Item 5. Other Events and Regulation FD Disclosure

On January 31, 2002, the Company issued a press release announcing a voluntary recall of approximately 1.4 million Whirlpool, ConfortAire and Sears Kenmore brand dehumidifiers. The Company will record a fourth-quarter pre-tax charge of \$74 million, for estimated costs associated with the dehumidifier recall. On October 16, 2001, the company had announced a recall of certain microwave oven hood-combination products and recognized a \$300 million pre-tax charge in the third quarter of 2001 to cover estimated costs to conduct the recall. Since October, the company has been able to reduce the costs associated with the recall by \$79 million, due to the development of a more efficient service repair procedure, which enables faster repairs and reduced costs. Consequently, the net effect of these two events will have no material impact on fourth quarter earnings.

On February 5, 2002, the Company issued a press release announcing 2001 fourth quarter and full-year core earnings of \$109 million, or \$1.58 per diluted share, compared with \$67 million, or \$1.00 per diluted share, in fourth quarter 2000. Net earnings for the quarter were \$21 million or 31 cents per share after accounting for restructuring and product recall charges. Full-year core earnings were \$371 million, or \$5.45 per diluted share, compared with \$367 million, or

\$5.20 per diluted share, in 2000. The core earnings were in line with expectations. Net earnings for the full year 2001 were \$21 million, or 31 cents per share after accounting for restructuring and product recall charges.

On February 7, 2002, the Company issued a press release concerning stock market rumors.
