## Edgar Filing: ORTHODONTIC CENTERS OF AMERICA INC /DE/ - Form 425

As previously announced, OCA and OrthAlliance entered into a definitive merger agreement on May 16, 2001, whereby a wholly-owned subsidiary of OCA would merge into OrthAlliance in a stock-for-stock transaction, with OrthAlliance becoming a wholly-owned subsidiary of OCA. OCA and OrthAlliance also subsequently announced that OrthAlliance had received signed amendments to the employment agreements and service or consulting agreements of OrthAlliance affiliated professionals representing more than the minimum threshold amounts specified as a condition to OCA's obligation to close the proposed merger with OrthAlliance.

Bart F. Palmisano, Sr. said, "We focused diligently during the second quarter on meeting with the majority of OrthAlliance's outstanding affiliated orthodontists and pediatric dentists, and we continue to be impressed with their high level of professionalism and commitment to quality. We look forward to welcoming these highly regarded and exceptionally talented professionals to our organization."

Bart F. Palmisano, Sr. continued, "Our proposed merger with OrthAlliance presents an unprecedented strategic opportunity for us. Rest assured, we intend to continue to devote substantial resources to completing this merger and building strong relationships with OrthAlliance's affiliated orthodontists and pediatric dentists. We are excited about our prospects for growth and our continued ability to build shareholder value."

During the second quarter of 2001, the Company affiliated with 2 new orthodontic professionals, and opened 8 new centers. Of the 8 new centers opened, all were newly developed centers.

While patient case starts increased 23.3% over the second quarter of 2000, the dollar amount of those new patient contracts increased by more than 27.3%. We are extremely encouraged about all our growth initiatives and remain confident in our ability to execute our operating strategy soundly. The business discipline that we have exercised to date will continue to serve us well going forward in building long-term shareholder value."
