Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On September 22, 2010, BioMed Realty Trust, Inc. (the Company) amended its charter to increase the authorized number of shares of its stock from 165,000,000 shares to 215,000,000 shares, including an increase in the authorized number of shares of its common stock from 150,000,000 shares to 200,000,000 shares.

The foregoing description of the Articles of Amendment does not purport to be complete and is qualified in its entirety by reference to the complete text of the Articles of Amendment, which is filed as Exhibit 3.1 to this current report and incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.

On September 22, 2010, the Company issued a press release announcing its entry into a definitive agreement to acquire the Gateway Business Park and the Science Center at Oyster Point life science campuses in South San Francisco, California (the South San Francisco Properties). A copy of the press release is furnished as Exhibit 99.1 hereto.

The information contained in this Item 7.01 is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. Such information shall not be incorporated by reference into any filing of the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.

Item 8.01 Other Events.

South San Francisco Properties

On September 21, 2010, the Company entered into a definitive agreement to acquire the South San Francisco Properties for an aggregate purchase price of approximately \$298.0 million, including cash consideration of \$290.3 million and the assumption of an interest rate swap liability that the Company estimated to be approximately \$7.7 million at September 15, 2010, excluding closing costs. The Company expects to fund the purchase price with available cash, borrowings under its unsecured line of credit and/or the sale of additional equity or debt securities.

The Science Center at Oyster Point is comprised of two recently constructed buildings with an aggregate of approximately 205,000 square feet of office and laboratory space. As of August 31, 2010, this property was 100% leased to Elan Corporation, plc (Elan) under triple net leases that expire in 2024 and 2025.

The Gateway Business Park is a research and development park comprised of six buildings with an aggregate of approximately 284,000 square feet of office and laboratory space. As of August 31, 2010, this property was 100% leased under triple net leases with various terms primarily expiring in 2012 through 2014. Approximately 215,000 square feet of office and laboratory space is leased to Elan. Approximately 50,000 square feet is leased to Federal Express Corporation and approximately 19,000 square feet is leased to Genentech, Inc., a member of the Roche Group. As part of the acquisition, the Company is expected to assume a development agreement with the city of South San Francisco that would permit redevelopment of the Gateway Business Park to a total of approximately 1.23 million square feet of rentable space, representing a net increase of approximately 946,000 rentable square feet.

In aggregate, the South San Francisco Properties represent approximately 489,000 square feet of rentable space, with development rights for an additional 946,000 square feet. Upon closing, the San Francisco Bay Area market would become the Company's second largest market after Cambridge/Boston as measured by current annualized base rents. Elan is expected to become the Company's fourth largest tenant on a pro forma basis, representing approximately 7.2% of current annualized base rents as of June 30, 2010. Current annualized base rent

is the monthly contractual rent as of the current quarter end, or if rent has not yet commenced, the first monthly rent payment due at each rent commencement date, annualized.

The Company's weighted average leased percentage of its consolidated current operating portfolio is also expected to increase on a pro forma basis to 89.6% as of June 30, 2010.

The acquisition is subject to due diligence and other customary closing conditions, and the Company can offer no assurances that the acquisition will close on the terms described herein, or at all.

Exchangeable Senior Notes due 2030

To date, the Company has excluded the effect of the assumed conversion of its \$180 million 3.75% Exchangeable Senior Notes due 2030 (the Notes due 2030) from its calculation of reported funds from operations (FFO) per diluted share and guidance provided for 2010 FFO per diluted share. The closing share price of the Company's common stock as of September 21, 2010 was \$18.81 per share, which is above the exchange price of \$18.16 per share of its common stock for the Notes due 2030. The Company estimates that if it assumes the full conversion of the Notes due 2030 in its calculations, it would reduce FFO per diluted share in past and future quarters by \$0.01 per share per quarter. Prospectively, the Company expects to assume conversion of the Notes due 2030 in calculating FFO per diluted share when reporting results of operations.

Forward Looking Statements

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 based on current expectations, forecasts and assumptions that involve risks and uncertainties that could cause actual outcomes and results to differ materially. These risks and uncertainties include, without limitation: the possibility that the acquisition of the South San Francisco Properties may not occur on the terms described herein, or at all; failure to manage effectively the Company's growth and expansion into new markets, or to complete or integrate acquisitions and developments successfully, including the proposed acquisition of the South San Francisco Properties; general risks affecting the real estate industry (including, without limitation, the inability to enter into or renew leases, dependence on tenants' financial condition, and competition from other developers, owners and operators of real estate); adverse economic or real estate developments in the life science industry or the Company's target markets; risks associated with the availability and terms of financing, the use of debt to fund acquisitions and developments, including the acquisition and development of the South San Francisco Properties, and the ability to refinance indebtedness as it comes due; failure to maintain the Company's investment grade credit ratings with the ratings agencies; reductions in asset valuations and related impairment charges; risks and uncertainties affecting property development and construction; risks associated with downturns in the national and local economies, increases in interest rates, and volatility in the securities markets; potential liability for uninsured losses and environmental contamination; risks associated with the Company's potential failure to qualify as a REIT under the Internal Revenue Code of 1986, as amended, and possible adverse changes in tax and environmental laws; and risks associated with the Company's dependence on key personnel whose continued service is not guaranteed. For a further list and description of such risks and uncertainties, see the reports filed by the Company with the Securities and Exchange Commission, including the Company's most recent annual report on Form 10-K and quarterly reports on Form 10-Q. The Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Independent Auditor's Report

The Board of Directors
BioMed Realty Trust, Inc.:

We have audited the accompanying combined statement of revenue and certain expenses of the Chamberlin Portfolio (the Portfolio) for the year ended December 31, 2009. This combined statement is the responsibility of the management of BioMed Realty Trust, Inc. Our responsibility is to express an opinion on this combined statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenue and certain expenses was prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission, as described in note 1. The presentation is not intended to be a complete presentation of the Portfolio's combined revenues and expenses. In our opinion, the combined statement of revenue and certain expenses referred to above presents fairly, in all material respects, the combined revenue and certain expenses described in note 1 of the Chamberlin Portfolio for the year ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

CHAMBERLIN PORTFOLIO
NOTES TO COMBINED STATEMENTS OF REVENUE AND CERTAIN EXPENSES
Six Months Ended June 30, 2010 (unaudited) and Year Ended December 31, 2009
(Tabular amounts in thousands)

(1) Basis of Presentation

The accompanying combined statements of revenue and certain expenses of the Chamberlin Portfolio are comprised of eight properties at the Science Center at Oyster Point and Gateway Business Park in South San Francisco, California (the Portfolio). The Portfolio represents approximately 489,000 total rentable square feet of office and laboratory space. The eight properties are 100% leased to 3 tenants.

The Portfolio is owned by Chamberlin Associates (Chamberlin) and certain of its affiliates. A wholly owned subsidiary of BioMed Realty Trust, Inc. plans to acquire the portfolio for approximately \$298.0 million plus closing costs. The purchase price includes a cash payment of \$290.3 million and the assumption of an estimated \$7.7 million interest rate swap liability (see Note 5). The purchase is expected to be consummated during the fourth quarter of 2010. The accompanying combined statements of revenue and certain expenses include the accounts of the Portfolio except as listed below, and all significant intercompany amounts have been eliminated.

The accompanying combined statements of revenue and certain expenses have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the U.S. Securities and Exchange Commission for the acquisition of one or more real estate properties which in aggregate are significant. The Portfolio is considered a group of related properties as the individual properties are under common control and management by the Seller and the acquisition of a single property in the Portfolio was conditional on the acquisition of the other properties. Therefore, a single combined statements of revenue and certain expenses is presented. The combined statement of revenue and certain expenses excludes the following expenses and, as a result, may not be reflective of the proposed future operations of the Portfolio:

Depreciation and amortization

Income taxes

Interest expense

Payroll and other costs not directly related to the proposed future operations of the Portfolio

Management is not aware of any material factors relating to the Portfolio other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

(2) Summary of Significant Accounting Policies and Practices

(a) Revenue Recognition

Rental revenue is recognized on a straight-line basis over the term of the respective leases. The straight-line rent adjustment for minimum rents decreased base contractual rental revenue by \$1.3 million and \$2.5 million, respectively, for the six months ended June 30, 2010 and for the year ended December 31, 2009. Tenant reimbursements for real estate taxes, management fees (see Note 4) and common area maintenance costs are recognized in the period the expenses are incurred and billed to tenants pursuant to the corresponding lease agreements.

(b) Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting periods to prepare the combined statements of revenue and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

(c) Unaudited Interim Combined Statements

The combined statements of revenue and certain expenses and associated footnote disclosures for the six months ended June 30, 2010 are unaudited. In the opinion of management, the statement and disclosures reflect all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal recurring nature.

(3) Minimum Future Lease Rentals

Minimum rents to be received under non-cancelable lease agreements as of December 31, 2009, with terms ranging from one year to 14 years are as follows:

Year	
2010	\$ 26,628
2011	27,136
2012	27,038
2013	16,303
2014	15,764
Thereafter	126,485
	\$ 239,354

(4) Management fees

Rental operations expense includes fees charged for property management services provided by Chamberlin to the properties in the amount of \$422,000 and \$656,000, respectively, for the six months ended June 30, 2010 and for the year ended December 31, 2009.

(5) Derivative instrument

An interest rate swap liability with a fair-value of approximately \$7.7 million as of September 15, 2010 will be assumed in conjunction with the acquisition of the portfolio. The related debt, previously hedged by this interest rate swap will not be assumed. Accordingly, the combined statements of revenue and certain expenses include a (loss)/gain on derivative instrument related to changes in the fair-value of the interest rate swap for the periods presented.

(6) Concentration of Credit Risk

For the year ended December 31, 2009, one tenant, Elan Pharmaceuticals, Inc. accounted for approximately 91.4% of rental revenues.

(7) Subsequent Events

The Company has evaluated subsequent events related to the Portfolio for recognition or disclosure through September 21, 2010, which is the date the combined statements of revenue and certain expenses was available to be issued and determined that there are no other items to disclose.

PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The unaudited pro forma consolidated financial statements of BioMed Realty Trust, Inc., a Maryland corporation (the Company), as of June 30, 2010, and for the six months ended June 30, 2010 and the year ended December 31, 2009, are presented as if the completed or probable acquisition of the following properties had occurred on June 30, 2010 for the pro forma consolidated balance sheet, and on January 1, 2009 for the unaudited pro forma consolidated statements of income:

The acquisition of 55 and 65 West Watkins for approximately \$14.4 million, which occurred on February 23, 2010;

The acquisition of Gazelle Court for approximately \$11.6 million, which occurred on March 30, 2010;

The acquisition of Medical Center Drive for approximately \$53.0 million, which occurred on May 3, 2010;

The acquisition of 50 West Watkins for approximately \$14.2 million, which occurred on May 7, 2010;

The acquisition of 4775 and 4785 Executive Drive for approximately \$27.3 million, which occurred on July 15, 2010;

The acquisition of 3500 Paramount Parkway for approximately \$17.5 million, which occurred on July 20, 2010;

The acquisition of 11838 Sorrento Valley Road for approximately \$12.4 million, which occurred on September 10, 2010;

The acquisition of 4570 Executive Drive for approximately \$63.5 million, which occurred on September 17, 2010;

The probable acquisition of the Chamberlin Portfolio for approximately \$298.0 million including the assumption of an interest rate swap liability in the amount of \$7.7 million, which is expected to close in the fourth quarter of 2010;

The probable acquisitions of 10240 Science Center Drive; and 11404 and 11408 Sorrento Valley Road and a nine-building business park located between Roselle Street and Flintkote Avenue in Sorrento Valley for an aggregate purchase price of \$57.0 million and the assumption of \$18.3 million of mortgage notes payable (including debt premium of \$536,000), which are expected to close in the third or fourth quarter of 2010.

The unaudited pro forma consolidated financial statements should be read in conjunction with the consolidated historical financial statements of the Company and the notes thereto, included in the Company's Form 10-K for the year ended December 31, 2009, and its Form 10-Q for the quarterly period ended June 30, 2010 filed with the Securities and Exchange Commission.

The pro forma consolidated financial statements do not purport to represent the Company's financial position or the results of operations that would actually have occurred assuming the completion of the actual or proposed acquisitions, nor do they purport to project the Company's financial position or results of operations as of any future date or any future period.

1. Adjustments to the Pro Forma Consolidated Balance Sheet

Presentation

The accompanying unaudited pro forma consolidated balance sheet of the Company reflects adjustments for completed and probable acquisitions as if they occurred on June 30, 2010:

The acquisition of 4775 and 4785 Executive Drive for \$27.3 million, which occurred on July 15, 2010;

The acquisition of 3500 Paramount Parkway for \$17.5 million, which occurred on July 20, 2010;

The acquisition of 11838 Sorrento Valley Road for \$12.4 million, which occurred on September 10, 2010;

The acquisition of 4570 Executive Drive for \$63.5 million, which occurred on September 17, 2010;

The probable acquisition of the Chamberlin Portfolio for approximately \$298.0 million including the assumption of an interest rate swap liability in the amount of \$7.7 million, excluding closing costs, which is expected to close in the fourth quarter of 2010 and expected to be funded by our unsecured line of credit.

The probable acquisitions of 10240 Science Center Drive; and 11404 and 11408 Sorrento Valley Road and a nine-building business park located between Roselle Street and Flintkote Avenue in Sorrento Valley for an aggregate purchase price of \$57.0 million, which are expected to close in the third or fourth quarter of 2010. In addition to cash paid, consideration also included the assumption of \$18.3 million of mortgage notes payable (including debt premium of \$536,000);

In the opinion of the Company's management, all material adjustments necessary to reflect the effects of the preceding transactions have been made. The unaudited pro forma consolidated balance sheet is presented for illustrative purposes only and is not necessarily indicative of what the actual financial position would have been had the transactions described above occurred on June 30, 2010, nor does it purport to represent the future financial position of the Company.

Adjustments

The adjustments to the pro forma consolidated balance sheet as of June 30, 2010 are as follows:

(A) Reflects the probable acquisition of the Chamberlin Portfolio from a third party that is expected to close in the fourth quarter of 2010 for approximately \$298.0 million including the assumption of an interest rate swap liability in the amount of \$7.7 million, excluding closing costs, funded by our unsecured line of credit:

Investment in real estate, net	\$ 240,254
Intangible assets (1)	57,799
Intangible liabilities(2)	(53)
Derivative instrument(3)	(7,700)
 Net assets acquired	 \$ 290,300

(1) A portion of the purchase price has been allocated to identified intangible assets for above-market leases in the amount of \$28.8 million, which is amortized to rental income over the remaining non-cancelable term of the leases, and the value of in-place leases and management fees in the amount of \$29.0 million, which are amortized to depreciation and amortization expense over the remaining non-cancelable term of the respective

leases.

(2) A portion of the purchase price has been allocated to identified intangible assets for a below-market lease in the amount of \$53,000, which is amortized to rental income over the remaining non-cancelable term of the lease.

(3) Reflects an interest rate swap liability in the amount of \$7.7 million, with changes to the fair-value of the derivative recorded to gain/(loss) on derivative instrument over the remaining term of the swap agreement.

(B) Reflects the other subsequent acquisitions of 4775 and 4785 Executive Drive, which occurred on July 15, 2010, 3500 Paramount Parkway, which occurred on July 20, 2010, 11838 Sorrento Valley Road, which occurred on September 10, 2010, 4570 Executive Drive, which occurred on September 17, 2010, and the probable acquisitions of 10240 Science Center Drive; and 11404 and 11408 Sorrento Valley Road and a nine-building business park located between Roselle Street and Flintkote Avenue in Sorrento Valley for an aggregate purchase price of approximately \$178.3 million, including the assumption of mortgage notes payable in the amount of \$18.3 million (including \$536,000 of debt premium) and a reduction of \$18.4 million in other assets related to deposits paid for these acquisitions as of June 30, 2010:

Investment in real estate, net	\$ 162,233
Intangible assets (1)	16,643
Acquired debt premium(2)	(536)
Intangible liabilities(3)	(582)
Net assets acquired	\$ 177,758

- (1) A portion of the purchase price has been allocated to identified intangible assets for above-market leases in the amount of \$2.8 million, which is amortized to rental income over the remaining non-cancelable term of the leases, and the value of in-place leases and management fees in the amount of \$13.8 million which are amortized to depreciation and amortization expense over the remaining non-cancelable term of the respective leases.
- (2) Debt premiums are recorded upon assumption of mortgages at the time of acquisition to account for above-market interest rates. Amortization of this premium is

recorded as a reduction to interest expense over the remaining term of the respective mortgage.

- (3) A portion of the purchase price has been allocated to an identified intangible liability for a below-market lease in the amount of \$582,000, which is amortized to rental income over the remaining non-cancelable term of the lease.

2. Pro Forma Consolidated Statements of Income

The adjustments to the pro forma consolidated statements of income for the six months ended June 30, 2010 and for the year ended December 31, 2009 are as follows:

Adjustments (AA) through (DD) inclusive relate to the pro forma adjustments made to give effect to the acquired properties in accordance with Regulation S-X Rule 11-2 and Rule 3-14. Specifically, in accordance with Rule 3-14(a)(1) audited financial statements of properties acquired should exclude items not comparable to the proposed future operations of the properties including corporate expenses. Prior to the acquisition, the properties were either self-managed or managed by third party management companies. Following the acquisitions, the properties will continue to be managed internally by us or managed by third-party managers under new management contracts. For properties that will be managed internally by us and for properties that will be managed by third-parties, property management revenues and expenses are included in the historical financial statements of the acquired properties.
