 2008 grant. The Compensation Committee reviewed management's recommendations, and approved long-term incentive awards in February 2009 linked to profitability measures.

Following the 2009 annual meeting of stockholders, new members joined the Board of Directors and the Compensation Committee, and there was a change in the Chief Executive Officer position. Given these and other changes in the Board and management team over the last year, the Compensation Committee asked management to work with the Compensation Committee's independent compensation consultant to undertake a thoughtful, multi-phase approach to developing a new, integrated executive compensation program that is market-competitive, pay-for-performance driven, and aligned with PHH's achievement of its short-term and long-term strategic objectives and sustainable stockholder value creation. This approach consists of:

1. Designing a new Management Incentive Plan for 2010 that aligns rewards with achievement of PHH's key objectives, including the focus on achieving Core Earnings (Pre-Tax) (defined below), and the transformation objectives that will result in a reengineering of the Company's operations and organizational structure. The 2010 Management Incentive Plan has been adopted and is described more fully below.
2. Developing a new executive compensation philosophy that will be the underpinning of executive compensation decision-making. This philosophy will be aligned with sustainable stockholder value creation.
3. Designing a new, integrated executive compensation program for 2011, based on the executive compensation philosophy, PHH's key strategic objectives, including transformation, and leading market practices around compensation design and risk. The 2010 Management Incentive Plan is a bridge to the 2011 program.
4. Designing a new long-term incentive plan consistent with the integrated executive compensation program in the context of leading market practices around the linkage to sustainable stockholder value creation and risk management.

The Compensation Committee's 2009/2010 corporate governance, process and decision-making around executive compensation program design and payouts were made in explicit accordance with a focus on sustainable stockholder value creation.

## ***Corporate Governance***

***Compensation Committee Oversight of Executive Compensation.*** The Compensation Committee of the Board of Directors underwent a change in 2009. The Compensation Committee was originally comprised of three independent, non-employee directors—Messrs. James Brinkley (Chair) and A.B. Krongard and Ms. Ann Logan. In June 2009, Mr. Allan Loren replaced Mr. Krongard on the Compensation Committee, and assumed the Chairmanship of the Compensation Committee from Mr. Brinkley. On April 1, 2010, Mr. Greg Parseghian replaced Ms. Logan on the Compensation Committee.

The Board of Directors has adopted a Compensation Committee charter which sets forth the purpose, composition, authority and responsibilities of the Compensation Committee. The Compensation Committee is currently reviewing its charter and may recommend to the Board that the Compensation Committee charter be revised to broaden the scope and authority of the Compensation Committee.

The changes in the Compensation Committee's membership have not affected its responsibility for overseeing PHH's executive compensation policies, including evaluating and approving the compensation of PHH's Named Executive Officers as listed in the Summary Compensation Table below. The Compensation Committee reviews and determines the base salary, annual and long-term incentive awards, equity awards and other compensation for each Named Executive Officer, including PHH's President and Chief Executive Officer, as well as other executive officers, and

evaluates PHH's compensation policies. The Compensation Committee also has the authority to engage and retain executive compensation consultants to assist with such evaluations, and has, in fact, retained PricewaterhouseCoopers LLP ( PwC ) as its independent consultant.

***Role of Management in Executive Compensation Decisions.*** Generally, PHH's Chief Executive Officer makes recommendations to the Compensation Committee as it relates to the compensation of the Company's other executive officers. In addition, the Company's executive officers, including the Company's Chief Executive Officer, Chief Financial Officer and human resources personnel, may provide input and make proposals as requested by the

## **Table of Contents**

Compensation Committee regarding the design, operation, objectives and values of the various components of compensation in order to provide appropriate performance and retention incentives for key employees. These proposals may be made on the initiative of the Chief Executive Officer, the executive officers or upon the request of the Compensation Committee. The Compensation Committee makes the ultimate decisions relating to executive compensation design and payouts.

***Executive Compensation Consultants.*** During 2009, the Compensation Committee retained PwC to assist it with the evaluation of the Company's executive compensation. PwC analyzed and provided comparative executive and director compensation data and compensation program design assistance for the Compensation Committee's consideration in evaluating and setting the compensation of the Named Executive Officers and the overall structure of the Company's compensation policies, as well as assistance with market-competitive data in connection with the Company's Chief Executive Officer search. The compensation services PwC provided to the Compensation Committee resulted in approximately \$265,000 in fees paid to PwC during 2009. During 2009, upon prior approval, PwC also provided certain other consulting services to management. These additional services were provided by individuals different from those who work directly with the Compensation Committee. These additional services, which mainly related to corporate tax management/planning, internal audit outsourcing and other consulting services, resulted in payments to PwC of approximately \$2,050,000 during 2009. The projects associated with many of these additional services have been completed, and it is expected that work during 2010 related to the remaining services will be about 15% of the amount paid to PwC during 2009 in respect of such services. The Compensation Committee believes that these other services, which are performed by PwC employees other than the PwC employees providing compensation consulting services to the Compensation Committee, do not compromise PwC's ability to provide the Compensation Committee with an independent perspective on executive compensation. The Compensation Committee has asked PwC to provide executive compensation consulting services to the Compensation Committee again in 2010.

## ***Compensation Process***

***Executive Compensation Objectives.*** The primary objective of the Company's executive compensation policies, as overseen by the Compensation Committee, is to attract, retain and motivate qualified executive officers to manage the Company's business in order to maximize sustainable stockholder value creation within approved risk profiles. The Company's executive compensation policies are intended to facilitate the achievement of the Company's short-term and long-term business strategies through aligning compensation with performance by:

providing base salaries and other compensation that are competitive and designed to attract and retain executive talent;

rewarding executive performance through variable, at-risk compensation that is dependent upon meeting specified performance targets; and

aligning the interests of the Company's executive officers with the interests of the Company's stockholders by providing equity-based compensation as a component of total compensation.

The Compensation Committee does not rely upon a fixed formula or specific numerical criteria in determining each Named Executive Officer's total compensation or the allocation of compensation among the various components of compensation described below. Moreover, the Compensation Committee does not have a specific policy for the allocation of compensation between short-term and long-term compensation or cash and equity compensation. Rather, the Compensation Committee exercises its business judgment in determining total compensation based upon the following criteria:

the Company's short-term and long-term strategic objectives, financial and other performance criteria and individual performance goals;

the competitive compensation levels for executive officers at companies in similar businesses and/or of similar size;

the overall economic environment and industry conditions;

unique circumstances impacting the Company and the Company's executive officers; and

**Table of Contents**

the recommendations of the Compensation Committee's independent executive compensation consultants.

Based upon its analysis of these criteria, the Compensation Committee determines each component of executive compensation (as discussed below) for the Named Executive Officers, taking into consideration the total compensation relative to Peer Group (as defined in Benchmarking below) and other market-competitive practice.

**Benchmarking.** The Compensation Committee believes that an understanding of market-competitive practices is a critical underpinning to making sound executive compensation decisions. In early 2009, the Compensation Committee conducted its annual review of the peer group which it uses to ensure that the Company is competitive in attracting and retaining executive talent. The peer group was revised at that time to reflect the turbulence in the capital markets, and the fact that many peer organizations were no longer independent, publicly-traded organizations. The revised peer group against which the Company benchmarked its executive compensation consisted of seven companies in similar businesses, including mortgage, leasing, and financial services companies with whom the Company competes for executive talent and/or investor capital. PHH's revenue approximated the 75th percentile of the peer group. The Compensation Committee will again review the peer group composition as part of the Company's overall executive compensation redesign for 2011.

The companies in the peer group are:

Fidelity National Information Services, Inc.	MGIC Investment Corp.	Wright Express Corp.
Flagstar Bancorp Inc.	Radian Group, Inc.	
GATX Corp.	Ryder System, Inc.	

AMERCO and IndyMac Bancorp, Inc. were removed from the peer group.

The Compensation Committee asked PwC to also provide data from multiple national compensation databases (the Survey Data) in order to assist in the compensation evaluation due to the unique nature of the Company's business units and the lack of peer companies with a similar business unit mix for comparison.

The Compensation Committee evaluated the base salary, short-term and long-term incentives and actual and target total compensation levels for the Peer Group and Survey Data, including the median and percentile ranges for each compensation component, for comparison with that of PHH's Named Executive Officers. The Compensation Committee determined that for 2009, total executive compensation for the Named Executive Officers should be targeted at or slightly above the median of the compensation of the Peer Group for above-average performance in order to be competitive with the compensation structure of the Peer Group and to attract and retain executive talent. The Compensation Committee will again review this compensation philosophy in connection with the Company's executive compensation program redesign for 2011 and may adjust these targets based upon how they advance sustainable stockholder value creation.

***2009 Executive Compensation Program Design***

**Components of Executive Compensation.** The primary components of the executive compensation arrangements for the Company's Named Executive Officers are base salaries, variable annual compensation programs and long-term incentive awards. In making its decisions for 2009, the Compensation Committee considered the turbulent nature of the economy, and the negative trend in share price in the overall capital markets.

**Base Salaries.** The Compensation Committee is responsible for determining the base salary of PHH's Chief Executive Officer and other Named Executive Officers, which includes the review and approval of annual adjustments to their base salaries. Base salaries are intended to provide a level of cash compensation that is externally competitive in relation to the responsibilities of the executive's position in order to attract and retain executive talent.

During 2009, the Compensation Committee evaluated salary levels based upon competitive compensation levels for companies in the Peer Group, as well as consideration of the nature of each executive officer's position and the contribution, achievement, experience and tenure of each executive officer. No market-based compensation adjustments were made to the compensation for the Named Executive Officers, due to the nature of the economy at the time, consistent with decisions made for the remainder of the organization's employees. The Company did,

**Table of Contents**

however, increase the base salary of Mark Danahy to \$375,000 to reflect his promotion to Executive Vice President, Mortgage, and the base salary of Bill Brown to \$330,000 to reflect a delayed increase.

The following table sets forth the annualized base salaries for the Named Executive Officers for 2009.

<b>Name</b>	<b>Title</b>	<b>Annualized Base Salary for 2009</b>

**Variable Annual Cash Compensation Programs.** In 2009, the Company's Named Executive Officers, other executive officers, and certain other employees were eligible for additional cash compensation through participation in the Company's annual management incentive plans for PHH Corporate, Mortgage and Fleet employees (collectively, the MIPs) that are designed to motivate eligible recipients to achieve the Company's short-term objectives. Generally, each executive officer was eligible to receive an annual cash incentive payout calculated as a percentage of the executive officer's base salary and based upon the achievement of performance targets for consolidated results, operating segment results, individual executive officer performance and/or other performance targets established by the Compensation Committee in its discretion. In order to tie a greater percentage of each executive officer's compensation to the achievement of the Company's annual performance objectives, the target payout percentage of base salary increases as an executive officer's duties and responsibilities within the Company increase.

The Compensation Committee set the performance targets under the 2009 MIPs at levels that were considered to be challenging based on historical performance, industry and market conditions, and adjusted the targets to coincide with the Company's overall strategy, business plan and other factors. From 2005 through 2009, the Compensation Committee established the performance targets for the Named Executive Officers and all MIP eligible employees based on the pre-tax income after non-controlling interest (PTIANI) for the Company's Mortgage and/or Fleet business units. In 2009, in order to reflect key initiatives by the Company towards achieving overall profitability in a challenging economic environment, other measures, such as cost per loan and general and administrative expense reduction metrics, were added to the performance targets. The diverse nature of the separate PHH business units was a driving factor in establishing MIPs for each business unit, and then combining that performance for corporate officers. That construct is evaluated for effectiveness each year, was revised in 2010 (as discussed below), and will again be

under review in connection with the integrated executive compensation redesign for 2011.

During 2009, in consultation with management and PwC, the Compensation Committee approved the 2009 PHH Corporation Management Incentive Plan (the "2009 Corporate MIP"), the 2009 PHH Arval Management Incentive Plan (the "2009 Fleet MIP") and the 2009 PHH Mortgage Management Incentive Plan (the "2009 Mortgage MIP") (together, the "2009 MIPs") and established performance targets under each of the 2009 MIPs. The performance targets for the 2009 Fleet MIP and 2009 Mortgage MIP were based on PTIANI for the year ended December 31, 2009, for each of Fleet and Mortgage. In addition, Mortgage had additional operating expense goals related to creating sustainable underlying profitability, such as reducing production cost per loan, servicing cost per loan, and general and administrative expenses. Performance against the operating expense goals was considered

**Table of Contents**

necessary to overall Mortgage performance. The Mortgage operating expense goals were considered to be difficult to achieve since they represented an enhanced focus for the business.

Under the 2009 Mortgage MIP, achievement against the PTIANI goal for the combined Mortgage Production and Mortgage Servicing segments represented 50% of the potential incentive payout for a participant, with achievement of the operating expense metrics (production cost per loan, servicing cost per loan, and general and administrative cost reduction) representing the remaining 50% of the potential payout. Performance at target resulted in a payout of 100% of each participant's incentive opportunity. Performance at the Outstanding level for PTIANI would result in a payout of 200% of the PTIANI share of the incentive payout. Above-target performance for the operating expense metrics would not result in increased payouts, so that the maximum payout for any participant under the 2009 Mortgage MIP was 150% of target. Performance below target in either PTIANI or the operating expense metrics would result in no payout for that particular goal. Performance between the Target and Outstanding levels for PTIANI would result in an interpolated payout.

Consistent with prior years, performance achievement under the 2009 Fleet MIP was based on the attainment of a target level of PTIANI for the Fleet Management Services segment. Performance at target would result in a payout of 100% of target. The maximum payout that could be earned was 125% of the participant's target payout, upon achieving the Outstanding PTIANI goal. Performance below target would result in no payout. Performance between the Target and Outstanding levels would result in an interpolated payout.

The differences in payout leverage between the 2009 Mortgage MIP and 2009 Fleet MIP were reflective of the Compensation Committee's view of the potential variability in each business unit's performance. Performance achievement under the 2009 Corporate MIP was based 50% on the performance achievement under the 2009 Mortgage MIP and 50% on the performance achievement under the 2009 Fleet MIP. Participants in the 2009 Corporate MIP would receive a payout of 100% of their target payout percentage if both the Mortgage and Fleet business units achieved their target performance goals. If maximum performance were achieved under both the 2009 Mortgage MIP and 2009 Fleet MIP, the maximum performance that could be paid under the 2009 Corporate MIP was 137.5% of the participant's target payout percentage of base salary.

The table below sets forth the PTIANI performance goals for the Mortgage and Fleet businesses under the 2009 Mortgage MIP and 2009 Fleet MIP.

<b>MIP Plan</b>	<b>Target</b>	<b>Target Performance</b>	<b>Outstanding Performance</b>
2009 Mortgage MIP	PTIANI <sup>(1)</sup>	\$136.2M	\$272.4M
2009 Fleet MIP	PTIANI	\$21.9M	\$27.4M

(1) Payouts under the 2009 Mortgage MIP were based 50% on the achievement of the PTIANI target and 50% on the achievement of operating expense metrics.

Pursuant to the terms of the 2009 MIPs, in the event that the performance targets were achieved or exceeded, the participating Named Executive Officer would receive a cash payment in an amount equal to the Named Executive Officer's base salary multiplied by the target payout percentage for such Named Executive Officer multiplied by the percentage by which the performance target for such plan was met or exceeded. Given their respective responsibilities, the Named Executive Officers participated in the various MIP Plans as follows:

<b>Name</b>	<b>Position</b>	<b>2009 Management Incentive Plan</b>	<b>Annual Incentive Target (as a percent of base salary)</b>	<b>Annual Incentive Payout Range (as a percent of base salary)</b>
Jerome J. Selitto	President and Chief Executive Officer	N/A	N/A	N/A <sup>(1)</sup>
Terence W. Edwards	Former President and Chief Executive Officer	Corporate	100%	0-137.5%
Sandra E. Bell	Executive Vice President and Chief Financial Officer	Corporate	100%	0-137.5%

- (1) Pursuant to Mr. Selitto's employment agreement with the Company, Mr. Selitto is entitled to a *pro rata* bonus for 2009 based upon his employment with the Company during 2009, which bonus, if any, is payable in 2011 and will be based upon a 14-month period ending December 31, 2010.

In addition to his duties as the Executive Vice President, Fleet, Mr. Kilroy served as Acting Chief Executive Officer and President of PHH for part of 2009. Mr. Kilroy's incentive compensation was modified to include incentive payouts based 50% upon the 2009 Fleet MIP and 50% upon the 2009 Corporate MIP to reflect his overall corporate duties. Mr. Kilroy's target payout percentage for performance achievement under the 2009 Fleet MIP was 100% of base salary and under the 2009 Corporate MIP was 150% of base salary. His overall payout percentage for 2009 was 125% of base salary assuming a Target level of performance achievement under both the 2009 Fleet MIP and 2009 Corporate MIP, and a maximum payout percentage for 2009 of 165.625% of base salary assuming maximum performance achievement under both the 2009 Fleet MIP and 2009 Corporate MIP.

***Variable Annual Long-Term Incentive Awards.*** The Compensation Committee administers the Company's 2005 Equity and Incentive Plan, which provides for equity-based awards, including restricted stock units ( RSUs ) and options to purchase PHH common stock ( Stock Options ). The Compensation Committee considers equity-based awards to the Company's Named Executive Officers an appropriate and effective method of retaining key management employees and aligning their interests with the interests of the Company's stockholders. Eligibility for equity-based awards, the number of shares underlying each award and the terms and conditions of each award are determined by the Compensation Committee upon consultation with management and the Compensation Committee's independent compensation consultant.

On March 25, 2009, based on recommendations from management and the Compensation Committee's independent compensation consultant, the Compensation Committee changed the long-term incentive plan to move away from performance-accelerated RSUs to a mix of (1) premium-priced Stock Options, and (2) performance-vested RSUs, as described below, for its awards under the 2005 Equity and Incentive Plan to Messrs. Edwards, Kilroy, Danahy and Brown and Ms. Bell.

The Compensation Committee considered the impact on stockholders of the reduction in PHH's share price in the period preceding the long-term incentive grants. Although the share price decline was viewed as part of an overall capital markets decline, as well as due to short-term changes in the liquidity/capital markets, the Compensation Committee nevertheless decided that it was not appropriate to continue to provide the same long-term incentive fair value to executives as in the prior year, since that would require a more than doubling in the share usage, and resulting potential stockholder dilution. The Compensation Committee therefore decided to provide approximately one-half the fair value as in the prior year, even though the market-competitive data indicated that these long-term incentive grant values were below market levels.

***Performance-vested RSUs.*** During 2009, the Compensation Committee granted performance-vested RSUs based on cumulative three-year PTIANI (pre-tax income after non-controlling interest) results. PTIANI was used as an appropriate measure of profitability, and therefore underlying stockholder value creation. The Compensation Committee utilized a three-year performance vesting schedule to align the program with multi-year sustainable value creation.

The following table sets forth the threshold, target and maximum number of shares issuable upon settlement of the performance-vested RSUs that were granted on March 25, 2009 (the 2009 Performance Units ) to the Named Executive Officers employed by the Company on such date:

Recipients of the 2009 Performance Units will earn shares of the Company's common stock pursuant to the awards in accordance with the percentage by which the Company attains or exceeds the minimum threshold amount of cumulative PHH PTIANI during the target measurement period of January 1, 2009 through December 31, 2011. The minimum threshold performance level required for a recipient of a 2009 Performance Unit to earn shares pursuant to such award is 50% of the target amount of cumulative PHH PTIANI during the target measurement period (in which case, such recipient will earn 50% of the target level of shares awarded). Recipients may not earn more than 120% of the target level of shares subject to the award. The Compensation Committee has the authority and discretion to exclude the impact of certain extraordinary or unusual accounting adjustments or income/expense items from the calculation of PTIANI during the target measurement period that, in the discretion of the Compensation Committee, are reasonably considered to be outside of the control of management. Provided the requisite minimum threshold of PTIANI is satisfied, the 2009 Performance Units will be settled, and shares earned will be issued, on or after January 1, 2012, and on or before April 30, 2012. Except to the extent that a 2009 Performance Unit is modified, no shares will be issued to any recipient of a 2009 Performance Unit whose employment terminates for any reason (other than for death or disability) before January 1, 2012. If a change in control of the Company (as defined in the 2005 Equity and Incentive Plan) occurs during the target measurement period, the performance conditions contained in the 2009 Performance Unit awards will be deemed to be fully achieved and shares will then be issued to recipients of the 2009 Performance Unit awards that are employed on the date of the change in control.

**Premium-priced Stock Options.** Stock Options were added to the long-term incentive program during 2009 because the Compensation Committee believed that Stock Options are aligned with ultimate stockholder value creation—the increase in share price. The Compensation Committee further recognized that, at the time of the Stock Option grants, the Company's share price was artificially depressed by the capital markets turbulence. Therefore, the Compensation Committee approved Stock Option awards during 2009 with an exercise price that was 20% above the closing price of PHH's common stock on the date of grant in an effort to ensure that management would not receive value from the Stock Options merely from an overall increase in the equity capital markets.

On March 25, 2009, the Compensation Committee granted non-qualified stock options under the 2005 Equity and Incentive Plan (the 2009 Stock Options) to each of the Company's Named Executive Officers at an exercise price of \$16.548 per share, representing a 20% premium to the closing price of the Company's common stock on the NYSE on March 25, 2009. Subject to continued employment and unless modified, the 2009 Stock Options vest ratably in three equal annual installments beginning March 25, 2010. If a change in control of the Company (as defined in the 2005 Equity and Incentive Plan) occurs during the vesting period, the vesting conditions contained in the 2009 Stock Option awards will be deemed to be fully satisfied as of the date of such change in control and the 2009 Stock Options held by persons that are employed by PHH on the date of such change in control will become immediately exercisable.

The following table sets forth the 2009 Stock Options that were granted on March 25, 2009, to the Named Executive Officers that were employed by the Company on such date:

***Other Long-term Incentive Grants.*** PHH provided Mr. Selitto with a sign-on grant of 250,000 Stock Options upon his commencement of employment as Chief Executive Officer. These Stock Options vest ratably over three years, and are intended to provide Mr. Selitto with immediate alignment with stockholders and provide a focus on stockholder value creation. In order to create even greater stockholder alignment, PHH provided Mr. Selitto with a

**Table of Contents**

matching grant of one RSU for each share of PHH common stock purchased in the open market by Mr. Selitto during the first open trading window following commencement of his employment, or 17,500 RSUs. These RSUs vest one year following the grant date.

Under the terms of the 2008 long-term incentive grant of service vested RSUs with vesting acceleration based on achievement of performance metrics established by the Compensation Committee (the 2008 RSUs), the Compensation Committee set the required annual performance metric that is used to determine whether one-third of the grant would be subject to vesting acceleration for each of 2008, 2009, and 2010. In 2009, the Compensation Committee approved the achievement of the vesting acceleration performance metric for 2008. In 2009, the Compensation Committee also set the vesting acceleration performance metric for the 2009 performance period, and used the same PTIANI (pre-tax income after non-controlling interest) goals that it used for the 2009 MIPs. On February 25, 2010, the Compensation Committee approved the achievement of the vesting acceleration performance metric for 2009.

Consistent with the Compensation Committee's focus on earnings on an ongoing basis and consistent with the Compensation Committee's commitment to stockholders, the Compensation Committee set the 2010 vesting acceleration performance metric for the 2008 RSUs based on Core Earnings (Pre-Tax). Core Earnings (Pre-Tax) is based on pre-tax income after non-controlling interest adjusted for the effects of the following special items: (a) the pre-tax change in the fair value of mortgage servicing rights due to changes in market inputs or assumptions used in the valuation model and (b) the pre-tax change in the fair value of mortgage service rights primarily due to changes in estimated portfolio delinquencies and foreclosures. Any 2008 RSUs for which the vesting has not been accelerated following the conclusion of the 2010 performance period will vest ratably in 2012 and 2013 subject to the employee's continued employment with the Company throughout such period, with the exception of Mr. Edwards, whose unvested 2008 RSUs will become fully vested at the end of his two year severance period notwithstanding that he is no longer an employee of the Company. The Compensation Committee has asked management to work with the independent consultant to review the long-term incentive plan and make recommendations for potential terms and levels for 2010 and 2011.

***2010 Executive Compensation Decision-making***

***Base Salaries.*** During 2010, the Compensation Committee evaluated salary levels based upon market-competitive compensation levels, as well as consideration of the nature of each executive officer's position and the contribution, achievement, experience and tenure of each executive officer. No market-based or other compensation adjustments were made to the compensation for the Named Executive Officers, consistent with decisions made for the remainder of the organization's employees.

***2009 Management Incentive Plan.*** The Compensation Committee reviewed the unadjusted PTIANI (pre-tax income after non-controlling interest) results for 2009, and potential adjustments to those results for extraordinary items, given the unusual economic and capital markets turbulence, as well as the changes in the composition of the Board of Directors and management team. In reviewing adjustments to performance against goals, the Compensation Committee utilized the principle that management is accountable for the Company's operations, and therefore decisions related to those operations. As a result, the Compensation Committee applied negative discretion to reduce Mortgage PTIANI and Fleet PTIANI results to account for various items that had not originally been included, but that the Compensation Committee viewed as within management's operational and strategic responsibility. Mortgage PTIANI performance therefore was adjusted downward to \$195.7 million and Fleet PTIANI performance was similarly adjusted downward to \$26.6 million. The Compensation Committee further determined that the Mortgage business met all of its operating cost metrics. This resulted in calculated performance achievements of 121.8% of Target under the 2009 Mortgage MIP, 121.5% of Target under the 2009 Fleet MIP, and 121.7% of Target under the 2009 Corporate MIP. Applying the formula resulted in MIP payouts to the Named Executive Officers of \$687,160 for Mr. Edwards, \$486,800 for Ms. Bell, \$684,113 for Mr. Kilroy, \$456,750 for Mr. Danahy, and \$200,805 for

Mr. Brown.

**2010 Management Incentive Plan.** PHH is revising its executive and broad-based compensation programs to better align rewards with the Company's strategic objectives and its transformation, and increase the culture of responsibility and risk management. The 2010 Management Incentive Plan was designed to begin this tighter

**Table of Contents**

pay-for-performance alignment and culture change, as well as focus management on PHH's key objectives. The 2010 Management Incentive Plan requires the Company to meet its Core Earnings (Pre-Tax) plan to fund any payouts for participants in order to focus all participants on ultimate stockholder value creation. Under the 2010 Management Incentive Plan, executive officers and other participants are generally required to meet individual objectives, with payouts reduced for non-achievement. Senior executives have Core Earnings (Pre-Tax) and transformation objectives included in the individual objectives to reinforce the team alignment on meeting the Company's key objectives. Additionally, each senior executive, as appropriate, has growth, risk management and talent management goals, to focus them on creating sustainable stockholder value creation. Payouts are aligned with meeting the budgeted plan, which is considered by the management team to consist of aggressive goals, based on expected changes in the mortgage industry. Performance of 100% to 115% of plan will result in payouts of up to 125% of target incentive; performance of 115% to 125% of plan will result in payouts of up to 150% of target incentive. This enhanced leverage is considered appropriate given the desire to incentivize management to reach these difficult to achieve performance levels. The Compensation Committee, in recognition of the difficulty of achieving plan, also agreed to consider payouts of 50% of target for meeting 90% of plan, and 75% of target for meeting 95% of plan. The Management Incentive Plan will be further reviewed for potential changes in 2011 as part of the overall executive compensation program redesign.

***Long-Term Incentive Awards.*** Since the Compensation Committee has asked management to develop recommendations for an integrated executive compensation program, the Compensation Committee has determined that the nature and amount of long-term incentive awards in 2010 should be made only after the Compensation Committee has agreed upon the new executive compensation philosophy and program.

***Retirement Benefits***

Messrs. Edwards, Kilroy and Brown are participants in defined benefit plans that were available to all of the Company's employees prior to the spin-off of the Company in 2005, including the PHH Corporation Pension Plan (the PHH Pension Plan) and PHH Corporation Retiree Medical Plan (the PHH Retiree Medical Plan) (collectively, the Retirement Plans). The benefits payable under these plans have been frozen for the Named Executive Officers and the other plan participants. See Pension Benefits for more information regarding benefits available to the Named Executive Officers under these plans. In addition, all of the Company's Named Executive Officers participate in the PHH Corporation Employee Savings Plan (the PHH Savings Plan) on the same basis as other employees. The PHH Savings Plan is a tax-qualified retirement savings plan that provides for employee contributions made on a pre-tax basis and matching contributions based on a portion of the employee's compensation contributed to the PHH Savings Plan up to the statutory limit. The matching contribution percentage under the PHH Savings Plan was reduced effective January 1, 2009, from 6% to 4% of the employee's compensation contributed to the PHH Savings Plan up to the statutory limit. See All Other Compensation in Footnote 7 under Summary Compensation Table for more information regarding matching contributions to the PHH Savings Plan made on behalf of each Named Executive Officer.

***Perquisites and Other Compensation***

The Company provides only a limited number of perquisites to its Named Executive Officers. The Company's Named Executive Officers generally are provided with or have use of company vehicles, financial planning services and tax reimbursements on the foregoing perquisites. In addition, Mr. Kilroy received fuel costs and tax reimbursements for his company vehicle. Considering PHH's fleet management business, the provision of vehicles to senior executives is considered an appropriate perquisite; regardless, the Compensation Committee will be reviewing the appropriateness of these perquisites as part of PHH's executive compensation program on an ongoing basis.

During 2009, in connection with Ms. Bell's relocation as a term of her employment, the Company provided Ms. Bell a relocation allowance and reimbursed Ms. Bell or paid on Ms. Bell's behalf relocation related expenses for transportation, parking, lodging, home purchase closing costs, and moving and storage expenses attributable to the transport of Ms. Bell's household goods. The Company also paid on Ms. Bell's behalf a down payment on her new residence, and arranged for the purchase and subsequent resale of Ms. Bell's former residence at a loss to the Company, which loss represented imputed income to Ms. Bell. The Company also provided Ms. Bell a tax gross-up

**Table of Contents**

for each of the foregoing relocation related benefits. Ms. Bell's aggregate relocation related benefits of \$677,859 and tax gross-up payments of \$424,202 in respect of Ms. Bell's relocation related benefits were partly attributable to the severely depressed state of the housing market at the time of Ms. Bell's relocation and a desire to conclude Ms. Bell's relocation as expeditiously as practicable. During 2009, in connection with Mr. Selitto's relocation as a term of his employment, the Company reimbursed Mr. Selitto or paid on Mr. Selitto's behalf \$7,698 in expenses for transportation, parking, and lodging. See Summary Compensation Table below for further information concerning Ms. Bell's relocation related benefits and tax gross-up payments.

***Change in Control and Other Severance Arrangements***

The Company maintains a general severance program for its executives and other employees. In 2009, a number of PHH executives and other employees, including Ms. Bell and Messrs. Kilroy, Danahy and Brown, were subject to special severance agreements. Those agreements expired by their terms as of December 31, 2009, and the Compensation Committee determined not to renew such agreements. As a result, except for Mr. Selitto, whose employment agreement contains severance provisions, no employee has a special severance agreement. Under the 2005 Equity and Incentive Plan, unvested equity-based awards generally will become fully and immediately vested and, in the case of stock options, exercisable, upon the occurrence of a change in control transaction (as defined in the 2005 Equity and Incentive Plan). See Potential Payments upon Termination of Employment or Change in Control below for additional information regarding payments in the event of a change in control or other termination of employment for each Named Executive Officer. The Company currently is working with the Compensation Committee's independent compensation consultant to determine whether an executive severance program is consistent with stockholder value creation, and if so, appropriate market-competitive practice related to such severance.

During 2009, PHH entered into a Transition Services and Separation Agreement, as amended, with Mr. Edwards in connection with his separation of employment (the Edwards Separation Agreement). The Edwards Separation Agreement includes non-competition and other restrictive covenants, including a list of competitors with whom Mr. Edwards may not be associated during the non-competition period, and provisions requiring Mr. Edwards to assist in the transition to a new Chief Executive Officer given Mr. Edwards' institutional knowledge of PHH, its business strategies, and the markets in which the Company operates. As consideration for the foregoing covenants and in light of Mr. Edwards' dedicated service to the Company, the Edwards Separation Agreement provides for severance payments to Mr. Edwards in the form of salary continuance for two years, the modification and continued vesting of Mr. Edwards' unvested equity-based compensation awards, which was intended to align his long-term interests with those of PHH's stockholders, and certain other benefits. See Summary Compensation Table and Grants of Plan-Based Awards below for further information concerning the modification of Mr. Edwards' unvested equity-based compensation awards. See Outstanding Equity Awards at Fiscal Year-End below for further information concerning Mr. Edwards' outstanding equity-based compensation awards as of December 31, 2009. See Potential Payments Upon Termination of Employment or Change in Control below for further information concerning Mr. Edwards' severance related benefits.

***Mr. Selitto's Employment Agreement***

In October 2009, PHH hired a new President and Chief Executive Officer, Mr. Jerry Selitto. Mr. Selitto's compensation package was designed to attract Mr. Selitto to the Company and to be performance-driven, linked to sustainable stockholder value creation and market-competitive. As a result, a substantial part of Mr. Selitto's pay mix includes performance-based cash and equity compensation. Under Mr. Selitto's employment agreement (the Selitto Employment Agreement), Mr. Selitto is subject to non-competition, non-solicitation, confidentiality, non-disparagement and certain other restrictive covenants and is entitled (i) to a minimum annual base salary of \$800,000, (ii) to participate in the PHH Corporation Management Incentive Plan, (iii) to be granted 250,000 Stock Options (which grant was made on October 26, 2009, with vesting to occur in three equal annual installments

beginning October 26, 2010), (iv) to be granted up to 50,000 RSUs based on the number of shares of PHH common stock purchased by Mr. Selitto during the first open window trading period after October 26, 2009 (which grant was made on December 21, 2009, in the amount of 17,500 RSUs that vest on December 21, 2010), (v) to be eligible to receive annual equity incentive grants as determined in the discretion of the Compensation Committee, and (vi) to

receive certain other fringe, relocation and, under certain circumstances, severance related benefits. See Potential Payments Upon Termination of Employment or Change in Control below for further information concerning Mr. Selitto's severance related benefits.

### ***Deductibility of Executive Compensation***

In accordance with Section 162(m) of the Internal Revenue Code, the deductibility for federal corporate income tax purposes of compensation paid to certain of the Company's executive officers in excess of \$1 million in any year may be restricted. The Compensation Committee believes that it is in the best interests of the Company's stockholders to comply with such tax law, while still maintaining the goals of the Company's compensation programs. Accordingly, where it is deemed necessary and in the Company's best interests to attract and retain the best possible executive talent and to motivate such executives to achieve the goals inherent in the Company's business strategy, the Compensation Committee may approve compensation to executive officers that may exceed the limits of deductibility imposed by Section 162(m). The 2010 Management Incentive Plan has been specifically designed, approved and implemented for compliance with Section 162(m).

### **Compensation Risk Assessment**

The Company's management, with the assistance of the Compensation Committee's independent consultant, conducted a risk assessment of the Company's compensation programs, to determine whether such programs are reasonably likely to have a material adverse effect on the Company. The risk assessment determined that the Company's compensation programs do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company. While risk-taking is a necessary part of growing a business, the Compensation Committee has focused on aligning PHH's compensation policies with the long-term interests of PHH and avoiding short-term rewards for management decisions that could pose long-term risks to PHH, as follows:

**Limits on MIP awards.** MIP awards are capped at 150% of an executive's target award to protect against disproportionately large short-term incentives, and the Compensation Committee has discretion in determining reductions in the size of MIP awards based on those factors it deems appropriate, including whether an executive has caused PHH to incur unnecessary or excessive risk. Further, senior executive officers have specific risk components embedded in their individual objectives.

**Use of Long-Term Incentive Compensation.** Equity-based long-term incentive compensation that vests over a period of years, including awards with performance objectives, is a key component of senior executive compensation. This vesting period encourages PHH's executives to focus on sustaining PHH's long-term performance.

**Multi-Level Review and Oversight.** PHH has multi-level review and oversight, as well as underwriting and other controls for direct mortgage origination positions, in order to mitigate the possibility of employees receiving rewards for engaging in short-term, unsustainable performance decisions.

In sum, the Company's compensation programs are structured so that a considerable amount of wealth of the Company's executives is tied to the long-term health of PHH which encourages risk oversight. The compensation programs avoid the type of disproportionately large short-term incentives that could encourage executives and other employees to take risks that may not be in PHH's long-term interests, explicitly include risk management in the individual objectives of executives and other key employees to align them with incentive payouts, and provide incentives to manage for long-term performance. The Compensation Committee believes this combination of factors encourages the Company's executives and other employees to manage PHH in a prudent manner.

**Compensation Committee Interlocks and Insider Participation**

The Compensation Committee is currently comprised of Messrs. Loren, Brinkley and Parseghian. During 2009, Mr. Krongard and Ms. Logan served on the Compensation Committee during their respective service on the Board. The current members of the Compensation Committee are the individuals named as signatories to the Compensation Committee Report set forth above under Compensation Committee Report. **Table of Contents****SUMMARY COMPENSATION TABLE**

The information below sets forth the compensation of our current and former Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers for the year ended December 31, 2009 (collectively referred to as our Named Executive Officers). The form and amount of the compensation paid or to be paid to our Named Executive Officers for the year ended December 31, 2009 was determined by the Compensation Committee of our Board. The amounts included in the Stock Awards, Option Awards and Total columns in the table below have been restated from prior years in accordance with recent SEC rule changes. Specifically, the amounts reported in the Stock Awards and Option Awards columns now reflect the aggregate grant date fair value of equity-based compensation awards made during a given year, as opposed to the amount of equity-based compensation expense recognized by us during such year, and the amounts in the Total column have been correspondingly adjusted. Accordingly, the amounts in the Stock Awards, Option Awards and Total columns are not comparable to amounts reported in prior fiscal years.

- (1) There were no increases in annual salary for the Named Executive Officers in 2007 or 2008. For Mr. Selitto and Mr. Edwards, amounts in this column for 2009 represent the salary paid to such persons during the period of their respective employment during 2009. For Ms. Bell, amounts in this column for 2008 represent the salary paid during the period of her employment during 2008.
- (2) For Ms. Bell, amounts in this column reflect a bonus for 2008 service equal to one times her base salary, prorated based on the start date of her employment. Ms. Bell's prorated bonus for 2008 was paid in the first quarter of 2009. For Messrs. Danahy and Brown, amounts in this column for 2009 reflect discretionary bonuses that were awarded and paid in the first quarter of 2009 in respect of 2008 performance. During 2007, we entered into retention agreements with certain executive officers, including Mr. Brown, that provided for retention payments equal to each person's respective MIP target payout level for 2007 payable on the earlier of the closing of a proposed acquisition of the Company by General Electric Capital Corporation (the Merger) or December 31, 2007. Because the retention payment was earned as of December 31, 2007, Mr. Brown's \$150,000 retention payment has been reflected as a 2007 bonus notwithstanding that Mr. Brown actually received such retention payment during the first quarter of 2008.
- (3) The amounts shown in this column reflect the aggregate grant date fair value of equity-based compensation awards to our Named Executive Officers, or modifications of outstanding awards previously made to our Named Executive Officers, in the form of common stock or restricted stock units. Of the \$1,625,487 included in this column for 2009 for Mr. Edwards, \$1,315,212 represents the incremental grant date fair value attributable to the modification during 2009 of restricted stock unit awards that were initially made prior to or during 2009. There were no initial grants of equity-based compensation made to our Named Executive Officers during 2007. See Grants of Plan-Based

- (4) The amounts shown in this column reflect the aggregate grant date fair value of equity-based compensation awards to our Named Executive Officers, or modifications of outstanding awards previously made to our Named Executive Officers, in the form of stock options. Of the \$1,069,245 included in this column for 2009 for Mr. Edwards, \$729,730 represents the incremental grant date fair value attributable to the modification during 2009 of stock option awards that were initially made prior to 2007. The \$118,564 included in this column for 2007 for Mr. Brown represents the incremental grant date fair value attributable to the modification during 2007 of stock option awards that were made prior to or during 2007. There were no initial grants of equity-based compensation made to our Named Executive Officers in 2007. See Grants of Plan-Based Awards for more information regarding equity-based compensation awards made during 2009, as well as modifications during 2009 of equity-based compensation awards made prior to or during 2009. - (5) For 2009, Messrs. Edwards and Brown were participants in the 2009 Corporate MIP and Mr. Danahy was a participant in the 2009 Mortgage MIP. Mr. Kilroy's 2009 MIP award was based 50% on the performance achievement under the 2009 Corporate MIP and 50% on the performance achievement under the 2009 Fleet MIP. The performance target for the 2009 Fleet MIP was based on PTIANI for PHH Arval. The performance target for the 2009 Mortgage MIP was based 50% on PTIANI for PHH Mortgage and 50% on the achievement of certain operating expense metrics. The performance target for the 2009 Corporate MIP was based 50% on the performance achieved under the 2009 Fleet MIP and 50% on the performance achieved under the 2009 Mortgage MIP. Based on the results of PHH Arval and PHH Mortgage for 2009 and the achievement by PHH Mortgage of its operating expense metric performance goals, the Compensation Committee determined that the performance target for the 2009 Mortgage MIP was exceeded and the performance target for the 2009 Fleet MIP was exceeded. As a result, Mr. Kilroy received a 2009 MIP payment of \$684,113 representing 121.5% of target and Mr. Danahy received a payment under the 2009 Mortgage MIP of \$456,750 representing 121.8% of target. Messrs. Edwards and Brown and Ms. Bell received payments under the 2009 Corporate MIP of \$687,161, \$200,805, and \$486,800, respectively, representing 121.7% of target. For 2008, Messrs. Edwards and Brown were participants in the 2008 Corporate MIP, and Messrs. Kilroy and Danahy were participants in the 2008 Fleet MIP and 2008 Mortgage MIP, respectively. The performance targets for the 2008 Fleet MIP and 2008 Mortgage MIP were based on the pre-tax income after minority interest for PHH Arval and PHH Mortgage, respectively. The performance target for the 2008 Corporate MIP was based 50% on the performance achieved under the 2008 Fleet MIP and 50% on the performance achieved under the 2008 Mortgage MIP. Based on the results of PHH Arval and PHH Mortgage for 2008, the Compensation Committee determined that the performance target for the 2008 Mortgage MIP was not achieved and the performance target for the 2008 Fleet MIP was exceeded. As a result, Mr. Danahy did not receive any payment under the 2008 Mortgage MIP, and Mr. Kilroy received payment under the 2008 Fleet MIP in the amount of \$513,000. Messrs. Edwards and Brown received a partial payment under the 2008 Corporate MIP based upon the performance achieved under the 2008 Fleet MIP. During 2007, as a result of the announcement of the proposed Merger, the Compensation Committee did not approve a MIP for

PHH Corporation and Messrs. Edwards and Brown did not receive any MIP awards for 2007, however, Mr. Brown was awarded a retention bonus during 2007, which was paid in the first quarter of 2008, of \$150,000 representing an amount equal to Mr. Brown's MIP target payout level at that time. See Compensation Discussion and Analysis 2009 Executive Compensation Program Design Variable Annual Cash Compensation Programs above for more information. Pursuant to Mr. Edwards' Transition Services and Separation Agreement, as amended, Mr. Edwards was entitled to receive a 2009 Corporate MIP payment of \$687,161 and this amount is reflected in this column for 2009.

- (6) The amounts in this column reflect the change in the actuarial present value of the accumulated benefit under the PHH Pension Plan and PHH Retiree Medical Plan for each participating Named Executive Officer. Each of the PHH Pension Plan and the PHH Retiree Medical Plan has been frozen and the final average compensation and years of service for each Named Executive Officer participating in the PHH Pension Plan is based on the years of service and compensation earned prior to October 31, 1999 (October 31, 2004 for Mr. Kilroy). During 2009, the change in the actuarial present value of the accumulated benefit under the PHH Pension Plan for Mr. Edwards was an increase of \$42,848. During 2009, the change in the actuarial present value of the accumulated benefit under the PHH Retiree Medical Plan for Mr. Edwards was a decrease of \$30,129. The aggregate net change for Mr. Edwards during 2009 in the actuarial present value of the accumulated benefit under the PHH Pension Plan and the PHH Retiree Medical Plan was \$12,719 and this amount is included in this column for 2009. During 2007, the change in the actuarial present value of the accumulated benefit under the PHH Pension Plan for Mr. Edwards was a decline of \$3,577. During 2007, the change in the actuarial present value of the accumulated benefit under the PHH Retiree Medical Plan for Mr. Edwards was an increase of \$6,121. The aggregate net change for Mr. Edwards during 2007 in the actuarial present value of the accumulated benefit under the PHH Pension Plan and the PHH Retiree Medical Plan was \$2,544 and this amount is included in this column for 2007. During 2007, the change in the actuarial present value of the accumulated benefit under the PHH Pension Plan for Messrs. Kilroy and Brown was a decline of \$1,547 and \$3,424, respectively. Since the aggregate change for Messrs. Kilroy and Brown were negative, no amounts have been included in this column for 2007 for Messrs. Kilroy and Brown in accordance with applicable SEC rules under the Exchange Act. See Pension Benefits for additional information regarding the benefits accrued for each of these Named Executive Officers and Note 12, Pension and Other Post Employment Benefits in the Notes to Consolidated Financial Statements included in the 2009 Annual Report for more information regarding the calculation of our pension costs.

See Footnote (f) below.
- (e) For Ms. Bell, reflects amounts paid to or on behalf of Ms. Bell for expenses for transportation, parking, and lodging incurred in connection with Ms. Bell's relocation. We also provided a \$22,940 tax gross-up to Ms. Bell in respect of these amounts. See Footnote (f) below. Edwards, Danahy and Brown, (ii) in respect of car and fuel costs for Mr. Kilroy, and (iii) in respect of car costs and the relocation related benefits described in Footnote (e) above and Footnote (g) below for Ms. Bell.
- (g) Reflects (i) a payment to Mr. Selitto of \$7,166 to reimburse him for legal fees incurred in connection with the negotiation and preparation of his Employment Agreement, (ii) a payment to Mr. Edwards of \$9,076 to reimburse him for legal fees incurred in connection with the negotiation and preparation of his Transition Services and Separation Agreement, as amended, and (iii) for Ms. Bell, a \$33,333 relocation allowance, amounts paid to or on behalf of Ms. Bell for expenses for home purchase closing costs of \$22,065 and moving and storage expenses of \$66,491 attributable to the transport of Ms. Bell's household goods, a \$240,000 payment on Ms. Bell's behalf as a down payment on her new residence, and a \$282,504 loss incurred in connection with the purchase and subsequent resale of Ms. Bell's former residence. We also provided a \$401,262 tax gross-up to Ms. Bell in respect of these amounts. See Footnote (f) above.

During 2009, we entered into an Employment Agreement with Mr. Selitto (the Selitto Employment Agreement ) and a Transition Services and Separation Agreement, as amended, with Mr. Edwards (the Edwards Separation Agreement ). Pursuant to the Selitto Employment Agreement, Mr. Selitto was granted 250,000 Stock Options with an aggregate grant date fair value of \$2,185,000 and 17,500 RSUs with an aggregate grant date fair value of \$251,650 during 2009. Pursuant to the Edwards Separation Agreement, Mr. Edwards' unvested equity awards were modified to generally permit Mr. Edwards to continue to vest in such awards and to align his long-term interests with those of our stockholders. Absent such modifications, such awards would have been forfeited. Included in the Stock Awards column of the Summary Compensation Table for Mr. Edwards for 2009 is \$1,315,212 representing the aggregate grant date fair value attributable to the modification of Mr. Edwards' unvested RSU awards, including \$441,900 that is attributable to the modification of the 2009 Performance Units initially granted to Mr. Edwards on March 25, 2009. Included in the Option Awards column of the Summary Compensation Table for Mr. Edwards for 2009 is \$729,730 representing the aggregate grant date fair value attributable to the modification of Mr. Edwards' unvested Stock Option awards, including \$476,256 that is attributable to the modification of Stock Options initially granted to Mr. Edwards on March 25, 2009. See Grants of Plan-Based Awards below for further information concerning these awards to Mr. Selitto and the

modification of Mr. Edwards' unvested equity-based awards, including Footnotes 2, 6, 7 and 8 to the Grants of Plan-Based Awards table.

During 2009, we provided certain relocation benefits and related tax gross-up payments to Ms. Bell in connection with her relocation to the Greater Philadelphia region as a term of her employment, which benefits and payments comprised a significant component of Ms. Bell's total compensation during 2009. Such amounts are included in the All Other Compensation column of the Summary Compensation Table for 2009 for Ms. Bell. See also Footnote 7 to the Summary Compensation Table above for additional details. The amount of Ms. Bell's relocation benefits and related tax gross-up payments was partly attributable to the severely depressed state of the housing market at the time of Ms. Bell's relocation and a desire to conclude Ms. Bell's relocation as expeditiously as practicable.

On March 25, 2009, Messrs. Edwards, Kilroy, Danahy and Brown and Ms. Bell were granted 2009 Performance Units with an aggregate grant date fair value of \$310,275, \$206,850, \$206,850, \$115,298, and \$206,850, respectively. On August 5, 2009, the 2009 Performance Units that were initially granted to Mr. Edwards on March 25, 2009, were modified pursuant to the Edwards Separation Agreement resulting in such 2009 Performance Units being deemed re-granted at an aggregate grant date fair value of \$441,900. These amounts, including the amounts attributable to Mr. Edwards' modified 2009 Performance Units, are included in the Stock Awards column of the Summary Compensation Table and represent the aggregate grant date fair value of the 2009 Performance Units based on the probable outcome of the threshold level of achievement in accordance with SEC rules under the Exchange Act. If the probable outcome of the level of achievement had been determined to be less than the threshold level of achievement, as opposed to the threshold level of achievement, these amounts would be zero and the Total column would be reduced accordingly. If the probable outcome of the level of achievement had been determined to be the target level of achievement, as opposed to the threshold level of achievement, these amounts would be increased by 100% and the Total column would be increased accordingly. If the probable outcome of the level of achievement had been determined to be the maximum level of achievement, as opposed to the threshold level of achievement, these amounts would be increased by 140% and the Total column would be increased accordingly. See Grants of Plan-Based Awards below and Footnote 2 to the Grants of Plan-Based Awards table for further information concerning the 2009 Performance Units and the amounts included in the Summary Compensation Table in respect of the 2009 Performance Units. See also Compensation Discussion and Analysis 2009 Executive Compensation Program Design Variable Annual Long-Term Incentive Awards Performance-vested RSUs for further information concerning the 2009 Performance Unit awards to Messrs. (1) For Messrs. Edwards and Brown and Ms. Bell, amounts represent awards under the 2009 Corporate MIP. For Mr. Danahy, amounts represent awards under the 2009 Mortgage MIP. For Mr. Kilroy, amounts represent an award based 50% on the performance under the 2009 Corporate MIP and 50% on the performance under the 2009 Fleet MIP. Pursuant to Mr. Selitto's employment agreement with the Company, Mr. Selitto is entitled to a *pro rata* bonus for 2009 based upon his employment with the Company during 2009 which bonus, if any, is payable in 2011 and will be based upon a 14-month period ending December 31, 2010.

(2) Represents 2009 Performance Unit awards under the 2005 Equity and Incentive Plan. Recipients of the 2009 Performance Units will earn shares of the Company's common stock pursuant to the awards in accordance with the percentage by which the Company attains or exceeds a minimum threshold amount of cumulative PTIANI during the target measurement period of January 1, 2009 through December 31, 2011. The minimum threshold performance level required for a recipient of a 2009 Performance Unit to earn shares pursuant to such award is 50% of the target amount of cumulative PTIANI during the target measurement period (in which case, such recipient will earn 50% of the target level of shares awarded). Recipients may not earn more than 120% of the target level of shares subject to the award. The Compensation Committee has the authority and discretion to exclude the impact of certain extraordinary or unusual accounting adjustments or income/expense items from the

calculation of PTIANI during the target measurement period that, in the discretion of the Compensation Committee, are reasonably considered to be outside of the control of management. Provided the requisite minimum threshold of PTIANI is satisfied, the 2009 Performance Units will be settled, and shares earned pursuant thereto will be issued, on or after January 1, 2012, and on or before April 30, 2012. Amounts included in the Stock Awards column of the Summary Compensation Table in respect of the award of 2009 Performance Units reflect the aggregate grant date fair value of the 2009 Performance Units based on the threshold level of achievement, or 50% of the target level of achievement, representing the probable outcome of the level of achievement. See also Note 17, Stock-Based Compensation in the Notes to Consolidated Financial Statements included in the 2009 Annual Report for more information, including the assumptions used in calculating grant date fair value of equity-based compensation awards.

- (3) Represents an award, as required by Mr. Selitto's Employment Agreement with the Company, of time-vested non-qualified stock options under the 2005 Equity and Incentive Plan that vest ratably over three years provided that Mr. Selitto remains continuously employed by the Company through October 26, 2012.

The number of stock options reflects the number of stock options that were modified and, as such, were deemed to be re-granted as of the date of the modification. The incremental grant date fair value of \$729,730 that is attributable to the modification during 2009 of these 2009 Modified Options is included in the Option Awards column of the Summary Compensation Table for Mr. Edwards for 2009. On March 25, 2009, Mr. Edwards was awarded 2009 Performance Units representing 45,000 shares at the target level of achievement and 51,993 Stock Options (the 2009 Stock Options). On August 5, 2009, Mr. Edwards' 2009 Performance Units and 2009 Stock Options, as well as Mr. Edwards' other outstanding unvested equity-based awards that were initially granted prior to 2009, were modified pursuant to the Edwards Separation Agreement to avoid the forfeiture by Mr. Edwards of such 2009 Performance Units, 2009 Stock Options and other unvested equity-based awards in connection with his separation of employment. The number of 2009 Performance Units and 2009 Stock Options indicated in the Grants of Plan-Based Awards table above for Mr. Edwards reflects the number of 2009 Performance Units and 2009 Stock Options that were originally granted to Mr. Edwards on March 25, 2009, as well as the 2009 Performance Units and 2009 Stock Options that were modified on August 5, 2009, and, as such, were

deemed to be re-granted as of August 5, 2009, the date of the modification. The aggregate grant date fair value of \$310,275 that is attributable to the original grant of Mr. Edwards' 2009 Performance Units (based on the probable outcome of a threshold level of achievement), as well as the aggregate grant date fair value of \$441,900 that is attributable to the modification on August 5, 2009, of the 2009 Performance Units (based on the probable outcome of a threshold level of achievement), is included in the Grant Date Fair Value of Stock and Option Awards column of the Grant of Plan-Based Awards table above and is also included in the Stock Awards column of the Summary Compensation Table above for Mr. Edwards for 2009. Similarly, the aggregate grant date fair value of \$339,514 that is attributable to the original grant of Mr. Edwards' 2009 Stock Options, as well as the aggregate grant date fair value of \$476,256 that is attributable to the modification on August 5, 2009, of Mr. Edwards' 2009 Stock Options, is included in the Grant Date Fair Value of Stock and Option Awards column of the Grant of Plan-Based Awards table above and is also included in the Option Awards column of the Summary Compensation Table above for Mr. Edwards for 2009. Lastly, the incremental grant date fair value that is attributable to the modification on August 5, 2009, of each of Mr. Edwards' other outstanding unvested equity-based awards that were initially granted prior to 2009 is included in the Grant Date Fair Value of Stock and Option Awards column of the Grant of Plan-Based Awards table above and is also included in the Stock Awards or Option Awards columns, as applicable, of the Summary Compensation Table above for Mr. Edwards for 2009. Selitto and Edwards.

(1) Calculated using the closing price of our common stock on December 31, 2009 (\$16.11 per share).

(2) Represents an award, as required by Mr. Selitto's Employment Agreement with the Company, of time-vested non-qualified stock options under the 2005 Equity and Incentive Plan that vest ratably over three years provided that Mr. Selitto remains continuously employed by the Company through October 26, 2012.

**Table of Contents**

- (3) Represents an award, as required by Mr. Selitto's Employment Agreement with the Company, of time-vested restricted stock units under the 2005 Equity and Incentive Plan that cliff vest on December 21, 2010, provided that Mr. Selitto remains continuously employed by the Company through December 21, 2010.
- (4) At the date of grant, these stock options were scheduled to vest ratably, subject to continued employment, in three equal annual installments beginning June 28, 2009, with the potential acceleration of vesting of 25% of the total award on each of June 28, 2006, June 28, 2007, June 28, 2008, and June 28, 2009, upon the achievement of performance targets for the applicable fiscal year immediately preceding each such date. The performance target was achieved for 2005, but was not achieved for 2006, 2007 or 2008. As a result, 25% of the total award of these stock options vested on June 28, 2006, and 25% of the total award of these stock options vested on June 28, 2009. The remaining 50% of these stock options vest ratably in two equal annual installments on June 28, 2010, and June 28, 2011, subject to each person's continued employment, with the exception of Mr. Edwards, who will continue to vest in these stock options in accordance with their terms notwithstanding that Mr. Edwards is no longer employed by the Company.
- (5) Represents stock options that were granted under the 2005 Equity and Incentive Plan at an exercise price of \$16.548 per share, representing a 20% premium to the closing price of the Company's common stock on the NYSE on March 25, 2009. These stock options vest ratably in three equal annual installments beginning March 25, 2010, subject to each person's continued employment, with the exception of Mr. Edwards, who will continue to vest in these stock options generally in accordance with their terms notwithstanding that Mr. Edwards is no longer employed by the Company.
- (6) Represents unvested awards of restricted stock units granted on June 28, 2005 (the 2005 RSU Awards) under the 2005 Equity and Incentive Plan. At the date of grant, the 2005 RSU Awards were scheduled to vest ratably, subject to continued employment, in three equal annual installments beginning June 28, 2009, with the potential acceleration of vesting of 25% of the total award on each of June 28, 2006, June 28, 2007, June 28, 2008, and June 28, 2009, upon the achievement of performance targets for the applicable fiscal year immediately preceding each such date. The performance target was achieved for 2005, but was not achieved for 2006, 2007 or 2008. As a result, 25% of the total 2005 RSU Awards vested on June 28, 2006, however, settlement of the vested portion was deferred until January 8, 2008, due to a Regulation BTR blackout period. On June 28, 2009, an additional 25% of the total 2005 RSU Awards vested. The unvested portion of the 2005 RSU Awards included in this column will vest ratably in two equal annual installments on June 28, 2010, and June 28, 2011, subject to each person's continued employment, with the exception of Mr. Edwards, who will continue to vest in these 2005 RSU Awards in accordance with their terms notwithstanding that Mr. Edwards is no longer employed by the Company.
- (7) Represents unvested awards of restricted stock units granted on January 10, 2008 (the 2008 RSU Awards) pursuant to the 2005 Equity and Incentive Plan. At the date of grant, the 2008 RSU Awards were scheduled to vest ratably, subject to continued employment, in two equal annual installments beginning January 10, 2012, with the potential acceleration of vesting of up to 1/3 of the total award on each of February 28, 2009, February 28, 2010, and February 28, 2011, upon the achievement of performance targets for the applicable fiscal year immediately preceding each such date. For Messrs. Edwards and Brown, the performance targets for their 2008 RSU Awards are based 50% on the performance achieved by PHH Arval and 50% on the performance achieved by PHH Mortgage. Accordingly, if both PHH Arval and PHH Mortgage meet their respective performance targets in respect of any accelerated vesting date, vesting of 1/3 of the total 2008 RSU Awards will be accelerated for Messrs. Edwards and Brown. If only PHH Arval or PHH Mortgage, but not both, meet their respective performance target in respect of any accelerated vesting date, vesting of only 1/6 of the total 2008 RSU Awards will be accelerated for Messrs. Edwards and Brown. For Messrs. Kilroy and Danahy, the

performance targets for their 2008 RSU Awards are based 100% on the performance achieved by PHH Arval and PHH Mortgage, respectively. The performance target for 2008 was achieved for PHH Arval, but was not achieved for PHH Mortgage. As a result, vesting of 1/6 of the total 2008 RSU Awards for Messrs. Edwards and Brown and 1/3 of the total 2008 RSU Awards for Mr. Kilroy was accelerated on March 11, 2009, upon the approval of the Compensation Committee. The performance target for 2009 was achieved for PHH Arval and PHH Mortgage. As a result, vesting of 1/3 of the total 2008 RSU Awards for Messrs. Edwards, Brown, Kilroy and Danahy was accelerated on February 28, 2010, upon the approval of the Compensation Committee.

- (8) Represents the threshold number, equal to 50% of the target number, of unvested 2009 Performance Units granted under the 2005 Equity and Incentive Plan on March 25, 2009. Recipients of the 2009 Performance Units will earn shares of the Company's common stock pursuant to the awards in accordance with the percentage by which the Company attains or exceeds a minimum threshold amount of cumulative PTIANI during the target measurement period of January 1, 2009 through December 31, 2011. The minimum threshold performance level required for a recipient of a 2009 Performance Unit to earn shares pursuant to such award is 50% of the target amount of cumulative PTIANI during the target measurement period (in which case, such recipient will earn 50% of the target level of shares awarded). Recipients may not earn more than 120% of the target level of shares subject to the award. The Compensation Committee has the authority and discretion to exclude the impact of certain extraordinary or unusual accounting adjustments or income/expense items from the calculation of PTIANI during the target measurement period that, in the discretion of the Compensation Committee, are reasonably considered to be outside of the control of management. Provided the requisite minimum threshold of PTIANI is satisfied, the 2009 Performance Units will be settled, and shares earned pursuant thereto will be issued, on or after January 1, 2012, and on or before April 30, 2012. See also Note 17, "Stock-Based Compensation" in the Notes to Consolidated Financial Statements included in the 2009 Annual Report for more information, including the assumptions used in calculating grant date fair value of equity-based compensation awards.
- (9) Subject to continued employment, these stock options vest ratably in five equal annual installments beginning October 13, 2009.

See also "Summary Compensation Table" and "Grants of Plan-Based Awards" above and the narrative disclosure immediately following the Summary Compensation Table and Grants of Plan-Based Awards table for additional information concerning the 2009 Performance Units.

**PENSION BENEFITS**

The following table sets forth information relating to the PHH Pension Plan and the PHH Retiree Medical Plan, which are defined benefit plans adopted as of the Company's spin-off from Cendant Corporation in 2005. Both the PHH Pension Plan and the PHH Retiree Medical Plan have been frozen for all participants, including our Named Executive Officers that are participants in such plans, and no further benefits are accruing under such plans for any of our Named Executive Officers. The PHH Pension Plan and the PHH Retiree Medical Plan assumed all liabilities and obligations owed to participants that were actively employed by us at the time of the spin-off under the respective predecessor plans of Cendant Corporation, including Messrs. Edwards, Kilroy and Brown. Certain of our current and former employees, including Messrs. Selitto and Danahy and Ms. Bell, were not participants in the predecessor plans of Cendant Corporation and are not participants in the PHH Pension Plan or PHH Retiree Medical Plan.

- (1) The number of years of credited service shown in this column is calculated based on the actual years of service with us for each Named Executive Officer through October 31, 1999, or, in the case of Mr. Kilroy, October 31, 2004.
- (2) The valuations included in this column have been calculated as of December 31, 2009 assuming the Named Executive Officer will retire at the normal retirement age of 65 and using the interest rate and other assumptions as described in Note 12, Pension and Other Post Employment Benefits in the Notes to Consolidated Financial Statements included in the 2009 Annual Report.
- (3) Pursuant to the terms of the PHH Retiree Medical Plan, a participant must have 10 years of service with the Company and be at least 55 years of age at the date of such participant's separation of service with the Company in order to be eligible to receive benefits under the PHH Retiree Medical Plan. Because Mr. Edwards was not 55 years of age at the date of his separation of service with the Company, Mr. Edwards is not eligible for benefits under the PHH Retiree Medical Plan and, accordingly, the Present Value of Accumulated Benefit under the PHH Retiree Medical Plan for Mr. Edwards as of December 31, 2009, is zero.

No pension benefits were paid to the Named Executive Officers in 2009. Messrs. Edwards, Kilroy and Brown are eligible to receive a benefit under the PHH Pension Plan based on 2% of their final average cash compensation

**Table of Contents**

as of the date the plan was frozen with respect to such persons times their number of years of benefit service (up to a maximum of 30 years) measured as of the date the plan was frozen with respect to such persons minus 50% of their annualized primary Social Security benefit. For purposes of determining the participating Named Executive Officers benefits under the PHH Pension Plan, their final average compensation and years of benefit service was based on compensation and service earned prior to October 31, 1999 (October 31, 2004 for Mr. Kilroy). The participating Named Executive Officers benefits under the PHH Pension Plan and PHH Retiree Medical Plan were frozen as of October 31, 1999 (October 31, 2004 for Mr. Kilroy).

**NON-QUALIFIED DEFERRED COMPENSATION**

The table below sets forth information relating to the PHH Corporation Executive Deferred Compensation Plan (the Deferred Compensation Plan ) established by our Board in 1994 for specified executive officers at that time. The Deferred Compensation Plan was frozen to further participation in 1997 and Mr. Edwards is the only Named Executive Officer eligible to participate in the plan.

(1) The amounts reported in this table have been omitted from the Summary Compensation Table pursuant to the applicable SEC rules under the Exchange Act because the earnings were not above-market or preferential.

Except for Mr. Edwards lump-sum liquidating distribution during 2009, there were no contributions to, or distributions or withdrawals from, the Deferred Compensation Plan in 2009. The Deferred Compensation Plan is a non-qualified deferred compensation plan pursuant to which participants were previously permitted to defer up to 100% of their annual salary and any awards under a non-equity incentive plan. All deferrals by participants are 100% vested at all times. The Deferred Compensation Plan is unfunded for tax purposes and a bookkeeping account is maintained for each participant. Amounts deferred are credited with any associated earnings in accordance with investment options elected by the participant from the investment options, including mutual funds and other funds, available under the PHH Savings Plan, except for the fund which invests in our common stock. Participants are entitled to a distribution under the Deferred Compensation Plan when they cease employment with us for any reason. Distributions may be made in lump-sum or in monthly, quarterly or annual installments for up to ten years at the election of the participant.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL**

The following table sets forth the estimated payments and benefits that would have been provided to each Named Executive Officer pursuant to the terms of any contract, agreement, plan or arrangement that existed as of December 31, 2009, and that provided for payments and benefits following, or in connection with, a termination of the Named Executive Officer's employment, including by voluntary termination with or without good reason, involuntary termination not for cause, involuntary termination for cause, retirement, death, disability, or a change in control with or without a termination of the Named Executive Officer's employment.

**On December 31, 2009, we had change in control/severance agreements in place with Messrs. Kilroy, Danahy and Brown and Ms. Bell that entitled them to lump-sum cash benefits of \$1,800,000, \$1,137,500, \$900,000, and \$1,600,000, respectively, under certain circumstances. These agreements expired by their terms on December 31, 2009, and have not been renewed.** However, for purposes of calculating the amounts in the table below, we have assumed that the termination or change in control event took place on December 31, 2009, as required by SEC rules under the Exchange Act. For purposes of calculating the value on December 31, 2009, of any equity-based awards in accordance with the SEC rules under the Exchange Act, we used the closing price of our common stock on December 31, 2009, or \$16.11 per share. See the discussion that follows the table for additional information regarding these estimated payments and benefits. Mr. Edwards, our former President and Chief Executive Officer, is included in the table below because he was employed by us during 2009.

**Table of Contents**

- (1) During 2009, Mr. Edwards' employment with the Company was terminated. The amounts reported in the Involuntary Termination Not for Cause or Voluntary Termination for Good Reason column represent (i) amounts that Mr. Edwards received or is entitled to receive pursuant to the Edwards Separation Agreement, with the exception of annual cash bonus amounts for 2010 and 2011 that are not currently determinable, (ii) the incremental grant date fair value attributable to the modification of Mr. Edwards' unvested equity-based compensation awards, and (iii) the amount of Mr. Edwards' previously deferred compensation that was actually distributed to Mr. Edwards during 2009. Pursuant to the Edwards Separation Agreement and subject to Mr. Edwards' compliance with the terms thereof, Mr. Edwards is entitled to receive two years of base salary at \$564,635 per year, a \$50,000 lump-sum cash transition payment, and annual cash bonuses for 2009, 2010 and 2011. The annual cash bonus for 2009 for Mr. Edwards was \$687,161. In addition, Mr. Edwards' unvested equity-based compensation awards were modified to permit Mr. Edwards to continue vest in such awards during his two year severance period. See Summary Compensation Table, Grants of Plan-Based Awards and Outstanding Equity Awards at Fiscal Year End for additional information concerning Mr. Edwards' equity-based compensation awards and the modification of such awards. The \$1,586,287 reported for Mr. Edwards in the Change in Control without Termination, Change in Control with Termination, Death, and Disability columns represent the incremental value, calculated using the closing price of our common stock on December 31, 2009, or \$16.11 per share, that Mr. Edwards would have received had the applicable triggering event occurred on December 31, 2009.

The amounts shown in the table above include estimates of what would be paid to the Named Executive Officers upon the occurrence of the specified event. The actual amounts to be paid to the Named Executive Officers can only be determined at the time of such event. We have included payments related to the Retirement Plans and the Deferred Compensation Plan in the table since these are frozen plans and are not available to all of our current employees. We have not included payments related to the Retirement Plans in the specified events other than the Retirement column, as these payments are not triggered by termination, death or disability of the Named Executive Officer or a change in control. These amounts would be payable to the Named Executive Officer at some time after the specified event once the minimum retirement age and other PHH Pension Plan requirements were met. In addition, the table does not include payments of life or disability insurance payable upon the death or disability of the Named Executive Officers as these benefits are available to all employees on the same basis.

***Potential Payments and Benefits***

**Severance.** We provide post-termination payments of salary or severance to our Named Executive Officers under a policy applicable to our executive officers in the event of a reduction in our workforce or the elimination or discontinuation of their position, except to the extent that our Named Executive Officers have waived their respective rights to such benefits pursuant to separate individual severance agreements with such Named Executive Officers. Pursuant to our policy and subject to the foregoing, the minimum severance is 26 weeks of base salary and the maximum severance is 52 weeks of base salary for the Named Executive Officers payable in a lump-sum amount. In addition, our severance policy applicable to our executive officers includes \$7,500 in outplacement services. These outplacement services may be declined by the Named Executive Officer in lieu of an equivalent cash payment.

Effective January 1, 2010, Messrs. Kilroy, Danahy and Brown and Ms. Bell were no longer covered by any special severance or change in control agreements. In June 2007, in connection with the contemplated Merger, we entered into severance agreements with Messrs. Kilroy and Brown that provided for enhanced post-termination payments in the event a termination event (as defined in such severance agreements) occurred on or prior to the first anniversary of the effective time of the Merger. In 2008, we entered into a severance agreement with Mr. Danahy, a Change in Control Severance Agreement with Ms. Bell, and restated severance agreements with Messrs. Kilroy and Brown. For Messrs. Kilroy, Danahy and Brown, their respective severance agreements provided for enhanced post-termination

payments in the event a termination event (as defined in their respective severance agreements) occurred on or before the first anniversary of the effective time of a change in control (as defined in their respective severance agreements) that occurred on or before December 31, 2009. For Ms. Bell, her Change in Control Severance Agreement provided for enhanced post-termination payments in the event a termination event (as defined in her Change in Control Severance Agreement) occurred within twelve months following the date of a change in control (as defined in her Change in Control Severance Agreement) that occurred on or before December 31, 2009. Effective December 31, 2009, these change in control/severance agreements that were in place with Messrs. Kilroy, Danahy and Brown and Ms. Bell expired by their terms and have not been renewed.

On October 26, 2009, we entered into an employment agreement with Mr. Selitto that provides severance benefits in the form of salary continuance and health insurance benefits for a period of twelve months in the event of

**Table of Contents**

a termination without cause or for good reason occurring on or before October 26, 2010, or twenty-four months in the event of a termination without cause or for good reason occurring after October 26, 2010. Mr. Selitto is also subject to non-competition, non-solicitation, confidentiality, non-disparagement and certain other restrictive covenants. The payment of severance benefits under our severance policy and Mr. Selitto's employment agreement is conditioned upon, among other things, the execution of a general release of claims such executive officer may have against us. See

Compensation Discussion and Analysis Change in Control and Other Severance Arrangements above for further information.

***Accelerated Vesting of Stock Awards.*** All of the stock awards made to our Named Executive Officers have been granted under the 2005 Equity and Incentive Plan and are subject to the vesting and other terms set forth in award agreements and the 2005 Equity and Incentive Plan. Pursuant to the terms of the 2005 Equity and Incentive Plan, in the event of a Change in Control (defined below), any Stock Option award carrying a right to exercise that was not previously vested and exercisable becomes fully vested and exercisable, and any restrictions, deferral limitations, payment conditions and forfeiture conditions for RSU and other equity-based awards lapse and such equity-based awards are deemed fully vested. In addition, any performance conditions imposed with respect to such equity-based awards are deemed to be fully achieved. Pursuant to the terms of the 2005 Equity and Incentive Plan, a Change in Control is deemed to have occurred if:

any person, as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than (i) us, (ii) any trustee or other fiduciary holding securities under one of our employee benefit plans and (iii) any corporation owned, directly or indirectly, by our stockholders in substantially the same proportions as their ownership of our common stock), is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our common stock representing 30% or more of the combined voting power of our then outstanding voting securities (excluding any person who becomes such a beneficial owner in connection with a transaction immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity surviving such transaction or, if we or the entity surviving the transaction is then a subsidiary, the ultimate parent thereof);

the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors) whose appointment or election by the Board or nomination for election by our stockholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors or whose appointment, election or nomination for election was previously so approved or recommended;

there is consummated a merger or consolidation of us or any of our direct or indirect subsidiaries with any other corporation, other than a merger or consolidation immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity surviving such merger or consolidation or, if we or the entity surviving such merger is then a subsidiary, the ultimate parent thereof; or

our stockholders approve a plan of complete liquidation or there is consummated an agreement for the sale or disposition by us of all or substantially all of our assets (or any transaction having a similar effect), other than a sale or disposition by us of all or substantially all of our assets to an entity, immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity to which such assets are sold or disposed of or, if such entity is a subsidiary, the ultimate parent thereof.

The amounts in the table are calculated using the closing price of our common stock on December 31, 2009, and the number of Stock Options and RSUs used to calculate the amounts in the table are those unexercisable Stock Options and unvested RSUs that would become exercisable and vested as a result of the Change in Control event pursuant to the SEC rules under the Exchange Act.

***Accelerated Payout of 2009 MIPs.*** For 2009, our short-term cash incentive plans for our executive officers were the 2009 MIPs, which were governed by the terms of the 2005 Equity and Incentive Plan and the respective

**Table of Contents**

2009 MIPs. As of December 31, 2009, Messrs. Kilroy and Brown and Ms. Bell were the only Named Executive Officers participating in the 2009 Corporate MIP. As of December 31, 2009, Mr. Kilroy was the only participating Named Executive Officer in the 2009 Fleet MIP and Mr. Danahy was the only Named Executive Officer participating in the 2009 Mortgage MIP. As discussed above with regard to equity-based awards, in the event of a Change in Control, the performance conditions imposed with respect to such 2009 MIP awards are deemed to be fully achieved and the target payout amount under each Named Executive Officer's respective 2009 MIP award will be deemed to be earned and payable to the each such Named Executive Officer. In the event of the death of a Named Executive Officer, the performance conditions under the 2009 MIPs are deemed to be fully achieved and the target payout amount, prorated according to the extent of time that the Named Executive Officer participated in their respective 2009 MIP during the performance period, is deemed earned and payable to such Named Executive Officer's estate. See Compensation Discussion and Analysis 2009 Executive Compensation Program Design Variable Annual Cash Compensation Programs and the Grants of Plan-Based Awards table above for information regarding the 2009 MIPs.

**Retirement Plans.** Messrs. Edwards, Kilroy and Brown are participants in the PHH Pension Plan and Mr. Edwards was formerly a participant in the PHH Retiree Medical Plan. Each of these plans was available to all employees prior to 1999 on a non-discriminatory basis. Participants in the PHH Pension Plan are entitled to payments in the form of an annuity upon attaining retirement age. The amounts reflected in the table above are based on the estimated present value on December 31, 2009, of the payout for each participating Named Executive Officer assuming they had attained the normal retirement age of 65. None of the participating Named Executive Officers, except for Mr. Kilroy, had attained the minimum retirement age under the PHH Pension Plan as of December 31, 2009. See the Pension Benefits table above for more information.

**Deferred Compensation.** Mr. Edwards was the only Named Executive Officer who was a participant in the Deferred Compensation Plan during 2009. Participants are entitled to a distribution under the Deferred Compensation Plan when they cease employment with us for any reason. Distributions may be made in a lump-sum payment or in monthly, quarterly or annual installments for up to ten years at the election of the participant. During 2009, Mr. Edwards received a lump-sum distribution of all amounts he held in the Deferred Compensation Plan. See the Non-qualified Deferred Compensation table above for more information.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

**Review and Approval of Related Person Transactions**

We review any relationships or transactions in which we and our directors and executive officers, or their immediate family members, are participants to determine whether these persons have a direct or indirect material interest. Our Directors Code and our Employees and Officers Code provide specific provisions regarding such relationships between our directors and executive officers and us. The Corporate Governance Committee reviews any such relationships identified under the Directors Code or the Employees and Officers Code, as applicable, which are then reviewed and approved by the Board at least annually. The Directors Code sets forth the following guidelines for relationships that do not require Board approval:

the director's sole interest in the arrangement is by virtue of his or her status as a director, executive officer and/or holder of less than 10% equity interest (other than a general partnership interest) in an entity with which we have concluded such an arrangement;

the arrangement involves payments to or from the entity that constitute less than the greater of \$1 million or 2% of the entity's consolidated gross revenues; and

the director is not personally involved in (i) the negotiation and execution of the arrangement, (ii) performance of the services or provision of the goods or (iii) the monetary arrangement.

See Corporate Governance Code of Business Conduct and Ethics for Directors and Corporate Governance Code of Conduct for Employees and Officers above for more information. Our legal staff is responsible for the development and implementation of processes and controls, including regular director and officer questionnaires, to obtain information from the directors and executive officers with respect to related person transactions. Based on the facts and circumstances identified through these information gathering processes, the Board determines whether the Company or a related person has a direct or indirect material interest in any transactions identified.

**Certain Business Relationships**

Bradford C. Burgess, who serves as a Vice President, Sales at PHH Arval, is the son-in-law of George J. Kilroy, one of our directors and Executive Vice President, Fleet. Mr. Burgess received compensation, including base and bonus payments, of \$328,351 for 2009 and was eligible to participate in employee benefit plans available to employees generally on a non-discriminatory basis. His compensation and benefits were commensurate with other employees in comparable positions at PHH Arval.

**Indebtedness of Management**

One or more of our mortgage lending subsidiaries has made, in the ordinary course of their respective businesses, mortgage loans and/or home equity lines of credit to directors and executive officers and their immediate families of types generally made available to the public by such mortgage lending subsidiaries. Such mortgage loans and/or home equity lines of credit were made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions with our other customers generally, and they did not involve more than the normal risk of collectability or present other unfavorable features. Generally, we sell these mortgage loans and/or home equity lines of credit, soon after origination, into the secondary market in the ordinary course of business.

**Table of Contents****SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

As of April 2, 2010, there were 55,333,856 shares of our common stock issued and outstanding.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our executive officers and directors, and any persons that beneficially own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the NYSE. To the Company's knowledge, based solely upon our review of Forms 3 and 4 that have been filed with the SEC and written representations from our executive officers and directors that no Form 5s were required, we believe that all of our executive officers, directors and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2009, except for the known failure to timely file a Form 3 by Mr. Parseghian, which Form 3 was filed six days late, and the known failure to file any Section 16(a) reports by BlackRock, Inc. On January 8, 2010, BlackRock, Inc. filed a Schedule 13G/A reporting beneficial ownership of 12.09% of our outstanding common stock as of December 31, 2009.

**STOCKHOLDER PROPOSALS FOR 2011 ANNUAL MEETING OF STOCKHOLDERS**

We provide stockholders with the opportunity, under certain circumstances and consistent with our amended and restated by-laws and the rules of the SEC, to participate in the governance of the Company by submitting proposals and director nominations for consideration at the Company's annual meeting of stockholders. Proposals from stockholders are given careful consideration by us in accordance with Rule 14a-8 promulgated under the Exchange Act ( Rule 14a-8 ). For a proposal to be included in the Company's proxy statement and proxy card for the Company's 2011 Annual Meeting of Stockholders, such proposal must comply with Rule 14a-8 and must be received by us in writing no later than February 15, 2011. Additionally, if the Company's 2010 Annual Meeting of Stockholders is held on June 15, 2010, as expected, any stockholder proposal or director nomination for the Company's 2011 Annual Meeting of Stockholders that is not intended for inclusion in the Company's proxy statement and proxy card in respect of such meeting will be considered untimely if it is received by us earlier than February 15, 2011 or after March 17, 2011. An untimely proposal may not be brought before or considered at our 2011 Annual Meeting of Stockholders. Any stockholder proposal or director nomination submitted must also be made in compliance with our amended and restated by-laws. For more information regarding our by-law procedures for director nominations, please refer to Corporate Governance Nomination Process and Qualifications for Director Nominees.
