Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

As previously announced, in 2006 Spectrum Pharmaceuticals, Inc. (the Company), acquired all of the oncology drug assets of Targent, LLC, as the successor to Targent, Inc. (Targent). In connection with the transaction, Targent remained eligible to receive contingent consideration, in the form of the Company's common stock and/or cash, upon achievement of certain regulatory and sales milestones, if any. The Company filed a registration statement (declared effective by the SEC, Registration No. 333-135029) covering the resale of one-third of all shares issued to Targent or its stockholders pursuant to the asset purchase agreement (including shares issuable upon achievement of any milestones).

As a result of the satisfaction of one such milestone, the Company became obligated to issue, on or before June 13, 2011, an aggregate amount of 733,715 shares of its common stock, as directed by Targent, to certain of Targent's stockholders. The specific details concerning the milestone and the payment amount were redacted from the Asset Purchase Agreement filed as Exhibit 2.1 to the Company's Amendment No. 1 to Form 10-K for the year ended December 31, 2005 and are the subject of a confidential treatment order from the Securities and Exchange Commission pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Item 3.02 Unregistered Sales of Equity Securities

Pursuant to the terms of the Asset Purchase Agreement referenced in Item 2.04 above and in connection with the achievement of a milestone event, on June 13, 2011 the Company issued an aggregate amount of 733,715 shares of the Company's common stock to certain stockholders of Targent, including shares of common stock issued in lieu of cash payment obligations. Such shares were issued without registration in reliance upon the exemption provided by Section 4(2) of the Securities Act of 1933, as amended, based in part upon the following: the issuance does not involve any public offering; the Company made no solicitation in connection with the transaction, other than communication with Targent and its stockholders; the Company obtained representations from Targent and its stockholders regarding its and their investment intent, experience and sophistication; Targent has received or had access to adequate information about the Company in order to make an informed investment decision; Targent and its stockholders have represented that they are each an accredited investor within the meaning of Rule 501 of Regulation D under the Act; the Company reasonably believes that Targent and its stockholders are sophisticated within the meaning of Section 4(2) of the Act; and the common stock will be issued with restricted securities legends. No underwriting discounts or commissions will be paid in conjunction with the issuance.

Item 7.01 Regulation FD Disclosure

On June 15, 2011, the Company issued a press release reporting that its Board of Directors had approved a new share repurchase plan which authorizes the Company to purchase up to \$25 million of its shares of common stock from time to time through the end of 2012. Share purchases under this plan will be made in the open market, through block trades, through 10b5-1 plans, or through privately negotiated transactions, in accordance with applicable Securities and Exchange Commission rules, when opportunities become available to purchase shares at prices believed to be attractive.

As stated in its press release, the Company is under no obligation to repurchase shares under this share repurchase program. The timing, actual number and value of shares that may be repurchased under this program will depend on a number of factors, including the Company's future financial performance and available cash resources, competing uses for its corporate funds, prevailing market prices of its common stock, the number of shares that become available for sale at prices that the Company believes are attractive and regulatory requirements. For these reasons, as well as others, there can be no assurance that the Board of Directors will not decide to suspend purchases of shares under this share repurchase program or terminate the program altogether.
