Q. Can I change my mind after I vote?

- A. You may change your vote at any time before the polls close at the meeting by (1) signing another proxy card with a later date and returning it to us prior to the meeting, (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker or (3) sending a notice to the Corporate Secretary prior to the meeting stating that you are revoking your proxy.

The election of directors and the amendment to our certificate of incorporation are considered routine matters for which brokerage firms may vote without specific instructions.

Q. May stockholders ask questions at the meeting?

This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Q. How many votes are needed to approve UnitedAuto's proposals?

A. Regarding proposal 1, the nominees receiving the highest number of For votes will be elected as directors. This number is called a plurality. Shares not voted, whether by marking Abstain on the proxy card or otherwise, will have no impact on the election of directors. Regarding proposal 2, the affirmative vote of holders of a majority of the outstanding shares of common stock (23,500,714 shares) will be required for approval of the amendment to our certificate of incorporation and abstentions and broker non-votes will have the effect of voting against the proposal.

PROPOSAL 2
**AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED
SHARES OF VOTING COMMON STOCK FROM 80,000,000 TO 240,000,000**

Our certificate of incorporation (the Certificate) presently authorizes the issuance of 107,225,000 shares consisting of 80,000,000 shares of voting common stock, par value \$.0001 per share; 7,125,000 shares of non-voting common stock, par value \$.0001 per share; 20,000,000 shares of class C common stock, par value \$.0001 per share; and 100,000 shares of preferred stock, par value \$.0001 per share. The Board of Directors has determined that the Certificate should be amended to increase the number of authorized shares of our voting common stock from 80,000,000 to 240,000,000, and has unanimously approved, subject to stockholder approval, an amendment to our Certificate to effect this increase.

As of March 20, 2006, we had about 47,000,000 shares of voting common stock issued and outstanding; about 2,653,000 shares of voting common stock held in treasury; about 2,100,000 shares of voting common stock reserved for issuance upon the award of restricted stock or the exercise of options or other equity awards under our equity compensation plans, and about 7,900,000 shares of voting common stock reserved for issuance upon conversion of our 3.5% convertible senior subordinated notes due 2026. This leaves a total of about 23,000,000 shares of voting common stock available for future issuance or reservation. There are no shares of non-voting, class C or preferred stock outstanding.

The Board of Directors believes that an increase in the number of authorized shares of voting common stock is necessary to provide UnitedAuto with additional financial flexibility to meet its future business needs. If the proposed amendment is approved by our stockholders, we will have additional shares available for acquisitions, financings, stock option plans, stock dividends or stock splits, the reduction of indebtedness and other corporate purposes. The additional shares would be available for issuance without further stockholder approval, except as may be required by applicable law or the rules of the New York Stock Exchange. Other than as permitted or required under our equity compensation plans or the indenture governing our 3.5% convertible senior subordinated notes, we have no plans or other existing or proposed agreements or understandings to issue or reserve for further issuance the additional shares of voting common stock.

If and when issued, the newly authorized shares of voting common stock would have the same rights and privileges as the shares of voting common stock currently authorized. The number of authorized shares of non-voting common stock, class C common stock and preferred stock would not be affected by the proposed amendment.

The issuance of additional shares of voting common stock could have a dilutive effect on earnings per common share and on the equity and voting power of those holding shares of voting common stock at the time of issuance, as our stockholders do not have preemptive rights. In addition, the proposed amendment could have an anti-takeover effect, as additional shares of voting common stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a person seeking to obtain control of UnitedAuto. However, the proposed amendment is not being proposed for such purposes and is not in response to any known effort to accumulate shares of common stock or obtain control of UnitedAuto.

The text of the proposed amendment to our Certificate is attached as Annex A.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSED
AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE
AUTHORIZED SHARES OF VOTING COMMON STOCK FROM 80,000,000 TO 240,000,000.**

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Executive Committee and the Nominating and Corporate Governance Committee. The Board of Directors approved a charter for each of the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees, which charters are available on our website, www.unitedauto.com under the tab Corporate Governance. In addition, our Audit Committee charter is attached hereto as Annex B. The principal responsibilities of each committee are described below. All of our directors attended over 83% of our board and committee meetings in 2005 and the average attendance was 95%.

Audit Committee. The purpose of this committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of our financial statements and financial reporting process and our systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent audit of our financial statements, the engagement of the independent registered public accounting firms and the evaluation of the independent registered public accounting firms' qualifications, independence and performance; and (iv) the fulfillment of the other responsibilities set out in the Audit Committee Charter. The Board of Directors has confirmed that all members of the Audit Committee are independent and financially literate under the New York Stock Exchange rules and applicable law, and each is an audit committee financial expert, as that term is defined in Securities and Exchange Commission rules.

Compensation and Management Development Committee. The purpose of this committee is to assist the Board of Directors in discharging its responsibility relating to compensation of our directors, executive officers and such other employees as this committee may determine, succession planning and related matters. Each committee member is independent under New York Stock Exchange rules and our more stringent guidelines for director independence.

Executive Committee. Our Executive Committee's primary function is to assist our Board of Directors by acting upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws. This Committee did not meet in 2005.

Nominating and Corporate Governance Committee. The purpose of this committee is to identify individuals qualified to become members of the Board of Directors, to recommend Director nominees for each annual meeting of stockholders and nominees for election to fill any vacancies on the Board of Directors and to address related matters. This committee also develops and recommends to the Board of Directors corporate

Table of Contents

governance principles and is responsible for leading the annual review of our corporate governance policies and the Board of Directors' performance. Each of the Committee members is independent under New York Stock Exchange rules and our more stringent guidelines for director independence.

Corporate Governance Guidelines. The Nominating and Corporate Governance Committee also makes recommendations concerning our corporate governance guidelines, which are posted on our website, www.unitedauto.com, under the tab Corporate Governance. These guidelines, and the other documents referenced in this section, are also available in print to any stockholder who requests them by calling our investor relations department at 248-648-2500.

Lead Director. One of our governance principles is that we have a Lead Director, who is responsible for coordinating the activities of the other outside Directors, including the establishment of the agenda for executive sessions of the outside Directors, and who shall preside at their meetings. These sessions generally occur as part of each Board meeting and include, at least annually, a session comprised of only our independent directors. Our Lead Director is currently H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our Corporate Secretary's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the Board of Directors may be sent in care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) also will be forwarded to the Lead Director.

Code of Conduct. We have also adopted a Code of Business Conduct and Ethics, applicable to all of our employees and directors, which is posted on our website at www.unitedauto.com under the tab Corporate Governance. We plan to disclose waivers for our executive officers or directors from the code on our website, www.unitedauto.com.

Director Independence. A majority of our Board of Directors is independent. The Board of Directors has determined that Ms. McWaters and Messrs. Barr, Eisenson, Lovejoy, Mita, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange, as well as with the more stringent requirements of our guidelines for independent directors found in our corporate governance guidelines and which are set forth below. As required by New York Stock Exchange rules, our Board of Directors made an affirmative determination as to each independent director that no material relationship exists which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities as they may relate to us and our management.

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect material relationship with us (including any parent or subsidiary in a consolidated group with us). In addition to applying these guidelines, the Board of Directors considers all relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation.

Under our guidelines, a director will not be independent if:

1. the director is employed by us, or an immediate family member is one of our executive officers;
2. the director receives any direct compensation from us, other than director and committee fees and forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. the director is affiliated with or employed by our independent registered public accounting firms (or internal auditors), or an immediate family member is affiliated with or employed in a professional capacity by our independent registered public accounting firms (or internal auditors); or

Table of Contents

4. an executive officer of ours serves on the compensation committee of the board of directors of a company that employs the director or an immediate family member as an executive officer.

A director also will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the evaluation period, are more than the greater of one percent of the annual revenues of that company or \$1 million. Furthermore, a director will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or an immediate family member is an executive officer, of another company that is indebted to us, or to which we are indebted, and the total amount of either company's indebtedness to the other at the end of the last completed fiscal year is more than one percent of the other company's total consolidated assets. Finally, a director will not be independent if, at the time of the independence determination, the director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than one percent of that organization's total annual charitable receipts during its last completed fiscal year.

Under the New York Stock Exchange rules, if a company is controlled, it need not have a majority of independent directors or solely independent compensation or nominating committees. We are a controlled company because more than 50% of the voting power for the election of directors is held by Penske Corporation and its affiliates, and Mitsui & Co. and its affiliates. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under Related Party Transactions. Even though we are a controlled company, we are fully compliant with the New York Stock Exchange rules for non-controlled companies. A majority of our Board of Directors is independent and each of our nominating, audit and compensation committees are comprised solely of independent directors.

Director Nominees. The Nominating and Corporate Governance Committee believes that director candidates should have certain minimum qualifications, including having personal integrity, loyalty to UnitedAuto and concern for its success and welfare, willingness to apply sound and independent business judgment and time available for UnitedAuto matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting UnitedAuto, willingness to contribute special competence to board activities, accomplishments within the director's respective field and experience reading and understanding financial statements. The Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees is as follows: in the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to UnitedAuto during their term. In the case of new director candidates, the Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee determines whether the nominee would be independent. The Committee then meets with each candidate individually to discuss and consider his or her qualifications and, if approved, recommends the candidate to the Board.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Stockholder proposals for nominees should be addressed to Corporate Secretary, United Auto Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302 and must comply with the procedures outlined immediately below. The committee's evaluation of stockholder-proposed candidates will be the same as for any other candidates.

Stockholders who wish to recommend individuals for consideration by the committee to become nominees for election to the Board may do so by submitting a written recommendation to the Corporate Secretary. Submissions must include sufficient biographical information concerning the recommended individual, including age, employment history with employer names and a description of the employer's business, whether such individual can read and understand basic financial statements and a list of board memberships and other affiliations of the nominee. The submission must be accompanied by a written consent of the individual to stand for election and serve if elected by the stockholders, a statement of any relationships

between the person recommended and the person submitting the recommendation, and a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier. Recommendations received by December 3, 2006, will be considered for nomination at the 2007 annual meeting of stockholders. Recommendations received after December 3, 2006, will be considered for nomination at the 2008 annual meeting of stockholders.

Director Compensation. The Board of Directors believes that its members should receive a mix of cash and equity compensation, with the option to receive all compensation in the form of equity. The Board of Directors approves changes to director compensation only upon the recommendation of the Compensation and Management Development Committee, which is composed solely of independent directors. Only directors who are not our paid employees, who we call Outside Directors, are eligible for director compensation, unless otherwise noted. Each Outside Director receives an annual retainer of \$40,000, except for Audit Committee members, who receive \$45,000. These fees are payable, at the option of each Outside Director, in cash or common stock. Our Outside Directors also receive an annual grant of 1,000 shares of restricted stock generally in the first quarter. These restricted shares vest ratably and annually over three years.

Under our Non-Employee Director Compensation Plan, the annual retainer and restricted stock awards may be deferred in either the form of cash (for the annual retainer) and/or deferred stock units. Each deferred stock unit is equal in value to a share of common stock and ultimately paid in cash after a director retires. These stock units do not have voting rights, but do generate dividend equivalents in the form of additional stock units and are credited to the director's account on the date the dividends are paid. Any fees deferred in cash will be held in our general funds. Interest on deferred fees is credited quarterly to the account at the then current U.S. 90 day Treasury Bill rate.

As part of our director continuing education program, each director is eligible to be reimbursed by us for the cost and expenses relating to one education seminar per year. Each Outside Director also is entitled to the use of a vehicle (and company-sponsored automobile insurance relating to that vehicle), the cost of which averaged about \$16,200 per Outside Director in 2005. All directors are entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. Because we expect attendance at all meetings, and a substantial portion of the Board of Directors' work is done outside of formal meetings, we do not pay meeting fees.

Outside Directors are also eligible to participate in a charitable matching gift program. Under this program, we will match up to \$25,000 per year in contributions by the Outside Director to institutions qualified as tax-exempt organizations under 501(c)(3) of the Internal Revenue Code and other institutions approved at the discretion of management. We may decline to match any contribution to an institution with goals that are incompatible with ours, or due to conflicts with our director independence policy. This program is not available for matching of political contributions. While the contributions are directed by our Outside Directors, we retain the tax deduction for these contributions. We contributed \$122,500 under this program in 2005.

We have ten Outside Directors and two employee directors. Directors who are also our employees receive no cash compensation for serving as directors or as members of committees. In July 2005, Roger Penske and Hiroshi Ishikawa were granted 18,663 and 1,000 shares, respectively, of restricted common stock in their capacity as our officers.

Compensation Committee Interlocks and Insider Participation. During 2005, the Compensation and Management Development Committee was comprised of H. Brian Thompson (Chairman) and William Lovejoy. Neither of these members had any compensation committee interlocks.

**REPORT OF THE COMPENSATION AND MANAGEMENT
DEVELOPMENT COMMITTEE ON EXECUTIVE COMPENSATION**

Our Compensation and Management Development Committee's responsibilities include establishing our policies regarding the compensation of our executive officers and other key employees. The committee reviews all elements of compensation for our executive officers and is responsible for the administration of our incentive equity plans. The committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange, as well as in the more stringent requirements of our corporate governance guidelines. The members of the committee also qualify as non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code.

Compensation Program Objectives. Our compensation program consists of:

base salary;

annual bonus payment;

annual equity-based award; and

employee health care and other benefits, such as the use of a company vehicle.

The objectives of our compensation program are to motivate and reward our executive officers and other key employees, to improve long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. Our executive compensation program is designed to align executive compensation practices with increasing the value of our common stock and to promote our business mission, values, strategic goals and annual objectives.

Determination of Amounts. The committee reviews and determines all aspects of compensation for our chief executive officer. The committee also reviews and establishes appropriate compensation parameters for management given their role in the corporate structure. In making decisions regarding non-CEO compensation, the committee receives input from our Chief Executive Officer. The committee reviews annual increases or decreases with a view to maintaining internal compensation consistency and external compensation competitiveness. External competitiveness is benchmarked against other publicly traded automotive retailers, and in some cases, other large automotive and other retailers. The committee does not employ outside consultants to recommend compensation levels (though it retains the authority to do so).

Table of Contents

Base Salary. We pay base salary to set a baseline level of compensation for all employees. The salary levels for our executive officers are determined by level of job responsibility and experience, job performance and attainment of corporate objectives. The committee reviews and recommends salary levels for executive officers and certain key employees in order to maintain internal compensation consistency, external compensation competitiveness and to reflect the contributions by those employees in the prior year. In making its recommendations, the committee considers the executive's scope of responsibilities, level of experience and individual performance, as well as the Company's achievement of corporate objectives, performance versus the business plan and general economic factors.

Annual Bonus Payments. Each member of our senior management is eligible to receive an annual bonus payment. We pay annual bonuses to provide an incentive for future performance and as a reward for prior year's performance. Since the annual bonus is based in part on our company-wide performance, we believe the annual bonus also focuses employees on our corporate goals designed to increase stockholder value. The committee reviews and recommends bonus payouts for our executive officers and certain other key employees based in part on management's and the committee's evaluation of individual performance in the prior year and the assessment of the annual performance of an individual's business unit. Also considered are the previous year's company-wide performance and the attainment of corporate earnings goals.

Equity Incentives. The committee believes strongly that the interests of senior management must be closely aligned with those of our stockholders. Therefore, each member of senior management is eligible to receive an incentive equity award because we believe equity grants most effectively align management's goals with those of our other stockholders. In 2005, we continued to issue incentive compensation for our senior management team in the form of restricted stock. In recent years, we have extended the vesting period of our restricted stock grants to four years and weighted the vesting so that a majority of the award vests in the third and fourth years. We believe this provides a long-term incentive and more closely aligns the incentives for management with the interests of our long-term stockholders.

We typically grant restricted stock annually on a discretionary basis within a guideline range that takes into account the responsibilities of executive officers and key employees whose contributions and skills are important to our long-term success. Individual performance of each recipient is reviewed by management in its recommendation of awards to the committee. Annual awards are based on the evaluation of each person's individual performance in the prior year and the assessment of the annual performance of that person's business unit. In 2005, the committee granted approximately 171,000 shares of restricted stock to our management group, some of which has reverted back to us as employees have departed from UnitedAuto. From time-to-time, the committee also approves special equity awards based on an employee's outstanding contributions or other factors.

Employee Benefits. We provide our employees with other benefits in order to attract and retain highly skilled employees. Our employees generally are entitled to a number of benefits such as corporate contribution toward health benefits and corporate paid life insurance. In addition, senior management is provided the use of a company vehicle, company-sponsored automobile insurance, and a tax gross-up relating to these amounts. We provide senior management with company vehicles for retention, but also to familiarize them with the vehicles we sell. With respect to health benefits, the committee believes that our employees should receive a meaningful benefit package commensurate with those of other automotive retailers, recognizing the increasing corporate cost of those benefits in recent years.

Management Incentive Plan. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1,000,000 per year ceiling on tax-deductible remuneration paid to any one of the five most highly compensated executive officers of a publicly held corporation, unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). In 2004, our stockholders approved the United Auto Group Management Incentive Plan, designed to provide for the payment of performance-based

compensation that is qualified within the meaning of Section 162(m) of the Internal Revenue Code and that we may deduct for tax purposes. From time-to-time, the committee has approved awards under the plan, including to our Chief Executive Officer. While the committee intends to

Table of Contents

maximize the tax-efficiency of its compensation programs generally, it retains flexibility in the manner in which it awards compensation to act in our best interests and the best interests of our stockholders, including awarding compensation that may not be tax deductible.

Other Forms of Compensation. The committee has also reviewed various other forms of executive compensation for our management. The committee is currently of the view that salary, bonus and restricted stock awards should provide the principal components of management compensation and these forms of compensation best align management's goals with those of our stockholders. Therefore, after review, the committee has determined not to issue or grant any executive any stock options, deferred compensation in the form of a deferral of salary or bonus, or retirement benefit (other than under our all employee 401(k) plan). The committee considers the advisability of these additional types of compensation periodically and retains the flexibility to implement other forms of compensation in the future. For these reasons, our executive officers are also not entitled to any severance compensation, except as disclosed under Executive Compensation-Employment Contracts or upon the potential vesting of certain outstanding equity awards.

Chief Executive Officer. In 2005, we substantially increased our revenues and income from continuing operations from 2004 levels. We successfully acquired numerous dealerships, improved our brand mix and made significant strides toward integrating those operations into our business. We made significant progress toward increasing the performance of our fixed operations, improving store appearances and developing dealership campuses. We also continued our significant same-store sales growth and we are the only U.S.-based automotive retailer with a substantial number of dealerships outside the U.S.

In determining the compensation of Mr. Penske, the committee considered these factors and also monitors the compensation and performance of our peer companies. The committee also considered UnitedAuto's relative stockholder return and previous year's compensation. For these reasons, the committee recommended an increase in Mr. Penske's base salary. However, for the second consecutive year, Mr. Penske declined the salary increase in order to more closely align his total compensation to the performance of our common stock and the interests of our shareholders. Therefore, the committee maintained Mr. Penske's base salary at \$750,000. In March 2006, the Committee awarded Mr. Penske a cash bonus of \$1,000,000, as well as 23,073 shares of restricted stock valued at \$1,000,000 based on the closing price on the New York Stock Exchange on the date of approval (\$43.34). The bonus was based on our strong financial performance including our strong same-store sales growth, growth in earnings per share, and return on equity, as well as operational performance, such as achievements in reducing employee turnover and customer satisfaction. While the committee believes that Mr. Penske has made outstanding efforts towards our successes noted above, it has noted that Mr. Penske's compensation is generally on par or less than those of our peer companies' chief executive officers. Mr. Penske does not participate in the approval of his own compensation.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee acts under a written charter adopted and approved by the Board of Directors. The Audit Committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange, the more stringent requirements of our corporate governance guidelines and the Securities and Exchange Commission's additional independence requirements. In addition, our Board of Directors has determined that each of our committee members is an audit committee financial expert, as defined by Securities and Exchange Commission rules.

In accordance with the Audit Committee charter, the Audit Committee has the sole authority to retain and terminate our independent registered public accounting firms. The Audit Committee is responsible for recommending to the Board of Directors that our financial statements be included in our annual report on Form 10-K.

Table of Contents

The Audit Committee took a number of steps in making this recommendation for our 2005 annual report. First, the Audit Committee discussed with our independent registered public accounting firms those matters required to be discussed by Statement on Auditing Standards No. 61, including information regarding the scope and results of their audits. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with the independent registered public accounting firms their independence and received letters and written disclosures from the independent registered public accounting firms required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees). This discussion and disclosure assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed the annual audited and quarterly unaudited financial statements with our management and the independent registered public accounting firms in advance of the public release of operating results, and the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the foregoing as well as on the review and discussions referred to above and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our financial statements be included in our 2005 annual report on Form 10-K.

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte) will audit our consolidated financial statements for 2006 and perform other services. In 2005, Deloitte did not audit certain of our subsidiaries holding our international operations and their opinions, insofar as they relate to those operations, are based solely on the reports of the independent auditor of those operations, KPMG Audit PLC (KPMG). We refer to Deloitte and KPMG collectively as our independent registered public accounting firms. We paid the independent registered public accounting firms the following fees for the enumerated services in 2005, all of which services were approved by our Audit Committee.

Audit Fees. Audit Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with the audits of our consolidated financial statements, including audits of management's assessment of internal control over financial reporting, reviews of the consolidated condensed financial statements included in our quarterly reports on Form 10-Q and other services normally provided in connection with statutory or regulatory engagements.

Audit Related Fees. Audit Related Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with registration statements, acquisition due diligence, their assurance services related to benefit plans and accounting research and consultation.

Tax Fees. Tax Fees in the table below include aggregate fees for professional services rendered by the independent registered public accounting firms in connection with tax compliance, planning and advice.

All Other Fees. All Other Fees in the table below include aggregate fees for all other services rendered by the independent registered public accounting firms. These fees related primarily to appraisal review services, benefits advisory services and in 2004, a review of certain operational processes at our dealerships.

The Audit Committee has considered the nature of the above-listed services provided by the independent registered public accounting firms and determined that they are compatible with their provision of independent audit services. The Audit Committee has discussed these services with the independent registered public accounting firms and management to determine that they are permitted under the Code of Professional Conduct of the American Institute of Certified Public Accountants and the auditor independence requirements of the Securities and Exchange Commission.

Pre-approval Policy. The Audit Committee has adopted a policy requiring pre-approval of audit and non-audit services provided by the independent registered public accounting firms. The primary purpose of this policy is to

ensure that we engage our public accountants only to provide audit and non-audit services that are compatible with maintaining independence. The Audit Committee is required to pre-approve all services performed for us by our independent registered public accounting firms and the related fees for such services. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the

Table of Contents

approved amount prior to payment, except as provided below. Our independent registered public accounting firms are prohibited from performing any service prohibited by applicable law.

Pre-approval of audit and non-audit services may be given at any time up to a year before commencement of the specified service. Engagement of the independent registered public accounting firms and their fees for the annual audit must be approved by the entire Audit Committee. The Chairman of the Audit Committee may independently approve services if the estimated fee for the service is less than 10% of the total estimated audit fee, or if the excess fees for pre-approved services are less than 20% of the approved fees for that service; provided, however, that no such pre-approval may be granted with respect to any service prohibited by applicable law or that otherwise appears reasonably likely to compromise the independent registered public accounting firms' independence. Any pre-approval granted pursuant to this delegation of authority will be reviewed with the Audit Committee at its next regularly scheduled meeting. Non-audit services for which the estimated fee is greater than 10% of the audit fee must be approved by the entire Audit Committee before commencement of the service.

It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer appropriate questions.

RELATED PARTY TRANSACTIONS

Entities affiliated with Roger S. Penske, our Chairman of the Board and Chief Executive Officer, are parties to a stockholders agreement described below. Mr. Penske is also Chairman of the Board and Chief Executive Officer of Penske Corporation, and, through entities affiliated with Penske Corporation, our largest stockholder. The parties to the stockholders agreement are International Motor Cars Group, I, L.L.C. (IMCGI), International Motor Cars Group, II, L.L.C. (IMCGII), Mitsui & Co., Ltd., Mitsui & Co, (USA), Inc. (collectively, Mitsui), Penske Corporation and Penske Automotive Holdings Corp. We refer to IMCGI, IMCGII, Penske Corporation and Penske Automotive Holdings Corp. as the Penske affiliated companies.

In March 2004, we issued and sold 4,050,000 shares of our common stock to Mitsui in exchange for \$119 million under the terms of a purchase agreement between us, Mitsui and the Penske affiliated companies. This purchase agreement also contains other agreements between the parties. The Penske affiliated companies and Mitsui have agreed to certain standstill provisions. Until termination of the stockholders agreement discussed below, among other things and with some exceptions, the parties have agreed not to acquire or seek to acquire any of our capital stock or assets, enter into or propose business combinations involving us, participate in a proxy contest with respect to us or initiate or propose any stockholder proposals with respect to us. Notwithstanding the prior sentence, the purchase agreement permits (1) any transaction approved by either a majority of disinterested members of the Board of Directors or a majority of the disinterested stockholders, (2) in the case of Mitsui, the acquisition of securities if, after giving effect to such acquisition, its beneficial ownership in us is less than or equal to 49%, (3) in the case of the Penske affiliated companies, the acquisition of securities if, after giving effect to such acquisition, their aggregate beneficial ownership in us is less than or equal to 65%, and (4) the acquisition of securities resulting from equity grants by the Board of Directors to individuals for compensatory purposes.

We have also agreed to grant Mitsui the right to an observer to our Board of Directors as long as it owns at least 2.5% of our outstanding common stock, and the right to have an appointee designated as a senior vice president of UnitedAuto, as long as it owns at least 10% of our outstanding common stock. Mr. Hiroshi Ishikawa, one of our directors has been appointed as our Executive Vice President International Business Development. We also agreed not to take any action that would restrict the ability of a stockholder to propose, nominate or vote for any person as a director of us, subject to specified limitations.

Stockholders Agreement. Simultaneously with this purchase, Mitsui and the Penske affiliated companies entered into a stockholders agreement. Under this stockholders agreement, the Penske affiliated companies agreed to vote their shares for one director who is a representative of Mitsui. In turn, Mitsui agreed to vote its shares for up to fourteen directors voted for by the Penske affiliated companies. In addition, the

Table of Contents

Penske affiliated companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to tag along by transferring a pro rata amount of its shares upon similar terms and conditions, subject to certain limitations. This agreement terminates on its tenth anniversary, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

Registration Rights Agreements. In May 1999, we and IMCGI and IMCGII entered into a registration rights agreement and in December 2000, we and Penske Automotive Holdings Corp. entered into a registration rights agreement. Pursuant to these agreements, IMCGI and IMCGII and Penske Corporation each may require us on three occasions to register all or part of our common stock held by them, subject to specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act of 1933, as amended (the Securities Act).

In connection with the March 2004 purchase of shares discussed above, we entered into a registration rights agreement with Mitsui. Under this agreement, Mitsui may require us on two occasions to register all or part of its common stock, subject to specified limitations. Mitsui also is entitled to request inclusion of all or any part of its common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act.

Other Related Party Interests. James A. Hislop, one of our directors, is a managing member of Penske Capital Partners (which is the managing member of IMCGI and IMCGII), a director of Penske Corporation and a managing director of Transportation Resource Partners, an organization that undertakes investments in transportation-related industries. Mr. Penske also is a managing member of Penske Capital Partners and Transportation Resource Partners. Richard J. Peters, one of our directors, is a director of Penske Corporation and a managing director of Transportation Resource Partners. Robert H. Kurnick, Jr., our Vice Chairman and a director nominee, is also the President and a director of the Penske Corporation and Paul F. Walters, our Executive Vice President Human Resources serves in a similar human resources capacity for Penske Corporation. In 2005, Mr. Ishikawa, one of our directors, received \$150,000 in compensation from us for his services as Executive Vice President International Business Development and he also served in a similar capacity for Penske Corporation. These employees or directors receive salary, bonus and other compensation from Penske Corporation or its affiliates unrelated to their service at UnitedAuto. Eustace W. Mita and Lucio A. Noto are investors in Transportation Resources Partners.

CarsDirect.com. In May 2000, we, along with Penske Automotive Group, Inc. (PAG), an automobile dealership company controlled by Roger S. Penske, entered into an operating agreement with CarsDirect.com, Inc., whereby PAG and we supply vehicles to CarsDirect.com at pre-negotiated prices through PAG's and our respective franchised vehicle dealers. CarsDirect.com is owned by Internet Brands, Inc. (Internet Brands), of which Roger S. Penske is a director. During the term of the operating agreement, CarsDirect.com will offer the franchised vehicle dealers of PAG or UnitedAuto with the closest geographic proximity to the customer the first opportunity to supply the vehicle purchased through its website. As consideration for entering into the operating agreement, Internet Brands granted to PAG and us warrants to purchase 3,650,000 shares of preferred stock of CarsDirect.com, which are exercisable at various times from 2007 to 2009. We and PAG have agreed to allocate the warrants in proportion to our relative sales to CarsDirect.com under the operating agreement.

Other Transactions. We are currently a tenant under a number of non-cancelable lease agreements with Samuel X. DiFeo and members of his family. Mr. DiFeo served as our President and Chief Operating Officer until March 8, 2006. During 2005, we paid \$5.5 million to Mr. DiFeo and his family under these lease agreements. We believe that when we entered into these transactions, their terms were at least as favorable as those that could have been obtained from an unaffiliated third party negotiated on an arm's length basis. In addition, in 2005, we paid two of Mr. DiFeo's family members \$50,000 each under multi-year consulting arrangements.

From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including rents paid to Automotive Group Realty, LLC (AGR), as described below, payments to third parties made by Penske Corporation on behalf of us, for which we then

Table of Contents

reimburse Penske Corporation, payments relating to the use of aircraft from Penske Aviation Services, and payment of a racing sponsorship to Penske Racing. These transactions are reviewed annually by our Audit Committee and reflect the provider's cost or an amount mutually agreed upon by both parties. We believe that the payments relating to these transactions are on terms at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis. Aggregate payments relating to such transactions amounted to \$6.1 million in 2005, excluding the payments to AGR discussed below.

We are currently a tenant under a number of non-cancelable lease agreements with AGR. AGR is a wholly owned subsidiary of Penske Corporation. During 2005, we paid \$4.7 million to AGR under these lease agreements. In addition, in 2005, we sold to AGR real property and improvements for \$43.9 million which were subsequently leased by AGR to us. There were no gains or losses associated with such sales. The sale of each parcel of property was valued at a price that was either independently confirmed by a third party appraiser or at the price for which we purchased the property from an independent third party. We believe that the terms of these transactions were at least as favorable as those that could have been obtained from an unaffiliated third party negotiated on an arm's length basis.

In February 2005, we acquired a 7% interest in a mobile vehicle washing company in exchange for \$2.4 million. Transportation Resource Partners, an organization discussed above, simultaneously acquired a controlling interest in this company on the same financial terms as our investment. On April 29, 2005, we acquired a 23% interest in QEK Global Solutions (US), Inc., a provider of outsourced vehicle management solutions, in exchange for \$4.5 million. Transportation Resource Partners simultaneously acquired a controlling interest in this company on the same financial terms. We and several other investors, including Transportation Resource Partners, entered into a stockholders agreement relating to this investment which, among other things, provides us with specified management rights and rights to purchase additional shares, and restricts our ability to transfer shares. We have also entered into a management agreement which provides that we and other investors (or their affiliates) are to be provided ongoing management fees. In 2005, we paid QEK Global Solutions about \$384,000, principally relating to the preparation and delivery of new vehicles in the U.K.

We are also party to operating agreements with Roger S. Penske, Jr., the son of Roger S. Penske, relating to his (1) 10% ownership investment in one of our subsidiaries, HBL, LLC, and (2) his 4.7% ownership interest in United Auto do Brasil, Ltda., of which we own about 22.7%. From time to time, we provide these subsidiaries with working capital and other debt financing and make periodic pro rata distributions from these subsidiaries to Mr. Penske, Jr., which in 2005 totaled approximately seven hundred and twelve thousand dollars. For 2005, Mr. Penske, Jr., received total compensation from us of approximately two million one hundred and sixty nine thousand dollars in his capacity as Executive Vice President - Eastern Operations, as well as 3,000 shares of restricted stock.

Our officers and directors periodically purchase vehicles from our dealerships on fair market terms. Additionally, we hire automotive technicians who have graduated from Universal Technical Institute (UTI), a provider of technical education, whose Chief Executive Officer is Kimberly McWaters, one of our directors. We make no payments to UTI for these graduates and hire them on the same terms as other employers. In 2005, we purchased \$64,400 of various novelty items (t-shirts, key rings, etc.) from Hislop & Associates for sale at our dealerships. Hislop & Associates is owned by the brother of James A. Hislop, one of our directors.

In 2005, we employed the sons of Eustace Mita, one of our directors, and James Davidson, our Executive Vice President - Finance, at our dealerships as managers, for which each was compensated in excess of \$60,000. In 2005, we employed the son-in-law of Paul Walters, our Executive Vice President - Human Resources, as Senior Vice President Manufacturer Relations, for which he received compensation in excess of \$60,000 in 2005.

Since April 2003, an entity controlled by one of our directors, Lucio A. Noto (the Investor), has owned an interest in one of our subsidiaries, UAG Connecticut I, LLC (UAG Connecticut I), which entitles the Investor to 20% of the operating profits of UAG Connecticut I. From time to time, we provide UAG Connecticut I with working capital and other debt financing and make periodic pro rata distributions from

Table of Contents

UAG Connecticut I to the Investor, which in 2005 totaled \$787,400. In addition, in July 2005, the Investor paid us \$200,060 pursuant to his option to purchase up to a 20% interest in UAG Connecticut I.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes of ownership with the SEC. Executive officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of the Section 16(a) forms furnished to us and representations from our executive officers, directors and greater than 10% beneficial owners, all Section 16(a) reports were timely filed in 2005.

Stockholder Nominations and Proposals for 2007.

We must receive any proposals intended to be presented to stockholders at our 2007 annual meeting of stockholders at our principal executive offices at 2555 Telegraph Road, Bloomfield Hills, Michigan 48302-0954 for inclusion in the proxy statement by November 23, 2006. These proposals must also meet other requirements of the rules of the SEC relating to stockholder proposals. Stockholders who intend to present an item of business at the annual meeting of stockholders in 2007 (other than a proposal submitted for inclusion in our proxy statement) must provide us notice of the business no later than February 5, 2007.

Proxy Information.

We do not anticipate that there will be presented at the annual meeting any business other than as discussed in the above proposals and the Board of Directors is not aware of any other matters that might properly be presented for action at the meeting. If any other business should properly come before the annual meeting, the persons named on the enclosed proxy card will have discretionary authority to vote all proxies in accordance with their best judgment.

AUDIT COMMITTEE CHARTER
October 19, 2005

I. Statement of Purpose

The Audit Committee is a standing committee of the Board of Directors. The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; (ii) the performance of the internal audit services function; (iii) the annual independent audit of the Company's financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; (iv) the compliance by the Company with legal and regulatory requirements, including the Company's disclosure controls and procedures; (v) the evaluation of enterprise risk issues; and (vi) the fulfillment of the other responsibilities set out herein. The Committee shall also prepare the report of the Committee required to be included in the Company's annual proxy statement.

In discharging its responsibilities, the Committee is not itself responsible for the planning or conduct of audits or for any determination that the Company's financial statements are complete and accurate or in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors.

II. Organization

A. *Charter.* At least annually, this charter shall be reviewed and reassessed by the Committee and any proposed changes shall be submitted to the Board of Directors for approval.

B. *Members.* The members of the Committee shall be appointed by the Board of Directors and shall number at least three, who meet the independence, experience and expertise requirements of the New York Stock Exchange and applicable law. The Board of Directors shall also designate a Committee Chairperson. Unless otherwise determined by the Board of Directors of the Company, no Committee Member may serve on more than three Audit Committees of companies who have issued any outstanding publicly-traded equity securities.

C. *Meetings.* In order to discharge its responsibilities, the Committee shall each year establish a schedule of meetings; additional meetings may be scheduled as required. In planning the annual schedule of meetings, the Committee shall ensure that sufficient opportunities exist for its members to meet separately with the independent auditors and/or the head of internal audit (or internal audit service providers), without management present; to meet separately with management, without the independent auditors and/or the head of internal audit (or internal audit service providers) present; and to meet in private with only the Committee Members present.

D. *Quorum; Action by Committee.* A quorum at any Committee meeting shall be at least two members. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called or held, except as specifically provided herein (or where only two members are present, by unanimous vote). Action may be delegated to a single member in compliance with applicable law, such as the approval of certain services by the independent auditors. Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be as fully effective as if it had been made at a meeting duly called and held, except as specifically provided herein (or where only two members are present, by unanimous vote).

E. *Agenda, Minutes and Reports.* An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee's discharge of its responsibilities. The minutes shall be circulated in draft form to all Committee Members to ensure an accurate final

record, shall be approved at a subsequent meeting of the Committee and shall be distributed periodically to the full Board of Directors. The Committee shall make regular reports to the Board of Directors.

F. *Performance Evaluation.* The Committee shall evaluate its performance on an annual basis and periodically review its criteria for such evaluation.

III. Responsibilities

The following shall be the principal responsibilities of the Audit Committee:

A. *Engagement of Independent Auditors.* The Committee shall engage the independent auditors, including in connection with any non-audit services, and oversee, evaluate and, where appropriate, replace the independent auditors. The Committee shall approve the fees paid to the independent auditors, including in connection with any non-audit services.

B. *Determination as to Independence and Performance of Independent Auditors.* The Committee shall review and evaluate the lead partner of the independent auditor teams. The Committee shall receive periodic reports from the independent auditors as required by the Independence Standards Board (or any successor body) regarding the auditors' independence, which shall be not less frequently than annually. The Committee shall also obtain and review a report from the independent auditor at least annually regarding (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Company. The Committee shall evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, and taking into account the opinions of management and internal auditors. In addition, the Audit Committee shall present its conclusions with respect to the independent auditor to the Board. The Audit Committee shall also ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law and periodically consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.

C. *Determination as to Performance of Internal Auditors.* The Committee shall annually review the experience and qualifications of the senior members of the internal auditors and the performance of the internal audit function, including any contributions by internal audit service providers. In addition, the Committee annually shall discuss the responsibilities, budget and staffing of the internal audit function with the Company's principal independent auditor.

D. *Audits by Internal and Independent Auditors.* The Committee shall discuss with the internal auditor and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and other factors that may affect the effectiveness and timeliness of such audits. In this connection, the Committee shall discuss with management, the internal auditor and the independent auditors the Company's major risk exposures (whether financial, operating or otherwise), the adequacy and effectiveness of the accounting and financial controls, and the steps management has taken to monitor and control such exposures and manage legal compliance programs, among other considerations that may be relevant to their respective audits. The Committee shall review with management and the independent auditors management's annual internal control report, including any attestation of same by the independent auditors. Management and the internal auditor or the audit service providers, as the case may be, shall report periodically to the Committee regarding any significant deficiencies in the design or operation of the Company's internal controls, material weaknesses in internal controls and any fraud (regardless of materiality) involving persons having a significant role in the internal controls, as well as any significant changes in internal controls implemented by management during the most recent reporting period of the

Company.

Table of Contents

E. *Pre-Approval of Audit and Non-Audit Services.* The Committee shall periodically review its guidelines for the retention of the independent auditors for any non-audit service. The Committee shall, in accordance with such procedures, approve in advance any audit or non-audit service provided to the Company by the independent auditors, all as required by applicable law or listing standards, and subject to the exceptions set forth in applicable law or listing standards.

F. *Review of Disclosure Controls and Procedures.* The Committee shall review with the Chief Executive Officer, the Chief Financial Officer and the General Counsel the Company's disclosure controls and procedures and shall review periodically, but in no event less frequently than quarterly, management's conclusions about the efficacy of such disclosure controls and procedures, including any significant deficiencies in, or material non-compliance with, such controls and procedures.

G. *Review of Annual SEC Filings.* The Committee shall review with management and the independent auditors the financial information to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of the Form 10-K), including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, the clarity of the disclosures in the financial statements and the adequacy of internal controls. The Committee shall also discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards, applicable law or listing standards. Based on such review and discussion, the Committee shall make a determination whether to recommend to the Board of Directors that the audited financial statements be included in the Company's Form 10-K.

H. *Review of Quarterly SEC Filings and Other Communications.* The Committee shall review and discuss with management and the independent auditors the quarterly financial information to be included in the Company's Quarterly Reports on form 10-Q, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, and shall discuss any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards, applicable law or listing standards. The Committee shall also discuss the Company's earnings press releases and financial information and earnings guidance periodically provided to analysts and rating agencies.
