PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Allied Capital Corporation (the "Company" or "Allied Capital") for use at the Company's 2001 Annual Meeting of Stockholders (the "Meeting") to be held on May 8, 2001 at 10:00 a.m. (Eastern Time) at the St. Regis Hotel, 923 Sixteenth Street, NW, Washington, DC and at any adjournments thereof. This Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders for the year ended December 31, 2000 are first being sent to stockholders on or about March 28, 2001.

We encourage you to vote your shares, either by voting in person at the Meeting or by granting a proxy (i.e., authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card or otherwise provide voting instructions, either via the Internet or the telephone, and the Company receives it in time for the Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specified. IF YOU GIVE NO INSTRUCTIONS ON THE PROXY CARD, THE SHARES COVERED BY THE PROXY CARD WILL BE VOTED FOR THE ELECTION OF THE NOMINEES AS DIRECTORS AND FOR THE OTHER MATTERS LISTED IN THE ACCOMPANYING NOTICE OF ANNUAL MEETING OF STOCKHOLDERS.

If you are a "stockholder of record" (i.e., you hold shares directly in your name), you may revoke a proxy at any time before it is exercised by notifying the proxy tabulator in writing, by submitting a properly executed, later-dated proxy or by voting in person at the Meeting. Any stockholder of record attending the Meeting may vote in person whether or not he or she has previously voted his or her shares. If your shares are held for your account by a broker, bank or other institution or nominee ("Broker Shares"), you may vote such shares at the Meeting only if you obtain proper written authority from your institution or nominee and present it at the Meeting.

Stockholders of record may vote either via the Internet or by telephone. Specific instructions to be followed by registered stockholders interested in voting via the Internet or the telephone are shown on the enclosed proxy card. The Internet and telephone voting procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically via the Internet or by telephone. A large number of banks and brokerage firms participate in the ADP Investor Communications Services online program. This program provides eligible stockholders who receive a copy of the annual report and proxy statement, either by paper or electronically, the opportunity to vote via the Internet or by telephone. If the entity holding your shares participates in ADP's program, your

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

voting form will provide instructions. If your voting form does not reference Internet or telephone voting information, please complete and return the paper proxy card in the pre-addressed, postage-paid envelope provided.

4

PURPOSE OF MEETING

At the Meeting, you will be asked to vote on the following proposals:

1. To elect four directors of the Company who will serve for three years, or until their successors are elected and qualified;
2. To ratify the selection of Arthur Andersen LLP to serve as independent public accountants for the Company for the year ending December 31, 2001; and
3. To transact such other business as may properly come before the meeting.

VOTING SECURITIES

You may vote your shares at the Meeting only if you were a stockholder of record at the close of business on March 21, 2001 (the "Record Date"). On March 21, 2001, there were 85,877,875 shares of the Company's common stock outstanding. Each share of the common stock is entitled to one vote.

If a majority of the shares entitled to vote are present at the Meeting, then a quorum has been reached and the Meeting can commence. A share is present for quorum purposes if it is represented in person or by proxy for any purpose at the Meeting. Abstentions and Broker Shares that are voted on any matter at the Meeting are included in determining the presence of a quorum for the transaction of business at the commencement of the Meeting and on those matters for which the broker, nominee or fiduciary has authority to vote. If a quorum is not present at the Meeting, or if a quorum is present but are not enough votes to approve any of the proposals, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies. Any such adjournment will require the affirmative vote of a majority of the shares represented at the Meeting in person or by proxy. The persons named as proxies will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit further solicitation of proxies. A stockholder vote may be taken on one or more of the proposals in this Proxy Statement prior to any such adjournment if there are sufficient votes for approval on such proposal(s).

The Company's 401(k) plan owns a total of 279,739 shares, representing less than 1% of the Company's total outstanding shares. Participants in the 401(k) Plan may direct the voting of these shares; however, if a participant does not direct the voting, the co-trustees of the 401(k) Plan, who are executive officers of the Company, will vote the shares on behalf of that participant.

Each of the four nominees for election as directors who receives a majority of the affirmative votes cast at the Meeting in person or by proxy in the election of directors will be elected as directors. Stockholders may not cumulate their votes. Votes that are withheld, abstentions and Broker Shares that are not voted in the election of directors or the ratification of the accountants will not be included in determining the number of votes cast, and will have no effect on these matters.

INFORMATION REGARDING THIS SOLICITATION

The Company will bear the expense of the solicitation of proxies for the Meeting, including the cost of preparing, printing and mailing this Proxy Statement, the accompanying Notice of Annual Meeting of Stockholders, and proxy

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

card. The

Company has requested that brokers, nominees, fiduciaries and other persons holding shares in their names, or in the name of their nominees, which are beneficially owned by others, forward the proxy materials to, and obtain proxies from, such beneficial owners. The Company will reimburse such persons for their reasonable expenses in so doing.

In addition to the solicitation of proxies by the use of the mails, proxies may be solicited in person and by telephone, facsimile transmission or telegram by directors, officers or regular employees of the Company, (without special compensation therefor). The Company has also retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies for a fee of approximately \$7,000, plus out-of-pocket expenses. Any proxy given pursuant to this solicitation may be revoked by notice from the person giving the proxy at any time before it is exercised. Any such notice of revocation should be provided in writing signed by the shareholder in the same manner as the proxy being revoked and delivered to the Company's proxy tabulator, American Stock Transfer & Trust Company.

- (5) Consists only of directors' fees paid by the Company during 2000. Such fees are also included in the column titled "Aggregate Compensation from the Company."

COMPENSATION OF DIRECTORS

During 2000, each director received \$1,000 for each Board of Directors or committee meeting attended, except with respect to the members of the Executive Committee, who each received an annual retainer of \$10,000 in lieu of fees paid for each Executive Committee meeting attended.

Non-officer directors are eligible for stock option awards under the Company's Stock Option Plan pursuant to an exemptive order from the Commission.

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

The terms of the order, which was granted in September 1999, provided for a one-time grant of 10,000 options to each non-officer director on the date that the order was issued, or on the date that any new director is elected to the Board. Thereafter, each non-officer director receives 5,000 options each year on the date of the annual meeting of stockholders at the fair market value on the date of grant. See "Stock Option Plan."

STOCK OPTION AWARDS

The following table sets forth the details relating to option grants in 2000 to Compensated Persons under the Company's Stock Option Plan, and the potential realizable value of each grant, as prescribed to be calculated by the Commission. See "Stock Option Plan."

(1) Options granted to officers in 2000 generally vest in three equal installments beginning on the first anniversary date of the grant, with full vesting occurring on the third anniversary of the grant date or change of control of the Company. Options granted to non-officer directors vest immediately.

(2) In 2000, the Company granted options to purchase a total of 4,162,112 shares.

(3) Potential realizable value is calculated on 2000 options granted, and is net of the option exercise price but before any tax liabilities that may be incurred. These amounts represent certain assumed rates of appreciation, as mandated by the Commission. Actual gains, if any, or stock option exercises are dependent on the future performance of the shares, overall market conditions, and the continued employment by the Company of the option holder. The potential realizable value will not necessarily be realized.

- (1) Value realized is calculated as the closing market price on the date of exercise, net of option exercise price, but before any tax liabilities or transaction costs. This is the deemed market value, which may actually be realized only if the shares are sold at that price.
 - (2) Value of unexercised options is calculated as the closing market price on December 31, 2000 (\$20.88), net of the option exercise price, but before any tax liabilities or transaction costs. "In-the-Money Options" are options with an exercise price that is less than the market price as of December 31, 2000.

FORMULA AWARD AND CUT-OFF AWARD

Formula Award. The Formula Award was designed as an incentive compensation program that would replace stock options of the predecessor companies that were cancelled as a result of the Company's 1997 merger, and would balance share ownership among key officers. The Company accrued the Formula Award in approximately equal amounts of \$6.4 million, over the three-year period on the anniversary of the merger date (December 31) in 1998, 1999 and 2000. The Formula Award expense for 2000 totaled \$5.6 million. The terms of the Formula Award required that the award be contributed to the Company's Deferred Compensation Plan, and used to purchase shares of the Company in the open market. See "Deferred Compensation Plan."

Cut-Off Award. The Cut-Off Award was designed to cap the appreciated value in unvested options at the merger announcement date in order to set the foundation to balance option awards upon the merger on December 31, 1997. The Cut-Off Award is payable for each canceled option as the canceled options would have vested and vests automatically in the event of a change of control. The Cut-Off Award is payable if the award recipient is employed by the Company on the future vesting date. The Cut-Off Award expense for 2000 totaled \$0.5

million.

STOCK OPTION PLAN

The Company's stock option plan (the "Stock Option Plan") is intended to encourage stock ownership in the Company by officers and directors, thus giving them a proprietary interest in the Company's performance. The Stock Option Plan was approved by stockholders at the Special Meeting of Stockholders on November 26, 1997. On May 9, 2000, the Company's stockholders amended the Stock Option Plan to increase the authorized shares under the plan to 12,350,000 shares, as well as make certain other administrative changes.

The Committee's principal objective in awarding stock options to the eligible officers of the Company is to align each optionee's interests with the success of the Company and the financial interests of its stockholders by linking a portion of such optionee's compensation with the performance of the Company's stock and the value delivered to stockholders.

Stock options are granted under the Stock Option Plan at a price not less than the prevailing market value and will have value only if the Company's stock price increases. The Committee determines the amount and features of the stock options, if any, to be awarded to optionees. The Committee evaluates a number of criteria, including the past service of each such optionee to the Company, the present and potential contributions of such optionee to the success of the Company and such other factors as the Committee shall deem relevant in connection with accomplishing the purposes of the Stock Option Plan, including the recipient's current stock holdings, years of service, position with the Company and other factors. The Committee does not apply a formula assigning specific weights to any of these factors when making its determination. The Committee awards stock options on a subjective basis and such awards depend in each case on the performance of the officer under consideration.

On September 8, 1999, the Company received approval from the Commission to grant options under the Stock Option Plan to non-officer directors. On that date, each incumbent non-officer director received options to purchase 10,000 shares, and pursuant to the Commission order, each will receive options to purchase 5,000 shares each year thereafter on the date of the annual meeting of stockholders. New directors will receive options to purchase 10,000 shares upon election to the board, and options to purchase 5,000 shares each year thereafter on the date of the annual meeting.

The Stock Option Plan is designed to satisfy the conditions of Section 422 of the Code so that options granted under the Stock Option Plan may qualify as "incentive stock options." To qualify as "incentive stock options," options may not become exercisable for the first time in any year if the number of incentive options first exercisable in that year multiplied by the exercise price exceeds \$100,000.

401(k) PLAN

The Company maintains a 401(k) plan (the "401(k) Plan"). All employees who are at least 21 years of age have the opportunity to contribute pre-tax salary deferrals into the 401(k) Plan up to \$10,500 annually, and to direct the investment of these contributions. The 401(k) Plan allows eligible participants to invest in shares of the Company's common stock among other investment options. In addition, the Company expects to contribute to each eligible participant (i.e. employees with one year of service), 5% of each participant's total cash compensation for the year, up to

\$170,000, to each participant's plan account on the participant's behalf, which fully vests at the time of the contribution. The contribution with respect to compensation in excess of \$170,000 is made to the Deferred Compensation Plan. On March 21, 2001, the 401(k) Plan held less than 1% of the outstanding shares of the Company. See "Voting Securities."

DEFERRED COMPENSATION PLAN

The Company maintains a deferred compensation plan (the "Deferred Compensation Plan"). The Deferred Compensation Plan is a funded plan that provides for the deferral of compensation by employees and consultants of the Company. Any employee or consultant of the Company is eligible to participate in the plan at such time and for such period as designated by the Board of Directors. The Deferred Compensation Plan is administered through a trust, and the Company funds this plan through cash contributions. The Deferred Compensation Plan held the unvested shares of the Company's common stock purchased in connection with the Formula Award until it was distributed. See "Formula Award" above.

EMPLOYMENT AGREEMENTS

During the first half of 2000, the Company engaged independent compensation consulting firms to assist in comparing the compensation programs of Allied Capital with those of companies that compete with Allied Capital for talent. The consultants specifically studied the private equity industry, the commercial finance industry, and other market participants. The market data indicated that the compensation packages for the Company's most senior executives needed to be more competitive, in order for the Company to ensure the retention of its key executives.

The Company's status as a BDC specifically limits the types of compensation that may be paid to employees in the form of cash and at-the-market stock options. The BDC rules prohibit, among other things, the use of restricted stock as compensation. In addition, while the Company provides at-the-market stock options as a significant portion of compensation, unexercised options do not accrue dividends, and as a result, participants in the Company's stock option plan are unable to receive a significant portion of the total return attributed to a share of the Company's common stock on unexercised options. During 2000, approximately 55% of the total return generated from an investment in the Company's common stock was derived from dividends paid during the year.

As a result, the Company has entered into employment agreements with eight senior executives of the Company, including William L. Walton, the Company's Chairman and CEO, Joan M. Sweeney, Managing Director and Chief Operating Officer, and John M. Scheurer, Managing Director. Each of the agreements provides for a three-year term, with annual renewals thereafter, and specifies each executive's compensation during the term of the agreement, in accordance with the achievement of certain performance standards.

The annual base salary on the effective date of the employment agreements of Mr. Walton, Ms. Sweeney, and Mr. Scheurer was \$405,000, \$256,500, and \$256,500, respectively. The Board of Directors has the right to increase the base salary during the term of the employment agreement. In addition, each employment agreement states that the Board of Directors may provide, at their sole discretion, an annual cash bonus. This bonus is to be determined with reference to each executive's

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

performance in accordance with performance criteria to be determined by the Board in its sole discretion. Under each agreement, each executive also is entitled to participate in the Company's stock option plan, and to receive all other awards and benefits previously granted to each executive including life insurance.

In addition, each employment agreement provides for a long-term cash retention award for the performance period from 2001 through 2003. The long-term cash retention award will vest and be payable in six equal installments on June 30th and December 31st of each year from 2001 through 2003. Mr. Walton will be eligible for a long-term cash retention award of \$3,375,000, or \$1,125,000 per year, over the performance period; Ms. Sweeney will be eligible for \$2,550,000, or \$850,000 per year; Mr. Scheurer will be eligible for \$2,115,000, or \$705,000 per year.

Employment will terminate if the term of the agreement expires without written agreement of both parties. The executive has the right to voluntarily terminate employment at any time with 30 days' notice, and in such case, the employee will not receive any severance pay. Among other things, the employment agreements prohibit the solicitation of employees from the Company in the event of an executive's departure for a period of two years.

If employment is terminated with cause, the employee will not receive any severance pay. If employment is terminated without cause during the term of the agreement, the executive shall be entitled to severance pay for a period not to exceed 36 months for Mr. Walton; 30 months for Ms. Sweeney; and 24 months for Mr. Scheurer. Severance pay shall include the continuation of the employee's base salary, and the greater of (a) the average of the annual bonuses paid during the preceding three years, or (b) the amount of the last annual bonus paid to the employee. In addition, the executive shall be entitled to receive any payments under the long-term cash retention award that would have vested and been payable during the severance period. However, stock options would cease to vest during the severance period.

If, within 12 months after a change of control (as defined in the employment agreements) termination of employment occurs either by the executive officer or the Company, the executive officer shall not be entitled to severance pay, but will instead be entitled to lump sum compensation as well as certain other benefits. For Mr. Walton, this lump sum is equal to three years of base salary and bonus (as calculated for severance pay), plus an amount equal to \$5,565,000. For Ms. Sweeney, this lump sum is equal to two and a half years of base salary and bonus, plus an amount equal to \$2,600,000. For Mr. Scheurer, this lump sum is equal to two years of base salary and bonus, plus an amount equal to \$2,350,000. Under the terms of the agreement, the Company would also provide compensation to offset any applicable excise tax penalties imposed on the executive under section 4999 of the IRC code.

CERTAIN TRANSACTIONS

Indebtedness of Management. The following table sets forth certain information regarding indebtedness to the Company in excess of \$60,000 of any person serving as a director or executive officer of the Company and of any nominee for election as a director at any time since January 1, 2000. All of such indebtedness results from loans

made by the Company to enable the exercise of stock options. The interest rates charged generally reflect the applicable federal rate on the date of the loan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, the Company's directors and executive officers, and any persons holding 10% or more of its common stock, are required to report their beneficial ownership and any changes therein to the Commission, the Nasdaq Stock Market and the Company. Specific due dates for those reports have been established, and the Company is required to report herein any failure to file such reports by those due dates. Based on the Company's review of Forms 3, 4 and 5 filed by such persons, the Company believes that during 2000 all Section 16(a) filing requirements applicable to such persons were met in a timely manner, except with respect to certain shares acquired through dividend reinvestment by Ms. Laura van Roijen. Ms. van Roijen acquired a total of 710 shares from 1998 through 2000 through quarterly dividend reinvestment in her IRA account, but inadvertently failed to report such additional holdings in a timely manner. The holding of these shares was reported on a Form 5 in February 2001.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2000. The Audit Committee also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee received and reviewed the written disclosures and the letter from the independent accountants required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the accountants the accountants' independence. The Audit Committee considered whether the provisions of non-financial audit services were compatible with Arthur Andersen LLP's independence in performing financial audit services.

Based on the reviews and discussions referred to above, the Audit Committee recommends to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 for filing with the Commission. The Audit Committee also

recommends the selection of Arthur Andersen LLP to serve as independent

If any matters do come before the Meeting on which action can properly be taken, it is intended that the proxies shall vote in accordance with the judgment of the person or persons exercising the authority conferred by the proxy at the Meeting. EXHIBIT A

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF ALLIED CAPITAL CORPORATION

Adopted by the Board of Directors on May 30, 2000, as amended on February 1, 2001

The Board of Directors ("Board") of Allied Capital Corporation ("Company") has determined that the Audit Committee of the Board shall assist the Board in fulfilling certain of the Board's oversight responsibilities. The Board hereby adopts this charter to establish the governing principles of the Audit Committee ("Committee").

I. PURPOSE

The primary function of the Committee is to serve as an independent and objective party to assist the Board of Directors in fulfilling its oversight responsibilities, except those that are specifically related to the responsibilities of another committee of the Board, by overseeing and monitoring:

1. The quality and objectivity of financial reports and other financial information provided by the Company to any governmental body or the public and the independent audit thereof.
2. The Company's system of internal controls regarding finance, accounting and regulatory compliance.
3. The material aspects of the Company's accounting and financial reporting process generally.
4. The independence and performance of the Company's independent accountants.

The Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section III of this Charter.

II. SCOPE

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in accordance with generally accepted accounting principles ("GAAP"). The responsibility to plan and conduct audits is that of the Company's independent accountants. In fulfilling this responsibility, the independent accountants are ultimately accountable to the Board of Directors of the Company and its Committee. The Company's management has the responsibility to determine that the Company's financial statements are complete and accurate and in accordance with GAAP. It is also not the duty of the Committee to assure the Company's compliance with laws and regulations or compliance with the Company's code of ethics. The primary responsibility for these matters also rests with the Company's management.

In order to fulfill its oversight responsibility to shareholders and the investment community, the Committee must be capable of conducting free and open discussions

A-1

21

with management, independent accountants, employees and others regarding the quality of the financial statements and the system of internal controls.

III. RESPONSIBILITIES AND DUTIES

General Responsibilities

To carry out its purposes, the responsibilities of the Committee shall be as follows:

1. Maintain open communications with the independent accountants, executive management and the Board of Directors.
2. Review the financial results presented in all reports filed with the Securities and Exchange Commission.
3. Review all reports issued by regulatory examinations and consider the results of those reviews to determine if any findings could have a material effect on the Company's financial statements, operations, compliance policies and programs.
4. Review and reassess the adequacy of the Committee's Charter at least annually and recommend any changes to the full Board of Directors.
5. Take any other actions required of the Committee by law, applicable regulations, or as requested by the Board of Directors.

Responsibilities Regarding the Engagement of the Independent Accountants

1. Annually recommend to the Board of Directors the selection of the independent accountants to be engaged to audit the annual financial statements and review the quarterly financial statements of the Company. The Committee will also review fees paid to the independent accountants and review and approve dismissal of the independent accountants.
2. Ensure the independence of the outside accountants by:
 - a. Having the independent accountant deliver to the Committee annually a formal written statement delineating all relationships between the

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

independent accountants and the Company and addressing at least the matters set forth in Independence Standards Board Standard No. 1, actively engaging in dialogue with the independent accountants about any relationships or services disclosed in such statement that may impact the objectivity and independence of the Company's independent accountants.

- b. Taking or recommending that the Board of Directors take appropriate action in response to the above requirement to satisfy itself of the independent accountants' independence.

Responsibilities for Reviewing the Annual External Audit and the Review of Financial Statements

The Committee will:

1. Request the independent accountants to confirm that they are accountable to the Board of Directors and the Committee and that they will provide the

A-2

22

Committee with timely analyses of significant financial reporting and internal control issues.

2. Review with management significant risks and exposures identified by management and management's steps to minimize them.
3. Review the scope of the external audit with the independent accountants.
4. Review with management and the independent accountants:
 - a. The Company's internal controls, including computerized information system controls and security.
 - b. The Company's significant accounting policies.
 - c. The audited annual financial results and, when appropriate, the Company's interim financial results before they are made public.
5. After the completion of the annual audit examination, or as needed throughout the year, discuss with management and the independent accountants:
 - a. The Company's annual financial statements and related footnotes, including any adjustments to such statements recommended by the independent accountants.
 - b. Any significant findings and recommendations made by the independent accountants with respect to the Company's financial policies, procedures and internal accounting controls together with management's responses thereto.
 - c. The qualitative judgments about the appropriateness and acceptability of accounting principles, financial disclosures and underlying estimates.
 - d. Any significant difficulties or disputes with management encountered during the course of the audit.
 - e. Any other matters about the audit procedures or findings that

Edgar Filing: ALLIED CAPITAL CORP - Form DEF 14A

Generally Accepted Accounting Standards ("GAAS") require the auditors to discuss with the Committee.

- f. The form of opinion the independent accountants propose to render to the Board and shareholders.
6. Recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K.
7. Issue for public disclosure by the Company the report required by the rules of the Securities and Exchange Commission.

Reporting Responsibilities

The Committee shall report its conclusions and all actions to the full Board of Directors and make appropriate recommendations as necessary.

A-3

23

IV. COMMITTEE MEMBERSHIP

The Committee shall be comprised of three or more directors as determined by the Board, each of whom:

1. Shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.
2. Shall be or shall become (within a reasonable period of time after his or her appointment) "financially literate," as such qualification is interpreted by the Board of Directors.
