About This Prospectus

This prospectus and each prospectus supplement (if any) is part of a registration statement on Form S-4 that we filed with the Securities and Exchange Commission using a "shelf" registration process. Under the shelf registration process, we may offer and sell, from time to time, in one or more offerings, up to a total of 3,621,773 of our common shares for use in connection with acquisitions by us of other businesses, assets or securities of other business entities. The consideration offered by us in such acquisitions, in addition to any shares of common stock offered by this prospectus, may include cash, certain assets and/or assumption by First American of liabilities of the businesses, assets or securities being acquired.

The terms of acquisitions involving the issuance of the shares of common stock covered by this prospectus are expected to be determined by direct negotiations with the owners or controlling persons of the assets, businesses or securities to be acquired. Factors taken into account in acquisitions may include, among other factors, the quality and reputation of the business to be acquired and its management, the strategic market position of the business to be acquired, its proprietary assets, earning power, cash flow and growth potential, and the market value of its equity securities when pertinent. It is anticipated that shares of our common stock issued in any such acquisition will be offered at approximately the then current market value of the common stock. The value will be determined either when the terms of the acquisition are tentatively or finally agreed to, when the acquisition is completed, or during a period of time before we deliver the shares.

We do not expect to pay underwriting discounts or commissions, although we may pay finders' fees from time to time in connection with certain acquisitions. Any person receiving finders' fees may be deemed to be an "underwriter" within the meaning of the Securities Act, and any profit on the resale of shares of common stock purchased by them may be considered underwriting commissions or discounts under the Securities Act.

This prospectus provides you with a general description of the securities we may sell. If necessary, each time we sell securities under this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus, the applicable prospectus supplement and the information incorporated by reference. See "Documents Incorporated by Reference" on page 9.

We may also permit individuals or entities who have received or will receive shares of our common stock in connection with the acquisitions described above, or their transferees or successors-in-interest, to use this prospectus to cover their resale of such shares. See "Selling Shareholders," as it may be amended or supplemented from time to time, for a list of those individuals or entities who are authorized to use this prospectus to sell their shares of our common stock.

In making your investment decision, you should rely only on the information contained or incorporated by reference in this prospectus. We have not authorized anyone to provide you with any other information. If you receive any unauthorized information, you must not rely on it. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

securities in any state or jurisdiction where the offer or sale of these securities is not permitted. You should not assume that the information contained or incorporated by reference in this prospectus is accurate as of any date other than the date on which it is released by First American.

-2-

RISK FACTORS

You should consider carefully the following risk factors, as well as the other information contained elsewhere in this prospectus, each prospectus supplement and the information incorporated by reference before deciding to purchase any of our common shares.

OUR REVENUES MAY DECLINE DURING PERIODS WHEN THE DEMAND FOR OUR PRODUCTS DECREASES

Our revenues decrease as the number of real estate transactions in which our products are purchased decreases. We have found that the number of real estate transactions in which our products are purchased decreases in the following situations:

- o when mortgage rates are high;
- o when the mortgage fund supply is limited; and
- o when the United States economy is weak.

We believe that this trend will recur.

CHANGES IN GOVERNMENT REGULATION COULD PROHIBIT OR LIMIT OUR OPERATIONS

Our title insurance, property and casualty insurance, home warranty, thrift, trust and investment businesses are regulated by various federal, state and local governmental agencies. Many of our other businesses operate within statutory guidelines. Changes in the applicable regulatory environment or statutory guidelines could prohibit or restrict our existing or future operations. Such restrictions may restrict our ability to implement rate increases, acquire assets or businesses or otherwise have a negative impact on our ability to increase our operating results. Such regulation may adversely affect our financial performance.

AS A HOLDING COMPANY, WE DEPEND ON DISTRIBUTIONS FROM OUR SUBSIDIARIES, AND IF DISTRIBUTIONS FROM OUR SUBSIDIARIES ARE MATERIALLY IMPAIRED, OUR ABILITY TO DECLARE AND PAY DIVIDENDS MAY BE ADVERSELY AFFECTED

First American is a holding company whose primary assets are the securities of its operating subsidiaries. Our ability to pay dividends is dependent on the ability of our subsidiaries to pay dividends or repay funds to us. If our operating subsidiaries are not able to pay dividends or repay funds to us, we may not be able to declare and pay dividends to you. Moreover, pursuant to insurance and other regulations under which our insurance subsidiaries operate, the amount of dividends, loans and advances available to us is limited. Under such regulations, the maximum amount of dividends, loans and advances available to us from our insurance subsidiaries in 2002 is \$197.7 million.

OUR EARNINGS MAY BE REDUCED IF ACQUISITION PROJECTIONS ARE INACCURATE

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

Our earnings have improved since 1991 in large part because of our acquisition and integration of non-title insurance businesses. These businesses generally have higher margins than our title insurance businesses. For example, pre-tax margins for our title insurance and services segment were 6.4% in 2001, while pre-tax margins for the segments in our information technology group in the same year were 21.7%. The success or failure of acquisitions in this group has depended in large measure upon the accuracy of our projections. These projections are not always accurate. Inaccurate projections have historically led to lower than expected earnings.

-3-

CURRENT LEGAL PROCEEDINGS MAY HAVE A MATERIAL ADVERSE AFFECT ON OUR FINANCIAL CONDITION OR RESULTS OF OPERATIONS

On May 19, 1999, the State of California, the controller and the insurance commissioner of the State of California filed a class action suit in the Sacramento state court. Initially, the action sought to certify as a class of defendants all title and escrow companies doing business in California from 1970 to the present, including certain of our subsidiaries. The plaintiffs allege that the defendants:

- o failed to give unclaimed property to the State of California on a timely basis;
- o charged California home buyers and other escrow customers fees for services that were never performed or which cost less than the amount charged; and
- o devised and carried out schemes, known as earnings credits, with financial institutions to receive interest on escrow funds deposited by defendants with financial institutions in demand deposits.

Since the initial filing of the lawsuit, the California attorney general's office, on behalf of the state, the controller and the insurance commissioner, indicated that it would not seek to certify a class of defendants, but would instead amend its lawsuit to name an unspecified number of title underwriters and underwritten title companies. To date, the attorney general has neither amended the lawsuit nor, to our knowledge, taken steps to progress with it, including the service of process on any party. The attorney general, however, has entered into settlement discussions with various title insurance underwriters, including certain of our subsidiaries. No settlement agreements have been signed and certain material terms remain under discussion. Additionally, the attorney general has decided that all issues pertaining to escheat obligations will be dealt with through routine audits conducted by the controller's office, rather than through the litigation filed by the attorney general.

An adverse decision in these lawsuits may have a material adverse effect on our financial condition or results of operations.

CERTAIN PROVISIONS OF OUR CHARTER AND RIGHTS PLAN MAY MAKE A TAKEOVER OF OUR COMPANY DIFFICULT EVEN IF SUCH TAKEOVER COULD BE BENEFICIAL TO SOME OF OUR SHAREHOLDERS

Our restated articles of incorporation authorize the issuance of "blank check" preferred stock with such designations, rights and preferences as may be

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

determined from time to time by our board of directors. Accordingly, our board is empowered, without further shareholder action, to issue shares or series of preferred stock with dividend, liquidation, conversion, voting or other rights that could adversely affect the voting power or other rights, including the ability to receive dividends, of our common shareholders. The issuance of such preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying or preventing a change in control. In conjunction with the rights plan discussed below, we have authorized the issuance of our Series A Junior Participating Preferred Shares. Although we have no present intention of issuing any additional shares or series of preferred stock, we cannot guarantee that we will not make such an issuance in the future.

We have adopted a rights plan which could, alone or in combination with our restated articles of incorporation, discourage transactions involving actual or potential changes of control, including transactions that otherwise could involve payment of a premium over prevailing market prices to our shareholders for their common shares.

All consolidated results reflect the 1999 acquisition of National Information Group accounted for pooling-of-interests method of accounting.

- (1) In December 1999, First American adopted Staff Accounting Bulletin No. 101 (SAB), "Revenue Recognition for Certain Financial Statements." The SAB, which became effective January 1, 1999, applies to First American's revenue service operations and requires the deferral of the tax service fee and the recognition of the fee ratably over the expected service period. The amortization rates applied to recognize the revenue over the 10-year contract life and are adjusted to reflect prepayments. First American periodically reviews its service contract portfolio to determine if there have been changes in contract lives and/or the number and/or timing of prepayments. Accordingly, First American may adjust the rates to reflect changing trends. The SAB finalizes a series of changes instituted by the Securities and Exchange Commission's revenue recognition policies. As a result of adopting the SAB, in 1999, First American reported a cumulative change in revenue of \$55.6 million, net of income taxes and minority interests, as a cumulative change in accounting. This change reduced net income by \$10.9 million, or \$0.16 per diluted share and restated its quarterly income for the years ended December 31, 2000 and 2001, First American recognized \$38.6 million and \$18.6 million, respectively, in revenues that were included in the cumulative effect adjustment. Revenues earned from products in the real estate information segment are recognized at the time of delivery, as First American has no significant ongoing obligation after delivery.

- (2) Return on average stockholders' equity for 1999 excludes the cumulative effect of a change in accounting for tax service contracts from both net income and stockholders' equity.
- (3) Per share information relating to net income is based on weighted-average number of shares outstanding over the years presented. Per share information relating to stockholders' equity is based on shares outstanding at the end of the year.

end of each year.

SELLING SHAREHOLDERS

In general, the persons to whom we issue shares of common stock under this prospectus will be able to resell such shares in the public market without further registration and without being required to deliver a prospectus. However, certain persons who receive our common shares may want to resell those securities in distributions that would require the delivery of a prospectus. With our consent, this prospectus may be used by certain shareholders who wish to sell our common stock. As used in this prospectus, "selling shareholders" may include shareholders who receive our common shares hereunder in connection with an acquisition and donees and pledgees selling shares received from such people. We may limit our consent to a specified time period and subject our consent to certain limitations and conditions, which may vary by agreement.

Selling shareholders may sell our common shares in any combination of the following:

- o through the New York Stock Exchange or any national securities exchange on which our common stock has been approved for listing in the future;
- o directly to purchasers in negotiated transactions;
- o by or through brokers or dealers, in ordinary brokerage transactions or transactions in which the broker solicits purchases;
- o in block trades in which the broker or dealer will attempt to sell securities as an agent but may position and resell a portion of the block as principal;
- o in a transaction in which a broker or dealer purchases as principal for resale for its own account; or
- o through underwriters or agents.

Resales by selling shareholders may be made directly to investors or through securities firms acting as underwriters, brokers or dealers. The fees earned by or paid to the securities firm may be the normal stock exchange commission or negotiated commissions or underwriting discounts to the extent permissible. Shares of our common stock may be sold at a fixed offering price, which may be changed, at the prevailing market price at the time of sale, at prices related to such prevailing market price or at negotiated prices. The securities firm may resell the shares through other securities dealers, and commissions or concessions to those other dealers may be allowed. Such selling shareholders may indemnify any securities firm participating in such transactions against certain liabilities, including liabilities under the Securities Act and to reimburse them for any expenses in connection with an offering or sale of securities.

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

The selling shareholders and any broker-dealers who act in connection with the sale of shares hereunder may be deemed to be an "underwriter" within the meaning of the Securities Act. Any commissions received by them and profit on any resale of such shares as principal may be deemed to be underwriting discounts and commissions under the Securities Act.

Selling shareholders may also offer shares of common stock covered by this prospectus by means of prospectuses under other registration statements or pursuant to exemptions from the registration requirements of the Securities Act, including sales that meet the requirements of Rule 144 or Rule 145(d) under the Securities Act. Selling shareholders should seek the advice of their own counsel about the legal requirements for such sales.

This prospectus will be amended or supplemented, if required by the Securities Act and the rules of the SEC, to disclose identity of the selling shareholders, the number of shares to be sold by the selling shareholders, any material relationship a selling shareholder may have with us, and other details of the resale to the extent appropriate.

We will not receive any part of the proceeds from the resale by the selling shareholders of any shares under this prospectus. We will bear all expenses other than selling discounts and commissions and fees and expenses of the selling shareholders in connection with the registration of the shares being reoffered by the selling shareholders.
